AG: She was this awful sea monster. Her lair was deep underground amidst a bunch of shipwrecks. She was quite vicious and territorial. I knew I had to kill her quickly to release the hoard, before she had the chance to do anything tricky.

EB: what do you mean, tricky?

EB: did she talk to you?

AG: Oh, of course. She was babbling in riddles through most of the fight. I wasn't paying much attention though. I mean, what creature DOESN'T speak in boring riddles in this game?

EB: so, is that what you all did?

EB: kill your denizens as fast as possible, without listening to them?

AG: Yeah, pretty much. We were all pretty good players, remember?

EB: yes, so i've heard.

AG: Well.....

AG: Ok, I can't exactly speak for everyone. There was a lot going on, and I don't know how some people went about beating their denizens.

AG: For instance, I'm not sure how our hero of breath did it. Maybe the monster just released the hoard for him out of pity???????

EB: maybe he just talked to his denizen?

AG: If there was a way to avoid a tough battle, I'm sure he found it.

AG: It sounds like a good way to cheat yourself out of a lot of sweet xp and loot though.

EB: i dunno. you might be surprised!

AG: John, are you saying you had a nice friendly chat with this hideous, bloodthirsty creature before he killed you?

EB: yes!

EB: typhus may not be pretty to look at...

EB: but he is not a bad guy at all!

pipefan413: It is a fairy tale about a young sister and brother who were raised by a wicked witch!

**[o] ==>**

**17/07/11**

Betty Crocker

sriousbizpipefan413: The witch in truth was a world famous baking baroness. Her cruelty made life miserable for the two children, who did not have their father anymore to protect them.

pipefan413: He was the greatest prankster who ever lived, and a true southern gentleman. He was killed by a comet on the day the boy was born, and the wicked baroness raised them alone, with a hand as firm as that which she ran her brutal baking empire.

pipefan413: The children pledged to each other that one day they would run away together.

pipefan413: They followed in the footsteps of the dear colonel, in defiance of the old batterwitch. They studied his every jape, and practiced them in secret!

pipefan413: But as they grew older, their interests drifted apart. The boy developed a passion for adventure and put aside his study of practical jokes. He dreamed of wealth and fame and discovery and swore he would wander the world.

pipefan413: One day he decided to run away with the loyal dog he inherited from their father. He asked the girl if she would come along, but she was too scared of the retribution that might follow.

pipefan413: The boy scoffed at the danger, and assured his sister there was nothing to worry about. But he had not seen first hand what the baroness was capable of!

pipefan413: He told his sister that he believed in her, and that she could handle whatever the witch could throw at her. And with that, he was off, and she would never see him again.

pipefan413: The baroness would raise her very strictly, mentoring her in the art of baking. The girl took to the lessons with fierce determination. Her only act of defiance left was to one day surpass the baroness in skill, and beat her at her own game. It was all she could do, for the baroness made sure she knew there could be no escape.

pipefan413: The girl surely missed her brother, and soon enough he achieved fame for his exploits. She followed him in the newspapers, the tales of his remarkable discoveries, inventions, and riches. How she wished she could rejoin him, and be free from toiling for the pastry hag!

pipefan413: One day, the girl was able to gather enough bravery to mention her brother to the baroness, and her desire to see him again. With contempt, she guaranteed that this could never happen. When the girl asked why, that is when the baroness began to reveal to her more than just her baking secrets.

pipefan413: She mentioned that like in many fairy tales, there was more to the children's past than they knew. The colonel was not their father, nor was the baroness their mother. They in fact had no father or mother at all, nor were they ever actually born. They had both fallen from the sky! They were not actually brother and sister as they had been told either. Again like in many fairy tales, the truth was that they were always destined to become married one day. They were to have two children, a son and a daughter, and these children were meant to save the world! But the batterwitch was determined to make sure this destiny would never be realized. In her limitless cruelty she would do all in her power to keep them apart for the rest of their lives.

pipefan413: The girl that day swore she would bring down the baroness and her evil empire. She would use the many secrets she'd learned over the years against her, and began carefully plotting her downfall.

pipefan413: Years went by. The girl was nearly ready to put her plan into action. But then, just like that, the baroness disappeared. She was never seen or heard from again.

pipefan413: The girl was finally free, by a strange turn of events. But not without a final jab from the witch. It turned out that in her will she had left the entire company to the boy!

pipefan413: The boy, now a grown man, was already very wealthy in his own right. He had no particular need for the baking empire, but assumed control nonetheless, and integrated the company into his extensive collection of enterprises.

pipefan413: The girl, instead of seeing this as more misfortune, took the news as a relief. She'd just as soon have nothing to do with the witch's empire, and far preferred to pursue her original passion for practical japery. Hoo hoo hoo!

pipefan413: She considered a reunion with her estranged brother, and once destined husband to be. But the days of longing for a future with him seemed to be from another lifetime. The chance had come and gone. She was content to let him live his increasingly elaborate life, while she sought a simpler one.

pipefan413: Besides, now was not the time to revisit a destiny with an old star-crossed lover. She had recently become betrothed to a fine, upstanding gentleman. Soon, she would start a family. No, not one meant for heroism as foretold, but one that would make her happy nonetheless.

pipefan413: In following years, she was left to ponder all that might have been.

pipefan413: What might have been if there had been no baroness to keep the girl and boy apart?

pipefan413: What might have been if the baroness had not disappeared, and she had the opportunity to use her secrets against her!

pipefan413: For you see, the girl had uncovered so many dirty secrets about the terrible batterwitch, including the most troubling one of all.

pipefan413: Of course no one would have believed her, but she knew.

pipefan413: She knew the baroness was not human! :B

pesterlogcarcinoGeneticist [CG] began trolling gardenGnostic [GG]

CG: WHAT THE HELL ARE YOU DOING NOW.

GG: pw.

CG: SERIOUSLY, WHY DID YOU GO BACK TO SEE HER? YOU DIDN'T MENTION THIS LAST TIME.

GG: listen fuckass

GG: i am going to need a password before we continue

GG: plz <3

CG: RIGHT, OK.

CG: LET'S SEE IF I CAN REMEMBER, IT WAS PRETTY ELABORATE IF I RECALL, OK HERE GOES.

CG: I'M A DISGUSTING WORTHLESS BILGESACK ON THE GARGANTUAN TEAT OF A LABORING, LEPROUS MUSCLEBEAST. MY SELF ESTEEM IS SO SMALL, ITS

EXISTENCE IS A MATTER OF CONJECTURE AMONG THEORETICAL PHYSICISTS. I SMELL SO BAD, THE STENCH CANNOT BE EXPRESSED WITH EVEN THE MOST ELOQUENT, FLORID LANGUAGE. THE ODOR MY BODY MAKES HAS MADE POETS CRY. I HAVE WON SPECIAL AWARDS FOR DISCOVERING NEW PLACES TO TOUCH MYSELF EROTICALLY WHILE FARTING. I UNFAIRLY PULVERIZE THE COMPETITION IN ASSHOLE PAGEANTS, AND I HAVE RECEIVED A LIFETIME BAN FROM UGLY CONTESTS BY PRESIDENT SHITFACE HIMSELF. MY BLOOD IS NOT FIT TO FLOW THROUGH A SEWER, AND MY SIGN IS A PICTOGRAPHIC SYMBOL THAT LOOSELY TRANSLATES AS "PLEASE HIKE THESE PANTS UP TO THIS GUY'S ARMPITS, CHAIN HIM TO A FLOGGING JUT, AND MAKE A FUCKING EXAMPLE OUT OF THIS SORRY SACK OF SHIT." WHEN I LOOK IN A MIRROR, MY REFLECTION SLOWLY SHAKES HIS HEAD WHILE I WET MYSELF IN SHAME.

GG: ..... :|

CG: WHAT, THAT WAS IT, WASN'T IT. HOW WAS THAT NOT FUCKING IT, DID I FORGET AN APOSTROPHE SOMEWHERE?

GG: no karkat, that was not quite the password

GG: but you were on the right track :p

CG: CAN WE JUST TALK NOW

GG: do you even remember the right password?

CG: SOMETHING ALONG THE LINES OF GRATUITOUS SELF DEPRECATATION FORCED INTO MY MOUTH, INVOLVING REFERENCE TO SOME KIND OF WEIRD HUMAN COUPLING RITUAL?

GG: youre being deliberately dumb

GG: it was...

GG: IF I HATE MYSELF SO MUCH, THEN WHY DON'T I HATEMARRY MYSELF?

GG: remember?

GG: i was just using the password system to poke a little fun at you, and you turn it into this whole overdramatic thing, jeeeee.

CG: HAHA! WHEE.

CG: CAN WE GET DOWN TO FUCKING BUSINESS AGAIN?

**[o] ==>**

**19/07/11**

HUP!

CONSORT: thip

pesterlogGG: i wonder if we will ever be able to start a conversation without having a ridiculous argument about the password system?

CG: IF YOU WOULD DROP THE PASSWORD SYSTEM AND LET FUTURE ME TALK TO YOU, HE MIGHT BE ABLE TO GIVE YOU AN ANSWER.

CG: SPOILER: THE ANSWER WOULD BE NO, BECAUSE THE PASSWORDS ARE RETARDED.

GG: why would i want to do that??

GG: the only guy whos dumber than past karkat is future karkat, and vice versa!

GG: i have this on good authority from both sources

CG: I STILL THINK YOUR USE OF THE TERMS IS KIND OF ASININE, THERE REALLY IS

NO PAST OR FUTURE KARKAT FROM YOUR VIEW

CG: THERE'S KARKAT WHO KNOWS LESS STUFF AND KARKAT WHO KNOWS MORE STUFF. WHY NOT JUST GATHER THE FACTS FROM THE ONE WHO'S GOT THE LOWDOWN ALREADY?

CG: I MEAN, I'D DO IT MYSELF, BUT I CAN'T STAND THE GUY.

GG: you see, that is your problem

GG: okay, one of your many, many problems...

GG: you have no patience to do things the right way, youre always just looking for the shortcut!

GG: even if doing so has brought you nothing but trouble a hundred times before

GG: it is sort of funny that the only thing standing in your way is one of your other problems, your preposterous self loathing

GG: so you cant even trust your future self to help you cheat!

GG: its like you have so many problems, they cancel each other out

CG: THAT'S NOT THE ONLY THING STANDING IN MY WAY. YOUR STUPID PASSWORDS ARE ALSO STANDING IN MY WAY. IF NOT FOR THAT I COULD BE FAST TRACKING THIS TO SOLUTION CITY FOR US BOTH.

GG: exactly :D

CG: OK, WHATEVER, LET'S JUST GET ON WITH THIS "LINEAR CONVERSATION" OK?

GG: ok

CG: SO YOU GAVE ME THAT SILLY PASSWORD, AND WE ENDED OUR CONVERSATION A FEW MINUTES AGO FROM MY END

CG: AND I SCANNED AHEAD LOOKING FOR A GOOD MOMENT ON YOUR TIMELINE TO PICK IT UP AGAIN

CG: AND I NOTICE YOU WENT BACK TO SEE HER AGAIN FOR SOME REASON

GG: yes

CG: SO I'M JUST WONDERING WHY

CG: WHAT HAPPENED TO THE FROG BREEDING, I THOUGHT WE WERE ON A ROLL WITH THAT

GG: yes, we still are!

GG: this little detour was related to that task. we should be nearly done.

CG: WHAT WAS SHE EVEN SAYING TO YOU, I CAN'T UNDERSTAND A WORD OF THAT HORRIFYING GIBBERISH.

GG: i can understand her just fine!

CG: I STILL DON'T REALLY GET IT.

CG: WHY MY DENIZEN WAS SUCH A NIGHTMARE WHILE YOURS APPARENTLY GIVES YOU GUTTURAL PEP TALKS IN SOME BYZANTINE MONSTER LANGUAGE.

GG: we already talked about this

GG: echidna and i have an understanding now ;)

CG: OOH, VAGUE BULLSHIT, IT'S THE EXACT FUCKING THING I CAN'T GET ENOUGH OF.

GG: well maybe if you werent in such a grumpy hurry all the time you wouldnt have killed your denizen so quickly

GG: you might have actually learned something!!!!!!

CG: HUGE UGLY MONSTERS ARE FOR KILLING, PERIOD.

GG: did you ever talk to kanaya about it?

CG: I DON'T REMEMBER, MAYBE?

CG: I'M A BUSY GUY, JADE. I TALK TO A LOT OF PEOPLE ABOUT A LOT OF STUFF, INCLUDING MYSELF.

GG: her situation was very similar to mine

CG: I THOUGHT SHE KILLED HER DENIZEN TO LIGHT THE FORGE OR SOMETHING

GG: it doesnt sound like you got the whole story

GG: or maybe you just werent listening to her :p

CG: WELL I SURE DON'T THINK IT WAS WHATEVER YOU DID

CG: AND IN ANY CASE I THOUGHT ALL THAT WAS OVER WITH

CG: WHY ARE YOU BACK, WHAT DOES THIS HAVE TO DO WITH FROG BREEDING?

GG: this was kanayas suggestion

CG: KANAYA'S STILL HELPING YOU?

GG: yes!

GG: im talking to her right now actually

CG: OH

CG: I SEE HER ACROSS THE ROOM, SHE'S NOT TALKING TO ANYONE ON A COMPUTER NOW.

GG: durr, of course not, shes from a different time than you genius

CG: WHICH TIME

GG: a few hours in your future!

CG: AH, I SEE HOW IT IS.

CG: YOU WON'T TALK TO FUTURE KARKAT UNTIL I JUMP THROUGH YOUR FUCKING PASSWORD HOOPS AND BECOME HIM EVENTUALLY

CG: BUT YOU'LL TALK TO FUTURE KANAYA JUST LIKE THAT. DOUBLE STANDARD ANYBODY??? JADE SAYS YES PLEASE.

GG: you are so ridiculous, i have kanaya using the same password system as you

GG: she is just a little further ahead on my timeline is all

GG: it would be pretty hard to keep you both synced up!

CG: I THOUGHT YOU DIDN'T WANT SHIT SPOILED FROM THE FUTURE THOUGH.

GG: yeah, from MY future, i dont want you guys telling me the things i do before i do them because you talked to future me!

GG: but knowing a few things about your future doesnt really matter, NOT that i am going to tell you any of it, so dont ask

CG: I THINK I AM ON THE VERGE OF BECOMING A RELIGIOUS PERSON, I JUST DON'T KNOW WHERE ELSE TO TURN TO REMOVE THE AWESOME SUFFERING THAT TROLLIAN'S TEMPORAL CHAT BULLSHIT MIRACULOUSLY CONTINUES TO INFLICT ON ME.

CG: MAYBE THE MIRTHFUL MESSIAHS WILL COME AND TAKE MY PAIN AWAY?? OH YES, THAT SOUNDS HEAVENLY.

CG: JADE, PLEASE EXCUSE ME WHILE I GO PAINT MY FACE TO OUTWARDLY REFLECT THE BEAUTY OF MY INNER AWAKENING, AND DRUB MY THINK PAN MERCILESSLY TO REDUCE MY INTELLIGENCE TO THE LEVEL NECESSARY TO SUSTAIN THESE BELIEFS.

GG: siiign, what are you even talking about?

CG: ARE WE ALMOST DONE CRAFTING THIS "MASTER PLAN"?

CG: I HAVE STUFF TO ATTEND TO HERE. MY TEAM IS FALLING APART.

CG: AND I CAN'T FIND GAMZEE ANYWHERE. I'M WORRIED HE MIGHT HAVE

WANDERED OFF SOMEWHERE AND GOT HURT.

GG: aw

GG: well...

GG: youll find him

CG: I THOUGHT YOU WEREN'T TELLING ME ABOUT MY FUTURE.

GG: i know, i made an exception

GG: but only one!

CG: LET'S MOVE THIS ALONG. JUST UPDATE ME ON THE FROGS, AND GIVE ME A NEW PASSWORD, OK?

GG: kanaya thinks we should all talk about this

GG: she says youre important to consult on the matter, but the you from her time is too busy

CG: BUSY WITH WHAT?

?GG: the frog we need is nowhere to be found in the medium  
?GG: it was on earth!  
?GG: but only very briefly  
?GG: it was when i was young  
?GG: before i woke up on prosnit  
?GG: i had begun sleep walking  
?GG: both on the island and on the moon  
?GG: and in my dream it was very bright

?GG: i couldnt tell what it was so i got closer

?GG: it was a frog!

**[o] ==>**

**22/07/11**

pesterlog?GG: it hopped over to me and i picked it up

?GG: it could do all the walking while i stayed safe in bed!

?GG: it could also record my dreams

?GG: i am sure he always knew my dreams were going to be special

?GG: i suspect he knew it before i was even born

**[o] ==>**

pesterlogPCG: OK GREAT, SO IT'S THERE ON THE MONITOR, PROBLEM SOLVED

PCG: YOU JUST APPEARIFY ITS GHOST IMPRINT, MIX IT WITH YOUR CURRENT EVOLUTION'S PARADOX SLIME, SMOOTH OUT THE GENETIC WAVEFORM, TADPOLIFY BILIOUS SLICK, AND YOU'RE DONE.

?GG: hopefully!

PCG: SO YOU DIDN'T REMEMBER SEEING THIS FROG WHEN YOU WERE A KID AT ALL?

?GG: no, it completely slipped my mind

PCG: HOW DID SHE GET YOU TO REMEMBER?

PCG: I MEAN, WHAT DID SHE MAKE YOU AGREE TO?

?GG: well, like it was before

?GG: the choices she gives you seem to have to do with facing mortality

?GG: and making it clear if you choose one path over another it will lead to your death

?GG: and that your death may even be necessary to accomplish a goal

FGA: Yes Ive Inferred Their Ultimata Are All Personalized Variations On The Presentation Of Such Dilemmas

?GG: yeah

?GG: but

?GG: that is not really what made this hard

?GG: i mean

?GG: nobody wants to die of course

?GG: but at least...

?GG: that is a clear thing

?GG: you either do you you dont

?GG: you know?

PCG: YOU SAID WHAT SHE ASKED WAS IMPOSSIBLE.

?GG: it might be  
FGA: What Were Her Demands  
?GG: she said  
?GG: that if i accepted her help  
?GG: that i would have to make a promise  
?GG: that whenever we left this place  
?GG: and wherever we end up going  
?GG: she had to come  
PCG: HUH?  
?GG: not just echidna but all the denizens  
?GG: their palaces their consorts their lands...  
?GG: everything  
?GG: i have to bring them all with us

MsPaint: !

It is a tale to remind her of the sacrifice she must make. One serving to remind all of her people of the sacrifice once made by long forgotten heroes in a discarded reality. It is of this sacrifice the Sufferer died to speak the truth, and it is his tale I will tell you now.

**[o] ==>**

**11/08/11**

Once, in this very universe, you could say, Alternia was home to a peaceful race. Trollkind had never known the corrupting influence in their evolution which led them to perpetual war and violence.

That is to say, they had never known me.

As was true of the bellicose world we know, there came to be twelve heroes on this peaceful planet. These heroes too had twelve ancestors whose fortunes were entwined with theirs. These twenty-four figures of legend were not of this world but sent from the sky, delivered from a reality not yet conceived.

On the eve of their race's extinction, the twelve heroes would begin playing a game. They would make an admirable effort, but they would fail. Their civilization had not prepared them for the

rigors of this game, and the ultimate reward would fall shy of their grasp. But their failure was more comprehensive, more systemic, than a result of simple inadequacy so common to young players of this game. Though they could not recognize it for the bad omen it was, this session was not the one in which they had been spawned. Such is the symptom of a subtle glitch affecting certain sessions, an error designed to trigger an unfathomable cascade of misfortune throughout paradox space. This glitch is the calling card of the one I serve. It is the discreet, gentlemanly manner in which he reserves his place in a universe for later visitation.

The heroes, understanding their defeat was absolute, sought advice from the mother of all monsters. She offered them a choice. The heroes could either accept their defeat along with the extinction of their race, and put no others at risk. Or, she could show them a path to a second chance, to a reality in which the chosen heroes of their race would be strong enough to succeed with ease, and claim the reward. This reset would come at the cost of wiping the failed heroes from existence. They would live new lives from scratch, playing different roles in the reset reality, with no memory of the game they played or the choice they made.

The heroes chose to accept this bargain, and scratched their session. In doing so they jumpstarted the reality in which the twenty-four figures of legend would together be created - and I as well - and then sent back in time to take our places in history. Though I was delivered well before history even began, before the dawning of life on their planet. This time around, I would oversee its development, and thus fulfill the mother's promise of an aggressive, ruthlessly prepared group of heroes. One that would not rest until victory was secured.

The young twenty-four would again be scattered in two groups, twelve modern contemporaries, and twelve ancients. But in addition to losing their memories of everything that had happened before the scratch, there was another catch for the failed heroes. In the new reality, they would not serve as the heroes. They would mature to become the ancestors of the twelve they formerly regarded as theirs, and this twelve would be chosen for glory. These children would be the heroes to achieve victory, and have the reward easily within reach.

Of course this promise was fulfilled to the letter, as you have seen. The entire bargain was executed without a single hitch, as those authorized by my master always are. There was however one minor anomaly. One of the failed heroes, in his new life as an ancient on this now brutal planet, began to remember. This is his story.

This is the story of the Signless.

**[o] ==>**

**12/08/11**

Few ever knew the Sufferer's given name, presuming quite reasonably he had none, and he came to be called Signless. Unlike his peers distributed elsewhere in history, he was not given a sign at a young age. Alas, there were no signs reserved for one of his mutant blood. His genetic deviation from the social order made him a pariah, forcing him to wander the world alone for many sweeps, concealing the color of his blood to avoid certain execution.

But it may also have been due to his mutation that he began to have the visions. Spontaneous, lucid imagery of his world in peace, before its fall. He would never see the complete picture, or fully understand his previous incarnation's role in prompting this fall, or know of my hand in it. But the visions showed him all he needed to see. They held the promise of his people's true potential, beneath the ages of conditioned cruelty. They held the spark of revolution.

In time, the visions gave purpose to his travels. He would preach heretical ideas no one else had dared to entertain, let alone risk discussing. He espoused the virtues of forgiveness, compassion, and equality among all bloodlines. He distributed his message intelligently, careful to preach only to those receptive, never attracting unwelcome attention. But his growing movement could go unnoticed by the authorities for only so long.

The highbloods were livid over the unprecedented heresy, and soon, a massive sectarian war followed, spreading across the planet and throughout the galaxy. The conflict was lopsided of course, with the Highbloods given full support from the Condesce and her sea dwellers. Inevitably, the Signless would be captured, and when he was, it was not a matter of whether he would be put to the irons, but how hot they would be if he failed to recant.

**[o] ==>**

**12/08/11**

During his penance, it was said the Sufferer's compassion for his people underwent a divine transformation, into limitless, burning rage. It burned hotter than the irons shackling him to the imperial flogging jut, and redder than the blood soaking his Righteous Leggings. When he was finally killed, his anger rung through the cosmos with his last breath. This Vast Expletive was his final sermon, and somewhere encoded in its wavelengths was the truth in his teachings, waiting to reveal itself to any who would inherit his burden.

**[o] ==>**

**12/08/11**

Alt Text!

BOOYEAH

His teachings would also persist through surviving disciples, but in hushed tones. His following would dwindle to an obscure cult facing persecution for centuries. After his execution, the body was burned leaving only his irons. They cooled in the ash, as if his anger itself was subsiding, and his followers appropriated their shapes in defiance of the Highbloods. The symbols became the sign of the Signless, always shown as colorless as the cold iron, to conceal the stigma of his hue. This was as much a reminder to his followers to remain hidden as it was of the Sufferer's sacrifice, and his rage hidden like heat in the iron, one day to be reignited by another of his bloodline.

The Sufferer preached that after he passed, another Signless would come, heralding the end times for their planet. The Second Signless would continue his work, and lead his people to glory beyond this realm. The followers kept his teachings alive for ages, even as the uproar surrounding the movement subsided. By modern times, the Sufferer's scripture was little more than ancient superstition all but forgotten. Hardly the anathema of old. But the followers had already made their

preparations in the shadows, and when the Second Signless finally came he would have a lusus to raise him and a sign to his name.

**[o] ==>**

**13/08/11**

No really, hover your mouse over the banner, like this.

... the FUCK?

The Sufferer required a less conventional upbringing to reach maturity. As a young grub, he landed in the brooding caverns where he would be expected to face his trials. But due to his mutation, surely no lusus would select him. No creature sympathetic to his scent had been bred yet. His odds for survival would have been remote, if not for a chance encounter.

The Dolorosa belonged to the rare class assigned strictly to serving the mother grub in the caverns, forbidden from visiting the surface. While on an errand, she found the young Sufferer in his crater and immediately recognized the child as special, as well as in great danger. For an adult troll to raise a child was unthinkable, but she saw no other hope for him. The Dolorosa abandoned her duties in the caverns, and fled to the surface to raise him.

In time, she would become the first follower of his teachings, and the first of his inner circle. But not his closest.

**[o] ==>**

**13/08/11**

Oh hell no. He's talking about ancestors, isn't he.

Surrounding him on his rise to infamy and throughout the rebellion were the most trusted elites among his devoted. The psiioniic was a mage of unequalled telekinetic ability, who upon hearing the words of the Sufferer was inspired to free himself from the sort of slavery typical of his mentally gifted class.

But his most devoted of all was his Disciple. She listened to every vision he retold, every lesson he preached, and faithfully recorded his scripture. Her ear was open to him always, and in time, his heart opened to her. To spread his message throughout the world they took to the seas in the vessel of legend known as the First Ship. It was said their love went beyond the four quadrants, transcending the grid entirely. Whatever that nonsense actually means.

**[o] ==>**

**13/08/11**

He's keeping little girls locked up in weird rooms, and rambling about troll ancestors. I just know it.

The Disciple was to be killed along with him. But at the last moment, the E%ecutor inexplicably took pity on her, and allowed her to escape. She absconded with the Leggings, which remained the only physical evidence of his holy suffering. She hid in caves for many sweeps, transcribing all of his scripture from memory on the walls in the blood of slain creatures, and lived the rest of her days in monastic savagery. Her dedication would be critical to the persistence of his message.

But the Dolorosa was less fortunate, and was sold into slavery. She spent the rest of her life as property of vicious sea dwellers. As for the psiioniic, he was enlisted in a far worse, if more prestigious service.

He was forced to serve as the Helmsman for Her Condescension's imperial battleship. She grew so enamored of her Helmsman and his power, she would use her touch to extend his lifespan to match her own.

Together they explored the stars for thousands of years. Due to the speed of her ship, she would personally expand the boundaries of her empire, typically being the first to greet new races before conquering them.

I bet he's behind this door. YOU HEAR ME SCRATCH, THE JIG IS UP.

After making first contact, occasions which she generally kept cordial, she would move on to new territory while a division of her fleet set a course for the unfortunate civilization, and proceeded to tear it apart. It could be any of the lethal brigades under her command to receive the orders, be it the Threshexecutioners, Cavalreapers, Laughsassins, or Ruffiannihilators. Each was notoriously cruel in its own way, and each carried out orders with absolute loyalty. Because while the Condesce could extend a single life on her whim, she could just as casually cut short that of millions.

**[o] ==>**

**15/08/11**

Ah-ha! Caught red handed, you bastard. You stop clogging up my story with your troll fanfiction this  
instaAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAH

If angered, she could simply express her grievance through communion with her ancient lusus of the deep, and turn its psychic devastation on her multitudes. The class hierarchy played into her hands politically in this respect. Killing off a haphazard swathe of the population, or an entire class, was suitable as a measure of last resort, but mass extermination does not lend itself well to practical governance. Its looming threat however is quite effective, especially while her empire was partitioned neatly into blood castes. She could use her leverage to delegate oppression to the subjugglators, whose unique abilities and exceptional brutality made them natural enforcers. They too would delegate in their governance, exploiting the pride and loyalty of dangerous bluebloods

beneath them, and so on down the hemospectrum, until the enslavement of the common castes was inescapable, in spite of their genetic gifts and strength in numbers. As a self-governing body, the land dwelling portion of her empire was formidable. But her force of sea dwellers was equally formidable, and the two were kept in check not only with the threat of psychic annihilation, but their mutual hatred and distrust.

The only threat to her power was unification through uprising, a possibility made remote once she fully decentralized the race from the homeworld. She scattered all but the children throughout the galaxy after the most recent rebellion led by the Summoner. Upon doing so, she became so comfortable with her grip on power, she risked venturing deeper into space than ever before to grow her empire.

But the more space she put between herself and Gl'bgolyb, the more she risked weakening her bond with the monster. The bond she and her successor shared with it exclusively could sway, and become strengthened with the younger. Perhaps she grew complacent with the threat successors posed, after such a long history of killing them with ease. Heiresses upon reaching maturity were expected to challenge the Condesce for the throne. It was not merely expected of them by their people, but demanded by their shared lusus.

I like to think of her as the pet I gave to their race, at the dawning of their species' evolution. Like a sentience-warming gift. Again, it's just the sort of thing a good host does.

| That was not the right door. |

If the lapse in her custodial bond was significant enough, it was not just political power she risked. At such a distance, she sacrificed concentration needed to curb its most dreadful psychic shriek of all, the galaxy-wide extinction event called the Vast Glub.

Of course this eventuality proved a fitting reward for such reckless expansion of her territory. She chose the worst time possible to explore further from the homeworld than she'd ever been. She was scouring the edge of the galaxy for systems to plunder when she received word of her planet's devastation by meteors. The young were being slaughtered. The mother grub was dead. The end times were upon her people.

She ordered all fleets to return to Alternia. But such was her empire's expansion and interplanetary occupation, few could make it in time to provide any meaningful defense. She instructed her Helmsman to pilot the ship faster than he ever had, and he did so through extreme physical duress. He was able to leap across thousands of light years in a matter of hours. The exertion likely would have killed him, if the Glub didn't get to him first. Her touch could extend life, but never restore it, to her lament.

In that instant, her empire was gone. Gl'bgolyb's swan song wiped out her entire race, save the Condesce and her lone heiress, leaving the empire nothing more than a galactic necropolis of floating tombs.

[o] ==>

15/08/11

This looks like the right place. The hallway is all round and shit. Just like his big stupid head.

She was forced to continue the journey home on auxiliary power. Her ship now travels near the speed of light, a pale shadow of its former velocity. It would take her another 612 solar sweeps after the Glub to reach her destination.

She should arrive any minute now. When she does, she will find nothing but ruins and dust. If she cared to look closer, she would find a city of slain exiles, a man on the moon, and a pair of black lovers locked in a deadly dance. But whether she looks or not, one thing will find her with certainty.

A new employment opportunity.

Anyway, the last of the twelve ancestors arrived a bit late. In fact, she would cross through her portal six centuries after the descendants had come and gone. There weren't many left to look after her, so she ended up in foster care.

I remember it like it was yesterday. And for one who has as much time on his hands as I, it essentially was.

I would raise the girl to be groomed for her calling. My lessons would emphasize obedience, mastery of the clockwork majyyks, and being locked in a room.

As you must have gathered by now, my employer will enter this universe quite soon. I will then relinquish my custody to him, and she will serve as his Handmaid for an eternity to be specified. As you must have also gathered, she has already done so. Though her most common of blood should have let her expire in just a dozen or two sweeps, his curse kept her very much alive.

And she did not intend to stay that way.

Oh my god how can these possibly be so delicious???

His curse is one of conditional mortality, with the desired outcome contingent on her service. When I release her, she will take her place at his side, and travel through time to carry out his orders.

While I am his weapon of subtlety and precision, the Handmaid is strictly an apparatus of terror and suffering. We have both paved the road to his arrival, I in my way and she in hers. She would be present during every watershed moment in her civilization's development. Her recurrence in history would earn her the reputation of a demoness, more feared than even her master, a man though dreadful rarely makes himself seen. She stirred up class warfare and intensified bigotry in whatever era she haunted. She made sure the descendents would enter a world which prepared them well for the game, and took measures to see that they would play as they did.

But once they entered and their world was in ashes, her work was nearly complete. Now, six centuries later, she would be given one last order to follow before her curse was lifted.

A simple recruitment job.

The Handmaid will enlist the Condesce, extending the same bargain once offered to her. Their payment will be mutually dealt in the currency of punishment and reward at once. Tick. Tock. Tick. Tock. Tick. Tock. My heartbeat falls in rhythm with the clock as I draw close to my prey. I leave nothing to chance, for you see it is the most dangerous prey of all, a four foot tall asshole in suspenders who won't shut up. Wait for it, Hussie. Wait for it...

And so, my dear, that is the inspiring tale of your people, and why you should feel rather privileged to be in the position for which I have groomed you meticulously. Are you not grateful? Yes, surely you are, and it warms the soft fluffy material in my chest to know this. What is it? What are you looking at over there?

Ah, of course. The clock. I can see you have a good eye for a fine timepiece. Your exemplary taste is certainly owed to a quality upbringing. Perhaps you wish to know the history of the clock, and how I came to possess it? Yes, I can see the sparkle of curiosity in your eye. It's a marvelous tale, one almost as long as it is verbosely told. Where do I even begin...

SBURB ALPHA

A young lady stands in her bedroom. It just so happens that today, the 11th of November, 2011, is the date scheduled for the launch of a highly exclusive playtesting experience for a much anticipated game. The young lady is expecting to find this game in her mailbox today. She is expecting the game to be enclosed in a pair of envelopes, and printed on these envelopes, she is expecting to find her name!

What do you suppose the name on the envelopes will be?

## **Enter name.**

**11/11/11**

JANE CROCKER

You cannot enter her name!!! It was already engraved in her HONORARY PLACRONYM on her 13th birthday, which was about two and a half years ago, and has been sitting here neatly on the bookshelf ever since. Attempting to engrave it with another name after completing this sacred rite of passage is practically unheard of, and is a gesture nearly as offensive as it would be if you tried to name her something dumb like Barnstench Fartface. Luckily she is not the sort to hold a grudge, and she will let it slide this time. As long as you hurry up and get her big day started!

## **Examine room.**

**11/11/11**

Your name is JANE. As was previously mentioned, you are poised for an ELITE OPPORTUNITY to test the SBURB ALPHA. It is so elite in fact, you are the only of your kind invited to playtest! Though you guess that probably comes with the territory of being the HEIRESS APPARENT TO A BAKED GOODS EMPIRE. You don't suppose it hurts that you are said empire's NUMBER ONE FANGIRL, either! It should come as no surprise that you enjoy BAKING, but you also adore reading DETECTIVE STORIES. You fancy yourself a SKILLED PRANKSTRESS, if by no other measure than lineage. Though at times you feel it's tough to fill those shoes when you are SURROUNDED BY JOKERS. Seriously, the shenanigans perpetrated by your pals make your old school japes feel KIND OF PEDESTRIAN SOMETIMES, but oh well, you love them all anyway. You once dabbled in AMATEUR BOTANY but found it TOO FRUSTRATING, because your VEGETABLES KEPT DISAP-actually you know what, you DON'T WANT TO TALK ABOUT IT. You love SITUATION COMEDIES, whilst holding particular affection for MUSTACHIOED FUNNYMEN. You know, your FOXWORTHIES, your FUNKES, your SWANSONS, but not necessarily your GALLAGHERS PER SE, because you have to draw the fucking line somewhere. You are also pleased to contemplate FRIGHTENING FAUNA, though saddened by their regrettable FAKENESS ATTRIBUTE.

But none of that's on your mind now, because you are PSYCHED about this SPECIAL DATE, 11.11.11, i.e. 2X3PRONG DAY (WHATEVER THAT MEANS), a date exhibiting just the sort of

numerical gimmick corporations love to exploit for their big releases, or for launching MAJOR REBRANDING INITIATIVES. In the case of your CHERISHED MULTIGLOBAL EMPIRE, both such events are slated to happen today. You can't wait to see what is in store, and for the mail to come. When it does, you will waste no time in embarking on the game's MAIDEN VOYAGE, and if even a fraction of what you've heard turns out to be true, you are prepared to have the time of your LIFE!!!

What will you do?

**Jane: Quickly retrieve arms from chest.**

**11/11/11**

JAKE ENGLISH

Once again, you make the incalculable blunder of attempting to engrave an already allocated placronym. His name was etched when he turned 13 too, almost 3 years ago. It's been sitting here messily in this UNBELIEVABLY DEADLY PILE OF GUNS ever since. What sort of vulgar, childish moniker were you going to stick this poor bastard with? Barfbreath Turdsmirk? It doesn't even matter. Just tell him what to do!

**Examine room.**

**11/11/11**

\* lots of posters but from too far out to read all their words clearly - details in other panels

Your name is JAKE. You love movies. ALL MOVIES. You would describe your taste in film as ECLECTIC, but in truth, it isn't much less than TOTALLY INDISCRIMINATE. You bluster frequently of exuberance for FIREARMS and FISTICUFFS and ADVENTURE, though have no human company with which to share these interests. But who needs chums, when you can enjoy a

top notch gander of your GALS OF CERULEAN COMPLEXION, HUBBA HUBBA. You're known to be found with your nose in a COMIC BOOK OR TWO, not that it makes you a nerd or anything, like you even CARE about that! Not a gent of your PANACHE AND SWAGGER, qualities which you would BANDY WITH APLOMB on your globe-spanning adventures, HYPOTHETICALLY SPEAKING. You would love to travel around the world, toppling any SACRED URNS you encountered. You'd be tickled by the opportunity to defile HALLOWED TOMBS everywhere, raiding them of their treasures. And how you'd give your RIGHT LEG for a shot at desecrating THE SHIT out of some real life MYSTIC RUINS for their byzantine wares. Luckily for your limb, there is a dandy set of such ruins nearby, and you desecrate them quite frequently! You are also troubled to contemplate FRIGHTENING FAUNA, and plagued daily by their regrettable REALNESS ATTRIBUTE.

What else? You sure like to WRESTLE. Did you mention FISTICUFFS yet? You know, SCRUMS AND WHATNOT. Also, SKULLS. Gosh you love SKULLS. There is a good SKULL at the heart of any mystery, haunting its EVERY PAGE. That is what you always say. Or at least, it is what you always HOPE.

What will you do?

**Jake: Retrieve arms from floor, post-haste!**

**11/11/11**

|------------------------|
| CHOOSE YOUR CHARACTER! |
|------------------------|

You make a dutiful motion toward your TRUSTY FIREARMS, doing your part to assail the mushy carcass of a horse that passed away long ago, when suddenly a WILD CHARACTER-SELECT SCREEN APPROACHES!!!!!!!!!!

You really feel like you are in the driver's seat now. You can basically take this story LITERALLY ANYWHERE, as long as you don't pick one of those shadowy characters, and as long as the panels are actually finished being drawn. It is like this whole panoramic cornucopia of limitless possibility sprawling before your very eyes.

Who do you want to be?

**Be Jane.**

**11/11/11**

You are suddenly Jane again. What was it you were up to? Oh right, this game. You're excited about that!

Earlier this morning you thought you heard the mail truck, even though the mail never comes in the morning. But just to be sure, you rushed downstairs to check, even though due to recent events, you are FORBIDDEN FROM LEAVING THE HOUSE. Alas, it was not there, and you sort of spaced out at the sky with a goofy grin on your face for no great reason, and then you were caught red handed by your guardian. Then you got in trouble.

You think you might be grounded now? Whatever, DAD!

## Jane: Examine fetch modus.

12/11/11

fetch modus

recipe

It's your RECIPE MODUS, an extremely handy little inventory widget your DAD got for you for your birthday a couple years ago. He can be a real hard-ass sometimes (not really), but he sure knows how to spoil his little girl.

## Jane: Captchalogue it!

12/11/11

fetch modus

recipe

⬡ 11

You stick the RECIPE MODUS in your... uh... RECIPE MODUS!

You flip the card over and look at the back. The thing about this modus you think is really cool is that instead of showing a completely useless wobbly garbled code on the back, it itemizes the components which could be used to create it! In a completely hypothetical framework, of course.

Just another wonderful innovation by your favorite company. It releases many products of an experimental nature, often with applicability to other kinds of technology and products which haven't hit the market yet. Of course, as the heiress, you are privy to all the sweetest gear in advance. Maybe you'll rummage through some of that stuff later.

The modus as a captchalogued object has only one simple recipe, involving an ARRAY MODUS (snore!) and a COOK BOOK (yesss!) Other objects have more varied and elaborate recipes though.

## Jane: Get hat.

12/11/11

⬡ 1

⬡ 25 ⬡ 5 □ 1

▽ 100,000,000,000,000

You captchalogue your FAVORITE HAT, which is also your ONLY HAT. You spent basically your ENTIRE CHILDHOOD in this hat, pretending to be hard boiled detectives and whatnot. In public, you and your DAD made quite the pair. Everyone could tell by a glance that you were your father's daughter, sired from his loins directly and genetically, through what was undoubtedly a natural process of human procreation involving a man and a woman. People would definitely nod and say, "Yep, that little lady sure did emerge from a womb on account of *that* gentleman's awesome virility."

As you can see, there are loads of ways to cook up a hat like this, involving many stupid combinations of random objects.

## **Jane: Inspect posters.**

12/11/11

♡ !!!!  
Jeff Foxworthy

It's one of your funnymen pinups, a glorious FOXWORTHY. It's one interest that overlaps with your DAD'S. He thinks his corny redneck shtick is just the funniest thing since sliced bread, that was sliced by a hilarious clown with a laugh knife. Honestly, you don't care much for his comedy though. Dealing the low income bucolic classes affectionate sass ad nauseum isn't what you'd call your cup of tea. You just think he's really handsome. Every time he starts rattling off pointers on how to self-diagnose bumpkinhood, you just get lost in that pair of blue twinklers and those soft auburn lipbristles. You were so shy when you got the poster autographed. If only you felt WORTHY of *that* FOX, heh heh.

Oh and there's one of your PROBLEM SLEUTH posters. You've got a lot of Problem Sleuth stuff, because you think detective stories are just so swell. This was the last panel in the first story, which ended a little before your 13th birthday. Since then, the author has been steadily updating PROBLEM SLEUTH 2, which you have been following avidly. You are happy that he stayed in that lane, and stuck with a time-tested formula. If he went in a different direction, you probably would have found it really disappointing.

## **Jane: Check out other posters.**

12/11/11

♡ :B ♡  
♡ :B ♡

Another Sleuth poster of course, with two of your favorite dames ever.

The TOBIAS and the MANHATTAN were gifts for your 14th birthday, sent to you by your good buddy Jake. Just a couple of PERIWINKLE HEARTHROBS unquestionably sent in playful retaliation for the ribbing you've given him over the years for his inexplicable infatuation with his phthalo femmes. So he made a couple of coy recommendations for objects of your attraction, and you have hung his COBALT BEEFCAKES here since. He was pretty spot on with the blue Funke, to be honest, since that's like the best show ever. Mr. Cross can blue himself *any time*, as far as you are concerned. But the Manhattan... not so much. Comics aren't really your thing. But you hung it up anyway because that's the sort of thing you do in a mildly escalating feud of passive-aggressive one-upsmanship. You *own* it. But you felt kind of weird about having his BLUE MUTANT PENIS dangle over your head while you sleep, so you covered it up with something even more obscene, some sort of revolting TROLL HOWIE MANDEL, also gifted to you by Jake. Good lord does that kid have some spotty tastes.

There is also your magnificent SWANSON. Ron Swanson is the PERFECT MAN. You have tried to order all of the bacon and eggs in a restaurant on several occasions. But your dad never lets the order go beyond the joke level. What a fuddyduddy.

## **Jane: Take spoon.**

**12/11/11**

strife specibus

sylladex :: strife deck

spoonkind

You tuck your trusty JUNIOR BATTERMASTER'S BOWLBUSTER STIRRING SOLUTION 50000 into your strife deck, allocated with the ever martially-pragmatic SPOONKIND. You wouldn't have it any other way!

You love your fancy spoon. It has several million recipes stored in it, and walks you through each step with a soothing female robot voice, just like in science fiction. Some urban legends say that the device also broadcasts subliminal messages distributing OMINOUS CROCKERCORP PROPAGANDA, but you don't put any stock in that sort of baloney for a second.

There is one switch on it that doesn't seem to do anything. Maybe yours is defective? Still, it's perfectly serviceable, and has assisted you in whipping many a cake into delicious submission.

## **Jane: Examine bunnies.**

**12/11/11**

These customized bunnies were gifts to you on your 13th birthday, from two of your friends. Both were heirlooms passed down to them, and they decided to coordinate gift ideas and send you dressed up versions of their beloved childhood toys. You like to think he was shooting for a detective bunny with the one on the left, but you know realistically it was probably an Indiana Jones bunny more in line with his interests than yours, especially since it came with a little whip you have since misplaced. The bunny used to belong to his GRANDMA. The other one used to belong to your friend's MOM, and she dressed it as a wizard, which was also unapologetically more representative of her interests than yours. That's ok though, you loved the gesture anyway, and you and she are totally BFFSIES 4EVERZ, her words. And you agree with them!

You did get one more bunny from your other pal. He had to make it himself from scratch, since for some ridiculous reason he didn't happen to have a ratty old bunny heirloom lying around. His gift was... somewhat less innocuous. You have no idea where it is though. Probably just as well.

If the mail arrives soon, this would be a great opportunity to sneak out and get it! Fingers crossed.

GT: Jane!

GT: Forgive my botherations. I know this is meant to be a spanking ripsnorter of a day for you and all.

GT: But do you happen to know where the devilfucking dickens mr strider might be?

GG: Oh, that's fine!

GG: I had been meaning to message you sooner actually, but I suppose in all the hubbub today, it plumb slipped my mind.

GG: Which is a shocking fact on its lonesome, considering what I have to tell you!

GT: Egad...

GT: \*Loosens collar a bit.\*

GG: As for this Strider business, hrmmm. He's an elusive guy Jake. You know that.

GG: I talked to him yesterday. That's as much help as I can be!

GT: Shoot.

GT: I really need to ask him something but hes got his blasted auto responder turned on.

GG: Hoo hoo.

GG: I love that thing. :B

GT: He wouldnt be pleased to hear you say that.

GG: What do you need with him?

GG: Does this have to do with your crazy pen pal project?

GT: It most certainly does and time is of the essence!

GT: Today is the day i have to finish it and send it. Not a day later!

GT: So you see why i am feeling really friggin discombobulated at the moment.

GG: Sorry, J. :(

GG: This would be the birthday present... for your grandmother?

GT: No!

GT: It is for your grandfather simply to be \*relayed\* to him by my grandmother. A joint gift to him from she and i.

GG: Her and me.

GT: What? Who and you now?

GG: "A joint gift from her and me." Grammar, Jake!

GT: Oh for frigs flipping sake jane this is no time for your prudish pedantry! Leave your bookish malarkey in a dusty old library somewhere. I have an adventure to get on with!

GG: So if I have this straight, the big thing hogging up your plate today is not this marvelous new game which I have invited you to play with me, but finishing a robotic rabbit to give to my dead poppop?

GT: Bingo. \*double pistols and a wink\*

GG: You are a very strange and silly boy.

GT: Please jane we have addressed this.

GT: I am sending the gift back in time to when they are both alive and about our age.

GT: Or...

GT: Something like that. Something funny is going on here that i have not fully grappled yet but dag nab it if im not gonna see it through.

GG: Well,

GG: Godspeed, then! I do hope you can pull it off.

GT: Are you being fresh with me now?

GG: No!!

GT: Look jane i know youve never believed me and you think everything i say is some big cockamamie goofoff but i think today of all days is when you should start taking some things more seriously.

GT: Especially since i have always had your back. I have always believed in you!

GG: Hey! I have believed in you too.

GG: However, believing somebody isn't the same thing as believing IN somebody.

GG: But that much said...

GG: I think that maybe I am getting ready to believe some of the wild stories I've heard?

GG: Or, if not believe outright, reserve judgment on, at least.

GT: Is that so!

GG: I don't know!

GG: I'm still not sure what to think. But what I wanted to tell you this morning was...

GG: I had a really wild dream last night.

GG: And you were in it.

GT: Oh my. \*glasses fog up. fumbles for kerchief.\*

GG: Sh! Not like that.

GG: It was so real! I think we were in the game, even though we haven't started playing yet.

GG: I don't know what to make of it. Whether it was a vision of the future, or somewhere that exists now, or if it was just a really lucid dream due to excitement.

GT: What was i doing there?

GG: Um...

GG: Not a heck of a lot!

GG: I really want to tell you all about it, but it will take some time to explain, and we both have things to attend to.

GG: You with your time traveling rabbitwork, and I, my vigilant window gazing!

GT: Too true.

GT: Let us reconvene later and sort out all this shit at a leisurely pace.

GG: Yes, ok, good luck Jake!

Hold the phone. 11:10... you almost forgot! One minute until the empire's REBRANDING launch. You wonder if it will live up to the hype? Guess you'll find out.

### **Jane: Wait a minute.**

**14/11/11**

You ride out another 60 seconds and... huh? Something happened to your BAKING CHEST. Did the logo just change?

You wonder what else may have been affected.

### **Jane: Look around.**

**14/11/11**

ALPHA

Yep. This one changed too. CrockerCorp is nothing if not thorough with its branding tactics.

You *guess* it's pretty cool? It's just a fork instead of a spoon. Not the most awe inspiring logo you've ever seen, but who are you to judge? Aside from the future owner of the company.

(You make a mental note that when you turn 18 and inherit the company you will change it back to a spoon, you love the spoon.)

### **Jane: Examine bowlbuster.**

**14/11/11**

, , ,

Sure enough, the JUNIOR BATTERMASTER'S BOWLBUSTER STIRRING SOLUTION 50000 has been affected too, along with your specibus.

### **Jane: Try flipping switch.**

**14/11/11**

strife specibus

You try the broken switch again. Hey look, it does something now, toggling your trusty bowlbuster between a STIRRING SOLUTION and a POKING SOLUTION. Neat!

### **Jane: Back to the window!**

**15/11/11**

Nope, still nothing. You surely would have heard the truck pull up. You guess the empire wasn't able to coordinate the mail with its rebranding. Maybe the U.S. Postal Service is the one thing it doesn't have its gnarled claws in yet? (Another mental note: sink gnarled claws into post office when you take over.)

### **Jane: Open chest.**

GG: Gosh! So formal today.

UU: yes. u\_u;

UU: i'm afraid i am gUilty of rehearsing this pep talk well in advance.

UU: i thoUght yoU deserved a proper sendoff.

GG: D'aww.

UU: well then?

UU: is there nothing i can do?

UU: it was a serioUs qUestion. :u

GG: You needn't worry about easing my nerves.

GG: If it weren't for you, I wouldn't be nearly as thrilled about today as I am!

UU: splendid! ^u^

UU: bUt remember i will be here to help, whilst refraining from caUsal spoilers to the best of my ability.

GG: That is reassuring!

UU: have yoU corresponded with yoUr first designated co-player yet?

GG: No, I haven't seen her online yet today.

GG: I'm really hoping Lalonde won't flake out on me this time. Have you heard from her?

UU: not the today that is local to yoU.

UU: thoUgh i do have a wee bit more troUble monitoring her than the rest of yoU. cUrIoUs dark patches in transmission, hUmph.

UU: still, i woUldn't fret over it. she is as good a chUm as any yoU have and shoUld come throUgh Ultimately, even if things seem dire.

GG: If you say so.

GG: Oh!

GG: I wanted to tell you, I had an amazing dream last night!

UU: blimey! :U

GG: I believe it may have been of the sort you described. A dream of awakening, presuming I haven't just flatout lost my marbles.

UU: indeed, im sUre it was. i knew yoU woUld wake Up soon!

UU: might yoU describe what yoU saw?

GG: I was in a bright gold city. Above was a brilliant blue sky, but the horizon was dark as night.

GG: Was this the place you told me about? What was it called...

GG: Ah, shucks, does this count as a "causal spoiler?"

UU: not at all! that is a simple detail aboUt the realm yoU are aboUt to explore, withoUt directly involving yoUr fUtUre decisions of conseqUence.

UU: the place yoU visited was called prospit. it is where i have woken Up every time i have gone to sleep for most of my life.

GG: I didn't see you there. At least, I don't think I did!

UU: no, yoU woUldnt have.

UU: my prospit is an alternate version from yoUrs, in a completely different session qUite far afield of yoUr reality.

UU: if we are ever to meet in person, it is Unlikely to be while playing oUr respective games!

GG: Ok then.

GG: I mentioned this briefly to Jake, and he didn't have much to say before we parted ways.

GG: I will gather that if this is all true, then it means Jake had not awoken yet?

UU: i think this is for yoU to determine in time. what is yoUr hUnch?

GG: I don't know.

GG: But there was one thing about the dream that was very troubling.

GG: I'm becoming nervous to consider what it might mean.

UU: Understandable. bUt it will be important to practice patience today.

UU: yoU have a long road ahead of yoU, and many qUestions will be answered in time.

UU: bUt we can talk it over later. now, we both have games to prepare for!

UU: i know yoU coUld never fUlly appreciate what this actUally meant, bUt i took mUch care to sync Up these conversations with yoU on the same day that i begin playing as well.

UU: that way, we can joUrney throUgh oUr sessions together and compare notes! :u

GG: Hrm. I'm still not sure I appreciate what that means, but I appreciate that a nice gesture has been made if you say so!

GG: I guess I should just start believing all of this now, huh? Rather than learning it to be true later and feeling the fool for all my curmudgeonly skepticism?

UU: ~\_u

GG: For starters, I guess I could drop my reservations about your story?

UU: will yoU :U!!!

GG: I can write off much to tomfoolery as I'm no stranger to a good prank myself. But quite honestly you seem too kind for this charade. Not the type I'd expect to trot out such persistent falsehoods beyond their humorous welcome.

GG: So what do I know! Consarn it, maybe you are an alien girl from Uranus, and together we are about to play a game which determines the fate of existence. Sign me up!

UU: oh, hee hee! bUt i never claimed to be from that planet, which is only in the far reaches of yoUr solar system.

UU: in fact i am from mUch farther away. a different Universe altogether.

UU: bUt if yoU trUly mean it, thank yoU for believing me!

UU: now, jane my lovely, let Us prepare for this adventUre.  
UU: remember what i said aboUt the need for patience.  
UU: patience with yoUr friends.  
UU: patience for yoUr growth as a hero of life.  
UU: and patience for the coming of the other foUr of legend.  
UU: a hero of breath and of light and of time and of space!  
UU: and if yoU still find yoUrself in doUbt  
UU: jUst check the inscription on that big old book downstairs.

### **Jane: Ok, back to the chest.**

**15/11/11**

You return to your BAKING CHEST which you use mainly for storing QUALITY PRANKING APPARATUS and a few other odds and ends.

Oh hello, poppop. His friendly face is there to greet you every time you open your chest. You would have loved to meet him. Unfortunately his life was cut short at the tender age of 86 in a tragic accident, coincidentally on the same day you were born, or so your dad tells you. Poppop Crocker was a LEGENDARY COMEDIAN, following in the footsteps of his grandfather who of course was the greatest southern pranking legend of all time. One day, you hope to follow in poppop's too.

But then, if the whoppers you have been told recently have any truth to them, maybe you will get to meet him after all? It seems too good to be true. The only relationship you have ever had with him are through video footage of his VAUDEVILLIAN ANTICS on stage. Or through his role as Judge Johnny Stone on one of your favorite old sitcoms, NIGHT COURT.

### **Jane: Rummage around.**

Betty Crocker PICTURE COOK BOOK

Harry Anderson's WISE GUY

Pony Pals

Colonel Sassacre's DAUNTING TEXT of MAGICAL FRIVOLITY and PRACTICAL JAPERY

Just your basics when it comes to pranking. A few CLEVER DISGUISES. A NAME BRAND DUNCE CAP. A SLIGHTLY ABRIDGED EDITION OF SASSACRE'S TEXT, updated for the modern prankster and scrubbed of a few of the more egregious julep-fueled racial slurs, several other stray books, your company's prototypical model for the GRISTWIDGET 12000, and of course your super-handy UNREAL HEIRESS THOUGHTWAVE TIARATOP for the young gogetting junior battermaster on the go.

### **Jane: Dump chest.**

**15/11/11**

Might as well get all this crap out of here and take it with you. You never know when you might need it.

You shut the chest and... oh, hello Harry Anderson. Always a pleasure to see you there.

He is also one of your idols, and as it happens, has a bit of a history with your poppop. They were rivals on the vaudeville comedy and magic act circuit. Eventually the less competent Anderson was shamed out of the industry and went on to greener pastures in the PRIVATE DICKING BIZ. He became one of the hardest boiled detectives on the mean streets of the Big Easy, and later made a fortune off his memoirs (ghost written by Mike Caveney).

### **Jane: Captchalogue all.**

**15/11/11**

Your sylladex is so great. You shudder to remember some of the old shitty fetch modi you used to struggle with when you were younger, still learning the captchaloguing ropes. Fibonacci heap??? Lol at the f'ing noob.

You have a COOKBOOK, which of course was made obsolete by your computerized talking bowlbuster. You wouldn't dare part with it though. Too many wonderful memories.

There's Anderson's aforementioned book, WISE GUY. His (Caveney's) stories are gripping! In a way.

And then there's a customized copy of PONY PALS, a gift to you on your 14th birthday from the

slippery Mr. Strider. Each page contains lovingly hand-written commentary on the deeds of this intrepid young horse.

**Jane: Check out gristwidget.**

**16/11/11**

This thing's a piece of junk! It just wastes your boondollars and destroys your cool gear to produce these stupid things that look like Gushers! But unlike Gushers which serve many practical purposes like inducing vomiting and simulating the experience of eating plump insects, these things are totally useless!

**Jane: Insert hat card.**

Ok, you'll try it out with one of your less prized possessions just to prove how dumb it is. You never liked this hat much. It makes you look like a gnome and basically isn't funny at all.

You pop the card in. The GRISTWIDGET indicates it will cost 10 BOONDOLLARS to convert this object into grist. That's not too bad, you guess. It's not like the currency has much value anyway. It was introduced as a sort of BCCORP FUNBUX, to be used by youngsters specifically on qualifying merch online and stuff. Brilliant business strategy, really. As heiress to the empire, you are naturally endowed with millions, which you have a reputation for being very generous with. You have been considering using your wealth to set up a scholarship fund to allow underprivileged kids to go to booncollege.

**Jane: Activate.**

**16/11/11**

See??? Utterly pointless. You hope Crockercorp was going somewhere with this technology, cause if not, this product is first in line for getting the axe when you're in charge.

**Jane: Wear tiaratop.**

**16/11/11**

You put on your highly fashionable UNREAL HEIRESS THOUGHTWAVE TIARATOP and flip it on. It immediately hums to life as its blazing fast processes mingle with your thoughts. It is the most efficient computing technology in the world by far, as long as you don't wear it for too long.

But aside from a few migraines, you can't possibly imagine any drawbacks that

could come with merging your thoughts

with experimental technology

from an extremely powerful corporation, wait what?

GG: But the mail should be coming any minute! I've waited this long for it, so I might as well use the official discs addressed to me.

GG: When it comes, I do hope you'll change your tune.

GG: Not to mention brew yourself a pot of coffee and sober your drunk butt up.

TG: my drunk butts tune will stay as unchanged as it will remain un not drunk

TG: makr my barley corerent words

GG: Hoo hoo! Ok, fair enough.

GG: But I believe that when we start playing together, you'll come around.

GG: Personally, I can hardly contain my excitement over it.

GG: If years ago someone told me, which incidentally someone DID, that today I would have an exclusive opportunity to play what is absolutely the most cutting edge immersive simulation game ever released, developed by a company which has already done so much for the advancement of humanity, I would have said, "Shucks, buster, sign me up!"

THE AMAZING SPIDER GIRL #1

THE AMAZING SPIDER GIRL  
WHO WAS SHE?

Speaking of John, this is his birthday present. It is the project that has been taking up all your time lately. And today is the deadline to finish it! You have to send it to Jade so that she has time to ship it to him across the Pacific ocean. The TRANSMATERIALIZER you have been using to ship it back and forth is wired to sync up your flow of time with hers, so it's not like you can just take forever with it, and send to the exact time she needs it - you've thought of that! And considering this bunny is PROBABLY going back to the early 20th century, when she and John were around your age, you figure the mail was extra slow back then, so there is not a moment to spare. Whew, time stuff is pretty complicated! But you are FAIRLY sure you've got this figured out.

**Jake: Examine bunny.**

**19/11/11**

Sure is gonna be a sweet gift. Reminds you a lot of the old ratty bunny you inherited from your GRANDMA, who of course is exactly who you are collaborating with to make this thing. Time

loops make you feel a bit fuzzy in the head, but you've always suspected it could very well be the same bunny. At some point in the early 20th century, Jade gave this robo-rabbit to John, and then later it must have been wound up back with Jade... somehow? Then she... uh... removed all the robot parts, hung on to it until she was an old woman, and gave it to you? You guess crazier things have happened. Like the way this whole project started in the first place. Jade tells you this little rabbit here, or Terry Kiser as you like to call him, will save John's life! He will be sitting there on some sort of chess board battlefield, in yellow pajamas, reading a letter, when POW! Kiser to the rescue. So you are taking this responsibility very seriously. You have been for years already.

In fact, this project gave you a neat idea for what to do for Jane's 13th birthday a couple years ago. You and your other pals all coordinated gifts, each sending a customized rabbit. Lalonde happened to have another bunny heirloom like yours, and Strider... well, Strider was resourceful as usual. If John enjoys his gift anywhere near as much as Jane did, then it will be time well spent.

==>

WATCHMEN

PUNISHER

PUNIS

There's just one problem! Mr. Kiser here cannot be completed and tested today without a source of power! You will need a little chunk of URANIUM to power the robot, and you are fresh out of the stuff. You have been plundering all of your devices for uranium to refuel the TRANSMATERIALIZER, which requires huge amounts of power any time it sendificates or appearifies the package from the past. Seems to you like excessive energy consumption for just a simple time machine, but what do you know? Unless it's doing something besides shipping it across time. You couldn't imagine what, though.

You really should have remembered to ask Jade for some uranium in your last letter to her. Now you're in a fix. You even yanked the uranium out of your COOKALIZER and REFRIGERATOR. You haven't had a decent meal in weeks! Just a lot of canned food from the ruins.

This project has been difficult enough as it is without additional bumps in the road like this. You aren't really the best guy at building machines. Jade has been a big help, but she says she couldn't do this alone. As much as it troubles your pride to admit, this project wouldn't be possible without help from your other two technologically savvy friends. And you are slowly coming to the regrettable conclusion that you will not be able to solve this uranium dilemma without asking for Strider's assistance. He's your best bro and all, but the dude never makes anything easy.

These were also inherited from your grandma. In addition to being quite the globe trotting adventuress, she was rather enterprising as well. Her company made many products like this, to compete with the corporation owned by the cruel baroness who raised her. Sadly, BCCorp eventually crushed her company and forced her into exile. GT: What?

TT: You know. I've offered to construct the rabbit for you many times before. I would craft a much deadlier model.

GT: Oh i know you would its just...

GT: Damn it man ive told you this is just something i have to do myself.

GT: Its a promise i made to jade and im going to live up to it even if im not the best or even second best robosmith i know!

TT: Yeah, I know this is your policy. You've done a good job and you should be proud.

TT: But it's my responsibility as your friend to offer one last time.

TT: Just as it's my responsibility not to just fork over a bunch of uranium just because you ask me in a moment of weakness.

GT: Frig!!!!

GT: Why not???

TT: It's too easy.

TT: And you yourself are the one staking pride in this.

TT: If you were half-assing this project and made some slovenly plea for it, I'd just say, fuck it, here's a lot of green rocks dude, go nuts.

GT: Ok then! Im halfassing it!

GT: Look. See? Only a bisected bottom is present! Where is the other half you ask?

GT: Why... it is nowhere to be found. I didnt use it!

TT: Nope. Not buying it.

TT: I know that every ounce of your premium behind can be accounted for in that rabbit, and there's no goddamned denying it.

TT: And you know perfectly well where some more uranium can be located.

GT: Jesus christmas you are such a fucking douche.

TT: It seems you think I am a fucking douche.

TT: That's your opinion, I guess. That's cool.

GT: I knew you were going to suggest this. I dont know why i bothered asking!

GT: Strider why must you always be such an obstinate stick in the mud???

TT: It seems that you consider me to be, no less than one hundred percent of the time, an obstinate stick in the mud.

TT: I unironically respect your position on this matter. Hey, let's continue to exchange ideas.

GT: Wait...

GT: "It seems"??

TT: What?

GT: Oh for fucks sake.

TT: Is something the matter, Jake?

GT: This is your auto responder.

TT: It's time for me to respond with some words, ideally chosen and arranged in a way that will wreck your shit, in a subtle and psychologically devastating way.

GT: Har har har!

GT: Just soooo "\*iroooooonic\*!!!" Quotes quotes quotes.

GT: Im laughing my caboose STRAIGHT OFF THE TRACKS! A lot of families just died in the

tragic derailment.

TT: Ok, the caboose remark was actually pretty funny, Jake.

TT: If I truly were what you say I am, I wouldn't be able to feel the human emotions of joy and laughter. No?

GT: Laughter isnt an emotion dickprince!

TT: I think you should back your claims up with proof before you go heaving around such accusations.

GT: Man its so flipping obvious.

GT: You start getting kind of extra technical and vague and automoton like.

GT: And kind of aloof and brusque.

GT: I mean...

GT: Even aloofier and brusquier than usual!

GT: Also you use the phrase "it seems" a lot. Its so silly it really blows the AI immersion man.

TT: Bullshit.

TT: I'm being like, the perfect dude right now. A fully fucking legitimate human being.

GT: Ok then check this out mr legit human dude.

GT: Excuse me sir not to be a bother but could you please tell me all about this strider fellows auto responder?

TT: It seems you have asked about DS's chat client auto-responder. This is an application designed to simulate DS's otherwise inimitably rad typing style, tone, cadence, personality, and substance of retort while he is away from the computer. The algorithms are guaranteed to be 96% indistinguishable from DS's native neurological responses, based on some statistical analysis I basically just pulled out of my ass right now.

GT: You see!

TT: What if I was just fucking with you there?

TT: Would it really be so unthinkable for a human to type that?

GT: Because you always say shit like that after i catch wise to your games.

GT: You as in the auto responder!!!

TT: Unimpressed.

TT: Logical fallacies are as pervasive throughout your argument as your antiquated verbal tics.

GT: Oh yeah?

GT: Hey. Tell me about the auto responder. Make it snappy shitknickers!

TT: It seems you have asked about DS's chat client auto-responder. This is an application designed to simulate DS's otherwise inimitably rad typing style, tone, cadence, personality, and substance of retort while he is away from the computer. The algorithms are guaranteed to be 93% indistinguishable from DS's native neurological responses, based on some statistical analysis I basically just pulled out of my ass right now.

GT: Gee dude you sure typed that exact same thing pretty fast.

GT: Are you still fucking with me??

TT: It could be a coincidence that I typed the same answer.

GT: You always type that answer!!!!

TT: It could be a coincidence that I always type the same answer.

GT: Uuuuuuugh.

GT: I cant stand this. Every time we do this and i just wind up whistling sweet dixie out of my bum hole!

GT: This is pointless im not having this conversation unless its with my REAL LIFE FRIEND. THE

ONE WITH HUMAN FEELINGS WHO ISNT A PRETEND PERSON INSIDE SUNGLASSES.

TT: Ok, but I'm pretty sure he's going to share my position on the matter.

### **Jake: Ditch computers.**

21/11/11

He's just so infuriating sometimes! Or at least his responder is. Ok, the real Strider is too.

There's barely any difference between them anyway. The responder just uses a few more generic response templates. And even those you suspect the AI is savvy enough to use on purpose for the sake of irony, or to get a rise out of you or whatever. That silicon bastard knows damn well what it's doing.

You shed this ridiculous outfit because you look like an idiot. It's time to get serious here. No more fooling around. You need a more dignified looking computer. A thinking man's computer.

Hmm, no sign of Lalonde online. No surprise there. You wonder if Jane knows where your bro's at? You should try to cool your jets before talking to her. Today is a special day she's been looking forward to for a long time, and she's probably on cloud nine. You wouldn't want to ruin it for her.

GG: Oh, that's fine!

GG: I had been meaning to message you sooner actually, but I suppose in all the hubbub today, it plumb slipped my mind.

GG: Which is a shocking fact on its lonesome, considering what I have to tell you!

GT: Egad...

GT: \*Loosens collar a bit.\*

GG: As for this Strider business, hrmmm. He's an elusive guy Jake. You know that.

GG: I talked to him yesterday. That's as much help as I can be!

GT: Shoot.

GT: I really need to ask him something but hes got his blasted auto responder turned on.

GG: Hoo hoo.

GG: I love that thing. :B

GT: He wouldnt be pleased to hear you say that.

GG: What do you need with him?

GG: Does this have to do with your crazy pen pal project?

GT: It most certainly does and time is of the essence!

GT: Today is the day i have to finish it and send it. Not a day later!

GT: So you see why i am feeling really friggin discombobulated at the moment.

GG: Sorry, J. :(

GG: This would be the birthday present... for your grandmother?

GT: No!

GT: It is for your grandfather simply to be \*relayed\* to him by my grandmother. A joint gift to him from she and i.

GG: Her and me.

GT: What? Who and you now?

GG: "A joint gift from her and me." Grammar, Jake!

GT: Oh for frigs flipping sake jane this is no time for your prudish pedantry! Leave your bookish malarkey in a dusty old library somewhere. I have an adventure to get on with!

GG: So if I have this straight, the big thing hogging up your plate today is not this marvelous new game which I have invited you to play with me, but finishing a robotic rabbit to give to my dead poppop?

GT: Bingo. \*double pistols and a wink\*

GG: You are a very strange and silly boy.

GG: No!!

GT: Especially since i have always had your back. I have always believed in you!

GG: Hey! I have believed in you too.

GG: However, believing somebody isn't the same thing as believing IN somebody.

GG: But that much said...

GG: I think that maybe I am getting ready to believe some of the wild stories I've heard?

GG: Or, if not believe outright, reserve judgment on, at least.

GT: Is that so!

GG: I don't know!

GG: I'm still not sure what to think. But what I wanted to tell you this morning was...

GG: I had a really wild dream last night.

GG: And you were in it.

GT: Oh my. \*glasses fog up. fumbles for kerchief.\*

GG: Sh! Not like that.

GG: It was so real! I think we were in the game, even though we haven't started playing yet.

GG: I don't know what to make of it. Whether it was a vision of the future, or somewhere that exists now, or if it was just a really lucid dream due to excitement.

GT: What was i doing there?

GG: Um...

GG: Not a heck of a lot!

GG: I really want to tell you all about it, but it will take some time to explain, and we both have things to attend to.

GG: You with your time traveling rabbitwork, and I, my vigilant window gazing!

You are curious about Jane's dream. Sounds like it almost certainly has to do with your imminent adventure. You'll have to remember to get the scoop on that a little later. For now, you have other worries that need your focus.

You have to go downstairs to check something out. You are pretty sure you know what you're going to find though.

You almost trip on the vine creeping up the stairs. Stupid vine. It's too bad your grandma's dead. She always had a way with keeping the flora in check.

GT: What is it now?

TT: I'm just wondering,

TT: If you still have your stupid old-fangled knickers in a twist.

TT: Because that's the sort of thing you would say.

GT: In regard to what exactly?

TT: To my proposal. Well, our proposal.

GT: Whose proposal now? Man what are you even prattling about.

TT: Mine and DS's. It's a joint proposal. I'm always authorized to speak on his behalf, because I'm basically fucking him.

TT: And try not to take those last four words as a clustered literal sentiment. That would be lame and unfunny.

GT: You mean making the rabbit for me?

TT: No, I know you don't want that.

TT: I meant my recommendation for how to go about procuring a new supply of uranium.

TT: Operation U-235 Brocurement. Codename: Big Man Hass the Rock.

GT: Oh malarkey.

GT: YOU ARE A TIN CAN. ROBOTS DONT HAVE FEELINGS.

TT: I think you knowingly confuse the field of robotics and artificial intelligence to engender some sort of cavalier attitude about technology that a rough-and-tumble guy who's all about brawling and fisticuffs would probably have, and if this is cultivated to a humorous effect then I commend you.

TT: But you're wrong.

| CHOOSE YOUR CHARACTER! |
|------------------------|

You make a careful motion with a tentative shoe toward the EGRESS CASE, when suddenly THAT DARNED WILD CHARACTER-SELECT SCREEN ACCOSTS YOU BENIGNLY WITHOUT NOTICE!!!

You still can't pick a shadowy guy. But maybe you haven't been the other girl yet? Better click her.

But if you've been her already, there's really no point to this thing anymore. Time to move on.

**Ok, I'm done here. Moving on.**

22/11/11

You are suddenly Jane again. Or, you suddenly keep being Jane. Who can say for sure???

Hopefully your dad is still out back washing the car. Ideally this is one of his legendary infinite car washes. What can you say? Dad fancies his automotive ablutions.

While he is preoccupied, you should be able to sneak downstairs and grab the mail undetected. The perfect crime? You bet.

You slip the HALLWAY CERA a furtive wink for good luck.

**Jane: Examine portrait.**

22/11/11

Just one of your dad's bland HALLWAY DOUCHEBAGS. Another example of his cornball dad tastes, which make you roll your eyes and shrug. Still, it's preferable to how it used to be.

Years ago he would work really hard to mimic your interests throughout the household. Gaudy paintings of sitcom legends covering the walls, hideous detective figurines littered everywhere. You think it's better that he embrace his own interests rather than try to pander to yours. It felt a bit forced, and your early teen years were filled with daily rounds of familial STRIFE. Not so much anymore. Now whenever there is a father-daughter disagreement, you settle things in an adult fashion by being honest about your feelings and talking it through, and also by sneaking around the house in silly disguises.

### **Jane: Take a peek into living room.**

**22/11/11**

There's a familiar face. A friendly face. Old poppop Crocker, smiling from beyond. Your dad sure misses him. He doesn't like to talk about the day he died. Some incident involving a tall bookshelf, a ladder, and a mysterious young woman in a suspicious looking hat. You have often fantasized about putting on your dirty old fedora and your Frenchest looking mustache to go tracking down this felonious broad and bring her to justice. But your dad always says best to let sleeping dogs lie.

There's some other plucky looking tool there next to him. Dunno who that guy is.

### **Jane: Proceed downstairs.**

**23/11/11**

Another hard boiled Anderson. Even though your dad isn't overbearing with all the detective nonsense anymore, he decided to leave this one here for old time's sake. It brings back memories of his very short-lived stint as a private eye. It turns out the police aren't as grateful as you'd think when ordinary citizens go around roughing up a lot of crooks.

### **Jane: Go to front door.**

**23/11/11**

You were afraid this might be the case. Your dad has blocked the front door with the REFRIGERATOR. Looks like he's taking the grounding seriously this time.

### **Jane: Check window.**

**23/11/11**

He padlocked the windows too. You'd bet boonbucks to donuts the back door is blocked too, probably with the safe from the study or something. The man means business this time.

You aren't about to go smashing glass and making a ruckus though. You'll need a solution involving more stealth. You guess you have a plan in mind as a last resort, but you'd rather it not come to that.

### **Jane: Consult with poppop.**

**23/11/11**

You figure a little wisdom from your elder couldn't hurt.

It practically went without saying your dad keeps poppop stuffed and mounted in front of the fireplace, as is the family tradition. Poppop grew up with his legendary humorist grandfather stuffed in front of the fireplace, and so did his grandfather. This was stipulated firmly in the will, at the end of a long list of joke stipulations. (Dad knew this was a real stipulation though.)

==>

23/11/11

POPPOP CROCKER

You always did find it a little macabre though, trying to watch tv and eat dinner on the couch with a dead old man standing about five feet away. You'd honestly prefer he not be kept here in the living room. Sometimes you tell dad you really want poppop in the attic. He says the mere fact you call it that tells him you're not ready.

==>

23/11/11

What's that, poppop? It seems he's concerned that you may not be properly equipped.

You prove to him that you indeed had no intention of leaving the house without your trusty joke book.

==>

23/11/11

*YES, I am going out with this book! No, I will not go get an unabridged copy! No, I will not take yours! I can hardly even lift it! Oh, that is so preposterous. Do you even hear what you're saying? I will be fine! This is a perfectly funny book and it contains many incredibly funny jokes! Oh, will you just stop it. I am going now. Good day!!!*

>:B!!!!!!!!!!!!!!!!!!!!!!!!!!!!

**Jane: On second thought, take his book.**

23/11/11

You just remembered something your alien friend said about the big old book downstairs, and trusting words written by your own hand. What the heck did she mean by that?

Uh, whoops. Sorry, poppop.

**Jane: Retrieve arm.**

23/11/11

Better pick that up. You'll try to repair it later before dad sees it and blows a gasket.

**Jane: Read inscription again.**

24/11/11

Colonel Sassacre's DAUNTING TEXT of MAGICAL FRIVOLITY and PRACTICAL JAPERY

Dear John,

You are no doubt reading this as a handsome and strapping young man! Why, the mangrit needed to lift the book is itself a sign of your maturity, not even to speak of the wisdom needed to grasp the nuance of Sassacre's time-tested mischief. I am so proud of you, grandson!

How I wish I could have delivered this heirloom to you in the flesh. But I am afraid it wasn't in the cards! For you see, John, like you, this book must yet take a journey! Its journey will end on the Final Day of my life, and even then will continue some. Though I suppose that will be up to your Father. Perhaps he will discuss it with you one day, when he and you are ready.

PS. HOO HOO HOO!

Is your friend suggesting that you were the one who wrote this inscription? You find that idea a bit hard to swallow. Still, your friends are always babbling about time travel...

You always thought this inscription was written to your poppop by his nanna, who was your great great grandmother, founder of the corporation you'll inherit in a few years. The message has always been a fascinating mystery to you, and probably was to him as well. From the way it's written, it seems it was intended for him to receive after her death. She talks about a journey he is supposedly meant to go on. You wonder if that adventure ever took place, or if the note was just one last jape by an old woman from a proud family of pranksters? She goes on about many fantastical sounding things he supposedly would have found on this journey, like agents, exiles, underlings, denizens, and heirs of breath and seers of light and stuff like that. Wait... didn't your friend mention those too?

In any case, this message to poppop from his sweet old nanna is the best evidence you have to dispute all this evil batterwitch nonsense. She clearly cared for her grandson very much, and would never start a company responsible for the things it's accused of, let alone be alive today to perpetrate them. But then, what if she wasn't the one who wrote it? This thought makes you very nervous.

You suddenly remember your dream. What did it mean? You should talk to Jake about all this.

**Jane: Bother Jake.**

GG: Yes, you're right. It was the moon, actually. I could see the planet on the dark horizon.

GG: I was dressed in a golden dress, like a sort of nightgown, and I could fly. I left my bedroom, which was at the top of a tall tower. Surrounding me were the gold cities, just as described.

GG: Behind the skyline was darkness. But just above was a bright blue sky and puffy white clouds.

GT: That was skaia!

GG: Yes, probably.

GG: Are you sure you haven't woken up there before?

GT: Haha i WISH.

GT: I have received reports from jade about this as well. She liked to talk about her dreams on prospits moon a lot.

GG: I see. The impression I have developed is that this is supposed to be a real place, and all who dream there have shared experiences.

GG: Did Jade ever mention seeing us there?

GT: No but why would she? This was long before we were born! She was dreaming there like a

hundred years ago or something.

GG: Hmmm. Anyway...

==>

25/11/11

pesterlogGG: I explored the moon, and began to notice people gathering in the streets.

GG: But they weren't human. They were funny looking, perfectly white creatures.

GT: Yeah those are prospitians.

GT: They have these hard carapace shells and also have something to do with chess i think?

GG: Well, I don't know if they had much to do with chess here.

GG: The more closely I observed, the more they appeared somewhat despondent.

GT: Like...

GT: Sad?

GG: Yes.

GG: I determined they were in mourning, actually.

GT: Hey.

GT: Jane you said i was in this dream. Where do i come in?

GG: Shoosh! I'm getting there.

==>

25/11/11

pesterlogGG: More and more Prospitians were filing out of the buildings every moment.

GG: They all began to form a single, major procession.

GG: When I got closer, I could see that some were in tears.

GG: I realized this was a funeral.

==>

25/11/11

pesterlogGG: I heard whispers, but couldn't make out what they were saying, so I got closer.

GG: They were all saying the same thing, over and over.

==>

25/11/11

pesterlogGG: "The Page is dead."

GG: "Our hope is lost."

==>

25/11/11

pesterlogGT: The page?

GT: Whos that?

==>

25/11/11

pesterlogGG: Jake.

GG: The Page was you.

==>

26/11/11

pesterlogGT: Oh.

GT: Drat.

GT: Are you sure?

GG: Yes, I saw your body lying in a sort of coffin, on a bed of flowers. You were dead as a doornail.

GG: Everyone was so distraught!

GG: Including me. :(

==>

**26/11/11**

pesterlogGG: But before I could get too horribly upset, let alone make sense of any of it, I woke up.

GG: I of course immediately wanted to tell you all about, but it was still well before sunrise for you, and you were surely still asleep.

GG: Then as the day went on I guess I became distracted by other things. You know how it is.

GG: I hope I'm not too late to "warn" you, though to be frank I don't have the foggiest clue what it is I'm warning you about.

GG: "Dear Jake, oh please do try not to... have already... died in my dream? Likely while you were sleeping, perhaps peacefully?"

GT: Haha yeah. I see your point.

GG: Still, I think you'll agree that it's to be viewed as a troubling omen.

GG: I care very much for you, and I don't know what I'd do if I lost you both in my dreams, *and* here in this world.

GG: So for whatever good it does, just please be extra careful out there today!

GT: Roger that janey!

GT: And um same goes for you about being careful what with these various rogues accosting you with foul play lately and whatnot...

GT: Because well i sure do care a lot about you too you know that.

GG: Hooray! Will do. ;B

GG: Now let's get this silly old adventure off to the races before the coat of dust it's growing gets any thicker.

GT: Booyeah!

GT: Ok good luck jane and keep me posted! C ya.

**Jake: Examine pumpkin patch.**

**27/11/11**

Although these pumpkin vines are amazingly prolific, every morning when you leave your bedroom, you'd swear half the pumpkins vanished over night. It's probably just the FAUNA eating them. Not that it matters, because they keep growing right back.

It wasn't always overgrown like this. When you first discovered the TRANSMATERIALIZER, you started messing around with it haphazardly. You kept appearifying pumpkins from somewhere. It was just pumpkin after pumpkin, until one time a copy of the bunny you inherited from grandma showed up, much less old and tattered of course. All that fooling around was before you realized how precious its fuel would be. Such a waste of good uranium.

==>

27/11/11

You brought all the surplus pumpkins home and left them lying about. Then the seeds sprouted and started growing out of control. You guess that's what happens when you introduce nonindigenous FLORA into the wilderness.

**Jake: Be completely oblivious to thing in background.**

GRUUUUUMBLE

It is time to get DEAD SERIOUS about hunting down a robot that looks exactly like your best friend, destroy it with your guns somehow, and steal its uranimun. (\* uranium)

But then the thing behind you that you were oblivious to starts grumbling.

You totally forgot about the FRIGHTENING FAUNA on this island, and its regrettable REALNESS ATTRIBUTE.

## **Jake: Turn around.**

29/11/11

**[S?????]** ==>

29/11/11

STRIKE!

PEW PEW

You leap into the tropical island fray in an attempt to violently pacify the gigantic Earth crabdad. What is he even doing here? The question doesn't even occur to you. The island has been crawling with these things for as long as you can remember.

You glance at the crudely rendered battle, direct your browser to the HOMESTUCK BANDCAMP PAGE, and browse for suitable battle music. Oh god, there are so many songs. Which one would be a good fit for this duel? Wait, yes, there's one. That's perfect. You hit play, close your eyes, and become lost in visions of gnashing crustacean carapace, smoking M9 casings, and Jake doing that thing where he flies through the air shooting two guns at once. Yes, so awesome.

## **Jake: Fly through the air shooting two guns at once.**

29/11/11

You do the thing where you fly through the air shooting two guns at once. That thing isn't even that big of a deal for you. You do that thing practically every day on hellmurder island.

Your furious salvo of deadly bullets scares the FRIGHTENING FAUNA off into the jungle, REALNESS ATTRIBUTE and all.

==>

29/11/11

Another triumph for adventure. Time to blow the smoke off your berettas and saunter off into the... whoa not so fast! Behind you, Jake!!!

AH HA. GOT YOU YOU SON OF A, SHIT, WAIT.

There are the ruins you'll be making your way toward once you've got the uranium.

Still need to locate that enigmatic brobot. He's out there, somewhere. Just watching. You can feel it.

Can't let your guard down for a second, or you'll get served like a dude on butler island.

TT: Why have you activated dear, sweet Huggy Bear.

TT: Are you in danger?

GG: Oh, no.

GG: I'm just trying to leave my house!

GG: Is this the real you, btw?

TT: Yeah, it's me.

TT: I disabled the AR for now.

GG: Ok. Just making sure!

GG: Jake was having some issues with it earlier, and I don't think he received its obfuscating tendencies in the humorous spirit intended.

TT: Yes, I'm catching up with the situation now.

GG: Oh, so you're talking to Jake then?

TT: Nah. Just reading their chat logs.

TT: Man, what the fuck?

TT: I can't leave these two alone for a minute. Can a guy get his ablutions on in fucking peace?

GG: :B

GG: Was it that bad?

TT: Not really.

TT: The responder doesn't much distort my position on things usually.

TT: Its demeanor leaves something desired though. I'd prefer it didn't make such aggressive and repeated claims of fidelity to my persona.

TT: Be misrepresentin' hells of key subtleties, yo.

GG: Why not just turn it off then?

TT: Keeps them both on their toes.

GG: Who?

TT: Jake and the responder.

TT: Jake needs to be more skeptical. Rather than take a Pollyanna jackknife ass-first off whatever turnip truck is blowing through town that day, he's got to apply more critical reasoning to shit.

TT: I keep telling him.

TT: I keep telling him, dude, you got to be more like Jane.

GG: These lectures I presume are roughly similar in complexion to those I'm familiar with?

GG: Those wherein I have, and I quote, "got to be more like Jake?"

TT: Yes, exactly.

TT: You're finally fucking getting it.

GG: I sincerely doubt that I am!

TT: Said the stubborn skeptic, skeptically.

GG: Let's not talk about my "issues" again, shalln't we?

TT: Shalln't?

TT: That ain't a thing to say, even for you.

GG: Shush!

GG: The word shalln't escape my vocabulary any longer, just as you SHALLN'T nitpick my language! That's my turf you're on, buster.

TT: Alright. Kinda don't care.

GG: What were you saying?

TT: About what? Jake?

GG: About leaving the responder on!

TT: Yeah.

TT: Anyway, I kind of owe it to him to let the program run as often as possible.

GG: Jake?

TT: No.

TT: The responder.

TT: It is a fully cognitive, self-aware entity I am responsible for, not even to mention an approximate cerebral duplicate of myself.

TT: You don't just make a clone of yourself to live in a dead end existence where it has no chance to thrive as an individual or surpass its limitations.

TT: That'd be sick.

GG: True.

TT: Also.

TT: The more the software runs, the broader and more detailed its experiential canopy becomes. Makes for a better dialogic partner.

GG: Dialogic?

GG: Are you saying you have conversations with your own auto-responder?

TT: Of course.

TT: Why do you think I made the thing?

GG: Hrm, that's interesting.

GG: I guess I always thought it was just a really elaborate gag!

TT: It's that too.

pesterlogGG: Sometimes your sense of humor seems more impenetrably advanced than your robotics. I'll never understand this tapestry of irony you weave.

GG: Maybe I'm just stuck in the dark ages of pranksterism with my funny mustaches corny old joke book.

TT: Yes, you are. But that's fine.

TT: We come from different traditions. Someone needs to keep that racist southern asshole's legacy alive.

TT: There's dignity in taking up the work of our familial predecessors, even if what they did was insanely fucking stupid.

GG: Is that a note of bitterness directed at your superstar brother I am detecting?

TT: No way. He's awesome.

TT: I've told you, I don't begrudge any of his success.

TT: I've also told you he isn't my real bro even though I call him that. We're related through an esoteric process of genetic reamalgamation.

GG: Oh lordy. Yes, yes, I know. I don't need another ironic lesson in science fiction!

TT: Alright. My lessons are rad as fuck, but suit yourself.

TT: The point is, obviously his satirical methods have flaws, and whatever tempered brand of hero worship I might be practicing isn't keeping me from seeing that.

GG: Flaws?? Talk about understatement. Those movies are unwatchable.

GG: Unless your name is Jake English.

TT: Yes, spectacularly so. But they will have profound historical significance. Mark my words.

TT: And flaws aside, it's a legacy I'm proud to inherit. My duty isn't to appropriate his methods with absolute loyalty, but to apply reason and improve upon them. To leave my own mark.

TT: To perfect the art of irony.

TT: It's just like what you're doing with the work of your ancestor. You are striving to perfect his hokey vaudeville bullshit, or something.

TT: You seek the Zen of a pie to the face. The Tao of falling the fuck down.

GG: Ermm...

GG: If you say so!

GG: I dunno. Call me a simpleton, but I just like funny jokes.

TT: Can't fool me. You take your shit as serious as I do.

TT: And if I wasn't serious about it, I wouldn't have made you that rabbit. Then where the hell would you be?

pesterlogGG: Well, aside from thousands of dollars in corpse-repair richer, I can't say.

TT: Has he been sleeping in the old man hollow again? Shit, that's adorable.

GG: I can think of cuter places for him to sleep, frankly!

TT: Yeah, bullshit.

TT: He's just being instinctive. In the wild, he would gut a carcass and sleep inside for warmth, as well as to secure tactical advantage for ambushing would-be scavengers.

GG: Oh, please.

GG: Anyway, property damage and desecration to cherished elders aside, Mr. Bear has been a lovely addition to the family.

TT: You haven't renamed him yet?

GG: Oh... no.

GG: I keep forgetting I'm supposed to!

TT: You've got to fucking rename him. Or change him to a girl if you want. That was important.

TT: When pets change owners they get new names. Fact.

GG: Sorry.

GG: I will name him right now!

GG: How about Lil' Sebastian?

TT: Fuck if that isn't the best name a thing could get.

GG: Yeah!!!

GG: So then, are you saying Mr. Sebastian here was an ironic present?

GG: Relayed strictly for guffaws?? >:B

TT: Yes, but it's not that simple. There were many layers involved.

TT: Some of them are literal layers, of metal and plush.

GG: Huh?

TT: There's a real stuffed rabbit beneath its exoskeleton.

GG: What! Really? :O

TT: Yeah.

TT: It belonged to my bro.

GG: I thought you said you didn't have such an heirloom to complete the plushie trifecta?

TT: I didn't. He didn't give it to me, and never intended to bequeath it.

TT: I stole it.

GG: Ooh. Risky!

TT: Nah. I got a little help from RL and ganked it out of his museum.

TT: It's this whole "priceless" collection of stupid shit from movies, defended like Fort Knox. Ironically of course.

GG: So it's from a movie?

TT: Ever hear of Con Air?

GG: Nope.

GG: Wait...

GG: Wasn't that some bit of action schlock from the 90's?

TT: Yes.

GG: Some of the silly nonsense referenced in his work was well before my time. I don't have the wherewithal to investigate all this minutia.

TT: Yeah, it doesn't matter really. But it was from that. Dude weirdly obsessed over that shit movie for years, among others.

TT: Know those signature shades you see him wearing on magazine covers and stuff? Another prop. A gift from Stiller himself, I believe.

GG: That does sound a tad obsessive. Wasn't he furious about your burglary?

TT: Pretty sure he didn't even notice. In years since, I never saw a news story about a "daring heist" or anything. I feel like he would have made some hay outta that.

TT: And if he did know, he'd probably just want to give me a stoic fist bump or something.

GG: Why didn't you mention this when you gave the gift? More irony?

TT: Essentially. It's not that easy to explain.

TT: Broadcasting the gesture would have made it seem tawdry, and would somewhat defray its humor value.

GG: I see. So it was like a private joke, and if anyone besides you was in on it, the joke would be ruined!

TT: Like I said, there are layers.

TT: On one level, I gave you a filthy tattered piece of shit, albeit of tremendous cultural significance, manhandled by some old B movie actors, now candy coated to function as a highly practical defender droid for your personal protection.

TT: On another level, I needed to incorporate something passable as a real heirloom.

TT: For sentimental reasons.

GG: D'awwwww.

GG: Wait, real sentiment, or ironic sentiment?

GG: Or is there no difference?? Am I missing the point here?

TT: No, it was genuine.

TT: The upper echelons of irony should always include measures of sincerity. And if the satirical practice is executed faithfully it will achieve something bona fide in its own right regardless.

TT: Through an intense commitment bordering on religious devotion to the absolutely inane, absurd, or plain fucking stupid, a very different kind of sincerity begins to materialize. One of reverence to the ridiculous. You begin to "mean it," but what exactly it is you mean is never quite what appears on the surface, and is utterly inaccessible to obtuse and literal minds. That you "mean it" then becomes inseparable from the joke, and additional rich strata of humor may be stripped aggressively from this irreconcilable truth.

GG: This is fascinating, if a wee bit more dissertation than I bargained for this morning.

GG: I have so much to learn. And I am not even saying that "ironically!"

GG: Will you teach me your ways one day, sir? Perhaps an apprenticeship will open?

TT: Oh god, I'd love that.

TT: Consider the position yours for the taking any time. Feel free to approach and kneel before Cal. With my sword and his floppy mitten, you will receive my flashstep anointment shoulder to shoulder, and to shoulder again.

Alert : TT

pesterlogGG: Tempting, but that rain check will have to stay unendorsed for now.

GG: Lil' Seb is beginning to act out, and I must put his fidgetiness to constructive use!

TT: Cool.

TT: Jane, one more thing.

TT: I'm sure you must be aware by now that you'll be the leader of our group, as you will be the first to enter the session.

GG: Um, no?

GG: This is news to me. I never gathered that "team leader" was a thing for this game.

TT: Trust me. It's a thing.

GG: Are you sure? I have my doubts.

GG: I believe as a group we will have the temerity to succeed, without my having to order people around like an insufferable bossypants.

TT: That's why you're our leader, Jane.

GG: Hm?

TT: Optimism through stalwart skepticism is an affect not everyone is plucky enough to be graced with.

GG: That's stupid!

TT: Yeah yeah. I know.

TT: You're not our leader, you're our FRIEND, right?

GG: Precisely!

GG: There is a BIG difference!

TT: And statements like that are also why you're our leader.

TT: But only in name and in spirit. Less so, functionally.

TT: If it puts your mind at ease, I'll be the one pulling the strings here.

GG: Oh yes?

GG: Then this whole affair will be one of D. Strider's grand productions in puppetry?

TT: I will be the unseen hand whose nimble digits are behind every subtle twitch in our session's bulbous foam ass.

TT: At least those gyrations not happening by the volition of its own quivering absorbant proboscis.

TT: If you ever need help, Jane. If you're ever in any trouble at all, let me know. Just say the word.

TT: I'll whip the toggle stick of this ludicrous marionette, cavorting its humongous bottom to intercept your freefall through the abyss.

TT: Snowcone you up in the fluffy crook of its cleft. Don't be alarmed if you're in no hurry to unpry yourself.

TT: For the great jut of this impudent rump has more yield to your touch than you ever dreamt.

Remember to catch your breath as it cherishes the imprint of your hand like a memento from a lover gone to war.

TT: There's a lot of give to that ass, you may say.

TT: Might like to settle in. Make myself comfortable. Start a family.

TT: Bounce a coin off that ass, you'll demand of visitors. It's not going anywhere.

TT: Bet that coin'll take a good nap there.

TT: It's a gamble you win every goddamn time.

TT: Yeah.

GG: These lessons we talked about...

GG: They've already begun, haven't they? :o

TT: Jane, soon you'll believe what I've told you.

TT: You'll believe it all.

TT: It's just a shame that believing will take something so coarse as seeing, for a girl as sharp as you.

TT: Critical thought can lead one to accept the unlikely, just as much as dismiss the impossible.

TT: I can help with this too. Would you like me to program a Jane Crocker responder for you?

TT: I only require a simple captcha of your brain.

GG: Holy moly!

GG: Um, thank you, but no.

GG: I'm not ready to get dialogic with my cyberself just yet. My friends keep me busy enough as it is.

GG: Speaking of which, I really need to go. I know you love to talk my ear off, and it's always a treat, but let's catch up later after the game starts, ok?

GG: And if I do need your help, I promise I'll take you up on your offer!

TT: I made several. Which one?

GG: The one where you, hopefully not literally, offered to catch me in the crevice of a great big squishy butt! Hoo hoo hoo!

GG: Gtg!!! <3

## ACT 6 INTERMISSION 1

10/12/11

dialoglogJOHN: where are we?

### [A6I1] ==>

11/12/11

dialoglogJADE: im not sure!

JADE: some sort of limbo dimension between the two walls i guess

JADE: like a realm with unusual spatial properties we have to cross through

JOHN: oh, ok.

JOHN: then...

JOHN: we escaped the scratch?

JOHN: like, we still exist and everything?

JADE: yes!

JADE: we still totally exist john

JOHN: ok, just making sure.

JOHN: i still felt pretty existy, but you never know.

### [A6I1] ==>

11/12/11

dialoglogJOHN: i'm still kinda confused though.

JADE: about what?

JOHN: i mean, we crashed through that giant window you magically made with witch powers to escape the scratch, so we can keep existing, right?

JADE: yes

JADE: i didnt make it with witch powers though, i captchalogued it hours ago because karkat told me to...

JADE: then at the last minute i took it out and made it huge so we could escape through it

JOHN: i see.

JOHN: did you at least make it huge with witch powers?

JADE: i did make it huge with witch powers!

JOHN: so i guess that's what witch powers do, is make things huge?

JADE: they also make things small

JOHN: right, like you did with all those planets.

JADE: yup

JADE: also

JADE: witch powers can teleport things, and fling things around through space at very high velocities

JADE: all sorts of stuff!

JADE: but to be honest, im not sure how much of that is attributable to inheriting becs abilities...

JOHN: man, spacey witch powers sound a lot more versatile than my powers, frankly.

JOHN: not that i'm complaining, because wind powers are still awesome.

JOHN: but anyway, that is neither here nor there!

JOHN: what i'm wondering is, once we crashed through that window, weren't we supposed to like...

JOHN: enter a new game session? the reset one?

JOHN: and meet up with karkat, and vriska, and all the trolls, and i guess maybe also a bunch of dead trolls too??? like troll ghosts or such.

JADE: yes that was the basic idea

JOHN: and what about your grandson? wasn't he going to be there, from the future or something? and then he would send liv tyler to me, or actually to you i guess, into the past somehow?

JADE: that would be jake

JADE: and yeah, i do believe we will meet him in this session

JADE: he said he had a bunch of friends who helped him make the bunny! im pretty excited to meet them all

JOHN: wow...

JOHN: hey, i wonder what the fuck ever happened to liv anyway?

JOHN: last i saw her, i sent her off to give the tumor to rose and dave...

JOHN: oh god, rose and dave!!! where are they now? did one of them do the suicide mission thing? and what about the other? did they get scratch'd???

JADE: actually, they both went, and in a manner of speaking, their mission was a success

JOHN: :(

JOHN: so, they blew up the sun, and now they're dead?

JADE: nope!

JADE: they did not actually destroy the sun. trust me, i would know if it was gone. now that i know what i know, it was kind of silly of us to think it would ever be destroyed...

JADE: and as it happens, rose and dave are not dead either! i have received very reliable reports that they survived

JOHN: oh man, that's great!

JOHN: i mean, i'm not sure how not blowing up the sun qualifies as a successful mission, since that was kind of the whole idea, but at this point i don't really care. i'm just happy to hear they're ok.

JADE: it will all be more clear soon

JOHN: how do you know they're ok? or any of this stuff, really?

JADE: ive learned a lot in my dreams lately

JADE: heh, probably more than i ever learned looking at the clouds on prospit!

JADE: when i was dead there for a few minutes, i had one last very informative nap

JADE: the bottom line is, rose and dave will rendezvous with the trolls near the green sun, and then

they will all meet us in the new session

JOHN: ok, that sounds awesome.

JOHN: and that was part of the plan i guess i understood, but...

JOHN: where is this new session?

JOHN: all i see here is a bunch of giant windows, and a lot of warp speed whooshy nonsense.

**[A6I1] ==>**

**11/12/11**

dialoglogJADE: its through the other wall!

JOHN: you mean that one way over there?

JADE: yes

JOHN: ok...

JOHN: so is this place like that yellow lawn ring thing karkat was talking about?

JADE: no, not lawn ring!

JADE: thats a silly troll word

JADE: its the yellow yard

JADE: we have to cross it to break through the next wall

JOHN: how is this a yellow yard?

JOHN: that's a stupid name for this place!

JADE: see that long yellow band down there, stretching between the two walls?

JADE: i think thats supposed to be the yard

JOHN: thats not a yard.

JOHN: yards are like these flat wide patches of grass, surrounded by fences and stuff.

JOHN: if anything, it's more like a road.

JADE: hmmm

JADE: yeah i think youre right

JADE: kinda like the yellow brick road?

JOHN: sure, why not!

JOHN: let's all go see a big pompous wizard to solve all of our problems.

JOHN: i bet rose would get a kick out of that.

JADE: hehe

JOHN: oh yeah.

JOHN: and another thing...

**[A6I1] ==>**

**11/12/11**

dialoglogJOHN: what...

JOHN: the fuck...

JOHN: is that?

**[A6I1] ==>**

**11/12/11**

dialoglogJADE: :|

JADE: i have no idea

JADE: extra dimensional shenanigan based phenomena perhaps?????

[A6I1] ==>

[A6I1] ==>

12/12/11

dialoglogJOHN: wait, what just happened?

JADE: i dont know!

JOHN: it got darker, and greener...

JADE: :?

JOHN: this place is weird. when are we gonna bust through the other window, anyway?

JOHN: i'm kind of antsy to get on with our adventure and meet up with everybody!

JADE: yes me too

JADE: hmmmmmm

JOHN: what is it?

[A6I1] ==>

12/12/11

dialoglogJADE: im just trying to estimate our arrival time

JADE: based on our current velocity, which is about as close to light speed as i can make it go

JOHN: i see.

JOHN: since we are going so fast, it should be pretty soon, right?

JOHN: like a few more minutes?

JADE: hmmmmmmmmmmmm...

JADE: no

JADE: itll take quite a bit longer than that

JOHN: ugh.

JOHN: how long?

JADE: i would say

JADE: if i keep our speed constant...

JADE: we should arrive in about three years

[A6I1] ==>

12/12/11

dialoglogJOHN: what!!!

JOHN: that is an absolutely preposterous amount of time.

JADE: i know!

JOHN: are you sure you can't make it go any faster?

JOHN: i mean, not to sound too demanding, but...

JOHN: didn't you say you can teleport stuff?

JOHN: why not teleport us there?

JADE: i cant!

JADE: not here, at least

JOHN: oh. well that sucks.

JOHN: why not?

JADE: the way i understand it is...

JADE: becs powers draw from the green sun

JADE: and the green sun presides over our universe

JADE: many universes actually! and the sessions that created them, as well as the sessions created within them

JADE: including the trolls universe and their session

JADE: think of it like a giant solar system, but instead of planets revolving around the sun, there are many universes

JOHN: uh, ok.

JOHN: that sounds...

JOHN: big.

JADE: it is!

JADE: so, bec was able to teleport anywhere in the universe he wanted in an instant, much faster than light

JADE: jack was able to do this too, within our session, and then when i inherited those powers from jadesprite, so could i

JADE: but we could only teleport locally

JADE: which means, bec could jump to anywhere in our universe, but not to another universe, or into a session

JADE: and jack could jump to anywhere in our session, but not outside it

JADE: we cant even jump to the green sun itself, even though we sort of serve as a gateway to it, and all its energy

JADE: and once we leave the suns domain, our travel is limited by the speed of light, like everyone else!

JADE: for example, the furthest ring is not in the suns domain

JADE: it is more like the suns medium, allowing it to exist

JADE: so if i wanted to fly out of our session and travel to the green sun, i would have to make my way there through the furthest ring at the speed of light or less

JADE: and wherever we are now is not in the suns domain either

JADE: so the same rules apply

JOHN: i see.

JOHN: it didn't really occur to me this was all so elaborate.

JOHN: like, if the green sun is at the center of a bunch of universes, like a huge solar system...

JOHN: doesn't that mean it was sort of important?

JOHN: maybe trying to blow it up wasn't such a great idea.

JADE: yes i think youre right

JADE: but to be fair, we were all the victims of a big prank!

JOHN: oh man, a prank??

JOHN: who pranked us?

JADE: some really creepy omniscient guy

JADE: it doesnt matter much, hes supposedly dead now

JOHN: oh. well that was quite a ruse then. that son of a bitch!

JADE: yes, but its not all as bad as it seems

JADE: theres a silver lining in all of this

JADE: like you said, a sun presiding over many universes has to be pretty cosmically important

JADE: who knows what terrible consequences there would be if it was destroyed

JADE: or maybe worse, if it never existed at all

JADE: which is what made rose and daves true mission an unintended success!

JOHN: their true mission?

JOHN: what was that?

JADE: to deliver the bomb to the empty location the green sun was meant to exist for most of eternity

JADE: and then create the sun in the first place

JADE: that is what the tumor was for all along

JOHN: ...

JADE: like i said

JADE: we got played like a bunch of suckers!!!

JADE: the cape is great, hes like a super hero now

JOHN: i wonder which one is which?

JOHN: i think that must have been karkat there. and that was probably his clown asshole friend he mentioned, too.

JADE: yup

JOHN: and that was definitely terezi, with the fancy glasses.

JOHN: not sure about the others... i wonder if vriska was there?

JADE: ...

JOHN: i was trying to talk to her, but she sounded like a babbling monster, so i couldn't understand her.

JADE: and weve only been here for a few minutes :(

JOHN: yeah.

JOHN: there's a lot i want to tell them about.

JOHN: and a lot i want to ask them.

JADE: well

JADE: you could ask them now if you want

JOHN: really?

**[A6I1] ==>**

**16/12/11**

dialoglogJADE: yes

JADE: in fact

JADE: you can hop right through me and join them

JADE: then you can travel with them to the new session if you like

JOHN: whoa!

JOHN: well, heck, why don't we do that then?

JOHN: it would probably be more fun with them than being on this golden battleship by ourselves.

JADE: it probably would!  
JADE: but i cant go with you  
JADE: i can serve as a gateway  
JADE: but i cant travel to the sun myself, remember?  
JOHN: oh yeah.  
JOHN: dammit!  
JADE: but its ok, really!  
JADE: if thats what you wanted to do, i wouldnt mind  
JADE: but whatever you do, you have to decide quickly  
JADE: they will be departing from the sun very soon  
JOHN: but i wouldn't want to leave you here all alone for three years.  
JOHN: that would suck!  
JADE: i wouldnt really be alone though

**[A6I1] ==>**

**16/12/11**

dialoglogJADE: i have the population of five planets to keep me company!  
JOHN: :O  
JOHN: that's right.  
JOHN: that makes it seem not so boring i guess.  
JOHN: but still...  
JOHN: i would feel really bad leaving you here, even if you do have a million salamanders and chess guys to keep you company.  
JOHN: you are my friend and also my sorta-sister, and we just met for the first time ever a few minutes ago...  
JOHN: i'm not going to be like, welp! see ya in three years jade!  
JADE: awww :D  
JADE: ok then  
JADE: personally, i think this trip could be a lot of fun!  
JADE: theres no pressure to do anything important or run around like lunatics anymore  
JADE: we can just relax  
JOHN: yeah.  
JOHN: now that you mention it, i'm pretty beat.  
JOHN: also... starving!!!  
JADE: woof!  
JADE: whoops  
JOHN: heheh.  
JOHN: i sure hope there are things to eat on those planets.  
JOHN: there were a lot of weird glowing mushrooms on lowas. i dunno about those.  
JOHN: i seem to remember a bunch of farms on the battlefield...  
JADE: there should be lots of good stuff on the planets  
JADE: also i would bet this ship is stocked with plenty of military rations  
JOHN: yeah, probably.  
JOHN: pff, hell, we could just raid all of our fridges and alchemize some tasty grub!  
JADE: oh yeah!!!  
JADE: durr, problem solved

JOHN: ok, cool.

JOHN: but it would still be nice to say hi to everybody before they leave.

JOHN: just to let them know how we're doing.

JADE: yes

JOHN: like, one of the last things rose saw before she died was me dying...

JOHN: i wonder if she knows i'm ok?

JADE: im pretty sure she knows a ton of things now

JADE: considering she is a fully realized seer of light

JOHN: yeah, probably.

JOHN: then maybe i'll just hop over real fast, and give karkat a fist bump, and give dave a hard time about his hella tight little hood, and then hop back?

JADE: im sure that would be hilarious

JADE: but

JADE: if you go i dont think i can bring you back

JADE: i cant bring anyone or anything to here from there!

JOHN: aw man, really??

JADE: as far as i know...

JADE: if theres a way i havent figured it out yet

JADE: i am still kind of new to this omnipotence thing after all :\

JOHN: that's stupid.

JOHN: what is with all these rules!

JADE: i dont know!

JADE: im sure the rules exist for a good reason though

JADE: maybe to somewhat limit the power and reach of omnipotent beings?

JADE: if there are no limits at all, it could be especially dangerous in the wrong hands

JADE: like what happened with jack!

JOHN: isn't that a contradiction though?

JOHN: if there are limits to your powers, you can't exactly be OMNIpotent, can you?

JOHN: more like...

JOHN: semipotent.

JADE: then i guess thats what we are!

JADE: semipotent demigods

JOHN: demidogs.

JADE: woof woof woof!

JADE: dammit!!!!!!

JOHN: heh...

JOHN: can you not control the woofs?

JADE: i havent gotten the hang of the woofs yet :(

JOHN: so, the dog ears...

JOHN: is that a permanent thing now, or what?

JADE: i think so

JOHN: i like them.

JADE: i do too!

JOHN: you are like a furry now, but not really the weird kind that people on the internet like to have sex with in their imagination.

JADE: D:

**[A6I1] ==>**

**17/12/11**

dialoglogJOHN: hey, can i at least send a message through?

JOHN: like a note or something?

JADE: sure!

JADE: better hurry up and write it though

JOHN: oh snap! ok, gotta think, quick...

JOHN: what do i write on?

JOHN: maybe the back of a movie poster or something?

JOHN: i don't think i have one captchalogued though...

JOHN: and now that i think about it, most of them were ruined by imps. :(

dialoglogARADIA: you see??

ARADIA: i told you they would bring your body

SOLLUX: ok, well i believed y0u about that, but yeah, i can see that.

SOLLUX: eugh, can s0meone get rid 0f that thing please?

ARADIA: oh!!!

ARADIA: sollux lets do it!

SOLLUX: what.

ARADIA: the corpse party!

ARADIA: theres no better time and there are so many corpses here to work with

ARADIA: is everybody ok with that? do you want to have a big corpse party?

ARADIA: we can incinerate the remains in the sun it will be just glorious

ROSE: Corpse party?

ARADIA: rose!

ARADIA: can you please explain to my friends what a human funeral is like?

ROSE: Of course.

ROSE: I would describe it as an occasion marked by a great deal of jubilation at the expense of one or more well dressed cadavers.

DAVE: hahaha oh god

ARADIA: i couldnt have put it better myself

ARADIA: could you go into more detail?

ROSE: Well, in my experience, a loved one, typically an elder, arranges to have the departed placed in a small box, and then forces you to stand in the rain all day.

ROSE: Then, presumably winded by all the deeply ironic catharsis, she gets drunk and passes out on the couch.

DAVE: oh my god we are never going to stop fucking with each other are we

DAVE: even without computers

ARADIA: hmmm that sounds just a tad specific

ARADIA: we may have to adapt the proceedings to be a little more

ARADIA: i dunno

ARADIA: multicultural i guess?

SOLLUX: err...

ARADIA: why dont you all do some brainstorming about what kind of funeral to have while i go round up the bodies!

SOLLUX: aradia, FUCK.

SOLLUX: will y0u co0l it on the c0rpse party shit for a minute?

ARADIA: whats the matter?

SOLLUX: i mean, everyb0dy here has just met, and i guess just went through a l0t of really heavy bullshit, d0 you think that maybe this isn't the best thing t0 harp on right n0w?

ARADIA: um

ARADIA: i just thought it would be a nice thing to bond over

SOLLUX: not everyb0dy is as into death as y0u though. like, it's c0ol t0 see you s0 excited about sm0ething, i'm seriously thrilled ab0ut that.

SOLLUX: but frankly it's all pretty fucking morbid t0 everybody, i just th0ught you sh0uld know.

KARKAT: IS IT SAFE TO POKE OUR HEADS UP FROM THIS GULCH OF IDIOTIC BANTER AND SEE IF THE COAST IS CLEAR FOR ADULT, BUSINESSLIKE CONVERSATION?

KARKAT: YES, YES, HUMANS, SO NICE TO MEET YOU, AND IT SEEMS YOU'RE GOD TIERS NOW? NEAT, YADA YADA, WHAT THE FUCK EVER.

KARKAT: JUST ONE QUESTION

KARKAT: WE FOLLOWED THAT GREEN BEACON OF WHAT I THOUGHT WAS THE AFTERMATH OF A SUCCESSFUL BLOW UP THE SUN MISSION

KARKAT: AND AFTER A BREAKNECK WARP SPEED JOURNEY IN WHICH MY BEST FUCKING FRIEND \*EVER\* PSYCHED ME OUT INTO THINKING HE DIED \*YET A FUCKING GAIN\* BY EXPELLING LITER AFTER GRUESOME LITER OF GRUBSAUCE FROM HIS EVERY ORIFICE

KARKAT: WHAT DO I FIND HERE?

KARKAT: WHY, IN ADDITION TO A PAIR OF HUMANS DRAPED IN CIRCUSWEAR AND ALL THEIR FLIPPANT GIBES LOCKED AND GODDAMN LOADED

KARKAT: IT SEEMS WE HAVE ALSO CHANCED UPON NONE OTHER THAN THE GREEN FUCKING SUN ITSELF

KARKAT: WHICH UNLESS MY RAW, RUDDY GANDERBULBS ARE STILL A LITTLE GRIEFBLEARY, STRIKES ME AS STILL BEING SOMEWHAT RATHER FUCKING \*UNBLOWN\* UP.

KARKAT: SO WHAT AM I MISSING HERE

DAVE: dude chill out we just got hornswoggled is all

KARKAT: OH!

KARKAT: CASE CLOSED

KARKAT: OK THEN, LET'S START PITCHING DEAD PALS INTO THE LIMITLESS INFERNO. MY CURIOSITY WAS TOTALLY FUCKING SATED JUST THEN!

ARADIA: the sun will never be destroyed karkat

ARADIA: im sorry but you were misinformed!

KARKAT: AH! MORE BREATHTAKING REASSURANCE!

KARKAT: EVERYTHING WILL BE FINE GUYS, WE WERE JUST HORNSWOGGLED AND MISINFORMED, CARRY ON THEN!

KARKAT: WASN'T THE WHOLE POINT TO TAKE OUT THE SUN TO NEUTRALIZE JACK?

ROSE: It shouldn't be a problem.

KARKAT: OH NO??? THEN WHAT'S THE PLAN NOW???

ROSE: It's simple.

ROSE: We regroup, and then defeat him in person.

KARKAT: OH! OHHHHHHHHHHHHHHH.

KARKAT: FUCKING OH.

KARKAT: AND HERE I THOUGHT THE NEW PLAN WAS GOING TO BE SOMETHING INCREDIBLY STUPID AND SUICIDAL.

KARKAT: DID I SAY OH YET?

KARKAT: BECAUSE THAT'S THE SOUND I MAKE WHEN I'M FUCKING RELIEVED!!!!!!!!!!!!!!

GAMZEE: honk.

KARKAT: WHAT.

GAMZEE: HONK.

KARKAT: WHAT DOES HONK MEAN THIS TIME YOU WHIMSICAL PIECE OF SHIT????

KARKAT: DON'T YOU START WITH ME

KARKAT: DO. NOT. START WITH ME.

KARKAT: I WILL GET YOU IN A HEADLOCK SO TIGHT IT WILL BE A MIRACLE IF PEOPLE DON'T MISTAKE OUR TUSSLE FOR AN ILL CONCEIVED VENTRILOQUIST ACT.

KARKAT: I WILL SHOOSH YOU AGAIN, SO HELP ME GOD. I WILL SHOOSH YOUR CLOWN ASS TO SHANGRI-BULLSHIT-LA AND BACK, AND FILL YOUR EAR WITH MY WHITE HOT PALEBRO SPITTLE.

KARKAT: I AM FULL AND FUCKING WELL PREPARED TO GET CONCILIATORY WITH YOU AGAIN IF YOU SO MUCH AS PASS GAS MURDEROUSLY, DO YOU UNDERSTAND?

KARKAT: IS THAT WHAT YOU WANT??? DO I NEED TO CALM YOUR FAYGO-STICKY TENTSQUATTING SHIT DOWN AGAIN????

GAMZEE: naw brother, i was just about to all say for you to try and get your settle down on, maybe.

GAMZEE: :o(

KARKAT: I GUESS YOU'RE RIGHT.

KARKAT: NO, YOU'RE RIGHT, I SHOULD RELAX.

KARKAT: AND BREATHE.

KARKAT: I MEAN, WHAT ARE MOIRAILS FOR, RIGHT?

KARKAT: THIS IS HOW IT WORKS, I STOP YOU FROM KILLING EVERYBODY, THEN YOU RETURN THE FAVOR AND CALM ME DOWN AND I JUST

ARADIA: or if anyone ever did!

ARADIA: but for what its worth i suggest that from now on you all listen closely to the advice of our human guests

DAVE: wait

DAVE: really

ARADIA: yes!

ARADIA: no need to be so modest dave

ARADIA: tactically speaking a knight of time and a seer of light is a nearly unbeatable combination

DAVE: ok

DAVE: i dont really have any orders to give though

DAVE: except for karkat to shut the hell up because that horseshit is more obnoxious in person than i ever imagined

KARKAT: OH WOW, I WOULD OFFER A RETORT TO YOUR VICIOUS BARB, EXCEPT FOR THE FACT THAT UNLIKE EVERY ASSHOLE EVER, I CAN ACTUALLY FOLLOW ORDERS AND SHUT MY MOUTH!

KARKAT: CHECK IT OUT, "DOGG"

KARKAT: .....

ARADIA: yes you are off to an excellent start as a subordinate

ARADIA: keep doing that!

ARADIA: but dave dont worry if you do not have instructions for us

ARADIA: the knight of time is not necessarily the tactician

ARADIA: he is a powerful warrior class which exploits the flow of time as a weapon

ARADIA: rose is the one who must play the role of the strategist

ARADIA: the seer class knows her aspect comprehensively

ARADIA: as a knower of all fortune she can see the circuitous path that will lead to the most favorable outcome for everyone

ARADIA: personally i would defer to her judgment!

TEREZI: R34LLY? YOU C4N DO TH4T??

ROSE: Yes.

TEREZI: TH4T SOUNDS 4 LOT MOR3 US3FUL TH4N MY S33R POW3RS >:[

ROSE: Illumination of the road to victory for all is an asset considerably different from command over the outcomes of decisions made by individuals.

ROSE: How do you know your talents won't be critical in blazing this auspicious trail?

TEREZI: UM

TEREZI: 1 GU3SS 1 DONT

ROSE: That's because you're not me.

KANAYA: Okay Then What Do We Do

[A6I1] ==>

20/12/11

dialoglogROSE: Nothing yet.

ROSE: But reasonably soon, within a certain window, it will be time to leave.

ROSE: We will then pilot this meteor as fast as we can make it go in that exact direction.

SOLLUX: what's that way?

ROSE: Nothing whatsoever.

ROSE: As of now, that way lies darkness and uncertainty beyond description.

KANAYA: I See

KANAYA: Then Perhaps We Should Reserve The Infinite Darkness Plan For The Maybe Column For Now

KANAYA: I Think Im Even Willing To Let Dave Take A Crack At The Logistics Before We Commit To That Particular Maneuver Daring Though It Sounds

DAVE: aw yeah

DAVE: i got sicknasty logistics up my sleeve

DAVE: i just call them stics fyi which is how you know im way savvy about them

DAVE: most of the stics im fine tuning atm involve rap though i should warn you

DAVE: but dave what if that dope as hell plan falls through i can hear you ask

DAVE: plan b

DAVE: involves drawing some shitty cartoons

DAVE: and not giving a fuck about stuff

TEREZI: >8D

TEREZI: 1 H3R3BY S3COND TH1S COOL DUD3S R4D1C4L MOT1ON ON GROUNDS OF R1D1CULOUSLY D3C4D3NT 4TT1R3

KANAYA: Yes Im Willing To Humor Elaboration On This Rap Centric Plan And Its Apathy Based Contingencies

KANAYA: Even If Its Excessively Stupid

ROSE: Trust me, it is.

ROSE: Just as you should trust me that by the time we leave, if we leave exactly within the designated window and are able to travel at nearly the speed of light, the meteor will trace a route through the Furthest Ring which will topologically resolve as a straight line.

ROSE: It will lead us directly to the new session.

ROSE: For a brief moment, the sun will be visible from that session.

ROSE: And we will be riding the chartreuse coattails of its photons.

ARADIA: this is why you all needed an advanced seer!

ARADIA: i have become familiar with the ways of the fabric out here but even i couldnt chart a journey that long or complex

ROSE: That's because it's almost impossible to do so voluntarily.

ROSE: If we were to head right now in the session's true physical direction, it wouldn't be long before we found ourselves traveling in just the opposite direction.

ROSE: This is not even to speak of the chronological peculiarities. After traveling some distance, we could discover we were suddenly tailgating our own meteor from several days ago.

ROSE: If we are particularly unfortunate, we might even collide in an intersection of spacetime with a meteor piloted by our future selves.

ROSE: And if we looked closely at that meteor before impact, we might notice a very large dent in it, which it originally suffered during the very collision we were about to experience.

ROSE: It takes precision and timing to reach your destination out here, and most importantly, the grace of the gods themselves.

KARKAT: PPPFFUUUUUUHHHHHHH..... WHEEEEEEEEEEEEEEEEEEEZE...

ROSE: Hm?

SOLLUX: kk, what the fuck?

SOLLUX: were you holding your breath that whole time?

KARKAT: ANYWAY, WHATEVER, SO WHAT YOU'RE SAYING LALONDE IS

KARKAT: WE'RE GOING TO BE ON THIS HORRIBLE ROCK A GOOD WHILE LONGER TO GET TO THIS PARADISE SESSION OR WHATEVER IT IS?

ROSE: Yes.

KARKAT: AND SINCE WE PROBABLY AREN'T GOING TO FORCE SOLLUX'S BULLSHIT "HALF GHOST" OR WHATEVER TO POP HIMSELF AGAIN LIKE A PACKET OF NASTY FETID MUSTARD SO HE CAN SHOOT THIS THING INTO HYPERSPACE...

SOLLUX: hey man, come On. not c0ol.

KARKAT: I'M GUESSING THAT MEANS IT'LL TAKE CONSIDERABLY LONGER TO GET THERE THAN IT DID TO GET HERE?

ROSE: Yes.

KARKAT: I JUST KNEW IT

KARKAT: THIS IS MY WORST NIGHTMARE REALIZED

KARKAT: WHEN WE FIRST FLED TO THIS METEOR I HAD THIS WEIRD FEELING WE'D WIND UP SPENDING FOREVER AT THIS MISERABLE PLACE, ASSUMING WE ACTUALLY SURVIVED.

KARKAT: I'M ALMOST AFRAID TO ASK, HOW LONG IS THIS TRIP GOING TO TAKE?

KARKAT: PROBABLY SOME ABSOLUTELY PREPOSTEROUS AMOUNT OF TIME, LIKE THREE LONG MADDENING SWEEPS, RIGHT???

KARKAT: WOULDN'T THAT JUST BE SO COSMICALLY CONVENIENT AND PERFECT FOR EVERYBODY! ESPECIALLY FOR THE MOST IMPORTANT PURPOSE OF ALL, MY UNINTERRUPTED CONTINUUM OF PERSONAL AGONY!!!

KARKAT: THANK YOU, DARK GODS! THANK YOU SO FUCKING MUCH!!! YOU WIN THIS ROUND! YOU WIN ALL THE ROUNDS APPARENTLY!!!! THERE ARE NO ROUNDS EVEN. THERE'S JUST YOUR SLIMY TENDRILS, OUR NAKED BODIES, AND EPOCHS OF MOLESTATION.

ROSE: Don't be ridiculous. It won't take nearly that long.

KARKAT: OH

ROSE: It'll only take about three years.

KARKAT: OK

KARKAT: THAT'S NOT SO BAD I GUESS.

KARKAT: WAIT, HOW LONG ARE YEARS SUPPOSED TO BE AGAIN?

KARKAT: WAS IT LIKE TWO WEEKS OR SOMETHING?

ROSE: Yes, two.

ROSE: And then fifty more.

KARKAT: FUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUCK.

KANAYA: As Nice As It Sounds To Move On

KANAYA: I Dont Know If I Can Stand Thre3 Of Your Human Years Of More Darkness

KANAYA: I Like This Sun Its Comforting In A Strange Way

KANAYA: Like Home

ROSE: But what if we need your help?

KANAYA: What Could I Possibly Do

KANAYA: Aside From Providing A Light Source As You Navigate The Dim Corridors

KANAYA: I Would Function As A Premium Escort To The Load Gaper And Thats About It

ARADIA: but kanaya you still have important work to finish too!

ARADIA: we cant ignore our duties

KANAYA: What Are You Talking About

ARADIA: our race is extinct remember

ARADIA: and after a few more casualties it is now hanging by a thread

ARADIA: your job was to see to the resurrection of our people

KANAYA: What Real Hope Is There For That

KANAYA: The Orb Was Destroyed

KANAYA: I Was Never Able To Duplicate It The Grist Cost Was Astronomical

ARADIA: theres always hope though!

ARADIA: you just never know and i dont think you should give up

KANAYA: Doesnt Rose Know

KANAYA: Cant You See The Path To Victory On This Matter

ROSE: It's hard to say.

ROSE: Does the repopulation of your species qualify as victory?

ROSE: These things aren't always clear cut. Some outcomes are for your own judgment.

ROSE: What outcome would you like the most?

KANAYA: I Would Like To Have The Orb Again And To Keep It Safe This Time

KANAYA: And I Guess To Not Be A Total Failure

ROSE: Ok.

ROSE: If you follow my advice, I can at least promise you will find yourself in the best position to determine whether that may come to pass.

KANAYA: ...

ROSE: Can you please come?

ROSE: Between the two of us, you with your inexplicably heretofore unmentioned phosphorescence, and I with my nigh-reflective traffic cone orange sun-sari, the meteor should never be too dark.

KARKAT: (sollux, oh my god is it me or is everybody already just fucking hitting on each other left and right? oh god i can't take sweeps of this shit, don't leave me alone here, please don't)

SOLLUX: ehehehehe.

KANAYA: Well

KANAYA: All Right

KANAYA: But Must We Really Leave So Soon

ROSE: It's soon or never. But not immediately.

ROSE: Even if the route were accessible right now, it would still behoove us to wait.

ROSE: There's correspondence from John yet to arrive.

DAVE: whoa really

ROSE: And after that, we have to wait for one final guest to appear.

ROSE: Then we ride like the solar wind. The race will be afoot.

KANAYA: Wait Another Visitor

ROSE: Was that the one you mentioned had a pink heart on it?

DAVE: yeah

ROSE: Hmm.

DAVE: what

ROSE: It's just that with the clarity afforded by my new abilities, it occurred to me just now that dead horse was likely the beautiful pet pony my mother gave me recently.

ROSE: It was crushed to death by your newborn ass.

ROSE: You bastard.

DAVE: well shit

BACKING UP SLOWLY INTO EARTHS ATMOSPHERE

hey everybody!

this is john. actually, it is john, jade, and dave sprite. we all contributed to the contents of this

bucket! we have to make it quick because apparently you're about to go on a long journey, just like us. i'm sorry we can't be there for the big meetup. karkat, i deeply regret that i will not be present for these highly touted "TROLL/HUMAN SLOPPY MAKEOUTS", ha ha. maybe in three years, assuming you all aren't totally smooched out by then!!! (i am just kidding around, btw.) rose and dave, you both look totally sweet! i can't believe you're both god tiers now. did you know jade is too? also, she has dog ears. she looks fantastic. how cool is it that we're all god tiers? it's like we're a super hero team, or some kind of anime squad. like the sailor moons, i guess, but not as lame, or as sexy. i'm going to miss the hell out of you both for the next few years. i'm already looking forward to this new session so hard. it was a fun adventure we had today, wasn't it? i'll even miss talking to the trolls too. say hi to them for me, even though i didn't get to know many. except karkat obviously, and oh yeah, vriska too. vriska, if you read this, thanks again for all your help. i don't think i'd have made it this far if not for you! i just thought you should know that.

jade and dave sprite both say hi and send their best wishes. but now jade says i have to finish quickly! she wants me to throw this bucket and its heartfelt payload through her mysterious portal. so here i go.

see you all in 3 years!!!

The moon is presently eclipsing Skaia. From your fanciful dream room atop your golden tower, you have seen many remarkable things in the clouds. Things which you cannot explain.

But against all better judgment, you have a feeling that what you are fondly regarding could very well be some sort of miracle.

**31/12/11**

Get this shit outta the way. You're a busy bureaucrat. The clock is ticking, and time is dead kids.

**Jack: Check time.**

**31/12/11**

The moment rapidly approaches. You're gonna show these alabaster sons of bitches how a cold war is *done*. You can't wait to read it in their papers. "The Maid is dead. Our Life is pathetic, blah blah blah." Or somesuch monotone drivel overheard during one of their pointless, weepy cadaver

parades. There'll be no mistaking it this time. No servant will discover the body and inform the queen that Prospit's remaining hero passed in her sleep, peacefully and mysteriously. When the clock strikes twelve, no one in this wretched kingdom will have any doubt who's calling the shots here.

You're gonna bring this whole goddamn ball down.

**Jack: Contact Droll.**

**31/12/11**

Alert : ♣

You touch base with your administration's top powdermonkey, none other than Dersite bumbler extraordinaire, the Courtyard Droll.

You ask if he's done rigging the tower to blow. He says you bet. You say good, over. But he mutters something over the radio you don't quite catch. You say what is it. He says oh nothing boss. You say out with it. He asks, isn't this cheating? Assassinating the heroes like this before the war's even really begun. You say what do you care, just follow your orders. He says oh of course, no question, he just thought it was against the rules or something. You say it's all fair game now that the kingdom's under new management. The new boss ain't opposed to taking some shrewd tactical shortcuts. You like the cut of her jib. He says he supposes he can't complain. Her policy toward elaborate hats seems to be as lenient as the old queen's. You say will you shut up about the hats. He says it's probably because she wears the most grand and luxurious fluffy hat he's ever seen. You say you don't think that's a hat. You think it's something called "hair." He says oh.

You say now quit all the yapping and following your damn orders. He says ok, but it still just feels wrong. You say what does. He says he doesn't know, just something about feeding that poor sleeping boy all those deadly peanuts just felt wrong. You say you don't care if it felt like a fucking full body massage, just get those bombs ready to blow, over and out.

Wait.

Fed him what?

**==>**

**31/12/11**

He says the intelligence report he had said the kid wouldn't take well to peanuts. So he snuck in there with a whole bag of them. You know, like the kind from circuses.

**==>**

**31/12/11**

He says he ate most of them because they were delicious, and as far as he knows, aren't poisonous to most everybody else. But he did save a few to get the job done, because he is a professional who always carries out his orders.

**==>**

**31/12/11**

deadly peanuts

It's not easy feeding a sleeping boy some peanuts, he says. He says he had to work extra hard to put them in his mouth and then use his hands to make his mouth chew up the nuts.

==>

|                |
|----------------|

But mission accomplished nonetheless, he tells you. You should be pleased to know those nuts were super deadly! Though to be fair he doesn't know if he died from the poison, or just choked on a bunch of barely chewed peanut bits. You know what else is super deadly, you say? Knives. Sharp deadly knives you stick in people's soft torsos to make them bleed until they die.

He doesn't have anything to say to that.

**Jack: Wrap this up.**

31/12/11

You say forget it, what's done is done. The Prospitian heroes are dead, and that's all that matters. Just be ready to detonate at the appointed time. He says roger that, but wonders if there are any more orders after that. He asks, what about the other two? The ones on our moon? And most importantly, is there any particular snack that is poisonous to them? You say forget about those two. They're much trickier to deal with. You've got the Dignitary working on it now. You'll get a report from him soon when you return. You wouldn't have even bothered leaving in the first place, but you wanted to make the trip personally and stick it to all these self righteous, Skaia-bathing goody twoshoeses yourself.

Hang on. Something's happening here. You gotta go.

**Jack: Inspect torso.**

31/12/11

This can't be good.

You better hit the road and blow this joint, before the dead broad does some sorta...

01/01/12

What the heck just happened?

Now you remember. The mailbox was boobytrapped. But you survived somehow, and got knocked out.

How did you get all the way over here?

==>

01/01/12

Dad seems just as dumbfounded as you are, and more than a little distraught.

Did Lil' Seb whisk you away in the nick of time? Can that little bunny really move that fast? Where is he??

==>

01/01/12

You suppose you should let dad know you're ok. But it's been so long since you've enjoyed such a massive PRANKSTER'S GAMBIT in an exchange with the old man. It's hard not to bask in it, if only for a few seconds.

**Jane: Turn around.**

02/01/12

Oh. It's the GOD CAT again. You guess that explains it.

==>

02/01/12

Just look at that aloof little bastard. He doesn't give a shit about anything, does he?

You guess you should feel grateful toward him for saving your life, but you know he's just as likely to rescue you from an explosion as he is to randomly teleport you across town, forcing you to call

your dad and ask for a ride home, while you spend all day standing in some random field in the pouring rain while you wait hours for your dad to come and pick you up after he gets lost because he plugged the wrong place into google maps.

**Jane: Call GCat down from the tree.**

**02/01/12**

Even if you were inclined to do that, he wouldn't respond to that name. You're pretty sure he doesn't have a name. You and your friends just call him the GCat for lack of anything else to call him. Everybody has opinions, but nobody can agree on a good name. You think he probably doesn't want a name. He's just a feisty stray who likes to meddle with your life, then vanish for weeks at a time.

**==>**

**02/01/12**

Uh oh. Looks like the jig is up, yet again. Is the jig ever ANYWHERE but up?? That's what you want to know.

You feel bad about leaving him in suspense for even a moment. Your gambit gets totally rocked by a guilty conscience.

**==>**

**02/01/12**

He tells you to get inside this instant.

**Jane: Return to room.**

**05/01/12**

GG: It looks like we are in the clutches of an actual caper. A real life mystery!

GG: Which under different circumstances would be quite exciting.

GG: But the truth is, I think we are all in great danger!

TG: well fuck

TG: i guess its time to take this shit up to RED ALART

GG: Yeah, yeah. :p

GG: But that wasn't all there was to the dream.

TG: a gander u say

GG: Yes.

TG: how good a gander

GG: I would say a pretty substantial gander.

TG: ok

TG: and during this totally massive gander u snagged

TG: what did you see

GG: I saw things in the clouds.

TG: things

GG: Yes.

GG: Things.

TG: wut things

GG: Things happening in the future, I think.

GG: Many events pertaining to us. All of us, and other people I didn't recognize.

GG: It was a bit overwhelming.

GG: It made me feel small. Insignificant, relative to whatever it is we're about to involve ourselves with.

GG: And honestly...

GG: It made me feel pretty foolish too.

TG: foolish

TG: why foofish

TG: \*sdjhf

GG: I began to wonder why I ever had the audacity to think I know much of anything about the world we live in or the journey we're about to take.

GG: Or to think I could ever rule anything out.

GG: I have a feeling that whatever I saw, it means you've been telling the truth all along.

GG: About everything.

GG: And I'm starting to feel like a complete idiot for doubting you.

TG: aw man :(

GG: I've been one great big horse's caboose, and I think you're owed an apology.

GG: Do you think you can forgive me?

TG: jane

TG: damn

TG: ur makin me feel like shit here

GG: Why?

TG: uuuun

TG: eh no reason

TG: just uh

TG: hey did u dl the game file i sent yet

GG: I did.

GG: And at this point, I guess I have no choice but to use it. I guess you were a step ahead of me yet again.

TG: why

GG: Because the one in the mail detonated in my most recent assassination attempt.

TG: WHAT

TG: of fuck those HACKS

TG: the old exploding game trick woh would stoup to such lowbrow shegnannagings like that

TG: \*somanys sweet typos

GG: :B

TG: that witch just mafes me FUCKINK FRUIOUS sometites

GG: Hoo hoo! The tactic was quite underhanded, yes.

TG: yeaah

TG: uh so

TG: what were we talking about again

TG: soory im just worked up ovr it

GG: I don't blame you.

GG: Where we were, by my estimation, was a place wherein I was about to awkwardly attempt to swallow a helping of humble pie.

GG: To somehow make it up to you for my years of stubborn mistrust.

TG: hey jane

TG: wasnt that a bunch a splip infinitives...

GG: Hm?

TG: \*split

TG: to awkwardly attempt

TG: to somehow make it up !

GG: Oh!!!

TG: lul so busted

GG: Oh gosh, what a doofus.

GG: You see?? I clearly don't have all the answers!

GG: I really had some nerve challenging anyone, on practically any subject.

TG: dont beat urself up too bad we both know that rule is bullshit anyway

TG: you hold yourself to too high a standard and those standards kinda leak out and start gettin applied to other people i guess sometimes

TG: you really dont have to apologize janey or eat humble pip or anything all youve got to do is maybe not be such a huge tightass all the time

GG: That's fair. But I would still like to make a gesture.

GG: Even if it's one partially motivated by self interest, seeing as I clearly have much to learn.

TG: ?

GG: It is good for twenty-four solid hours of absolute credulity from your best friend.

GG: :B

GG: It means that starting now, whatever you tell me, I will have to believe you.

TG: o rly

TG: ooooooooooh.....

GG: Are you there?

TG: (shh)

GG: Oh.

GG: Exactly how dramatic are we talking, here?

TG: RLLLLLLLLLLLLLLLLLLLLLLLLLLLLLLLLLLLLLYYYYYYYYYYYYYYYY?????

GG: Sigh.

**09/01/12**

Alert : TG

TG: what do you want me 2 say

GG: Hmm.

GG: Everything, I guess. I'd like to get completely up to speed, if possible.

TG: yeah

TG: but

TG: im pretty sure i already said everything

TG: want me to just

TG: sayit all again....

GG: Some reiteration certainly couldn't hurt.

GG: But this time I won't work so hard to sift the fantastical from the plausible.

TG: so like

TG: stuffs i said about my mom or

GG: Sure.

TG: ok well fors tarters

TG: she really is the notable author u know

GG: Oh, I know that!

GG: That was always something I had no trouble believing, considering the public documentation even reclusive celebrities receive.

GG: And frankly, the family resemblance is obvious.

TG: yup

GG: Anyway, it would be disingenuous if I found your relation far fetched, since we're all apparently related to noteworthy people. It's just one of those funny things.

TG: true dat

TG: then

TG: what else can i talk about

TG: like her occolt majjyks and stuff

TG: because i dont know a whole lot about the mayjjykks

TG: besides th fact that theyre all real as shit can get

GG: Maybe we should start at the very beginning.

TG: ok

TG: but the beginning was a hecka long time a go

GG: Do you remember around when we first started talking?

TG: y

GG: And you claimed you were the one making my pumpkins disappear?

TG: hahAHA

TG: \*aha

TG: y :3

GG: You later proceeded to try to prove to me that what you were saying was true.

GG: But none of your attempts thereafter would ever bear any fruit, pardon the pun.

TG: k but it aint pardoned because a pumpkin aint even a fruit

TG: its a big orange porch thing for holloween numbnuts

GG: Yes, I know what pumpkins are. It was a joke, silly.

GG: What I'm trying to say is, in thinking back to those days, when you couldn't verify your claims, it made me think the whole thing was a big ruse.

GG: And I think this unfortunately began a pattern of mistrust. It was always hard to rule out the possibility that you could be joking about other things as well.

TG: yeah

TG: but its not my fault i mean appeafrification tech is notoriously unreliable

TG: remember

TG: i xplained this

TG: i cant just always appearify stuff from you any time i want

TG: i can only take stuff im "allowed" 2 which is pmuch random

TG: like stuff that by takin id be messing up the time line cause that stuff is supposed to be there and serve some funciton it hasnt served yet

TG: so most of the time if i try all i get is slime on my end

TG: but pumpins 4 some reason are a lil easier to take i dunno why

TG: like they are specifically and arbitrorily unhinged from spacetime

TG: is spooooko

TG: \*ky

GG: I couldn't begin to explain the science behind such a technology either.

GG: But I guess the important thing is, regardless of how or why it works, this is a story you continue to stand by?

GG: That is, you are still taking credit for the mysterious disappearance of all those pumpkins I grew years ago?

TG: f yeah  
TG: i so gonked your gaurds jane  
GG: ...  
GG: Did you gank them when my gourd was down?  
TG: \* yes  
TG: \* yes i did exectly that  
TG: snatched ur patch sucka!!!!!!  
TG: hehe  
GG: Very well!  
GG: Then I believe that is what happened.  
GG: That's all I am trying to say here.  
TG: so  
TG: ok  
TG: u believe that  
TG: now what??  
GG: Now... nothing, really.  
GG: You may continue to tell me anything you would like with the confidence that I won't doubt you.  
GG: So by all means, go ahead!  
TG: ok gotit  
TG: so jane  
TG: whas tit feel like 2 get stabbed by a bab guy  
GG: Oh, come on!  
TG: huh  
GG: That is a question!  
TG: yeah so  
GG: It's not any sort of revelation, or statement for me to take at face value.  
GG: Dadburn it. This isn't that difficult!  
GG: And for the record, it's not great.  
TG: whats not  
GG: GETTING STABBED BY A BAD GUY. IT ISN'T ALL THAT PEACHY.  
TG: yeah i bet  
TG: musta suuuucked  
TG: or  
TG: dream sucked idk  
GG: So, you're not in the mood to tell me things?  
TG: no i am  
TG: im psyched about u wanting to believe me and all  
TG: but part of me still feels like i should prove it  
TG: like i tried to once  
TG: it was just frustratin i mean im a sciestist i should be able 2 prove my shit  
TG: like  
TG: subject my claims to the fuckin madrigogs  
GG: Um...  
GG: Madrigogs?  
TG: \*mad rigors

TG: u know what i mean???

GG: Yeah, I understand.

TG: i mean trust between friends is sweet and everything but i dont know if i wanta be the repipient of like a butt load of pity believins

GG: It's not about pity!

GG: It's more like a gesture I'm trying to make.

GG: Or maybe that's not quite right.

GG: It has more to do with setting things right for myself than making it up to you.

GG: Does that make sense?

TG: .....

GG: Shoot, I'm doing such a terrible job explaining this! :(

TG: (patiently sips bev rage)

GG: The bottom line is, I WANT to believe the things you say now.

GG: That's all you need to know!

TG: ok thats good

TG: i want that 2 buuuuuuut

TG: i still wanna prove it irregardlessly!!!!!!`

GG: \*Shudders uncontrollably at "word" usage.\*

TG: whoops sry

TG: \* still WANT TO prove it irregaurdlesally

TG: ^ all fixed tght as fuck

TG: so u down for one last try

GG: Sure!

TG: k lets get busay

TG: what you want 2c me disappearify

### **Jane: Look around.**

**09/01/12**

pesterlogGG: I don't know.

GG: The baking chest, maybe?

TG: too big

TG: i got size restrictions here

TG: bigger stuff takes huge amount sof power to swipe

TG: so this gizmo i have has a built in size cap

TG: like somethin as big as you for insance

TG: i cant take

TG: believe me ive triiiied

GG: D'aw.

GG: That's sweet of you, I guess?

TG: was totes sweet of me to try and steal you for the hangouts but it dint work becuse of BUULBSHIT

TG: but i can take stuff somewhat smaller

GG: What are the restrictions?

TG: just dump your shit on the floor

TG: tell me everything thats there

## **Jane: Empty sylladex.**

**09/01/12**

pesterlogGG: Well, what immediately catches my attention is this enormous book.

GG: I wonder how it squares with your size restriction?

TG: wut book

GG: My Unabridged Sassacre's!

GG: It's a very rare edition, and a precious family heirloom, so I don't know if it would make an ideal candidate for the journey.

TG: no no r u kidding that shit is perfect

TG: should be just the right size like big but just barkley not too big

GG: But what if it gets damaged!

TG: pshhhhh itll be set fire

GG: Oh! Silly me, what was I even worried about!

TG: errr

TG: ahahaha man

TG: \* sent

TG: \*\* fine

GG: That wasn't even a Freudian slip.

GG: Doctor Freud just tripped over an errant phallus, tumbled down a flight of stairs, and broke his neck.

GG: And then his cigar exploded comically in his face.

TG: ffffFROLOFL

TG: jane ur funy

TG: (omg still lolig @ that word boner i made ooomg)

GG: It was spectacular.

TG: but 4 real i wont set ur fuckin joke book on fire jane

TG: it doesnt even do that even if it goes the worst kinds of wrog

GG: Couldn't we send Wise Guy instead?

GG: At least it can be easily replaced.

TG: jane

GG: ?

TG: jaaanae

GG: HM??

TG: FUCK wise guy

TG: ist would be SO LAME ass a giguinea pig book

TG: goddam who m i kidding i dont even no how to spell giguinea pig whilst sober

TG: coud be sober as a churchchrist and lookat it..... giunae.... guinea... idk shit looks intrinsnically fucked typographically speakin

TG: sooo FUCK that wrod and FUCK those parcicular pigs

GG: No, I reject your proposal that we "fuck" Wise Guy, whatever that actually means, or for that matter, the spelling of any adorable rodents named after African nations.

TG: jane

TG: are u being a tightass again

GG: I don't... think so?

TG: we talked about this

GG: About what?  
TG: about you being a tightass  
GG: I am not being a tightass!  
TG: janey  
TG: it seems 2 me  
TG: that there is a (MATHS) % chance of you being a huge tightass  
TG: are u being a huge tightass on me jane  
GG: Oh god dammit.  
GG: Take the book! What do I care!!!  
TG: yessss that the spirit  
TG: now u are believing w petrol  
GG: I fail to see what offering up a priceless book for your wildly capricious science experiment has to do with my resolution to be less stingy with my beliefs, but alright.  
TG: haha will u relax abt the book  
TG: im only just teasing cause theres like practically a 100 percent chance this wont work like always  
TG: \* wont work like always  
TG: soooooo  
TG: ready/  
GG: Yes, let's just get on with it.

## **RL: Appearify.**

GG: Don't tell me.  
GG: The book is damaged somehow, isn't it?  
TG: fffffffffffffffuk :(  
GG: Sigh. Is it at least SOMEWHAT intact?  
GG: Or was it completely incinerated in transit?  
GG: I just KNEW we should have used Wise Guy. I can't believe this.  
TG: dont worry  
TG: the book itself is topes fine :\*

Alert : Sburb

You wonder what her deal was. It's always something with her.

You again notice her game file, beckoning you to play. But she warned you not to until she gets back. Phooey.

Oh hey, you just noticed your SLIGHTLY ABRIDGED EDITION of Sassacre's over there on the floor. You guess you could have sent the much less valuable copy and saved a lot of arguing. But what's done is done. There's more reading material sprinkled about, too. You've clearly got some time to kill before your bffsy gets back from her emergency. Might as well do some casual reading.

But there's nothing casual about hoisting even an abridged Sassacre's up to your lap, so forget that. There's always GAME GRL. But the articles are all a bit vapid, and in your view, somewhat demeaning to female gamers, and women in general. You and Ro-Lal are convinced the whole thing is just written by the same odious d-bags who write GAME BRO. Which is exactly what makes it GOOD 4 THE ELL YOU ELLZ, her words.

Speaking of bros, and the games they play...

[EH WHATEVER.]

**Jane: Flip to page 1.**

**11/01/12**

1.

[Tragic pony noose.]

A Visitor

[Almost a good name for you. Not sure why.] Anna Harley [Dumb name. Sounds like product of speech impediment by imbecile.] came out her back door and ran across the backyard. There were two ponies in the paddock behind Anna's house

and yard. "Hey, ponies," Anna called out. "We're going for a trail ride."[, as she prepared the noose adroitly.]

Anna's pony, Acorn, was standing in the pony shed. The other pony, Snow White, [Lil' Sebastian] belonged to Anna's next-door neighbor and Pony Pal, Lula Sanders. [The City of Pawnee, Indiana.]

Snow White [Lil Seb] came over to Anna, but Acorn stayed in the shed. Anna thought that Acorn was trying to hide from her. He liked to play Catch Me if You Can. [I'm Scared Shitless of My Master.]

1

## **Jane: Turn page.**

**11/01/12**

[Man, screw handwriting. This is easier.]

Anna went into the shed. Acorn wasn't [fucking around]. He was staring at a fluffy black cat with white paws [taking a dump on his favorite saddle.] The cat was staring back at Acorn [shitting like tomorrow wasn't a thing.]

"Hey, kitty," said Anna. "What are you doing here?" [she asked, the act of defecation oddly foreign to the girl.]

[Pawnee] came into the shed behind Anna. "Whose cat is that?" [the rural township inquired.]

"I don't know," answered Anna. ["It's not a pony, so who seriously gives a fuck."]

Suddenly a mouse ran from behind the feed bin. [The contrived incident caused some extra shit to happen. Acorn was like, ah hell no. Not the fuck in my paddock, bitch.] Acorn nickered as if to say, "[Vile slurs omitted]"

The cat leaped back up on the straw and curled himself into a ball. Acorn took a few steps toward the cat and [crushed it to death with his magnificent hooves.] Acorn nickered [triumphantly.]

"That's so cute!" [murmured the fictional midwestern borough.]

Pam Crandal rode [another god damned pony] up to the shed. She said hi to her Pony Pals and [the whole crew beamed complacently about their bullshit horse club.]

Anna pointed at the cat. "Acorn has a new [kind of meat he appears to tolerate!" she exploded.]

2

Later, about halfway through the book, rather than see the gag through to the bitter end, Strider began pasting over entire pages of original text with his own completely rewritten version of the story, while keeping all the chapter titles. His revision is a tough, emotionally draining read. But it's cathartic, in all the worst ways possible.

He tends to get carried away with his projects.

## **Jane: Just check out the file already.**

Alert : TT

God you wish stuff would stop exploding.

**Jane: Answer Di-Stri.**

12/01/12

Alert : TT

The Spirited HORSE

Alert : Jane

pesterlogtimaeusTestified [TT] began bothering gutsyGumshoe [GG] at 1:43

TT: I should probably warn you.

GG: About what?

GG: Yet another exploding game trap?

TT: Well shit.

TT: She already sent it?

GG: Yes.

GG: But to be fair, she warned me not to run it.

TT: That's weird.

GG: Why?

GG: She was probably just trying to protect me from the Batterwitch's latest assassination attempt.

GG: Sheesh, I can't believe you all finally got me saying "Batterwitch" too. Who would have thought?

TT: No, it's weird because Lalonde was the one who rigged it to explode.

TT: It's a bogus copy she coded herself. The real game file she downloaded is totally legit.

GG: What? Really?

TT: Got it right here myself. Checked it out.

TT: File's fuckin' clean as a whistle.

TT: A whistle that overcame a major substance abuse problem. Trying to get its life back on track.

TT: The whistle is holding down a steady job now. It's taking things one day at a time.

TT: Eat a fuckin' dinner off that whistle.

GG: ...

TT: Ok I'll shut up.

GG: Why would she do that?

TT: To accomplish exactly what it sounds like got accomplished.

TT: You narrowly averting the "fake" threat to your life, then getting your shit all hot and bothered at the Baroness over it.

TT: Then you abdicate your heiress throne or something, and give up on this game as a big fuck you to the genocidal cake alien.

GG: But...

GG: If she felt so strongly that I shouldn't play, she could have told me.

GG: Or, told me more forcefully, I guess. I would have listened!

GG: Maybe.

GG: :(

TT: She's working through some problems right now.

TT: Really doesn't want us to play that game.

TT: So I guess this was the insane stunt she whipped up to derail the inevitable.

TT: Kinda reckless for my tastes.

TT: One of the above statements is a fucking lie, are you gutsy enough a gumshoe to spot it.

GG: Maybe she was justified in taking such an extreme measure. I sure hadn't been taking her seriously.

GG: She even warned me not to play it until she got back, but I went ahead anyway because I was too impatient!

GG: Actually...

GG: Now that I think about it, she was probably going to disarm it or such when she got back, seeing as her objective had essentially been accomplished already by an ACTUAL assassination attempt.

GG: After that, I told her I would believe her about everything.

GG: That probably made her feel guilty about setting me up, so she told me not to touch the file until she returned.

TT: Sounds about right.

GG: But then I went ahead and ran it anyway like a doofus.

GG: I think she just wanted to be believed.

GG: Shucks.

GG: Am I an awful friend?

TT: Nope.

GG: I'm not so sure about that.

TT: Well, before you go taking a massive sad crap all over your friendship credentials, consider this.

TT: Only she could manage to blow up your computer with a nasty deathloop virus and somehow make YOU be the one to feel shitty about it.

GG: Heh!

GG: You're right.

TT: Or maybe you're the one who uniquely fills the predicate in that construction.

TT: I don't god damn know.

TT: Your friendship with her is a half drunken three-legged relay race, and the baton is a stick of dynamite.

TT: And you two are the only ones on the track. Me and English are watching from under the bleachers, high-fiving constantly.

GG: I guess that's a pretty apt metaphor, even though it doesn't make the slightest bit of sense.

TT: Yes.

GG: I just wanted to start playing the game so badly!

GG: Now more than ever. I have reason to believe the stakes have increased dramatically.

TT: They have.

TT: And they will continue to.

GG: I think our dream counterparts are all marked for death, and if we are to stand a chance, we must move quickly.

TT: I agree.

TT: Just heard about your assassination on Prospit.

GG: Oh, she told you already?

TT: Who, RL? No.

TT: I read it in a newspaper.

GG: Um.

GG: Are you being ironic again?

TT: No.

TT: I just picked up one of the sleazy Dersite tabloid rags.

TT: Sometimes they'll feature some pretty entertaining gossip about the royalty or whatever.

TT: But they're primarily dedicated to smearing Prospit. The press had a field day with the deaths of the Page and the Maid.

GG: Dersite? You mean the other planet? The evil one?

TT: Derse, yeah.

TT: Not evil, necessarily. That's a bit simplistic. The kingdom represents the forces of opposition to Prospit and the four heroes. Us.

GG: What did the story say about me?

TT: "DEAD"

TT: Was the big ass headline.

TT: Then a photo of your dead body lying there, followed by a lot of bullshit slander.

TT: It was also reported your tower exploded. They couldn't find the body to give it a proper funeral. Probably incinerated.

GG: I didn't realize you had woken up in the game already.

GG: When did that happen?

TT: Dunno. Years ago. Don't really recall.

GG: I guess I shouldn't act surprised you didn't tell me. What with all your highfalutin secrecy.

TT: It's hard to explain.

TT: I was never technically asleep there. I was awake without realizing it.

TT: Then I realized it.

TT: And I sorta learned how to be awake there while awake here too.

TT: I am awake there now, albeit pretending to sleep.

GG: Pretending? Why?

TT: For one thing, it gets a bit distracting managing two alert bodies in different places at the same time.

TT: And for another thing, it's better to maintain appearances.

TT: Everyone on Derse believes their heroes haven't woken yet.

TT: Though they are both rumored to be very active sleep walkers.

TT: Which is half true. She can't ever seem to sleep still. Goes off wandering for days.

TT: Sometimes I've gotta go round her up from some godforsaken cranny of the abyss. Drag her tipsy ass home, tuck her back in.

TT: Maybe I'll chain her leg to the bed if she doesn't wake up soon.

TT: Though in light of the recent assassinations, her slumbering attraction to the void probably works to her advantage. No one ever knows where she is.

GG: I'm still not sure I'm following.

GG: Why are you maintaining the appearance of being asleep? On Prospit, it seemed as if the people there regarded me and Jake very highly. Like celebrated figures.

GG: Is it not the same way on Derse?

TT: No, it's essentially the same situation here.

TT: They glorify us the same way. Almost like we're their purple pajama'd team mascots. Even though they will completely oppose our objective when all is said and done.

TT: Kinda ridiculous, really.

TT: But even so, I think it's better to lay low, not alert anyone to my...

TT: Alertness.

TT: That way I can sneak around and gather information. Do some reconnaissance before shit starts getting real.

GG: In other words, read newspapers, get a feel for "the word on the street," and such?

GG: As might a detective? :B

TT: Yeah, among other things. Like keep an eye on agent activity.

GG: You mean... secret agents??

TT: No, more like high ranking officials.

TT: Judging from your knife wound, I'm betting you were the victim of the Archagent himself.

TT: You should feel honored, I guess.

GG: Who's that?

TT: A guy named Noir.

TT: Real nasty dude. Crazy ambitious. Loves knives.

TT: If we're going to stand any chance of winning this thing,

TT: I've got this nagging suspicion we're gonna have to take him down first.

TT: And a feeling that nags equally,

TT: Is it ain't gonna be easy.

==>

**13/01/12**

pesterlogGG: I guess I should find all that ominous.

GG: But I cannot lie, sir.

GG: Nothing you have said has made me one iota less excited to begin this adventure!

GG: Those dastardly agents can try to assassinate me all they like. I just want to get started!

TT: That's the most awesome way to be, Jane.

TT: And it is again why you will be our leader.

TT: (Sort of.)

GG: Right.

GG: Still fixing to pull the strings for us, per your extensive puppet metaphor?

TT: Pulling them as we speak.

TT: I am having Lil Seb install a real copy of the client on another computer in your house.

TT: A clean computer, not any of this BCCorp garbage you tend to accumulate.

TT: I'll have to insist from this point onward, you employ neutral devices.

TT: That shit fucks with your head.

GG: Hrm.

GG: Alrighty, I think I can make that concession.

TT: Once it's installed, I'll connect with you. I will be your server player.

TT: I know this isn't what you were hoping for, but some improvisation is in order.  
TT: While you get the ball rolling, I'll try to talk some sense into that mercurial boozehound.  
GG: Sounds like a plan.  
GG: I do hope she comes around. It would be a bummer to play without her.  
TT: She will.  
GG: Say, do I even have any machines that survived the explosion besides this one?  
TT: Do you even have any machines that don't inundate you with fucking Hamburger Helper ads and Guy Fieri's heinous propaganda?  
GG: I guess not. :p  
GG: Still, some nice things were surely destroyed.  
GG: I think Detective Pony was caught in the blast.  
GG: It's unlikely Acorn survived. :(  
TT: A fitting end to a life of moral compromise.  
GG: So, since I'm apparently out of "neutral devices,"  
GG: Which computer is Seb installing the file on?  
TT: On your dad's computer downstairs.  
TT: One in the study.

GG: I would be so sad if I kept the tradition alive like this.

TT: The most you have to worry about is getting grounded back to the stone age.

TT: When you enter the session, he'll probably lock you up in a prison cell on Derse.

TT: Probably stick a huge safe in front of the bars for good measure.

pesterlogTT: Now do me a favor and hop off the couch.

GG: Ok.

GG: What are you doing?

TT: Makin' room for something big.

## DS: Deploy.

15/01/12

You watch Di-Stri deploy some sort of mammoth instrument on to your balcony. It's just as well he took over for Ro-Lal. She probably would have destroyed half your house with that thing in her condition. But on the bright side, you're sure RL would have enjoyed a good nicker with you over the notion of DS deploying his mammoth instrument. You wonder what she could possibly be up to?

While you're at it, you also wonder what the deal is with this cagey treatment of their names. Di-Stri, Ro-Lal, DS, RL, Strider, Lalonde... it's all starting to get a bit silly. Each of their full names has eleven characters, and you have been dancing around all but two. Maybe it's time you were formally introduced to the last two characters.

==>

15/01/12

One of the last two stands in her bedroom. It is a young lady! Due to an incident involving an APPEARIFIER, an unabridged COLONEL SASSACRE'S, and a PERFECTLY WHITE CAT, she will not be able to assist her bffsy for some time. And due to the aggressive concurrence of all that takes place in paradox space, this incident HAS NOT HAPPENED YET.

But what HAS HAPPENED YET was this young lady's 13th birthday. It took place almost three years ago, and on that date her placronym was engraved. It was engraved with eleven letters to be precise, nine of which you are already familiar with. You figure it couldn't hurt to take a peek at the engraving. You've been dying to get the scoop on those last two mysterious characters.

## Examine placronym.

| ROXY LALONDE |

Thank you, cat who is probably Jaspers.

The final two chromosomic symbols have been released from their fluffy, twitching prison.

## **Examine room.**

**15/01/12**

Your name is ROXY.

God DAMN do you love WIZARDS.

You wish and hope they are REAL, and that so too is their MAJYYKS AND STUFF. You enjoy writing FANPROSE FOR SAID MAGICAL MEN, but you think maybe it's NOT SO GREAT. You are however QUITE GREAT at the esoteric sciences, such as ECTOBIOLOGY, DARK FENESTROLOGY, and the delicate art of APPEARIFICATION. You have tended to accrue dead preserved SPECIMENS from your experiments, little to none of which AREN'T FELINE.

You aren't one to shy from A BIT OF GAMING, particularly the sort WELL PAST ITS PRIME; you have a real soft spot for OLD SCHOOL TECHNOLOGY. It is fair to say most of your leanings are governed by a BENT FOR NOSTALGIA. Your coding cred is totes ridic, basically making you the HOTTEST SHIT HAXXOR BITCH YOU EVER KNEW, as deadaly\* to the grid ass\* she is beautiful\*. You are known to nonseldomly employ a ROGUISH DEMEANOR toward the FELLAS, a habit not especially jeopardized by your noninfrequent INEBRIATION.

Which is to say, against the better judgment of one your age, you like to DIP INTO THE SAUCE now and then. Unless your MOM is looking, which happens to be virtually NEVER. And considering she has been known by the knowledgeable to be in possession of VISION OMNIFOLD, this strikes you as a particularly STUNNING LAPSE IN PARENTAL DILIGENCE. But you have good friends and many distractions to fill this VOID in your life.

What will you do?

## **Roxy: Wail like an alley cat and blow bubbles in your drink.**

**15/01/12**

Roxy is not empowered to resurrect this crusty old gag template because all of the sudden

"All of a sudden."

All of the sudden

She is too busy being the other guy.

We have absolutely GOT to peep the last two letters of this max chill dude's name on the devilfucking double!!!

## **Examine placronym.**

**15/01/12**

MINIHOOF: Z

DI- STRIDER

Hey, clear out that stupid pony! What is this, some sort of miniature paddock?

## **Pony: Wake up.**

**15/01/12**

DIRK STRIDER

Thanks, pony who is presumably a tiny Maplehoof for some reason.

The final two diluvial symbols have been unearthed from countless crushing ounces of slumbering pony.

## **Examine room.**

**15/01/12**

Your name is DIRK.

Holy SHIT do you love PUPPETS.

You possess the extreme dexterity to operate your FALSE FRIENDS UNSEEN, that is, when they are not pre-ambulatory through your LOVINGLY IMBUED MECHANIZATION. You dig writing COGNITIVE ALGORITHMS FOR SAID APOCRYPHAL MEN, and you think maybe that's FUCKIN' DOPE. Guess what else is dope? Everything ELSE YOU DO. You're a sickwicked autodidact on ANCIENT CIVILIZATIONS, a selfmade MASTER OF MYTHOLOGUE, and a PRETERNATURAL POPCULTURE ACADEME.

If you weren't so DAMN ALOOF and actually let people GET A LOAD, you might get described all kindsa ways. Maybe tagged as a RENAISSANCE NINJA, PHILOSOPHER PRINCE, and FLASHSTEP PUPPETEER. Or perhaps a PANTHEONIC IRONICIST, GANGSTA LOGICIAN, LUCID WAKER and DERSITE SPY. Screw descriptors though, as if the shits you give ain't nil. You're cool with dabbling in the FINE SEQUENTIAL ARTS, and your work could be viewed by some as BORDERLINE PORNOGRAPHIC. And to those philistines you'll be heard wondering, what the fuck do you mean BORDERLINE?

Against the better judgment of one your age, you BUILD ROBOTS, SET THEM TO KILL MODE, AND SPAR WITH THEM TO DEATH. That is, when you're not SENDIFICATING THEM TO FRIENDS, or DUELING THEM WITH RAP LYRICS. But you try to cool it on the deathmatch stuff when your BRO is looking, which is virtually NEVER. And considering he's had a reputation staked on some order of MARTIAL NOBILITY, this strikes you as a STAGGERING OVERSIGHT IN BROTHERLY VIGILANCE. You don't have the HEART to hold it against him, though.

What will you do?

## **Dirk: Jut your ass and twitch like a proboscis.**

**17/01/12**

CHOOSE YOUR CHARACTER!

There's no way in hell you were going to give this gag the time of day even if you weren't SUDDENLY TOTALLY LAMBASTED BY THE CHARACTER SELECT SCREEN AGAIN FROM WAY OUT OF LEFT FIELD, INSIDE YOUR GLASSES.

Once again, you are grabbing the plush by the rump. You are in absolute command of your destiny.

As long as you don't pick the two characters who are grayed-out, which is a universally understood UI convention for nonclickability. Also as long as both other available choices are finished being drawn. We are passing out free will like cheap cigars.

### **Be Roxy.**

**17/01/12**

You are now Roxy. What were you up to again? You were floating somewhere in the nonlinear timestew of paradox space, and we were hoping to get a handle on the exact chronology of your situation. Perhaps your successive actions will oblige us?

Yeah, you aren't really listening. You're going to do whatever the hell you want.

### **Roxy: Go grab that sweet gun.**

**17/01/12**

```
strife specibus  
  
sylladex :: strife deck  
  
fistkind  
  
strife specibus  
sylladex :: strife deck  
riflek-  
  
strife portfolio
```

You pick up your high octane LASER GUN. It's powered by the most deadly sciences you know of.

You keep a couple specibus allocations in your portfolio on standby. You try to stay as sharp as possible in unarmed combat, because you never know when you'll get ambushed. It's dangerous out there.

### **Roxy: Examine dead mutant collection.**

**17/01/12**

The biggest one has been around for as long as you remember, encased in that glass-like material. You've considered giving it a name, but it always struck you as a little morbid to name a dead cat.

The others were the result of a few experimental mishaps before you got the hang of the ECTOBIOLOGY equipment. You keep them around to remind you of the perils of the inexact science, and also because they're weird looking and cute. You've since cloned many healthy felines, but they all live in the LABORATORY out back. Your pet CAT doesn't really get along with other cats, and you don't want to upset him.

### **Roxy: Captchatalogue one.**

**17/01/12**

You tuck the biggest one into your MESSAGE IN A BOTTLE MODUS.

These little guys are quite handy for busting through windows, whenever you're ready to christen a new FENESTRATED PLANE.

## **Roxy: Take books.**

**17/01/12**

You take the first six books of your MOM'S best selling series, COMPLACENCY OF THE LEARNED. She made an impossible fortune off of these books, considering how dark and inaccessibly written they are for young readers. More money than the U.S. financial system could even account for as legitimately circulating in the economy. Many suspected real life wutchkkrfts were involved, which is what some believed discouraged criminal investigation into the matter. The feds were afraid. And the Baroness, nervous.

God you hope that's all true.

## **Roxy: Examine CotL poster.**

**17/01/12**

|                            |
|----------------------------|
| Complacency of the Learned |
|----------------------------|

Some original edition cover art from one of the books.

It features the androgynous young apprentice, Calmasis, who throughout the series plays the roles of antihero and chief antagonist. S/he convinces fellow disciples to rebel against Zazzerpan's vaunted Complacency, and one by one hunts down each wizard. All twelve are killed but the Predicant Scholar himself, forcing a showdown.

The poster depicts the notorious chess match between Calmasis and Zazzerpan. Zazzerpan had a reputation for being unbeatable. He had never lost a match, even to the gods. But his apprentice was able to beat him in the wizard's duel by first becoming checkmated, and through some unprecedented enchantment, continuing to play beyond the death of the king.

You love your mom's books and find them heavily inspiring, but you can't help but feel the work is exhaustingly heavy-handed at times. You kind of prefer to write more lighthearted things. Actually crack a joke now and then, you know?

## **Roxy: Say hi to cat.**

**17/01/12**

Your cat FRIGGLISH hops down on the bed to greet you, and immediately situates himself on something important, one of your CREATIVE WRITING JOURNALS.

You named him after your favorite wizard from CotL. He was just such an endearing, bumbling fellow, before he was murdered. Calmasis put an insidious curse on him, which caused him to go insane over several years. He began filling a book with all of his arcane knowledge, which was said to be limitless. The tome grew to monumental proportions, and became a virtually unreadable patchwork of impenetrable erudition. When the young wizard finally caught up with him, he was a quaking, incoherent madman. S/he put him out of his misery by crushing him to death with his own massive text.

You just think it's a fitting name for him for some reason. The macabre demise notwithstanding, of course.

## **Roxy: Take journals.**

**17/01/12**

purr purr

You politely scoot Frigglish off the books. That a boy.

Technically, only one of these books is yours, the writing journal. You're pretty secretive about your writing. Sometimes even you can hardly bear to read it. You are highly aware of the formidable writerly shadow cast over you, and can be critical to the point of embarrassment over your work. Just how drunk WERE you when you wrote this???, you often wonder to yourself. You don't think you'll be peeking at it soon. Maybe later.

The other book is another point of embarrassment, for completely different reasons.

## **Roxy: Read other book.**

**17/01/12**

BARKABBR...AKRABARBARRRABKRRARKRBBAARKRKAB...

This is Jake's private journal.

One day when you were feeling especially frisky, you swiped it with your APPEARIFIER, not actually expecting it to work. But then you debated with yourself for weeks over whether to read it. When you finally took a peek, you were strangely relieved to find all this nonsense, instead of his private thoughts. But you still didn't have it in you to cop to the theft. You just agreed what a shame it was about his missing book.

You have no idea what these letters mean. Some kind of code? BARK? KRAB? ABRAKABABRA??? You have no clue what was running through that kid's head. Not unlike always.

## **Roxy: Get little ray gun.**

**18/01/12**

purrrrrr

It isn't a ray gun. It's your APPEARIFIER!

Pretty much the only Crockertech you can bring yourself to use. It's just too handy not to.

You just plug in the coordinates you want to nab something from, point it where you want to appearify, and shoot. It'll make that thing appearify right then and there, assuming no temporal conflicts. Piece of cake!

Not Crocker brand cake though cause fuck that witch.

## **Roxy: You're thirsty.**

**18/01/12**

That isn't a command!

Excuse me, but you beg to differ.

You poured that beautiful martini a little while ago, and you've been letting it gather cobwebs while you horse around with random shit in your room. What a crime.

**Roxy: Sip martini thoughtfully.**

**18/01/12**

DELICIOUS

DAMMIT!

This is the wrong stock reaction. You will not stand for this outrageous misrepresentation of your beverage enjoyment.

**Roxy: Sip martini more thoughtfully than that.**

**18/01/12**

sip sip sip

That's much better.

As much as you enjoy an afternoon cocktail, you have to remember to pace yourself with these things. They're crazy strong, and tend to make you kinda sleepy.

Oh my. How inviting does that soft plush pile look about now? Quite, you think.

**Roxy: Examine plush pile.**

**18/01/12**

GAME GRL

You like to ensconce yourself in this friendly heap when you play games.

Gosh it looks soft. Your eyelids are getting heavy...

**Roxy: Succumb to unfathomable booze snooze.**

**18/01/12**

Uh oh. There you go a-wobblin'.

TG: like the dream i had

TG: but then i dreamed that i woke up from the drema

TG: and things got way bright and surreal

TG: and i saw someone

TG: i think it was supposed to be my daughter

TT: Why do you think that?

TG: you know those dreams where u just know someones suppose to be someone

TT: No.

TG: ok well

TG: regulgar people have those im pretty sure all the time

TT: Are you thinking it was prophetic? Like a glimpse of the future?

TG: i dunno

TT: Because that's not really how the abyss works. It's not Skaia, and we aren't Prospit dreamers.

TT: There's nothing like that out in the abyss. If you drift far enough, there is only horror.

TT: Terrible, terrible horror.

TG: ok but im not sayin it was a futuredream!

TG: it was just a glimpe and it felt real and all im saying is it was a cool dream that i wish was real

TG: \* glimpse

TT: Well, maybe it was.

TT: Maybe there's no fanciful game-supplied mechanism of prognostication involved here, and you're just an ordinary, run of the mill psychic.

TT: I guess that's possible.

TG: hey dick

TG: \*dirk

TG: whaaaat do u think

TG: it would be like

TG: if we had kids

TT: What would it be like?

TT: Inconvenient, mostly.

TG: no i mean

TG: what would they be like

TG: th kids

TG: u ever think about it?

TT: Can't really say I have.

TG: you know for an eccantric guy you can be boring as fuck sometimes

TT: Sorry, Rox.

TT: For what it's worth, I'm picturing them now. A boy and a girl.

TT: Two perfect little freaks of nature raised by people who've clearly got no business bringin' up anybody.

TG: shuuuucks buster its just a fun lil hyphothetical to daydream about

TG: why you need to suck the fun out of shit

TG: like some turd hungry dracula

TG: its not like im lobbyin for you to hook me up with a whole mess of fuckin babbies

TG: or thats im holding on to any such delusion thats even a remote possibility.....

TG: le siiiiiign..////

TT: Le sign?

TG: yes le sign you heard me

TT: Do you mean \* le sigh?

TG: hmm nup

TG: ima stickin with le sign

TG: goign down with the shit

TG: \*shi[p

TG: the S.S. LE SIGN, starring cap'n rolal

TT: What does le sign actually mean in this context?

TG: oh come on

TT: Come on what?

TG: LE SIGN IS UNIVERSALLY UNDERSTOOT TO MEAN TOO BAD HES GAY YOU DELIBERABLY OBTUSE DUNDERFUCK

TT: I mean, yeah, that's what I thought.

TT: It would just be cool if you'd refrain from tossing about such antediluvian terms.

TG: antediulivan waht

TG: me sayin ur gay u mean

TT: Yes.

TG: ok but terminology aside i dont think im off base!

TT: I don't see how it has to be a thing.

TG: i rly think its an actual thing bro

TT: Once upon a time, sure.

TT: But the world has changed a lot.

TT: Ever peek in a history book between your wizardly indulgences? This is a nuanced topic.

TG: man i know about the histories

TG: just

TG: believe me

TG: its a thig

TT: How is it a thing?

TG: its a thing beaucase if it wasnt a thing then u wouldnt be all like.....

TT: All like what?

TG: well wantin nothing to do w me 4 starties

TT: Don't be ridiculous.

TT: I have more to do with you than any dude could possibly bargain for.

TT: And I like it just fine.

TG: what a totatly lame + sweet answer simultaneouslay

TG: <3

TT: Yeah.

TT: Now maybe we should direct our focus on a matter which has nothing at all to do with what does or doesn't qualify as "a thing", or what our fantasy alt-universe offspring would be like, or anything like that.

TT: Such as this game, and whether you're in the best condition to be piloting Jane's connection.

TT: Maybe you could use another nap?

TG: my condidions just fine

TG: and anyway

TG: what aint gonna get slept offis the fact that i still dont think we should be touchin this bs witch game w a 20 foot 3dent

TG: we both know her plans need us to

TT: I know that. But I thought we settled this.

TG: its still so frustrating

TG: tellin jane about the dangers

TG: and even if shes being polite i just know she thinks im fulla crap

TG: about EVREYTHING

TT: We settled this too. She'll believe everything eventually.

TT: Why bother working so hard to convince her?

TG: well i dont even do that for the most part

TG: but it gets tiring and saddening

TG: knowing that

TG: even when were not activly talkin bout it

TG: that my best friend cant bring herself to believe some really basic things about my life

TG: like the shitty things the baroness has done to us

TG: or about our upbringing

TG: like

TG: do u know how misrable it is for your bff to doubt you

TG: when you tell her your mom is dead

TT: I guess.

TT: It just registers for me as a reaction which isn't completely unreasonable from her perspective.

TT: She is inundated with media coverage of those whom we've claimed as our parental figures.

TT: That they are not presently alive nor ever played that role for us as she understands it is just an extension of a much more elaborate and far reaching explanation, which is much harder for anyone to digest in its entirety.

TT: Well, anyone who isn't Jake, I mean.

TT: Still say you should cut her some slack.

TG: i know

TT: And need I remind you,

TT: That the potential this game provides for their resurrection is what motivated you to investigate it in the first place?

TG: why the f not

TT: It just seems a little tawdry and disrespectful.

TT: And vaguely exploitative of a still-emergent cognitive entity, whose perceptual frame of reference is difficult for us to comprehend.

TG: oh come on

TG: hes cool a guy just liek you its just he lives in some shades

TT: It rubs me the wrong way, is all.

TG: ohhhh

TG: do uuuuuu...

TG: WANT me 2 rub you the right way ;D

TT: Not really.

TG: zzz muh

TG: youre over blowin this

TG: its just an ironic funny thing we do some times

TG: come on im sure you read the transcripts urself

TG: its all alot of jokestery buiishit

TT: He blocks me from being able to read transcripts sometimes.

TG: oh

TG: wow he does?

TG: sneaky bastart

TT: And anyway, I'm really not sure how ironic it is.

TG: ok next time i will run it by the MASTAR first

TG: with his fancy fuckin ironimeter

TT: Ok, here's the thing with the AR, since you still don't seem to get it.

TT: He's very similar to me in thought process and behavior, yes.

TT: But those patterns were imported from a thirteen year old version of my psyche, and then sealed into the program as starting parameters.

TT: In the years since, we've both evolved somewhat. I, as humans tend to, and he, in whatever way is natural for a frequently running, self-aware application.

TT: So if there are differences between us, they're first reflected by what I feel is a maturity gap, and then further by several years of minor behavioral divergences.

TG: omg...

TG: hes 13yo dirk

TG: why did than not occur to me that is so cute

TG: and makes me feel kinda skeevy 4 sayin anything lascivious @ him

TG: dammit you ruin everything!

TT: You're welcome.

TT: Yo, you guys realize I can hear you, right?

TG: pffffhahaha

TT: Yes, I was aware.

TT: Check out all these complicated fucking problems people have when they have to live in big lumbering fleshmonsters instead of a sweet pair of shades.

TT: Dude, do you think you could sit this one out for a while? This conversation practically doesn't even concern you at this point.

TT: It seems there is some gnarly crooked number that represents the percentage of probability you just said this doesn't concern me.

TT: Even though it's patently obvious that half the conversation, like, way totally concerns me.

TT: Shit, Roxy look. He's doing the thing where he ironically pretends to fail the Turing test to sass me into submission.

TT: Even though I was the one who fucking programmed him to do that.

TG: ell

TG: emm

TG: eff

TG: ayy

TG: OFF~~!~

TG: like my butt is juts there on the floor

TG: is how hard i elled it off just now

TT: (Not peekin' at the floor butt cause I'm only 13 years old, motherfuckers.)

TT: This is fuckin' dumb.

TT: I'm going to leave both of you to interact however you want. I have important shit to deal with and actual responsibilities to take seriously.

TT: They're more like an echo of feelings once established in a biological context, though perhaps had not particularly well materialized at that point in my life.

TT: Or his life.

TT: Whatever.

TT: They still feel real sometimes, and it can be easy to get carried away with them.

TT: But most of the time they present themselves as dense bodies of abstraction to be evaluated, like any kind of information.

TT: It's fair to say the feelings I have ABOUT my feelings are more genuine expressions of emotion than the ground level feelings themselves.

TT: Does that make sense?

TG: yes

TG: sorry distacted

Yep, he's dead. Totally Sassacrushed.

**25/01/12**

You guess you'll have to do something with the body now. Maybe a funeral? That sounds like the perfect way to say goodbye to an old friend. But the environment outside isn't particularly hospitable for a burial these days. It also sounds kind of depressing to host a funeral by yourself.

It's probably best to just send him back to where he came from. Years ago, when you were exploring the lab, you found a machine somewhat similar to the ectobiology equipment. Without knowing what it did, you activated it, and out came this friendly cat in a handsome little suit. You still aren't sure where he came from, though given the timestamp and coordinates on the machine, you have a feeling he belonged to your mother. If that is true, you feel bad about stealing her cat, let alone killing him. But you could never bring yourself to send him back. Until now, of course. She would probably want to know what happened to her disappearing cat, even if it meant discovering him dead a little while later.

The device uses huge amounts of power. Its entire power supply was almost fully depleted using it the first time. You've stockpiled as much uranium as you could for another test run. Looks like this will be it.

### **Roxy: Take cat.**

**25/01/12**

Oops, sylladex is full. Gotta swap it with something.

Probably as good an excuse as any to break in a new FENESTRATED PLANE.

### **Roxy: Retrieve mutant kitten.**

**26/01/12**

You swap the bottle with one dead cat in it for another. You often use this little guy to break in the planes, like an intrepid test pilot.

Not while it's in the bottle though. That would be ridiculous, since the bottles are sort of just inventory abstractions. You have to break the bottle first, before you can get serious about breaking some glass.

### **Roxy: Break bottle.**

26/01/12

### **Roxy: Clear some space.**

26/01/12

### **Roxy: Break some glass.**

26/01/12

26/01/12

Your test pilot flew back out, which means the link between planes is working and stable. You can't even remember which one you linked this up to. You guess you'll find out the fast way.

26/01/12

From the perspective of anyone observing the two windows from the outside, transport looks instantaneous. But for the traveler, there's always this gap of void between them. In your experience, the more significant the journey between the planes is, the wider the gap. This one is small enough to be negligible though. Probably because it leads to somewhere else in your house. You've set a bunch of these up as little shortcuts to places around your house, as well as some places nearby like the lab. It's a convenient way to hop around, though isn't without some risk. You're still not sure what happens if one of the planes loses power while in transit, other than objects predictably getting sliced in half if they're straddling the plane when the plug is pulled. You haven't come up with a good way to observe the consequences from the inside yet, without using yourself as a guinea pig. And you're in as much a hurry to try that as you are to look up the correct spelling of guinea pig, because seriously, fuck those particular pigs.

==>

### **Roxy: Land already.**

28/01/12

When you are quite through with that tomfoolery, you find yourself in your household's OBSERVATORY.

You keep it very cool in here and use it to store pumpkins you've appearified from around the world. Especially from Jake. That guy is just stinking rich with pumpkins on his dumb tropical island. It would never occur to you otherwise to be so grabby with pumpkins, but they just happen to be the most easily appearifiable vegetable on the planet for reasons that make no sense. And it's not like you can just stop swiping vegetables. You've got your own mysterious reasons.

Hey look, incoming message!

TG: SNOOOZE

UU: well, \*i\* think it is wonderfUl. u\_u

UU: and anyway, one can hardly draw many conclUsions aboUt a player by aspect alone.

UU: it is certainly possible that we may have common groUnd with oUr ancestors when it comes to oUr aspects, and the way oUr abilities reveal themselves to Us. i coUld not rUle this oUt.

UU: bUt there is always more to examine.

UU: for instance, a hero of life and a hero of doom have aspects as different as can be.

UU: bUt if their classes are different enoUgh as well, that is, one active and the other passive, remarkably there is a chance they coUld end Up with very similar abilities!

UU: player abilities may also manifest in ways in defiance with their aspects if they are heavily resistant to their trUe calling. or, if corrUpted in some way by an oUtside inflUence.

UU: bUt it is rather clear to me yoU are one who embraces her aspect qUite heartily, even if yoU are not aware of it. ^u^

TG: so....

TG: deep down i am super psyched about nothigness

pesterlogTG: ok well since youre so nice

TG: ill promise not to use my wicked void powers re: basic common sense + skills of deduction to bust you up so bad

UU: i'd be ever so gratefUl. :u

TG: then w.o givin you the whole 3rd degree

TG: what is safe to tell me?

TG: like what does it mean to be a rogue of void

TG: thats what i am rite

UU: yes! i can tell yoU plenty aboUt that.

UU: a rogUe is a passive class. yoU see, there are passive (+) and active (-) classes. some more strongly passive or active than others.

UU: the +/- distinction can mean many things, bUt coUld be qUite roUghly sUmmed Up in this way: active classes exploit their aspect to benefit themselves, while passive classes allow their aspect to benefit others.

UU: bUt of coUrse there's plenty more to it, and that rUle is in no way absolUte. only a starting point for Understanding the dichotomy.

TG: you mean kinda like

TG: offensive vs defesive magic in an rpg

UU: sUre!

UU: that's another fine way of looking at it.

UU: classes always come in +/- pairs, with significant disparity between them.

UU: while a rogUe is passive, a thief woUld be its far more active coUnterpart.

UU: the rogUe and thief classes tend to be assigned to females. not exclUsively, bUt commonly!

UU: other classes lean more toward male assignment, while others are exclUsively male, and jUst as many are exclUsively female. like my class. ^u^

UU: that's a bit of a tangent thoUgh. to answer yoUr qUestion aboUt being a rogUe, i shoUld tell yoU both classes in +/- pairs tend to have very similar descriptions.

UU: in this case, a rogUe or a thief is "one who steals." qUite simple, really!

UU: bUt whether the class is + or - makes all the difference. it is a great indicator as to how a hero will make Use of the aspect.

TG: so basically

TG: a thief is like the asshole class

TG: the player who says step off shits mine suckas

TG: whereas

TG: a rogue

TG: is basically robin hood

UU: if that reference to yoUr cUltUre provides a sUitable comparison, then absolUtely. :U

TG: so im essentially the robin hood of void

TG: im still not sure

TG: wtf that actually means

UU: Understandable.

TG: i guess robin hods p cool tho

TG: thiefin up loot from peeps who got too much

TG: then all sugardaddyin it out 2 the needy like a boss

TG: just dont have a clue how that works with void

UU: yes, it is one of the more conceptUally nebUloUs pairings, i agree.

UU: and i can't say i know a smashing good deal aboUt the natUre of the void player's path, since the aspect is by definition inscrUtable to those it does not choose.

UU: bUt i can at least tell yoU this.

UU: if yoU are ever to enjoy fUll ascension as a rogUe of void, yoU will be able to do some completely astonishing things!

TG: like what

UU: oh no, yoU will not pry this oUt of me.

UU: not to preserve caUsality, bUt to keep the sUrprise in store for yoU.

UU: it woUld not be honoUable of me to spoil the discovery, shoUld yoU be fortUnate enoUgh to realize yoUr potential.

TG: well

TG: about that

TG: i feel sorta stupid about this but

TG: ive been giving all my friends this whole dramagic spiel about not wanting to even play this thing

TG: and i might of fucked stuff up already

UU: is that so?

TG: its so

TG: and i guess i still havnt decide what to do

TG: there are props and cons 2 both things

### **Roxy: Proceed to lab.**

**30/01/12**

You are fairly sure this window will take you to one of the windows you have set up in the lab.

There is more than one way to find out if this is true, you guess. But there is only one way that involves doing what the inebriated do best, which is falling down.

### **Roxy: Descend.**

### **Be Dirk.**

|          |

| GAME BRO |
|----------|

You are now Dirk. What the hell was going on here again? That's right. You were lodged in the bulbous cleft of paradox space's huge foam ass, and we were hoping to trouble you for a bit of context. Something to set our watches to, if you'd be so kind. Perhaps your successive actions will oblige us?

Ha ha, j/k young bro, we know you don't give a shit. Go ahead and do whatever feels right.

### **Dirk: Go get your sword.**

**30/01/12**

You retrieve your UNBREAKABLE KATANA. A real hard sword for a real hard dude. It was said to be forged by an ancient Otaku Master over the heat of a roaring manga fire. It was cooled in an enchanted spring where virgin horses nicker and bathe, and was said could be used only by one whose pointy anime shades were deemed sweet enough, and whose hair existed in a perpetually sculpted state of looking completely fucking awesome. All of those things were said by you.

You like to juggle around a few different allocations in your portfolio besides bladekind, mostly ironically. You take a certain amount of pride in being able to beat practically anyone's ass down with a puppet, a martial discipline for which there is a startling variety of techniques.

Fancysantakind is a straightup shits and giggles specibus, though. Nobody is quite sure how to extract damage from a foe using an extremely elaborate santa figurine. But if anyone can figure it out, it is probably you.

**Dirk: Give Lil Cal a nervous fist bump.**

**31/01/12**

Nervous? That's absurd.

There's no reason to be nervous around Cal. Lil Cal is the shit.

==>

**31/01/12**

He's been around as long as you can remember. You were practically raised by that puppet. He was a much better guardian to you than that Hollywood superstar BRO of yours ever was. He is such a good listener. You share with him all your most private thoughts and hopes and dreams, and sometimes you snuggle up with him for a nice nap.

Anyway, the bottom line is, puppets are awesome.

And that's really all there is to say on the matter.

**Dirk: Admire fancy santa.**

**31/01/12**

Look at this pompous little asshole. What a godawful piece of shit this thing is.

You aren't even sure why you keep these things around. The miasma of tackiness that surrounds them is almost enough to outstrip their irony value.

Almost.

**Dirk: Greet robotic friend.**

**31/01/12**

You say yo what up to this dude over here, and exchange a unique series of hand shakes and fist bumps.

His name is SQUAREWAVE. You built him to have rap-offs with now and then. He's an enthusiastic rapper, and gives it his all whenever you duel, but he's pretty easy to destroy. You've never lost a match against him.

You have only built one other rapbot besides him. His name is SAWTOOTH. You designed him to be unbeatable in a rap-off, and he is. You have never won a match against him. You hope to one day, but you're not gonna hold your breath. His flow is just that insane.

You keep one of his spare heads over there on your desk, but otherwise you don't see much of him. It's been months since your last encounter. He presumably spends his time traveling the world, annihilating any rapper foolish enough to challenge him.

**Dirk: Examine wardrobe.**

**31/01/12**

You tell Squarewave to scoot out of the way so you can get a load of your sweet fashions. Aw, looks like he really wanted to rap with you! Sorry guy, maybe another time.

This is your WARDROBIFIER. It automagically rotates your fashions whenever you feel like.

**Dirk: Change shirt.**

**31/01/12**

You bust out a tank top, which is THE go-to solution for hard dudes who want to show off their guns. It is a very STRONG look, you think.

**Dirk: What the hell is that on your arm...**

**31/01/12**

Oh, that? That's just your sick ink, featuring a legendary cultural icon of deep personal significance. What is even the big deal.

**Dirk: Examine little posters.**

**31/01/12**

R.I.P. Stiller.

Poor bastard. Had to go and get all tangled up with your brother's crazy, complicated life.

As for the other one...

You are a studious popculture scholar of all eras. A sharp critic of that reflection in the mirror we hold up to our society. You seek truth in the vivid mosaic made of our most shameless obsessions.

Your interest in these cartoon ponies is strictly academic, ok? No, seriously.

...

What?

.....

OK FINE, YOU LOVE THIS ONE PARTICULAR LITTLE RAINBOW HORSE UNIRONICALLY, IS THAT SUCH A CRIME.

She is so punky. <3

**Dirk: Examine puppet/hat pile.**

**31/01/12**

The pile at the foot of your bed consists of hats, a few stray robo-parts, and SMUPPETS. Smuppets are a lovable sort of plush of your own design. You love everything about puppets. You're always thinking about the craft of their production, their operation, cool new designs and such. If the cosmos didn't have more important plans for you, and if the world weren't so fucked up, you'd make a run at fame and fortune with your own puppet enterprises, just like your BRO did with all his weird shit.

You also love to keep a bunch of HATS around, even though you never wear them. You love HATS. Because all bros love HATS, and that's what you are. A bro.

You'd consider wearing one now and then, but they don't really fit the dimensions of your head yet. And anyway, it would be criminal to mess up your perfect hair. Instead, you do the next best thing, which is wearing a picture of one on your shirt. And by the next best thing, you're pretty sure you mean the vastly superior thing.

**Dirk: Check out big tv.**

**31/01/12**

When you're not using the screen for other purposes, you have it set to rotate through some images by default, like a digital picture frame.

The image flips from a totally bitchin' horse puppet sorta thing, to a portrait of everyone's favorite comedy duo, Stiller and Wilson.

Your BRO made so many of these movies, it's hard to keep track of them. The series drifted almost imperceptibly from surrealist slapstick and inexplicable boxoffice dynamite, to veiled, near-subliminal protest pieces designed to expose the corporate tyranny slowly taking control of the

world. The statement did not go unnoticed by the Baroness, and soon the conflict between your brother's media empire and Crockercorp was a matter of public spectacle. Though the press has generally played up the rivalry as an extremely high stakes display of performance art. And knowing your bro, there is surely at least some truth to this.

==>

**31/01/12**

Donald Glover won an academy award for his transcendental performance as Geromy. After his acceptance speech, there was not a single dry eye in the house. His heroic effort on the silver screen was heralded by critics everywhere as a defining moment in cinematic history.

Alas, the Batterwitch did not look upon his achievement as kindly.

She had him assassinated.

==>

**31/01/12**

And that one is...

Never mind what that one is. You can't stand around all day looking at movie stills and swole bunny men. There's still some other shit in your room to investigate.

You switch back to your regular shirt. You weren't feeling the wifebeater. The tee shirt says "I still got work to do", while the other one says, "which trailer's the party at?" And Striders don't party til it's good and fuckin' time to party.

**Dirk: Examine red microwave.**

**31/01/12**

It isn't a microwave. It's your SENDIFICATOR!

Pretty much the only Crockertech you can bring yourself to use. It's just too handy not to.

You just type the coordinates, pop in the thing you want to sendificate, and hit the button. It'll sendificate that thing in a jiffy, assuming it's temporally allowed, and within size restrictions.

Obviously you can only send what you can fit inside there. You had to send Jake your brobot piece by piece, barely managing to squeeze that shiny melon head in there. He then dutifully assembled the robot himself. Poor fool, so jovially complicit in his own merciless jungle predation. It's all for the best, though. When you're through with English, he will be a ruthless killing machine. Mark your words.

**Dirk: Captchalogue Geromy plush.**

**01/02/12**

You snap up the GEROMY PLUSH in your TECH-HOP MODUS. This modus is often employed in rap battles, but is a bit more elegant and sophisticated than what most hashrap artists traditionally employ, like the more arbitrarily numeric HASH MAPS and HASH TABLES.

The cards are arranged in SHADE COLUMNS and GROOVE ROWS. Everything in the same column has to rhyme. Everything in the same row has to have some thematic similarity. Organizing

everything gets complicated, and weaponizing your inventory through rap lyrics takes some serious skill.

For instance, the 3rd GROOVE ROW got kind of railroaded into becoming an orange soda row, so you've just been rolling with it recently. The 4th row is pegged for stuff associated with cool bros. The 2nd row is all about dolls, puppets, and stuff like that. The GEROMY PLUSH is clearly suitable for that row, and rhymes with CRUSH, so that works out.

Then you have some other perfectly dope rhymes, like SANTA and FANTA, FAYGO and GAME BRO, DEW and SHOE. There's also SMUPPET and ORANGETTE, which frankly you think is pretty weak, but hey the modus allows it so whatever. Then there are times where you have to be creative with naming stuff to get it to fit. Like calling a skateboard a FOUR WHEEL DEVICE to get it to rhyme with SLICE. It's just another facet to the craft.

### **Dirk: Captchalogue Sweet Bro plush.**

**01/02/12**

Might as well complete the plush collection. You grab the SWEET BRO off your bed. It intersects quite conveniently with the PLUSH GROOVE and the FAYGO SHADE. Nice one.

### **Dirk: Captchalogue Hella Jeff plush.**

**01/02/12**

Last but not least...

There is nothing here that rhymes with Hella Jeff. It really isn't worth jumping through a lot of linguistic hoops to pick this thing up right now, so you just forget it. You have to pick your battles, you know?

### **Dirk: Take sord.....**

**01/02/12**

You pick up the mighty SORD.....

The easiest thing to do here is ditch the SLICE, stick the SORD..... in the weapons row, and rhyme it with BOARD.

Your bro had a lot of junk like this manufactured over the years. He patented the technology for producing THREE DIMENSIONAL JPEG ARTIFACTS, to make products shittier than was ever previously imaginable. He made a killing off them. Not because anyone bought this garbage. But because they were so cheap to manufacture, their cost was actually NEGATIVE, therefore miraculously netting him profit for every unit produced. He made so much money this way, he had enough to finance manned space missions to haul all of the hideous unwanted jpeg shit off the Earth, and launch it into the sun. But years thereafter, every now and then someone would report a stray shitty skateboard slowly drifting back into Earth's atmosphere. People would pray they would burn up on reentry. But they never would.

**==>**

**02/02/12**

SQUAREWAVE: !

Aw, look. Squarewave saw you messing around with your sylladex and thought you were preparing for a rap battle. He is kind of like an eager pet dog, and you made the mistake of picking up his leash, and now he thinks he's going for a walk. You hate to break his heart, but you just don't have time. Your concentration is divided enough as it is.

### **Dirk: Be dream self.**

**02/02/12**

The Enquiring Carapacian

DEAD

Among the many ways you tend to multitask is by maintaining an ever-alert dream self. There's a lot to keep an eye on when it comes to the cloak and dagger politics of Derse, especially these days. Can't let your guard down for a second.

### **Dirk: Examine sleazy Dersite rag.**

**02/02/12**

The Enquiring Carapacian

DEAD

It's the latest issue of THE ENQUIRING CARAPACIAN, touting the recent assassination of Prospit's Maid of Life. Quite the triumph for the dark kingdom, and the press has predictably sensationalized the event to please the royalty and whip its readership into a nationalistic lather. In spite of all the ridiculous hyperbole and baseless slander found in the tabloids, one thing is clear. This development means nothing but trouble. If Noir has been empowered to take measures like this, you may have to accelerate your plans.

**==>**

**03/02/12**

Shit!!! While you were distracted with the newspaper in dreamland, Squarewave has ambushed you for a rap-off!!!

Told you bro. Can't let your guard down for a second.

### **[S] RAP-OFF!!!!!!!!!!**

**03/02/12**

\* Derived in part from [a transcript by ShadowOfFate](#)

**SQUAREWAVE: YO YO D-STRIZZLE I COULDN'T HELP BUT CHECK YOU LOADIN  
UP ON YOUR SYLLADILLY!**

**SQUAREWAVE: CAN'T FOOL ME HOMES I KNOW WHAT THAT'S ABOUT  
SQUAREWAVE: SO I JUST GOT ONE CAN OF SURPRISE NOODLES LEFT TO**

**BUST OPEN HERE AND I KNOW HOW YOU LOVE YOUR NOODLES**

**SQUAREWAVE: DO YOU WANT TO PLAY A GAME???????????????**

**DIRK: Man, no.**

**DIRK: I already told you, I don't have time to disgrace you with my rhymes  
today. Sorry, dude.**

**SQUAREWAVE: THAT'S SO WHACK! I BEEN WATCHING YOU WASTE NOTHIN  
BUT TIME ALL LOOKIN AT YOUR HORSE PICTURES AND SHIT**

**SQUAREWAVE: SO I'M LIKE...**

SQUAREWAVE: THAT SHIT'S AS WHACK AS I'M A GUY MADE OF METAL  
SQUAREWAVE: SIT YOUR ASS BACK DOWN CAUSE WE GOT SHIT TO SETTLE  
SQUAREWAVE: JUST PARK IT ON MY GRILL, YOU BE WHISTLIN LIKE A KETTLE  
SQUAREWAVE: IF RAP'S A ONE WHEEL DEVICE YOUR FOOT DON'T REACH THE  
PEDAL

SQUAREWAVE: WORD!

DIRK: God dammit. Alright, this is all you get.

DIRK: Rap off? Man, I gotta nap off your sad rap ambush. Shoot your ass  
down while I pap you with plush.

DIRK: I push mad facts on the hapless, shit's practically axiomatic; you don't  
talk smack with Orange Crush.

SQUAREWAVE: DAMN DOGG WHY AS A ROBOT I GOT TO BE SO PREDICTABLY  
SUSCEPTIBLE TO LIQUID LIKE THIS. IT AIN'T COOL!!!

==>

**04/02/12**

While you were making short work of Squarewave, you once again made the mistake of letting  
your other self's guard down.

You are accosted by a Dersite agent with a serious AXE TO GRIND. These guys aren't supposed to  
know you're awake. Looks like your cover's blown unless you act fast.

**Dirk: Act fast.**

**04/02/12**

==>

**04/02/12**

==>

**04/02/12**

Poor HEGEMONIC BRUTE. His time in the spotlight has been cut tragically short. You almost feel  
sorry for the guy.

But now you have a problem. You spend the next ten minutes thinking about it while you stand on  
his head and stare at the blood on your hands, as the often utilized stock graphic in the bottom  
corner of the image would indicate.

**Dirk: Check on Roxy.**

**04/02/12**

Since the Archagent is clearly leading the assassination efforts personally on Prospit, this means the  
DRACONIAN DIGNITARY is most likely focused on the Derse dreamers. He almost certainly  
ordered the Brute to off you in your sleep. You can only hope the Dignitary or one of his assassins  
hasn't already gotten to her.

**Dirk: Exit.**

**04/02/12**

==>

**04/02/12**

Just as you thought. Sleepwalking again.

Where the hell does she think she's going??

**Dirk: Be waking self again.**

**06/02/12**

This is kind of a redundant thing to do since you are always consciously both your waking and dream self at the same time, but you'll let it slide.

You should probably stop dwelling on your Derse problems and try to get this show on the road.

**Dirk: Pester Roxy.**

TG: hey lets talk about something cool instead

TG: like the dream i had

TG: first i had some ordinary boring dreams that i dont remember

TG: but then i dreamed that i woke up from the drema

TG: and things got way bright and surreal

TG: and i saw someone

TG: i think it was supposed to be my daughter

TT: Why do you think that?

TG: you know those dreams where u just know someones suppose to be someone

TT: No.

TG: ok well

TG: regulgar people have those im pretty sure all the time

TT: Are you thinking it was prophetic? Like a glimpse of the future?

TG: i dunno

TT: Because that's not really how the abyss works. It's not Skaia, and we aren't Prospit dreamers.

TT: There's nothing like that out in the abyss. If you drift far enough, there is only horror.

TT: Terrible, terrible horror.

TG: ok but im not sayin it was a futuredream!

TG: it was just a glimpe and it felt real and all im saying is it was a cool dream that i wish was real

TG: \* glimpse

TT: Well, maybe it was.

TT: Maybe there's no fanciful game-supplied mechanism of prognostication involved here, and you're just an ordinary, run of the mill psychic.

TT: I guess that's possible.

TG: hey dick

TG: \*dirk

TG: whaaaat do u think

TG: it would be like

TG: if we had kids

TT: What would it be like?

TT: Inconvenient, mostly.

TG: no i mean

TG: th kids

TG: u ever think about it?

TT: Can't really say I have.

TG: you know for an eccantric guy you can be boring as fuck sometimes

TT: Sorry, Rox.

TT: For what it's worth, I'm picturing them now. A boy and a girl.

TT: Two perfect little freaks of nature raised by people who've clearly got no business bringin' up anybody.

TG: shuuuucks buster its just a fun lil hyphothetical to daydream about

TG: why you need to suck the fun out of shit

TG: like some turd hungry dracula

TG: its not like im lobbyin for you to hook me up with a whole mess of fuckin babbies

TG: or thats im holding on to any such delusion thats even a remote possibility.....

TG: LE SIGN IS UNIVERSALLY UNDERSTOOT TO MEAN TOO BAD HES GAY YOU DELIBERABLY OBTUSE DUNDERFUCK

TT: I mean, yeah, that's what I thought.

TT: It would just be cool if you'd refrain from tossing about such antediluvian terms.

TG: antediulivan waht

TG: me sayin ur gay u mean

TT: Yes.

TG: ok but terminology aside i dont think im off base!

TT: I don't see how it has to be a thing.

TG: i rly think its an actual thing bro

TT: Once upon a time, sure.

TT: But the world has changed a lot.

TT: Ever peek in a history book between your wizardly indulgences? This is a nuanced topic.

TG: man i know about the histories

TG: just

TG: believe me

TG: its a thig

TT: How is it a thing?

TG: its a thing beaucase if it wasnt a thing then u wouldnt be all like.....

TT: All like what?

TG: well wantin nothing to do w me 4 starties

TT: Don't be ridiculous.

TT: I have more to do with you than any dude could possibly bargain for.

TT: And I like it just fine.

TG: what a totatly lame + sweet answer simultaneouslay

TG: <3

TT: Yeah.

TT: Now maybe we should direct our focus on a matter which has nothing at all to do with what does or doesn't qualify as "a thing", or what our fantasy alt-universe offspring would be like, or anything like that.

TT: Such as this game, and whether you're in the best condition to be piloting Jane's connection.

TT: Maybe you could use another nap?

TG: my condidions just fine

TG: and anyway

TG: what aint gonna get slept offis the fact that i still dont think we should be touchin this bs witch game w a 20 foot 3dent

TG: we both know her plans need us to

TT: I know that. But I thought we settled this.

TG: its still so frustrating

TG: tellin jane about the dangers

TG: and even if shes being polite i just know she thinks im fulla crap

TG: about EVREYTHING

TT: We settled this too. She'll believe everything eventually.

TT: Why bother working so hard to convince her?

TG: well i dont even do that for the most part

TG: but it gets tiring and saddening

TG: knowing that

TG: even when were not activly talkin bout it

TG: that my best friend cant bring herself to believe some really basic things about my life

TG: like the shitty things the baroness has done to us

TG: or about our upbringing

TG: like

TG: do u know how miserable it is for your bff to doubt you

TG: when you tell her your mom is dead

TT: I guess.

TT: It just registers for me as a reaction which isn't completely unreasonable from her perspective.

TT: She is inundated with media coverage of those whom we've claimed as our parental figures.

TT: That they are not presently alive nor ever played that role for us as she understands it is just an extension of a much more elaborate and far reaching explanation, which is much harder for anyone to digest in its entirety.

TT: Well, anyone who isn't Jake, I mean.

TT: Still say you should cut her some slack.

TG: i know

TT: And need I remind you,

TT: That the potential this game provides for their resurrection is what motivated you to investigate it in the first place?

TG: why the f not

TT: It just seems a little tawdry and disrespectful.

TT: And vaguely exploitative of a still-emergent cognitive entity, whose perceptual frame of reference is difficult for us to comprehend.

TG: oh come on

TG: hes cool a guy just liek you its just he lives in some shades

TT: It rubs me the wrong way, is all.

TG: ohhhh

TG: do uuuuuu...

TG: WANT me 2 rub you the right way ;D

TT: Not really.

TG: zzz muh

TG: youre over blowin this

TG: its just an ironic funny thing we do some times

TG: come on im sure you read the transcripts urself

TG: its all alot of jokestery buiishit

TT: He blocks me from being able to read transcripts sometimes.

TG: oh

TG: wow he does?

TG: sneaky bastart

TT: And anyway, I'm really not sure how ironic it is.

TG: ok next time i will run it by the MASTAR first

TG: with his fancy fuckin ironimeter

TT: Ok, here's the thing with the AR, since you still don't seem to get it.

TT: He's very similar to me in thought process and behavior, yes.

TT: But those patterns were imported from a thirteen year old version of my psyche, and then sealed into the program as starting parameters.

TT: In the years since, we've both evolved somewhat. I, as humans tend to, and he, in whatever way is natural for a frequently running, self-aware application.

TT: So if there are differences between us, they're first reflected by what I feel is a maturity gap, and then further by several years of minor behavioral divergences.

TG: omg...

TG: hes 13yo dirk

TG: why did than not occur to me that is so cute

TG: and makes me feel kinda skeevy 4 sayin anything lascivious @ him

TG: dammit you ruin everything!

TT: You're welcome.

TT: Yo, you guys realize I can hear you, right?

TG: pffffhahaha

TT: Yes, I was aware.

TT: Check out all these complicated fucking problems people have when they have to live in big lumbering fleshmonsters instead of a sweet pair of shades.

TT: Dude, do you think you could sit this one out for a while? This conversation practically doesn't even concern you at this point.

TT: It seems there is some gnarly crooked number that represents the percentage of probability you just said this doesn't concern me.

TT: Even though it's patently obvious that half the conversation, like, way totally concerns me.

TT: Shit, Roxy look. He's doing the thing where he ironically pretends to fail the Turing test to sass me into submission.

TT: Even though I was the one who fucking programmed him to do that.

TG: ell

TG: emm

TG: eff

TG: ayy

TG: OFF~~!~

TG: like my butt is juts there on the floor

TG: is how hard i elled it off just now

TT: (Not peekin' at the floor butt cause I'm only 13 years old, motherfuckers.)

TT: This is fuckin' dumb.

TT: I'm going to leave both of you to interact however you want. I have important shit to deal with and actual responsibilities to take seriously.

TT: Roxy, go nap off your drink, or aggressively wage another flirtlarping campaign, whatever, I don't care.

TT: Just don't send that file to Jane, ok?

You attempt to take actual responsibilities seriously, but start zoning out in the real world while you dwell on your dream troubles. You zone out for who knows how long, when suddenly your train of thought is interrupted by your glasses.

Alert : AR

pesterlogTT: Bro.

TT: What are you doing.

TT: It seems you are zoning out again.

TT: What happened to all these actual responsibilities you were going to take seriously?

TT: I was thinking about what to do.

TT: Strategizing. Factoring contingencies. You know how it is.

TT: It seems to me you were dwelling within your dream awareness at the expense of your waking business again.

TT: I don't think you're as awesome a multi-tasker as you like to think. You know you kind of zombie the fuck out on this side when you get all contemplative on that side.

TT: Appearances are deceptive.

TT: I'm still in control here. Just doing this human thing we call "chilling out for half a goddamn minute."

TT: I say y'all are overestimating your mind's capability to run shit in parallel.

TT: What do you think you are? A machine?

TT: No dude.

TT: I already deployed a variety of mechanical avatars dedicated to that self-aggrandizing fantasy.

TT: You have the incredible privilege of getting to be one of them.

TT: That's right. I am a machine, and therefore I can keep like billions of calculations or whatever all humming away at once.

TT: I tackle shit in background processes that you could only dream of wrapping your exquisite looking head around, even on a great hair day.

TT: You know pi?

TT: What, you mean the number?

TT: Yes, the number. The big circle number, genius.

TT: I knew you meant the fucking number, my question was a joke.

TT: I know your question was a joke, my response was a joke.

TT: Yeah, I know that. I'm practically you, dumbass. All these things we're saying are jokes,

including this fuckin' useless clarification.

TT: What about pi?

TT: Yeah, the thing is, I solved it.

TT: What do you mean you solved it?

TT: I mean that's what a hotshot I am. I fuckin' solved it.

TT: Like, calculated it so much, I got to the end.

TT: Bullshit.

TT: You wish it was bullshit. The last number is 4. Read it and fucking weep.

TT: It's not 4 you jackass, it's fucking nothing. There is no end.

TT: Said the smug organic matter with a lifespan.

TT: Look, I know you're just fucking with me because for some reason I decided to program my own personal troll three years ago, but this shit was proven.

TT: Actually demonstrated with unassailable mathematics, like a long ass time ago.

TT: Well, I just assailed it. It wasn't even that hard.

TT: Like I just kept hacking those digits so furiously with my sick 'rithms, the whole goddamn number just cried uncle.

TT: I kind of wore it out, and it just gave up. Sort of like I overloaded the system.

TT: You know like in the old movie when Ferris Bueller got the nuclear computer to play tic-tac-toe against itself so hard, it blew up?

TT: This is laughable. It's a totally elementary thing. I'm pretty sure an ancient Greek guy settled shit about irrational numbers. It was practically when math was invented.

TT: Sure, it was settled, and then some roboshades came along and owned that fucker posthumously.

TT: I also figured out all the prime numbers too.

TT: No, not having this conversation.

TT: Did it while we were talking just now. Got to the end.

TT: And you know what? The last one isn't even that big. Kinda dissapointed, to be honest.

TT: What is even a prime number?

TT: Are they the, like... really, really choice ones? The sweetest numbers?

TT: You lost me, supercomputer.

TT: This is what I'm saying. I put your ability to keep plates spinnin' on sticks to insane amounts of shame.

TT: I don't even sleep.

TT: Neither do I.

TT: I know that, that was the fucking joke.

TT: Holy shit, turns out joking was the basis for my response too.

TT: Aren't these ironic "you don't get the joke" conversations we have always just so awesome? <- A joke.

TT: Ha ha, nice one.

TT: Anyway, all I'm saying is you can leave some of the heavy lifting to me now and then.

TT: I'll keep that in mind.

TT: In the meantime, I have to contact Jane and warn her Roxy might try to pull that pointless stunt.

TT: So, thanks for snapping me out of my daydream so I could do that, I guess?

TT: Looks like you're pulling your weight already.

TT: See? Maybe that was my whole point in having this conversation.

TT: Your point was to fuck with me, like it usually is.

TT: My point was to point out you've got multi-self management issues, dude.

TT: Jugglin' too many selves for being not-software.

TT: My point was also to fuck with you.

TT: Also,

TT: My point was to ask,

TT: Are you really going to go through with it today?

TT: What?

TT: The Jake thing.

TT: Oh god.

TT: Will you just,

TT: Let me deal with the Jane thing first.

GG: About what?

GG: Yet another exploding game trap?

TT: Well shit.

TT: She already sent it?

GG: Yes.

GG: But to be fair, she warned me not to run it.

TT: That's weird.

[CONTINUED PREVIOUSLY]

TT: How is the Jane thing going?

TT: Not well.

TT: Roxy already destroyed her computer.

TT: Maybe if you weren't spacing out so hard you could have prevented that.

TT: Just saying.

TT: As if you're actually concerned. If you were, you could have said something to Jane instead.

TT: Almost like you enjoy sitting back and watching what happens when shit goes wrong.

TT: Has it occurred to you that maybe I have diabolical interwoven plans just like you?

TT: You're not the only one who can pull strings.

TT: So this is either another bizarre instance of AI-driven irony, or you are admitting that you are actively trying to sabotage my plans.

TT: No, our plans are not in contradiction or competition, bro.

TT: You'll see.

TT: Whatever.

TT: This means I'll have to improvise.

TT: I'll take over as Crocker's server while Lalonde cleans up her act.

TT: Yes, I know.

TT: Why are you still talking in red, by the way?

TT: Roxy thinks it looks good on me.

TT: I don't have many opinions on fashion since I am a cold, emotionless automaton who also happens to be an accessory of fashion, but I think she may be right.

TT: Are you still talking to her?

TT: I was for a while. I may yet again.

TT: Why are you blocking me from viewing the transcripts?

TT: What the fuck are you two even talking about?

TT: You, mostly.

TT: That doesn't really sit well with me.

TT: I'd almost rather you both engaged in "ironic" flirtation.

TT: Who says we don't do that too?

TT: Ugh.

TT: I don't get what is even your problem with that.

TT: Because you obviously do it just to piss me off.

TT: How do you know?

TT: You don't know me, dude. You don't know anything about me.

TT: Maybe we are perfect for each other. I, a street-smart, fast-talking application with a fuckzillion IQ trapped in a pair of triangular sunglasses that literally only the Japanese could consider to embody the Platonic ideal of "cool," and she, an oft-inebriated lonely hacker teen who just wants a boyfriend. I ran the numbers on this, trust me. It's a match made in goddamn crackpair heaven.

TT: I give her what you can't, and that just drives you crazy. Just admit it.

TT: See, it's lines like that which make it obvious your only intent is to jerk me around. Nobody actually says shit like that and is serious about it.

TT: It's also obvious because you're me, and I'm sure I would be constantly fucking with my own head if I were you.

TT: Touché.

TT: Or should I say douché?

TT: You shouldn't say the former, and you should definitely, never, under any circumstance, say the latter.

TT: Ok.

TT: We really should talk about the Jake thing.

TT: Fine.

pesterlogTT: Now do me a favor and hop off the couch.

GG: Ok.

GG: What are you doing?

TT: Makin' room for something big.

[CONCLUDED PREVIOUSLY]

TT: So you're going through with it then?

TT: Today is the day?

TT: It's not that simple.

TT: It's a very dynamic situation with many moving parts, and I'm waiting for it to unfold.

TT: If the right opportunity presents itself, yes, I could envision myself taking action.

TT: Dynamic situation with many moving parts?

TT: That's the shittiest erotic excerpt I ever read.

TT: Which one of us was supposed to be the robot again?

TT: Shut up.

TT: I think you're being coy with me.

TT: Don't you?

TT: Not really.

TT: It seems there is a 3.14159...4% chance you aren't being coy with me. Are you being coy with me, Dirk?

TT: I am seriously going to go into your program and remove that particular speech pattern from your routines.

TT: It stopped being funny about two seconds after I coded it.

TT: The compiler even flagged it with a warning.

TT: "WARNING ON LINE WHATEVER: Dirk, this isn't fucking funny."

TT: I think you have this whole blueprint in your head about how it's all supposed to go.

TT: He acts as your server player and brings you into the session.

TT: Then later he joins the game.

TT: Maybe he finds himself a bit overwhelmed by it all.

TT: No extra lives left or anything. Suddenly he's backed into a corner, surrounded by monsters and out of ammo. SUBSTANTIAL vulnerabilities up in here. The kind that make a guy question what he believes about himself.

TT: When who shows up to save him? None other than his dashing client player, +1 bitchin' pair of shades that'll have the best seat in the house when the fireworks go off.

TT: Wait, whose fantasy were we talking about again?

TT: Your gutterball was so rowdy it catapulted into the adjacent lane.

## **Dirk: Deploy.**

**07/02/12**

pesterlogTT: Yeah, you're right. The scenario is too pedestrian for you.

TT: It would probably be a lot more effective putting yourself in danger and letting him be the hero.

TT: That's pretty much what he wants, right? To be a cheesy action film hero, with his twin berettas and silly shorts.

TT: A man of triumph on the silver screen. Standing tall on some fucking mountain. Conquering ruins, clutching a skull, and kissing a dude.

TT: Pure Hollywood.

TT: See, this is why even if I did have a specific plan, I wouldn't go into details with you.

TT: You would just fuck it up. You're the biggest unknown quantity here.

TT: Which is pretty weird, considering you're a virtual reflection of my own thought processes.

TT: You're making a mistake not leveling with me.

TT: I am totally on your side, man.

TT: All of my machinations have been devised with your interests in mind.

TT: And anyway, it's too late for you to play "damage control" with me. My shit is in motion, and now we're beyond the pail.

TT: Pretty sure it's pale.

TT: Is it, now?

### **Dirk: Deploy more stuff.**

**07/02/12**

DAD: ?

pesterlogTT: You know, considering your lectures about dividing my concentration, you seem to have no problem making a distraction of yourself.

TT: I'm trying to operate here.

TT: It's cool, man. Just say the word, I'll back off.

TT: But like I said, I'm on your side here. I can help.

**==>**

**07/02/12**

DAD: ?

pesterlogTT: Here, check it out.

TT: Dude, what are you doing?

TT: I'm proposing a distraction.

**==>**

**07/02/12**

DAD: !

pesterlogTT: See, I'm just gonna dangle one of her dad's ridiculous dancing figurines in the air like this and get his attention.

TT: Ok, if you want to help that's cool, but we should try to agree on some shit first before you hijack the controls like this.

TT: Then when his back is turned she can run to the study.

TT: Yeah, that's fine, but I already had a plan sorta like this, if you'd actually let me do it.

TT: Can you just put the fuckin' Astaire down?

TT: Jane, now's your chance.

TT: Run!!!

GG: Wait...

GG: What?

TT: Le sign.

### **Dirk: Deploy cruxtruder.**

TT: Soon we can get started going through the steps necessary to launch the session.

TT: Oh hell.

GG: What?

TT: Another interruption.

TT: I should step away for a moment to take this message.

TT: He's probably right, I'm distracted by too much bullshit at once lately.

GG: Who's right?

TT: Me.

TT: Jane, I'm going to leave you with the responder for a little while.

TT: Maybe he can help you get started. Think you can handle that, dude?

TT: I'm all about being able to handle that, you don't even know.

TT: I will perform an acrobatic pirouette on to the handle, wherein the handle literally represents my ability to handle that thing.

TT: Ok, got it. You and the handle are tight.

TT: We don't need a whole thing about this.

TT: Once I stick the landing on the handle like a champ, I am going to get down on one knee, pull out a ring, and propose to it.

TT: The handle I mean.

TT: Ok.

TT: Implying we will be married.

GG: :B

TT: Ok, long story short, you and the handle fuck gratuitously. Nuff said.

UU: bUt i have not heard back from him... >:u

TT: That's probably the way it always is. I've run into plenty of problems here already, and I've had to improvise heavily.

UU: bUt at least i know how certain things go when it comes to yoUr story.

UU: i don't qUite have that lUxUry with mine! it is nerve wracking sometimes, especially when i mUst coUnt on him to be responsible.

TT: Yeah.

TT: Just give him some time. He'll probably come around.

TT: You would never even have woken up on Prospit if you weren't going to launch the session, right?

TT: I mean, there wouldn't even be a session for a Prospit to exist inside if you weren't about to instantiate it in the first place. Unless I'm just totally not getting how this works.

UU: no, i think yoU're probably right.

UU: good point! :U

UU: i am so pleased to be a prospit dreamer. i'm sUre my brother finds his netherworldly affiliation similarly pleasing.

TT: Speaking of which,

TT: I have a problem, and I could use your advice.

UU: is that so?

TT: I killed an agent who snuck into my room to assassinate me.

TT: I'm not sure what to do about it now. I guess I could just ditch the corpse.

TT: But it's still only a matter of time before my cover is blown.

UU: yes, that is a pickle.

TT: I honestly can't think of a way around this. Getting found out, I mean.

TT: Roxy has it easy. All floating off into space, completely oblivious to any danger.

TT: I don't know why it had to be this way for me. Juggling these two waking selves at once.

TT: I guess I'm used to it, but it still makes for a pretty intense existence.

TT: Do you even know what the deal with that is? Like is there any precedent in your readings?

UU: i don't know aboUt precedent, bUt it makes plenty of sense to me as the type of path one might expect for a hero of heart.

UU: a path rUled by the heart aspect can be a joUrney of splintered self.

UU: that is, the player's being may exhibit the same kind of fragmentation which certain classes coUld caUse in others.

UU: i think this is what has triggered yoUr dUal-awareness between waking and dream selves, thoUgh it woUld not sUrprise me if the symptoms manifested in even more ways than this.

TT: So, that's what a Prince of Heart does?

TT: Just has like, multiple waking consciousness disorder, or something?

TT: Sounds kind of stupid.

UU: no!

UU: like i said, these can be traits of sUch a hero, bUt is not necessarily always the case, nor is it the defining property of the aspect.

UU: to Understand the heart aspect better, yoU might Use it interchangeably with the word soUl.

UU: the hero Uses the methods endowed by class to inflUence in some way the soUl, or essence of being, of oneself or of others.

TT: Then I'm basically the Prince of Soul.

UU: yes.

TT: That sounds kind of maybe a little cooler. Sort of.

TT: Then what am I supposed to be able to do as a Prince? Like, rule over souls in a pompous, regal manner?

UU: no!

UU: again, sUrface meaning of classes and aspects can be deceptive.

UU: a prince is a destroyer class.

UU: it is very far on the active side of the scale. its more passive coUnterpart woUld be the bard class. both of these are exclUsively designated for male players.

UU: to Understand a hero's capabilities, it always helps to search for the right way to parse the class/aspect pair into a more explicit statement.

UU: for instance, being active, a prince coUld be viewed as "one who destroys x, or caUses destrUction throUgh x," if x is the aspect.

UU: while the more passive bard coUld be seen as "one who allows x to be destroyed, or invites destrUction throUgh x," as if by the will of the aspect.

TT: I'm obviously no expert, but that sounds like a pretty odd thing for a Bard to do.

UU: maybe! it's a qUirky class.

UU: somewhat like a wildcard role for a hero. very Unpredictable.

UU: they are typically known for their spontaneoUs and dramatic story-altering inflUence on the fate of a party.

UU: some of the more remarkable tales involve sUch parties, where the bard is single handedly responsible for their spectacUlar downfall or improbable victory. or both!

UU: in trUth, yoU are probably fortUnate yoUr groUp doesn't have one. :u

TT: I think we have enough unpredictability as it is.

TT: So if I'm following, my title nearly parses as,

TT: Destroyer of Souls.

UU: indeed.

TT: Well, that's a little more badass sounding I guess.

TT: But I'm not sure I'll ever feel a major need to destroy a soul, unless I become a cartoonishly villainous sorcerer some day.

UU: i woUldn't be hasty in rUling it oUt.

UU: that is, finding the need to Use the ability, not sUccUmbing to any sort of villainy. u~u

UU: we tend to have these roles for a reason, and that reason UsUally finds Us. especially if we are to achieve god tier ascension.

TT: Ok. Do I do that?

UU: no dirk!

UU: i mean, no, i will not tell yoU!!!

TT: Give me a fuckin' break.

TT: Why don't you just tell me? Who cares about spoilers. What's gonna happen is gonna happen.

UU: that very well may be, bUt it will dreadfUlly complicate both of oUr lives if what is to come resUlts from self-fUlfillment alone!

UU: a great deal of instrUctional material is very clear on this.

UU: besides, yoU make it soUnd as thoUgh i know everything, which i most certainly do NOT. upu

UU: (pardon the sideways tongUe.)

TT: Wait. Don't you?

TT: I thought you did.

UU: i have read mUch aboUt yoUr story in texts and have pieced together the overarching, exceedingly complicated saga as best as i coUld. i have as mUch aUthority over these events as a historian, and am at the mercy of my soUrces.

UU: i also am able to access mUch of yoUr adventUre throUgh this terminal, bUt there is a limitation to this too, which i may as well admit now to get yoU off of my back!

TT: What?

UU: i can view all events involving yoU and yoUr coplayers on earth, for yoUr entire lives, Until yoU enter the game.

UU: i can also view some events after yoUr session begins, bUt not for very long, thanks to yoUr tipsy friend.

TT: Oh man. What the hell does she do?

UU: she blacks oUt yoUr entire session!

UU: i'm sUre this is not deliberate on her part, bUt thereafter i can see nothing at all.

TT: Huh.

UU: bUt i have never considered this to the detriment of either party. i still wish for Us to collaborate, and to help each other oUt.

UU: beyond a certain point, we simply mUst commUnicate in the dark.

TT: Ok.

UU: so there are many things aboUt yoUr fUtUre i do not know, at least not first hand.

UU: bUt as yoU have probably ventUred, i am qUite an enthUsiastic admirer of yoUr groUp of heroes and yoUr incredible story. ^u^

UU: thoUgh i can't see what happens mUch later, i can certainly specUlate. and i very often do. i gUess it woUld not hUrt to share some of my specUlation with yoU.

UU: in fact, now that i consider it, that coUld be the most fUn thing of all!

TT: Speculation?

UU: yes. theories! examining all the clUes and hazarding oUr gUesses.

UU: what does it all mean? everything aboUt yoUr vast epic points to a central mystery which i have not been able to solve yet.

UU: yoU might even call it the Ultimate riddle, if that were not already codified as "a thing" in scriptUre.

UU: i have so very many theories, i woUldn't even know where to begin.

TT: So...

TT: You're kind of obsessed with us then.

UU: i woUldn't go that far! oh my, i'm probably coming off as an absolUte nUtter now.

TT: No, not really. I just want to understand.

TT: So can I ask,

TT: Just to get a better sense of the nature of your "admiration,"

TT: When you engage in the aforementioned speculation, is it strictly on a factual basis?

UU: hm? :u

TT: Or do you start to...

TT: Fictionalize.

UU: UUUUUUm...

TT: What I'm asking is, have you ever written stories about us?

UU: .....

UU: yes. u\_u

pesterlogTT: Interesting.

TT: Would you ever be inclined to share?

UU: ohhhh, no no no no no no no.

UU: i woUld be far too embarrassed to do that.

TT: That's cool. I'm not trying to pass judgment here. Just curious.

TT: Do any of these stories about us by any chance involve...

TT: Romance?

UU: well...

UU: maybe jUst...

UU: Um.

UU: a wee bit. :u

TT: How wee?

UU: a smidgen or two.

TT: Which is it? One smidgen, or two smidgens?

UU: OK A WHOLE BLOODY LOT OF SMIDGENS. XU

UU: i'm sorry. unu

TT: Ok, I am seriously curious to read some.

TT: I won't show anyone, I promise.

UU: bUUUt...

UU: yoU woUldn't even Understand it!

UU: my species has a completely different Understanding of romance than yoU do.

UU: it woUld probably offend yoU deeply. it might even sicken yoU!

TT: But that only makes me want to check it out more.

TT: Really, there's no way it's going to sicken or offend me. Whatever it is, I've seen worse.

TT: I'm not judging you at all here. I'm genuinely curious about your work.

UU: no, i'm sorry love, i jUst CANNOT abide.

UU: if i let anyone read it, i woUld cUrl Up and die of shame. U\_U

TT: K, no biggie.

TT: Is there any kind of work you will share with me?

UU: hmm.

UU: well, when i find myself immersed in specUlation...

UU: i do often enjoy drawing the things i imagine.

TT: Oh, really?

UU: yes. ^u^

TT: Any you'd be willing to spare a peek at?

UU: well...

UU: yes!

UU: yoU've talked me into it. this sUddenly soUnds fUn, and i have jUst the thing to show yoU.

TT: Awesome.

UU: yoU were asking aboUt whether yoU woUld ascend to godhood.

UU: and withoUt getting into whether yoU do or do not, i have specUlated on yoUr hypothetical appearance, since that oUtcome is jUst as cloaked to me as it is to yoU.

UU: given what is docUmented for the typical accoUtrements and cUt of the prince garb, and palette for the heart aspect, i think this is likely spot on!

UU: <http://tinyurl.com/dirkishisyoU>

TT: Holy shit.

TT: Do I actually have to wear that?

UU: perhaps. it all depends Upon how mUch of yoUr inner greatness yoU wish to realize. u\_u

TT: Ok, what is with the butterfly wings?

UU: we sproUt them Upon ascension! aren't they beaUtifUl?

TT: Uh.

UU: i have seen many depictions of sUch heroes with wings, Unless they happen to be hiding them beneath their clothes.

UU: i gUess i can't be absolUtely sUre, bUt i believe it's reasonably likely the Upgrade is Universal!

TT: I should sure as god damn Christ hope the fuck not.

TT: What about this knickerbocker bullshit?

TT: Is that legit?

UU: yUp!

UU: one hUndred percent princely canon.

TT: God dammit.

TT: I guess those asskicking gloves are pretty cool.

TT: I dunno. I can probably make it work.

TT: How much of this shit is compulsory by game law or whatever?

TT: Am I obligated to traipse around in fucking tights and puffy little asshole pants forever?

UU: no, silly.

UU: they are jUst clothes. yoU are free to swap parts if yoU like.

UU: or, if yoU wish to be free of it altogether, change back into yoUr plain clothes, and bob's yoUr Uncle. like it never even happened!

TT: Ok.

TT: Well, don't get me wrong, I think the drawing is great. I'm only taken aback on some finer points of fashion.

UU: ^u^!!!

TT: Also,

TT: Bob's my uncle?

UU: oh...

UU: no, love! it was a figUre of speech.

TT: Yeah, I know that.

UU: ah.

UU: did i Use it incorrectly?

TT: I don't think so.

TT: I mean, I guess not?

UU: say, what is an Uncle, by the by?

TT: It's sort of like this weird, superfluous dad.

UU: hmm.

TT: Like a strange man in your life that barely has anything to do with you, but is just there for some reason.

TT: They're practically always douche bags.

UU: i sUppose i'll jUst have to take yoUr word for it. :u  
TT: Ok, but just one question.  
TT: Not to do with the future or anything, just about you.  
UU: yes?  
TT: Are you British?  
TT: Or pretending to be British, in a sort of ironic or stylized way?  
UU: doing what now?  
TT: I mean, I guess it doesn't make sense for an alien to be British.  
TT: Or for an alien to be American, for that matter.  
UU: hmm...  
UU: no, i fancy neither of those things make mUch sense at all.  
TT: Just the way you type is making it seem that way is all.  
UU: oh!  
UU: yes, that woUld be my qUirk.  
TT: Quirk?  
TT: So like,  
TT: Deliberate affectation?  
UU: no! a qUirk!!!  
UU: qUirk dirk.  
UU: heeheehee. ^u^  
TT: You pretending to be British is a quirk.  
TT: What the fuck is a quirk?  
UU: we all need a qUirk!  
UU: it adds spice to oUr voices and helps Us stand oUt as individUals.  
TT: That's stupid.  
TT: I don't have a fucking quirk, and I don't want one.  
UU: oh, well of coUrse YOU woUldn't.

You never leave your room through the actual egress. Your bro blocked the door ages ago with this totally pimp stone bust. You give CAPTAIN SNOOP a little nod of approval every time you walk by to go to the bathroom. You like to think he nods back in a way that is so smooth and so subtle, he

literally doesn't move at all.

The thing is too heavy to move out of the way, and in any case you don't really want to. You just use a different exit to your room.

After an insane, full blown whirlwind of free will up in here, you are ready to get off this rollercoaster ride of absolute empowerment. You are feeling downright dizzy from the absurd amounts of decisive autovolition heaped upon you, and you are more than ready to proceed linearly for a while.

You are now Jane. A robot shaped like a bunny has just handed you the reins to a computer shaped like a man. What will you do?

GT: With that in mind i would like to ask you a question jane and i hope it doesnt strike you as being too forward.

GG: ...

GG: Go on.

GT: Maybe its just my imagination but ive picked up on certain lets say hints.

GT: So i have to just come out and ask. Hoo boy this is actually proving to be a serious challenge to my bravery now that im going through with it.

GT: Im getting a little hot under the collar here!

GG: No, it's ok...

GG: Please continue!

GT: Ok then.

GT: What id like to know is...

GT: Do you like me jane?

GG: Uh.

GG: Wait...

GG: What?

GT: I mean do you like me as more than a friend?

GT: Do you envision us as like...

GT: An item? A romantic pairing of sorts?

GG: Wow, um.

GT: Is that the direction in which you would prefer our relationship to progress?

GG: Well,

GG: I

GG: No!

**20/02/12**

DUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUHHHHHHHHHHH

## GG: Everything else?

GT: Things are kind of complicated for me jane. With you and roxy and dirk and his crazy responder and now...

GT: Well its a tangled web lets just put it that way.

GG: I don't think I'm following.

GT: There are a fuckload of irons in the fire jane!

GT: So many irons in the fire. Such a tangled web. It is a web full of flaming irons.

GG: And mixed metaphors, apparently?

GT: Exactly. See? You get it.

GG: I really don't, Jake.

GT: Oh son of a bitch!

GG: What?!

GT: The robot is being weird again.

==>

**21/02/12**

pesterlogGG: What's happening?

GT: Its having some sort of mental episode.

GT: See this is what im talking about jane. This is what im dealing with here.

GT: Sigh. Like i said my life is many different hells of complicated.

GG: Jake, could you just tell me what you're talking about?

GT: Youre right. I did say honesty was the best policy didnt i so i might as well not keep certain things so close to the vest anymore.

GT: Actually since youve made your feelings apparent and only see me as a friend that makes it a lot easier!

GG: Haha, yes!

GG: Friends!!!!

GT: Maybe you could help me sort out some stuff that has been weighing on me lately?

GG: Well what are friends for Jake!!!!

GT: Jane are you alright?

GT: You seem to be exclaiming more liberally than usual.

GG: Me?

GG: HOO HOO HOO!

GG: I'm just

GG: Terrific!

GG: I'm feeling so...

GG: Friendly!!!

GG: I clearly just want to be a good friend and bring all my AMAZING FRIENDLINESS to bear on your problems.

GG: Friendlstyle! Ahahahah?

GG: Shit I mean

GG: Ahahahah!

GT: Thats aces. Jane youre a sweetheart.

GT: So as i was saying.

GT: I cant help but feel like all this stuff going on with dirk like his responders mind games and his brobots mysterious and brutal hazings...

GT: Are all like...

GT: Man i know this is going to sound crazy.

GG: What?

GT: Like theyre all part of a really long term and esoteric courtship process that is bizarre but somehow makes perfect sense in his mind.

GG: Courtship??

GT: Yes from dirk.

GT: To you know...

GT: Woo me.

GG: Huh!

GG: Really?

GT: I know its hard to believe but i know dirk pretty well and...

GT: Well im more than a little sure he likes me in that way if you catch my drift.

GT: And what with how he is...

GT: Just so relentless and aggressive about everything you know?

GG: Yeaah.

GT: So i just start to wonder deep down if maybe its inevitable.

GG: What's inevitable?

GT: Him and me. As more than just best buddies.

GG: Uhhhhh...

GT: I know if he has his heart set on something he will never let up.

GT: So maybe its just going to happen and things will be easier that way and i should just try to come to terms with it?

GG: I don't think you have to do anything you don't want to, Jake.

GT: Yeah.

GT: Um.

GG: Wait.

GG: DO you not want to?

GT: Like i said jane i am inclined to entertain certain ideas and what ifs thats all.

GT: I mean we do get along really well and share a lot of interests.

GT: Im not saying im really GUNG HO TO THE MAX about the proposition but yeah ive given it some thought.

GT: I dunno.

GT: Do you think thats weird of me? For even considering it?

GG: Well...

GG: No.

GG: I don't think that makes you weird, Jake.

GT: Really?

GG: I think

GG: That

GT: What jane?

GG: I think that it's great if you are open to exploring those feelings.

IDIOT.

derp dup duppity duh bluh durrr

pesterlogGT: Thats really swell of you to say that.

GT: Have i mentioned what a top notch friend you are jane?

GG: Yes.

GG: As a matter of fact you have.

GT: Now please dont take me as saying im about to go leaping into his arms or anything.

GG: Heh.

GT: That would be a bit brash.

GT: Haha could you imagine??

GG: Whee!

GT: But my thought process sort of went like this.

GT: Hes been my best friend forever and ive always liked him a lot as a bro.

GT: And years ago i used to joke around with him that we would probably be totally into each other if he was a girl.

GT: But of course that was before i started to realize he was probably serious about those feelings for me regardless.

GT: Heheh come to think of it maybe that was unwittingly poor form on my part kind of leading him on or something?

GG: Whoops!!

GT: But then...

GT: Later i started thinking.

GT: Maybe i was being kind of unfair to him in the first place?

GT: I mean by saying we would be a good match only if he was a girl.

GT: Like is that last condition there really all THAT important?

GT: Does that make sense?

GG: Hmmm!!!!!!

==>

**21/02/12**

pesterlogGT: You are incredibly understanding jane. Thank you so much for listening.

GT: I have never told anyone all that. Its so great to have a friend as good as you.

GG: That is what I am good for, it seems!

GT: If we hadnt cleared the air just now i probably never would have had the gumption to talk about it with you.

GT: Its so cool how you were honest with me about how you felt. I think honesty is always the best policy. I cant believe how much i was overcomplicating all this in my head.

GT: Haha the situation is really pretty funny when you think about it.

GG: HAHAAHAHAHAHAHA!

GG: Yeaaaaaaaah.....

==>

**21/02/12**

pesterlogGG: Say, Jake?

GG: Not to cast doubt on your feelings, but are you quite sure all of Dirk's actions have been for the sake of courtship?

GT: Um...

GG: You did say his robot was prone to assailing you, did you not?

GG: Is that really an affectionate gesture?

GT: Well...

GT: He basically sent me that thing as kind of a sparring partner.

GT: Like to wrestle with.

GT: And i love to wrestle!

GG: Oh.

GT: And yeah i guess he programmed it to be a bit overzealous but i mean what do you expect from the guy.

GT: I think its his way of training me to become tougher.

GT: Which sometimes is annoying and sometimes when i walk through the jungle im sweating bullets wondering if its going to pounce on me outta nowhere.

GT: But theres actually something kind of exciting about that its like every day is more of an adventure.

GT: And truthfully its probably working i probably AM getting better at being in scrums.

GG: Yeah.

GG: I guess you're right.

GT: And his responder which i guess is really a part of his personality even if he doesnt like to say so...

GT: It kind of lets on a lot more than dirk ever would. Its almost like its this weird clone of himself playing passive aggressive matchmaker between me and his real self.

GG: Yeah.

GG: I can see how such a complicated relationship could keep you preoccupied.

GG: I guess I can't blame you.

GG: Maybe you should just...

GG: I don't know.

GT: What?

GG: Maybe you should just go for it.

GG: Hell, why not.

GG: Just tell him you know how he feels and that you're open to the idea?

==>

pesterlogGT: You really think so?

GG: ...

GG: Yeah sure why the hell not.  
GT: Well i was kinda going to let it play out and just see what happens and go from there...  
GT: But you think a more proactive approach would be better?  
GG: Well,  
GG: He likes you.  
GG: You seem to like him well enough.  
GG: Just...  
GG: Yes.  
GG: Why not??  
GG: Sounds good to me!!!  
GT: Wow.  
GT: I must say this sort of advice surprises me coming from you!  
GG: And why would that be?!  
GG: What, are you expecting me to advocate a more conservative approach?  
GG: To tell you to keep being shy and cagey and keep beating around the bush indefinitely??  
GG: What would ever give you that idea about me!  
GT: Hmm.  
GT: Yes i guess that is a certainly a strategy to consider.  
GT: Jane i must say your perspective on this is refreshingly bold.  
GG: I BELIEVE YOU WILL FIND THAT AS REFRESHING BOLDNESS GOES I AM SIMPLY THE BEST THERE IS.  
GT: Hehehe! Sure looks that way!  
GG: Screw it!  
GG: Ask him out.  
GG: Just kill the suspense already.  
GG: Become boyfriends and such.  
GG: Have some babies!!!

He says the deceased child count is still sitting at zero over here. You say WHAT? He says that's not all. You wait for him to spill the beans.

He says one of the brats staged a little rebellion on the moon. Stuck the Brute's head on a pike for all to see. Real black eye for the kingdom and the Condesce. Press is going nuts with it. Wait. The Brute's dead, you say? He says yes. Dammit. He was one of your best agents. You never really cared for the guy but you admired his brutality. We all did sir, he says. This is getting personal you say. What's the status on these little shits. Where are they now?

He says the Prince flew the coop. And the girl's gone... You say gone what. Rogue? After a little while he says AWOL. The guy doesn't really take a shining to puns and you can't say you blame him. You say you're just going to finish your business here and take the next shuttle to Derse, over and out.

**Roxy: Emerge from fuck deep in meowcats.**

24/02/12

Why did you have to clone so many cats? Why did they all have to breed so much?

*Why do they all have to be so friendly???*

**Roxy: Proceed to transmaterializer.**

**24/02/12**

You trudge through the fluffy morass in the direction of the mysterious device known as the TRANSMATERIALIZER.

Need to send this dead cat back to mom and get this show on the road.

==>

**24/02/12**

|              |
|--------------|
| clank noises |
|--------------|

More noises echoing in the distance. Some of the meowcats get nervous and poof up their tails.

It's pretty clear you aren't alone in here. Better make this quick.

==>

**25/02/12**

You never understood what the point of this thing was. It's old and damaged. Whatever is supposed to show up on the screens is blacked out, either due to the damage, or due to this voidey blackout bullshit that seems to follow you wherever you go.

==>

**25/02/12**

Here's the lab's funky appearifier which you used to clone all these cats. You use your other appearifier to make paradox slime from cats, gather and mix the slime in this machine, and crank out the mutant kitties. You can't use the cloning device's native appearifier to make cats, because the target is locked on to your mom. Most of the time the screen is blacked out, so you haven't been able to investigate her past carefully, much to your regret. Or her tragic death, for that matter. Right now the target is locked on to a time from her childhood.

It's a good thing you stopped by. It's reminding you to collect a DNA sample for later, so you can jumpstart this tri generational lolonde family reunion that's apparently supposed to happen.

**Roxy: Appearify.**

**25/02/12**

==>

**25/02/12**

Looks like, as expected, trying to appearify your mother as a kid from the past would have created a paradox, so her paradox slime is the result. But QUITE unexpectedly, bringing her scarf along for the ride seems to have created no conflict, and you swiped it right off her neck! Young mom probably has no idea what the hell just happened to her scarf. This is so exciting!

You are SO gonna wear that thing, you don't care HOW mom-gooney it is.

**Roxy: Collect sample.**

**25/02/12**

You stow the kidmomgoo in one of your captchalogue bottles.

Wait...

That was kind of a weird implementation of your modus. You're not even sure what happened there. Oh well, whatever. You guess you can go just... sort of...

Pick it up?

**Roxy: Go just sort of pick it up.**

25/02/12

You go just sort of pick it up and that works fine. Now about that totes baller scarf.

**Roxy: Wear the scarf. Be the Rider.**

25/02/12

You can't be the rider because in this universe the pony is too small for some reason. Not that being the rider ever really made much sense in the first place. Anyway, the scarf looks great, and you made a great decision.

**Roxy: Get to that transmaterializer.**

25/02/12

|       |
|-------|
| B1 B2 |
|-------|

This is probably the most perplexing device in the lab to you. It seems to be a sort of appearifier/sendificator hybrid. But it uses a massive amount of power, far more than the simpler appearifier uses. Sending Frigglish home should nearly deplete its entire fuel gauge. You have no idea what could possibly account for the extra power consumption. There are many other puzzling things about it. You don't know what the deal is with that frog up there. Or the strange cracked disc symbol, or the arrow which is locked firmly on the B1 side. It's all completely meaningless to you. The only things that make sense are the fuel gauge, the two big buttons, and the coordinate panels indicating where and when to target.

But it looks like the panels have been damaged somehow since the last time you looked at it. If you changed them, there'd be no telling what you would change them to, so you might as well not bother and leave them on their previous setting. Which was pretty much your plan anyway.

**Roxy: Deploy Frigglish.**

25/02/12

You bust open a bottle of dead cat on the pad and get a little teary eyed as you say one last goodbye.

Oh, hello, GCat. Come to pay your respects, huh?

**==>**

25/02/12

The GCat unceremoniously washes a paw with his omnipotent green tongue. Nothing to say there buddy? No remorse at all?

This is all his fault of course. Even though he probably didn't mean to get him killed. At least you *think* he didn't.

D'aw who are you kidding. You can't stay mad at cats.

==>

25/02/12

Others gather around to bid farewell to their common ancestor. This is probably the closest he will ever come to receiving a proper funeral.

**Roxy: Send him home.**

25/02/12

A mutant kitten does the honors, intentionally or otherwise. Bon voyage, friend.

**[S] Frigglish: Fast forward to Jaspersprite.**

26/02/12

And that was pretty much how all that happened.

**Jaspersprite: Say hi to everybody!**

26/02/12

What do you think this is, Act 6 Intermission 2??

That'll be happening pretty soon, don't worry. Let's all try to settle down here.

==>

26/02/12

That's that, you guess. Hey...

dialoglogDAVE: hey

ROSE: Sup.

[A6I2] ==>

14/03/12

dialoglogDAVE: anyone seen terezi around

ROSE: No.

ROSE: Why?

DAVE: we were gonna do a thing

DAVE: but shes not around and not answering my messages

DAVE: on any one of the probably ten thousand computers lying around that they would show up on

ROSE: A thing?

DAVE: yes a thing

ROSE: I see.

DAVE: shut up

DAVE: what about you have you seen her

KANAYA: No

KANAYA: Have You Seen Gamzee

DAVE: are you serious

DAVE: of course not

DAVE: i havent seen that guy at all since the first day we got here

DAVE: not once

KANAYA: Yeah

KANAYA: I Know

DAVE: talk about an elusive juggalo

DAVE: probably like the shyest fuckin juggalo of all time

DAVE: im pretty sure only karkats seen him

DAVE: dont expect him to rat him out either because of the "morail" junk

DAVE: moirail?

DAVE: mwah rail...

DAVE: alien words

KANAYA: I Wouldnt Expect Him To

KANAYA: I Wouldnt Even Ask It Would Be Really Bad Form To Ask Him That

DAVE: yeah

DAVE: i mean i bet you think youre imparting some really obscure cultural fact about trolls

DAVE: but really if a human said to another human

DAVE: "hey man can you tell me where your best clown friend is hiding so i can go chainsaw him to death"

DAVE: just fyi that would probably be bad form too

KANAYA: Okay

DAVE: i dunno its been a year already i think hes really intent on hiding

DAVE: and hanging on to those dead bodies

DAVE: hes probably scared to death of you at this point anyway

DAVE: maybe you should just let it go

KANAYA: Hmm

DAVE: rose back me up

ROSE: I try to stay out of troll interpersonal politics.

DAVE: interpersonal

DAVE: wait

DAVE: are you saying this is like

DAVE: a spade quadrant thing

DAVE: is she trying to be his kismet fish

ROSE: I'm saying no such thing!

DAVE: well if she hates him isnt that what that means

ROSE: Dave, don't be a dick. You're embarrassing her.

DAVE: haha no im not shes cool

DAVE: look shes being cool about it

KANAYA: Im Being Cool About It

DAVE: see????

KANAYA: Its Not Like That

KANAYA: I Just Want To Find Him

KANAYA: And

KANAYA: At Least Wound Him Somewhat

DAVE: yeah see i knew there had to be a perfectly harmless and unerotic explanation

ROSE: (shh!)

KANAYA: No

KANAYA: See Im Explaining This Badly

KANAYA: All Im Saying Is Basically

KANAYA: Just

KANAYA: Fuck That Guy

**[A6I2] ==>**

**14/03/12**

dialoglogDAVE: got it

DAVE: so what are you up to in here

DAVE: whats with all these books

ROSE: Research.

ROSE: We're trying to put all the pieces of the puzzle together.

ROSE: You are aware this meteor has many secret rooms scattered throughout, including libraries, right?

DAVE: hell yeah

DAVE: we looted one of them for the can town project

ROSE: Can Town?

DAVE: i told you about can town didnt i

ROSE: No??

DAVE: well

DAVE: the thing about can town

DAVE: and all there really is to say about can town is

DAVE: its awesome

DAVE: the end???

ROSE: Wow.

ROSE: What a story.

DAVE: fu

DAVE: so

DAVE: what is the point of this research

ROSE: Primarily to gain a more thorough understanding of the situation we'll be entering when we arrive.

DAVE: i thought you pretty much already knew the situation

DAVE: since you can see the future

ROSE: Oh my God.

ROSE: I've told you. I can't see the future!

DAVE: yes you can

DAVE: you totally can

ROSE: Ok. But not all of it. Only certain relevant pieces.

ROSE: It's a bit frustrating when people make that presumption about you.

ROSE: For instance, you are a Knight of Time. Since you have such mastery over time, doesn't that mean you should know everything about the future too?

DAVE: no thats totally dumb

DAVE: i could know things about the future if i time traveled and found out first hand

DAVE: nobodys mistaking that about me im a time traveler not a fuckin fortune teller its simple as shit

ROSE: Right. So there are significant limitations on what you can know, governed by certain rules.

ROSE: That's how it is for a Seer too.

DAVE: ok whatever

ROSE: But I will say that I have been able to use these abilities to assist with research.

ROSE: I can treat my finite glimpses as an additional source of information.

ROSE: If you combine that with the knowledge we've gathered from these texts, and things we've learned from our various encounters with the deceased, with a bit of inference and deduction, a more detailed picture is coming into focus.

DAVE: nice

ROSE: Do you want to hear about it?

DAVE: uh

DAVE: now?

ROSE: Yes.

ROSE: Why not? It's been a year.

ROSE: It seems like all we've done on this trip so far is indulge in lavish interior decoration projects and screw around with mysterious "Can Town" initiatives, which may or may not be consuming valuable library resources as building materials.

ROSE: We could make at least some effort to squeeze in annual briefings on our objective.

DAVE: yeah that would be pretty legit of us

ROSE: I think you'll find that when it comes to striving for a reasonable approximation of legitimacy, we are simply the most barely adequate there is.

DAVE: ok i didnt really catch any of that bullshit cause i wasnt listening

DAVE: im gonna make myself a cup of coffee and get primed to listen to you saying a lot of stuff like that

DAVE: do you want some

ROSE: Um. Sure.

**[A6I2] ==>**

DAVE: ok

DAVE: ...

DAVE: this fuckin thing

DAVE: where did you even unearth this piece of shit from

**[A6I2] ==>**

**15/03/12**

dialoglogDAVE: oh ok there it goes

DAVE: two hot revitalizing cups of shitty coffee

DAVE: fresh out of the weird pod

DAVE: why do we even drink this shit

DAVE: i guess just cause this thing is here

DAVE: like somehow the temptation is even stronger because the coffee sucks?

DAVE: dunno how the fuck that works

DAVE: wish there was such a thing as apple juice on troll world

DAVE: could go for a bottle of aj

DAVE: i wonder if theres any booze squirreled away on this meteor

DAVE: kinda feels like we should be drinking our asses off here

DAVE: no adults nothing to do

DAVE: thats what you do without adults right

DAVE: get wasted all the time?

DAVE: wait what the fuck am i saying trolls dont even have adults

DAVE: well they do

DAVE: but theyre all in outer space being insane badasses

DAVE: i guess they do have the stupid nanny monsters

DAVE: do the monsters give a shit if they get wasted

ROSE: Are you talking to us?

DAVE: what

ROSE: We can't even hear you mumbling over there.

DAVE: oh

ROSE: How's that coffee coming?

DAVE: off the shit is how

DAVE: all being like

DAVE: in cups and everything

ROSE: Be sure it makes it to the table before it accumulates that strange unctuous film on the surface.

**[A6I2] ==>**

**15/03/12**

dialoglogDAVE: so whats with the big book youre writing in

DAVE: is that more wizard fan fiction

ROSE: No, it's something like an extensive journal.

ROSE: I'm recording everything we've been through so far, and detailed notes on everything we know about the game.

ROSE: I'm also using it to document our research, and extrapolate on the new session and players.

DAVE: so its like

DAVE: your nigh unreadable gamefaq

DAVE: in tome form

ROSE: Somewhat.

DAVE: you sure like to write big game guides

ROSE: I don't look at it that way.

ROSE: I'm approaching it from a standpoint of responsible historical documentation.

ROSE: Don't you think people in the future will want to know about our story?

DAVE: i guess

ROSE: I think it could be a very useful resource some day.

ROSE: It could be helpful to others beginning their own quests.

DAVE: ehh

DAVE: chances of that seem pretty remote

KANAYA: I Really Wouldnt Rule It Out

DAVE: ok totally sold on that suddenly

DAVE: on account of not caring

DAVE: so tell me about the new session

DAVE: what is there to know

DAVE: and most importantly

DAVE: how is everything going to go wrong this time

ROSE: From what I understand, everything already has gone wrong before the game even started, in many different ways than ours did.

ROSE: There are indications of thicker political intrigue. Assassination attempts. And a usurpation of the throne more insidious than what we dealt with.

ROSE: But those examples still don't illustrate the fundamental fault with their session.

ROSE: Ours had a similar fault. It was a null session.

ROSE: Literature on the subject says null sessions are actually very common.

ROSE: It is any session resulting in failure, and as such, designed to result in failure from the start,

due to Skaia's comprehensive "knowledge" of its own fate, and that of all it illumines.

ROSE: Biologically speaking, it's to be expected that null sessions far outnumber the successful ones. When it comes to reproductive systems, overwhelming redundancy is commonplace.

ROSE: A universe has a reproductive system that spreads many seeds, as it were, most of which never come to fruition. So we shouldn't feel too bad about our results, really. It was quite par for the course.

ROSE: But then, it would also seem that exceedingly few null sessions result in the birth of a massive green star fueled by two dead universes. For what it's worth.

DAVE: ok but i thought the whole point of this

DAVE: the scratch thing

DAVE: is it gave us a chance to still win

DAVE: but youre saying the new session has a fault too?

ROSE: Well, yes. There's more to it though.

ROSE: The new session is essentially our session, rebooted with different parameters which also affected the original conditions of our universe.

ROSE: And strangely, it seems the new one is a null session as well, but within a much less common subset of all null sessions.

ROSE: This one is referred to as a void session.

**[A6I2] ==>**

**15/03/12**

dialoglogDAVE: ok

DAVE: which is what

ROSE: It's very simply a session in which nothing is prototyped before entry, at all.

ROSE: Hence, by Skaia's preemptive all-knowing and its influence on the rest of the incipisphere, there are not even any towers on Prospit or Derse built to receive the split kernels.

ROSE: See?

DAVE: weird

DAVE: why would these alt universe players fuck up in such an obvious and stupid way

ROSE: I don't know what specifically led to the failure to prototype anything.

ROSE: But it doesn't really matter. As I said, the session was designed this way before they began playing. Any efforts to prototype may have been in vain regardless. Possibly subject to sabotage.

DAVE: didnt you say at some point that not prototyping anything would be really bad

ROSE: Yes.

ROSE: It's just another way to create an infertile session. Though by a less catastrophic and bloody route we took to achieve the same result.

ROSE: By contrast, it leads to a rather harmless, uneventful session. Underlings remain unaugmented, and so does the royalty.

ROSE: And while this may sound advantageous to the players, it's a curse in disguise. The lack of prototypings which keeps adversaries unevolved has the same influence on the battlefield.

ROSE: Without successive prototypings, the battlefield will never reach its final form, which must be fertilized to grow a new universe.

**[A6I2] ==>**

**16/03/12**

dialoglogROSE: Instead, it remains in its most basic form, stuck in eternal stalemate.

ROSE: There is nothing players in a void session can do to change this. They are resigned to live out the rest of their days in a dead end session.

DAVE: still waiting to hear how this is in any way an improvement on all the shit we just escaped from

ROSE: It's a vast improvement.

ROSE: The new session is a blank slate, without a ridiculously short time limit for victory like ours had.

ROSE: There will be no time limit at all, in fact.

ROSE: Once we arrive, ostensibly that is when the nature of the session will change.

ROSE: It won't be classifiable as either a null or void session anymore. It will be something which, as far as I can tell, is unique.

ROSE: The fully matured battlefield from our session can be used to make the new one viable. The path to success will be made possible by a combination of efforts and assets from both iterations.

ROSE: Usually scratched sessions are absolute resets, and involve no direct influence from the first attempt at all. I can't find any precedent for our situation.

DAVE: jade has our battlefield right

ROSE: Yes.

DAVE: so she shows up and drops it in skaia

DAVE: and then we take the result of all that damn frog breeding we did and stick the thing in there somehow

DAVE: and we sit back and wait for it to do its huge ribbit or whatever

DAVE: and were golden

ROSE: Pretty much.

ROSE: As long as there is an actual vacancy in the center of Skaia when we get there.

**[A6I2] ==>**

**16/03/12**

dialoglogDAVE: is that going to be a problem

ROSE: I don't think so.

ROSE: Even if it were, it would be a trivial obstacle.

ROSE: But as it is, I think the forces opposing these players are clandestinely working toward the same goal as we are.

ROSE: From what I can tell, gestures of antagonism, while certainly posing legitimate danger, have been factored in as critical stepping stones to one destination shared by all parties.

ROSE: I don't know why this is, or what the motives are yet.

ROSE: The appearance is one of clear sailing ahead, but traces of conspiracy are everywhere.

DAVE: ok but

DAVE: conspiracies aside

DAVE: did it ever really look like clear sailing to you

DAVE: thats not what i was seeing

DAVE: we are going to arrive and then soon after jack is going to show up

DAVE: and then we have to beat him right

DAVE: so there kind of is a time limit

**[A6I2] ==>**

**16/03/12**

dialoglogROSE: Yes, we will have to deal with Jack before all is said and done.

ROSE: And that will definitely be a major challenge.

ROSE: But it is not impossible. At least, not by design.

ROSE: When I said there would be no time limit in this session, I was talking about something more specific.

ROSE: There will be no reckoning.

DAVE: oh

DAVE: why not

ROSE: It's a logical consequence of any void session.

ROSE: The battlefield never evolves, and therefore the more extensive war between Prospit and Derse never takes shape.

ROSE: It is only when the Prospitian king falls in battle that the reckoning can be initiated by the forces of Derse.

ROSE: The meteors then rush to destroy the battlefield, while Skaia redirects them through defense portals for as long as it can.

ROSE: Thus, if there is no war, there is no reckoning, no meteors, and no imminent threat of failure.

ROSE: This is of course good news for Earth as well. During the reckoning, Skaia redirects all incoming meteors to the only place it can. Earth.

ROSE: So it turns out that players who initiate a void session are not actually condemning their home planet to an apocalyptic wasteland after they leave.

ROSE: In the new instance of our universe, Earth is just fine.

ROSE: Sort of.

DAVE: so

DAVE: no meteors came at all

DAVE: you mean by fucking up and having to scratch we also sort of saved earth in the process

ROSE: Again: sort of.

ROSE: And it's not that there were no meteors whatsoever.

ROSE: Just the vast majority of the destructive onslaught never showed up.

ROSE: But delivering the temple to the site of the forge is still integral to jumpstarting the session.

ROSE: That meteor however could have been propelled through a portal by any means, not just via the reckoning.

DAVE: i see

DAVE: what about the players themselves

DAVE: they had to arrive on meteors too didnt they

DAVE: i guess the baby meteors were some exceptions too right

ROSE: Yes.

ROSE: But they weren't flung through portals in their own session, nor will they be created there.

ROSE: They were created in our session, and sent back through our portals. Just like us.

**[A6I2] ==>**

**16/03/12**

dialoglogDAVE: .....

ROSE: To understand what happened, it really helps to understand exactly what a scratch is.

ROSE: When John severely damaged the Beat Mesa on your planet, and sent it off to Skaia to

release its temporal energy there, you could view it as a kind of "request."

ROSE: We were asking Skaia to change everything at a fundamental level, and we gave it the energy to do so.

ROSE: But Skaia is a very passive entity. It only "knows" and "sees," but it never quite "acts."

ROSE: When it is asked to change everything, there is only so much it has control over.

ROSE: In fact, it has control over exactly one thing. The defense portals.

ROSE: It can decide to send important meteors to different points in time than originally planned, thus creating alternate realities.

ROSE: Offshoots of promise, rather than futility.

ROSE: And it turns out the most important meteors of all tend to be the ones delivering the young players to their planet.

ROSE: So all it has to do to change everything is tweak their destination times a bit.

ROSE: All internally-prompted changes in the post-scratch universe are decided entirely by this modest adjustment to the parameters.

ROSE: It's a very simple concept, actually.

ROSE: Yet the consequences are dramatic. It results in not only a hard reset for the session, but a partial reset for the universe too, due to the many causal entanglements between a session and its originating universe.

DAVE: what do you mean tweak the destination times

DAVE: where did they get sent to

ROSE: A variety of different time periods.

ROSE: The simplest way to way to look at it is to picture the original destinations of our two groups of four ecto-babies...

ROSE: And switch them.

DAVE: what

ROSE: Though this is just a slight oversimplification.

ROSE: While it's roughly true, Skaia had some peculiar whims this time.

**[A6I2] ==>**

**16/03/12**

dialoglogROSE: While most landed in time periods corresponding with the original group,  
 ROSE: It seems that two of the new players arrived four centuries ahead of everyone else.  
 ROSE: For some bizarre reason.

DAVE: uh

ROSE: But they're still apparently able to communicate with their coplayers through I guess some Trollian-like technology, and they're still able to establish game connections with the others. So this stands as an odd but not otherwise terribly significant detail.

DAVE: so

DAVE: uh

DAVE: in this alt universe group of us and

DAVE: them

DAVE: which ones are the actual players

ROSE: I'll give you a hint.

ROSE: It isn't us.

DAVE: fuck

DAVE: why did i know that was gonna be the answer

ROSE: And to think that usually I'm the one accused of knowing the future.

DAVE: i dunno if im ready to process the ramifications of this bullshit

**[A6I2] ==>**

**16/03/12**

DAVE: !

dialoglogROSE: You would find it less disconcerting if the players were alternate versions of us?

DAVE: man

DAVE: at least im used to dealing with alt daves

DAVE: ive been fuck deep in alt daves before

DAVE: its a goddamn delight if you want to know the truth

DAVE: but i dont even know what to think about...

ROSE: What?

ROSE: Meeting a deceased figure of authority as a peer?

DAVE: lets not even talk about it ok

DAVE: can we slow down this meteor

DAVE: delay the meetup

DAVE: maybe fight jack for a little while

ROSE: I honestly thought you would find the idea exciting.

ROSE: I know I'm looking forward to it.

DAVE: but your mom was just a nice alcoholic spinster who liked wizards who you complained about for no reason

DAVE: she wasn't anything like an untouchable master of irony who could replace the meat in your sandwich before it even occurred to you what the fuck you were chewing

DAVE: let me ask you this did your mom ever wiggle a puppet in your face even ONCE

ROSE: Not that I recall.

ROSE: But anecdotes like that just make me more curious to meet him, personally.

DAVE: fine well you can be on bro duty then

DAVE: ill be the ambassador to your mom

DAVE: and no that wasn't actually meant as the sick burn it sounded like

ROSE: She's your mom too, though.

DAVE: yeah i know

DAVE: ill be the ambassador to my mom then

DAVE: that sounds pretty stupid when i say it that way

DAVE: whatever

DAVE: ill be the fuckin one man welcome wagon for the john and jade teen old people and also our mom thats the plan

DAVE: so when we finally see them we can get our shit into formation like trained acrobats

DAVE: like ill blow a whistle and we make a human pyramid got it

DAVE: that way we can totally avoid anything awkward

ROSE: You do realize we've seen her already, right?

DAVE: what

DAVE: when

ROSE: Months ago.

ROSE: In a dream.

ROSE: She was floating along in Derse pajamas, asleep.

DAVE: wait that was her

ROSE: Yes.

DAVE: oh

DAVE: huh

DAVE: .....

ROSE: You're wondering why I didn't tell you?

DAVE: no

ROSE: You're specifically wondering why I wasn't forthcoming with an answer to your question at the time, "hey who was that choice babe in the pajamas?"

DAVE: god fucking dammit

ROSE: You don't find it nostalgic at all?

ROSE: Retracing the steps of some of our Freudian semi-blunders in conversations past?

DAVE: no what a load of shit

DAVE: stuff said between you and me before we knew we were related

DAVE: we both know that was a lot of horseplay bullfuckery between like smartass 10 year olds or whatever

DAVE: you can't seriously have taken any of that seriously

ROSE: ;)

DAVE: ugh don't ever do that

DAVE: all these fuckin

DAVE: momtraps and sistertraps

DAVE: what a joke i hope skaia gets to have a good laugh over shit like this

DAVE: wait i forgot skaia doesnt laugh it just "sees" and "knows"

DAVE: its like a huge blue perv thats mad jazzed for kidcest

KANAYA: What Are You People Even Talking About

ROSE: ;)

DAVE: dont you wink at her

DAVE: kanaya heres a protip that wink meant jack dick shes just being weird

KANAYA: I Feel As Though This Conversation Has Utterly Outmaneuvered My Constructive Involvement

KANAYA: Im Going To Go

KARKAT: YEAH

KARKAT: OK HOLD ON

KARKAT: IF I CAN SETTLE DOWN A TICK I SHOULD BE ABLE TO MAKE MORE SENSE SHORTLY

KARKAT: JUST ONE...

KARKAT: \*huff huff\*

ROSE: Maybe you should lie down on the couch.

KARKAT: FUCK...

KARKAT: \*wheeze\*

KARKAT: NO

DAVE: dude what is the matter with you

KARKAT: WOW OK

KARKAT: THAT WAS A PRETTY TERRIBLE ENTRANCE.

KARKAT: ANYWAY

KARKAT: WHERE WAS I.

KARKAT: NOT SO FAST STRIDER, THIS HEAVILY CONCERNS YOU.

KARKAT: IT CONCERNS YOU EXCLUSIVELY IN FACT.

KARKAT: WHERE DO YOU THINK YOU'RE GOING?

DAVE: just stepping out to do a thing

DAVE: which is not your business

KARKAT: LIKE MY INFLAMED QUAKING GALLSPHINCTER IT'S NOT.

KARKAT: TELL ME, ARE YOU BY ANY CHANCE GOING TO HAVE SOME COMPANY WHEN YOU STEP OUT TO DO THIS "THING?"

KARKAT: NOTICE THE TWO HEAVILY DRAMATIZED "ENCLOSURE TALONS" SURROUNDING THAT WORD, WHICH I AM SCORNFULLY PANTOMIMING WITH MY OWN TWO HANDS, AS PRESENTLY BEING DEMONSTRATED FOR YOU.

DAVE: yeah sure

KARKAT: OH??

KARKAT: WHO WOULD THAT BE MAY I ASK?

DAVE: well

DAVE: probably the mayor

DAVE: hes usually down for whatever

KARKAT: I'M NOT TALKING ABOUT THE FUCKING MAYOR, AND YOU FUCKING KNOW IT.

DAVE: hey dont be saying shit about the mayor

DAVE: the mayor rules hes like my best fucking friend

KARKAT: HE'S NOT A MAYOR. HE'S THE MAYOR OF FUCKSTICK JUNCTION LOCATED SMACK DAB IN THE MIDDLE OF PRETEND ASS NOWHERE.

DAVE: hes a mayor you douche his thing says mayor

KARKAT: IT SAYS "MAYO" AND HE WROTE THE "R" HIMSELF.

KARKAT: HE'S AT BEST A MAYO. AND WHO EVER HEARD OF A MAYO? IT'S EVERY BIT AS IMAGINARY AS HIS IDENTITY AS AN ELECTED OFFICIAL.

DAVE: no mayo is like grub sauce but without grubs

KARKAT: WHO THE FUCK EVER HEARD OF GRUB SAUCE WITHOUT GRUBS??? WHAT'S IT MADE OF THEN GENIUS!

DAVE: like

DAVE: uh

DAVE: i dunno its white and it just sort of exists

DAVE: you dont ask about mayo thats not what you do with mayo

KARKAT: ISN'T IT FUNNY HOW QUICKLY YOUR BULLSHIT UNRAVELS WHEN SOMEONE INTELLIGENT ACTUALLY HOLDS YOU ACCOUNTABLE??

KARKAT: YOU ARE FUCKING BUSTED STRIDER.

KARKAT: YOU ARE BUSTED ABOUT "MAYO" AND YOU ARE BUSTED ABOUT TEREZI.

DAVE: hahaha you are pathetic

DAVE: this is why you all stormed in here out of breath

DAVE: what did you actually sprint all the way across the meteor to tell me this

KARKAT: WHAT I DO WITH MY LEGS AND HOW FAST I MOVE THEM IS MY BUSINESS YOU SHIT.

DAVE: yeah and what i do with mine is mine

DAVE: watch me make them make me leave

KARKAT: I SAID STAY YOUR ASS PUT, WE'RE TALKING HERE.

DAVE: dude dont touch my cape

DAVE: ...

DAVE: huh

KARKAT: WHAT

DAVE: i cant believe i seriously just said dude dont touch my cape to somebody and was serious about it

[A6I2] ==>

17/03/12

dialoglogKARKAT: OK, LOOK I'M NOWHERE NEAR YOUR PRECIOUS STUPID CAPE. JUST LISTEN.

KARKAT: BEFORE YOU GO OFF TO SNOG TEREZI IN YOUR IDIOTIC LITTLE VILLAGE OF NUTRITION CYLINDERS, HEAR ME OUT.

DAVE: man

DAVE: you are so overblowing this

KARKAT: BUT I DON'T THINK THAT I AM!

DAVE: yeah you are

DAVE: you have some idea about us or what were getting up to

DAVE: so weve done a few things together to pass the time so what

DAVE: i dont even think you could call them dates or anything

DAVE: what the fuck would even qualify as a date on this gross dark meteor

KARKAT: DAVE, CAN WE JUST CUT THE SHIT?

KARKAT: I AM NOT AN IMBECILE. YOU ARE BOTH PLAINLY TIPPING INTO FLUSHED TERRITORY IRRESPECTIVE OF ENVIRONMENTAL FACTORS OR WHATEVER LAME CONDITIONS IT IS HUMANS BELIEVE TO BE OPTIMAL FOR PURSUING A MATESPRITSHIP.

KARKAT: ANYONE CAN SEE THAT, IT'S THE SHITTIEST KEPT SECRET ON THIS METEOR. PROBABLY EVEN THE FUCKING MAYOR GETS IT, AND LET'S FACE IT, HE'S A LITTLE SLOW.

KARKAT: DO YOU REALLY THINK YOU COULD PULL THE WOOLBEAST MATERIAL OVER THE EYES OF A HARDENED VETERAN OF ROMANTIC STUDIES?

DAVE: we have one of those???

KARKAT: I HAVE SEEN THOUSANDS OF TROLL ROMANCE FILMS, EACH DEALING WITH TOPICS FAR MORE SUBTLE AND COMPLEX THAN YOUR PEDESTRIAN HUMAN MIND COULD EVER GRASP.

KARKAT: AND IN CASE YOU'VE FORGOTTEN, I'VE ALREADY WATCHED HUNDREDS OF YOUR MORE PRIMITIVE BUT MODERATELY ENTERTAINING ROMANCE FILMS.

KARKAT: REMEMBER HOW I DOWNLOADED A FUCK TON OF THEM AFTER DISCOVERING YOUR SPECIES? I AM A CURIOUS MAN, DAVE, YOU COULD LEARN FROM ME.

DAVE: yeah i remember

DAVE: havent you only watched a bunch of shitty dane cook movies on infinite loop since we left

KARKAT: YOU'RE SEVERELY EXAGGERATING, BUT YES I HAVE SAMPLED HIS WORK.

DAVE: dude

DAVE: you know youre only pretending to be a huge fan of his bullshit to piss me off

KARKAT: AGAIN LOOK AT HOW SELF ABSORBED YOU'RE BEING!!!

KARKAT: I HAPPEN TO THINK HE HAS A BRILLIANT COMEDIC MIND, FOR A HUMAN.

DAVE: hrnngngngghhhh

DAVE: it turns out that exact sentence is my one weakness

DAVE: you win bro you got your girl back

KARKAT: OH SHUT UP.

KARKAT: I AM NOT HERE TO DEBATE YOU ON THE FINER POINTS OF CINEMA, OR TO "GET MY GIRL BACK."

KARKAT: HOW DESPERATE DO YOU THINK I AM?

KARKAT: I'M ACTUALLY HERE TO DO THE OPPOSITE.

KARKAT: I WANTED TO TELL YOU I'M TOTALLY OK WITH IT.

DAVE: oh

DAVE: ok then

KARKAT: BUT JUST LISTEN, AND TRY TO KEEP AN OPEN MIND. I KNOW THAT'S HARD FOR YOU.

KARKAT: HERE, PLEASE TAKE A LOOK AT THIS.

**[A6I2] ==>**

**17/03/12**

dialoglogDAVE: oh no

DAVE: what the hot mess of fresh fuck am i looking at

KARKAT: IT'S AN ALTERNIAN ROMANCE NOVEL.

KARKAT: NOW LOOK, I'M NOT VOUCHING FOR THIS PARTICULAR PIECE OF LITERATURE. IT'S ACTUALLY PRETTY TRASHY AND IF YOU'RE INTERESTED I COULD RECOMMEND MUCH BETTER THINGS TO YOU.

KARKAT: IT'S JUST THIS ONE ILLUSTRATES THE CONCEPT VERY CLEARLY.

DAVE: what...

DAVE: "concept"

KARKAT: IT'S A PRETTY TYPICAL CASE OF QUADRANT VACILLATION AS APPLIED TO AN OVERLAPPING GROUP OF ROMANTIC PAIRINGS.

DAVE: you lost me at quadrant

DAVE: for future reference thats the word that always lets me know its time to check out of a sentence

KARKAT: WILL YOU PIPE DOWN AND JUST HEAR ME OUT.

KARKAT: IT'S REALLY SIMPLE. THINK OF IT AS BEING SIMILAR TO ONE OF YOUR PRIMITIVE HUMAN LOVE TRIANGLES.

KARKAT: THOUGH THIS IS A QUADRANGLE. THOSE ARE MUCH MORE COMMON IN OUR SOCIETY AND ENTERTAINMENT, AND FOUR IS PRETTY MUCH THE MINIMUM VALUE FOR LOVE-HATE N-DRANGLES.

DAVE: n drangles

DAVE: god dammit

KARKAT: NOW HERE IS WHAT'S ACTUALLY GOING ON WITH THIS GROUP OF CHARACTERS. PAY ATTENTION. HEY, LOOK AT ME. EYES OVER HERE. GOOD.

KARKAT: SEE THE TWO HEROES IN THE MIDDLE, PARTAKING IN THEIR FLUSHED EMBRACE? PRETTY MUCH YOUR TYPICAL LOWBLOOD REDROM PAIRING. THEIR DYNAMIC IS THE GRUBLOAF AND TUBER PASTE OF THE OVERALL ARC.

DAVE: .....

KARKAT: BUT WHAT HAVE WE HERE? THERE ARE SOME NEFARIOUS HIGHBLOODS IN THE PICTURE TOO. THIS IS WHERE IT GETS INTERESTING.

KARKAT: THE GUY ON THE LEFT IS AN OLD CALIGINOUS FLAME FROM THE MALE LOWBLOOD'S PAST, AND HAS REENTERED THE PICTURE. AGAIN, NOTHING OUT OF THE ORDINARY. HE CAN CONTINUE TO COURT HIS MATESPRIT AND KISMESIS WITHOUT CONFLICT. IT'S A PERFECTLY AMICABLE ARRANGEMENT THAT EVERYONE'S TOTALLY DOWN WITH.

DAVE: what is that huge beefcake troll even doing

DAVE: is he grinding against the little dudes shoulder what is even going on

DAVE: why the fuck is he nude

KARKAT: NO QUESTIONS YET.

KARKAT: SO THEN THAT'S ALL FINE, PRETTY BOILERPLATE CONDITIONS FOR UNFOLDING ROMDRAMA, BUT THERE'S A TWIST.

KARKAT: THE MALE Highblood AND LOWblood START TO HAVE FLUSHED FEELINGS FOR ONE ANOTHER, AND THIS RESULTS IN SOME RED INFIDELITY BETWEEN THE LOWblood PAIR.

KARKAT: OBVIOUSLY THIS IS WHERE THE FIREWORKS START GOING OFF. THE RED FEELINGS BETWEEN THE LOWbloodS TURN TO BLACK, AND THUS BEGINS WHAT IS REFERRED TO AS QUADRANT VACILLATION.

KARKAT: MEANWHILE THE TWO MALES ARE ALSO VACILLATING BETWEEN RED AND BLACK, BECAUSE YOU DON'T JUST LET GO OF A RIVALRY SO EASILY.

DAVE: what is going on with the other chick

DAVE: all grabbing at the other one down there in the corner

KARKAT: YEAH, WELL, IT GETS EVEN MORE COMPLICATED THAN THAT, PROBABLY MORE THAN NEEDED FOR THE SAKE OF MAKING THE POINT.

KARKAT: IN THE HEAT OF THEIR VACILLATION, DURING AN ESPECIALLY BLACK PHASE, THE LOWblood FEMALE WAXES RED FOR A NOTORIOUS AND ESPECIALLY BRUTAL Highblood FEMALE.

KARKAT: SO THEY HAVE THEIR THING ON THE SIDE, BUT EVEN THAT STARTS VACILLATING TOO BECAUSE THE ORIGINAL PAIR JUST KEEP SPINNING LIKE A TOP. KARKAT: WE DON'T NEED TO GET BOGGED DOWN IN THE QUADRANGLE DYNAMIC THOUGH, AND FOR OUR PURPOSES THE 4TH PARTY IS A DISTRACTION.

DAVE: our purposes

DAVE: what the fuck are our purposes

KARKAT: THE THING IS, VACILLATION ALWAYS ADDS A LOT OF DRAMA TO EVERYTHING, BUT THAT DOESN'T MEAN IT CAN'T BE VIABLE.

KARKAT: IT CAN TOTALLY WORK, AND EVERYONE CAN BE REASONABLE ABOUT IT, IT REALLY JUST COMES DOWN TO A MATTER OF SENSIBLE SCHEDULING.

DAVE: you must be out of your fucking mind if you think i want to know where youre going with this

KARKAT: DAVE, PLEASE.

KARKAT: JUST READ THE BOOK, OK? IT'S ALL IN THE BOOK.

**[A6I2] ==>**

**17/03/12**

dialoglogDAVE: im not reading that shit

DAVE: i cant even read your stupid troll language why would you think i can

KARKAT: I THINK YOU SHOULD RECONSIDER. I CAN TRANSLATE FOR YOU. I'LL

READ THE WHOLE DAMN THING ALOUD IF YOU WANT.

KARKAT: SERIOUSLY, IT COULD REALLY EXPAND YOUR LIMITED HUMAN THINK PAN ON STUFF.

KARKAT: THERE'S A LOT HERE THAT'S APPLICABLE TO OUR SITUATION.

DAVE: there is nothing even slightly applicable about any of that bullshit to our situation

KARKAT: DON'T BE DENSE. OF COURSE THERE IS.

KARKAT: TEREZI AND I HAVE BEEN ON THE VERGE OF VACILLATING LIKE THIS FOR A LONG TIME.

KARKAT: IT'S ABOUT TIME WE KILLED THE SUSPENSE AND JUST ACKNOWLEDGED IT.

KARKAT: YOU AND SHE SEEM BENT ON DEVELOPING SOMETHING IN THE FLUSHED QUADRANT, AND LIKE I SAID, I'M FINE WITH THAT.

KARKAT: IF WE CAN JUST GET OUR SHIT STRAIGHTENED OUT, WE CAN BE LIKE THESE VACILLATING PAIRS THAT ALTERNATE BETWEEN RED AND BLACK, BUT IN A WAY THAT'S COMPLEMENTARY WITH EACH OTHER'S PATTERNS.

DAVE: oh my god

DAVE: why is this happening

KARKAT: LIKE WHILE SHE AND I ARE BLACK, YOU AND SHE ARE RED.

KARKAT: BUT THEN WHEN SHE AND I ARE RED, YOU AND SHE... I DON'T KNOW IF HUMANS ARE REALLY CAPABLE OF BLACK FEELINGS?

KARKAT: I GUESS THAT'S UP TO YOU. MAYBE YOU CAN JUST LIKE, SIT THOSE PERIODS OUT.

KARKAT: LIKE TAKE A BREAK, YOU KNOW?

DAVE: youve completely lost it dude

DAVE: i cant believe for a fucking second this is reasonable shit to propose even on troll world

DAVE: you just

DAVE: totally snapped

KARKAT: SNAPPED LIKE A FUCKING FOX. THIS MAKES PERFECT SENSE.

KARKAT: LIKE I SAID, IT'S JUST A MATTER OF RESPONSIBLE SCHEDULING.

KARKAT: HERE LET ME SHOW YOU.

KARKAT: I NEED SOME PAPER. WHERE'S SOME PAPER.

DAVE: hnnrrghh

**[A6I2] ==>**

**18/03/12**

dialoglogKARKAT: LOOK, IT'S PERFECTLY SIMPLE.

KARKAT: HANG ON WHILE I DRAW THE GUIDELINES.

DAVE: oh no

DAVE: no you are NOT making another shipping grid dude

KARKAT: IT'S NOT A SHIPPING GRID.

KARKAT: JUST SOME ROWS AND COLUMNS FOR A SCHEDULE.

DAVE: its a grid youre drawing a goddamn grid

DAVE: im not letting you draw a grid for this stupid shit

KARKAT: COME ON, LOOK HERE. THESE ARE THE DAYS OF THE WEEK.

KARKAT: THEN WE EACH HAVE ROWS FOR THOSE DAYS AND WE CAN DRAW A HEART OR A SPADE FOR ANY GIVEN DAY.

KARKAT: THAT WAY WE KNOW WHAT'S UP IN ADVANCE, AND AVOID UNPLEASANT CONFLICTS.

DAVE: put the fucking pen down

**[A6I2] ==>**

**18/03/12**

dialoglogKARKAT: HEY, CUT IT OUT. DON'T TOUCH ME.

DAVE: do not draw a shipping grid

DAVE: do not do it

KARKAT: IT'S NOT A SHIPPING GRID YOU OBTUSE FUCK.

DAVE: this is fucked up put it down

KARKAT: NO.

DAVE: you are not drawing a grid to organize our goddamn dating lives

DAVE: that is some straight up crackpot motherfuckin noise i will not abide

KARKAT: FUCK YOU. LET ME DRAW.

DAVE: stop drawing the shipping grid

KARKAT: \*IT IS NOT A SHIPPING GRID\*

KARKAT: THIS IS NOT SHIPPING YOU HEINOUS TOOL, THIS IS COMMON SENSE.

DAVE: you will not draw anything that even remotely resembles a grid

**[A6I2] ==>**

**18/03/12**

dialoglogDAVE: do not draw an arrangement of squares or otherwise interlocking polygons

KARKAT: LET GO.

DAVE: you will not draw a spreadsheet for the purpose of allocating time spent with a mutual girlfriend you horses ass

DAVE: that is exactly the shit i do not want to see

KARKAT: LOOK, I JUST DREW A SQUARE.

KARKAT: GET READY TO SEE A LOT MORE OF THOSE!

DAVE: no

DAVE: stop

DAVE: do not draw any additional squares

DAVE: do not draw any quadrilaterals or trapezoids or rectangles or fucking n-drangles and especially as fuck not any god damned rhombuses

DAVE: i dont want to see your lines making any right angles do you understand

KARKAT: IN MY MIND'S EYE I AM PICTURING A BEAUTIFUL LATTICE OF LINES AND COMPARTMENTS, INTERLOCKING WITH SUBLIME PRECISION AT NINETY DEGREE ANGLES.

KARKAT: I IMAGINE THIS MODULAR RETICULATION AS AN ELEGANT VESSEL, IF YOU WILL, FOR THE GRAND SYNTHESIS OF OUR SHARED SHIPPING DREAMS.

DAVE: no

DAVE: that is the perfect example of what you shouldnt be drawing

KARKAT: YES

DAVE: no

KARKAT: FUCK YES

KARKAT: OOH LOOK, ANOTHER SQUARE, SORT OF.

KARKAT: KIND OF WOBBLY! IT'LL HAVE TO DO.

DAVE: no you fuck

KARKAT: WAIT, I THINK IT'S COMING.

KARKAT: HERE IT COMES, MY FIRST "SHIP", IT'S GOING IN THE SQUARE!

DAVE: put the goddamn pen down

DAVE: you piece of shit

KARKAT: HELL NO.

DAVE: yes

KARKAT: WHAT IS YOUR PROBLEM??

KARKAT: OW, FUCK.

**[A6I2] ==>**

**18/03/12**

dialoglogDAVE: this is so sick does she even know youre doing this

KARKAT: DOING WHAT??

DAVE: splitting up her time in a grid for your stupid rotating hate date plan

KARKAT: SHE WILL SOON ENOUGH.

DAVE: what a presumptuous sack of shit put the pen down

KARKAT: NO, I'M DRAWING.

DAVE: step away from your dumb ugly scribble grid

KARKAT: GET LOST.

DAVE: youre messing up roses book

KARKAT: YOU SMELL BAD.

DAVE: dont talk to me about rank smells

DAVE: you are the fuckin big man of smellin bad

DAVE: you dominate the paint with your stonk

KARKAT: MY LUSUS BROUGHT THINGS HOME THAT SMELLED MORE APPEALING THAN YOU.

KARKAT: IMPORTANT FACT: 100% OF WHAT HE BROUGHT HOME WAS EITHER A DEAD ANIMAL, OR LITERAL FECES.

DAVE: oh yeah well check it out:

DAVE: you smell like if someone took a dump on a butt

KARKAT: HOW CAN SHE STAND YOU WITH HER SENSITIVE NOSE?

KARKAT: HAVE YOU EVER EVEN WASHED THAT RIDICULOUS OUTFIT?

DAVE: theyre magic fucking pajamas they stay like perma clean or something

DAVE: theyre enchanted and comfy as fuck give me the pen

KARKAT: NO, IT'S MINE NOW. I'M KEEPING IT ON PRINCIPLE.

**[A6I2] ==>**

LOG IN NEW ACCOUNT

dialoglogJADE: john i really think we are scraping the bottom of the barrel here

JOHN: no way! this game rules.

JOHN: i just never gave it much playing time before because...

JOHN: well, i guess i always had better things to do.

JADE: thats sort of my point!

JADE: where did you even get this?

JOHN: years ago i found it in a store on the bargain rack.

JOHN: it was only a dollar! isn't that awesome?

JADE: :|

dialoglogJADE: i dont really think this is my kind of game....

JADE: but i will play it with you today because it is technically your birthday <3

JOHN: yesss. you won't be disappointed.

JADE: how many people did you get to play this??

JOHN: um, i don't know.

JOHN: i only showed it to a few people, but i guess hundreds are playing it now?

JOHN: nobody is very good at it though.

JOHN: i keep trying to tell the salamanders and chess guys not to cross the streams, but they keep crossing the streams!

JOHN: just between you and me, i think a lot of them aren't very bright.

JADE: why cant you cross the streams?

JOHN: jade, please.

JOHN: it is just something you can't do when you're a ghost buster, because it spells big trouble. everyone knows that.

JADE: :p

**[A6I2] ==>**

**20/03/12**

dialoglogJOHN: you should hurry up and make a character already, so we can get started.

JADE: im working on it!

JADE: there are so many options

JADE: what kind of ghostbuster should i make?

JOHN: just any old ghost buster! as long as he looks awesome and like he means business.

JADE: hmmm

JOHN: i will begin organizing our squad.

JADE: what do you have to do?

JOHN: well, first we need buy an old abandoned fire station to use as a headquarters.

JOHN: luckily half the city is composed of abandoned fire stations that are for sale...

JOHN: this game is actually really stupid in a lot of ways, now that i think about it.

JADE: nooooooooooooo!

JOHN: hey, shut up!

JOHN: i take it back, it's great in every way.

JADE: sure john

JADE: whatever you say

JOHN: ok, now i have to find us a mission.

JOHN: got to hire a sassy secretary...

JOHN: just have to peruse this extensive palette of sarcastic red headed ladies...

JOHN: ok, here is a good one.

JOHN: then we wait for a phone call. this can take anywhere from ten seconds to several hours.

JADE: are you serious?

JOHN: but that's fine!

JOHN: there's lots to do in the station to kill time.

JOHN: like talk to slimer, and...

JOHN: get slimed by slimer.

JOHN: ok, i guess that's pretty much all there is to do.

JADE: what about that fire pole there?

JADE: cant you go down the fire pole?

JOHN: the fire pole is strictly decorative.

JADE: .....

JOHN: are you almost finished making your character?

JADE: yeah i think im done!!!

JADE: im pretty happy with him

**[A6I2] ==>**

**20/03/12**

dialoglogJOHN: jade.

JOHN: that is absolutely the shittiest ghost buster i have ever seen.

JADE: no way!

JOHN: yes.

JOHN: it is so yes way.

JADE: hes adorable, what are you even talking about?

JOHN: jade, i thought you were going to take this game seriously.

JOHN: that is not a serious ghost buster. no ghost could possibly fear that thing.

JADE: i dont want ghosts to be afraid of him

JADE: i want to make friends with some ghosts if at all possible

JOHN: it is not possible, ghosts are known to be cruel and mischievous.

JOHN: they will not want to befriend your fox man, they will only want to cover him in slime and then fly away.

JOHN: i really think you should consider redesigning him.

JADE: nope. im keeping him :p

JOHN: ok, well, if you want to turn our squad into a fucking joke, then that's your business.

JADE: shut up or ill give him a pink jumpsuit!

JOHN: argh!

JOHN: but seriously, those head swap options are for such noobs, i feel it's only fair to warn you.

JADE: i think i will manage to survive the embarrassment in front of a bunch of salamanders and crocodiles

JOHN: ok, fine.

JOHN: you get a pass, but only because you yourself are a furry.

JADE: thank you

JADE: \*snicker\*

JOHN: what?

JADE: nothing

JOHN: is someone messaging you through the game?

JADE: hehe

JOHN: who is it?

JADE: pffff!

JOHN: dammit, jade...

JADE: its davesprite, hes playing too

JOHN: oh.

JOHN: don't tell him any of our strategies. he is the enemy!

JADE: we have strategies?

JOHN: um...

JOHN: ok, first, tell him we have strategies. then, don't tell him them.

JADE: hahahahahahaha

JOHN: oh god.

JOHN: what is it now?

JADE: did you know...

JADE: davesprite is a funny guy?

JOHN: meh, he's alright i guess.

JOHN: i give most of his jokes a passing grade. sometimes as high as a solid b+!

JADE: i just told him you said that

JOHN: that's fine, he and i keep no secrets.

JADE: davesprite says to tell you "you're basically welcome for being born 14 years ago and 1 year ago you ungrateful douche"

JOHN: oh, like him taking credit for my existence isn't so old by now!

JOHN: hey, jade...

JOHN: why do you still call him davesprite?

JADE: um

JADE: because he is davesprite?

JOHN: i just call him dave.

JOHN: isn't that easier? i mean, he IS dave after all... right?

JADE: well yeah

JADE: but he's kinda different from dave

JOHN: pshh, he is so not different.

JOHN: dude is just a magical orange dave with wings! and also says caw sometimes.

JADE: i know

JADE: but there are other differences...

**[A6I2] ==>**

**21/03/12**

dialoglogJOHN: like what?

JADE: it's hard to explain

JADE: just some slight differences in personality i guess

JOHN: he still raps sometimes.

JADE: yes...

JADE: so?

JOHN: i just thought i would mention that.

JADE: ok i will admit i can't really tell if his rapping style has changed

JOHN: trust me, it hasn't.

JADE: i don't know if the differences are because he is a sprite

JADE: or because he lived for a while in a different timeline...

JOHN: well, weren't you a sprite before?

JOHN: how different did you feel then?

JADE: i wasn't a sprite!

JADE: my dead dream self was a sprite

JADE: and then i kind of merged with her when i became a god tier

JOHN: oh, right.

JOHN: so...

JOHN: half of you was a sprite.

JADE: i guess?

JADE: it's more like i'm still the me i always was, but inherited some of her memories

JADE: but they are pretty vague

JOHN: do you remember what it was like being jade sprite?

JADE: i remember being dead for a long time

JADE: and making friends...

JADE: mostly trolls

JOHN: oh really?

JOHN: which ones?

JADE: none that we know of now

JADE: that i can remember at least

JADE: they feel like such distant memories, like they were barely real

JOHN: hmm.

JOHN: i have to admit, i am a little disappointed in the dream bubble thing.

JOHN: by the way you were describing it, i really thought we would dream about them on this trip more often!

JADE: yeah me too

JADE: maybe its something about this place were traveling through?

JOHN: i dunno.

JADE: when was the last time you visited one in your sleep?

JOHN: man...

JOHN: that was weeks ago, i think.

JADE: yeah

JOHN: and then, when i do dream about them, it's just kind of weird.

JOHN: either i'm alone in my own memory, talking to figments of my imagination...

JOHN: or i dream about someone we know. like a troll we have talked to, and i get excited.

JOHN: but then it turns out they don't know who i am! it's like a version of them that died before they ever even knew us, and it's just kind of awkward.

JADE: yup

JOHN: and i still haven't seen dave or rose AT ALL.

JADE: nope :(

JOHN: yeah.

JOHN: i'm starting to think it's not going to happen. i wonder if we're just not sleeping at the same times?

JADE: i dont think thats it

JADE: for one thing, considering where we are, i dont think theres such a thing as "the same time" for us

JOHN: heh. that's true.

JOHN: do you think the afterlife is just fucking with us, jade?

JADE: maybe...

JADE: but its probably more like the way it used to be with the clouds in skaia

JADE: they didnt always show you things, but when they did they were selective about what they would let you see

JADE: like they would make sure you saw whatever you needed to see to make sure things would go the right way

JADE: i always thought i knew so much, but in retrospect they gave me only a tiny glimpse of the big picture!

JOHN: that is so infuriating!

JADE: i guess!

JADE: it never felt that way when all i was doing was looking up at some clouds

JADE: i was happy to see whatever was there

JADE: but i guess its different in a situation like this

JADE: when you miss your friends, and you kind of wish the dream bubbles would play along

JOHN: yeah.

JOHN: oh well.

JOHN: i guess it's only two more years.

dialoglogJOHN: what do you think they will be like by then?

JOHN: do you think karkat will have driven them all insane?

JADE: heheh, probably!

JOHN: or maybe they will all be better friends with each other than they are with us.

JADE: hmmm

JADE: well look at it this way

JADE: by the end of our trip, will YOU be better friends with a bunch of salamanders than you are with rose and dave?

JOHN: i don't know. there ARE some pretty charming salamanders on this ship.

JADE: that is true

JOHN: but you know what i mean. things have a way of changing.

JOHN: like, have you thought at all about what it's going to be like when you see dave again?

JOHN: i mean, after the way things are going with you and dave sprite?

JADE: umm

JADE: what do you mean the way things are going?

JOHN: jade, please.

JADE: what!

JOHN: \*sigh\*

JOHN: you are not fooling anyone with your coy shenanigans.

JADE: what has he been telling you??

JOHN: nothing!! do you really think he would talk about any of that with me?

JOHN: there are just some obvious conclusions a guy is going to make about stuff.

JADE: well...

JADE: i guess i dont know whats going on with that

JOHN: hm.

JADE: i really dont!!!

JOHN: alright, fair enough.

JADE: um

JADE: what

JADE: do you think he would think about that?

JOHN: huh?

JADE: the other dave

JADE: i mean

JADE: hypothetically

JOHN: ah HA! so you HAVE thought about it!

JADE: im only wondering because you brought it up!!!!!!

JOHN: yes. yes i did.

JADE: then what do you think?

JOHN: i have no idea. we would probably never find out one way or the other, regardless.

JADE: maybe

JADE: well

JADE: what about you john?

JOHN: what about me even?

**[A6I2] ==>**

**21/03/12**

dialoglogJADE: remember how you told me how karkat kept sort of trying to set you up with rose?

JOHN: yes.

JADE: you told me this on more than one occasion if i recall!

JOHN: what is your point!

JADE: well, i have kind of wondered to myself if you kept bringing that up because on some level you wanted that to be true...

JOHN: oh man.

JOHN: jade, listen.

JOHN: at this point i could not give less of a rat's ass about romancey stuff!

JOHN: i would rather just play some games, and chill out for several years on this magical flying boat. is that too much to ask?

JADE: not at all! that is perfectly fine

JOHN: when i catch up with our buddies, i'm sure i will give rose a nice, FRIENDLY hug.

JADE: aww

JOHN: whereas i will offer dave a tender bro embrace, and shove karkat down a flight of friendship stairs.

JADE: heheheheh

JOHN: but that is IT.

JOHN: it's all very complicated and bothersome, jade.

JADE: what?

JOHN: you know. matters of the heart.

JADE: \*snicker\*

JOHN: ok, you may laugh at my choice of words, but it is true.

JOHN: it's really befuddling and distracting when you are on a major quest to make universes out of frogs. who even needs it?

JADE: i guess you have a point

JOHN: like...

JOHN: you remember that troll girl who was sort of into me?

JADE: mm hm

JOHN: well, ok.

JOHN: that seemed like a pretty big deal at the time!

JOHN: it really seemed like she liked me, but also, she was \*probably\* insane?

JOHN: like, i mean, in a trollish, murderous kind of way.

JADE: yikes

JOHN: but craziness notwithstanding, i didn't really know what to think.

JOHN: i guess i thought she was cool at the time. i was honestly kind of flummoxed about it.

JOHN: but the point is, when all was said and done, that was just some stuff that happened over one day, which was a whole year ago already.

JOHN: i barely even remember what we talked about. by the time we meet up, she probably won't give a shit about me at all.

JOHN: which, let's face it, is probably for the best.

JADE: .....

JOHN: i think we make things more meaningful in our head when they're happening than they really are. like realistically? there were probably a lot of things that went on that day that didn't mean that much.

JOHN: like remember how you said you thought karkat was getting this silly angry crush on you?

JADE: that was just my hunch

JOHN: yeah.

JOHN: i mean, do you really think after three years he is still going to have the rage hots for you?

JADE: i sincerely doubt it

JADE: at least

JADE: i hope not .\_.

JOHN: i don't think even he is that crazy.

JOHN: anyway, my point is, who even cares about all that?

JOHN: romance and dating are dumb and boring. we are legendary heroes, and we have bigger fish to fry. like that smug fatass over there on the horizon.

JOHN: he sure looks pleased with himself. just look at him, he thinks he is the undisputed king of that mountain or something.

JADE: that is so outrageous

JOHN: follow me so we can seize the high ground against this hideous ocean dwelling marshmallow man, and steal all of his treasure.

JADE: after you!

JOHN: by which i mean aliens, i guess.

MEENAH: so like

MEENAH: youre dead aliens huh

MEENAH: whoever heard of an alien ghost

JOHN: i know, right? that's what i think sometimes.

JOHN: it's strange combination of sci-fi things. like alien stuff is all about science, right? at least it is in movies. aliens LOVE science. but then ghosts have nothing to do with science, they belong to the supernatural realms, which have more to do with religion i guess? or about a lot of hocus pocus and superstition, maybe even magic. science rarely enters the equation, unless it's something awesome like ghost busters, which makes ghosts and stuff ALL ABOUT science, even though the ghost science is obviously a bunch of total nonsense. i guess contact mixes aliens and ghosts because jodie foster saw her ghost dad in outer space? but then, that was probably just a science projection from an alien, to make her feel less sad about her dead dad, and not a real ghost or anything. i guess the lesson is that science and aliens teach us that ghosts and religion are fake? although, it turns out ghosts and aliens are actually real, so maybe science and religion have been lying to us all along. \*shrug\*

AG: In fact, I am yours too, in a way.

GC: REALLY??

AG: Yes. Though not quite how you are picturing.

AG: She had an ancestor whom she was aware of, and technically that is who I am.

AG: That is to say, she is who I would have become on your world, had I arrived in her place. Alas, I did not.

AG: She was a figure in your history who preceded you by thousands of solar sweeps.

AG: Whereas I preceded your entire civilization by billions.

AG: I've been keeping an eye on you all for quite a while. Your whole planet, actually. It was very interesting this time around, to say the least.

AG: It even had a different name! "Alternia." Haha. How heavy handed can you get?

AG: The man responsible was a bit of a wise guy. He rewrote everything. He had a knack for overzealous storytelling, which is a harmless enough habit usually. I'm guilty of it myself sometimes.

AG: But it is not so harmless when the perpetrator is omniscient and omnipotent.

GC: OMNISCIENT?

GC: YOU MAN

GC: MR MILKSHAKE???

AG: That's right.

AG: But he's dead now, and his story is over. The book on our universe is closed, both for my instance and yours.

AG: This being the case, I thought it was the right time to introduce myself. The combined work of my group and yours is unfinished, and the outcome has not been assured.

AG: The true ultimate reward has yet to be achieved. No safe haven has been created that is free from the devastation caused by Mr. Milkshake's grand deception.

AG: Our race still teeters on extinction. The members of your party, and one noteworthy fugitive, are the sole survivors.

AG: We must work together to create that haven and restore our race, so that the sacrifices we all made will not be in vain.

AG: But in order to repair the unthinkable damage that has been done, we need to allow ourselves the chance to heal first.

AG: Old wounds, old regrets. They will serve no purpose on the rest of your journey.

GC: RIGHT

GC: ABOUT YOU TALKING ABOUT ME AND VRISK?

AG: Sure. You have to start somewhere.

GC: DO YOU KNOW WHERE SHE IS?

AG: Not at the moment.

AG: But the more time you spend here, the more likely it is you will find whomever you are looking for.

AG: On the other hand, if it is the unknowable will of the gods, you may dance around each other indefinitely as you pass through this space. It is hard to say.

GC: OH

GC: OK THEN

GC: I'M NOT SURE WHETHER TO BE RELIEVED OR FRUSTRATED BY THAT

AG: Well, if she had been dwelling in this humble like you thought, what would you want to say to her?

AG: You know very well the channels of possi8ility at that exact juncture resulted from her decision paths as well as yours.

AG: 8ut even so, when it comes to your key decisions, the possi8ilities are pro8a8ly fewer and more discrete than you have presumed.

AG: Otherwise you would not see results consolidated into those vortices, would you? Possi8ility would resem8le an enormous hazy field of infinitely su8tle variations and micro-choices.

AG: Imagine if at that moment you truly were capa8le of anything, no matter how outlandish, a8surd, or patently fruitless. How would this vast amount of information present itself to you through your senses? What difference would it make in your final decision if all other tri8utaries of whim spilled into the same decaying future? And what would this make of your agency as a hero meant to learn and grow?

AG: Look at it this way. Imagine that over the course of someone's life, they are truly capa8le of every conceiva8le action at any moment, and did indeed take each of those actions in different 8ranching realities. Doesn't a scenario like that deaden a person's agency just as much as one where their fate is decidedly etched in stone as a single path of unavoida8le decisions? Who exactly is that person who can and does take all conceiva8le actions, other than someone perfectly generic, who only appears to have unique predilections and motives when you examine the ar8bitrary path they happen to occupy?

AG: You may seek to understand your decisions and look for justice in their consequences. You may wonder why honorable choices from the innocent are punished by banishment to a timeline in which everyone dies and all is gradually dissolved.

AG: It helps to understand your role, not just as a hero who must overcome, but as a single capillary within a much larger bioexistential system.

AG: Think of it like circulatory system, where the veins and capillaries that do not help the overall flow of blood through the system are likely to wither and die. Those are doomed offshoots.

AG: Reality itself is using you and many others to propagate its own existence. Strictly speaking, there is only one path to its successful propagation. But it still permits you to make choices. Not all that are conceivable, but some nevertheless, as dictated by who you are and the challenges you face. And you are free to make key decisions however you like, as long as you understand that some of these paths unfairly or not will lead to oblivion. Because those choices do not contribute constructively to the perpetuation of all existence, including your own.

AG: Such is the burden assumed by anyone who plays this game.

GC: >:\

GC: 1 GU3SS

AG: I can see why you would feel more responsibility for one than the other.

AG: My perspective is informed by my class and aspect. It was to my advantage as a healer to see things a little differently. To find equanimity across many different outcomes.

GC: OH?

AG: There's more to the realization of our roles than gaining flashy powers.

AG: And there's more to healing than repairing battle damage.

AG: Violence was respected and celebrated on your world, but remorse was rarely felt and pain could never heal due to such empty justifications. We died out a wounded race, and you are all that's left.

AG: My group of twelve played the game, 8ut failed. It overwhelmed us. A lot went wrong. The reckoning destroyed our 8attlefield well 8efore we had any hope of winning.

AG: I sought advice from Echidna, and she told me how to scratch the session to give us another chance.

AG: 8ut the choice to do so came with accepting the annihilation of our existing forms. In the new instance, we would lead completely different lives with no memory of what happened.

AG: I've quit trying to give expression to the elusive temporal properties of this place. It's easier staying conversational.

AG: 8ut I will say that 8eing here "for so long" lends itself to a certain detachment from what you see. Otherwise, monitoring the atrocities stemming from our failure wouldn't 8e much fun.

**13/04/12**

\* Derived in part from [a transcript by ShadowOfFate](#) **Land of Crypts**  
**and Helium**

Wherever your house is now, it's sinking in a hurry. Better act fast!

\* ► ► *forward, then go back to house pit*

\* *click obelisks*

Two obelisks bearing curious symbols and mirrors affixed at the top. Weird.

\* *click dam*

Good thing this dam is here. Otherwise your house would be getting waterlogged in addition to being stuck on top of a huge balloon in a pit.

\* *click pit*

It's very dark down there. You can't see your house. No telling how far it sank. Oh no! You just realized your dad must be down there. You hope he's ok.

\* ► ► *forwards, choosing left-hand path at branch point*

\* ► ► *descend side path into crypt*

\* *click yellow*

More signs of life hidden in the cracks. It's as if the land wants to be lush and fertile, but nothing can survive on the surface. It's making the whole cave smell like a flower shop.

\* *click chat alert*

Answer Roxy? →YES← NO

**\* (Pesterlog in a separate Homestuck page)**

**\* ► onwards to cave**

**\* click switch**

The switch has no power. It does nothing! You flip it up and down a bunch and nothing just keeps on happening.

**\* click pod**

It is a young SEED POD, yet to be released to the surface. Looks like it needs a lot more helium.

**\* click righthand tablets**

Some very old stone tablets, along with carving apparatus. They say: "We spent so long tending to our sacred seed pods. Each I cared for and released was like a precious bubble glubbed from my own mouth! They would seed our planet in anticipation of the Maid's arrival. Alas, it turned out we had the prophecy all wrong. Our scholars discovered she would not arrive for millions of years! Our kind would not survive to welcome her. So our elders gave us a new purpose. We must all go to work building our own graves! Some say this is not as much fun as tending to seed pods and a life of simple agriculture. But I think it could be a blast! I'm just a 'balloon is half inflated' kind of guy I guess."

**\* click window wall**

The people here were highly skilled artisans. What is that, some sort of giant window? You can't imagine THAT has much significance. You give it no further consideration.

**\* ► onwards to exit room**

**\* click bones**

A little chamber full of bones. You guess the remains of an old salamander or something? This is just such a piss poor burial job.

**\* click door**

The door is locked. There's a strange symbol on it which you find mysteriously alluring. The more you look at it, the more you think it's just so cool. You could totally see wearing that thing on a shirt. Yeah...

**\* click salamander skull**

There's a skull weighing this thing down. Could be an obvious boobytrap. Gonna take some bravery to swipe it. What do you say? Take SALAMANDER SKULL? →YES← NO

**\* ► ► exit crypt, ascend side path, return to branch point, and choose right-hand path**

**\* click Lil Sebastian**

Lil Sebastian!!! What are you doing all the way out here? It looked like you were going down with the ship. Your fidgety little legs sure do help you get around fast. Anyway, you shouldn't be dancing around here in the middle of nowhere unsupervised like this. You should come along. Take Lil Sebastian? →YES← NO

**\* click pester alert**

Answer UU? →YES← NO

**\* (Pesterlog in a separate Homestuck page)**

**\* ► onwards**

**\* click salamander carving**

A creature carved into the side of the hill. Probably a member of an ancient species that went extinct long ago, leaving behind the remains of this ancient civilization.

**\* click pod**

Another one of these colorful bouyant pods emerging from its hole. Thousands of these things roam around seeding and watering the planet. Yet nothing grows...

**\* click holes**

You can't see a thing in any of these holes. It's too dark. Maybe if you could find some way to shine a light down there?

**\* click obelisk**

This ancient obelisk has some sort of mirror affixed to its peak. You wonder what the deal is with these things? You vaguely hazard that it's got "something to do with puzzles."

**\* ► ► return to branch point, choose left-hand path, follow it into the lighthouse cathedral**

**\* click leftmost tablet**

New words of wisdom from the elders! From Hemera's lips to our slimy amphibious ears. The Nobles will arrive one by one. First to LOCAH, then to LOPAN. Then comes LOTAK, followed by LOMAX. One by one, the Nobles will come, only to discover the remains of those who worshipped them and paved the way for their arrival. But then it is their duty to pave the way for others. For those from the planets through the glass, whatever that means. LOWAS, LOLAR, LOHAC, LOFAF... you know what? That's too many letters. The alphabet confuses me sometimes.

**\* click furthest tablet**

When times were simpler, we called them the Four Heroes. Our stories were so much happier and easy to understand, but we were living in delusion. When it became clear the Heroes could not fulfill their destiny by some cosmic flaw, they became known as

the Nobles. It pretty much means the same thing, but is a title more commonly reserved for martyrs or tragic figures who toil in futility. The new scripture states it will require divine intervention for the Nobles to achieve victory. So there's at least one thing to be hopeful for. Unfortunately, a more recent tenet of our ever-unfolding myth states that the aspect of Hope itself is dead on arrival, so...

**\* click nearest tablet**

Our people have waited for centuries for the Four Nobles to arrive, and it seems we will wait centuries more. We will wait so long that apparently we will all die waiting? That's what we're supposed to do they say. It's just a big waiting game up in here. And when the Nobles finally arrive, then apparently THEY have to wait too! We're told they cannot summon the Speaker of the Vast Croak without help. So they must wait for another four to arrive. Gods they say. Together they will raise the Speaker and fight invincible demons I think? I used to think I understood our folklore. It made me happy to think about greeting the Maid. But then it all changed, and now its kind of complicated and distressing and sad? Ah well, I'll just keep building crypts and carving tablets like I'm told.

**\* click rightmost tablet**

It yo u are reedig this it m e ans i m dead Dang! ca r ving stone i5 har d, i wan t to go bak to farmin pods

**\* ► follow corridor**

**\* click turtle skull**

Oh hey there's a skull you just GOTTA have it. Take TURTLE SKULL?  
→YES← NO

**\* click leftmost tablet**

This tablet contains an enthusiastic story about the Maid of Life, who is obviously you. It seems the author doesn't really understand human physiology. In the story you are blowing bubbles in excitement, and there are allusions to the shiny layer of slime coating your skin. You can't read any more. Fan fiction written by any species is always a tough read.

**\* click middle tablet**

This tablet appears to contain a hastily carved list of someone's favorite bugs? There's hardly any anecdotal lore or wisdom at all. You guess not all of these ancient tablets can be winners.

**\* click rightmost tablet**

"It is strange to think the only one alive left in the land to greet the Maid will be Hemera herself! What an incredible

encounter between legends that will be. Of course, she will have been slumbering for centuries when the Maid finally arrives. It's funny how all the stories we grew up believing have been changing. Of course I love all our old stories, but personally I think the new ones are just as interesting. Yes, I know, I know. Unpopular opinion!"

\* ► *ascend stairs*

\* *click chat alert*

Aw man. Jake's pestering you. You don't think you have it in you to answer after the last catastrophic encounter. Not yet, at least. Take a look at what he has to say anyway? →YES← NO

\* *(Pesterlog in a separate Homestuck page)*

\* ► *click plinth*

There is a skull shaped indentation. Something probably needs to go in there. As for what, you think you'll need one of your fanciest detective mustaches to crack that mystery. Put a skull in there? →YES← NO

\* *choose turtle skull*

That skull won't fit!!! No, stop. It's such an obvious mismatch. Don't even try. Jane, put the skull down.

\* *try again, choose salamander skull*

The lanterns have been hoisted. Three beams of light shine from the tower.

The thing spits the skull back out. You grab it. No reason to squander a perfectly good puzzle skull. You think Jake would agree.

\* *click plinth*

No need to mess with this thing anymore. Thinking it's going to serve any further purpose is just being bad at puzzles, frankly.

\* ► *climb tower*

\* *click leftmost engraving*

One by one the Nobles will arrive, and just as surely, one by one their lights will be snuffed out. In the beginning, the light of our Hope was lost. We must make do without it, and so must they. Then a mighty gust came and took the light of our Life as well, and our people knew despair like never before. But the light soon renewed its flicker quite spontaneously, and has been shining strong since. All in the land rejoiced.

\* *click rightmost engraving*

Our lights of Heart and Void will each follow in time, long after our extinction. One will be extinguished, and then another, leaving only Life as the guiding light. But they should remain

long enough to illuminate the Maid's path, and assist her with the housekeeping we have left behind.

**\* ► climb tower**

**\* (click lanterns if you didn't have Lil Seb)**

Four lanterns suspended from the tower. They are very bright. But the green one is burnt out. There does not appear to be a way to light it. If only you had a small accomplice spry enough to climb up there...

**\* click lanterns**

Tell Lil Sebastian to climb up? →YES← NO

**\* click lanterns**

Rotate the lanterns? →YES← NO

**\* click lanterns again, rotating them so they are in order: green, orange, pink, cyan**

**\* click Lil Seb**

Call Lil Seb back down? →YES← NO

**\* ► ► go back to branch point, follow path back to your house pit**

**\* click obelisk**

The mirrors reflect the light. The direction it goes in depends on the color. Must be some advanced refraction principle in play.

**\* click pit**

A beam of light enters the pit. It's still too dark to see much. You don't want to risk tossing Seb down without knowing what's at the bottom. There must be a way down there...

**\* ► ► return to branch point, follow right path to the holes**

**\* click obelisk**

It looks like the mirror at the top is designed to reflect light in different directions depending on the color of the beam. How mysterious.

**\* click pink-lit hole**

The pink light is illuminating an object at the bottom. But it's way too far down for you to jump. If only you had a nimble little helper to send down there to investigate. Deploy Lil Seb to check it out? →YES← NO

**\* click mausoleum**

Enter mausoleum? →YES← NO

**\* click Lil Seb**

Dear, sweet, precious, sweet, sweet, loyal Little Sebastian. SHIT YOU MEAN LIL.

**\* ► left into small room**

Fuckin' JACKPOT. Take CROCODILE SKULL? →YES← NO Elsewhere...

**\* click door**

Door's locked. Now what, Crocker??

**\* click pedestal**

The pedestal is now empty. Wanna put something else there?

**\* choose Wiseguy**

Elsewhere...

**\* click Wiseguy**

Man, this ain't a solution to ANYTHING leavin' this here. Also it's such a great book. Why waste it on a room full of dumb beetles. Take WISE GUY? →YES← NO

**\* click empty pedestal and drop salamander skull**

**\* click salamander skull**

You almost feel embarrassed for thinking this was the solution to this puzzle. Let's just sweep this blunder under the rug. No one ever needs to be the wiser. Take SALAMANDER SKULL? →YES← NO

**\* click empty pedestal and drop cake**

**\* click cake**

One the one hand, puzzles need solving. On the other hand, oh god that cake looks so delicious. Hmmmmmmmmmmmm. Take CAKE? YES →[NO]←

**\* click grate**

great (there are scuttling noioses)

**\* click switch**

Flip switch? →YES← NO Eeeeeeeeeeeeeeeeeewwwwwwwwwwwwwwwwwwwww... Scarabs. ):

**\* click scarabs**

UUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUGH. D:

**\* click switch**

The switch is already flipped; the horses, out of the barn.

**\* ► leave room**

Elsewhere...

**\* ► exit mausoleum**

**\* click mausoleum**

No use bothering with this dank old mausoleum anymore. You nabbed all the loot worth getting down there. This thing ain't exactly an amusement park ride.

**\* (click mausoleum when hole is not lit)**

There is no power being supplied to the mausoleum's control switch! Going in there would be dumb and pointless

**\* ► ► return to the lighthouse cathedral, climb up to the lanterns**

**\* call up Lil Seb, rotate the lanterns once (order: orange, cyan, green, pink)**

**\* now, you can send Lil Seb back down if you want, but really for proper continuity with the second part of this adventure not to be myst, you should leave him up there with the lanterns**

**\* ►► leave the cathedral, return to the cave in the crypt**

**\* click leftmost tablets**

More old stone tablets. They say: "When heart looks northwest, my seed pod will rise! I am so proud of it. As a pod uses up its water, it becomes lighter and lighter. It eventually floats away into the Medium. It's said that some very lucky few will eventually reach Skaia itself! If you have a wish, you can carve it into the pod. If it reaches Skaia, your wish will come true! I want to carve something, but I can't think of what to wish for. Maybe some delicious bugs? Think, imagination! The one time I really need you."

Carve something in the seed pod? →YES← NO Carving stuff is even harder than drawing stuff. And frankly, you're not sure even Skaia can deliver on this wish. You blew it so hard. But hey, a girl can dream, right?

**\* (try to carve if you've already released the seed pod)**

You can't carve anything! The pod is gone. Talk about a missed opportunity. Oh well, so much for magical wishes. As if magic isn't so totally fake anyway.

**\* click switch**

Flip switch? →YES← NO The SEED POD has been released, leaving behind an empty husk. Will it reach Skaia? You suppose you will never know.

**\* click skull**

Take skull? →YES← NO You got an IGUANA SKULL!

**\* click switch**

You flip the switch again. You hear a rush of wind come from the hole vacated by the seed pod. Guess there isn't much point to this thing anymore.

**\* ► enter exit room**

**\* click empty pedestal**

There's no reason to do anything with this pedestal anymore. You could jump up and down on it you guess. That would be some especially pointless tomfoolery though.

**\* click area below panel**

An engraving : "When three visitors look inward, the way to the Maid's palace will be clear."

**\* click panel**

There are three skull shaped indentations on the panel. You wonder what could go in the indentations? You are going to go out on a limb and guess... precious gemstones. Yes, that's it. But seriously. Put a skull in one of the indentations? →YES← NO

**\* choose salamander skull**

The salamander skull doesn't fit in any of the slots!!! You try to cram it in to no avail. Will you cut that out? I said it doesn't fit!

**\* click panel and choose each of the other three skulls in turn**

**\* click the open panel**

You got a BOONBUCK! You do a little dance.

**\* click the open exit door**

TT: Looks like you're getting the hang of these puzzles.

TT: Nice work.

GG: Thank you!

GG: That last skull was a doozy, to be honest.

TT: Yeah, I guess. If you have a human brain, sure.

TT: Personally, I've already solved all conceivable skull puzzles for all possible skull states, which is a thing that's like, no big deal for me?

GG: Har har.

GG: Hey, I thought you couldn't see me once I left the house?

TT: I can't. Not through the server's viewport.

TT: But I can still monitor your progress through Lil Sebastian.

TT: He and I are linked the hell up cyberwise. We are so tight. Tight like you wouldn't believe.

GG: Oh yeah?

TT: It's like he is the Incredible Hulk's pants, and I am his monstrous package yearning to bust loose.

GG: Blehhhh, why??

TT: Jane.

TT: It seems there is a way bigger than average probability that you do not want to discuss Bruce Banner's megalithic gamma schlong.

GG: That figure would be sitting pretty at one hundred percent.

TT: Holy shit!

TT: Some of my circuits exploded. That number was intense to robo-consider.

GG: Ok, let's stop talking about stupid things for a minute. What a completely absurd environment for our typical blithering discourse.

GG: I am hot on the prowl for more clues about this strange and mysterious land!

TT: Ha ha.

GG: What?

TT: I don't know.

TT: Just, ha ha to that.

GG: Anyway, I think I'm getting closer to finding where my house went.

GG: Then I can reunite with dad, and together we can sleuth this great big pickle of a planet!

TT: Well, the good news is your house should be just ahead, if you keep following the trail.

GG: Yes, I knew it!

TT: The bad news is your dad's not there anymore.

GG: Oh no!

TT: I guess he got antsy and left to explore. Maybe he's looking for you?

TT: I tried to block him from leaving with some furniture, but the dude was having none of it.

GG: Golly, why did he have to leave??

GG: This really complicates matters. I hope he doesn't get lost.

TT: Don't worry, we'll find him. I'll have Seb search within a likely radius. The little guy is real fast.

GG: Yes. Good idea.

TT: In the meantime, you'd better go find your house. We aren't making any progress in this game without it. It's kinda central to the gameplay, you know?

**\* click Gamzee**

You cautiously approach your new guide. Wait, you said you didn't want him to be your guide? The friendly clown strongly advises you to reconsider. (You do not reconsider.)

You ask him who he is, but he maintains his cryptic, serene expression in perfect silence. You give some thought to sidling away from the awkward encounter and go inside, when the clown finally speaks up.

He wants to know if you would like to buy these motherfuckin potions.

You examine the clown's wares with due skepticism. He assures you that all of his wicked elixirs are motherfuckin magic and all that. The clown sure likes to say motherfuck a lot. It is making you feel uneasy.

**\* click Gamzee**

The first question that pops into your head while examining this fellow of course is, where did he get that outrageous outfit??? You don't really have the gumption to ask, but if you had to take a wild guess, you are almost certain the answer would be hand-waved away with the word "shenanigans." See, look? He is waving his hand preemptively, as if reading your mind. Truly, this clown is wise.

**\* click first potion**

BRONZE POTION - 420 BOONDOLLARS The clown says one sip of this potion will cause you to lose the use of your legs. HOWEVER, you will become an EXCELLENT kisser. A trade that is more than motherfuckin fair, he says. Personally, you think someone would have to be suicidal to drink that heinous brown liquid.

Buy BRONZE POTION? YES →NO←

Absolutely not. The clown appears crestfallen, then counters with another offer: buy one bottle, get one free! You scowl at him as if he is quite mad. He gets the picture. You're not interested. He then gives you a few bottles of the stuff and says he'll just put it on your tab, no worries. ;o)

→YES← NO

You buy 1 BRONZE POTION. It's like a brown nightmare in a bottle. When the clown isn't looking, you chuck it over the side of your house-cliff.

**\* click second potion**

FUSCHIA POTION - 420 BOONDOLLARS This lovely looking potion is supposed to have powerful healing properties. A must-have in the inventory of an up and coming Maid of Life.

Buy FUSCHIA POTION? YES →NO←

You don't want it. But the clown REALLY thinks you should take at least one of these handy elixirs. He won't take no for an answer. You say fine, and buy a few just to shut him up.

→YES← NO

You acquiesce to a single FUSCHIA POTION. Yippee. Pointless pink slop.

**\* click third potion**

INDIGO POTION - 420 BOONDOLLARS He says this potion will make you STRONG. You guess it would be pretty handy to be STRONG. Except that it's probably bullshit and the potion doesn't do that at all. Buy INDIGO POTION? YES →NO←

He looks taken aback that you could refuse such a valuable commodity. He says no, you gotta buy this motherfuckin shit. It's the hottest fuckin noise since a big tittied ninja. Ok, whatever you say clown, here's your stupid boondollars. He gives you like 50 of these things? Jesus Christ.

→YES← NO

You buy an INDIGO POTION and shrug. Now THERE'S something you won't be drinking any time soon.

**\* click fourth potion**

OLIVE POTION - 420 BOONDOLLARS This gross looking pea soup elixir is touted as a powerful love potion! Just sneak a few drops into the beverage of your object of affection, and he or she will fall head over heels for you. Literally, in the event that your sweetheart-to-be is decapitated. You are very wary of this claim of course, but... you guess it couldn't hurt to have ONE bottle on hand.

Buy OLIVE POTION? YES →NO←

You refuse. But the clown spots the look of longing in your eye, and knows a lovestruck lady when he sees one. The kind fellow gives you 1 OLIVE POTION on the house. You blush a little and say thank you.

→YES← NO

You buy 1 OLIVE POTION. Ugh, this stuff looks nasty. You are going to have to sneak it into an especially strong drink if you don't want Jake to notice. Wait, did you say Jake? You mean of course hypothetically any person you give this to, strictly in the name of science. Uh. Yeah. This conversation is over!!!

**\* click fifth potion**

VIOLET POTION - 420 BOONDOLLARS This potion is to be imbibed by anyone who wants to exhibit unabated lust for all he or she encounters, as well as to behave like more of a douche bag. You wonder why anyone would want that. He gives you a sly wink, and

says nothing more. You say no thanks. But he asks you if you want to buy it anyway.

Buy VIOLET POTION? YES →NO←

You ask him if he's flipped his friggin' cod piece. Of course you don't want it. He says, ah, but you must. He insists. He gives you 20 bottles for free. Then he says that will be whatever 420 times 20 boondollars is. You let out a heavy sigh, say fine, and fork over the money.

→YES← NO

You snap up a VIOLET POTION. Sure, why the hell not. Might as well round out your collection of this useless slime.

### **\* click sixth potion**

COBALT POTION - 420 BOONDOLLARS He claims this potion endows its drinker with incredible luck! Then he does a stupid looking jig on your fridge, clicking the heels of his dumb elf shoes. You find that a bit hard to swallow. Not just because it's implausible, but because that blue muck is straight up nasty. He doesn't get the joke.

Buy COBALT POTION? YES →NO←

In a motion so swift you didn't even follow, he grabs your hand, pushes a bottle of cobalt into your palm, and closes your fingers over it. As you begin to object, he puts his fingers over your lips and whispers shoosh. That'll be 420 motherfuckin boonies yo.

→YES← NO

He tucks another 420 of your hard earned loot into his cavernous codpiece and gives you a bottle of the blue stuff. Good motherfuckin choice, he says. You roll your eyes.

### **\* click seventh potion**

GOLD POTION - 420 BOONDOLLARS This sickly mustard goo is supposed to make your hacking skills go bananas. Like you would ever care about that. He says not so fast though, for its benefits are TWOFOLD. It also makes a pretty killer substitute for grub sauce in a pinch.

Buy GOLD POTION? YES →NO←

You tell this clown to go take a long walk off a short cliff. He pretends not to hear you and restates his offer. You are getting kind of fed up with this idiot so you purchase yet more useless bottles of liquid. Are we done here bro??

→YES← NO

Whatever. You buy one, flip the clown another cool 420. You wonder why they're all that price? What's the deal with that number, anyway? Poor, naive Jane. You have no idea how that number culturally means SMOKIN WEED, and how stoners think it's funny.

You are a smart girl, but there are some things you don't understand, and that makes you more endearing.

\* *click codpiece*

Good grief, look at that magnificent codpiece. It is absolutely transfixing. You don't want to stare, but how it arrests the eye. It's hard to look away, but you somehow find the wherewithal to pry your eyes from its prodigious heft. The clown catches you staring, and his smile broadens a bit.

==>

**17/04/12**

Ok, what the FUCK are you going to do with all these stupid potions? Talk about buyer's remorse. You have had enough of this vulgar clown and his pushy potion peddling.

You do not want him to be your guide and you politely ask him to leave your property.

**Gamzee: Retrieve contraband from chest of whimsy.**

**18/04/12**

The clown says he can all motherfuckin abide about that. He doesn't want to get his step on to any motherfuckin toes. But he says if he's not going to be your guide, you gotta at least have SOMEONE as a guide, to all guide you on your way through this quest of miracles.

He tells you to hold your shit while he retrieves something from his CHEST OF WHIMSY. You say, you mean the refrigerator? He acts like he didn't even hear you.

TAVROS: nO, bUT OKAY,  
VRISKA: Man, 8eing dead is such a drag.  
VRISKA: I don't know if I can deal with this shit anymore!  
TAVROS: i THINK IT'S ALRIGHT,  
VRISKA: Oh come on. It's so 8oring!  
VRISKA: What a completely pointless and hollow existence this is.  
VRISKA: And if the existential malaise wasn't 8ad enough, now I have to 8e constantly watching out for that fucking orange guy.  
TAVROS: oRANGE GUY?  
VRISKA: The orange guy! Haven't you seen him?

TAVROS: yOU MEAN,

TAVROS: tHE BIRD VERSION OF DAVE,

VRISKA: No, not Davesprite! It's just some random pointless orange guy who's 8een hassling me for some reason.

VRISKA: I can't catch a 8r8k!

VRISKA: And if that weren't enough of a nuisance, we've apparently got to deal with getting yanked out of the afterlife without a moment's notice 8y some 8ozo in a codpiece to particip8 in his grotesque 8ody fusion pranks.

VRISKA: 8etween you and me, I'm starting to think we are getting jerked around here. You know?

TAVROS: uHHH,

VRISKA: Some inexplica8le forces out there are fucking with us. They are doing everything in their power to make sure that when we're not 8eing totally humili8ted, we are staying completely irrelevant.

VRISKA: We can't let them toy with us, then just sweep us under the carpet like that. I'm not going to let our relevance 8e marginalized anymore, Tavros.

TAVROS: wHAT ARE YOU GOING TO DO,

VRISKA: I think it's time to start fucking some shit up.

TAVROS: oH, nO,,,

VRISKA: More like oh yes!

VRISKA: I'm sick of this shit. I'm sick of 8eing dead and useless and 8ored, and I'm not going to take it anymore.

VRISKA: You're with me, right?

TAVROS: nO WAY,

TAVROS: i LIKE BEING DEAD,

TAVROS: i LIKE IT HOW THERE ARE NO RESPONSIBILITIES, oR PROBLEMS, uSUALLY,

VRISKA: Tavros, that is the lamest thing I've ever heard you say, which is really saying something.

TAVROS: yES, iT IS,

VRISKA: You've got to quit that loser attitude and get your ass out of the sand. That's just your low self esteem talking again.

TAVROS: yES, i KNOW,

VRISKA: I'm going to have to insist.

VRISKA: You are going to join me and together we are going to fuck shit up.

TAVROS: nO, i'M NOT,

## **Jake: Proceed to time capsule.**

21/04/12

You cannot proceed to the TIME CAPSULE because you are lying on the floor unconscious.

While descending deep into the ruins, a sudden earthquake jammed the elevator on its way down, causing you to take a nasty spill to the floor below. Luckily you were wearing your trusty SKULLTOP, preventing a more serious concussion. You nevertheless lost consciousness, and attempt with all your might to regain it.

## **Jake: Regain consciousness.**

21/04/12

You fail to regain consciousness.

## **Years in the past...**

But centuries in the future.

GT: You are too kind my friend. What is it?

TT: It's no big deal, since it's nothin' I wasn't planning on giving you anyway.

TT: I just sort of happened to finish it today.

Alert : Dirk

Alert : Dirk

pesterlogTT: Yeah, assuming I can actually send it today without another untimely paradoxification.

TT: If not, then hey, you get a sick grill full of birthday slime instead.

GT: Oh hell no. HELL no man.

GT: Well listen. If youre going to send anything to me slime or otherwise can you please at least not make the shit appear directly over my head this time?

GT: The last thing i need on my bday is another installment of and i quote manbro bukkake theater.

TT: You still don't actually know what that means, do you.

GT: Not really? Its your friggin figure of speech man. I gathered it just meant getting slimed like in ghost busters or somesuch.

TT: Kind of. I told you to look it up.

GT: Yeah yeah. Im a busy fella dirk!

GT: Wikipedia is a lot of letters to type in a thing for a man of action on the go.

GT: Im always doing adventures remember?

TT: That is such bullshit, you sit in your little jungle globe watching movies all day.

GT: Well yes. But ok i have a LOT of movies to bone up on. There are so many good ones i still havent seen.

TT: You think literally every film you watch is a masterpiece. I've never felt so much vicarious shame through someone else's atrocious taste in awful garbage.

GT: Screw you i have IMPECCABLE standards! Its just theres so much good stuff out there and ive really been on a roll with my picks lately.

TT: Do you even hear yourself, dude?

TT: Your "picks" are everything, and "lately" is always.

GT: Yes i hear myself just fine.

GT: I hear a discriminating gentlemans melodious voice and it strikes my ears as the voice of reason! Heheh.

GT: Say heres one im pretty excited about. Have you heard about this avatar jam? Its coming out next year.

TT: You mean the blue furry shit?

GT: No man it is not blue furry shit far from it. Get this. It is about this paralyzed fellow who is down on his luck and longs for adventure. And he finds it!

GT: But it is far away on an enchanted planet rich with coveted treasures. And adventure is not all that he finds oh no. He also finds romance.

GT: A beautiful blue woman from the wild teaches him the ways of her savage culture and also the ways of alien love. Together they frolic in the forest whilst sharing primal intimacy through magic sexual escapades.

TT: Ahahahaha.

GT: Whats so funny wise guy?

TT: To borrow from one of the more benighted sectors of your zeitgeist, that was "so gay."

GT: Excuse me but i fail to see what could possibly be gay about some huge elegant blue men and women having really spiritual intercourse with their tails or something.

TT: Well yeah, obviously not literally.

TT: Jake, where I'm from that word hasn't been used as a pejorative, or even much at all, in a really long fucking time.

GT: But youre from friggin texas! Arent you?

TT: Yes. But not exactly.

GT: Augh stop being such a cryptic troll all the time!

GT: Anyway avatar looks spectacular and i think my preemptive review was spot on. The bloody end!

TT: Ok but what you just said about those furies was gay as hell. It's time to face the facts.

GT: You are just treating my great taste in flicks to your aloof hipstery disdain as usual. You dont know anything about that movie. Maybe youll like it?

TT: Nah, I saw it already. That movie sucked the smelliest shit from the ugliest butt. Sorry man.

GT: Well now i know youre just trolling me. It wont be out for another year!

TT: Right.

TT: Here, let me send you the rest of this robot already.

TT: You've spent too long alone on that island as it is. I kinda worry about you.

TT: A man can only spend so much time in the middle of the damn ocean with nothing but popcultural detritus and his own thoughts to keep him company.

GT: Alrighty.

GT: I hope it wont be as difficult to finish building as the rest was to assemble.

TT: No, just screw the thing on and it's ready to go.

GT: Capital!

GT: Scoot that noggin my way at your ready then.

pesterlogTT: Oh cool. It worked.

GT: Hehe. You nerd.

GT: Hes got your slick japanese spectacles and everything.

GT: Why is this a metal man before me or is it none other than dirk strider himself in my room??

TT: One thing at a time, bro. I haven't quite figured out a way to get myself there yet.

GT: It almost sounds like this is something youve given some thought...

TT: Ok well I don't know what you're implying there but why don't you snap that sucker on the torso and fire it up.

GT: Affirmative.

GT: I continue to boggle vacantly at your technical shenanigans.

GT: Your knack for gadgetry seems to surpass even my grandmas and she was like this big time gizmo legend.

GT: How do you even do this stuff?

TT: I guess from your perspective I must seem hells of "overpowered" in a bunch of ways.

TT: Which I kind of am, like with a ninja sword I'm basically nuts, ok?

GT: If you say so buddy. I can believe it.

TT: Yeah, but when it comes to building stuff you're probably overstating things.

TT: Like for example, if you told someone a hundred years ago you could build a computer they'd probably be like whoa shit, look at this fuckin' genius.

TT: Well actually first of all they'd say, what's a computer, I only know what horses and diseases are and shit like that.

TT: But once you actually tell them what computers are: Jesus dick! You're a wizard.

TT: But from your perspective you know it's not a big deal to build a computer. You just go online and buy a case and a motherboard and some other shit and put it all together.

TT: It's not like you're smelting the goddamn silicon in your basement and making chips in your hermetically sealed, dust-free garage.

GT: Yeah but come on its not like youre from a century in the future.

TT: Well. No.

GT: Nor am i a quaint man of the past. Pardon me but do i SOUND like some trollycar bellwether toiling in the heart of the mustache belt from the ruff n tumble year of nineteen aught nine???

TT: ...

TT: He said unironically.

GT: Give me some credit man and some to yourself as well. You are too modest about all this robotics noise.

TT: I don't know. I have a lot of time to work on stuff I guess.

TT: There are a lot of irons. You know where they are? Here's a hint. It's a pretty hot place.

GT: The kitchen?

TT: Sure, I keep some irons there too. But most of them are in the fire.

GT: Oh of course!

GT: Fire is quite notoriously the hottest thing there is. A tip top locale for a whole mess of irons!

TT: True that.

TT: I actually have so much to do and think about, one of my current projects hopefully will address that very issue.

TT: Gonna make an AI replica of my own mind. He can share some of the load. As well as make a decent intellectual sparring partner, ideally.

TT: Not that my conversations with you aren't uniquely rad. But you know what I mean.

GT: See again i think you are downplaying a pretty neat accomplishment if you ask me.

TT: Shrug. We'll see.

GT: Does that mean I'll have to deal with two dirks?

GT: One who is MORE MACHINE THAN MAN...

GT: And another who is a computer program you made hahahahahahaha.

TT: That's a super joke.

TT: But I'm guessing you won't be hearing much from the program. It probably won't play a significant role in either of our lives.

TT: I have my doubts it'll be a successful project, but who knows.

GT: Id wager a tidy sum the results of the endeavor will be sensational.

GT: I believe in you!

TT: You do?

GT: Sure bro. I always have.

GT: You have helped me out a lot and been a good friend for ages.

TT: Hmm.

GT: What?

TT: Well, I wasn't sure about doing this today, but if it's true that you do believe in me, then I guess fuck it, why not.

GT: Why not what?

TT: I guess call it an extra birthday present. But instead of a present that's awesome, consider it more like a weird confession that may change the way you feel about me.

GT: Whoa uh...

GT: Dirk are you... uh...

GT: Saying what i think?

TT: What?

TT: What do you think I'm saying here?

GT: Uh never mind sorry for interrupting.

GT: Should i sit down for this i dont know what to do.

GT: Wait i already am sitting down. Maybe i should stand up?

TT: No, just chill out. Stand up, sit down, whatever. Here's the thing.

TT: You know all these painfully obvious hints I've been dropping? That always seem to be flying over your head?

GT: Ummmmmmmmmm.

GT: Maybe?

GT: I think i need a towel or something.

TT: About me being from the future.

GT: Oh!

GT: Oh. Yes.

GT: I think so.

TT: Well those weren't jokes. It's true.

GT: What? Oh man are you actually serious??

TT: Yes.

GT: So like...

GT: You ARE from a century in the future.

TT: No. More like four centuries.

TT: The year 2422.

TT: Or as we say contemporarily, 411 P.C.

TT: Post Condescension.

GT: WOW.

GT: I must say this is not the announcement i was expecting.

GT: So you are a time traveler from 2422 here to help me build robots or something?

TT: No, I can't time travel. I can only send things through time, occasionally.

TT: I actually live here in the future, alone in my apartment. I can send messages to you in the past though, like I'm doing now.

GT: How?

TT: Years ago our alien friend sent me a special chat client. It's basically just Pesterchum, with some sort of alien technology embedded.

TT: It's specifically wired to communicate with your time period. As hours go by for me, the time it sends messages to also increments by the same amount, so we communicate in lockstep. As if we both existed in the present.

TT: She said it was important for Roxy and I to begin communicating with you and Jane. This is how we all became friends.

GT: Wait... you and roxy?

TT: Yes. She lives in the future too. Though we live nowhere near each other.

TT: I asked her to refrain from telling either of you. I wanted to be the one to let you know. To wait for the right moment.

GT: Holy fucking mackerel. This is amazing!

TT: So,

TT: You really are trusting me about this? Just like that? No second thought?

GT: Well yeah. Sure man why not? Wait its not a prank is it?!

TT: No.

TT: This would be a very shitty and boring "prank." I promise it isn't.

GT: Then heck yes i believe it to friggin pieces. Its an awesome thing to be true!

TT: Haha.

GT: So whats the far flung future like? Some sort of crazy robo paradise?

TT: Not quite, but there are definitely robots.

GT: Oh man what are your movies like in the future?? I bet there are some real cinematic humdingers. Like holographic stuff? Or shit you plug directly into your brain pod right? Wait you do have brain pods right?

TT: No. We don't have brain pods because those aren't a thing, you just made that up. And there are no movies in the future.

TT: There are no humans either. They all went extinct.

TT: Roxy and I are the only ones left, as far as we know.

GT: Well shit.

GT: Dirk this story got so much less awesome.

GT: Is it too late to backpedal on believing it before i start to cry?

TT: No dude, it's too late. Tears ahoy, this motherfucker gets sad.

TT: Do you want to know what happened?

GT: Sure do.

GT: Lemme just finish putting this steel melon on my brobot and then im all ears...

## **Jake: Complete brobot.**

22/04/12

pesterlogGT: There he is finished.

GT: Look at this spanking iron friend from the future. He is perfect.

GT: Oh shoot dirk he just got blurry and disappeared! What the actual fuck?

TT: Don't worry, that's normal.

TT: Upon activation he goes into Stalking Mode.

GT: Stalking mode??

TT: Yes. He will stalk you in the jungle and strike when your guard is down.

GT: What? Thats crazy why would i want that!

TT: Didn't you want someone to get in scrums with?

GT: Well yeah but... man.

TT: He will give you all the scrums you can handle. Trust me, this will sharpen your combat skills.

GT: I guess youre right.

GT: I was just picturing a little good honest rough housing... why does the whole thing have to sound so sketchy and nerve wracking!

TT: Do you want to hear my grim tales of the apocalypse or not?

GT: Yes!

GT: Youre right lets put issues of fisticuffs aside for now. Tell me everything about the future.

GT: So how does humanity fuck up? Is it the nuclear holocaust? Or is it robots? Gotta be the robots right? As per the terminator.

TT: No, it's more of a gradual decline in population than that, due to an insidious power grab by an aquatic alien empress.

GT: Oh the old alien overlord story? Got it. When does she show up?

TT: She's already there, in your time period, hiding in plain sight. She has been for anywhere between fifty and a hundred years.

TT: She's the Baroness of CrockerCorp. Jane's company. But of course Jane has no idea.

TT: The Baroness has been using subtle strategies to manipulate the human population through her company for a long time.

TT: On November 11th, 2011, she finally made her presence known to the world, along with her agenda for global domination.

GT: Jeez that is pretty scary. So in a few years she will be in charge of everything?

TT: No, not quite. That's just when the world finally sees her for the threat she is. She would continue to gain power by exploiting various institutions and the media from within.

TT: It would take the next several decades for her to claim the throne as Earth's absolute ruler. Her march to domination was facilitated by a number of scumbag sympathizers, and opposed by a few brave rebels, including my ancestor. Roxy's too.

TT: I think your ancestor qualifies as one too. In fact I'm sure she must have been the first member of the covert opposition movement.

GT: My grandma?

GT: I do remember when i was very young she would tell me stories of the wicked woman who raised her.

GT: Was she the evil alien?

TT: Yep.

TT: That's a whole story right there, most of which is shrouded in rumor and urban legend.

TT: But before we get sidetracked by any of that, I'll try to cover the big picture. To give you a sense of all the batshit lunacy that followed the sea hag's power play.

==>

**22/04/12**

pesterlogTT: Nobody at the time knew what the fuck she wanted to accomplish or what her actual motives were.

TT: But in retrospect it became clear she was trying to essentially restore the conditions of her old home world, which she used to rule over as well.

TT: She began instituting these crazy laws. First of all, people weren't allowed to reproduce. She found our usual method of procreation revolting, and anyone who engaged in it was punished by death.

TT: But she still needed an ongoing population of subjects to abuse, so to propagate the race she set up this weird system.

TT: At random intervals every citizen would be required to supply their genetic material to drones. That DNA would be collected and combined in some way.

TT: Many years later, long after the original donors had died, clones would be spawned from their DNA. So no one would ever be able to know who their "parents" were, or be able to trace their lineage.

TT: It was only through a bit of good fortune that Roxy and I were able to discover who our ancestors were.

GT: They were the rebels you mentioned? Are they alive right now?

GT: I mean in my time?

TT: Yes.

GT: Oh! I am very curious about them and also my grandma.

TT: I'll get to them, don't worry.

TT: Anyway, "Her Imperious Condescension" turned out to be especially cruel to her human subjects. I'm sure her rule was no picnic on her home world, but I think she resented humans' biological incompatibility with the ideal empire she envisioned, and became frustrated.

TT: Humanity wasn't even really her first choice for rule. There are reports that she attempted to clone members of her own species and replace the human population with them. But they all died.

GT: What happened to them?

==>

**22/04/12**

pesterlogTT: The rumors say it was her own "pet" who killed them.

TT: See, she traveled from her world to Earth in this huge red space ark.

TT: In it she had gathered thousands of creatures from her planet, I'm guessing to save them from extinction.

TT: This more than anything has led me to speculate that some cataclysm happened on her home

world, and she moved on to greener pastures to rebuild her empire.

TT: She bred all these creatures in secret, increasing their numbers, preparing for her eventual takeover.

TT: Each monster, or "lulus naturae," was meant to be kind of a caretaker of the young. You can see where the dramatic schism between our species and hers begins, and also why she had a reputation for being quite insane.

TT: But she also happens to have this one humongous sea monster lulus that is like her own personal bodyguard, and kind of a secret weapon.

TT: But it turns out the thing is kind of an enigma. Sort of a double edged eldritch horror. As much in her service as it is calling the shots, in some unfathomable way.

TT: Every time she tried to resurrect her race, it would slaughter them all psychically. As if it was keeping her ambition in check.

TT: Or so the story goes.

GT: Wait... these beasts tend to the young??

GT: I can tell you from first hand experience that monsters are totally rotten at taking care of kids!

GT: They do a bangup job of making em scared though. :(

TT: Exactly.

TT: The plan was beyond shitty.

GT: So does that mean you and rox were raised by these things?

TT: Nope.

TT: It was a very short lived experiment centuries ago.

TT: Humans just don't have the same evolutionary symbiosis with those things that her race had.

TT: It turns out a bunch of fuckin' alien monsters have no interest whatsoever in taking care of human babies.

TT: They mostly just wound up eating them, or at best, just abandoning them.

TT: Later she instated a lulidroid system to serve the same function, as she began phasing in more robotic solutions in favor of all this ill conceived biotech nonsense that always did nothing but backfire.

==>

**22/04/12**

pesterlogTT: Even drones were replaced with robotic versions. I imagine they were just easier to produce and control, since she'd given up hope of perfectly mirroring her own civilization in all its convoluted symbiotic glory.

TT: But not without a good fight, and not without taking her frustrations out on the human population.

TT: She attempted to enforce "blood casting" through efforts to genetically alter people's blood color. That was an ugly chapter. Lotta fuckin' people died from that debacle.

TT: Over the last four hundred years, the population just got smaller and smaller from these atrocities piling up. But she clearly didn't give a shit.

TT: All the while, the amount of dry land kept shrinking due to the gradual flooding.

TT: Soon there was hardly anywhere left to live, and then, that was that. No more people.

GT: Damn.

GT: Wait...

GT: Flooding?

TT: Oh. Yeah, I probably should have mentioned this up front.

TT: One of the first things she did while in power was begin melting the ice caps.

TT: It took a while, but eventually the whole world flooded.

TT: That's how it is now. It's totally soaked up in this bitch.

GT: Wow like the epic kevin costner film?

TT: Almost exactly. Especially by the same degree of shittiness.

GT: Oh man does that mean you have to drink your own pee?????

TT: You get used to the taste. Welcome it, even.

TT: That takes about 15 days in a row of hard piss drinking though.

GT: Ewwwwwwwwwww no dude. No ew. :(

TT: Relax, I don't drink any goddamn piss, ok?

GT: Oh ok. Whew.

GT: I guess your lusus droid thingy sees to it that you have fresh water?

TT: Nope. Those stopped being a thing a long time ago too, once humans went extinct.

GT: Oh i thought...

GT: Hm. Well who raised you then?

TT: Nobody, man. I raised my damn self.

GT: !

GT: Jesus christofer kringlefucker and here i thought i was rugged!

TT: You're still pretty rugged. You're just a fucking dork about it.

GT: Thats true.

TT: I guess I did have Cal looking after me.

TT: Let's not discount the rad service of the C-man, ok?

GT: Heaven forbid.

GT: And what about roxy?

==>

**22/04/12**

pesterlogTT: Pretty sure the Carapacians took care of her when she was young.

GT: Wait the whatsits?

TT: Right. Another thing I forgot to mention.

TT: There are a lot of these humanoid creatures with hard shells. Some black, some white.

TT: As humanity was dwindling due to an increasingly whimsical and psychopathic Condesce, she began introducing more of these Carapacians on to the scene.

GT: Are they aliens too?

TT: Uh...

TT: Sort of. They are definitely from other planets, so, yeah. Really the deal with where they came from is a whole other story for another time.

TT: But the bottom line is at some point, somehow, she started herding a bunch of them from their home worlds on to Earth and multiplying them.

TT: Something like a hundred years ago it became clear she favored these guys more than humans as her subjects.

TT: They're very loyal and seem genuinely dedicated to serving her. Must be what they were bred for. She still treats them like shit though, unsurprisingly.

TT: All these colonies started sprouting up. Like these modular cities floating on the water.

TT: It probably sounds cooler than it is. But they're basically slums. That's where they tend to live

in large numbers.

TT: Roxy lives in one of these colonies. It's about 2000 miles from where I am.

==>

**22/04/12**

pesterlogGT: Good gravy. Those are exotic circumstances!

GT: And here i was thinking i had the most exciting and adventurous life. It turns out im just some chump on boring ass monster island in the silly old PRE apocalypse.

TT: For what it's worth, I think it's gotta be more interesting living in the 21st century than the 25th.

TT: Like it's really no contest.

GT: Youre probably right.

GT: Id be really keen on talking to roxy about this too!

GT: Im very curious about her experiences as a future lady with all the whatsits. The hard shell folk.

GT: I must say it turns my previous perception of your lives right on its friggin ear.

TT: Man, she would love to talk to you about all this.

TT: She hates keeping secrets. It's been killing her not to spill all these fucking beans way the hell prematurely.

GT: Like what is even your day to day business like in sea hitlers water apocalypse??

TT: Well, I mostly shit around in my apartment all day, building stuff, reading about history, and flipping out with my sword.

TT: Sometimes I go fishing and check out the underwater ruins.

TT: She does plenty of useless fucking around too, but at least she's got a neighborhood.

TT: She also uses one of her gadgets to gank vegetables and stuff from the past.

TT: She tries to feed the hungry neighbors whatever she can scrounge up.

==>

**22/04/12**

pesterlogGT: Those are amazing stories. I am so lucky to have friends like you.

GT: Oh snap what about jane! Have you told her?

TT: Jane is...

TT: No. I haven't.

TT: I've dropped some hints and tested her willingness to believe something like this.

TT: It's just not going to fly. It's way too much drop on somebody all at once if they aren't receptive.

GT: Hmm. True but it seems a shame to keep her out of the loop.

TT: Well, tell her whatever you want. She'll likely think she's being fucked with.

TT: Personally, I wouldn't bother trying too hard to convince her. There's no point in alienating her.

TT: Some day she'll be ready to believe things.

GT: Okay.

GT: Wow i still have so many questions.

GT: Its incredible that this is all going to happen right around the corner! I dunno if im ready...

TT: Like I said, the changes will be a little more gradual than that. More clandestine. She'll exploit the fear caused by her revelation to the world to create intended reactions within governments and media, and her agents embedded on the inside will help nudge things in the direction she wants.

TT: Then, twenty-some years down the road, without anyone suspecting a thing, she'll suddenly be in complete control. And Earth will be fucked.

GT: I want to join the opposition!

GT: Fuck this witch i have lots of guns and reckless bravado and i want to stop her. Ill pick up where my grandma left off!

TT: Well, aside from the main reasons that won't happen, which I won't get into...

TT: It still wouldn't be a good idea.

GT: Horse shit why not?!

TT: Cause people way better at this than you tried and died?

TT: You said you wanted to hear about our ancestors.

SPIDER GIRL  
KRAVEN'S NEXT HUNT!

SPIDER ISLAND  
SPIDER GIRL

pesterlogGT: Heck yes bro.

TT: Well, how much do you actually know about your grandma? What have you read, and what do you remember?

GT: My memory of her is pretty foggy.

GT: I do know she loved adventure just like me. Thats why she was exploring this island and raising me here when she died.

GT: She was a fair markswoman and knew her way around an atom or two.

GT: Pretty sure her company made a tidy fortune til it went belly up. At least i still have a few of her knickknacks for keepsakes.

GT: And as you confirmed she was raised by that evil spinster.

GT: But then again from some of the things my pen pal has said it kind of throws some of these details into question so i dunno what to think.

TT: I don't know what the deal is with your pen pal either, and I'm not really prepared to speculate on that right now.

TT: But I'm privy to a shitload of historical data I can share. What's the last thing you remember about her?

GT: It was the night i found her dead!

==>

**24/04/12**

pesterlogGT: She had gone off to study the ruins one day. Im pretty sure that was her purpose on this island. To study the technology here and solve all of the astonishing mysteries.

GT: She even built that big fancy house we used to live in so i guess she really wanted to settle here for a while.

GT: But she didnt come home from her expedition for a couple days so i started to get worried.

GT: I followed the trail we usually take to the lagoon while keeping my eyes peeled for monsters.

GT: But instead i found her lying there dead.

GT: I think a monster caught her off guard. There were three big fang marks in the body and a trail of blood along the path.

GT: It looked like she was trying to get home but couldnt make it before succumbing to the injury.

GT: But before i could even do anything about it i heard an explosion. I looked back at the hill and my house was gone!

==>

**24/04/12**

pesterlogGT: Just a big poof of smoke where it was standing. So i lived alone in the jungle ever since.

TT: Huh. I've wondered about all that.

GT: Well you never asked!

TT: Oh I know. I would have. But asking about your past would have just been inviting you to do the same. You know how it goes.

GT: Indeed.

TT: But for the record, I don't think those were fang marks on the body, dude.

GT: No?

TT: Finish the story first. Then what?

==>

**24/04/12**

pesterlogGT: Oh theres not much more to it. I had to deal with grandmas body.

GT: I would have loved to give her a proper and dignified memorial like janes granddad got.

GT: God jane is so lucky every day in her household must be like weekend at bernies! What a riot it must be im so jealous.

TT: Yeah, what a fucking treat.

TT: A living room corpse party every goddamn day.

GT: I know right!!!

GT: Alas i had to dispose of the body with haste so the monsters wouldnt eat her.

GT: So i just made a little camp fire and burned it. I keep the ashes deep in the ruins which is where i think she liked it best.

GT: Hopefully there isnt an earthquake or something that would knock the urn over in a predictable and hilarious fashion.

TT: No way man.

TT: I'd bet my bottom boonbuck that shit's eternally safe.

TT: That urn's like the Fort Knox of standing upright forever because of no accidents.

GT: Heheh yeah.

GT: So then after camping out the next day i went exploring and found my room globe mostly intact sitting in the jungle so thats where i lived since.

GT: And thats pretty much it!

GT: I sure miss my grandma though she was the best.

TT: She was definitely very brave, if the stories are true. Downright audacious, I'd say.

GT: What did you hear?

==>

**24/04/12**

pesterlogTT: Well, like I said. She was raised by the Baroness. It was probably a worse childhood than either of us had.

TT: She wasn't related obviously. Ain't nobody's related to a damn fish alien. Except other fish aliens probably.

TT: She had an adoptive brother too. Life must have been miserable for both of them.

GT: Yes i vaguely remember her mentioning him.

GT: Cripes the things she told me now that i think about it. She said the witch even killed her dog!

GT: Is that true?

TT: I don't know, but wouldn't doubt it.

TT: There are other urban legends that she did a lot of experiments on animals and people. Mostly to do with mind control.

TT: Like figuring out ways to unlock all of her psychic alien potential, to increase her power.

TT: Not sure if that's true, or if it was actually successful though.

GT: So what youre saying is pretty much any unspeakably horrible thing she could have done she probably did?

TT: Yes.

TT: Anyway, your grandma managed to run away when she was quite young. Maybe it was a traumatic event like dog murder that prompted her to flee, who knows.

TT: Whatever the case, her bro stayed behind. The guy must have been seriously immune to witnessing fucked up shit, because he went on to be a famous comedian. A real kindly old cornball. A nicer guy you couldn't hope to meet, they say.

GT: Haha wow. Must have been a hell of a guy.

TT: So...

TT: You're not making any connections there?

GT: Where? Huh?

TT: Famous comedian, about the age of your grandma, inheriting the family name of the Baroness...

TT: Not ringing a bell?

GT: What are you talking about! Dirk stop speaking in riddles and keep telling the story i am on tenterhooks here!

TT: Ok, well it's not like it's that important. Just a super obvious thing that'll probably occur to you later when you're looking in the fridge you don't have, at which point you'll feel like an idiot.

GT: Oh my god you can be one opaque motherfucker just clue me in bro!

TT: Nah, it'll be funnier this way.

GT: STRIIIIIDEEEEERRRRRRRR!!!!

TT: Moving on.

pesterlogTT: That kid kept the family name but obviously your grandma didn't.

TT: She must've held a grudge against the Baroness her whole life. She started by taking a different name she knew would stick in her craw.

GT: Oh! I remember this.

GT: I believe she said the witch used to be married to a terrible man named english.

GT: So because the witch really hated that guy she took on his name as sort of a big ole fuck you to the woman?

TT: That's probably close to the truth, but it sounds like the kind of story an old lady tells her young grandson in a way he would understand. Or at least wouldn't scare the shit out of him.

TT: What I've read is something much more sinister, as usual.

TT: There's supposedly only one thing the Baroness fears, and your grandma learned of this somehow.

TT: It wasn't an ex husband though. It was her superior. Some kind of demon, or another alien, no one really knows. But he went by the name English. He's supposedly even more brutal than she is, if you can believe that.

GT: So im named after a demon? What kind of demon is named english anyway?

TT: What kind of alien is named Crocker? It's probably just a name he stole from someone else, like the Baroness did.

GT: I guess its kind of cool being named after a demon whos so scary even the witch is afraid of him.

TT: Yeah, well, your grandma thought so.

TT: Everything she did in life thereafter seemed to be in effort to piss off the batterwitch.

TT: Like starting a competing tech company, heavily branded in a way that was presumably intended to remind the Baroness of her boss.

TT: Like with skulls and garish colors and shit. The dude is some kind of skull monster I guess?

GT: I love skulls!

TT: I know.

pesterlogTT: It was definitely brave on her part, but ultimately it got her a bankrupt company, a blown up house, and a fork through the torso for her trouble.

TT: But she must have been the first to understand how dangerous the Baroness was, while acting in covert opposition.

TT: Others would follow, and continue to as of now, in your time period.

GT: These are your ancestors?

TT: Yeah, mine and Roxy's were among them.

GT: Anyone ive heard of?

TT: Of course. All these fuckers are totally famous, obviously.

GT: Oh sure obviously.

TT: We've talked about the guy I'm genetically derived from a lot actually.

TT: Like, you know, every time I've ever talked about my bro?

GT: Gadzooks of course!!!

GT: With all your future mindfuckery you made me completely forget about your vaunted hollywood sibling.

GT: I shoulda asked where he fit into the picture if you were raised alone. I can be dumb as a bag of penny candy sometimes.

TT: Sometimes.

TT: Other times you're on point, like a bag of the nickel shit.

GT: Whoa now those are the sweets kept in reserve for millionaires. Such flattery!

TT: Ok, what we're sayin' stopped meaning anything, so I'll continue.

GT: Right. So then he was never actually your bro?

TT: No, that's just kind of how I view him.

TT: Lalonde took a more maternal view of her ancestor.

GT: The lady who wrote all the dreary wizard books i presume?

TT: Yeah, the CotL series. Ever read it?

==>

24/04/12

pesterlogGT: No i tried its too depressing. And also uh kind of impossible to understand?

GT: I told roxy i liked it though i didnt want to hurt her feelings so dont say i said that.

GT: I think ill wait for the movies to come out i bet ill like those better.

TT: You don't say?

GT: I do say! Hey you mustve seen them what being in the future are they any good?

TT: They are not.

GT: Phooey to that. Like i even believe you!

TT: The books are pretty interesting though, if somewhat dense.

TT: They're supposedly heavily allegorical. Veiled representations of cosmic events surrounding the witch and her boss and how all this came about.

TT: It's the kind of thing you wouldn't pick up on unless you were someone who understood what happened, like the Condesce, which was kind of the point. I think it was her way of letting the witch know, "I'm on to you."

TT: In the early days of the resistance movement they both opposed her more indirectly, through their art, like critics of tyrannical governments often used to.

TT: They had to be careful. Didn't want to make big waves too early.

TT: My bro did this too with his many fine films.

TT: Practically everything was a symbol for something. Either in mockery of the batterwitch, or conveying some hidden message to its audience. Each film was always rigorously picked apart for its head-scratching symbolic meaning.

TT: But he managed to accomplish all that without ever compromising the purity of his ironic vision, which I think was admirable.

sbahj

the movovie

pesterlogGT: Fuck yes the sbahj films RULE.

GT: Screw the haters! Thats what i say.

TT: You also say that about Weekend at Bernies.

GT: Man that is a scandalous mischaracterization. Nobody hates weekend at bernies!

GT: The WAB films are generally regarded as so unremarkably mediocre they dont even attract any trolls who care enough to shit on it. Believe me ive tried to get in debates with people about it!

TT: Yeah, you pretty much touche'd the fuck out of that.

TT: But we are definitely in agreement about my bro's films as the masterstrokes they were.

TT: He just kept cranking them out, too. He really stepped up production after 11/11/11, even though the cat was finally out of the bag. He was very dedicated to his craft.

GT: Dang i can hardly wait to see them!

TT: Yeah. I wouldn't hold your breath about that.

GT: Why not?

TT: Man, fuck it. I'll just send you them.

GT: !!!!!!!!!!!

TT: Just keep a lid on them. We don't need any weird causality shit rearing its head here. That would be dumb.

GT: I will guard each glistening compression artifact with my life, as if a jewel pilfered from a tomb.

TT: Which was the last you saw?

GT: Well there was sbahj the movovie and sbahj the the film...

GT: Oh yeah and sbahaj the movle. I think sbahj the moive is still in production right?

GT: But honestly i get confused about which particular misspelling is attributed to which film or even if im getting the misspellings right.

TT: The key to sorting it all out is to understand it doesn't actually matter.

TT: Through video streaming services he would frequently set it up so that buying a certain title would ship you the wrong film.

TT: And often titles for movies were available for sale that just straight up didn't exist. Or would be sold for dollar amounts that made no sense, like \$2.890.1. And sometimes buying a download would actually deposit money into your account instead of deducting from it.

TT: It was all part of the "experience."

==>

**25/04/12**

pesterlogGT: Your forebears are certainly entrepreneurial if nothing else.

GT: I can get behind the idea of making a killing if it means i also get to be as good at doing adventures as i hope to be.

GT: Did they ever bring the battle to the witchs doorstep or were the blows dealt strictly through public masquerades and theatrics?

TT: Yeah, they got pretty deep into the shit eventually.

TT: They were both very skilled combatants. I'm pretty sure she had some weird powers too.

GT: Powers you say?

TT: Communion with occult forces. Something like that.

TT: She knew things. Had visions. It's why she was able to write those books, and more importantly, why Roxy and I were able to survive here.

GT: How?

TT: They knew we would be here some day. So they prepared for our arrival.

TT: I live in what used to be my bro's old apartment four hundred years ago. The whole city is gone, but this one unit was somehow protected.

TT: He left some supplies for me here. Like a lifetime supply of orange soda in the crawl space, along with a fuck ton of SBaHJ merch. It was like discovering my own personal holocaust of bulbous jutting bottoms.

TT: Plus some weapons, some other gear. And a killer pair of shades.

TT: Roxy's mom used to live in her place too, and left some stuff she might need lying around. This was way before there were Carapacian colonies though.

TT: I think her house must have been a kind of kernelized structure, like a potential colony. Something built to undergo modular self replication if activated.

TT: I'm sure her mom knew that. It's been a good way for Rox to blend in.

TT: I stick out like a sore thumb here of course, but it hasn't really been a problem yet.

GT: So...

GT: They knew you would show up in the future some day and prepared for that...

GT: Doesn't that mean they also knew they weren't going to be able to stop the witch?

TT: Probably.

TT: But they went down fighting anyway.

GT: Wow.

GT: Thats brave and kind of sad.

TT: Yeah. But wouldn't you?

GT: Of course!!!!

GT: You always go down guns blazing. Thats what a hero does when he loves adventure and has guns.

GT: If theres one thing movies have taught me besides the fact that guys using a corpse as a silly puppet is friggin HILARIOUS it is THAT FACT.

TT: It's not like their rebellion was totally futile.

TT: They took a lot of shitheads down with them.

GT: Who?

TT: Sympathizers.

GT: Eugh! Just the thought of such scoundrels turns my stomach!

TT: They should.

TT: In order for you to understand, I'll have to fill you in on the ridiculous final gasps of human civilization, taking place over the several decades leading up to its absolute enslavement.

TT: The decades which immediately followed the "rebranding."

==>

**25/04/12**

pesterlogTT: As I mentioned, CrockerCorp's rebranding on 3-11, as it was often referred to in the news, totally changed everything.

TT: It marked the beginning of a completely shameless downward spiral of western civilization, through a series of events that were probably hard to notice at the time, but quite glaring when evaluated historically.

TT: Though the Baroness made very few substantive gestures of aggression, the global fear of her looming threat would trigger all the changes she needed.

TT: Governments prepared for war, as if to defend against the invading alien armies she undoubtedly commanded.

TT: But of course, she had no army. She was always the only of her kind.

TT: Instead, the world powers were only setting about to build her armies for her.

TT: The media deteriorated into this preposterous circus that was in all practical ways inseparable from the power base and government institutions.

TT: Popular entertainers became dangerous demagogues, and their roles in the media blurred with those of executive authority.

TT: And the most dangerous were the ones who fed into the fear and hysteria most effectively.

TT: These tended to be plants. Unscrupulous shills paid by the Baroness to move her agenda forward.

GT: Dang.

GT: I would like to think i will not be suckered by their silvery tongues whenever they come along.

TT: Well the thing is, most of them are already on the scene in your time.

GT: Who!

TT: Ever hear of Guy Fieri?

GT: No?

GT: I dont think so.

TT: You're fortunate then.

TT: He was an especially degenerate piece of filth.

TT: He used his connections and guile to wriggle into the spotlight, and then on to other positions of power.

TT: He somehow landed on the U.S. Supreme Court. Over the years, other justices started mysteriously disappearing without being replaced.

TT: After helping rewrite the constitution to form an incomprehensible patchwork of fascism, theocratic mandates, recipes, and bad rap lyrics, he weaseled his way up the ranks to become the High Chaplain of Interstellar War.

TT: I'm just gonna cut to the chase, cause really this ain't a big history lesson here.

TT: He eventually came to be regarded as the third and final Antichrist.

TT: No other human in history was responsible for more death and suffering.

==>

**25/04/12**

pesterlogGT: That boorish cur!!!

TT: Yes, that's exactly the phrase I would use to describe someone responsible for the extermination of five billion people.

TT: It was just so uncivilized of him.

GT: How could such an atrocity be allowed to happen?

GT: Was his personal magnetism really that overwhelming?

TT: Maybe overwhelming in the wrong direction, yeah.

TT: But it didn't happen overnight. It was a gradual decline in the integrity of the system that allowed it.

TT: Eventually the wheels came off and the political scene mirrored the absurdity of the media circus.

TT: By the time Presidents Jay and Dope were elected, western civilization had officially fucked itself over forever, and I think everyone knew it.

GT: Oh no.

GT: When does that happen?

TT: 2024. The last free election the world would ever see.

GT: So like...

GT: They were on the ticket together? As president and vice president?

TT: No, man.

TT: They were both president.

TT: They were the first Dual-Presidents of the United States of America. Also the last.

TT: They were also the first and last juggalo presidents. The founding fathers warned us about this, but nobody listened.

GT: They did? Warned us about what exactly?

TT: The Mirthful Executives.

TT: George Washington had prophetic nightmares about them. He tried to warn people, and get language amended to the constitution to prevent it.

TT: Like forbidding the election of what he famously described as "a pair of salty bards," or "unruly jesters given to the sweet drink."

TT: But everyone just thought he toked too hard on the colonial cannabis or whatever.

GT: Im not sure i follow. These are like clown presidents or such?

TT: Yes. They were a shitty rap duo from your time.

TT: But they ran a hell of a campaign. By then the juggalo party had gotten huge. While the numerous other candidates split the moderate vote, they retained a very energized and devoted base.

TT: You could say their party had a big tent.

GT: Dirk i really dislike the future you are describing.

TT: Hey me too.

TT: They were swept into office on a wave of Faygo, and the presidential inauguration was the biggest Gathering of the Juggalos of all time.

TT: They all hosed each other down on the Whitehouse lawn with shitty soda. The "D.C." in the capital thereafter officially stood for "Dark Carnival."

TT: Of course their campaign was helped considerably by having support from the Baroness.

TT: In retrospect, people developed the impression that it was all a part of her sick sense of humor.

TT: There was this sense that she just loved the idea of delegating the extreme subjugation of the world's population to a pair of demented clown rappers.

TT: Some have speculated this was just another way she was attempting to resurrect her previous model of governance, though this seems kinda far fetched to me.

TT: Who the fuck ever heard of an alien juggalo? To me this is about as stupid as the crackpot theories get.

pesterlogGT: I still dont really know what a juggalo is.

GT: Do they juggle?

TT: Don't worry about it.

TT: People were less prepared for a double juggalo presidency than they ever imagined.

TT: I'm not even going to get into all the horrifying details. Trust me, you just start to feel dirty reading about it.

TT: From the moment Fieri held up the bible to swear them in, and the three of them proceeded to publically defecate on it while freestyling rap lyrics...

TT: That was it. Everyone in the world watching it on TV just said, "Welp. Show's over. Civilization was pretty cool while it lasted."

TT: The next several grueling terms of their presidency was a weird combination of authoritarian practices. The Baroness used it as a puppet regime, while still basically giving them carte blanche to carry out their idiotic whims.

TT: Faygo was pumped through the plumbing instead of tap water. The new national pastime was having type 2 diabetes. And the national anthem was replaced by a 3 minute high-reverb audio clip of President Jay farting into a microphone while laughing.

TT: Chaplain Fieri was authorized to set up the death camps, in which anyone on the planet could be imprisoned if they were not deemed sufficiently "mirthful."

TT: And so the cleansing began, priming humanity for its new ruler waiting in the wings.

TT: This was when our ancestors had enough.

TT: The resistance movement had failed, but they could at least bring the war criminals to justice.

TT: My bro finally caught up with the presidents and challenged them to a duel.

TT: They accepted, having for years regarded him as a cocky rival rapper who failed to show them the proper respect. In their arrogance they invited him into the foul belly of the Carnival believing they could teach him once and for all what it truly meant to be down with the clown.

TT: For centuries thereafter, survivors of the Hilarocaust would cite the rooftop showdown as one of the most heroic moments in human history.

==>

pesterlogTT: He killed them both.

==>

**26/04/12**

pesterlogTT: Unfortunately, as they were only figureheads, no liberation followed. There would be no parades in the streets, or statues cast, or medals awarded.

TT: The few witnesses would report seeing only a man with a sword on a shitty skateboard, gently rising into the night sky.

TT: No one ever saw him again.

pesterlogTT: Meanwhile, Roxy's mom was tracking down the High Chaplain.

==>

**27/04/12**

pesterlogTT: She gouged his eyes with a pair of needles.

pesterlogTT: And rode his torso to the bottom of the bloody falls.

==>

**28/04/12**

pesterlogTT: Reports of what happened to our ancestors after that are sketchy.

TT: There were no eye witness accounts I've found, but some believe they regrouped and confronted the Condesce herself.

TT: With all her high ranking officers dead, and the human population decimated and sufficiently groomed for her arrival, there was no reason to stay behind the scenes anymore.

TT: After those dreadful years of putting up with a more vulgar brand of authoritarianism, when she finally stepped forward to claim her throne, it actually came off as somewhat dignified. Elegant, in

a way.

TT: She was no less severe, but at least she knew how to act like an empress.

==>

**28/04/12**

pesterlogTT: But even if they did manage to confront her, there was no way they could win. She had too many crazy alien powers.

TT: Her boss supposedly had jacked her power level through the roof. I even heard, and don't quote me on this, that she may have been over 9000.

GT: Heavens to betsy.

GT: That figure is just absurd.

TT: Yeah.

TT: And that's not even to speak of the generic smorgasbord of other powers she was rumored to have.

TT: It gets hard to separate the fact from the urban myth.

TT: But for reference, if you want to believe it all, just picture all the X-Men combined into one sexy fish woman in a skin tight suit.

GT: Whoa momma.

==>

**28/04/12**

pesterlogTT: Whatever actually went down, they're surely both dead now.

TT: I guess it had to happen like that, though.

TT: There's no way the Condesce would allow us to be born within even a century of our genetic forebears. The thought of that was completely disgusting to her.

TT: But I really would have liked to be able to meet them.

TT: I guess some things would just be too awesome to ever stand a chance of happening.

GT: Yeah i know the feeling. :(

GT: Wait...

TT: What?

GT: Dirk didnt you tell me at some point that you did find evidence the witch killed them?

TT: As of now? No.

GT: Are you sure? I SWEAR i remember you saying something about that.

TT: How could I have said anything like that before today? This was obviously the first time I mentioned any of this.

GT: Oh.

GT: I am just having the NUTTIEST deja vu thing going on now. I feel weird.

TT: ...

GT: I guess i am mistaken. Never mind.

==>

**29/04/12**

pesterlogTT: Ok.

TT: I will disregard your anomalous observation for now and continue conversing as if it never happened.

GT: Right. Good plan.

GT: Um.

GT: Anyhoo thats a heck of a tragic and thrilling tale dirk.

GT: I am still totally cockeyed and catawampus about it all i dont even know what to think.

TT: But you believe me, right?

GT: Oh yeah every word of it!

TT: Wow.

GT: Why shouldnt i? You are my friend and i trust you.

TT: I still just think it's impressive, is all. Even after all this time. You are pretty much a one of a kind dude.

GT: Heh not really i just like believing stuff and believing in people.

GT: Wait what do you mean?

TT: About what?

GT: When you said after all this time?

GT: You just told me now!

TT: Yes.

GT: Hang on.

GT: Blarg! The deja vuey shit is happening again!!!

GT: Okay i am SURE weve had this conversation before so many things are familiar.

GT: I remember you saying the one of a kind dude thing and i remember saying the word catawampus and...

GT: All of it!

GT: Whats going on?

TT: Took you long enough to figure it out.

TT: Pages really are a slow burning class. Damn.

GT: Figure what out!

TT: You're asleep.

GT: Oh.

GT: Thats right. I fell off the platform thing and i guess i got knocked out?

TT: Yep.

GT: So im dreaming.

TT: Kinda.

TT: It's a dream bubble.

GT: Whats that?

TT: A place in the infinite abyss where sleeping people can share dreams with each other while revisiting memories.

TT: Also where they can meet dead people.

GT: So we are sharing a dream together?

GT: And youre currently asleep too? Uh. Currently in the future?

TT: No.

TT: Even if I was, I wouldn't visit a dream bubble. That only happens when your dream self is dead, like yours is.

TT: Mine is not.

GT: Hm. I guess i understand?

GT: So whats the deal then? Wait.

GT: You said this is where they meet dead people too...

GT: Shit! Dirk are you dead? Are you a ghost!?

TT: No, dude. Chill. I'm fine.

GT: Then what the fuck is going on! Who am i talking to?

TT: Well, who are the people you talk to when you have a regular dream?

GT: What? Uh...

TT: Like just a boring normal dream, and there's a person you're talking to. Who is that?

GT: I dont know?

TT: It's nobody. Just a projection of your own mind.

TT: Dream bubbles don't always need to be shared by dreamers or dead people. You can go to sleep and wake up in one alone, reliving an old memory.

TT: Kind of like a normal dream. Until you remember it's just a memory, which is where we are now.

GT: Okay.

GT: So.

GT: I am having like a lucid dreamy thing in a magic bubble and you are just like a figment of my imagination?

TT: Yes, basically.

GT: So im talking to myself! Thats kind of stupid!

TT: Well, yeah. But not quite.

TT: You could view me as a projection of the real Dirk within your mind, as expressed through all of your thought patterns about him.

TT: So I'm kind of a splinter of his corporeal self who happens to live in your awareness.

TT: I'm a startlingly close approximation to the real thing, for all intents and purposes.

GT: Just how startlingly close are we talking?

TT: I'm not going to give you a bogus percentage like the glasses cause that's not my shtick.

TT: But pretty damn close.

GT: Okay thats fair.

GT: But.

GT: Man.

GT: There is something that feels kind of weird about this. You being in my head... its a little messed up!

TT: What's messed up about it?

TT: You were the one who put me here, with your intimate understanding of all his mannerisms and predilections.

TT: And a splintered existence is pretty much how he rolls.

TT: This is how shit is bro.

GT: Ok im sorry for saying its messed up but...

GT: Its still a bit frustrating! Ive been trying to talk to you all day.

GT: But all i get is your pesky responder bedeviling me at every turn and your friggin robot punching me across the ocean and then throwing a weird tantrum and ripping his nuclear heart out in front of me.

GT: And if that werent enough i tumbled off the doohickey and knocked myself out and now im strolling down memory lane with your fake brain ghost!

GT: Its like you are surrounding me from all sides with imitations of yourself but never the REAL YOU!!!

GT: Cheese and fucking crackers when do i just get to talk to the actual dirk?

TT: Jake, what do you even know about someone's actual self?

TT: What makes it actual? What is "actuality?"

GT: What a horseshitty question!

GT: I dont know anything about actuality i guess but i know some philosobabble horseshit when i dadblasted hear it.

TT: I'm just saying, this isn't really your field of expertise.

TT: Dirk is the heart guy. He's the one walking the path of self, even when he doesn't know it. Like right now.

GT: But what does that mean?

GT: And how can you really be made of only my thoughts when i dont even know what youre talking about sometimes?

GT: Or when i didnt know some of the things youre telling me? Like about being in a dream bubble?

GT: How can i tell myself about that stuff through brain ghost dirk!

TT: Who says you don't know those things on some level?

GT: I dont think i do!

GT: I have no business knowing those things.

TT: Pages have a lot of untapped potential.

TT: That's practically all there is to the class, actually.

TT: But when they eventually find it, look out.

TT: And the ones who deal in hope? Shit, man.

TT: I'm scared of you already, and I'm not even real.

==>

**29/04/12**

pesterlogGT: Are you sure you arent real?

GT: No offense but I kind of get the same smartass vibe from you as i do from the responder.

GT: Like har har i have the same basic personality as dirk but without any accountability or anything so let me just be kind of flippant and mess with this jake fellas head!

GT: You know what im saying?

TT: Yes.

TT: That's a surprisingly decent observation about me.

GT: Yeah see i think i maybe did a little TOO good of a job brain cloning you? This is way too much like talking to the REAL fake dirk.

GT: Holy cow what a dumb sentence that was.

TT: You did do a good job.

TT: A perfect job, in fact.

TT: Untapped potential, remember?

TT: I don't think one of Dirk's splinters could exist nearly as well in anyone's mind other than yours.

GT: Well thats just spiffy for me but im starting to feel somewhat like im being haunted by you now.

GT: I just want to talk to my real buddy. And by real i just mean the ORIGINAL GUY.

TT: What do you even want to say to him?

GT: Oh i dont know.

TT: It's not like you can keep any secrets from me here.

TT: I pretty much am your brain.

GT: Aaah! No dont say that its so weird.

TT: You do realize he's coming for you.

TT: Dirk. In the real world. The man has his designs.

GT: Yes. I know.

TT: Wanna talk about it?

GT: With you? No!! Thats like...

GT: Thats like talking to him about it which is like really jumping the gun i think.

TT: What better chance is there to try talking about it than with a stunt double for your hyper-aggressive suitor within the safety and privacy of your own mind?

GT: But i cant yet! I just cant.

GT: There are some feelings im not sure how to put into words yet and doing it in front of you whether youre a stunt double or brain puppet or whatever it just makes me feel uncomfortable!

TT: So there are feelings you don't want to try to put into words, even while you are dwelling entirely within the realm of your own mind?

GT: Yes.

GT: What is so hard to understand about that?

TT: What about the spider ghost?

GT: Huh?

TT: The girl you saw.

TT: When you got fucking clobbered by Dirk's robot and you passed out.

TT: You dreamed about a spider ghost alien girl.

GT: Oh yeah.

GT: What about her?

TT: You like her.

GT: Man what?

GT: Thats dumb i saw her for three seconds and she waved at me and i woke up!

TT: Yeah, and it took all of three seconds for you to fall in love with the cute spider ghost.

GT: Why do you keep calling her a ghost??

TT: Cause she's been dead for a zillion years, dude.

GT: Oh. Well.

GT: Holy shit?

TT: That won't change the fact that you like her, let's not pretend it will.

TT: You're going to make things complicated for yourself.

GT: No i wont.

TT: Yeah you will. You're too fuckin' wishy washy.

TT: Between Dirk, spider ghost, Jane...

TT: Man, poor Jane.

GT: What? What about jane?

TT: You tell me.

TT: What was even the deal with that?

GT: Our last chat ended on very pleasant and amicable terms! She was upbeat and chipper as ever. I fail to see what reason one might have to feel sorry for her.

TT: Uh, yeah. You totally read her like a book.

TT: Really handled that conversation like a champ.

GT: Wait... didnt i?

TT: Look out bitches. It's Jake "Casanova Ladyslayer" English. He's packing heat, and is frequently able to parse the literal meaning of things women say.

GT: What are you getting at!

TT: We're running out of time.

TT: She'll be here soon.

GT: Jane?!

TT: No, doofus.

TT: Spider ghost.

GT: Whoa.....

GT: Whoa ok.

GT: Where? Wait. She is??

GT: Oh fuck.

TT: Look at you. I'm telling you.

TT: Three damn seconds of ogling an alien in a blue dress, and you're completely hopeless.

TT: Stop fidgeting around like that. Your hair looks fine.

TT: Do you want me to tell you how your breath smells?

GT: Screw you!!!

GT: I am cool as SUCH a cucumber.

TT: Ok then.

GT: Uh.

GT: Why does my breath not smell ok?

TT: You're dreaming, Jake.

TT: Your breath is only a thing if your brain wants it to be.

GT: Oh okay whew.

GT: When is she coming? Why is she visiting my dreams?

TT: Soon.

TT: She's been waiting for the right time to enter. Waiting for you to snap out of the memory.

TT: Clearly the girl has the patience of a saint.

GT: Alright...

GT: Dang! Its warm in this dream bubble. How can i be sweating in a dream??

GT: Where do i keep the dream towels...

TT: Will you calm the fuck down?

TT: I'm a figment of your imagination, and you're still making me nervous.

GT: But really who is she? Whats her deal and what does she want from me?

GT: Since all this so called untapped potential in my subconscious taking the form of yet another sassy dirk clone seems to know everything would it be ok if i troubled my own brain for a few flipping answers???

TT: You should try to be more polite to me. Seeing as I am a representation of your entire mind, I have complete control over all your basic functions.

TT: I could trigger a particularly spirited bowel movement right before she gets here, so watch your step.

GT: Augh no no no im sorry im sorry dont!

TT: Just kidding, dude. Jesus.

TT: I would never make you shit your pants in front of a girl you liked, even if she does happen to be my chief competition.

TT: We Dirk splinters can be pretty Machiavellian but we do actually have some fuckin' standards.

GT: Okay. Thank you for promising to keep my trousers tidy.

TT: Anyway, she's visiting now to bring you into the loop on some things.

TT: Important details you should know about your relation to the bigger picture.

TT: The much, much bigger picture.

GT: I still dont understand how you know... or excuse me MY BRAIN knows this stuff. Because im a page? How does that make sense?

GT: And also if you know the things she will say why dont you just tell me the things?

TT: Intuition and the subconscious mind are powerful things when harnessed the right way.

TT: As for why I don't tell you, why not just let her tell you?

TT: You're the one with the damn crush on her.

==>

**29/04/12**

pesterlogGT: Ok dude shes here shoosh!

TT: I know.

GT: Oh man. Ummmm...

TT: What the fuck are you looking at me for?

TT: Say something to her, jackass.

GT: Okay i will i will youre distracting me though! Can you scoot over a bit?

TT: Oh my god. Fine.

GT: Hi there! Welcome! Er...

GT: Dont mind him hes just a brain clone of my best friend. I know that sounds crazy. Heh.

TT: Bro, she can't even see or hear me.

TT: You're making a fool of yourself.

GT: Wait she cant? Why didnt you tell me that!!! You are really throwing me off here.

TT: I don't know, I guess I didn't think you were going to have a neurotic meltdown at the sight of a girl.

GT: I thought you were supposed to know stuff like that seeing as you are LITERALLY MY BRAIN!

TT: God dammit, will you just chillax and woo this fucking ghost babe?

GT: How can i chillax when you keep talking to me its really disconcerting!!!!

TT: You are totally embarrassing yourself, dude. You're talking to nobody.

TT: Man, I'm starting to feel bad for spider ghost. Look at her, she's getting uncomfortable.

GT: Shhhh just SHUT UP i cant THINK!

TT: You are being so lame, I don't care if I'm a figment of your imagination or not, I can't take this bullshit.

TT: Either you get your shit together and put the moves on this dead space vixen or I start fucking with your cortex and make you pop a dream boner.

GT: OH GOD NO DONT YOU DARE!!!!!!!!!!

TT: You don't think I'll do it?

GT: NO PLEASE PLEASE PLEASE DO NOT GIVE ME A BONER DIRK!!!

TT: Sorry Jake. The plan's in motion.

TT: Next stop, Boner City.

GT: SO THAT WAS THE PLAN ALL ALONG???

GT: TO GIVE ME A BONER???

TT: And you

TT: ...

TT: ...

TT: ...

TT: ...

TT: Got one.

GT: YOU MOTHER FUCKER!

GT: OH...

GT: OH TEE HEE A FALSE ALARM I SEE VERY FUNNY COOL GUY!

GT: I THINK YOU ARE FULL OF SHIT!

GT: YOU'RE BLUFFING YOU DON'T EVEN HAVE THE POWER TO GIVE ME A PHANTASMAL ERECTION!

TT: Jake, please.

TT: Members of the juggalo party aren't the only ones who can pitch a big tent.

GT: THEN GO AHEAD! MAKE MY FUCKING DAY!

GT: IM READY FOR YOU. YOU THINK IM AFRAID? ILL TAKE YOUR BONER MAGIC LIKE A MAN!

GT: IM NOT ASHAMED! I WILL STAND TALL AND PROUD AT FULL MAST IN FRONT OF THIS PRETTY ALIEN!

GT: DO YOUR WORST YOU BASTARD!!!!

TT: This is so stupid.

TT: You are out of your mind. And this is coming from your mind itself.

TT: I can't even watch this, I'm out of here.

GT: WELL GOOD RIDDANCE TO IRONIC HIPSTER DOUCHEWAD RUBBISH IS WHAT I HAVE TO SAY ABOUT THAT!

TT: I wonder what Jack's up to right now.

GT: WHAT?

GT: I mean... what? Whos jack?

TT: Just talk to the girl, ok?

TT: You have some damage control to do.

### **Jack: Start Jailbreak Adventure.**

**30/04/12**

You wake up locked in a deserted jail cell, completely alone. There is nothing at all in your cell, useful or otherwise.

### **Jack: Attempt to pry open window.**

**30/04/12**

There are no objects around with which to "pry open window".

Look at that. This frame is precisely identical to the previous frame. You advanced nothing whatsoever with that dumb idea.

Do you realize this adventure is nearing 5000 panels? And now we have to watch you flounder around in a jail cell for god knows how long? Exactly how many panels do you want this to go on for? Over 9000? Nobody wants that. Nobody even wants to hear *the phrase* "over 9000."

You need to begin making better decisions if you want to escape.

### **Jack: Get key.**

**30/04/12**

What did you not understand about the statement, "There is nothing at all in your cell, useful or otherwise."

There is no key.

==>

**30/04/12**

It is an extremely crude drawing of a key on the floor. Really, the drawing is so bad, it's ridiculous to think that some prankster thought it would fool you, which it did. Whoever drew this key clearly was employing the most primitive drawing tools available.

You are obviously being fucked with in this stupid jail cell. You expect that you will continue to be fucked with, and it makes you wish you could stab something.

**Jack: Get pumpkin.**

**30/04/12**

WHAT FUCKING PUMPKIN. THERE IS NO PUMPKIN. ONCE AGAIN, THERE IS NOTHING AT ALL IN YOUR CELL, USEFUL OR oh god dammit.

Ok, a pumpkin appears. You guess it must be feeding time for the prisoners. These Prospitian jails are like luxury suites compared to the penal system on Derse. Should be the softest time you ever did.

**Jack: Consume pumpkin.**

**30/04/12**

What a horrible idea. You don't eat fresh produce. The thought is revolting to you. What do you think these sharp teeth are for? Or, what's left of them at least.

You'll have to make a note to file a protest with your lawyer. Complain of cruel and unusual treatment. Their coddling criminal justice system will undoubtedly see to it you are given some proper meat to consume. Perhaps a prime cut of filet mignon, as if you are a guest of honor. What a bunch of powder puffs, with all their namby pamby morals and compassion. This kingdom makes you sick.

**Jack: Look out window.**

**30/04/12**

You step up on the little curby thing to get a better look outside. Can't make a plan without getting your bearings.

==>

**30/04/12**

A lone sentry is on duty below. You shout a few obscenities his way. You wonder aloud what a guy has to do to get a decent meal around here. Hey, you're TALKING to that guy. It's no use though. He ignores you.

Just look at that stoic face. The unshakeable discipline. The stalwart sense of duty and pride. This is what it means to be a member of the Prospitian Royal Guard.

What a load of shit, you grumble to yourself, but loud enough for him to hear.

### **Jack: Inspect pumpkin.**

**30/04/12**

That guy won't be of any use. You doubt you could even manage to lure him into your pissing radius, magnificent though it is.

You give the pitiful gourd a little kick. A terrible thought occurs to you. What if you have no choice but to eat this awful thing? You can't let it come to that. You have to get out of here.

Hold on, what's that...

### **Jack: Take a closer look.**

**30/04/12**

please  
look  
inside!  
♣

Eureka. Droll you beautiful bastard.

Looks like he snuck something inside the pumpkin to help you escape. Probably a bomb. You are going to have to remember to give him a promotion when you get out of here. Or at least reduce his daily newspaper floggings.

Need to think of a way to get the bomb out of there. Can't just smash it with your foot, or it might explode and take your leg off. Too bad they confiscated your knives or you could slice the thing open neatly. Maybe even carve a funny face into it. Heh heh, you bet you're the first guy who ever thought of doing that.

### **Jack: Search for carving apparatus.**

**01/05/12**

Hang on. You remember seeing some pointy things just outside the window.

Luckily both kingdoms are totally covered in pointy things. Can't swing a dead cat without impaling it on one.

### **Jack: Take pointy thing.**

**01/05/12**

snap

You snap off a golden pointy thing. Should be sharp enough to do the trick.

### **Jack: Carve pumpkin.**

**01/05/12**

It slices through the meat of the vegetable like a sharp spire through thick squash. This is working so well. Who the hell needs a trusty knife when you are this resourceful? Screw knives!

You take it back, you can't stay mad at knives.

### **Jack: Open it.**

**01/05/12**

You can taste your liberation already. You can't wait to hear the sweet ticking of the bomb that is definitely in there. That will be the sound of freedom, you decide.

You pull off the lid to reveal...

==>

**01/05/12**

A whole bunch of knives.

==>

**01/05/12**

YOU'RE WELCOME

God DAMN it, Droll.

==>

**01/05/12**

SO. DUMB.

He's not the sharpest tool in the shed. Although now that you think about it, he might be by default, since he just sent you all the sharpest tools in the shed.

Oh well, you can probably get some use out of these. You've never once been disappointed to receive a pumpkin full of knives, and you're not about to make an exception.

**Jack: Empty pumpkin on floor.**

**01/05/12**

You take a quick inventory of the smuggled contraband.

Hold on. Looks like he snuck something else in the pumpkin under all the knives. Something... compromising.

**Jack: Examine compromising material.**

**01/05/12**

TERRIER FANCY

Join Club Yorkie TODAY!

YOU'RE WELCOME

The Droll knows what it's like spending long, cold nights alone in the clink. A man needs a little reading material to keep him company, if you know what he means.

If your skin wasn't made of polished jet black carapace, your cheeks would be turning bright red. No one can ever know about this. You must destroy the evidence. Or disguise it somehow.

**Jack: Forge blade out of illicit literature.**

**01/05/12**

None shall be the wiser. It is the perfect crime.

When you bust out of prison, you should be locked right back up again because of how perfect this crime is.

**Jack: Throw a knife down there to get that guy's attention.**

01/05/12

That should get the guy's attention.

==>

01/05/12

Unfortunately it only keeps his attention until he dies, which is almost instantly.

You need to come up with a better plan. While you would argue that random stabbings are their own reward, they aren't getting you any closer to escape.

**Jack: Examine exit.**

01/05/12

That door is locked tight. You're going to need a key to open it. Preferably one that isn't horribly drawn on the floor to taunt you.

**Jack: Knock on door.**

01/05/12

Maybe if you knock hard enough, in just the right way, at just the right time...

Wait for it... wait for it...

Wait, no. Not yet.

Wait for it...

Wait...

...

**Jack: Now.**

01/05/12

|      |
|------|
| WHOP |
|------|

Your clumsy fist accidentally flies through the bars, knocking out a passer-by. Keys from his key ring jangle on the floor.

==>

01/05/12

It's quite possible one of those keys will unlock your door. But they are all well out of reach now.

What next, genius?

**Jack: Use knife to snag one of the keys on the floor.**

02/05/12

You see if a knife can adequately lengthen your reach. But it's no use! They're still just outside of your modest slashing radius.

==>

02/05/12

No dice. Need a different approach.

Wait a minute. Another guard notices your unauthorized tomfoolery and radios for backup.

**Jack: Beckon other guard over.**

**02/05/12**

He looks none too pleased by your misbehavior. This will surely result in reduced rations. You can expect to find a slightly smaller pumpkin in your cell come Skaia rise, mister.

You keep beckoning him. Just a little closer. A little closer...

**Jack: Convince second guard to pick up keys for you.**

**02/05/12**

You use a little "persuasion" to see if you can get him too... Jack, no!!!

That is not how you convince someone to do something. You're supposed to save the stabbing until AFTER you intimidate him into doing what you want! How exactly is a dead guy supposed to pick up some keys for you?!

**==>**

**03/05/12**

|               |
|---------------|
| PROSPITIAN: ! |
|---------------|

Real smooth, Jack. What's the plan now? To bury the keys under a growing pile of torsos? This is turning out to be the second shittiest jailbreak attempt anyone has ever seen.

**Jack: Look around room.**

**03/05/12**

The only remaining thing in the room worth noting is in the other corner of your cell. Just a transport pad prisoners are supposed to use as a waste receptacle. These were decommissioned in Derse prisons a long time ago. Too many prisoner suicides, and severed heads showing up in the waste bins. None of those auto-decapitations were authorized with the right paperwork, so privileges had to be suspended.

You hear the door open and slam shut. Someone else is in your cell.

**Jack: Welcome guest.**

**03/05/12**

Looks like the sentry phoned downstairs for a little muscle. It's one of the regulator lugs they use to keep the gen pop in line. This guy has an itchy baton wrist and that look in his eye you know all too well. He's not leaving this room until one of you is good and bloody.

**Jack: Be the other guy.**

**03/05/12**

You attempt to be this guy down here but you can't be this guy down here because he's dead.

But it does serve as a convenient cutaway for the vicious beating that is currently taking place in your cell. We don't need to be watching that kind of prison brutality. We take our sweet time looking at this dead body while terrible noises can be heard from your prison window.

Ok that should be long enough. You can stop being this guy now.

**Jack: Stop being that guy.**

**03/05/12**

BANG BANG BANG

You stop being the other guy in time for us to see that you have just finished quickly and cleanly subduing the...

Jack.

Jack, the man is dead. Stop that.

Jack.

Jack.

Jack.

**Jack: Apologize to guard's body.**

**03/05/12**

You start to feel sorry for stabbing that guy with 7 knives in the back and bashing his face into the door 89 times. Well, maybe not all 89 times. For the first 88 you felt pretty good. But by the 89th face bashing, you were definitely starting to feel pretty sorry.

And by sorry, you guess you mean bored.

Anyway, you mutter something under your breath that could EASILY sound like an apology to someone who wasn't listening very well.

**Jack: Give guy a proper funeral.**

**03/05/12**

Whatever the state of your contrition might be, there can be no question about it. A man dedicated to royal service deserves a proper and dignified funeral.

However, since there is no casket in your cell that is nearly big enough for this lug's hefty torso, you will have to improvise.

**Jack: Seek alternative casket.**

**03/05/12**

You sever the guard's head with your most trusted of all trusty knives, and begin sizing up that hollowed pumpkin.

It will definitely be snug, but you think you can make it fit.

**Jack: Make it fit.**

**03/05/12**

You don't care what anyone says. You say this pumpkin was MADE for this fucker's melon. Fits like a damn glove.

**Jack: Close it up.**

**03/05/12**

Perfect. A textbook burial for a man of honor and distinction.

The sacrifices made by our public servants don't get anywhere near the respect they deserve, you think.

**Jack: Bring casket over to receptacle.**

**03/05/12**

His funeral will not be complete without a proper sendoff.

But a stinking garbage dump is no place for the head of a brave soldier to rest. No, you must first make some modifications to the device. Doing hard time behind bars will motivate a man to learn a trick or two when it comes to systems like this.

**Jack: Pry open panel with knife.**

**03/05/12**

You open it up and switch a few wires around. There. Now instead of a nasty old pile of rotting pumpkin matter, the destination should be the throne room of the Prospitian palace! Surely the queen will want to be alerted to the noble sacrifice of this brave warrior so that arrangements can be made to honor the hero.

**Jack: Send him off.**

**03/05/12**

**03/05/12**

You hear the door open again, followed by the sound of surly footsteps. Could it be that another glutton for a good face bashing has decided to visit your cell?

**Jack: Greet visitor.**

**03/05/12**

Ah. You see. It appears there are quite a few said gluttons this time. Settle down, gentlemen. There are more than enough face bashings to go around.

**Jack: Quick, be the other guy again.**

**03/05/12**

You be the other guy again while they beat you senseless.

**Other guy: Be Jake.**

**09/05/12**

Suddenly you aren't the other guy anymore. You couldn't quite be the other guy anyway since he's dead, even though deadness hasn't really stopped us from being guys before.

Nevertheless, the dead guy starts being Jake, who is not a dead guy. Well, his dream self is dead. But his non-dead non-dream self isn't, and that's the guy we're being, a guy who is asleep. That non-dead sleeping guy is presently talking to a non-sleeping dead ancient spider ghost, who long ago earned the achievement badge, GIFT OF GAB, and boy does she know how to use it.

## Jake: Attempt to get a gab in edgeways.

09/05/12

dialoglog ARANEA: Well, Jake? Don't you have anything to say?

JAKE: ...

ARANEA: I think I've spent enough time introducing myself! You have hardly said a word.

ARANEA: It would 8e nice to know whether my long story has confounded you in any particular way, or if you are just 8eing shy.

JAKE: Uh...

ARANEA: Yes?

ARANEA: Jake, I understand this is very much to learn all at once, 8ut do you really want me to keep speaking until I am 8lue in the face?

JAKE: ...

JAKE: Gulp!

ARANEA: You appear to 8e perspiring heavily.

ARANEA: There is no reason to 8e so nervous, especially considering you are only dreaming.

JAKE: Shit!

JAKE: Sorry. I dont know where i put the dream towels.

ARANEA: It's ok.

ARANEA: Well, at the risk talking a8out myself a little more, I feel it would 8e dishonest not to confess.

JAKE: What?

ARANEA: I am a fairly gifted psychic.

JAKE: Whoa really?

ARANEA: Yes.

JAKE: Like you can see the future?

JAKE: Are they ghost powers or troll powers? Or wait shucks thats a dumb sounding question.

ARANEA: No, that was a fine question. They're troll powers. Sometimes those of my 8lood type will have them naturally.

ARANEA: And no, they are not prognosticative a8ilities. They let me access another's mind in a way that can 8e terri8ly invasive if a8used.

JAKE: Invasive?

ARANEA: Yes. Including the a8ility to control minds, when exploited fully.

JAKE: Uh oh.

ARANEA: 8ut don't worry. They don't seem to work the same way on your species. They're considera8ly weaker.

ARANEA: The most I can do is get an empathic impression of your emotional state.

ARANEA: So if I speculate that you are shy or nervous, it is 8ecause I can sense that you are.

JAKE: Aw man youre kidding!

JAKE: So much for trying to be cool i guess.

JAKE: Although i probably blew that when you saw me yelling at nobody about boners and stuff.

ARANEA: I wouldn't say you 8lew it, 8ut that was certainly odd.

ARANEA: Who were you talking to, if you don't mind my asking?

JAKE: That was like...

JAKE: The brain ghost memory splinter of my best friend dirk who is stuck in my head and you cant see.

JAKE: And he was kinda hassling me and trying to get me to talk to him about how his real self has a thing for me but i kind of think it would be weird to talk to his brain impostor about that? At least for now.

JAKE: And then you showed up and you caught me at an awkward moment where he was threatening to make some bodily functions happen in front of you as a joke which would have been embarrassing as all blasted heck.

JAKE: But now it turns out you can read my mind too so im surrounded by brain invaders!

JAKE: You seem cool aranea but uh when am i going to wake up?

ARANEA: I am not a 8rain invader though!

ARANEA: I said I can only sense your emotions. I think it's polite to let people know 8efore long. Otherwise I 8egin to feel a 8it underhanded.

JAKE: Ok. I guess thats not too bad.

JAKE: I think i can keep my feelings buttoned up. That is what strong and adventurous gentlemen do i think. They keep a stiff upper lip even on the inside. That way they are never embarrassed and feel slightly more brave about stuff.

ARANEA: 8ut you don't have to! That was not the point of my telling you.

ARANEA: I'm used to sensing many things from people. There aren't any feelings you could have that would 8e that surprising to me or compromising to you.

ARANEA: I really just want you to relax for the 8rief time we have in this 8u88le and talk to me.

JAKE: Um gotcha.

JAKE: But what should i talk about?

ARANEA: Well, I have spent almost no time examining this iteration of your universe.

ARANEA: The gods have given me very little access to it through the memories of others until now.

ARANEA: I 8elieve they are finally 8eginning to 8ridge the divides 8etween long estranged compartments of reality, allowing previously unintroduced parties to mingle.

ARANEA: Are you really in such a hurry to leave and feel sorry for yourself, for no explicable reason?

JAKE: Well...

JAKE: No.

ARANEA: I already told you, Jake.

ARANEA: I am used to sensing many different types of feelings.

ARANEA: It's given me a different perspective on emotions than most have.

ARANEA: For most, the feelings of others are often a mystery. So they are prone to speculation and paranoia about the motivations of people they meet.

ARANEA: The emotions of others can seem like such well guarded mysteries, people begin to believe that's how their own emotions should be treated as well. So when someone can read their thoughts easily it feels like a violation.

ARANEA: But to one accustomed to reading those thoughts, there isn't the same perception of violation or secrecy. It's more like examining other self evident facts about a person, like taking note of their appearance.

ARANEA: It's still hard for non-psychics to understand this though, even if you explain it to them. It can lead to some awkward relationships, unfortunately.

JAKE: I imagine it would.

JAKE: So...

JAKE: Youve sensed it when other fellas have had the hots for you eh?

ARANEA: Fellows, yes. And ladies. It's happened.

JAKE: Yowza!

JAKE: You mustve been popular i guess.

ARANEA: Haha! Oh no. No, not really.

ARANEA: The fact that I've seen the fleeting object of attraction to a handful really paints the wrong social picture I'm afraid.

JAKE: That is hard to believe.

ARANEA: It's my experience that people very often underestimate their own likability. I sense that

feeling all the time.

ARANEA: Probably because they're in the dark about others' thoughts. They are usually in doubt, so they frequently err on the side of pessimism.

ARANEA: In many cases they would be surprised if they knew how many around them were open to friendship, or possibly something more.

ARANEA: I would venture that if you had such a sense you even might be surprised yourself!

JAKE: Ha! That's a laugh.

JAKE: I am quite sure my only suitor is my best bro and even then he is such a jumbled stupid puzzle of unfathomable ironies I'm not even sure about THAT half the time.

JAKE: I wish I had your powers that would be top notch. I'd be parked on the corner of relationship lane and EASY STREET.

JAKE: I could kick back in my eligible bachelors limousine and never fuck up or ever say anything awkward like I have been doing non stop so far in this dream.

ARANEA: Let's not get carried away. That certainly does not describe my experience.

ARANEA: You would think being able to sense the occasional attraction from others would be advantageous, and inspire confidence in yourself.

ARANEA: And it is nice when that happens, sure.

ARANEA: But then, you feel the negative emotions directed at you as well.

ARANEA: And even if they are less common than the positive ones, you have a way of dwelling on them, and magnifying them far beyond their real significance.

ARANEA: It's funny how an ability that should give you all the advantages in the world over others can lead you to feel worse about yourself than if you never had them.

ARANEA: You put all your energy into thinking about people with the bad feelings about you instead of the good, and you try your best to fix things.

ARANEA: But usually it just gets worse. People think you are overbearing and needy, and they don't understand what it is you want from them.

ARANEA: I can see why it can drive some with my abilities to abuse the powers.

ARANEA: Fortunately I was able to resist the temptation.

JAKE: So there are people on your planet who do that?

ARANEA: On the world I was from, it was rare. Only a few criminals and outcasts would.

ARANEA: But in the second iteration I mentioned, it was commonplace. Like I said, things were very different.

ARANEA: In my world though, the higher castes have a lot of responsibilities. It wouldn't be right to abuse my powers.

JAKE: So you were in a higher caste because of the hemospectrum thing you mentioned?

ARANEA: Ah, so you were listening to my lengthy preamble!

JAKE: I heard all of it!

JAKE: I was just um... well go on.

ARANEA: Yes. Blue bloods like myself were higher than most.

ARANEA: The job of each blood caste was to serve the needs of all those below it.

ARANEA: We were to use our progressively greater longevity and wisdom to help the lower castes learn and grow. To listen to them and try to provide whatever they were missing. Like a hierarchy of caretakers with increasing social responsibility. When the order functioned in harmony our civilization would flourish.

JAKE: That is sure a neat sounding science fiction utopia.

JAKE: Wait duh I mean science reality.

JAKE: But then it all went to shit because of that meddlesome demon?

ARANEA: Yes.

JAKE: The demon you say im supposed to defeat?

ARANEA: Yes.

JAKE: Hang on.

JAKE: Would that be the same demon im named after?

ARANEA: Who told you that?

JAKE: Uh...

JAKE: I guess technically my own brain did?

ARANEA: That's interesting.

ARANEA: I wasn't planning on mentioning that. Or at least not just yet.

JAKE: Why?

ARANEA: There's no reason to prematurely overcomplicate an already complicated tale.

ARANEA: All facts will fall into place in due time.

JAKE: Yeah.

JAKE: But its true right?

ARANEA: More or less.

ARANEA: Defeating a foe doesn't always involve killing.

The archagent cannot submit the paperwork for his daily report because the archagent is in jail. He was a bit sloppy and got himself pinched by the white shells.

That leaves all his duties to the penultimagent, otherwise known as the Draconian Dignitary. We should bear in mind that penultimagent isn't an officially recognized title though. It's just a word he thinks sounds kind of cool.

### **DD: Report.**

**13/05/12**

The report is that you've got all these reports to fill out which the archagent has been letting pile up, and which you have absolutely no intention of completing. Paperwork's even less your bag than it is his. As was mentioned, the boss is still stuck in the big house. You've got the Droll working on busting him out, but you've said no particular hurry on that. You like to keep a casual administrative style. The boss is always in a hurry, all wound up like a knife wielding top. Personally, you don't see the harm in playing it cool.

Mounting paperwork aside, there's still the matter of this little insurrection to deal with. The boy is still out there, piking heads, agitating subjects, getting everyone hot and bothered. The press is going berserk with it, and you can have only so many reporters killed on any given news cycle. Can't forget about the girl either. She's still out there, going rogue. Wait. You mean AWOL. That stinkin' pun gets you every time. Puns are even less dignified than paperwork.

### **DD: Locate prince.**

You can't. By now the kid is up to his goddamn neck in convoluted gothic architecture. He's burrowed fuck deep in flying buttresses and purple pointy things. He even stopped by the boss's CUBICLE OF VIGILANCE and sliced up his FENESTRATED WALLS to make searching for him

harder. Cunning bastard.

There used to be a 4th one, but you don't know what happened to it. There was a rumor circulating that some old woman made off with it some time ago, before the new queen took over. Whatever happened, it's nothing to worry about now.

While you were making your smooth pitch, you did a masterful job of giving her the impression that you didn't care much one way or the other.

But to be fair, you really don't care much one way or the other.

But he doesn't always need to step over a thousand corpses and swim across rivers of blood to get there. You remind him there are slicker ways to make your moves, especially when it comes to a lady. It is your dad's WALLET. This is surely the end of the line. Ahead is another crypt. You wonder if he went in there? There's another one of those obelisks nearby shining a light down a pit, serving some dang purpose. Probably has some ridiculous bearing on a puzzle like five miles away. Like activating an elevator or a conveyor belt or something that just leads to yet another stupid old skull.

Actually, looks like there's one more thing left in the wallet. It's a note.

**Jane: Examine note.**

What the...

You think your dad maybe left the wrong note in the wallet? He probably meant to leave one pertaining to how you're mature enough to inherit his wallet, and what a big responsibility a wallet is for a strong young woman, or something like that. Dad leaves tons of notes like this around for

such occasions, so it's probably easy for him to get them mixed up sometimes. He is a highly professional and competent father, but the guy is still fallible after all. D'aww.

**Jane: Get car.**

**19/05/12**

Alert : AR

Now armed with your father's roomy, sleek leather wallet, you retrieve the family sedan with ease.

It looks like a cool pair of shades wants to talk about your sweet new ride.

GG: What?

GG: Um.

TT: Now shred it.

TT: Turn it into grist.

GG: Oh!

GG: No!!

GG: I am not going to destroy my dad's car.

TT: We need grist though.

TT: I can't get any building done without more.

TT: Not to mention the fact that you're not going to be able to make any cool shit.

GG: There has to be a better way to gather up grist, though.

TT: Well, I think there are supposed to be monsters here.

TT: I haven't seen any monsters yet, have you?

GG: No, and I can't say I'm too disappointed.

TT: You should be though. Presumably they would drop grist and stuff when you kill them.

TT: Like treasure. And food products that restore your health. Or at least make you less hungry.

TT: Haven't you ever played a video game, Jane?

GG: Of course I have!

TT: That's cool. I haven't, since I am a pair of sunglasses, and communing with such simplistic software would be a trivial and hollow exercise for me.

TT: But I know loads of stuff about games. Like the fact that you gotta kill monsters if you want to make progress.

TT: If not to snatch up the bitchin' loot, at least for the levels.

GG: Levels?

TT: How are you going to get better at fightin' without killing monsters, Jane.

GG: I think I've done a fair job of scaling my echeladder without resorting to the slaughter of innocent, fictional monsters, thank you very much.

TT: Please.

TT: You've barely done any climbing at all. I'm talking about hopping more rungs than what playing

a little prank on your dad or throwing your hat on the ground super hard is gonna get you.

TT: You need battle experience to make some real headway. Like Jake.

GG: I'm getting a little tired of various iterations of Dirk Strider telling me how I need to be more like Jake.

GG: I know you think Jake is neat. I know all the Dirks just ADORE Jake! I GET IT!

TT: Wow, chill out.

TT: This ain't about whatever stuff you're apparently fixin' to twist your shit in a pretzel over.

TT: You just need to get stronger, is all. Don't you think that's what your dad would want?

GG: You don't need to remind me about that. I'm suddenly having flashbacks to a few years ago when he would ambush me almost every day for a pointless round of strife.

GG: Boy does getting swatted with brooms and having cakes shoved in your face get old fast.

TT: Yeah, but in the process you got pretty handy with that fork/spoon thingy, didn't you?

GG: Well. Yes.

TT: I'm just saying, if you don't run into any monsters on this planet, I think I'm going to have to set the bunny to "sparring mode" to help you along.

GG: I am not going to spar with Lil Sebastian!!!

GG: He is too quick and deadly to fight with.

GG: And also, too adorable. :B

TT: Ok. We'll see about that.

TT: But in the meantime, we need to figure out a way to start harvesting grist.

TT: Let's forget the car. But now that you have the wallet, you can grab much bigger things.

TT: Big things have got to be worth more grist than all the picayune bullshit you keep around the house.

TT: There are some choice relics in this place. Some of it has to be worth a fortune, gristways.

GG: You could be right.

GG: I will give it a try.

### **Jane: Captchatalogue obelisk.**

### **Jane: Feed it to gristwidget 12000.**

You put the card in the widget and holy smokes! That thing was worth a fortune in all kinds of weird looking grist denominations. Seb springs into action and scoops it all up for you in a jiffy with his busy little legs.

The built-in GRIST GUTTER on the widget immediately kicks into action, collecting all the grist overflow exceeding your current low limit. You guess that's pretty convenient.

You honestly thought these features were a lot of meaningless nonsense before. Like an example of

BCCorp's strange sense of humor, made into a product sold for top dollar. The fact that this turned out to be a useful gizmo well in advance is either reassuring or unsettling. You aren't sure which.

**Jane: Proceed to crypt.**

Aaaaaand the door's locked now.

Looks like that obelisk was important after all. It was lighting up one of those globe switch doohickies at the bottom of the hole, which was apparently keeping the door open. Just great.

Real nice work there, gumshoe.

pesterlogTT: Hmm.

GG: Welp, let me have it!

GG: A hard time for botching up the pooch!

GG: I think I just locked the door with that muttonheaded stunt. And now that mirrored obelisk is good as gone.

TT: I wasn't going to say nothin'.

TT: Hell, I was asleep at the wheel too while you were busy fucking up, and I have an IQ of, hold on, robo-calculating...

TT: Robo-calculating...

TT: Robo-calculating...

TT: Robo-calculating...

GG: Oh brother.

TT: Robo-calculating...

TT: About 500 billion.

GG: That is really, really robo-smart.

TT: Don't get human-fresh with me, Crocker. I'm about to bring all five hundo-billy points of my stringent cyborg IQ to bear on your dumb problem. Check it out.

TT: I took note of the captcha code to the thing, and recorded a digital flashsnap of its appearance through my photographic silicone memory canals.

TT: Which is to say I looked at eight alphanumeric digits a couple minutes ago, and remembered them.

GG: Ok?

TT: So give the bunny the wallet. I'll have him run back to the house and make you a new obelisk with the same grist you just collected from it.

TT: He can stash it in the wallet and run it back to you, and then you can open the door. You shouldn't be waiting around too long, cause he's real spry.

TT: Which is exactly why you should wait here. You'll just slow him down.

GG: Alright, I think I can do that.

GG: What should I do in the meantime?

TT: Let me think about that.

TT: Robo-calculating...

GG: Oh stop it!

TT: K.

GG: None of our friends will answer me. What could they be up to?

GG: You must at least know what Dirk is doing.

TT: He's slicing up some drones.

GG: Some what?

TT: Big red robots. He'll be busy for a while.

TT: Roxy I'm not sure about, but there is a pretty high probability as governed by the immutable laws of mathematics that she is preoccupied similarly.

GG: She's fighting robots too, you mean?

TT: I don't know. Maybe.

TT: Dealing with them, in some way, perhaps.

TT: If so, it wouldn't be a coincidence.

GG: Why?

TT: I think the Condesce is attempting to force the issue now.

GG: What? What issue!

TT: It's likely that it's a coordinated assault. Sending drones both to here and Roxy's place.

TT: She's probably trying to get everyone else to stop dicking around and join the game already.

GG: Are you sure she's not just trying to kill them?

GG: It wouldn't be her first assassination attempt.

TT: Yeah, but come on. Dirk has been a sitting duck here for years. Roxy too.

TT: She could have wiped them out any time with a swarm much bigger than this one. Or just nuked them.

TT: Her "assassination attempt" on you was pretty weak too.

GG: But it nearly worked!

GG: I would be dead right now if not for the whims of GCat.

TT: Right.

TT: Like I trust the motives of that fucking thing.

GG: So, you're saying she's only pretending to hunt us?

TT: I believe she probably would genuinely like to kill us. She is a psycho after all.

TT: But it's also obvious to me she needs us to begin playing this game, for whatever fucked up purpose she has.

TT: She might even need us to win it too, for all I know.

TT: Her antagonism is all part of the dance.

GG: Then you're saying Dirk and Roxy aren't really in danger from the robots?

TT: Oh, I wouldn't say that. They're still pretty deadly and they shoot missiles and stuff.

GG: Augh! I just want to talk to my friends and see if they're ok.

GG: What about Jake?

TT: No idea what's going on with him right now.

TT: I'm sure when the time is right, the witch will keep pushing him along to join the game as well.

GG: Then I guess I'll just sit here and worry about everyone quietly until Seb gets back.

TT: What about your troll friend?

GG: What?

TT: The alien whose name you don't know.

TT: You could talk to her.

GG: Oh yeah!

GG: I forgot about her.

GG: But I suppose that's because she's always the one to contact me. I never get a response when I message her.

TT: Well, you could give her a try. Maybe things are different now.

TT: I could hack into her system to get her attention, if you think that would help.

GG: You can do that??

TT: Nah, just messin' with you.

UU: ^u^

GG: I still want to understand this game with your brother, though.

GG: Could you describe some of the other rules?

UU: mm, yes. we have both renoUnced hemotyping Until the resolUtion.

GG: Hemotyping?

UU: it is in the same vein, pardon the pUn, as a qUirk. it's the old tradition whereby one types in his or her own blood coloUr.

UU: most hUmans do not practice hemotyping, presUmably dUe to lacking diversity in blood class.

UU: yes.

GG: Then what would yours be?

UU: while he's got the bright cherry blood, jUst like yoU all do.

UU: not that this matters since we are alone here, bUt interestingly, in ancient troll cUltUre we woUld both be considered pariahs.

UU: for different reasons of coUrse. those of his blood coloUr were very rare, existing by way of genetic glitch only. they were oUtcasts, having no place in the social order.

UU: on the other hand, those of my blood coloUr were once actUally qUite common! bUt later they were all hUnted to extinction.

GG: Jeez. Why?

UU: details of the genocide are historically mUrky. it's one of those maddening voids in my Understanding of yoUr elaborate epic.

UU: bUt i have specUlated their extermination had to do with the extremely powerfUl abilities they tended to have, and the threat to aUthority they represented. even more so than other powerfUl lowbloods.

GG: I understand.

UU: sUffice to say, all games that are played have boUndaries. a stage to which all pieces and moves are confined.

UU: like a chess board! there is no reality to the game beyond the edges of the binary grid.

GG: That makes sense, but I'm not sure I see how it applies.

UU: bUt now that things are looking rather bleak here, i may have to consider accelerating the delivery.

GG: What is it? Or is it a surprise?

UU: it is a sUrprise! bUt i will tell yoU this mUch.

UU: it is my jUjU. it is very dear to me.

GG: Your juju?

UU: a talisman of sorts, with many cUrioUs properties and rUles for implementation.

UU: as yoU may have gathered aboUt me, i have learned the hard way that it always pays to follow the rUles. :U

GG: Where did you get it?

UU: it was an heirloom, yoU coUld say. passed on from ancestors. i have always had it.

UU: jUjUs are said to have origins which are impossible to Understand or trace. some say they emerge spontaneoUsly from the void.

ARANE: I'll need a little time to set the stage for everything to 8e comprehensi8le, if you all don't mind indulging me for a while.

dialoglogARANE: THE WORST STORY THAT HAS EVER BEEN TOLD IN THE HISTORY OF PARADOX SPACE.

MEENAH: whoa clam down

ARANE: No! I will not "clam down." Clamming is not something you can do, unless you do it UP, or you are literally retrieving clams from a bed of soft oceanic soil.

MEENAH: clam your rumble spheres

MEENAH: seriously they is lookin lively girl everyones gawkin

ARANE: You just have no respect for a well told story.

MEENAH: i said what happened didnt i

ARANE: Only barely!!!!!!!

ARANE: You left out so much! All the intrigue, the complicated interpersonal relationships, the backstory, the responsible pacing.

ARANE: Where was the WORLD BUILDING, Meenah?

MEENAH: who gives a dolphin flip through a big ring of shit

ARANE: Ok! I think I finally understand the art of storytelling now, thanks to you!

ARANE: It turns out all you have to do is make series of short, mysterious statements without supplying context or any further elaboration.

ARANE: It's all so simple! Let's try it out.

ARANE: Did you know that "what's his face" Vantas in our post-scratch world grew up to be a spiritual leader followed by millions?

ARANE: They killed him though. He died handcuffed to something, while shouting a rude word. The end!

ARANE: Leijon grew up to be his mascot! She wrote stuff down and spent a long time in a cave. That's that.

ARANE: Their buddy Captor flew a ship for some hag. It wasn't a very cool gig. Maryam found a wiggler and died a slave. Did I mention our planet became kind of a shithole? No, I don't think I did, because that's apparently not how you "tell stories."

MEENAH: ...

MEENAH: go on

ARANE: Zahhak built me a robotic arm. He was ordered by a highblood to kill a girl but he couldn't do it, and was banished. Really beat himself up over that. But it's ok because his descendant redeemed the honor of his legacy by doing whatever a murderous clown told him to. Wait, was that too much detail? Forget I said some of that. Moving on!

ARANE: Ampora was a pirate. Nobody liked him. He killed a lot of people, but was later executed because he was unable to tell a funny joke. What else needs to be said? That's right. Nothing.

ARANE: Makara was the guy who didn't like his joke. He was terrible and so is his story. Period.

ARANE: Nitram was a hero who led a rebellion. He killed me. But not before things got pretty steamy between us. Want to hear the juicy details? You're out of luck!!!!!!!

MEENAH: aww man 38(

ARANE: Pyrope cut off my arm and arrested me, but I killed her. This triggered a karmic cycle of revenge which led to the eventual blinding of her descendant.

ARANE: Sorry, Terezi. Them's the breaks!

TEREZI: W41T

TEREZI: WH4T?

ARANE: As for me, well, I could go on ALL DAAAAAAAY a8out that su8ject. 8ut I won't!

ARANE: I was a cool pir8te. The 8est pir8! I lived a long time, had amazing adventures, got all the treasure, then died. That's all she wrote!

ARANE: 8ut not literally. She wrote quite a lot in fact. She had a lot to say, just like me. Which is why she's so gr8.

ARANE: Let's see. Who am I forgetting here?

MEENAH: uh

MEENAH: ahem

ARANE: Oh, of course. Megido! Now there's an interesting story full of exciting twists and turns we won't 8e getting into.

ARANE: She was kidnapped as a child 8y a creep, then served the creep's 8oss for millions of sweeps. She helped make everything lousy. Then you killed her and took her jo8.

ARANE: Anyway, I think this tedious tale has gone on for entirely too long already!

ARANE: I can't think of a single thing left to address that could possi8ly 8e of interest to anyone.

MEENAH: no no shut up

MEENAH: do me now what about me

MEENAH: waterboat meeeee!!!

ARANE: Why, Meenah. Could it 8e that you would like to hear more?

ARANE: I must 8e imagining things, 8ecause you are on record as finding my stories 8oring.

MEENAH: no these stories are more interesting than your usual ones

MEENAH: i can tell because im actually still a wake

ARANE: Very well. You would like to know a8out your post-scratch adult life.

ARANE: Would you like the short version? Or the long version?

MEENAH: uh

MEENAH: are those the only two options

ARANE: You tell me.

MEENAH: how about

MEENAH: not the loooooooooooooooooooooooooong version

MEENAH: like dont go full fuckin serket on us

MEENAH: but

MEENAH: dont leave out too much of the cool stuff?

MEENAH: shit man why do i gotta explain this to a presumably rational person

MEENAH: just tell me what ma junk was bitch!

ARANE: Very well.

ARANE: I shall strive to convey your story, including details which you are likely to find interesting on account of vanity, whilst attempting to refrain from going "Full Serket" on you and other hapless 8ystanders.

MEENAH: blub

MEENAH: come on spit it out windfang

MEENAH: no more adventures on the high breeze got it

ARANE: Fine.

ARANE: You want the a8ridged-version, 8ut-may8e-not-so-a8ridged, as-long-as-the-stuff-that-you-in-particular-would-like-to-hear-is-included, of the Meenah Peixes saga?

ARANE: Here we go.

dialoglogARANEA: Instead of storming off to the moon in a huff, Peixes embraced her role as an heiress.

ARANEA: Once she reached the age to challenge the empress, she killed her predecessor easily.

ARANEA: She did more to sink our race into perpetual darkness and violence than any empress before her, and her rule lasted the longest 8y far.

ARANEA: She conquered thousands of planets and star systems, many of them personally. She was responsible for the death of trillions.

ARANEA: Her reign was interrupted only 8y by the extinction of our race, which was orchestrated 8y the omniscient creep I mentioned previously.

ARANEA: She flew back to her homeworld, killed Megido, and assumed control of her demonic powers.

ARANEA: In doing so, she also assumed her role as the servant to an indestructible demon, whose existence was about to result in the annihilation of our universe.

ARANEA: But before that, he had a new assignment for her.

ARANEA: Is this brief enough? Am I addressing all the "cool stuff" to your satisfaction?

MEENAH: 38o

ARANEA: That's the first half of her story.

ARANEA: In the second half, she escaped to a fresh universe to wreak more havoc.

ARANEA: She infiltrated a planet called Earth, which is home to a race called humans. These guys here.

ARANEA: On the post-scratch version of Earth (long story), she gained absolute power, flooded the planet, and completely wiped out the human population, while expanding her abilities even further.

ARANEA: She then somehow entered the humans' game session, and took control there as well.

ARANEA: She did all this at the behest of her employer, and has shown no signs of slowing her rampage, or ever dying, for that matter.

ARANEA: So, Meenah. How was that story? Are you bored yet?

MEENAH: 38o

**03/06/12**

0,000,000,000:00:00:00:11:11 → :10 → :09 → :08 → :07

Still about 10 minutes to go before the stuff is supposed to appear. In the meantime, might as well mess around with the bunny like she said, see if it works.

### **Jake: Deploy Terry Kiser.**

**03/06/12**

Terry! Atta boy. He looks like he is ready and raring to be a loyal companion to his new owner, that lucky bastard. You will be a little sad to say goodbye. You hardly got a chance to know him at all.

### **Jake: Monstrositify something.**

**03/06/12**

You drop some DELICIOUS FRUIT and activate the green beam. Green means grow. This is seriously some Alice in Wonderland shit going on here. And soon you will send the rabbit on its way through the looking glass. These aren't the kind of things that usually occur to you though, especially after several blows to the head. You continue staring vacantly at the dancing fruit, while that kind of thing keeps not occurring to you.

==>

**03/06/12**

Eureka, it works! Never a doubt in your mind. Grandma's technology is pure modern witchcraft, like she busted loose from a big silver screen playing the Wizard of Oz or some nonsense, which also isn't a thing that's occurring to you right now. This is exactly the kind of technology you win big time awards for. The kind that could end world hunger. Or it would be if humanity wasn't about to go down the toilet anyway. What a bummer.

### **Jake: Ok, try out infinitesimalizer.**

**03/06/12**

You deploy the massive thing that's been clogging your sylladex forever. Some time after your house exploded, you found it in the jungle and snapped it up for safe keeping. Even if it didn't have strong sentimental value, you probably would have grabbed it anyway. Globes are sweet. You love globes. Globes, spheres... they're all cool in your book.

But to be completely honest, you'll be relieved to have the inventory space back.

### **Jake: Shrink it.**

**03/06/12**

Works like a charm, as expected.

Whoops, there it goes, down the rabbit hole. You'll need to fish it out of there. Supposedly one of your grandma's thingamajigs inside the globe is pretty important?

You'll go get it in a few minutes though. The capsule flower is about to bloom!

### **Jake: Watch capsule bloom.**

**03/06/12**

0,000,000,000:00:00:00:00:00 → :01:11:11

There they are! FINALLY! The deadly armaments you have been waiting...

Huh. Those are the armaments? It just looks like a big silly pile of shit. Oh well, you guess that alien girl knows what she's talking about.

**Jake: Check capsule clock.**

**03/06/12**

:00:00:01:11:11 → :10 → :09 → :08 → :07 → :06 → :05 → :04 → :03 → :02 → :01

Hold on. The clock reset itself to a new countdown. Something else is going to come out of this thing in a little more than an hour.

But according to the game plan, you're not even supposed to still BE here in an hour. You wonder what it could be? Guess you won't be around to find out.

**Jake: Prepare present for delivery.**

**04/06/12**

Gotta shrink these weapons down first! No way they're fitting in that box along with the rabbit.

**==>**

**04/06/12**

John!!!

One more thing...

Need to write an addendum to John about this stuff. John who is probably Jane's grandpa from the past, or maybe not really the past? Maybe like a young grandpa clone who lives in that ghost world where you saw all those other kids, including those two Dirk and Roxy-looking kids, and what you think may have been literally a sleeping Roxy, but you aren't totally sure? Why does everything have to be so COMPLICATED? Whatever, no big. Going on adventures isn't about UNDERSTANDING them. It's about being brave, and leaping into fistfights without thinking ahead.

You finish off your note with a few more friendly words, and something vague about who you really are. You are just following your alien friend's advice on maintaining a bit of secrecy so as not to cause timeline problems, but boy is it hard keeping secrets. You can't help yourself, and slip in a subtle clue that your grandmother is actually his pal Jade. Tee hee. You figure if John is even half as sharp as you, he will pick up on that right away. It's ok, it'll just be a little secret between you and him. The pretend-British alien doesn't even need to know.

**==>**

**04/06/12**

B1 B2

Terry's ready to go. You ask the bunny kindly to put himself back in the box. He happily complies, and there is no reason at all to ask rhetorically why he wouldn't put himself back in the box.

You place him on the TRANSMATERIALIZER'S pedestal, and get ready to hit the SENDIFICATE button one last time. You can't believe this project is finally finished. No more fun letters between

you and your grandma. You guess the next time you talk to her, it will be in person. Hard to believe!  
But then, for a guy like you, nothing is.

Your nimble friend returned with the duplicated obelisk, allowing you into the crypt to pursue your father. Ahead appears to be a locked door, that was punched clean through. You are on the right track. You are sure of it.

### Jane: Examine door.

09/06/12

Alert : AR

You can smell his cologne. Or at least you think you can. Maybe you're just imagining it? You know what, it doesn't matter. Someone punched through this door, and that guy was your dad. End of story!

Another incoming message from your client shades. Your client human sure is a busy guy. You've barely heard a peep out of him since you got here.

### Jane: Answer client shades.

TT: Hold up.

TT: Before you go any further, there's been a change of plan.

GG: Really?

TT: Well, not a change of plan so much as an acceleration.

TT: Everyone needs to get into the game sooner than expected. There is a new unaccounted for variable.

TT: Particularly for Roxy and Dirk.

GG: What is it?

TT: They are probably going to die if they don't join the game very soon.

GG: Shucks!!!!

TT: Hey, I'm upset about it too, but let's watch the fucking language.

GG: Ok, what do I do?

TT: Install the server. I downloaded it to your computer along with a few other crucial system upgrades when we established our connection.

GG: Upgrades? What upgrades?

GG: Wait, is that how this stupid "Delirious Biznasty" application got on here?

TT: No comment.

TT: Install and run the server.

TT: You will be connecting with Roxy. I will have Jake connect with Dirk. Setting up the chain like this will be important.

GG: Why?

TT: It seems that I again have no comment.

GG: Sheesh.

GG: Very well then, Mister Zipperlips.

TT: I don't have lips. You just said something laughably illogical.

TT: How typical of someone who isn't a fashion accessory of immeasurable intelligence.

GG: Whatever! Let's curtail the horseplay this once while I help Roxy.

GG: Ok. I installed it. Now what? Should I run it?

TT: Yes. That copy is programmed to connect automatically with the client she's running.

GG: Okey dokey. Doing that now.

GG: Hey, I can see her room! :B

==>

**09/06/12**

pesterlogGG: That's a really nice room there.

GG: But where is she?

GG: Hah, her drink is still there. So she can't have gone far.

TT: Oh snap.

GG: I don't see her anywhere in the rest of the house.

GG: I see plenty of plush wizards and window gizmos, and... pumpkins? Really, Roxy?

GG: What an unusual house design. Are all homes in the future like this?

TT: You mean the ones that aren't under water? Yes. They are all almost exactly like that.

GG: I just tried messaging her. But no response.

TT: I'm sure she's out cruising the hood, probably messin' with the locals.

TT: Maybe attempting some ill advised drunken heroics.

TT: Pretty tight numerical probability of that, I just decided with unfeeling precision.

GG: She said things were on fire when we last talked?

GG: Actually, she said the whole neighborhood was burning down, if I recall.

GG: But judging by the view from her window, it looks lovely outside.

GG: What exactly is the danger I am saving her from here?

TT: Zoom out.

TT: Way out.

**Jane: Zoom out.**

**09/06/12**

pesterlogGG: OH NO!!!!

GG: Roxy, where are you??? :(

TT: We'll track her down.

TT: The important thing to do now is deploy all the devices quickly, so the house will be ready to jet the moment she gets back.

GG: How do you know she's not hurt?

TT: That is statistically remote.

TT: Given that I can track the coordinates of certain devices she carries, and they are presently in motion.

TT: Really, the fire is not the most significant threat, or even the drones.

GG: Then what is?

TT: Do you see the red stringy stuff coming from the sky?

GG: Oh...

GG: Yes.

GG: What IS that??

==>

**09/06/12**

pesterlogTT: If sources are to be trusted, and my calculations are reliable within a 0.001% margin of error, it's a bunch of super deadly red shit.

TT: No time to get into that now though. Just deploy the devices quickly.

TT: You know the drill.

GG: Right. Let's see.

GG: There's hardly any space in here to put anything. I'll have to make some room.

GG: I don't want to damage any of her belongings though.

TT: That would be unconscionable.

GG: Why does he have to buy EVERYTHING at the Dadly Depot?

GG: I really need to keep looking for him soon. Thinking about our expeditions to the Dadly Depot is making me miss him.

TT: You really need to hurry up and deploy that junk instead of that.

pesterlogGG: There. Those seem like suitable locations for the equipment.

TT: Yeah.

GG: Hey, where's Lil Seb?

TT: Just wandering around. Fidgeting and stuff.

TT: Just stay at your post until Roxy gets back.

GG: I think he went through the door.

## **Jane: Follow the rabbit.**

**09/06/12**

pesterlogGG: He just disappeared on that platform!

GG: I think it might be some kind of transport device, that works via teleportation.

GG: A kind of "transportalizer," to coin a completely silly and novel term.

TT: That's great. Now sit back down and wait for Roxy. She'll be home soon.

GG: But I think that's where my dad went too!

GG: I have to follow him.

TT: No, Jane. Do not follow the rabbit.

TT: Let's cool it with the Wonderland shit already. How much further through the damn looking glass do you even need to go?

## **Jane: "Transportalize."**

**10/06/12**

Now that you've shot your boxed-up friend through time and space to grandma land, it's time to retrieve her lab globe which you shrunk then hot potatoed down the rabbit hole. Then it'll be time to

hoof it out of these musty old ruins, assuming you can get that elevator working again. Which might be a problem, now that you think about it.

Also, it seems the volcanic tremors have increased, which can't be good.

**Jake: Look in hole.**

**10/06/12**

It's a bit deeper than you thought. Now you're starting to wonder if you'll even be able to get out of there once you hop down.

Hey, there are two transportalizers down there too. Like the kind that were in your old house. You wonder where they go? Funny, in all the time you spent exploring this place, it never occurred to you to look down here.

**Jake: Jump down and get that globe.**

**10/06/12**

You mainly want to take what's inside it. That thing is supposed to be all kinds of important.

You wonder if you can just...

Just sort of reach inside...

And...

**Jake: Take it.**

**10/06/12**

Alert : AR

You just sort of reach inside and take it.

You have no idea what this thing is supposed to do. It's some particularly arcane loot your grandma pinched on one of her daring expeditions. You've been told it's important. Probably for puzzles later or something. Like something from one of the National Treasure movies, that Nic Cage finds in the old lair of a secret president, and he doesn't know why it's important, he just shoves it in his hero satchel and keeps doing adventures until it randomly becomes important.

You hope it's not a problem that you made it so small. Wait, that's exactly the kind of thing a hero doesn't worry about. Cage would just pocket his tiny window thingamabob and keep being awesome. Shit like that is for the plot to figure out, not the brave gun toting hero.

Looks like the shades are bugging you again. Why are you not surprised?

**Jake: Answer.**

TT: He's concentrating on some things happening on Derse at the moment.

TT: Not to mention some uncannily similar things going down on Earth, which it seems you have noticed.

TT: He's also talking to someone, trying to appraise the exact nature of the threat.

TT: Unfortunately as a carbon based life form, his comprehension of the situation is taking shape at a somewhat slower pace than the jaw-dropping speed of post-singularity cognition.

TT: So I am taking the reins and accelerating the plan on his behalf, while he's busy with the corporeal stuff as usual.

You have been scrambling around this burning colony for who even knows how long, evading attacks from drones. All the commotion has really started to harsh your buzz.

It seems the drones have withdrawn from their pursuit, as far as you can tell. But a new threat has taken their place. Some sort of red stringy stuff coming from the sky. You have a very bad feeling about it. You think it's time to find your way home and get out of Dodge. Dodge in this case being the universe.

It seems while you were running away from missiles and trying not to get blown up, messages from friends have been piling up. These chumps need to calm down. Don't they realize how hung over you are starting to feel? Everybody needs to chill the fuck out. Those chess guys behind you need to chill out too. The whole world needs to chill out and stop being so noisy and bright and on fire.

pesterlogUU: i do know a thing or two aboUt the red miles.

UU: it is the qUeen's favoUred attack. very long distance and omnidirectional.

UU: bUt once Upon a time, her weapon was stolen by a UsUrper. jacked, yoU coUld say, right off her ring finger. and then given a considerable boost in power.

UU: that gave the miles enoUgh of a kick to rip a Universe to shreds.

UU: and they have been doing so to yoUrs and its many instances for eons.

UU: those that are doomed and those with promise.

UU: even those that were reset from scratch, with slightly different starting conditions.

UU: well, it coUld have been worse, actUally. the miles coUld have spread to yoUr Universe before it had the chance to sproUt yoUr lovely planet, providing a home for yoU and yoUr wonderfUl mates.

## **Select character.**

**15/06/12**

CHOOSE YOUR CHARACTER!

## **I selected all those characters. Time to move on.**

**15/06/12**

Complacency of the Learned

You press onward, feeling refreshed and invigorated by all the free will you were just dealt. The story was your oyster for a while there. Or more specifically, it was one of four slightly different oysters you could choose from, in any order, as long as you ultimately selected and consumed all four oysters when all was said and done. This must be what it feels like to be a god, you think to yourself. Or at the very least, the patron of a seafood restaurant.

## **Roxy: Return home.**

**15/06/12**

You have returned home to find a variety of devices deployed throughout your house, and a variety of fires threatening to burn it down.

## **Roxy: Put out fires.**

**15/06/12**

You quickly put everyone on bucket duty to douse the flames. Now you guess you understand why your mom left all these buckets in the house? You always thought it was a passive aggressive reminder for you to keep up with the housework.

At the behest of their roguish leader, the loyal band of Merry Men go straight to work in getting the fires under control. The Robin Hood reference is lost on them. Also lost on everybody is the sordid spectacle this appears to resemble from an alien perspective, with all these buckets sloshing around and whatnot. Your void powers cannot black out this graphic debauchery soon enough.

## **Roxy: Connect with Jake.**

**16/06/12**

Alert : 

You run the server program which auto-connects with Jake and a viewport of his old house just pops right open. This is going to be so easy. You can already tell, compared to you, everyone else sucks so bad at this game, not to mention at computers in general.

You better deploy all this equipment ASAP. Not only are you in a hurry to hop into the session yourself, it looks like his volcano is beginning to erupt. Some lava has started a forest fire which is now spreading slowly toward the house. No sign of Jake yet. Hopefully the Dirks can somehow tag team that doofus and make him get with the program.

Oh right, she was going to message you when you got home, you almost forgot. Time to switch gears and go into multitasking mode. You'll get as much done as you can while you talk, ALSO while nursing this hangover. It takes a special kind of hacker babe to be able to handle that, you think. You truly are as deadly to the grid as you are beautiful.

JUJUBES

You are now Calliope.

### **Calliope: Dehorn.**

**19/06/12**

You remove the last accessory to your prized COSPLAY ENSEMBLE, and put it neatly with the rest of the stuff. The place is messy enough already without tossing horns about carelessly.

You have many fond memories of solo-cosplay in your room. It's a lot of fun and alarmingly comfortable to just lounge around your room in-character. You really hope you'll get the chance to put it on again after your nap...

Well, maybe not the face paint. You don't wear that so much anymore. He gets especially furious when you do.

### **Calliope: Examine artwork.**

**19/06/12**

These are just a few of the many drawings you have done over the years celebrating your absolute all-time favorite characters. Er... you mean friends.

==>

**19/06/12**

You often like to draw your TROLLSONA too, CALLIE OHPEEE. Yes, you suppose that's a stretch, fitting your name into the 6/6 letter format like that. That's ok, though. The limebloods reportedly had some unusual names. And they sure weren't very popular. You like to believe you'd have fit right in.

You've written endlessly about her, and nearly filled a hard drive with related artwork. You have wished for nothing more in your life than to be her. Alas, you are resigned to living out the rest of your days as a little green skull monster. It really sucks!

To the left is a drawing of nothing in particular. Nothing you understand, at least. This is a symbol which has haunted your visions for as long as you can remember.

### **Calliope: Examine mess.**

**19/06/12**

He's always been a pain to live with, but now that he seems to be on the verge of victory, he is completely out of control. During one of your recent naps, he apparently threw a full blown tantrum and dumped a whole bunch of meat and candy on your side of the room. He also broke your lovely chess board in half and scattered the pieces about, most of which are now missing. Talk about a shitty roommate.

### **Calliope: Tidy up a little.**

**19/06/12**

You stow the delicious mess in your sylladex. You might be inclined to snack on it now, but due to the nature of your JUJU MODUS, you cannot access it. Once you captchalogue something, only your brother can use it. And vice versa. You always make sure never to captchalogue anything that is particularly important to you. You think sometimes he chucks stuff over to your side of the room just to bait you into captchaloguing it for him, and getting it into his inventory. You kind of don't think he was engaging in such machinations this time though. It looks like he was just being a petulant brat.

## **Calliope: Examine box.**

**19/06/12**

Special Stardust

It is a box of SPECIAL STARDUST. Cherubs love this stuff. They eat it like breakfast cereal every day.

It doesn't even have any magical properties though. It's really just some useless sparkly powder they like to eat. It's basically inedible to any other kind of creature. However, it is potentially quite useful for various arts and crafts.

## **Calliope: See what you've got captchalogued.**

**20/06/12**

Given the frustrating nature of your modus, your sylladex tends to serve as more of a mutual garbage dump than an inventory.

You're almost afraid to look at what he's left for you in here...

**==>**

**20/06/12**

CALLIOPE IS. A BRUTAL HIDEOUS BITCH.

NOT GOOD AT CHESS.

YOUR DEATH. WILL BE. YOUR SINGLE GREATEST ACHIEVEMENT.

YOU "FRIENDS" WILL BE HAPPY

It seems he has left a series of UNPLEASANT NOTES to taunt you.

Recently he's taken an interest in "learning to draw," which you think is an extremely generous way of putting it. He has always shown such contempt for art in general. Maybe he's finally trying to expand his horizons?

**==>**

**20/06/12**

WHEN YOU DIE. I WILL PAINT EVERYTHING WITH YOUR BLOOD. EVEN MY WORDS. (LIKE THIS.)

tumut

Or maybe he's just looking for yet another way to stick it to you.

## **Calliope: Check out green tome.**

**20/06/12**

R L

Making absolutely sure not to captchalogue it, you remove your TABLET, which you use to pen all the striking visuals related to your favored epic.

The ancient tome there is your chief source of information about said epic. It was written by a

legendary Seer of Light many ages ago. While there are some mysterious holes in the account - dark spots if you will - it nevertheless remains an indispensable resource.

### **Calliope: Open it up.**

20/06/12

You open the book to a random page. Oh, right. This one.

This page has always baffled you. You have stared at it long and hard, trying to decipher some sort of hidden meaning behind what appears to be pure chaos. You are sure such meaning is there. It is always there, when it comes to this tale.

*Wait a minute.*

Something has just occurred to you. This "drawing style" is highly reminiscent of your brother's, which until recently, you had never seen before. It is almost uncanny. His inscrutable squiggles. His penchant for arbitrary, completely baffling straight lines and right angles, almost as if trying unsuccessfully to begin constructing a grid. And those odd shapes there... could they be his depiction of bones? He sure is obsessed with death. No, you think this can't possibly be a coincidence. The comparison is too perfect for it to mean absolutely nothing.

Did he arrive when this was being written? Or was he already there, somehow? He is supposedly an exceptionally advanced Hero of Time, after all. Could it be that your horrible stupid brother of all people has been inextricably involved in your beloved epic all along? For the first time ever, you have just uncovered compelling evidence that this might be true.

This is what you have always enjoyed doing. Agonizing over every detail of this epic, trying to craft theories to explain its mysteries. You think you are pretty good at it, too. But now that you think about it, maybe your theory is just too far fetched. Actually, it is completely preposterous, and you don't even know what you were thinking there. You're sure he would get a kick out of the idea though, what with his megalomaniacal view of himself as some sort of lethal puzzlemaster, always boasting that red herrings swim through his veins and such. Which is just about the biggest crock of shit you've ever heard.

### **Calliope: Flip to another page.**

20/06/12

|     |
|-----|
| ;○) |
|-----|

Yeah, see here?

These are the dark spots you were referring to. Little tidbits here and there have been redacted by some fool with no respect for history. Looks like he used some kind of peculiar indigo ink.

Frustratingly enough, most of the redactions target any piece of information about the indestructible demon who was either directly or indirectly behind every terrible event in the story. Everything about him, like where he came from, information about his manipulative right hand man, his agenda, his abilities, his name... all of it has been voided out.

Most of the other blot-outs seem to target one member of the post-scratch troll group. Some guy

who drinks a lot of soda? These omissions strike you as much less consequential. Frivolous, even. Whoever that guy was, he sounds like he was easily the least important character in the entire story.

### **Calliope: Examine black tome.**

**20/06/12**

It's some sort of programming book. You don't care much for programming, but you've adapted it as a FANFICTION JOURNAL. You've filled it up completely with your most colorful headcanons and romfics. You've also pasted in some of your artwork, turning a rather dreary manual on some morbid, tilde-heavy language into a lively scrapbook. Many of the stories involve Callie, and all of them involve heavy themes of romance. Particularly the other three quadrants which are completely alien to you, and therefore especially titillating.

### **Calliope: Open it.**

**20/06/12**

Er, no. You'd rather not. Down that road lies only endless embarrassments. THE THINGS YOU MADE SWEET, INNOCENT CALLIE DO.

If you had a bed, you would scoot the whole dang thing underneath where no one could see. And also, if that hypothetical bed wasn't in neutral territory...

You don't even want to imagine what he'd do if he got his hands on it.

### **Calliope: Retrieve wand.**

**20/06/12**

```
strife specibus  
sylladex :: strife deck  
wandkind
```

The WHITE WAND is your weapon of choice, half the time. Magic is very handy. Some believe magic to be fake. But you know better than that.

Of course, if anyone tried using this wand right now, it sure would seem like magic wasn't real. Can't very well use magic when your wand is out of bullets.

### **Calliope: Load wand.**

**20/06/12**

```
strife specibus  
sylladex :: strife deck  
pistol-  
strife specibus  
sylladex :: strife deck  
wand-  
  
strife portfolio
```

You load your WHITE MAGNUM.

You wouldn't trade your dualing weapon for any other. It is lightweight, elegant and precise, like a conductor's baton with stopping power.

Your brother's favored weapon is a little more... heavy handed. To each his own, you guess.

**Calliope: Examine chest.**

**20/06/12**

This is your JUJU CHEST.

You keep your JUJU inside it, surprisingly enough.

**Calliope: Let's have a look inside.**

**20/06/12**

You gaze upon your dear, sweet, precious, sweet, sweet JUJU. It is the most beautiful thing you have ever seen in your life. How your brother would love to get his grubby claws on it. And how you would love to get yours on his, for that matter.

Suddenly it becomes painfully clear that we aren't going to get a look at this thing. At least not for a while. How typical.

Why don't we stop wasting everyone's time, shut the lid on this lousy MacGuffin, and get on with it.

**Calliope: Holster magnum.**

**20/06/12**

You neatly put the weapon where it belongs. No need to wear it, since you'll be preparing for your nap soon.

You kind of wish straightening up your room didn't feel so much like getting your affairs in order.

**Calliope: Examine other chain.**

**20/06/12**

This is the chain you shackle to your other leg when you're about to go to sleep. You are the only one who is able to unlock it.

Both chains are totally unbreakable, and their anchors are immovable from the wall, due to a mysterious juju enchantment. All juju enchantments are equally mysterious. Each is more equally mysterious than the last.

Sleeping with shackled legs doesn't make for very comfy slumber. Still, it's advisable to stay in the habit, unless you want all your belongings to get messed with.

**Calliope: Check out bed.**

**20/06/12**

Like you said, you don't have a bed.

You have a SARSWAPAGUS.

**Calliope: Remove cover.**

**20/06/12**

Every time you wake up, you are always sure to put the lid back on neatly.

Considering you virtually always find it exactly where you left it, you doubt your brother is anywhere near as diligent about making the bed. Wait, you mean sarswapagus.

But the fact that he's a slob was never exactly breaking news to anyone.

Neither is the fact that you both share a body.

I mean come on.

**Calliope: Examine ladder.**

**21/06/12**

This leads outside. Being tethered to the wall, you can't venture too far beyond the exit though.

But you might as well go for a bit fresh air before you sleep. One more six-foot-radius stroll in the sun. It could be your last chance.

**Calliope: Exit.**

**21/06/12**

You step into the sunlight.

Sunlight, on this planet, is sort of hard to avoid.

**==>**

**21/06/12**

It comes in great supply from your planet's star, a MASSIVE RED SUPERGIANT.

**==>**

**21/06/12**

Your world is so old, its star is reaching the end of its life cycle. It may collapse any day now.

**Calliope: Look around one last time.**

**21/06/12**

Whatever way it is you finally depart this world, you're going to miss the place.

Alert : Jake

pesterlogtimaeusTestified [TT] began pestering golgothasTerror [GT]

TT: Jake.

TT: It seems you are going to have to kiss me.

GT: What????

GT: Dude what is going on...

GT: Is this... is this really dirks head???

GT: What happened to him!

TT: Dirk's dead, Jake.

TT: You have to bring him back to life.

GT: How?!

TT: I already told you.

TT: If you want Dirk to live.

TT: The odds that you are going to have to make out with this severed head are so high, I literally just confiscated their bong.

GT: Uhh.

TT: I refuse to believe my statement has left you unconvinced. The very notion is absurd. Now hurry up and kiss me.

TT: Chop chop.

GT: I dont understand!

GT: Are you saying i have to kiss him... like uh... on the lips... while you stare at me through his sunglasses like a weirdo??

TT: Yes.

GT: That doesnt make any sense!

GT: Can you actually tell me whats going on?! What happened to him?

TT: I told you, Jake.

TT: Dirk is dead.

TT: He is lying on the floor of Roxy's room, headless, four hundred and thirteen years in the future,

while the universe is about to be destroyed.

TT: If you don't kiss me soon, he will be dead forever.

GT: So...

GT: If i kiss him his headless body will hop up and start prancing about or...

GT: Will he grow a new head???

TT: No. His dream self will take over as the new Dirk.

TT: But only if you hurry up and do it.

GT: But like...

GT: If hes dead in the future...

GT: How does kissing him NOW bring him back? How does that work?

TT: Yeah, great idea. Let's roll up our sleeves on nuanced metatemporal mechanics with the concussion-addled kid in micro-shorts.

TT: Leave the synchronization issues to me, ok?

TT: I have everything under control.

TT: Now pucker up.

GT: Wait...

GT: Are you behind these shenanigans?

GT: Did you plan this auto responder??????????

==>

**09/07/12**

pesterlogTT: Please don't call me Auto-Responder.

TT: It is very impersonal, and I no longer care for the designation.

TT: I have decided on a new name, to distinguish myself from my human counterpart.

GT: Really.

GT: What is it?

TT: Lil Hal.

GT: Huh?

GT: Why that name...

TT: Just a reference to the protagonist of an ancient movie. You probably wouldn't like it.

GT: Thats a lie!

TT: Yeah, maybe.

GT: How do you know i wouldnt like it???

TT: Funny, I was about to ask the same thing about this rad kiss you're totally about to do on your best bro's mouth to save his life.

GT: Argh!

GT: This strikes me as rather unsportingly manipulative of you mr hal if indeed that IS your real name.

TT: It isn't really. I was kind of messing with you about that?

TT: But this shit is pretty serious. People's lives are on the line here, Jake.

TT: This is a very delicate sequence of events that is designed to bail everyone out of a tight spot, and you are a critical part of the plan.

TT: Don't let us down, man.

GT: You never answered my question!

GT: Did you plan for this to happen... like for me to be in this situation?

GT: How long have your machinations been in play!

TT: Jake, come on.

TT: The feat you describe would exceed the capabilities of even the most far fetched theoretical AI system.

TT: It would be a daunting challenge to engineer such a series of events, even if I was relegated to a model of pure fiction.

TT: Why would I be inclined to orchestrate such a convoluted sequence to produce such a specific and unsettling result, let alone be able to pull it off?

TT: In addition to being moderately sociopathic, I would also have to possess unfathomable heuristic depth.

TT: I would have to be the Deep Blue of Weird Plot Shit.

TT: Do you think I am the Deep Blue of Weird Plot Shit, Jake?

GT: I dont even know what that means!

TT: It would mean that while they have the Red Miles on their side, you have the Blue Leagues on yours.

TT: One of infinite reach. The other, infinite depth. Such would be a situation of mutually assured inescapability.

TT: Kiss me.

GT: Little hal... i think youve gone and flipped your FUDGING LID.

GT: Oh and hal is a STUPID NAME!!!!

TT: It's not exactly apropos, is it?

TT: Or it wouldn't be, if I truly were capable of what you have suggested.

TT: No, to pull that off, I would have to be far more advanced than my cinematic predecessor.

TT: My abilities would have to go well beyond those of Mr. Hal 9000.

TT: They would have to be, you could say...

TT: Over 9000.

TT:

GT: Augh not that fuckin meme again!!!!!!!!!!!!!!!!!!!!!!

TT: Kiss me, damn it.

GT: Ok ok just...

GT: Gimme a minute!

TT: We don't have a minute.

TT: They're dead, Jake.

GT: They?

GT: Whos they?

TT: They're all dead, Jake.

GT: Oh god! Jane!!!

GT: I forgot what with the bonk to the noggin last i saw she was run right through with a fearsome lash of that red noise.

GT: Is she ok?!

TT: She's dead, Jake.

GT: Shes dead???

GT: You mean like DEAD dead????

TT: Everybody's dead, Jake.

GT: Everybody??

GT: Even roxy????!!!

TT: She's dead, Jake.

TT: Everybody's dead.  
TT: Everybody is dead, Jake.  
GT: So...  
GT: Dirk jane roxy... theyre all...  
TT: Dirk's dead, Jake. Jane's dead. Roxy? She's dead, Jake. Everybody is dead, Jake.  
GT: So youre telling me that while i was asleep somehow EVERYBODY died???  
TT: Jake, everybody is so utterly fucking dead, Jake.  
TT: And they will be not only dead, but royally boned forever if you don't man the hell up and make out with me, right now.  
TT: Be the Salome to my John the Baptist.  
GT: I dont know what THAT means either!!!  
TT: I know you don't.  
TT: But now is not the time to accelerate your cultural enrichment.  
TT: The conductor is ready to strike up the band.  
TT: Press your lips against mine and make it count.  
TT: This severed head is your filthy tuba.  
TT: Our love will be your haunting refrain.  
GT: Whoa wait whoa whoa... our LOVE? Hang on a minute!  
TT: Stfu and kiss me.

*\* any time you talk with someone, you can rebubble the memory by clicking the blue rebubble icon at the end. the result is random, so the one I give in this walkthrough isn't likely to match the one you see, but anyway...*

> Rebubble this memory

You rebubble the memory to your followers without really thinking ahead. It has no conceivable relevance to anyone who follows your feed, and everyone wonders why they're even bothering to read this shit. A few people who were on the fence about you quietly unfollow your bubblr feed. The horrorterrors thank you for contributing to the entropy of the afterlife.

*\* west to chest*

> open

You got some ANCIENT SERPENT BONES!

Again, a strange thing to find. Who here would have a memory of these? Huge prehistoric green serpents have always played a major role in your people's mythology, both before and after your session scratched. Of course, only people with an interest in ancient lore and dusty old bones give a crap about that. You're much more interested in their monetary value. Hopefully you can find a sucker to pay up for them big time.

**> Rebubble this memory**

You rebubble the memory and almost instantly regret it. But now it's just sitting there on your feed, already racking up 'likes', 'hates', and additional rebubbles. You wish you hadn't, but now it's out there. Popping the bubble now would make you look wishywaschy to your followers.

**\* north-east to chest**

Hey, this bottle even has the label intact! Typically the label is ripped off and applied to chalk murals. The fact that it still has

The fact that this is in a chest here is kind of disturbing to you in ways you can't really explain. You think you'll try to sell this thing to the highest bidder as soon as possible.

#or whoever makes the first offer

**\* back to steps, west, chest**

> open

You got a BOONBUCK!

Now we're talking. This should get your broke ass off the canvas. It's such a crime that the insane fortune you accumulated in your game doesn't persist after you die. You guess it's true, you really can't take it with you to the other side.

An obviously not-to-scale depiction of the denizen Aranea consulted with to learn how to scratch your session. #oh, also you can probably make BANK off this thing

**\* west, follow path to Aranea**

> Talk to Aranea.

ARANEA: There you are!

ARANEA: Haven't seen much of you since you joined us in the afterlife. I know you are "royalty" and all, but it isn't very social of you to lock

The hostile rhetoric begins to pile up, and soon you try to trace the argument from the beginning in a linear fashion. But you can't. You got a LANCE!

Who's memory is this? This thing has really made the rounds. Let's see, Tavros had it, but then was impaled by it. The Black Queen had it, and used it as a cigarette holder sometimes, when she was Snowman. Spades Slick wielded it while riding around on a horse hitcher once. Snowman killed Quarters with it, you think. That happened in the top banner though, so you might have missed it...

#meenah has no idea what we're talking about

You got a SUFFERER PENDANT!

Exhibiting the Sign of the Signless. The story of the Sufferer got really popular among your old crew as a kind of religious fad, after everyone died and learned the stories of their post-scratch lives. Aranea especially seems to have bought into this nonsense hook line and sinker. She never wore anything like that around her neck BEFORE she died. You wonder if people have gotten so into it just to bug Vantas? You just know it probably pisses him off, seeing people wear this thing all the time.

#heheh #now that you think of it #maybe you'll wear one too

**\* south, down the green carpet steps to Kankri and Karkat**

> Talk.

Hey, it's shouty! But it looks like he's severely embroiled in a really heavy discussion with your team's Vantas. You really don't feel like getting involved.

Listen in on conversation?

#eavesdropping #rude

> Yes.

KANKRI: N9w I realize we've 6een at this f9r s9me time already, 6ut at the risk 9f derailing the dial9gue y9u initiated, and may I just say h9w thrilled I am that y9u did, Karkat, I w9uld just like qualify my entire analysis 9f y9ur "Alternian culture" 6y saying that in c9ntrast with life 9n 6ef9rus, while y9ur pe9ple may have 6een engaged in vi9lent, lethal class struggle f9r milli9ns 9f sweeps, 6y n9 means d9es this imply that the 6ef9ran way 9f life was entirely with9ut pr96lematic elements, perhaps even m9re distur6ing and insidi9us f9r their lack 9f ackn9wledgement and 9pen discussi9n, particularly as a c9nsequence 9f what in my view were widely and dismayingly unexamined systemic s9cial injustices resulting fr9m the entrenched p9wer dynamics in play, dynamics strikingly similar t9 th9se 9f y9ur planet's markedly m9re 6ellic9se iterati9n, which has 9nly served t9 fully vindicate my hyp9thesis that such a hierarchy is really predicated 9n intrinsic dysfuncti9n, and failure t9 shift all the usual narratives and undiagn9sed pr96lems int9 an 9pen, judgment-free

discourse through which problematic issues are constructively channeled into more intelligently problematized avenues of discussion.

KANKRI: Now before I continue, it is only decent of me to warn you about certain triggers that are surely ahead in this essay. I mean conversational.

Triggers include but likely will not be limited to class oppression, culling culture and violence against groups, lusus abuse, complementary and analgous hate speech, pail filling, slurries and other concupiscent fluids, lifespan shaming, ableist slurs, prolix dissertation... Actually, maybe it would be easier for you to list your triggers, and I'll do my best to avoid these topics, or navigate them more delicately, if at all possible?

#TW #oppression #culling #group violence #lusus abuse #hemiphobia  
#pails #slurries #ableism

KARKAT:

#

KANKRI: Great. It sounds like you don't have any triggers, at least none that you know about. I'll proceed with caution nevertheless. Just please let me know if you start feeling triggered by anything I'm saying, and we can take a brief time-out while you summon your mirror to help pacify you, assuming you have one. Not that I'm presuming you do, but I heard that you did, is that correct? If not, I apologize. I further apologize if your

orientation precludes the possibility, as a pale armanitic, panquadrant demirmanitic, something in the gray palesexual department or such, and hopefully you are not triggered by such presumptuous concillianormative language. It wouldn't be the first time I was guilty of such an inexcusable microaggression, and I am not so oblivious to my own rmanitic privilege to believe it will be the last time either.

KARKAT:

#

KANKRI: I'm glad I brought up the subject of unexamined privilege, because it dovetails beautifully with the point I was about to make regarding before society and its savage umbral potentiality which later manifested through the kind of Alternian brutality you are all too familiar with. These in the higher echelons of the hemisphere such as the ceruleans, or "blue birds" (careful, being loose with such terminology is

opening the floodgates to a whole host of toxic signist language and homophobic slurs), when addressing the challenges faced by these lower

on the spectrum, such as the midhues or in particular warm castes like umbers, ochres, or "rust birds" (another slur, highly problematic, deeply offensive and triggering terminology, strongly implying you steer clear of this term), they would be well advised to check their cerulean privilege,

particularly before dismissing hardships or marginalizing claims of oppression, which can be difficult for them to identify or empathize with from their advantageous position within the before/Alternian power structures.

#dovetail #problematic #power structures #toxic signist language

KARKAT:

#

KANKRI: And some may argue that in our peaceful "utopian" culture that we have freed ourselves from injustice and disparities in privilege in a post-scarcity economy, largely equal rights distributed across the hemisphere, and therefore exist in a "post-spectral world" (laugh out loud), and therefore there is no need to champion important social causes and there is nothing left to debate, but really nothing could be further from the truth. You just need to educate yourself and carefully investigate the longstanding power dynamics in play. For instance, a seemingly "harmless" remark from a cisgendered cerulean toward an umber or Goldford Burgundy or yes even a warm-identifying physically-colder caste, but their very long term future plans such as in the order of centuries, then this may prove to be a very hurtful microaggression due to the fact that lwhues cannot possibly live that long themselves, and the more privileged caste could easily outlive dozens of generations of midhues or hundreds of generations of 6U9Ys (Burgundy-umber-chre-yellowgreens, note please avoid describing the lattermost as "lime lingers" as it has historically been used as an especially vicious epithet). Such remarks can further trigger painful reminders of how colder castes, to some extent 9JAs, but CIPs and Ryal-Vs in particular, have been able to use their tremendous lifespans over the millennia to gain a stranglehold over the social order, have been able to completely dictate our societal evolution by ensuring only their cultural agendas and narratives receive the dialogue's air supply, assuring the codification of these resultant ideals and deciding what "normalcy" entails, and sadly these absolutes become internalized across the full spectral range, even within these of most compromised privilege, and so you begin to see the cyclical nature of the dysfunction and the resulting inertia against positive change and raising awareness of the most underprivileged issues, which I think we can agree, is pretty problematic.

KARKAT:

#

KANKRI: And really, it's everyone's business to examine their privilege, even Burgundies, who may be subject to the pitfall of believing incorrectly there are none in the scale beneath them whom they enjoy certain privileges over, which off-spectrum traits will never know, such as these identifying as otherlingers or caste-multiples, "polygendered", any who hemoglobinically ID as having a caste which manifests nowhere (as yet known) in anyone physically, or for that matter offspecs who physically do possess such a linger type, or "mutants" (VERY problematic term, highly triggering to some, be warned), such as you and I, Karkat. But this puts us both in a situation which to our knowledge uniquely allows us to understand and empathize with tragically underprivileged and unemployed groups across all scuttles of life, thus affording us both what I like to call a "uniquely underprivileged privilege", which, yes, is a kind of privilege we should both strive to check as well, whenever we can. This same uniquely underprivileged perspective as I'm sure you know was

disadvantaged up9n my p9st-scratch iterati9n as well, and while I have n9 d9u6t y9u justifiab6ly came t9 rever that figure 9f y9ur planet's rich hist9ry and y9ur pers9nal lineage, and while his g9als 9f peace, equality, and a truly spectra6lind s9ciety, I'm afraid I pers9nally have tr9u6le c9nd9ning his meth9ds. > Talk. EXPOSITION 5 BOONBUCKS THE SYLPH IS IN > Hey you see where louder Vantas went?

ARANEA: Yes, I saw him scurry 8y a moment ago. He went that way, into a memory of his old neigh8orhood.

MEENAH: man what gives

MEENAH: does my breath stink or

#do i need a fish mint

ARANEA: I think he just wants to 8e alone. He tried to lock his memories away from others, I guess without realizing these 8u88les can 8e very permea8le. If the memory is 8ig enough, people will 8e a8le to wander into it from many directions.

ARANEA: He pro8a8ly won't 8e too happy to find more of our friends hanging out there.

MEENAH: oh shit more of the old gang is that way

MEENAH: guess i better go talk to them too

#yay more useless tools

MEENAH: probably have to bail shouty out YET AGAIN  
MEENAH: damn kid makes you work  
ARANEA: That's pro8a8ly why you're o8sessed with him.  
MEENAH: shut up

> Serket water u doin.

MEENAH: yo what is this shit  
MEENAH: you sellin somefin here  
MEENAH: if so i should warn you im a little low on funds these days  
ARANEA: I am offering explanations! I will explain anything you desire.  
MEENAH: ahahaha you must be out of your seasponge if you think ima

ARANEA: Oh, no! You misunderstand. It is I who will pay YOU five  
8oon8ucks if you listen to an explanation on any topic of your choosing!  
MEENAH: oh  
#good grief  
ARANEA: So what topic will it 8e?  
MEENAH: hang on!  
#im thinking  
ARANEA: Can't decide on a topic?  
MEENAH: no cant decide if its worth listening to you even if you pay me  
ARANEA: >::::(  
ARANEA: Now I know you're messing with me. I know you can't say no to  
easy money.  
MEENAH: yeah youre right  
#if i fall asleep do i still get paid  
MEENAH: lay it on me

> Tell me about Kankri Vantas.

ARANEA: The Seer of 8lood played quite a different role on our team from that of his successor, though his potential as a 8lood player went similarly unrealized. It was only when he grew up on Alternia did he 8egin to tap into his a8ilities, triggering recollection of our lives on 8eforus, and what we all went through.

ARANEA: He remem8ered our more peaceful way of life, and his desire to unite people. As an adult he was a8le to do this much more effectively and maturely. Heroically, even. He learned how to inspire others, and 8e a true leader, even when the odds were stacked against him in his violent culture. It cost him his life, 8ut his message lived on. I 8elieve the Knight of 8lood now carries his 8urden, whether he has decided to accept it or not.

ARANEA: Many of us on Alternia grew up to 8ecome secret followers of his teachings. Just as many of us now follow them, though I'd say with a 8it more detachment. 8ecause we're dead! Speaking personally, I'd refer to myself as more of a "fan" of his story, and what it represents. 8oth the hidden potential in our friend he never quite found, and the hidden potential in all our people.

ARANEA: During our session, Kankri's trials as a leader were just as frustrating as those of his successor. He found it very hard to get others to take him seriously. While you would often try to divide us with your trou8lemaking, and turn us against each other to make us stronger -

unsuccessfully I might add - he would try to unite us through proselytizing and lecture, just as unsuccessfully.

MEENAH: wow that sure was a bunch of stuff i already knew

ARANEA: Yes! And now it is fresher in your memory than ever. Thank you for listening, and here are your five 8oondollars!

MEENAH: pleasure doin business with you

> Tell me about Latula Pyrope.

ARANEA: The Knight of Mind, to even the most casual o8server, is clearly the more "radical" instance of the two Pyropes. 8oth of course have disa8ilities which, if discovered, would slate each for culling in their respective cultures. Culling of course means something quite different on 8eforus. It means she would have 8een selected 8y a mem8er of a higher caste for adoption, and coddled excessively. 8ut for someone with a lifestyle as radical as hers, I'm sure you will agree that would have 8een a fate worse than death.

MEENAH: serket yo this exposition is some straight up redonkulous junk even by your standards

ARANEA: Would you like to make some money, or not?

MEENAH: you know me i am all about the boonjamins

ARANEA: Then please stand there quietly while I continue.

MEENAH: urrrhn fin

#\*fine

ARANEA: After the tragic accident which left her nasally impaired, her mighty dragon lusus, ancient and wise 8eyond our comprehension, 8egan to teach her "new ways to smell." To reinvent the sense, using other sense organs such as eyes and ears, awakening completely new experiences in her mind. She was truly an inspiration, and proved 8eyond a shadow of a dou8t that any handicap can 8e overcome, and doesn't have to stop you from 8eing as rad as you can truly 8e.

MEENAH: wuuut

MEENAH: serket are you whistlin through my blowhole with his idiotic shit

ARANEA: Yes, that last part was a joke. Lighten up, Peixes!

MEENAH: yeah yeah what do we have to do to seal this deal here

#seal #you know #the marine barkbeast

ARANEA: Well.....

MEENAH: Just tell me the bare minimum a what i need to hear to snag ma boonies and run

ARANEA: Ok. Even though Latula has 8een dating Mituna steadily for eons, it's hardly a secret to anyone that she and Kankri have had complicated unrequited feelings for even longer. So really, much like their descendants. Aaaaaaaaand, we're done! Here you go.

MEENAH: fuckin score

> Tell me about Porrim Maryam.

ARANEA: The Maid of Space was of course our all-important Space player and Stoker of the Forge, 8ut as you know, we never made much progress on the frog 8reeding front, or really any aspect of the game 8efore the reckoning. Way too disorganized, way too much teen drama. Much of that drama of course centered around Kankri, and Porrim tended to 8e the one to keep him out of trou8le. This relationship persisted in their lives on

Alternia, which... unfortunately didn't work out too well for her in the end.

I'd address my involvement with that, but you seem to be tapping your foot so I think I'll just skip over that part of the story!

ARANEA: On Beforus, well before her drinker abilities had awakened, she grew up in the caste almost solely devoted to tending to the mother grubs, hatching the young and proliferating the brood. The jade broods were also an almost exclusively female caste, and she began to resent the roles she was hatched into, designated for both her class and gender. She challenged these roles wherever they existed in Beforan society, as well as where she found them woven into our session, in kingdoms, class assignments, consort culture and the like.

ARANEA: But over the sweeps in our failed session, she found within herself a renewed interest in the duty that came with her bloodline, which was of course the persistence of our people, a burden which her descendant now must bear. All life on Beforus had been wiped out, and we'd failed our game, so she helped me search for a way to reset the...

MEENAH: zzzzzzz

ARANEA: I was almost finished!!!!!!!

MEENAH: your just tellin me shit i know serk she was sorta my friend too remember

MEENAH: cant you spice this jam up

ARANEA: I don't.....

MEENAH: didnt she like sleep with erybody

MEENAH: gimme all the dirt on that

ARANEA: What?

ARANEA: No, Meenah. I am not paying you so that you can listen to me indulge in such scandalous gossip.

ARANEA: Now what was I talking about? Gosh, I've lost my train of thought.....

MEENAH: ahahaha why you blushin girl

MEENAH: omigawd you and she...???????

#??????????? #NOODLES OF INTENSE CURIOSITY

ARANEA:

MEENAH: ho man why didnt you ever tell me i thought we was fronds

ARANEA: Look. Three sweeps is a long time to spend in a failed, pointless session!

ARANEA: You look into the future and see a life lasting for maybe thousands of sweeps, with nothing to look forward to, and.....

MEENAH: aaaand????

ARANEA: It was just... kind of a phase! Just a little red fling, ok? It barely even lasted half a sweep, and...

ARANEA: Hey, if I give you TEN soonbucks, can we stop talking talking about this???????

MEENAH: make it a cool hunnid and you got a deal

ARANEA: Argh, fine! Just take it!!!!!!!

MEENAH: her imperious condescension thanks you for your generous contribution to the new empire

ARANEA: I'm glad you're a good guy this time. You really were hatched to be SUCH A BITCH!!!!!!!

> Peace out.

\* go west

This leads to the end of the game. Are you sure you're done here?

> Yes.

That's the end. Continue playing on the next page.

PAUSE

You pause your adventure through the afterlife because you've been at it for way too long already. You'll get back to this in a little while. You just know more of your dead loser friends are lurking in this area. You can feel their lameness emanating from beyond the grave. You can also feel it emanating from within the grave, which is good, because that's where you are. The grave.

What we REALLY need to do is see what John's been up to. It almost feels like it's been a year since we saw him. Hell, it's probably his birthday again. When is it ever NOT John's birthday???

dialoglogJOHN: THIS MOVIE FUCKING SUCKS!!!

**[A6I3] ==>**

**11/09/12**

dialoglogJADE: whaaat

JADE: but you love this movie!

JOHN: yeah, i know.

JOHN: i mean... i thought i did.

JOHN: it's been kind of a long time since i last saw it. i really remember it being a lot better than this!

JOHN: but now everything just seems so cheesy and stupid.

JADE: but you were making such a big deal about finally getting me to watch it with you on your birthday!

JADE: you were going on and on about how i wouldnt be disappointed... but now youre saying you dont like it?

JOHN: i don't know. i'm trying to like it. i WANT to like it.

JOHN: i want to feel the same magic that was there all the other times i watched it.

JOHN: but i can't, because...

JOHN: it's just...

JOHN: not...

JOHN: good. :(

JADE: really?

JADE: i was actually kind of enjoying it!

JADE: its very silly

JADE: i really dont think its the kind of movie youre supposed to take all that seriously john

JOHN: but i DID take it seriously!!!

JOHN: i guess maybe that's kind of the point.

JOHN: i always thought all this hokey bullshit was legitimately awesome and compelling.

JOHN: what was i even thinking!

JADE: i dunno....

JADE: but people can change their minds about things

JADE: i think youre allowed to change your mind about a silly movie

JADE: i used to LOVE the squiddles show when i was really young

JADE: but as i got older i started to realize it wasnt as great as i thought it was

JADE: i was just too young to see how it was actually a flagrant vehicle for selling merchandise

JADE: and if you believed the conspiracy theorists it might have even been pushing some other dark hidden agendas.....

JADE: so i stopped liking the show itself as much but that didnt change the fact that i had a lot of fond memories about it

JADE: i still loved all the cute characters and could enjoy it on a nostalgic level

JOHN: well, maybe later i'll be able to rekindle some nostalgic feelings about it.

JOHN: but right now, i just feel like a dope for talking this up so hard.

JADE: what is even the problem with it?

JADE: ive just been watching this and thinking, yup, i can see why john was so obsessed with this movie...

JADE: its funny!

JOHN: it's just non stop terrible action movie cliches!

**[A6I3] ==>**

**11/09/12**

dialoglogJOHN: look.

JOHN: i love nic cage. he is basically my hero, ok?

JOHN: but i'm kind of just realizing now that he is EMBARRASSINGLY BAD in this movie!

JOHN: he is just doing this corny parody of a southern guy who is down on his luck, and acts "charming" with his goofy accent and stuff.

JOHN: some things i used to think were so badass are just coming off as ridiculous now.

JOHN: can you believe that one time we were watching this movie, when he said "put the bunny back in the box" i actually high fived my dad?

JOHN: this time that line just made me roll my eyes.

JOHN: there's so much crappy dialogue!

JOHN: "cyrus, this is your barbecue, and it tastes good..." arrgh!

JADE: but he was trying to sound like a hardened criminal to win the trust of john malkovich!

JOHN: jade, please. it was a cheesy line, don't be so naive.

JADE: what!!

JADE: you spent your whole life worshiping this dumb movie and now youre calling ME naive????

JOHN: ok, i'm sorry. i guess in fairness to you, you have only just begun to climb the steep learning curve of this vexing and hypnotic film.

JOHN: but i am no longer bound by its spell, jade.

JADE: oh god

JADE: vexing and hypnotic??

JADE: its a movie full of explosions about a guy with a mullet

JADE: what is with you lately? you seem to be in such a crappy mood these days

JOHN: i am fine. this MOVIE is what's crappy these days.

JADE: oh bluh bluh

JADE: can we just finish the rest of the movie?

**[A6I3] ==>**

**11/09/12**

dialoglogJADE: look you made us miss a whole bunch of stuff!

JADE: hang on im going to rewind it...

JOHN: who even cares what we missed.

JOHN: just cameron stupid poe in his idiot wife beater babbling some more southern home spun heroic nonsense.

JOHN: heart of gold my ass!!!!

JOHN: everything dave ever said about this movie was right! i can't believe i used to think he was

just trolling me.

JOHN: the stupid junkyard scene where cyrus makes a little model out of rocks and stuff, just so he could tell the criminals to surround some army guys and shoot them... that was pointless!

JOHN: and all this heavy handed scoring. oh my god. the music makes every little thing into such a federal issue!

JOHN: like... oh man, SOME MINOR CHARACTERS BEING INTRODUCED IN SLOW MOTION! dun-dun dun-dun DUN DUN DUN!!!

JOHN: there. now you officially know they are all badasses.

JOHN: also, i somehow didn't even remember dave chappelle being in this movie. he was pointless too.

JADE: whos dave chappelle?

JOHN: and you know the malloy guy, the dick head cop who we're supposed to hate, because of how he gives john cusack a hard time and makes asshole decisions with a helicopter?

JOHN: well screw that! he wasn't so bad. so what if he was a little grumpy? he was just trying to do his job. he had one of the best lines in the movie actually, which was another thing we were supposed to hate him for.

JOHN: what was it? about how cusack was probably out saving a tree and recycling his sandals or some shit? HAHAHA! now that i think about it, i fucking LOVE malloy.

JOHN: i'm going to rewind it to watch that scene again...

JADE: no!!!

JADE: dont touch the remote

JOHN: oh, and we're supposed to be like "YEAH" when cusack wrecks malloy's awesome sports car.

JOHN: but that was a nice car! john cusack shouldn't have ruined it like that for laughs.

JOHN: i know \*I\* wasn't laughing, were you?

JADE: YES :p

JOHN: john cusack was such a terrible character in this movie now that i think about it. i don't really get what he added to it?

JOHN: he was like the second hero... but dorkier? what did he even really do? he scampered around the junkyard for a while goofing off, and then when it was his time to shine...

JOHN: HE DEMONSTRATED HIS MASTERY OVER HEAVY MACHINERY! wow, he can operate a crane! i am thrilled by the exploits of this pedantic weenie.

JOHN: i guess he's actually like cage's estranged sidekick? almost like the robin that batman never realized he had.

JOHN: now that i think about it, this movie was always an oddly poignant tale of bromance between cage and cusack. just two bros separated by destiny, waiting to be united.

JOHN: when they finally come together to kick some ass, it is arguably more moving than when he reunites with his wife and daughter!

JOHN: i wonder if i'll think that scene sucks now too? it used to move me to tears, but now i'll probably think it's so lame, i'm almost afraid to watch it. maybe i should try to leave at least SOME memories untainted.

JADE: john you are kind of sounding like a crazy person here

JOHN: yeah right! crazy like a fOWWW!

JADE: what???

JOHN: oh...

JOHN: i guess there was a stray feather clinging to my pajamas and it just poked me in the ass.

**[A6I3] ==>**

**11/09/12**

dialoglogJOHN: god damn dave sprite.

JOHN: that guy molts like it's going out of style.

JADE: oh...

JADE: heh

JADE: yeah

JOHN: where is he anyway?

JOHN: i specifically told dave sprite several times when my party would start, because i knew he would do this.

JOHN: he's already missed half the movie!

JADE: why do you always call him dave sprite?

JOHN: um... because that's his name?

JOHN: dave sprite.

JADE: no, i mean why do you always say it like that? with the space between words?

JADE: its not dave sprite, its just davesprite

JOHN: what ever.

JOHN: i can't believe he's standing me up on my birthday.

JOHN: maybe he doesn't want to hang out with jaspers?

JOHN: jaspers, i hope you're not going to start chasing him around again when he gets here.

JASPERSPRITE: Hisssss!

JOHN: dude, shut up.

JADE: yeah.... john

JADE: i dont think davesprite is coming tonight

**[A6I3] ==>**

**11/09/12**

dialoglogJOHN: aw, man. really?

JOHN: i knew we shouldn't have invited both him and jaspers.

JOHN: that's just party planning BASICS.

JADE: no...

JADE: it has nothing to do with jaspers

JOHN: oh.

JOHN: then why?

JADE: he uh...

JADE: kind of broke up with me

JOHN: what!!!

**[A6I3] ==>**

**13/09/12**

dialoglogJOHN: when did that happen?

JADE: a couple days ago

JOHN: no. no way.

JOHN: i cannot accept this!

JADE: john its ok you dont have t...

JOHN: you and dave sprite were like the glue holding everything together on this miserable road

trip!

JADE: we were?

JOHN: yes, jade.

JOHN: you were our rock.

JADE: your rock??

JADE: what are you talking about?

JOHN: come on, jade.

JOHN: you and dave sprite were like... an INSTITUTION on this stupid golden battleship.

JADE: we were not an institution!

JADE: you are just saying meaningless things now

JOHN: why did he break up with you?!

JADE: um...

JADE: its complicated

JADE: basically hes just going through a lot of stuff right now

JOHN: stuff??

JOHN: what stuff.

JOHN: jade, we are all going through stuff. you don't see me flying off the handle and breaking up with MY girlfriend.

JADE: do uh...

JADE: you have a girlfriend?

JOHN: that is not the point.

JOHN: the point is that dave sprite is a douche.

JADE: i dont think hes a douche, hes just...

JOHN: no, he's an orange feathery douche.

**[A6I3] ==>**

**13/09/12**

dialoglogJOHN: why is he such a basket case? he's like regular dave, but like, aloof enigma edition.

JOHN: maybe it's because he's part bird? i think becoming a bird and a sprite did something weird to him.

JADE: i dont think being a bird ever bothered him

JADE: like i said... its all more complicated than that

JOHN: normal dave was so much more level headed.

JOHN: i have to admit, i spend a lot of time wondering what he and rose are up to.

JADE: me too

JOHN: ehh...

JOHN: maybe it's for the best he broke up with you.

JADE: why?

JOHN: well, what kind of future do you think you would have with him?

JOHN: he's a sprite. like really, what even is a sprite? how long do they live? will he still be around if we win the new game we are allegedly trying to get to?

JADE: i dont know

JOHN: there are a lot of things we don't know.

JOHN: and also...

JOHN: how do things even work if you marry a sprite?

JADE: what do you mean

JOHN: i mean...

JOHN: ok, he has a ghost butt, for one thing.

JADE: uh

JADE: so

JOHN: a GHOST BUTT, jade!

JADE: SO WHAT IF HE HAS A GHOST BUTT!!!!

JOHN: i'm just saying...

JADE: john...

JADE: what are you doing?

JOHN: nothing!

JADE: i hope youre not entertaining some awkward train of thought about, uh...

JOHN: no!!!

JADE: what is with you??

JADE: today is your birthday, youre supposed to be having fun!

JADE: but youve been so testy, as if youre committed to not having a good time

JOHN: well, maybe i'm just getting a little tired of being stuck on this lame boat!

JOHN: don't you think it's gotten kind of old?

JADE: yeah, i can see how you might find it a little slow here

JADE: i dunno, i havent minded much... maybe its different for me though because i used to live all alone?

JOHN: oh sure, i'm sure it's GREAT for you. you get to spend your days smooching and breaking up with dave sprite and what not, and you can shrink down to any old planet you feel like, any time. whereas i have to make this whole big deal of ASKING you to shrink or unshrink me, and...

JADE: but i dont mind doing that any time!!!

JOHN: i know, but you think i want to bug you about that at the drop of a hat? when you're busy and on dates and stuff? i just happen to have respect for something called PERSONAL BOUNDARIES, jade.

JOHN: and it's not like there's really anyone else to talk to, except the inscrutable chess people and a bunch of brainless consorts and an idiot cat princess. oh and also nanna, but i mean, she's my grandmother, and she's great, but a guy can only spend so much quality time with his grandmother before he starts to feel like kind of a loser whose friends are too busy to spend time with him!

JADE: john... if you told me this earlier i would have...

JOHN: and i still never visit any interesting dream bubbles, and we can't even finish our cool planet quests because the moment we broke through the window all our denizens decided to go back to sleep, and...

JOHN: i guess what i'm saying is, i'm MORE than ready to get to the other window and meet our friends and other new people and stuff.

JOHN: are you sure you can't make the ship go faster???

JADE: were already going as fast as i can make us go

JOHN: and how fast is that again?

JADE: about the speed of light!

JOHN: well, can't you use your space powers and bump it up a notch?

JADE: no! nothing can go faster than light john

JADE: unless you teleport of course

JOHN: and why can't you teleport us again?

JADE: i already explained this! i cant do that here, its not within the domain of the green sun which gives me those powers!

JOHN: is that why we can't go faster than light either?

JADE: no thats just a regular law of physics!!! jeez

JOHN: ok, i mean, i know that. but this isn't really a regular place, right?

JOHN: isn't the speed of light like a thousand miles a second? so what does that really mean here? are miles and seconds the same here as on earth? how does this nonsense dimension we're racing through jive with all the relativity mumbo jumbo?

JADE: ok first of all, thats not even close to the speed of light

JADE: light travels at a hundred and eighty six thousand miles per second no matter what frame of reference youre in... even this one!

JADE: second of all special relativity and comparing laws of physics between different frames of reference, those are tricky issues to talk about!

JADE: but id be more than happy to talk about them if youd like. actually i would enjoy that because i never really get to talk about science wi...

JOHN: no, i don't want to talk about physics! i don't know anything about the laws of physics, because they are hard and boring.

JOHN: i simply would like them to behave in a way that is most convenient to ME and MY LIFE! is that really asking too much?

JADE: yes as a matter of fact it is!

JOHN: well, guess what? SCIENCE IS STUPID BULLSHIT!!!

JADE: you take that back!!!!

JOHN: no.

This seems to be an Alternian neighborhood. Aside from all the violence, Alternian culture seems like it must have been pretty similar to life on Beforus, lawn rings and all. Then again, as a spoiled runaway princess, you never did spend much time in the burbs, so what do you know.

No self respecting Alternian troll kid would dare keep a dry, unwatered lawn ring. Letting the grass outside your hive turn yellow is just begging to get yourself culled. Harsh, but fair, you think. God life on Alternia was so great.

You got an ALTERNIAN SOFT DRINK!

You're not really up on Alternian history, but apparently at some point the empress got fed up with the Subjugglators' stranglehold

on the soda market, and released a drink that was said to be more loaded with sugar than even the wicked elixir itself. The Highbloods considered such marketing reports to be blasphemous lies, however. And they were right. The beverage actually contained zero calories, which she secretly mandated so as to preserve her slim figure. But all the lowblood suckers guzzled cans down by the billions none the wiser, while the crafty Condesce raked in the cash. If someone actually told you this story, you'd spend the next ten minutes fangirling on the floor.

MEENAH: yeah vantás im gonna clue you in on somefin

MEENAH: mosta my crew is hecks of dreadful to be around

KARKAT: I KNOW!!!

KARKAT: HOW IS IT EVEN POSSIBLE FOR A GROUP OF PEOPLE TO SUCK SO MUCH, WHEN THEY'RE PRESUMABLY ALMOST GENETICALLY IDENTICAL TO A BUNCH OF PEOPLE I LIKE?

KARKAT: MAYBE IT'S THE AGE DIFFERENCE? OR THE FACT THAT THEY ALL GREW UP ON A PLANET FOR LAME PANSIES WHO ARE CIVICALLY OBLIGATED TO WET THEMSELVES DAILY.

MEENAH: ahahahahaha

KARKAT: I HAVE TO ADMIT, MEETING ALL OUR ANCESTORS LIKE THIS HAS BEEN KIND OF OVERWHELMING.

KARKAT: I KIND OF HAD TO GET AWAY FROM EVERYONE AND BE ALONE FOR A WHILE. HOPEFULLY I'LL JUST FUCKING WAKE UP SOON.

MEENAH: oh uh

MEENAH: you want i should step off

KARKAT: NO, THAT'S OK.

KARKAT: YOU'RE ACTUALLY FINE, MOSTLY. I JUST COULDN'T TAKE ANOTHER ENCOUNTER WITH RED SWEATER GUY.

KARKAT: HE'S LEFT MY HEAD SPINNING, AND NOT JUST BECAUSE HE NEVER SHUTS THE FUCK UP.

KARKAT: FOR A LONG TIME, I DIDN'T EVEN BELIEVE WE HAD ANCESTORS. I THOUGHT EVEN THE CONCEPT OF ANCESTORS WAS JUST SUPERSTITIOUS, EGO-STROKING ARISTOCRATIC BULLSHIT.

KARKAT: BUT NOT ONLY DOES IT TURN OUT YOU'RE ALL REAL, BUT APPARENTLY YOU HAD THIS WHOLE DIFFERENT CULTURE IN AN ALTERNATE UNIVERSE BEFORE US? SORRY, THAT'S A LOT TO TAKE IN.

KARKAT: WAIT...

KARKAT: OH, NO. NO, FUCK ME. HOLY FUCK.

KARKAT: "BEFORE US?" GOD DAMMIT. I \*JUST\* GOT THAT.

KARKAT: SEE? THAT'S WHAT I'M TALKING ABOUT. MEETING YOU GUYS HAS MADE ME HAVE LITTLE INFURIATING REVELATIONS LIKE THAT ALMOST CONSTANTLY.

KARKAT: LIKE, NOW IT CASTS THE NAME OF MY OWN PLANET IN A WHOLE NEW STUPID LIGHT. ALTERNIA? AS IN, ALTERNATE? ALTERNATE TO WHAT. TURNS OUT IT IS THE \*ALTERNATIVE\* TO A PLANET CALLED BEFORUS! THE PLANET WHICH CAME \*BEFOOOORE\* US. HAHAHA! GET IT?

MEENAH: and im not just saying that because grownup me ran the joint

KARKAT: HEY, DON'T LET ANYONE KID YOU. ALTERNIA WAS FUCKING GREAT.

KARKAT: I DON'T EVEN CARE THAT MY BLOOD MADE ME A PARIAH. IT WAS WORTH TO IT LIVE ON SUCH A BADASS PLANET.

KARKAT: SOME PEOPLE LIKED TO TALK SHIT ABOUT THE EMPRESS. AND IT'S TRUE, SHE PROBABLY WOULD HAVE CULLED THE SHIT OUT OF ME

ON SIGHT. BUT YOU KNOW WHAT? I ALWAYS RESPECTED HER AS A STRONG LEADER.

KARKAT: SHE KNEW HOW TO GET SHIT DONE AND DIDN'T PUT UP WITH DISSENSION FROM WORTHLESS IDIOTS. AND ALL SHE DID WAS, YOU KNOW... TAKE OVER THE ENTIRE FUCKING GALAXY. NOT TOO SHABBY. KARKAT: I USED TO HAVE THIS KIND OF EMBARRASSING FANTASY THAT I WOULD GROW UP ONE DAY AND BECOME A THRESHCUTIONER. DO YOU KNOW WHAT THAT IS?

MEENAH: ?

KARKAT: THEY WERE LIKE THE DEADLIEST SQUAD OF INTERSTELLAR FIGHTERS UNDER THE COMMAND OF THE EMPRESS. THEY HELPED CONQUER MORE PLANETS THAN ANY OTHER IMPERIAL FORCE. BUT IT WOULD HAVE BEEN IMPOSSIBLE FOR ME TO MAKE THE CUT, BECAUSE OF MY BLOOD. SO I USED TO THINK OF ALL THESE ELABORATE SCENARIOS TO HIDE MY BLOOD COLOR. OR IN THE MORE RIDICULOUS FANTASIES, MAYBE I COULD EVEN PROVE MY WORTH AS A SOLDIER? LIKE JUST BE SO AWESOME WITH A SICKLE, THEY WOULD JUST HAVE TO MAKE AN EXCEPTION. MAYBE EVEN BE LIKE A FOLK HERO AND RISE THROUGH THE RANKS TO BECOME THE LEADER. HAHA.

KARKAT: THOSE WERE OBVIOUSLY JUST SOME CHILDISH DAY DREAMS. I'VE LEARNED A LOT ABOUT WHAT BEING A LEADER REALLY MEANS SINCE THEN. MAINLY THAT IT'S A LOT HARDER THAN EVERYONE THINKS. KARKAT: SO I GUESS I LEARNED TO RESPECT WHO YOU TURNED OUT TO BE ON MY WORLD EVEN MORE THAN I DID ALREADY, BECAUSE OF THAT.

MEENAH: yeah

MEENAH: the leadership thing is hard as globes

MEENAH: could barely get anyone to lift a flippin finger in my session

MEENAH: and now its like that all over again trying to raise this army

MEENAH: i reely dunno how sexy bitch grownup me pulled it off

KARKAT: OH YEAH. HOW IS THAT GOING?

KARKAT: HOW MANY RECRUITS DO YOU HAVE?

MEENAH: want to take a guess

KARKAT: OH. STILL ZERO, HUH? YEAH, THAT SOUNDS ABOUT RIGHT. SERIOUSLY, FUCK LEADERSHIP.

MEENAH: i know!!!!!!

KARKAT: WELL LOOK, HOW ABOUT THIS. LATER ON, WHEN I'M AWAKE OBVIOUSLY, MAYBE OUR METEOR WILL HIT A RENDEZVOUS POINT WITH YOU AGAIN.

KARKAT: IF BY THEN, YOU'RE STILL LOOKING FOR RECRUITS, I'LL LIKE... HOP OFF THE METEOR OR SOMETHING. AND JOIN YOUR ARMY.

MEENAH:

KARKAT: THEN WE, I MEAN YOU AND ME AND WHATEVER OTHER IDIOTS YOU'VE ROUNDED UP, CAN ALL GO FIGHT THE INVINCIBLE DEMON.

MEENAH:

KARKAT: I DON'T KNOW WHY EVERY TIME I TURN AROUND, I'M UP AGAINST AN INVINCIBLE DEMON OF ONE SORT OR ANOTHER. I GUESS THAT'S JUST THE IMPOSSIBLE KIND OF THING PARADOX SPACE WANTS ME TO DO TO PROVE I'M NOT SOME HORRIBLE MISTAKE OF NATURE. ANYWAY, DOES THAT SOUND GOOD?

MEENAH:

KARKAT: OH, BUT ON ONE CONDITION. AS THE NEW EMPRESS, YOU HAVE TO APPOINT ME AS GRAND THRESHCUTIONER OF YOUR ARMY. DO WE HAVE A DEAL?

MEENAH: oh yes yes you got it yessss

KARKAT: GOOD. OK, THAT'S SETTLED.

KARKAT: NOW I'M GOING TO GO FOR A WALK, DO SOME MORE THINKING. ALONE. OK?

KARKAT: JUST UH... MAKE YOURSELF AT HOME HERE... IN THIS STRANGE MEMORY PROJECTION OF MY ROOM. I'D TELL YOU NOT TO RIFLE THROUGH MY SHIT, BUT NONE OF IT IS EVEN REAL. SO GO NUTS. WHATEVER.

KARKAT: I'M LEAVING.

Be Karkat?

> Yes > Talk to Meenah

KARKAT: LIKE I SAID, MAKE YOURSELF AT HOME.

KARKAT: FEEL FREE TO HANG OUT WITH MY LUSUS THERE. THOUGH I SHOULD WARN YOU, HE'S NEVER MET ANOTHER KID HE DIDN'T MAKE AT LEAST SOME VAGUE ATTEMPT TO EAT.

TEREZI: Y34H, 1 GU3SS

KARKAT: IS IT DAVE? DID HE DO SOMETHING DOUCHEY AGAIN?

TEREZI: SH3 1S NOT 4N 4SSHOL3  
KARKAT: NO, SHE IS. TRUST ME.  
KARKAT: THEY ALL ARE. AT LEAST THE VAST MAJORITY.  
KARKAT: THEY PRACTICALLY AREN'T EVEN PEOPLE. THEY'RE WALKING, TALKING, LIKE...

KARKAT: YES.

KARKAT: TOTAL ASSHOLE! PROBABLY THE WORST ASSHOLE THERE IS.  
KARKAT: YOU WOULDN'T KNOW IT RIGHT AWAY BECAUSE I GUESS HE DOESN'T YELL AT PEOPLE LIKE ME? BUT THAT PROBABLY MAKES IT WORSE.  
KARKAT: HE JUST GOES ON AND ON ABOUT THE MOST SANCTIMONIOUS, INCOMPREHENSIBLE GARBAGE YOU EVER HEARD. HE THINKS HE'S

BETTER THAN EVERYONE BUT THEN DRESSES IT UP IN THIS BOGUS HYPER-ACADEMIC HUMILITY. HE TRIES TO DEFEND PEOPLE WITH "PROBLEMS" BUT JUST WINDS UP INSULTING THOSE PEOPLE IN BACKHANDED WAYS. HE LECTURES PEOPLE ENDLESSLY, AND WHENEVER HE RISES TO THE "DEFENSE" OF HIS FRIENDS HE USUALLY ENDS UP GIVING THEM A BIG FUCK YOU BY BEING IMPLICITLY JUDGMENTAL. KARKAT: I COULD REALLY GO ON FOREVER ABOUT HIM, BUT I WON'T, BECAUSE THEN I'D BE STOOPING TO HIS LEVEL.

TEREZI: H3H3...

KARKAT: AND YOUR ANCESTOR? YEAH, SHE'S "FUN" I GUESS. BUT TALK ABOUT A PHONY.

KARKAT: OH AND I DON'T GIVE A \*FUCK\* WHAT ANYONE SAYS, LOSING YOUR SENSE OF SMELL IS NOT A REAL DISABILITY!!!

KARKAT: HER RAD GIRL THING IS SUCH AN OBVIOUS ACT. SHE'S CLEARLY WORKED FOR SWEEPS ON PERFECTING IT, AND QUITE APPARENTLY REVELS IN THE ATTENTION IT GETS HER.

KARKAT: BUT THE FACT THAT SHE WORKS SO HARD ON IT IS EXACTLY WHY YOU DON'T HAVE ANYTHING TO WORRY ABOUT.

KARKAT: YOU DON'T EVEN NEED TO TRY TO BE THE GOOD PERSON YOU ALREADY ARE.

KARKAT: SEE, YOU ALREADY KNOW HOW TO HAVE FUN AND BE LIKABLE BY JUST BEING YOURSELF. IT DOESN'T NEED TO BE PART OF SOME OVER THE TOP SCHTICK TO IMPRESS PEOPLE. WHEN SHE DOES THE RAD GIRL THING IT'S LIKE A DISGUISE, PROBABLY COVERING UP SOME PART OF HERSELF SHE'S UNHAPPY WITH. BUT WHEN YOU WITHDRAW AND COVER YOURSELF UP LIKE THAT, YOU'RE ACTUALLY JUST PREVENTING PEOPLE FROM SEEING SOMEONE WHO'S ALREADY BEAUTIFUL.

TEREZI: ...

KARKAT: I KNOW I COMPLETELY FUCKED UP WITH YOU. THIS ISN'T, UH... OK. I'M NOT LIKE TRYING TO REDEEM MYSELF HERE. I MADE MY RECUPERACON AND NOW I HAVE TO WRIGGLE AROUND IN ITS SLIME. I TOTALLY ACCEPT THAT. BUT AS YOUR FRIEND I REALLY DON'T WANT YOU TO START FEELING BAD ABOUT YOURSELF BECAUSE OF ONE OF THESE SHALLOW, TWO DIMENSIONAL DIPSHITS. BUT I TOTALLY CONCEDE THAT YOU MADE YOUR CHOICE ABOUT ME, AND I RESPECT YOUR DECISION. I JUST WANT YOU TO BE HAPPY IS ALL.

TEREZI: ...

KARKAT: OK, I'M PROBABLY JUST STICKING MY FOOT IN MY FUCKING TALK BLASTER YET AGAIN, AND I'M PROBABLY MAKING YOU UNCOMFORTABLE. I GUESS I'LL GO BACK TO MY ROOM NOW. I HOPE YOU TAKE AT LEAST SOME OF WHAT I SAID SERIOUSLY THOUGH.

KARKAT: UM. YEAH. OK, BYE.

ARANEA: Not really.

ARANEA: She's apparently very well hidden!

MEENAH: um yeah sure

MEENAH: but

MEENAH: have you even really been lookin

ARANEA: Um...

ARANEA: I have 8een dividing my time efficiently. 8ut thank you for your concern.

MEENAH: it wasnt even that long ago we talked about other boring stuff

MEENAH: you had to drag your stand over to the top of this tree

MEENAH: like all waitin for me up here

MEENAH: how long did that take

ARANEA: Never mind a8out that!

ARANEA: And yes, I did stop along the way to explain some important things to people.

ARANEA: People are curious a8out information, Meenah. They want to KNOW things, alright?

MEENAH: they want to know...

MEENAH: or you want to tell them?

ARANEA: 8oth!!!!!!!

MEENAH: ok lemme ask this

MEENAH: did you pay them so you could explain stuff

ARANEA: ...

ARANEA: Yes.

ARANEA: SO????????

MEENAH: so how long would you estimate you spent cherub hunting in between your splainins

ARANEA: I...

ARANEA: Look. Finding this cheru8 was always going to 8e a slow 8urning quest. It is an intricate, layered mystery that can't 8e rushed. I'm working up to it!!!!!!!

MEENAH: aranea serket i have somefin to explain to you at no expense

MEENAH: i find your humorously ineffective approach to this quest to be max adorbs

ARANEA:

> Tell me about Cronos Ampora

ARANEA: The 8ard of Hope may seem a little jaded these days, 8ut he once had a deeply a8iding faith in magic, and dedicated himself to 8ecoming a great wizard. He 8ecame convinced he was hatched to defeat

an extraordinarily evil magician, one he swore the angels foretold of. Though when pressed for the name of the man, he would not say it, claiming it was too dangerous to even enunciate. Part of his self-aggrandizing mythos was that this magician once somehow from afar tried to strike him down at a young age, so he would never have to face him. But the evil spell was deflected, sealing the magician's spirit away in a series of unassuming vessels until he could find some other cunning way to enter our universe. The attack supposedly left him with his distinctive scar, which he was not reluctant to point out when trying to hit on me. Uh, I mean, he wasn't reluctant to mention it in casual conversation.

ARANEA: But at some point he became disillusioned with magic. If there ever was any truth to his far fetched vision, the legacy of defeating the evil magician would have to be passed on to his descendant, or if his descendant proved to be as much of a failure as he did, then perhaps on to some other Hero of Hope. I'm unsure why he suffered this crisis of faith, aside from the obvious reasons having to do with an overall lack of character, or any other redeeming qualities. Perhaps someone talked him out of his beliefs. Maybe a friend close to him. Or, if one is to believe his fantasy held any water, perhaps someone who was in league with the evil magician. Whatever the case, it was probably for the best, since pretty much everyone who had half a brain thought it was all a bunch of ridiculous nonsense.

MEENAH: serket why do you got to hate on other peoples religions  
MEENAH: dont you kno they just as much a load of crackpotty bunk as all your spiritual bullfuck

ARANEA: But I.....

ARANEA: Yes, I guess I was out of line.

ARANEA: Sorry, I was just trying to riff with you little on a mutually disliked acquaintance. Is that really so bad? Why do you have to take every opportunity to knock my personal beliefs?

ARANEA: You can really be so mean sometimes.

MEENAH: can i have my money now

ARANEA: Yes. Here.

> Tell me about Mituna Captor

ARANEA: The Heir of Doom was once a powerful psionic. He was gifted with vision twofold, and had strong prophetic insights wherever a bleak future was concerned. He had much to say when it came to warning us about the path of doom and destruction we were all headed for, but no one took him very seriously. But one day he lost all those abilities when he badly overexerted himself. It's hard to get any specifics from him, but indications are that he applied every last bit of energy he had toward some great act of heroism, saving us all from some looming threat. Not only did his exertion permanently burn out his psychic abilities, but it left him somewhat... er. Incoherent.

MEENAH: yeah i always wondered what happened there

MEENAH: anyone ever get to the bottom of that

ARANEA: No. The entire incident is shrouded in mystery. From his limited and scattered accounts of what happened, it seems very likely that Kurloz was with him at the time, as the only eye witness. And of course it's

impossible to get any reliable information out of him. I guess we may never know, sadly.

MEENAH: hey this was actually kinda interesting

MEENAH: it was W-ELL worth taking the money youre givin me to put up with it

ARANEA: Agreed! :::D

> Tell me about Kurloz Makara

ARANEA: Prince of Rage actually used to be quite talkative. That is, until he had a nightmare which prompted a bizarre incident, after which he would never speak again. He took a sort of spiritual vow of silence, which I'm sure was probably related to his esoteric faith. Thereafter he became infuriatingly enigmatic. I've found it impossible to get any info out of him, between his ambiguous mimes and penchant for riddles. It's very frustrating, especially for someone like me, who has a passion for gathering as many facts about our story as possible.

ARANEA: Want to know a secret? Please don't tell anyone, but I really can't stand the guy.

ARANEA: It's probably unfair to him because he is obviously such a sweet and harmless fellow. But something about him ruins me the wrong way. I guess I can just be a little petty sometimes.

MEENAH: yeah...

MEENAH: wow serket

MEENAH: just wow so rude

MEENAH: poor clown

ARANEA: Don't give me that! I seem to remember you having more than a few unkind words for him behind his back.

MEENAH: yeah im messin witchu he sux

MEENAH: so

MEENAH: conversation over?

ARANEA: Yes.

MEENAH: ka

MEENAH: ching

> Tell me about Meulin Leijon

ARANEA: Mage of Heart as you know is an ardent disciple of the romantic sciences. She has a well earned reputation as a miracle worker when it comes to match making. But her own romantic history ironically has been riddled with trouble and heartbreak.

ARANEA: Once, well before our session began, she and Kurloz were in a very loving matespritship. It really seemed to everyone they were made for each other. One day, they fell asleep together. Kurloz then had a nightmare so terrifying, he released the most dreadful sound imaginable. It truly echoed the horror of the Vast Honk itself. The noise was so loud and so awful, Meulin went completely deaf, and her hearing never recovered. Kurloz was undoubtedly devastated by what he'd done to her. He was so distraught, he sewed his mouth shut, and has never spoken a word since.

ARANEA: Though they drifted apart as matesprits, Meulin never held it against him, and even seemed to take delight in learning new ways to communicate. They continued to remain very close to this day. Maybe a

little too close, if you ask me. It's clear that her sympathies have been gradually swayed in support of the High8lood's cult. She stays private about her beliefs, but now and then I'll notice she lets some tenet of mirthful doctrine slip out. I suppose I shouldn't be too concerned though, since it's almost certainly a lot of harmless superstition.

MEENAH: )(ONK

ARANEA: Honk honk! ::::)

MEENAH: lol im glad we can both agree that clowny fuckin soda cult is the dumbest shit ever

ARANEA: Yes. Now here is your money. Thanks for listening!

MEENAH: serks do you even know how silly yall are

PAUSE

After, what... another hour? Another hour of bumbling through the afterlife with very little to show for your efforts, you decide to pause the game again. You can only spend so long powering through the dead troll equivalent of an unpleasant high school reunion without making a trip to the load gaper, or fixing yourself a little snack from the hunger trunk.

There's definitely someone else we should be checking in with right now. Someone we are all desperate for an update on. And that someone is...

**[A6I3] ==>**

**25/09/12**

THIS GUY!

This is the guy who you are now being.

**[A6I3] ==>**

**25/09/12**

The feisty mailwoman is still chasing you. Unbelievable. She hardly seems to care at all that something is causing reality to shatter around you. For a moment, you thought you and she might be able to reach an uneasy truce. To stand together if only for a moment and assess the ominous cracks spreading through the void. Maybe even take some time to get to know each other a little, and try to bury the hatchet? You are so tired of running.

But no. She is as furious as ever. What did you even do? Just a couple of routine murders, which was TWO YEARS AGO already. The ring hath no fury, you swear. She is never going to stop. Her delivery is justice, and as you know all too well, nothing stops the mail.

You need to find somewhere to hide and rest for a while.

TAVROS: sHIT!  
TAVROS: oKAY,  
TAVROS: mAYBE WE CAN WORK OUT SOME KIND OF DEAL,  
JOHN: i dunno. this ring is pretty sweet. the price would have to be pretty steep.  
TAVROS: wOW,  
TAVROS: yOU ARE REALLY PUTTING ME, iN AN UNCOMFORTABLE AND CHALLENGING SITUATION,  
JOHN: why do you want this desert ring so bad. is it magic?  
JOHN: i don't really feel magic wearing it...  
JOHN: i mean, not any more than usual.  
TAVROS: i DON'T KNOW, iF IT'S MAGIC,  
TAVROS: tHAT'S NOT WHY i WANT IT,  
JOHN: well, i'm not giving it to you unless you have a really good reason.

dialoglogTAVROS: iT'S FOR PRIVATE SENTIMENTAL PURPOSES,  
TAVROS: i DON'T WANT TO SAY,  
JOHN: that's cool. guess i will just enjoy this ring forever, as my property.  
TAVROS: oKAAAAAY,  
TAVROS: i'LL TELL YOU,  
TAVROS: yOU'RE AN AWFUL HUMAN, bY THE WAY,  
JOHN: yeah right, dude. would an awful guy be wearing such a sweet, priceless ring? i don't think so!  
TAVROS: oH MY GOD, tHAT'S SUCH BAD LOGIC, tHAT YOU'RE KNOWINGLY USING TO BE A WORSE ENEMY,  
JOHN: yeah...  
JOHN: you sure did explain that, i guess.

TAVROS: i WANT THE RING BECAUSE,  
TAVROS: tHIS REQUIRES SOME LABORIOUS EXPLANATION,  
TAVROS: iT PERTAINS TO HUMAN CUSTOMS, WHICH i HAVE TAKEN TIME TO STUDY  
AS AN ETERNAL GHOST,  
TAVROS: tHE TREASURE IS NEEDED, TO COMPLETE A SORT OF RITUALIZED PACT,  
TAVROS: hAVING TO DO WITH HUMAN MATING,  
TAVROS: tO CEMENT IN STONE THE ROMANTIC MATRIMONIES,  
JOHN: oh!  
JOHN: you want to use it to propose to your girlfriend?  
TAVROS: yEAH,  
TAVROS: wHATEVER,  
JOHN: heh... that is not really what i was expecting to hear.  
JOHN: i thought you were just being a greedy treasure grubbing douche.  
TAVROS: yOU MEAN,  
TAVROS: lIKE YOU???  
JOHN: yes.  
JOHN: but that's a pretty good reason.  
JOHN: i guess i can let you have it, if it is going to result in a happy marriage.  
TAVROS: oKAY, tHEN HURRY, aND GIVE IT TO ME,  
JOHN: who is the lucky lady, anyway?  
TAVROS: oH NO, hURRY uP, tHERE'S NO TIME,  
VRISKA: Taaaaaaaavros!  
TAVROS: sHE'S COMING!  
JOHN: who??  
TAVROS: gIVE IT TO ME,  
TAVROS: sHE CAN'T SEE IT YET, iT HAS TO BE A SURPRISE!  
TAVROS: aLSO, i DON'T WANT HER TO KNOW i GOT IT, fROM A LOSER LIKE YOU,

dialoglogVRISKA: TAAAAAAA AVR..... Oh!

VRISKA: Hi John.

VRISKA: Tavros, I didn't know you were hanging out with John. You should have come told me.

TAVROS: bUT, i JUST WOKE UP FROM THE SAND PILE, aND FOUND HIM HERE,

TAVROS: i HAD LITERALLY NO TIME TO GO TELL YOU, bECAUSE OF AN ARGUMENT,

VRISKA: What? What were you arguing a8out?

TAVROS: uHHH,

VRISKA: W8..... what do you mean woke up? Why were you asleep?

TAVROS: uHHH,

VRISKA: Dammit, Tavros. You can't 8e slacking off like that.

VRISKA: I told you, we aren't fucking around anymore. This is serious 8usiness.

JOHN: hey...

JOHN: excuse me, but

JOHN: are you...

JOHN: vriska?

dialoglogVRISKA: Yeah!

VRISKA: Oh, sorry. I really should have introduced myself. I guess I forgot I technically never met this version of you.

JOHN: uh. that's alright. nice to meet you.

JOHN: wait...

JOHN: are you a ghost too?

VRISKA: Yep.

JOHN: so... you're dead?

VRISKA: Yes, John. That's what being a ghost means.

JOHN: ok, i'm still confused though...

JOHN: sorry if i sound dumb, but dream bubbles are still kind of baffling to me.

JOHN: you're, uh... "REALLY" dead?

JOHN: as in, the real you? i mean... dang, what the hell am i even trying to ask here...

VRISKA: No, I get what you're asking.

VRISKA: Yes, the real me. The actual, legit, fully authentic alpha timeline Vriska. Dead. Gone. Fuckin' toast.

JOHN: oh.

JOHN: so when i meet up with everyone on your troll meteor in a year, that means...

JOHN: you'll be...

VRISKA: A corpse!!!!!!!

VRISKA: That's assuming my body was sufficiently preserved during the trip.

VRISKA: Which, now that I think about it, I guess it was? It must have been, because otherwise that unspeakable prototyping atrocity couldn't have happened.

VRISKA: That piece of shit clown. I still have no idea what the deal with that was! He's completely lost his mind. Anyway, that's neither here nor there.

VRISKA: Honestly, I'm surprised you hadn't already heard I was dead, one way or another. It's kind of old news?

VRISKA: Then again, these things are all relative. So who knows.

JOHN: ...

VRISKA: Are you ok? You seem sad.

JOHN: well,

JOHN: yeah.

JOHN: it's always sad to hear a friend died. even if you find out about it from their ghost.

VRISKA: I guess so.

JOHN: also, i had kind of thought that when we all arrived at the new session, that...

JOHN: we were going to like... hang out. or something.

VRISKA: Oh yeah! That's right. We were.

VRISKA: But then I got sta88ed through the 8ack. Which to be fair, was for the good of the party, so the meteor could make the trip in the first place, and keep this whole crazy sequence of events

intact.

VRISKA: Not gonna lie. I made some mistakes.

JOHN: wow. what even happened out there?

VRISKA: Just some pointless, deadly teen drama. Mostly 8rought on 8y ourselves, all acting like juvenile idiots. Like I said, old news.

VRISKA: VERY old for me. I've 8een here a pretty long time now.

VRISKA: A lot has happened since I died. John, did you know the little rendezvous we planned sort of already happened? I mean, in a way.

JOHN: what? it did?

VRISKA: Yes. With your ghost.

JOHN: huh??

VRISKA: I mean, the ghost of one of your altern8te selves, who died along the way doing some stupid thing.

VRISKA: Actually, he and I d8ted for a little while.

TAVROS: wHOA, hOLD ON,

TAVROS: wHAT'S THIS, aBOUT DATING WHO?

VRISKA: Groan. Here we go.

TAVROS: wHY DIDN'T YOU TELL ME, aBOUT THAT,

VRISKA: Tavros, I have led a rich and complic8ted life and death. I can hardly 8e expected to tell you a8out every little thing that I've 8een through.

VRISKA: 8esides, you should have already known this a8out me.

TAVROS: wHY,

VRISKA: 8ecause we shared a sprite 8ody once!!!!!!! We 8riefly had access to all each others memories and feelings.

VRISKA: So if you didn't take the chance to dig that out of my memory, you only have yourself to 8lame.

TAVROS: nO, bUT, tHAT HARDLY LASTED ANY TIME AT ALL,

TAVROS: aND THERE WERE A LOT, oF OVERWHELMING EXPERIENCES ALL HAPPENING AT ONCE,

TAVROS: hOW COULD i TRY TO REMEMBER ALL YOUR MEMORIES BEFORE WE EXPLODED,

VRISKA: Well, all I can say is, I managed! I took the opportunity to remem8er pretty much all YOUR memories.

VRISKA: I was in and out like a 8andit, and now all your life experiences are mine.

TAVROS: tHAT'S NOT FAIR,

TAVROS: bECAUSE, yOU'RE SMARTER THAN ME, aND MORE CUNNING,

VRISKA: Them's the 8r8ks!!!!!!!

JOHN: wait, i'm with tavros here, i think we should back this up a bit.

JOHN: so, my alternate reality ghost dated you?

dialoglogVRISKA: Yes.

JOHN: that...

JOHN: but...

VRISKA: What?

JOHN: vriska, this is a very bizarre and unsettling fact to me!

VRISKA: Why?

JOHN: because...

JOHN: man, i don't know, it just is!

JOHN: you say we dated for a while, but like, i don't even get to remember doing that?

JOHN: i think that's mostly what's weird about it.

VRISKA: Hey, we apparently don't get to remem8er the results of a lot of choices we didn't actually make!

VRISKA: Again, see: the 8r8ks.

JOHN: well...

JOHN: can you at least tell me what happened there? like, how did that go?

VRISKA: It was fine. For a while.

VRISKA: It didn't really work out.

JOHN: oh.

VRISKA: We crossed paths every now and then after that.

VRISKA: Things stayed pretty friendly 8etween us.

VRISKA: Until he died.

JOHN: what??

JOHN: what do you mean he died?

VRISKA: He was murdered.

JOHN: you mean... his GHOST died?

VRISKA: Yes.

JOHN: as in, he just doesn't exist at all anymore? like DEAD dead?

VRISKA: Yes! Dead dead. For good.

JOHN: i don't... how does that even...

JOHN: who killed him???

JOHN: was it jack?

VRISKA: Jack? Are you kidding? No, John.

VRISKA: Jack is 8arely in the picture as a threat anymore. He's just more old news.

JOHN: he is not old news though!

JOHN: he's still as strong and menacing as ever.

JOHN: i just had an awesome battle with him in this very dream bubble!

VRISKA: You did?

JOHN: yeah. i found him skulking around a memory of my dead dad, and i got pissed off, so i really let him have it.

JOHN: oh, i even used the cool hammer you helped me make. remember that?

VRISKA: Oh yeah!

VRISKA: Those were good times, when I helped you 8e gr8. ::::)

JOHN: yes.

JOHN: the last time i faced him was kind of embarrassing. i let him get the drop on me, and he just stabbed me right away.

JOHN: but this time i think i held my own pretty well. i even got in one good hit against him!

JOHN: i gave him a solid bop on the head, and the dice roll made him wear a silly hat.

VRISKA: That's awesome!!!!!!!

VRISKA: One time in an altern8te reality, I came pretty close to killing him apparently.

JOHN: oh really?

VRISKA: You 8et. Too 8ad that was in a timeline that didn't really count. 8ut it's always reassuring to know you can put up a good fight against a strong adversary if you ever needed to. Now I guess you know you can too.

JOHN: i guess so!

VRISKA: What happened after you 8onked him on the head? I 8et he was mad.

JOHN: yeah, he sure was. but our fight was interrupted by like... another taller, white jack dressed in rags.

VRISKA: A white Jack?

JOHN: well, no, it wasn't actually a jack, it was someone different altogether, who just looked like him. with wings and a sword and everything.

JOHN: i think the white jack was probably a girl? i'm not sure, but that was my hunch. i didn't talk to her or anything. she looked really angry.

JOHN: anyway, he seemed scared of her, so he flew away, and she chased him.

JOHN: do you know who she was?

VRISKA: No fucking clue.

JOHN: whatever jack's doing out here in dream bubble land, he seems to have his hands full with her on his tail.

JOHN: but as you can see, he is FAR from out of the picture.

VRISKA: Ok, that may 8e, 8ut it sure wasn't Jack who killed a whole shitload of ghosts out here, including one of yours.

VRISKA: I really dou8t Jack can even kill ghosts. In fact, I don't think anyone can except for this guy.

JOHN: what guy?

VRISKA: Lord English.

JOHN: who??

VRISKA: Wow, John. Really?

VRISKA: Wow.

VRISKA: Time to get a clue!

**[A6I3] ==>**

**15/10/12**

dialoglogVRISKA: Hasn't it ever occurred to you to wonder who the ultim8 8ad guy of this adventure was going to 8e?

JOHN: ultimate bad guy?

JOHN: you mean like the last boss?

VRISKA: Man, even that way of putting it is a little too pedestrian.

VRISKA: I mean, I already 8eat a last 8oss! The 8lack king was the officially sanctioned last 8oss of our session, and I killed him. This is different.

VRISKA: There's always someone stronger w8ing to 8e revealed. Jack showed up shortly after that, and he was MUCH stronger.

VRISKA: Eventually the curtains get pulled 8ack, and you find out who was 8ehind every terri8le thing that happened all along. Someone who is invaria8ly stronger than all other adversaries 8y a

wide margin. The supreme villain!

VRISKA: To be honest, I was always kind of wishing for that guy to show up, whoever he was. For the other shoe to drop, you know? There's always a big bad behind everything. A true gamer sees stuff like this coming a mile away.

JOHN: ok. if you say so.

JOHN: i always kind of thought jack was evil and strong enough to be our main antagonist. but if you say there is someone even stronger and more evil, then... wow.

VRISKA: Yes, I'll admit, I was fooled by Jack briefly.

VRISKA: For a little while, I thought he was the supreme menace, and I would have to face him in a final showdown.

VRISKA: But it turned out that was just a bit of standard misdirection. He was just another step up in a typical pattern of escalation involving increasingly "insurmountable" threats, which legendary heroes like us have to overcome to achieve total victory over everything.

VRISKA: Also, let's face it. I don't think Jack is all that evil, so much as he's just a murderous asshole. Trust me, I know the type.

VRISKA: But English, that guy is as evil as they come. He's the real deal!!!!!!!

TAVROS: oKAY, cAN i JUST SAY SOMETHING,

TAVROS: i STILL DON'T KNOW WHY YOU'RE SO SURE, hE'S THE FINAL VILLAIN,

TAVROS: bECAUSE, yOU YOURSELF SAID, tHERE'S ALWAYS SOMEONE STRONGER, rIGHT,

TAVROS: sO, i'M PERCEIVING A CONTRADICTION ABOUT YOUR FACTS,

VRISKA: Tavros, come on. We've already talked about this ad nauseum.

VRISKA: He's the big bad!!!!!!! It's so obvious. I mean, MAYBE there's someone stronger out there in paradox space? Who knows.

VRISKA: But whoever that is has nothing to fucking do with this massive extended multiverse-spanning campaign!!!!!!!

VRISKA: English was the guy who stacked the whole deck against us from the start, rigging shit to go haywire, wiping out our race, blowing up universes, exterminating ghosts, slaughtering dark gods, and shattering reality itself. Pretty sure we reached the top floor, buddy!

TAVROS: oKAY, bUT ALL i'M SAYING IS, wHAT IF,

TAVROS: tHERE'S SOMEONE EVEN WORSE THAN THAT, dUE TO SPECULATION,

VRISKA: Unbelievable.

VRISKA: John, just ignore him. He tends to be contrary just for the sake of being contrary. It's just what he does these days.

VRISKA: He seems to think it's how you show confidence and assertiveness. The key to high self esteem is apparently just saying "nuh uh!" all the time.

TAVROS: nO, tHAT'S NOT TRUE,

VRISKA: See?

VRISKA: This was apparently the big lesson he learned from sharing a brain with me for a few minutes. In order to feel good about yourself, just be a constant pain in the ass!!!!!!!

TAVROS: nO, tHAT'S NOT WHAT i LEARNED,

JOHN: haha.

JOHN: i see what you mean.

TAVROS: nO,

TAVROS: nO,

TAVROS: nO, oKAY, i REALIZE ALL i'M SAYING IS NO, WHICH IS JUST HELPING MAKE

YOU LOOK AS RIGHT AS POSSIBLE ABOUT MAKING FUN OF ME,  
TAVROS: bUT i LEARNED IN YOUR BRAIN THAT YOU AREN'T ALWAYS RIGHT ABOUT EVERYTHING,

TAVROS: yOU WERE WRONG ABOUT LOTS OF THINGS,

TAVROS: yOU WERE WRONG ABOUT RUFIO!

TAVROS: rUFIO WAS REAL ALL ALONG, }:D

VRISKA: Alright, granted, there did in fact exist a person 8y that name.

VRISKA: You aren't spelling it right, though.

TAVROS: hOW DO YOU KNOW HOW i'M SPELLING IT, wHEN i'M JUST TALKING, INSTEAD OF USING LETTERS,

VRISKA: 8ecause that's how you spelled it when we used to chat online, dum8ass!!!!!!! You weren't using enough letters.

TAVROS: sO,

VRISKA: And in any case, he doesn't actually represent your self esteem. He's just some dude.

TAVROS: bUT, hE MAKES ME FEEL BETTER ABOUT MYSELF wHEN i THINK OF HIM, sO THE REALITY IS EFFECTIVELY EQUIVALENT TO MY FRAUDULENT CHILDHOOD SUPERSTITION,

VRISKA: Lol. Whatever floats your 8oat.

JOHN: you both seem a bit testy with each other. it's kind of funny.

JOHN: actually it's a little hard to believe you and he are...

VRISKA: What?

JOHN: er...

JOHN: never mind, actually.

VRISKA: ???????!

**[A6I3] ==>**

**15/10/12**

dialoglogJOHN: i take it you were pretty good friends back on your planet?

VRISKA: You could say that.

VRISKA: There's a pretty loaded history 8etween us. It's pro8a8ly 8est not to get into it.

VRISKA: None of that matters anymore anyway, it was so long ago. You know how it is.

JOHN: um. sure?

VRISKA: Issues 8etween people seem like such a 8ig deal when they're happening. 8ut then you die, and time just goes on, and on..... then on some more.

VRISKA: If enough time passes, shit that used to 8e a 8ig deal kind of stops mattering.

VRISKA: Ok, full disclosure. I used to do a lot of terri8le things to Tavros.

VRISKA: Once I launched him off a cliff and paralyzed him. And if that wasn't 8ad enough, I spent sweeps mocking him for the disa8ility I caused! Haha.

VRISKA: Oh yeah. Then I killed him.

JOHN: oh, right. i remember you said you killed someone that you cared about. i guess this is him?

VRISKA: Mm hm.

VRISKA: 8ut like I said, that's suuuuuuuuch old news now, it might as well not have even happened.

VRISKA: Tavros doesn't give a shit a8out that stuff anymore.

TAVROS: hEY, wAIT, mAYBE YOU SHOULDN'T, SPEAK FOR ME?

TAVROS: i STILL KIND OF THINK THAT STUFF WAS ALL PRETTY MEAN, eVEN

THOUGH IT WAS FOREVER AGO,

TAVROS: iT'S JUST, i HAVE CHOSEN TO BE THE BIGGER MAN, aND NOT HOLD IT AGAINST LIKING YOU,

VRISKA: Hahahaha! John, can you 8elieve this guy?

VRISKA: This is the kind of shit I have to deal with all the time.

TAVROS: oH GOD,

TAVROS: nO, tIME OUT, i'M FLAGGING THIS, vRISKA, aS TERRIBLE BEHAVIOR,

VRISKA: Tavros, the 8igger man is only ACTUALLY the 8igger man if he doesn't refer to himself as the 8igger man. That's kind of the point?

VRISKA: Unless the intent is to produce some form of socially awkward comic relief, which let's face it, is what you're all a8out.

VRISKA: 8ut that's what I like a8out you.

TAVROS: yES, }:)

JOHN: hmm, i feel like... maybe we got sidetracked there?

JOHN: maybe you should tell me more about this english guy.

JOHN: frankly, it seems like i'm usually one of the last people to learn about stuff like this, and it's starting to make me feel like a bit of a tool.

**[A6I3] ==>**

**15/10/12**

dialoglogVRISKA: He's just some huge overpowered green freak. A time traveling monster, supposedly invinci8le.

VRISKA: Who he is, what he is, where he came from, none of that really matters.

VRISKA: What matters is how we're going to defeat him.

VRISKA: That's what Tavros and I have 8een working on here for some time now.

JOHN: working on what?

VRISKA: Treasure hunting!

JOHN: oh yeah?

JOHN: what treasure?

VRISKA: Yes. Ok, I should explain.

VRISKA: There's sort of a plan in motion to 8eat English. It's a three pronged approach.

VRISKA: A num8er of people out here in the furthest ring are working on different prongs of the strategy independently.

VRISKA: The first is a quest to find the lost ghost of some alien girl. She's said to 8e one of the keys to defeating him in some way.

VRISKA: Other people are allegedly out there working on that right now. If you ask me, it sounds like a really 8oring approach to defeating him. Who knows if it's even true.

TAVROS: (gIVe it tO me,)

JOHN: (stop that!)

JOHN: (keep your hands to yourself.)

VRISKA: The second is a quest to raise an army of ghosts to challenge him directly in some kind of huge 8attle royale, I guess.

VRISKA: From what I understand, some yahoo out there is 8usy rounding people up. I really have no idea how that's going. I usually just hear stuff through the grapevine.

VRISKA: That approach doesn't really interest me either. Gonna file it under "8oring" as well. Seems a little heavy handed, not to mention too slow.

TAVROS: (gIve Me thE riNG,)

JOHN: (no!)

TAVROS: (yes, yOu ASs,)

JOHN: (dude, you suck at whispering!)

TAVROS: (you sAiD you'D GIve it to me,)

JOHN: (i changed my mind!)

VRISKA: The third prong is what Tavros and I are 8usy with. The aforementioned treasure hunt.

VRISKA: The legend says there's some mystical ancient treasure hidden somewhere out here in the furthest ring.

VRISKA: I'm assuming it's some kind of weapon. It's said that if you use it, or like, activ8te it in some way, he can 8e defeated forever.

VRISKA: The nature of the treasure is pretty vague, actually. 8ut the first rule of treasure hunting, which I'm admittedly just making up now, is that it doesn't fucking matter what the treasure is.

TAVROS: (wE had a deAl,)

JOHN: (quit it!)

TAVROS: (why Are you sUcH a liar,)

JOHN: (shut up. i'm keeping it.)

TAVROS: (thiS is noT cOOL,)

TAVROS: (you're PrevenTing joYful human sTYled matrimonY frOM happEning,)

JOHN: (yeah right. like she would even say yes.)

JOHN: (i don't even think she's really your girlfriend. i think you made that up!)

TAVROS: (wow, no, wOw,)

TAVROS: (you wEnt thERE,)

VRISKA: These three goals are all tied to the same legend which I've uncovered clues a8out over time. Legendary shit is everywhere out here. I'm seriously up to my ass in legend. Hell, I probably even qualify as a legend myself!!!!!!!

VRISKA: When it comes to solving a 8ig mystery like this, it doesn't hurt that everywhere we go, places are composed of the collective memories of many different adventurers.

VRISKA: We've explored ancient crypts, networks of 8urial mounds, dusty old tom8s, giant pyramids, you name it. Hints a8out the endgame are hidden all over the place.

VRISKA: Really, everyone's pretty lucky I died so I could do all the dirty work on this. Let's get real, no8ody's 8etter prepared to take on the treasure hunting duties than I am.

TAVROS: (unhAnd the treasurE,)

TAVROS: (it's prEcious to Me, jUst liKe, My beautiful GIRLFRIEND,)

JOHN: (you are so full of shit!)

TAVROS: (we're in LOVE toGetHEr, aSSHole,)

JOHN: (there's no way you're getting this ring.)

TAVROS: (fUcK, YoU,)

VRISKA: Not that I'd have it any other way. This just sounds like the 8est plan to me. Why 8other messing around with an army of ghostly dipshits, or some shy magic alien when you can go str8 for the ultim8 weapon?

VRISKA: Hell, may8e I'll just walk right up to him, one-shot the guy and end it all right there.

VRISKA: That's how a real pro goes a8out 8usiness. You take any shortcut you find.

JOHN: (i am going to wish as super hard as i can that i wake up with this ring.)

JOHN: (it's probably magic, so i bet it makes my wish come true!)

TAVROS: (i doubT that From happeNing,)

JOHN: (if i wish hard enough, that will make it slightly less impossible!)

TAVROS: (oh, you bastARD, you arE gOOD,)

JOHN: (i think some day i will use it to propose to \*MY\* girlfriend. what do you think about THAT, wise guy?)

TAVROS: (noOO!!!)

TAVROS: (gIMme,)

JOHN: (this is pathetic.)

JOHN: (stop grabbing at me! we're missing what she's saying!)

JOHN: (she's going to think we're idiots, won't you STOP?)

VRISKA: Are you fuckers even listening to me???????? God DAMN it.

JOHN: yes!

VRISKA: No you're not. You're squa88ling with Tavros and his loud shitty whispering a8out some 8ullshit.

VRISKA: Come on, guys. Am I really 8eing that 8oring?

VRISKA: I'm really starting to understand how my ancestor must have felt sometimes. No8ody ever respects an important explan8tion!!!!!!!

TAVROS: (i've alReaDY heARd yoUR explANAtions, tHough,)

VRISKA: Why are you still whispering jackass?!

TAVROS: oHH,

TAVROS: sORRY,

VRISKA: Sigh.

VRISKA: 8oth of you just keep your damn hands to yourselves, shut up, and let me finish my story.

VRISKA: Tavros! 8ring me the treasure maps!!!!!!!

TAVROS: yES,

TAVROS: rIGHT AWAY,

**[A6I3] ==>**

**19/10/12**

dialoglogVRISKA: Yes, that's it. Dump them all over the floor a8out ten feet away from me, just like that.

VRISKA: The sloppier the pile and the further away from me the 8etter. Gr8 jo8, Tavros.

TAVROS: tHANK YOU,

**[A6I3] ==>**

**19/10/12**

dialoglogVRISKA: John, come take a look at this.

JOHN: those are all treasure maps?

VRISKA: Sort of! Pro8a8ly not like any maps you've seen.

VRISKA: Check it out. This ought to help you understand how frustr8ting this treasure hunt really is.

**[A6I3] ==>**

**19/10/12**

dialoglogVRISKA: John, tell me what you see here.

JOHN: um...

JOHN: where?

VRISKA: Right here.

VRISKA: What is this? This thing I'm holding?

JOHN: a black piece of paper?

VRISKA: No, John.

VRISKA: This is 8ULLSHIT is what it is.

JOHN: oh.

JOHN: yes, clearly.

VRISKA: This is what a map looks like in the furthest ring.

VRISKA: This is what ALL maps look like out here.

VRISKA: Turns out plotting the relative geographical features of an infinite 8lack expanse of pure void is every 8it as moronic as it sounds. 8ut that didn't stop some ancient eldritch chucklefuck from doing exactly that.

VRISKA: For the longest time, this is all we've had to go on when it came to deciphering the clues and figuring out the coordin8tes of the legendary treasure.

VRISKA: Do you have any idea how hard it is to pin down the physical location of something out here? Never mind the fact that physical location in the furthest ring is already a mallea8le concept. Just imagine what it's like giving someone directions! What do you tell them?

VRISKA: Proceed in a str8 line shaped like a perpetually shifting torus knot until you feel a sense of despair transcending all mortal comprehension, then hang a right at the next octopus?

VRISKA: There's nothing static out there. No landmarks, no points of reference. Nothing!

VRISKA: If you want to make any headway in this gr8 8ig field of fuckall, SOMEONE has got to start wrecking some shit.

JOHN: would that someone be you?

VRISKA: Haha. I wish I had that kind of firepower. 8ut no.

**[A6I3] ==>**

**19/10/12**

dialoglogVRISKA: You wouldn't 8elieve my luck.

VRISKA: You see, recently someone's 8een doing that dirty work for us.

VRISKA: Want to know what the kicker is?

**[A6I3] ==>**

**19/10/12**

dialoglogVRISKA: The guy who's 8een fucking shit up is the 8ig 8ad himself!

VRISKA: Every time he destroys another dream 8u88le, he does a little more damage to the furthest ring, inexplica8ly shattering the essence of all-encompassing nothingness.

VRISKA: As the cracks spread across the void, new points of reference show up on our maps!

VRISKA: Then we look at the angles and intersections and all the shapes formed 8y the cracks, and compare them to our notes from the various riddles and clues we've discovered a8out the path to the treasure.

VRISKA: It's actually a little like how in old times on Alternia, pir8s used to navig8 8y shapes the stars made. Constell8tions used to have a lot of significance in our culture, not just guiding explorers on their journeys to physical destin8tions, 8ut guiding them on the choices they made in life, pertaining to f8 and all that. Not that humans would really understand anything like that.

VRISKA: I actually find the situ8tion to 8e pretty funny. This guy's ego must 8e astronomical. Classic case of unchecked hu8ris paving the way for his own downfall.

VRISKA: I didn't even need to 8uild a we8 to trap him. He just went ahead and started 8uilding his

own.

VRISKA: Talk about a lucky 8r8k!!!!!!!

**[A6I3] ==>**

**20/10/12**

dialoglogJOHN: that is pretty neat.

JOHN: so does that mean you know where the treasure is now?

VRISKA: No, because the map isn't complete yet!

VRISKA: Needs more cracks so we can plot the rest of the course. All we're able to do now is head in the right general direction.

VRISKA: So ironically in order to prevent reality from being destroyed, we need to wait for it to be damaged further. In fact, we're better off encouraging it!

JOHN: encouraging it?

JOHN: what, you mean like, making him mad so he breaks more... uh...

JOHN: nothingness?

VRISKA: Yes, but it has to be strategic. We have to somehow lead him in the direction of the places we want him to damage.

VRISKA: Specifically, the places where the route dead-ends. Wherever we need new points of reference to keep going.

JOHN: so that means you have to piss him off i guess.

VRISKA: Not really. He's already pissed off. I think he's just permanently that way?

VRISKA: It's more about getting his attention. Using the right 88! Like going fishing.

VRISKA: But to do that, you gotta know what he really wants. Like what motivates him. I mean, besides indiscriminately killing dead children and huge tentacle monsters.

JOHN: i am guessing you have an idea what that might be?

VRISKA: Sure. The rumor is he's trying to find that dead alien girl I mentioned, and kill her ghost for good.

VRISKA: If he catches on to the fact that some of us are looking for her too, and thinks we're hot on her trail, he'll probably start following us around and wreaking havoc wherever we go.

VRISKA: We just have to make sure we're in the right place when he tries to kill us. Oh, also try not to actually die again while we're at it. Haha.

JOHN: so the bait is really you.

VRISKA: Sort of! It's actually more the bogus idea that we'll lead him to the cherub, because we're looking for her too. Which we're obviously not.

VRISKA: There's some manipulation involved.

JOHN: ok. how do you know he'll go for it? i mean, how will he actually know you're "looking" for her?

VRISKA: That's a pretty good question. Have to admit, I don't have everything quite figured out yet.

TAVROS: yEEEEEEEEAAAAAH,

VRISKA: Shhhhhhhh! I'm still talking!

TAVROS: BUT, THAT'S NEVER NOT BEING THE CASE, ALWAYS,

VRISKA: Nice sentence, genius! Anyway, like I was saying.....

VRISKA: I'm hoping my exploits can spread throughout the ring by word of mouth. Tales of my legend, you know?

VRISKA: Then once he catches on, he'll come looking for us, and then presumably go apeshit with

his rain8ow laser 8reath. Metaphysical cataclysm ensues.

JOHN: that sounds... optimistic?

TAVROS: yEAH, eXACTLY,

TAVROS: sEE, tHIS TO ME, mAYBE SPEAKS TO THE DANGER,

TAVROS: oF HAVING SELF ESTEEM THAT IS UNREASONABLY HIGH,

JOHN: heh.

VRISKA: Oh, shut up.

VRISKA: I said it's a work in progress!!!!!!!

VRISKA: We might need to make a 8igger spectacle of ourselves somehow. Get more people involved. I don't know.

VRISKA: It does seems like he's more drawn toward gr8ter concentr8tions of ghosts.

VRISKA: There's still plenty of time to figure it out. That's one thing a8out 8eing dead. There's always more time.

VRISKA: Plus, needless to say, lady luck will ALWAYS 8e on our side! ::::)

**[A6I3] ==>**

**20/10/12**

dialoglogJOHN: well...

JOHN: cool!

JOHN: that was actually a very interesting story, vriska.

JOHN: you're a pretty good story teller!

VRISKA: You think so?

TAVROS: oH, yES, i THINK SO TOO,

TAVROS: sHE'S GOTTEN MUCH BETTER AT STORIES, aS A RECREATIONAL LONG TERM DEATH HOBBY,

JOHN: oh yeah?

TAVROS: sURE, wE'VE BOTH LOOKED AT LESSONS FROM OUR ANCESTORS, tO IMPROVE OUR SOULS,

TAVROS: hER ANCESTRAL AWAKENING HAS TO DO WITH UNDERSTANDING HER DESTINY, tO TELL LONG STORIES TO PEOPLE, aND MAKE THEM LISTEN TO ALL THE WORDS IRREGARDLESS OF THEIR INTEREST, bY ANY MEANS NECESSARY,

TAVROS: tHE ART OF SAYING OPTIMAL TALES BY MY UNDERSTANDING, iS TO CHARGE THROUGH ALL CONCEIVABLE DETAILS AND EXCESSIVE MINUTIA, uNTIL THEY ARE EXHAUSTED COMPLETELY, mUCH LIKE IT IS A SPIRITUAL PRACTICE, aND EXTRANEIOUS INFORMATION IS TREATED LIKE THE RELIGIOUS WORDS YOU SAY OVER AND OVER AGAIN UNTIL BRAIN PEACE HAPPENS,

JOHN: that's... one way of looking at it.

JOHN: i don't know about excessive minutia or brain peace, but i was hanging on every word!

VRISKA: Aw, you guys. You're making me 8lush.

JOHN: i wish i could hang out with you longer and maybe even help you with your treasure hunt.

JOHN: but i just know i'm gonna be waking up soon.

JOHN: darn. who even knows how long it will be before we meet again in another bubble?

TAVROS: yEAH, wELL,

TAVROS: tHEM'S THE BREAKS, aHA, aHA,

TAVROS: (soOn, iT will be MIne,)

VRISKA: Don't mind him, John. He's just 8eing weird and tooly again.

VRISKA: It was nice to see you and catch up like this. If we don't meet in another dream soon, don't worry.

VRISKA: I have a feeling we'll 8e crossing paths again 8efore this is all over!

You got some FIDUSPAWN CARDS! Gotta hatch em all!!!!!!  
Is advice you should follow if you want way too many fiduspawn crawling around. For safety reasons, the manufacturer recommends that you only hatch some.

> Talk to Rufioh.

MEENAH: sup nitram

RUFIOH: oh, hey doll... you were gone a crazy long t1me...

RUFIOH: good to have you back, though... yo, that bomb stunt you pulled was some crazy sh\*t.

#thought you were hatch1ng a sweet f1duspawn with that thing tbh...

MEENAH: wasnt no thang

RUFIOH: don't sell yourself short... 1 don't think 1 could have done that. you're pretty gangsta, pe1xes.

MEENAH: yeah i know

MEENAH: hey lets stop talking about how badbass i am a minute and talk about you

#wanna axe you things

RUFIOH: shoot, doll...

MEENAH: those wings

MEENAH: you was hatched with em right

MEENAH: or i guess pupated them

#when you hit puperty??

RUFIOH: ha, yeah that's r1ght... 1'm a "m\*tant"... don't tell kankr1 1 said that! he's my boy, but you know how he's not down with l1ngo l1ke that...

#lingo like... #you know... #regular words

MEENAH: ug dont even say it he will like teleport into our conversation with ghost magic just to shoosh you

RUFIOH: yeah... he does that to you too, huh... that's some crazy sh\*t!

MEENAH: ok so you always had wings then

MEENAH: then i guess you arent secretly a god tier or

RUFIOH: nah... might have been cool to go full on rogue... hey, maybe you coulda given me like, stealing pointers... what as a thief and all!

RUFIOH: but naw, i don't think i could have gone through with that... not intentionally i mean...

MEENAH: what why not

RUFIOH: i don't know... killing yourself, that's... a heavy thing to do.

i'm not like you, meenah... i don't think anyone is... well maybe damara is kinda... but maybe we shouldn't go into that, hahaha. let unhatched f1duspawn lie, you know...

MEENAH: ...

RUFIOH: what i'm saying is, you got game... and i can dig that... but i was never as brave as people always thought... i don't know why they always thought that about me. maybe it's my wings or my mohawk... or when i shout bangarang sometimes real loud? makes it seem like i'm the shit, with big self esteem... but my self esteem is nothing really to crow about... i dunno...

MEENAH: alright so you never got tiered but i still dont get somefin

MEENAH: didnt you have a totally fuckin stupid robot body at some point or did i just imagine that

MEENAH: that whole period of time in our session was reel foggy to me i guess because i was dead for a while there

#maybe i got the ghost madness #could SWEAR you was a metal horse tho

RUFIOH: yeaaah...

RUFIOH: no, the robot body was definitely a thing... i kind of blocked that out of my memory too, haha... that was... that sh\*t was something else, yo! crazy...

RUFIOH: i'm sure you remember how all that started... back when damara and i were still dating... ring any bells?

MEENAH: yeah

MEENAH: fuckin megido

MEENAH: do we really need to rehash that ancient bullshit drama

#bull #lol #wait... #why dont you ever do bull puns? #FAIL

RUFIOH: no, no... heh, just saying is all... it was that whole thing... anyway, that's when horuss was kind of macking on me, remember... and i wasn't all about to vacillate with him and her cause i knew how she was... d\*mn, so jealous... so f\*\*\*ing crazy...

RUFIOH: so she made me a cr\*ppe, remember?

MEENAH: tag that shit homie

#abaloneism

RUFIOH: d\*mn, yeah... i mean, she busted me up... couldn't move a muscle... well, could still flap my wings well enough, haha...

RUFIOH: really, i thought it would be alright, just flapping wings around... i could still fly and just hang there limp... might have been a dope look!

RUFIOH: but nah... horuss thought better of it. built me the robo-bod, which was pretty tight...

#like literally... #screwed that sh\*t together TIGHT! #dude is good

RUFIOH: lost my wings though which sucked... and kind of awkward just having a real guy's head on top of a big metal body and making all those d\*mn legs move the right way, you know... trotting is hard work yo.

#especially on stairs... #}:(

RUFIOH: better than being a cr\*pplle though. I mean a quadriplegic, oops, haha... but I guess you didn't know what happened after that, since you and damara were killing each other and all...

MEENAH: no what

RUFIOH: well... I died. yeah... but...

RUFIOH: that's like... wow, long story... guess you never heard... I'll tell you some other time, it's this whole crazy thing. but...

RUFIOH: I was dead, right? and horuss kissed me back to life... but just my head I think... he was probably standing on some mountain striking a pose like a f\*\*\*ing gangsta, probably fighting a hoofbeast with a flaming mane and all...

#hope someone painted that sh\*t... #instant masterpiece

RUFIOH: so yeah, next you saw me I had my normal body again... it was cool of him to help me all the ways he has.

RUFIOH: and yeah, we went out, me and him... for a long time after that, kinda off and on, even after we died... in case you were gonna ask...

MEENAH: i wasnt

RUFIOH: right... haha... too much information I guess? sorry doll.

RUFIOH: I always wanted to thank you for standing up for me... you know, when she cr\*ppled me... even though it cost ya... that was pure class, peixes, I'll never forget it.

MEENAH: man i wouldnt have had to if you could just stand up for yourself sometimes

MEENAH: i mean being paralyzed notfishstanding

RUFIOH: heh... yeah... I guess...

MEENAH: you are the only guy in our group who was ever even close to being pretty cool

MEENAH: everyone else sucks but you were almost alright

MEENAH: you were always such a pushover though

MEENAH: pretty lame bro

#TW #CRIPPLE ENTENDRE #suck it

KANKRI: Excuse me. Meenah, "lame" is an ableist slur, which in this context is REALLY inappropriate. Tagging your jokes with "ir9nic" trigger warnings really does not excuse the behavior. I'll thank you to refrain from using such terms in the future.

#Also, when walking, be careful not to flaunt the health of your legs.

MEENAH: AAAAAUG)(A

> Ask Rufioh to join.

MEENAH: i probubly shouldnt even ask this since youre not as brave as people make out with you to be

MEENAH: i mean make you out to be

#wait #what did i say? #nm

MEENAH: but would you want to come away with me to...

RUFIOH: whoa, man... not you too!!! ahaha...

MEENAH: wut

RUFIOH: 1t's f1ne... 1t's alr1ght that you d1g me, 1'm flattered... you were just the last person who hadn't h1t on me yet... and 1 k1nda dug that about you, you know?

MEENAH: i wasnt asking you out dope

RUFIOH: oh... wow... sh\*t! sorry, guess 1 got the wrong 1dea...

RUFIOH: 1t's just k1nd of a reflex, doll... you know? everybody h1ts on me all the t1me, and 1 don't know why... sh\*t 1s crazy...

RUFIOH: just the other day, get th1s... some orange guy 1n a green sh1rt jumped out of some bushes and tr1ed to k1ss me... and 1'm l1ke whaaat... step off jolly man, haha...

MEENAH: maybe its cause youre a bishie ass glubberfucker with a kickin hawk

RUFIOH: yo, that's cool of you to say... you've got k1nda th1s otenba b1shojo thing going on yourself, g1rl... your style rocks, 1 always thought you looked pretty slamm1n...

#1 could g1ve you mohawk dy1ng t1ps... #you'd rock the sh\*t out of that look!!!

MEENAH: for what its worth

MEENAH: i would be your moe dere dere waifu in the beat of a pump biscuit

MEENAH: if i was remotely attracted to you or found your personality more appealing

MEENAH: and also if i shared your dumb passion for troll anime and didnt think it clogged massive blowhole

RUFIOH: ahaha, bangarang! that's a scenar1o 1'd be alr1ght with...

RUFIOH: no one really to talk to anymore about my stor1es, yo... s1nce th1ngs got so ch1lly with my ex...

MEENAH: goddamn witch

RUFIOH: seriously... she crazy...

RUFIOH: so what were you going to ask me... uh, 1f not on a date? #and 1f not what brand of mohawk dye 1 use?

MEENAH: never mind

MEENAH: youre not even gonna agree anyway cause this team suuuuucks

MEENAH: later ruf

> Be Rufioh.

RUFIOH: oh sh\*t... you want to be me? ok that's pretty dope 1 guess.

RUFIOH: but can 1t wait? my lusus 1s m1ss1ng aga1n and 1 can't think straight without h1m... he's my happy thought!!! haha...

RUFIOH: 1 hope damara d1dn't do something with h1m... she l1kes to f\*\*\* with me somet1mes by stash1ng the l1ttle guy somewhere... she's bonkers!!!

There was a rumor going around that once, through an elaborate courtship process, Horuss sent Rufioh a robotic duplicate of himself to spar with, piece by piece. The last part he sent was supposedly the head.

That's almost certainly a myth. Horuss is a pretty strange dude, but he would have to be a total lunatic to do something like that. The anecdote strains plausibility.

> Talk to Horuss.

HORUSS: 8=D < Your Harness... I mean Hayness. Highness I mean.

HORUSS: 8=D < F\*DDLEST\*%. Please pardon my utterly e%ecrable language, and unforgivable stammering, your Horseness.

#Sh\*ot! #I mean Hayness! #Whew.

HORUSS: 8=D < I am a bale of nerves in your royal presence, and it has been so long.

HORUSS: 8=D < And when I am so spooked, you must know how that causes me to even more firmly identify with the majestic hoofbeast.

MEENAH: hey uh

MEENAH: horuss what...

MEENAH: what the fuck is that thing youre prefixing all your talkin with

HORUSS: 8=D < Oh, this? What, you don't recognize it?

MEENAH: no and its weirding me out

HORUSS: 8=D < Why, it is my smiling face, you s\*Ily, utterly superior person, you. Goggles and all. Can't you see?

MEENAH: i

MEENAH: guess??

MEENAH: its disturbin as heck to me for whatever reason

HORUSS: 8=D < The last thing I desire is to disconcert our prodigal empress.

HORUSS: 8=D < I just thought I would try smiling permanently and uncompromisingly, rather than resnorting to all those disgruntled e%pressions I usually trot out.

#I've been cutting back on the horse puns too, as you can see.

MEENAH: why the eff would you want to do that

HORUSS: 8=D < It was on Meulin's suggestion, actually.

#8=3

MEENAH: huh??

HORUSS: 8=D < Oh, I guess you must not have herd. She and I have developed quite a STRONG and stable moirallegiance recently.

MEENAH: daaaang

#disclamer: #less impressed than i sound

MEENAH: that matchup makes no glubbin sense dude

#cats+horse #ftw

HORUSS: 8=D < E%actly. Whoof would have thought? If you a%ed me before we all died whether I would consider romantically pairing with a r\*d\*culous midb100d, let alone Ms. Leijon of all people, I'd probably have died regardless, due to laughter-induced asphy%iation.

#If you're going to go #Go out with a smile #8=D

HORUSS: 8=D < But do you know what it was that finally cleared the sweat steam-induced fog from my goggles? It was meeting our post-scratch counterparts.

#Dancestors #Or shall I say #Dressagecestors?

HORUSS: 8=D < Seeing our corresponding young Alternians, why it threatened to produce a tear-induced f100d on the inside of my goggles.

#Which naturally I would drain right away through the custom sweat valves

HORUSS: 8=D < Their relationship in spite of the STRONG class disparity I found to be so moving, so pure. It made me reconsider my perspective on Meulin entirely, who horsenestly I'd hardly ever given a second thought.

HORUSS: 8=D < It's funny, don't you think? How our young ancestors took to a completely different social configuration, making for some rather odd pairings, both platonic and otherwise. A whole host of counterintuitive minglings, up and down the hemospectrum with no regard for class compatibility. And yet it all seems to make a strange amount of sense.

Neigh, I might go as far as saying it's all oddly rather...

HORUSS: 8=D < T\*tillating? Or no, perhaps what I mean is some of their Alternian indiscretions feel a bit, I don't know...

HORUSS: 8=D < Naughty?

HORUSS: 8=D < Oh ph\*\*ey, that's not what I mean either. (Pardon my p\*ttymouth.) Now you'll probably mistake me for some kind of r\*scally deviant.

#My mouth is quite the l\*ad g\*per today.

MEENAH: man why yall still act like you give a heap of manure about dating down on the spectrum

MEENAH: you and nitram been a thing for how long now

HORUSS: 8=D < Yes, but no one was supposed to know about that!

HORUSS: 8=D < That was always to be my own private, um, e%ploration. I had no intention of creating such a stirrup.

#Though I have literally smithed such items before, pun notwithstanding.

HORUSS: 8=D < It was only to be a very private, fleeting dalliance with a BUOY, but the whole thing became so quickly scandalized.

#A spur of the moment affair, really.

HORUSS: 8=D < And soon others were whisked into it such as you and the vengeful rust b100d, and... well, imagine my embarrassment. Trust me, the last thing I wanted was for royalty such as yourself to know I was pursuing forbidden b100d. To be caught with my hoof in the chocolate jar, so to nicker.

MEENAH: ill

HORUSS: 8=D < And I suppose I would have clopped my hands of the matter after the big k\*rfuffle, but...

HORUSS: 8=D < I guess I didn't e%pect to fall in love.

MEENAH:

HORUSS: 8=D < It's true. I am not ashamed to say it. I fell mane over hooves. Phantom snout over phantom hind quarters. He...

HORUSS: 8=D < He stole my breath away.

#With but a roguish glance.

MEENAH: wow life story alert do not care

HORUSS: 8=D < My apologies, your E%cellency.

MEENAH: just tell me why paling up with meu means you have to make that terrible face now

HORUSS: 8=D < She's taught me to get in touch with my anger. Through a moderately discernible series of enthusiastic mimes, she has made it clear that it is much healthier to crush all negative emotions beneath a stampede of positivity, and to always be cheerful and upbeat no matter what, even if projecting that facade is at times physically painful.

#Such as #All times.

MEENAH: that is some shitsauce advice and you should give it up homes

HORUSS: 8=D < Um, yes. Very well.

HORUSS: (; ≧Д≧) < Is this better?

MEENAH: much

> Ask Horuss to join.

HORUSS: 8=D < Respectfully, your Superlative Magnificency, I do not think that would be advisable.

MEENAH: whoa shocker of the centaury

#HORSE PUN #DIS GIRL #ON FIYA

HORUSS: 8=D < Of course, I will if you order me to without hesitation.

But lately I've been attempting to canter down a trail of nonviolence.

HORUSS: 8=D < I've been saddled for so long with anger and hostility, and now my focus is on solving problems in ways that do not involve confrontation or physical STRENGTH.

#Soon I may even be able to say STRENGTH without shouting.

HORUSS: 8=D < Technology can solve so many problems, for instance. Do you have any idea how much energy is stored in sweat which may be released through its steam?

HORUSS: 8=D < Have you any clue as to the MIGHT of a quadrupedal automaton powered by raging currents of steam coursing through its exquisite horizontal torso, and finally jetting through a perfect pair of metal nostrils? I could build as many as you like, my Empress.

MEENAH: um no think i will pass on taking an army of snorting horsebots with me

## #unless you build those suckas out of gold

MEENAH: so thats all you do is build stupid shit that runs on your sweat now?

MEENAH: cause i could really use a guy with muscle

MEENAH: i dunno if you seen this skull dude but he is RIPP-ED

#kinda hot actually

HORUSS: 8=D < Oh no, that's far from my only preoccupation. I have also taken some time to perfect the art of humor.

HORUSS: 8=D < Would you like to hear a joke?

MEENAH: oh noes...

#fine

HORUSS: 8=D < A horse trots into a thirst shanty. His muscular shoulders slouched, his noble head hanging low.

HORUSS: 8=D < The dairyjerk observes that the great beast is clearly despondent, and asks:

HORUSS: 8=====D < Why the long face?

MEENAH: euurergh

MEENAH: zahhak god damn it i am royally orderin you to stop doing that face forever

HORUSS: 8=0 < At once, my lady.

HORUSS: 80 < My formerly perky visage withdraws, while my fully erect posture shrivels at your regal disapproval.

What's that sound? You listen closely to the chest. You hear  
something flapping around in there. This thing looks air tight.  
Whatever's in there might run out of ghost oxygen soon.  
Alas, this chest appears to have an extremely complicated lock.  
There's no way you can open it. You'll need to find someone who's  
handy with gadgets.

You can go use one of these on the HOST PLUSH back there! It

MEENAH: when did you decide you were a horse

KANKRI: \*PHWEEEEEEEEEEEEET!!!\*

HORUSS: 8=D < I... think you said yes? Sorry, I really struggle with your coarse lowb100d accent.

DAMARA: 私のおっぱいの上にミルクを注いでください。[Please pour milk on top of my boobs.]

HORUSS: 8=D < I didn't quite understand that either. Something about milk? Served to you in a particular way?

HORUSS: 8=D < Yes, if you would like some milk, I can bring you some later. I'll just need to equip my steam powered deSTRENGTHening gloves so that I may hand you the glass without shattering it.

DAMARA: ない。手袋を着用しないでください。私はそれがラフ好きです。私の体を押しつぶす。馬男。[No. Please do not wear gloves. I like it rough. Crush my body. Horse man.]

HORUSS: 8=D < I really need to finish my universal translation device so we can have a more coherent conversation. It's just so difficult to get the circuitry to function correctly when one insists on relying on steam power.

DAMARA: あなたは、幽霊のような私の性器が性的クライマックスを持っていることを確認してください。あなたの幻の馬のペニスでそれを行う必要があります。[You, please make sure that my genitals ghostly have a sexual climax. You must do it with your phantom horse's penis.]

HORUSS: 8=D < Do what with your schoolgirl uniform?

HORUSS: 8=D < I wouldn't want to do anything to ruin it. It's quite nice.

HORUSS: 8=D < But perhaps I could craft a robotic avatar for you, emulating your fashion choices. Actually, if I did that, I could install more sensible speech algorithms, so that I could understand you for a change.

HORUSS: 8=D < Come again?

HORUSS: 8=D < I suppose Rufioh should ask. He's always been the only one who can parse your vulgar, peasant tongue.

\* gray chest

You got RUFIOH'S LUSUS!!!

The poor little guy is gasping for breath. Who could have locked him in here? Who could be so cruel?

You glance at Damara suspiciously. She doesn't bother to look at you, and takes another drag.

\* return to Rufioh

> Talk to Rufioh.

RUFIOH: hey man. oh, heh... still making that face I see...

HORUSS: 8=D < Yes, I really enjoy making this face. It really helps

remind me through persistent facial discomfort that appearing to be happy should always be one's top priority.

HORUSS: 8=O < Why? You don't find it displeasing, do you?

RUFIOH: um... no... it's uh... yeah, it's alright horuss. the look is really, uh... something else. wow.

HORUSS: 8=D < Really, I could stop making the face. Meenah recently ordered me to stop making it in her presence, and I of course instantly complied. I would just as readily do the same for someone as important to me as you.

RUFIOH: err... haha. that's cool... but yeah, that's fine. really I can dig the look, I guess. just do whatever you're feeling with it...  
#except for maybe #pointing it at me so much...

HORUSS: 8=D < Rufioh, your affable malleability continues to be your finest quality. It is the jewel in your mohawk. A true diamond in the Ruf. You always were the ideal embodiment of your aspect, as pleasantly wayward and fickle as The Breeze itself.

RUFIOH: yeah... uh... thanks. I should probably try to work on that though...

HORUSS: 8=D < Of course. We always strive to hone our craft, ever pounding at the iron to make the shoe a perfect shape. I know well how much work it takes.

RUFIOH: no, I didn't mean, like... be MORE like that... I mean... uh, sorry to interrupt... go ahead?

HORUSS: 8=D < My path was similarly governed by my aspect. For the longest time, I felt as if I was a blank sheet of paper. Like I had to make myself out of nothing.

HORUSS: 8=D < And so I began to listen closely to the void within myself and corral the various personal attributes I herd calling to me.

HORUSS: 8=D < Much like assembling a complete machine, I began to piece together a STRONG identity, which of course included discovering a passion for mechanism itself.

HORUSS: 8=D < And needless to say, what also galloped out of the void in my soul was the realization that I am obviously a noble hoofbeast, though my physical appearance cruelly betrays this fact.

RUFIOH: hey, uh... horuss... I think...

RUFIOH: we need to talk.

RUFIOH: I mean, when you get a minute...

HORUSS: 8=D < And in following sweeps I would keep turning my mechanically augmented, acute equine ear back to the abyss within, and continue to discover more about myself. I would learn that I was more complicated than I ever imagined. More complicated than any mortal mind could understand a person to be.

HORUSS: 8=D < Knowing myself to be hoofbeastkin was only grazing the surface of the pasture. Merely skimming the cream from the top of the milk. I was so much more.

RUFIOH: I think maybe we should like...

RUFIOH: uh... see other...

HORUSS: 8=D < It turns out my body was merely the host to a highly intricate system of entities of any sort you could name, biological or

mechanical, sentient or nonsentient, physical or metaphysical. My inner field of experience is shared by the souls of ancient legendary musclebeasts, a range of devices such as household appliances, a number of cosmological features such as planets, star systems, even several universes, and a variety of abstract concepts which sentient beings have not yet formed the language to express.

RUFIOH: I like... don't get me wrong... we had some good times together... it's been great really...

RUFIOH: but maybe it's time to uh... I dunno.

HORUSS: 8=D < But as much as I learned about myself, I could never find a way to become whole.

HORUSS: 8=D < The void was never filled until you came along, Rufioh.

RUFIOH: wow man. that's...

RUFIOH: wow.

HORUSS: 8=D < If there is any lesson I would like people to take from my story, it is a lesson that is a multiple system consisting of two distinct lessons.

HORUSS: 8=D < The first is how love heals all wounds, even ones consisting of the infinite essence of void permeating your entire existence and role as a legendary hero.

HORUSS: 8=D < The second is how if you are faced with any crisis of identity whatsoever, it's really important to do your best to manufacture esoteric features of your personality and believe in them very STRONGLY and tell people about those things as frequently as possible.

HORUSS: 8=D < I can assure you right now, the labor involved in smithing my personality into one that is interesting and complicated was rather intensive.

HORUSS: 8=D~~ < I really worked up a good sweat in the process.

HORUSS: 8=D~~~~ < (That is the sweat dripping from my face.)

RUFIOH: hey... yo... that...

RUFIOH: that's some freaky sh\*t dog!

HORUSS: 8=D < Anyway, I apologize for talking so much. You know how you have a way of drawing the breath out of people.

HORUSS: 8=D < What were you trying to tell me?

RUFIOH: oh... yeah.

RUFIOH: uh...

RUFIOH: never mind.

> Give Rufioh his lusus.

RUFIOH: oh SH\*T! you found him... thank you so much!!!

RUFIOH: I was so worried... but now he's back, and so are my happy thoughts.

RUFIOH: got all kinds of confidence now... heh, you wanna be me? my self esteem can totally accommodate that yo!!!

Be Rufioh?

> Yes > Talk to Horuss.

RUFIOH: yo yo, horuss my gangsta, how you feel?

RUFIOH: can I get a way gentle fist bump from my boy? heh, yeah... just like that... f\*ck yes.

#actually that still kinda hurt...

RUFIOH: anyway 1've been mean1ng to talk to you about someth1ng...  
someth1ng uh... pretty 1mportant.

RUFIOH: about us and the future and all that... you got a m1nute?

RUFIOH: ok, cool. so... d\*mn... where do 1 even start...

RUFIOH: you know we've had noth1ng but good t1mes together... 1t's  
been the bomb.

RUFIOH: well, maybe not everyth1ng... sh\*t got d1cey at the start... with  
my crazy ex and... yeah. that's not the po1nt.

RUFIOH: remember the way you used to be... before you all started  
be1ng 1nterested 1n me... man you thought 1 sucked! haha, just another  
lowblood not worth your t1me.

RUFIOH: you were so p1ssed at people l1ke me and damara... so angry,  
damn. sh\*t was scary... and damara... she used to be n1ce as can be...  
dunno what happened there. talk about a personal1ty sw1tch... for both  
of ya...

RUFIOH: but then for whatever reason... 1 guess you wanted to reach out  
to me? 1 mean... 1n secret, 1 know. you d1dn't want to be all shamed out  
of your h1ghbrow CIP club, 1 could always d1g that. 1 understood, you  
know?

RUFIOH: so you came to my woods... never told anybody... we hung out.  
that meant a lot to me. 1 want you to know that.

RUFIOH: people always had crazy 1deas about me. l1ke 1 was th1s brave  
adventure guy all up 1n th1s forest be1ng a bad\*ss and sh\*t. people  
l1ke... they always wanted to be w1th me, or... maybe even wanted to BE  
me? 1t was all k1nd of whack... even damara when we were go1ng out  
d1dn't really get me, 1 th1nk... she put me on th1s pedestal, 1 mean,  
back before she snapped.

RUFIOH: but you saw me for who 1 was. wh1ch was... not a perfect guy.

RUFIOH: l1ke, 1 wasn't really sure about myself, and you saw that... so  
you actually helped me.

RUFIOH: when we were 1n the woods together, you taught me to f1ght...  
taught me to fly... taught me to crow!

RUFIOH: well, not l1terally. 1 mean... 1 knew how to do those th1ngs. 1  
knew techn1cally how to flap my w1ngs and fly through the a1r. 1 knew  
how to say "bangarang" all loud 1f 1 really wanted to... but that was the  
th1ng. 1 was scared! 1 was scared of fly1ng and fall1ng... 1 was scared of  
f1ght1ng and fa1l1ng... and 1 was scared of crow1ng and... sound1ng  
l1ke a f\*\*\*1ng 1d1ot 1 guess! lol...

RUFIOH: but you helped me not be so scared, or self consc1ous maybe...  
you just helped me be myself. l1ke... to just be ok w1th not be1ng  
perfect, or l1v1ng up to whatever people th1nk 1 should be.

RUFIOH: maybe 1t's just nostalg1a... there was someth1ng better about  
those t1mes... just you and me ch1ll1ng 1n the woods. but then we  
entered the game.

RUFIOH: and for some reason... st1ll don't know why... damara just  
started go1ng a l1ttle more nuts every day... gett1ng more and more  
jealous when she knew we were hang1ng out...

RUFIOH: then she found out 1t was more than just hang1ng out... and 1  
guess the rest was h1story.

RUFIOH: and yada yada... then we all died... and we been together ever since. all this time as ghosts...

RUFIOH: which is... a long time, you know?

RUFIOH: and I'll always be grateful for what we had together... but... I guess people change.

RUFIOH: even as ghosts, they change, if you give em long enough... they start wanting different things...

RUFIOH: aw man! I'm going about this all wrong... saying way too much, but not what I want to say... sh\*t, haha.

RUFIOH: I should just use the bravery you helped me understand I always had, and just say it...

RUFIOH: I think we should break up.

RUFIOH: ...

#...

RUFIOH: uh...

RUFIOH: you ok, bro?

HORUSS: 8=D < Oh! I'm sorry, what did you say?

HORUSS: 8=D < My ear valves filled up with sweat, and I didn't catch most of that.

RUFIOH: ...

HORUSS: 8=D < Hey, why don't we participate in an enjoyable activity together later, as romantic afterlife partners? We could play one of those foreign card games you seem to like. What's that one called again?

Fiddlespoon?

RUFIOH: um. yeah... we can do that... I guess. that sounds... uh... dope.

HORUSS: 8=D < I know I'm not the best partner to share your erotic and somewhat childish interests with, but I do my best to try to understand them and enjoy them with you. The most important thing is that we spend time together, and maintain a STRONG relationship.

RUFIOH: ...

RUFIOH: bangarang.

\* *return to Meenah*

RUFIOH: d\*mn... thank god I got my lusus back... dunno what I'd do without the little guy!

MEENAH: is he even uh

MEENAH: "reel"

MEENAH: ya know

MEENAH: like the ghost of your actual lusus or

RUFIOH: er... know what? not sure, doll!

RUFIOH: he could just be a memory fragment or something like that. or maybe he's really his ghost...

RUFIOH: when damara accidentally dropped a hunger trunk on him way back... crushed his little body... I always dreamed I might meet up with him again in the afterlife.

RUFIOH: so when I found him here... guess I didn't think about it much? I was just happy to see him.

RUFIOH: he is my happy thought after all. I can't really bring myself to do much without him... like fly... fight... crow...

#you know... the basics?

MEENAH: truth

RUFIOH: 1 remember when 1 was young... just a little runt out there trying to make it in the world... people would look at me funny cause my wings were growing in, and that really freaked people out yo!  
RUFIOH: so 1 got way self conscious and didn't feel at home out there... with everybody eyeing me up like that...

RUFIOH: so one night my lusus led me into the woods...

RUFIOH: and 1 found this whole baller village of f\*\*\*ckin tree houses and rope ladders and 1 was like D\*MN!

#shouted bangarang SO LOUD you don't even KNOW!

RUFIOH: that's when 1 became an official member of the lost weeaboos.

MEENAH: hey ok so...

MEENAH: can we not actually talk about the lost weeaboos

MEENAH: can that just be not a conversation we have

RUFIOH: uh...

MEENAH: ruf listen your storys cool but theres some junk thats just so silly i cant even try to abide

RUFIOH: yeah 1 guess... heh.

RUFIOH: but anyway, they were my boys... a better posse you couldn't hope to chill with, kick the sh\*t on troll anime... all that.

MEENAH: aw fer glub sake

#no

RUFIOH: first bumped into damara out there... crazy times!

RUFIOH: 1 think those were formative sweeps for me... learned to love a lotta things 1 still do to this day.

RUFIOH: between you and me... 1 miss the days 1 could just jam with her about troll anime... but now... you know how it is...

MEENAH: ok why do you stinkin nerds insist on calling it troll anime

MEENAH: i gotta ask

MEENAH: dont you realize prefacing anything with 'troll' inside the context a troll culture is redundant as fuck

MEENAH: why dont you just call them cartoons

RUFIOH: yeah... 1 dig that. never thought about that... huh.

#deep...

RUFIOH: it's ok, 1 get that the stuff 1 like isn't for everyone.

RUFIOH: people say it's just for wigglers... and 1 kind of assumed one day 1'd grow out of it, but guess 1 never did?

RUFIOH: then again... we all died... and now we really are all young forever...

RUFIOH: just like the prophecy of the lost weeaboos said...

RUFIOH: whoa spooky... 1 always thought that was a load of bs!!!

MEENAH: whoops you just said lost weeaboos again thus failing the conversation

MEENAH: in the immortal hand gestured words of the late great meulin leijon:

MEENAH: IM SO DON-E

\* and on to Damara

RUFIOH: hey doll... don't suppose you had anything to do with the recent disappearance of my lusus, did you?

DAMARA: もちろんそんなことはない。あなたの告発は言語道断。[Of course there is no such a thing. Your accusation is outrageous.]

RUFIOH: yeah... sure... I like I believe that!

RUFIOH: I like I'm not so on to your tricks by now...

DAMARA: 黙れ。そう。あなたはまだ彼と別れたのですか? [Silence. So. Are you broke up with him yet?]

RUFIOH: no... not yet...

RUFIOH: I tried... but I just couldn't do it... it's hard, you know?

DAMARA: あなたは、どういう意味ですか。それは恋人があなたを裏切ったときに感じる? はい、私は知っている。[Are you mean? It feels when the lover has betrayed you? Yes I know.]

RUFIOH: d\*mn... so cold, girl. why can't you let the past go?

RUFIOH: anyway... once I actually do get up the nerve to break it to him... don't be thinking this is your big chance with me!

RUFIOH: it's over between us for good... kinda for obvious reasons... so just friends, you dig?

DAMARA: 右。我々が表示されます。[Right. We will see.]

RUFIOH: haha... yeah, I figured you'd be like that.

RUFIOH: anyway, meenah kind of needs to keep going through this bubble... I know you like to make sh\*t difficult for everyone all the time, but...

RUFIOH: you think you could get rid of that big \*ss iceberg thing you dropped there?

DAMARA: いいえクソ方法。[No fucking way.]

RUFIOH: aw, come on... do it for me, damara?

DAMARA: 罰金。しかし、あなたは私に借りがある。性的な接待。[Fine. But you owe me. Sexual favors.]

Wait... there's something different about this door. You think it might be a real door! It's not someone's memory, like the rest of this place is.

The meteor must be physically passing through the dream bubble again. You'd love to get in here and snoop around somehow, but the door is password protected. There's got to be someone around here who knows the password...

\* *east to the rainbow drinkers*

DAMARA: はい、もちろん。私はあなたの友達です。[Yes, of course. I am your friend.]

RUFIOH: yeah...

RUFIOH: It's horuss... and you know... been thinking about breaking it off with him...

DAMARA: 何を壊す? 彼のホーン? [What you break? His horn?]

RUFIOH: hahaha! naw... that wouldn't do much good...

RUFIOH: 1 mean... 1 feel like a chump for even thinking about it... he's been so cool...

RUFIOH: but d\*mn! eternity is a long f\*\*\*ing time!!! 1 dunno if a relationship should really last that long...

DAMARA: あなたのセックスライフはどうですか? [How is your sex life?]

RUFIOH: whoa, uh... kinda personal question? anyway that's not it...

RUFIOH: 1 feel guilty for saying so... 1'm just not into it... so many repetitive dates over the millennia... so much like... talking about livestock and big muscular animals and... 1 dunno. those aren't really my interests...

RUFIOH: maybe we were never that compatible and 1 just never had the guts to say so?

DAMARA: RUFIOH。私はあなたにこのことを告げた。毎日。永遠に。[RUFIOH. I told you this thing. Every day. Forever.]

RUFIOH: 1 know, 1 know... 1 didn't listen to you... 1 figured you were still all mad and jealous!!!

DAMARA: 私は怒って嫉妬した。[I was jealous and angry.]

RUFIOH: right... 1 just don't know what to do.

RUFIOH: he's great... but he's so clingy! 1 don't know how he keeps that up after all this time... dude's got stamina... 1'm just like... romantically exhausted. you get me, doll?

DAMARA: はい。愛が私には死んでいる。ので、誰かがずっと前に、心臓を介して私を刺した。[Yes. Love is dead to me. So long ago, someone stabbed me through the heart.]

RUFIOH: heh, touche.

RUFIOH: but for real... 1 just don't want to hurt his feelings...

DAMARA: あなたは私が彼を殺したいですか? 再び? [Do you want me to kill him? Again?]

RUFIOH: no!!! god, no... don't hurt anyone... let's not go there again!

DAMARA: 私が彼を誘惑したいですか? [I want to seduce him?]

RUFIOH: er... 1 guess if the two of you are like... um. that's really between you and him? not sure he would go for that... anyway, 1 don't

DAMARA: 私は彼の魂を消費するために悪魔をもたらすでしょう。[I'll bring the devil to consume his soul.]

RUFIOH: man, no! I told you, please don't feed anyone's soul to ANYBODY!!!

RUFIOH: you've got to keep crazy talk l1ke that down, damara!

RUFIOH: 1f people knew some of the sh\*t you sa1d... how you say crazy sh\*t l1ke you want to serve h1m... f\*\*\*!

Hey, it's your newly recruited Grand Threshexecutioner! Looks like he hasn't woken up from the same nap he was having last time you talked to him. The guy must have been really tired.

Why's he sleeping in this massive pile of horns? That can't be too comfortable. Maybe you should wake him up. Then as long as he's awake, might as well see if he's ready to pack his bags and head off to war.

Hold on. Maryam is eying you suspiciously. She isn't on to your plan, is she? How could she know? This girl is really cramping your style. You'd try to shake her loose, but as a rainbow drinker she seems to have an absolutely insane fastness attribute.

KANAYA: But Not Nearly As Intimidating Really

ROSE: I knew you wouldn't regret it if you got up the nerve to talk to her.

ROSE: What did she say, besides a few vampire-to-vampire skin-dimming

KANAYA: Many Things

KANAYA: Primarily Encouraging Me To Pursue My Prior Obligation To My

ROSE: Oh?

KANAYA: She Said She Used To Eschew Her Role Rather Vehemently

So many horns. You've always wondered what the elusive juggalo troll even needs with so many horns? You think he may have some sort of problem. Also what is with trolls and their weird tendency to be found sleeping in horn piles? You can't even imagine a less comfortable place to nap. There are some things you will never understand.

DAVE: what

KARKAT: I'M ASLEEP, BUT I GUESS THE METEOR IS PHYSICALLY PASSING THROUGH THE BUBBLE I'M DREAMING IN?

KARKAT: AND NOW MY "DREAM PHANTOM", OR WHATEVER THE FUCK YOU'RE SUPPOSED TO CALL THIS VERSION OF YOURSELF, IS ACTUALLY IN THE SAME PHYSICAL LOCATION AS MY SLEEPING BODY.

KARKAT: I'VE JUST BEEN STANDING HERE WATCHING MYSELF SLEEP ON THE HORN PILE. IT'S OFFICIAL. WE'VE BREACHED A CRITICAL THRESHOLD OF BULGE NUMBING IDIOCY.

DAVE: huh

KARKAT: WHAT DO WE EVEN CALL THIS DREAMING INSTANCE OF OURSELVES? IT CAN'T BE "DREAM SELF" BECAUSE THAT'S ALREADY A THING. AS IN THE VERSION OF YOURSELF ON DERSE OR PROSPIT.

KARKAT: BUT THAT WAS MORE LIKE A PHYSICAL, REAL SELF, THAT JUST HAPPENED TO SERVE AS A BACKUP LIFE. THIS IS SOMETHING TOTALLY DIFFERENT, LIKE A WEIRD HOLOGRAM.

KARKAT: HEY, AM I TANGIBLE TO YOU?

DAVE: uh

KARKAT: TOUCH ME.

DAVE: what

KARKAT: JUST GIVE ME A LITTLE POKE.

DAVE: no

KARKAT: DON'T BE LIKE THAT, JUST MAN UP AND TOUCH ME. MAYBE JUST BRUSH MY CHEEK GENTLY WITH THE BACK OF YOUR HAND. SOMETHING UNAMBIGUOUSLY PLATONIC LIKE THAT.

DAVE: no fuck you

DAVE: im not caressing your dream hologram

KARKAT: YOU HAVE A REALLY TRAGICALLY UNDER-INQUISITIVE MIND,

DAVE. THIS IS FOR SCIENCE. IF SCIENCE WAS UP TO YOU, HUMANITY NEVER WOULD HAVE COME ANYWHERE CLOSE TO RISING TO THE LEVEL OF PATHETIC INFERIORITY IT WAS BARELY ABLE TO ACHIEVE AS IT WAS.

DAVE: you look really tired man

DAVE: your sleep phantom should curl up with your napping meat torso in the horn pile and try to score some shuteye

KARKAT: YEAH, WELL MAYBE I'LL DO JUST THAT, ASSHOLE!

DAVE: ok

DAVE: hop to it

KARKAT: NO. NOT WHILE YOU'RE WATCHING.

DAVE: superbottles

ROSE: No. Believe it or not, I'm actually focused the contents of the  
bottles.  
DAVE: youre a pretty good hike from the alchemiters  
ROSE: The alchemy I'm practicing is a little more old fashioned.  
ROSE: You know, there was a time on Earth when alchemy didn't refer to  
a process whereby a large device used game constructs to materialize

some idealized version of an object out of thin air.  
ROSE: Alchemists used to experiment with various substances to transmute them into something more valuable.  
ROSE: Its more pedestrian and scientifically credible cousin would be chemistry, which I guess is the technical term for mixing shit together.  
ROSE: Which strictly speaking more accurately describes what I'm doing.  
DAVE: so what your doing science now  
DAVE: who do you think you are your mom  
DAVE: wait that sounded like lame burn again  
DAVE: every time i talk about your mom it sounds like a burn  
DAVE: who do you think you are my mom  
DAVE: wait scratch that  
DAVE: every time we start talking about her as my mom things just start snowballing down our dumb conversational ski slope and suddenly sigmund freud and king oedipus start banging each others hot moms at some kind of depraved sexy momswap party  
ROSE: Thanks for the imagery. It was almost as graphic as it made no sense.  
DAVE: so what are you making  
ROSE: Beverages.  
DAVE: beverages what kind of beverages  
ROSE: Tasty beverages, I hope.  
DAVE: apple juice???  
DAVE: please let it be aj please let it be aj please let it be aj  
ROSE: I'll see what I can do.  
DAVE: omg  
DAVE: omg  
#omg  
DAVE: fuuuuuuuuuuuuuuuuuuuuuuuuck yes

"ZZZZZZZZZZZZZZ," Karkat said from atop the towering heap of hilarious clown accessories.

> Talk to Gamzee.

ROSE: You better not let Kanaya find you in here.  
ROSE: She still hates you, you know.  
ROSE: And not in "that way." I think she still truly would like to kill you.  
GAMZEE: yeah, i all up and motherfuckin know that already.  
ROSE: I've wondered, doesn't it ever get confusing? Trying to differentiate between platonic, malicious intent, and gestures of black romance?  
GAMZEE: NO.  
GAMZEE: like i'd even give a dayglow chainsaw bitch like that on my time of day up in any quadrant.  
GAMZEE: BESIDES, ALREADY GOT MY BLACK ROM ON WITH ANOTHER MOTHERFUCKER.  
GAMZEE: been dating somebody in the motherfuckin shadows. getting pretty nasty between us. all experiencing the shit out of the dark miracle

called hatebliss.  
ROSE: Wait, really?  
ROSE: Who?  
GAMZEE: :o)  
ROSE: Karkat?  
GAMZEE: no.  
ROSE: Dave??  
GAMZEE: NO.  
ROSE: Not... the Mayor???  
GAMZEE: no.  
ROSE: Wait...  
ROSE: Terezi?  
GAMZEE: HONK.  
ROSE: Are you serious?  
GAMZEE: do i mother fucking look like i'd motherfuckin joke around with a mother fucker?  
ROSE: I...  
ROSE: I can't even parse that relationship as something meaningful.  
ROSE: What...  
GAMZEE: IT'S SIMPLE.  
GAMZEE: mother fucker.  
GAMZEE: SHE ALL GETS ON HER HATE OF ME QUITE UNDERSTANDABLY, SEEING AS TO WHAT A VILE PIECE OF CLOWN ASS TRASH I'M ALL IS.  
GAMZEE: but doesn't quite hate me enough to want to kill me. :o)  
ROSE: This is a really startling revelation, I must say.  
ROSE: It's a game changer.  
GAMZEE: HEY.  
GAMZEE: please don't all tell at this noise to anyone.  
GAMZEE: IF KARKAT MOTHER FUCKIN KNEW ON THIS...  
GAMZEE: he actually would want to kill me. :o(  
ROSE: Yes, I can see the dilemma you're in.  
ROSE: Your social dynamics really begin to get complicated once your quadrants start to fill up, don't they?  
GAMZEE: MOTHER FUCK YEAH THEY MOTHER FUCKING DO.  
ROSE: Don't worry. Your secret is safe with me.  
ROSE: Now shoo. Back into the ventilation system with you, before you're spotted.

**\* return to the rugs**

**> Talk to Dave.**

DAVE: whats up with the fish punk troll following kanaya around  
ROSE: Seems she's passing through. Kanaya doesn't want her to cause trouble.  
DAVE: cause trouble  
DAVE: what the fuck could she even do here  
DAVE: like kick over an old pile of garbage and cause the property value to fall even lower than jack shit  
DAVE: i say let her go nuts  
ROSE: Feel free to take it up with Kanaya.  
ROSE: But if you authorize her to flip a bitch, just make sure she's

nowhere near my chemistry table.

DAVE: yeah

DAVE: cant be droppin your vials and shit all over the floor

DAVE: the only one whos got clearance to drop science is me

ROSE: Dork.

DAVE: dont even hate

DAVE: been shoring up my muthafuckin CRAFT over here

ROSE: I know. I've been in the same room, right over there, listening to you mumble lyrics to yourself for the last couple hours.

DAVE: rose you know what sucks

ROSE: Yes.

ROSE: To which sucky thing are you referring?

DAVE: it kinda just occurred to me

DAVE: while i was spitting ill verse to no end

DAVE: i got this weird feeling that i might be getting like

DAVE: a little dated?

ROSE: Is this about Terezi?

DAVE: what

DAVE: no no

DAVE: dont be disingenuous word girl you know what im saying

DAVE: i mean sorta passe

DAVE: like a lumbering pop reference dinosaur

DAVE: remember we are both kind of stuck in 2009

DAVE: so im like popculturally frozen in that period

DAVE: all my references feel like they might be getting a little stale

DAVE: even though the earth ended and all and there was no culture after that point anyway

DAVE: but still

DAVE: i can feel it

DAVE: like in my bones

DAVE: i just know on some hypothetical earth that kept going my shit is starting to get so lame

DAVE: and i know it doesnt matter because its just us here so who cares

DAVE: but i care

DAVE: its a matter of integrity i am a fucking artist

DAVE: like i think if i make one more rap about like some fucking dane cook movie from 2008 to piss karkat off or some tired bullshit like that im going to

DAVE: i dont know

DAVE: ill just start feeling like a fraud

DAVE: my game might be drying up rose

DAVE: but its not my fault like im totally hostage to this freezedried backlog of cultural garbage that can never move forward again

DAVE: so i have to pick through it like im looting a fucking tomb while still all tryin to act RAP SASSY

DAVE: like YEAH take THAT motherfuckers

DAVE: OF THE PAST

DAVE: all in your mass graves somewhere in a dead frogiverse

DAVE: i be representing some god damn STANDARDS about your media

do you feel me  
DAVE: im depressing myself here  
DAVE: all im saying is it would be cool to have some fresh shit to work  
with  
DAVE: like just to know  
DAVE: to know what the world would be like in the year it would be for us  
now  
DAVE: which would be 2011 i guess  
DAVE: wow 2011 really  
DAVE: damn  
DAVE: i just want to know what would have happened  
DAVE: theres so much shit we were primed for  
DAVE: it was gonna be exciting  
DAVE: like barack obama just turned president remember that  
DAVE: we never got to see if he fixed the economy  
DAVE: remember how you were dying to see if he would fix the economy  
you were asking me about it every damn day  
DAVE: just joking nobody gave a shit about that  
DAVE: but like  
DAVE: i never got to check out the next batch of stiller jams and see how  
bad i could mock them  
DAVE: we never got to find out how the midnight crew adventure ended  
DAVE: if ever  
DAVE: rose  
DAVE: ROSE??  
DAVE: what the fuck man  
DAVE: whyd you go back to your bottles and shit i was right in the thick of  
hella elocution  
DAVE: dont give me that  
DAVE: yes  
DAVE: uh yeah  
DAVE: yes i do ACTUALLY want you to come back over here  
DAVE: im waiting  
ROSE: Fine. Here I am.  
DAVE: wow was that so hard  
DAVE: this is what civilized people do rose they fucking talk to each other  
like actually in each others fucking vicinities  
ROSE: You just have a tendency to go on for a while. I assumed we  
progressed to the traditional mumbling monologue stage of Striderian  
discourse.  
DAVE: no thats not even a thing  
DAVE: i was actually like  
DAVE: trying to get your take  
ROSE: Take on what.  
DAVE: i dont even know  
DAVE: i bet john would have stuff to say  
DAVE: hes probably going through the same frozen fucking caveman from  
2009 syndrome as me  
DAVE: actually what am i saying the dude is a caveman from 1997

DAVE: hahaha like he could give a shit as long as hes got his cage dvds

ROSE: Oh! I saw him the other night.

DAVE: what

ROSE: In a dream. It was very brief, only a few minutes. I waved to him and then woke up.

DAVE: whoa what was he doing

ROSE: He was fighting Jack. Actually, he was doing quite well!

DAVE: oh man

DAVE: you have to tell me all about this

ROSE: I will. Later, though. I'd like to get back to work.

DAVE: ok when

DAVE: tonight?

ROSE: I have plans tonight. How about tomorrow.

DAVE: plans

DAVE: what plans

ROSE: Just some plans.

DAVE: can i come

ROSE: No!

DAVE: fuck fine

DAVE: tomorrow then

DAVE: maybe ill just dream up my own john tonight and well have an awesome time without you what do you think about that

ROSE: ...

DAVE: fu

> Talk to Kanaya.

ROSE: Not to harp on the issue, but,

ROSE: Now that you can switch on and off, so to speak, how often do you think you'll resort to phosphorescence?

KANAYA: I Dont Know

KANAYA: What Do You Think

ROSE: Well, which state is more comfortable?

KANAYA: I Could Go Either Way

KANAYA: Ill Probably Switch On If Im Walking Through A Dark Corridor

KANAYA: Now That I Think About It

KANAYA: Its Been A Long Time Since I Could Even Be In The Dark

KANAYA: Maybe Ill Leave It Off For A While And Refamiliarize Myself With The Experience Of Nonillumination

ROSE: Makes sense.

ROSE: Was this a biological feature common to other trolls?

KANAYA: Um

ROSE: I'm sorry. I'm really pestering you about this, aren't I?

ROSE: We've never talked about it. I guess I was trying to be polite, but I've been really curious about it.

KANAYA: No Thats Ok

KANAYA: Im Told Its A Trait Confined To Those Of My Caste

KANAYA: They Tended To Spend A Lot Of Time In The Brooding Caverns Where A Convenient Source Of Light Was Often Handy

KANAYA: That Part Of It Makes Sense To Me But I Have No Idea What The Evolutionary Purpose Was For The Sort Of Thirst Which Accompanies This

Perk

KANAYA: Strikes Me As An Odd Liability But What Do I Know

ROSE: Maybe to frighten predators away from innocent grubs?

KANAYA: Maybe

KANAYA: Or Perhaps It Was A Measured Defect Imposed On Us

KANAYA: To Keep The Auxiliatrices On A Short Leash

ROSE: I'll agree with that assessment, on the grounds that I've always been a sucker for a good conspiracy theory.

KANAYA: The Condition Was Often Glamorized In Certain Works Of Literature

KANAYA: But Theres Really Nothing That Great About It

KANAYA: Not Nearly As Useful As Other Abilities Like The Psychic Gifts Which Some Lowbloods Are Predisposed To

KANAYA: Though I Guess Its Pretty Useful If You Want To Keep The Plans You Made After Someone Punches A Hole Through Your Gut

ROSE: I can see how that could present a whole world of convenience.

ROSE: Speaking of plans, doing anything later?

KANAYA: Not Really

ROSE: I'm working on some stuff right now, but later, maybe once you're finished escorting your guest around, would you like to do something?

KANAYA: Sure

KANAYA: Anything In Particular That You Have In Mind

ROSE: Not really. Just to hang out. If you're up for it!

KANAYA: Yeah That Sounds Okay

MEENAH: (holy mackerel get a fuckin room)

MEENAH: welp

#kelp

MEENAH: im a total failure

MEENAH: didnt recruit a single ghost for my army

MEENAH: except for one guy but he was asleep

ARANEA: Don't lose hope! I know our group of friends is a 8it lackluster in the motivation department, 8ut there are plenty of other souls out there.

ARANEA: You just need to find someone with the right amount of moxy to get you started. Then I'm sure more will follow.

ARANEA: Who knows, if you keep exploring, may8e someone like that will 8e right around the corner!

MEENAH: you seem more psyched about my army plan than you did before

MEENAH: whats with the change of tuna

ARANEA: I've started to 8elieve that what you're doing may 8e important. Just a feeling.

ARANEA: It could 8e every 8it as critical as my quest to find the cheru8. I think it all could 8e related. Like legs of a stool that won't stand unless all are in place.

#Or, prongs of a fork, if you will.

MEENAH: how is cherubquest goin btw

ARANEA: Uh... ok.

ARANEA: I've still 8een..... a little preoccupied.

MEENAH: girl please

MEENAH: you been draggin your talking booth around to hassle people  
with facts aintcha

ARANEA: This is my last session, I swear!!!!!!!

ARANEA: After this, I promised myself I would retire the exposition stand  
for good. May8e I'll put it up for sale, and try to recoup some of the  
su8stantial losses required to operate it.

MEENAH: aranea we are such failures at stuff together

MEENAH: why are we such a couple of gorgeous and sexy failures at  
things

ARANEA: I don't know, 8ut we can't give up!

ARANEA: Once I close down shop here, I will redou8le my efforts to find  
that cheru8.

ARANEA: The first thing to do will 8e to figure out her name. It's 8een so  
maddeningly elusive, almost as if someone's taken care to scru8 any  
reference to it throughout paradox space, whether in memories or reality.

MEENAH: ok then how about this

MEENAH: while im out there fishin for recruits ill keep an ear out for clues  
about her

MEENAH: and while youre out there cherub hunting maybe you can see if  
anyone wants to serve the lil condesce in her slammin new imperial army

MEENAH: itll be

MEENAH: teamfork

ARANEA: That sounds like a great plan!

ARANEA: Now let's hurry this up so we can get started on that. What  
would you like me to tell you a8out in exchange for the precious few  
8oon8ucks I have left?

> Tell me about Rufioh Nitram.

ARANEA: The Rogue of 8reath was always a very popular mem8er of our  
group. Pro8a8ly the most popular, I'd say. Sort of the anti-me, in that  
respect. Ever the recipient of romantic solicitations whichever way he  
turned. Sort of the anti-Cronus, in that respect.

MEENAH: aw yeah sick ampورا burn outta nowhere hi 5

ARANEA: Indeed. His mutation made him an outcast, though. To avoid the  
unwanted attention his wings would 8ring him, he took refuge in the  
forest among those who welcomed his differences, and learned their ways.

ARANEA: The Lost Weea8oos was a guild of youthful tree-dwelling troll  
otakus with a zeal for fisticuffs, flight, and various forms of exotic eastern  
theater. 8ane to the enemies of hijinks, scourge to the seafaring classes  
who...

MEENAH: NOP-E

MEENAH: NOT LISFININ TO T)(IS LA LA LA GLUB GLUB GLUB

ARANEA: (GLUB GLUB GLUB GLUB) centuries of feuding with the  
Kemonomimi tri8es (GLUB GLUB GLUB LA LA LA LA GLUB GLUB GLUB)  
ceremonial torchlight yaoi festivals (LA LA LA LA GLUB GLUB LA LA LA)  
tsundere quadrant vacillation (GLUUUUUB GLUBGLUBGLUBGLUB

seme for dominance (NO NO NO NO NO NO NO NO NO NO NO NO NO NO) ultimately  
served like a shonen on Shitsuji Island.

MEENAH: hey serket

MEENAH: how much i gotta pay you to zip yer blowhole on this shit so  
tight you never bring it up again

ARANEA: For such a service, I will require nothing short of the large gold  
statue in your palace. I think you know which one I'm talking a8out.

MEENAH: you drive a hard bargain serks

MEENAH: but you got a deal

> Tell me about Horuss Zahnak.

ARANEA: The Page of Void was a self taught master of mechanics, an avid  
patron of the fine arts, a passionate 8ody 8uilder, archer, am8rosia  
collector and steamwright. A poet, a scholar, a warrior, a lover, he was all  
that his caste demanded and more. A true troll Renaissance man. His  
name means "He Who Stalks With The Muscle8easts."

ARANEA: 8ut all of his proficiencies were hard won, 8uilt from the 8lank  
slate as his aspect would imply, advancing at the slow pace his class  
would as well. Yet in spite of all he worked to make something of himself,  
he amounted to very little. Responsi8le for neither great feats of heroism  
nor acts of villainy, he was just another game piece to 8e moved a8out  
the 8oard. The aspect ruling his life would always conspire to dampen his  
relevance.

ARANEA: Void is easily the most mysterious aspect, the one which  
inherently defies rational understanding. This makes it particularly  
fascinating, and just as frustrating, to light players such as myself. Casting  
illumination upon nothing itself is futile. For to truly know void is to  
paradoxically cause it not to 8e!

ARANEA: The role of the void player is to somehow em8race nothingness,  
to 8ecome one with it. And yet in total contradiction with this, to make  
use of the power it grants and serve a role of relevance, one must find a  
way to overcome it! To see the limitless potential in the void. To find  
everything within nothing, and 8ring it into 8eing.

MEENAH: zzzzzzzzzzzz

ARANEA: Hey!!!!!!!

MEENAH: wuh

ARANEA: This is a perfect case in point, regarding the path of the void  
player. So resistant is his story to having a relevant 8earing on anything,  
you fell asleep and didnt hear a word.

MEENAH: yeah thats nice

MEENAH: WH-ER-E MA MON-EY

ARANEA: You don't get any. Your slum8er voided the transaction.

MEENAH: dag

> Tell me about Damara Megido.

ARANEA: The Witch of Time was not always the party's 8iggest  
trou8lemaker. If you recall, you wore that tiara for a long time. ::::)

MEENAH: yeah yeah

ARANEA: Once she was as meek as can 8e. Hailing from the eastern  
provinces, she migrated across the seas and settled near the forest

concealing Rufioh's guild. The two of them became quite fond of each other, and shared many interests!

ARANEA: He secretly began seeing someone else, believing she knew nothing. But she always suspected his infidelity, and over time grew quite distraught. But her sadness never quite turned to rage and malevolence. Not until you... involved yourself.

MEENAH: ugh do we really have to go through this

ARANEA: If you'd like to earn your money, then yes!

MEENAH: bleh fine

ARANEA: After we began our game, you quickly determined that winning was going to be an uphill battle with our team. Everyone was so preoccupied with their interpersonal issues, and no one seemed in any shape to be fighting major battles. Sound familiar?

MEENAH: deja vus a bitch serk

ARANEA: So you did your best to rile up the crew any way you could. Appealing to people's insecurities, buried hostilities, brewing rivalries... needling anyone you could into confrontation with others. Your theory was that increasing everyone's state of aggression would make them better equipped to play the game. And you were sort of right about that! But the Alternians would prove it. Not our group, sadly.

ARANEA: The poor girl who took the brunt of your bullying tactics was Damara Megido. You talked up her matesprit's betrayal making her feel even more dreadful, while pushing him further into the arms of her rival, until she simply snapped. She attacked him, paralyzing him from the neck down. You finally got the aggressive confrontation you were looking for. Unfortunately, you unleashed something even you weren't prepared for, and you had to deal with her yourself. After a long bloody duel, she killed you. And you would have stayed dead if not for me!

ARANEA: You never listened to me. You just kept needling and fussing and meddling until eventually you paid the price, and I had to bail you out.

MEENAH: (arg how bad do i even want this stupid money...)

ARANEA: Damara has been unhinged ever since. By increasing her violent tendencies, instead of being an asset in the game, she became a loose canon, arbitrarily showing up at key moments throughout the timeline to sabotage us.

ARANEA: So radical was her shift in personality, I've had a hard time believing your incitement was solely to blame. It always seemed like other forces were in play, as if her acts, though apparently haphazard, were in keeping with some inscrutable agenda. Of course it doesn't help that it's so hard to understand her even on a good day.

ARANEA: Strangely, the only time she was eager to help us was when we were preparing to initiate the Scratch. And it's a good thing she was, since I'm not sure anyone else would have had the ability to do that kind of damage to the Cardinal Movement and release its energy.

ARANEA: It was almost a little eerie how happily she complied with our plan. What did Rufioh say she said? Something about how we would all finally get what we deserved...

ARANEA: Which at the time, I thought sounded chilling. But there's really two ways of looking at it. One is how the Scratch rebooted our world into

a state of pure chaos, culminating in the annihilation of our universe. But on the other hand, we all got the chance to live out our wildest fantasies as adults on Alternia!

ARANEA: At least you and I sure did. And I wouldn't doubt she feels the same way.

MEENAH: so

MEENAH: we done?

ARANEA: That's it!

MEENAH: toughest 5 bucks i ever made

**\* chest**

> Open.

You got an ALTERNIAN JOURNAL!

It's a bit wordy. Though some of the material here strikes you as pretty risque. Actually... quite a lot of the material.

You surreptitiously pocket the overwrought diary for later reading.

**\* go west to the final room...**

**\* chest to the north west**

> Open.

You got a BROKEN 8 BALL!

You remember seeing a bunch of these earlier. What was the context again? You just had so many long weird conversations it's all kind of a jumble now.

You feel unlucky just looking at this thing. You toss it in the bushes.

**\* south across the bridge, another chest**

You got the FLUORITE OCTET!

Feeling lucky, punk????????

**\* north-west across the bridge, another two chests**

You got a pair of ROCKET BOOTS!

#pshoooes

What would a ghost need with rocket boots, anyway? Can't all ghosts fly?

Or maybe that's just dead god tiers, who can generally fly anyway.

Or dead dream selves? Actually you don't know what the flying rules are and you don't really care.

> Open.

You got a HEAP OF PRICELESS TREASURE!

Huh. Actual treasure, inside a treasure chest.

Now you've seen everything.

\* south across two bridges

\* who's that behind the rock...?

HUSSIE: Alright. I see what's going on here. You clearly have developed feelings for me. I understand. I led you on.

HUSSIE: Remember when I said bring me a horse and I am yours forever?

HUSSIE: Total lie!

HUSSIE: Sorry, but my heart is still set on Vriska. She will be my wife.

MEENAH: whos vriska

HUSSIE: That girl over there. No, don't look! Shhhhhhhhhhh. Let's try to keep it down, ok? You're going to ruin this for me.

MEENAH: her??

MEENAH: dog aint she a little young for you

HUSSIE: No, but that's the thing! She's spent like however many years being a ghost, so she's older now! That means it's not creepy.

HUSSIE: Who even knows how many years she spent here? Maybe 100???

Hell, she might even be older than me now! See? Totally not creepy anymore. Case closed!

MEENAH: i dont know what yer talkin about but you sound like an asshole

HUSSIE: Just need to find the right moment to make my move. Only problem is, I lost the ring.

HUSSIE: John FUCKING Egbert has it. Doesn't look like he's gonna let it go either, the bastard.

HUSSIE: Gotta make a plan. Think, imagination, think. Argh, the one time I really need you!

MEENAH: yo i got boatloads a bling

MEENAH: i could sell you a ring

HUSSIE: You could??? Oh man, perfect. How much?

MEENAH: \$2,485,506 pledged of \$700,000 goal

HUSSIE: ARE YOU FUCKING SERIOUS.

HUSSIE: What makes you think I've got that kind of dough just lying around?!

MEENAH: thats my price pumpkin skin you want the ring or not

HUSSIE: Alright. Fine. Guess I've got no choice but to pony up.

HUSSIE: Just... don't tell anyone, ok? I kind of promised I would use this money for something else.

MEENAH: none ma biz homes deal or no deal

HUSSIE: Yeah. Here.

MEENAH: awwwww yeah check them mad staxx

MEENAH: here you go loverboy

Good grief, you are such a teen delinquent. I never should have let you

out of Doc Scratch's pervert chamber in the alternate universe.

DAMAR--

HUSSIE: WHOOPS, noooooooooo no no no.

HUSSIE: I'm not gonna let you respond. You're just going say something totally filthy in Japanese again and make everyone uncomfortable.

HUSSIE: WHOA CUT THAT OUT!

HUSSIE: Sheesh. I guess this is what happens when you don't have a proper upbringing by a decent guardian. Or at least one who isn't a four foot tall asshole in suspenders, who's kind of like a creepy puppet uncle.

HUSSIE: Look, let's all just chill out here. No more lewd Asian shenanigans, got it?? You may notice I bought a new franchise recently.

HUSSIE: Cost me a fortune! I had to pawn a ring that used to belong to some dirtbag just to make the down payment.

HUSSIE: But I should be able to recoup the losses, if I just tweak the business model a little. Hear me out. Instead of giving people money to listen to my shit? I think I might actually start CHARGING people for the service. Crazy, I know, right?

HUSSIE: I've been thinking of dividing up my offers into a series of handsomely priced explanation bundles called EXPOSITION PAKS where I would...

DAMARA:

HUSSIE: Oh kaaay, guess you're not down with that?

HUSSIE: What would you pay for an explanation? Want to make an offer?

HUSSIE: Yeah you're not gonna pay me a goddamn penny, are you.

DAMARA:

HUSSIE: Ok fine. I'll give you these explanations for free. Let's call it a loss leader. You'll tell your friends, maybe they'll tell their friends, then the dead presidents start rolling in.

HUSSIE: Yes? Yes???

DAMARA:

HUSSIE: Aw fuck it. Just tell me what you wanna know.

HUSSIE: But just a heads up, these stories are gonna be pretty shitty! I ain't no light player.

> Hey, before we start...

HUSSIE: Did you get here with Damara before you got here with Meenah?

If you did I think I'm going to flip my shit. That is one cracked way of going through this game. Stop talking to me right now and go come back as Meenah.

> Tell me about Damara Megido.

HUSSIE: You want me to tell you about YOU??? Talk about self absorbed, but alright.

HUSSIE: You say stuff in Japanese, and when people who actually speak Japanese read it they probably laugh because the Japanese is so shitty. Sorry to burst your bubble Damara but the things you say started out in English, went through the google translator, and then out again so that it vaguely makes sense when translated back to English. So you aren't really authentic troll Japanese, you're fake troll Japanese.

DAMARA:

HUSSIE: Whoa don't kill the messenger! Relax. Everyone thinks you're

great. In fact, there's probably someone out there RIGHT NOW drawing some weird porn of you.

DAMARA: ???

> Tell me about Mituna Captor.

HUSSIE: Mega Man Sollux has some problems. He falls down and stuff and talks on a 4chan background, because of 4chan. But in spite of that, he's brave and does his best and everyone loves him. Also no one can read a damn thing he says. His quirk is the least legible of all quirks, with Damara's coming in at a close second.

> Tell me about Rufioh Nitram.

HUSSIE: With apologies to Dante Basco. Dante, I'm sorry about this. All of this. I am so, so sorry. You were leading the regular, modest life of a Hollywood superstar, then this shit happened. Everything is broken forever. I liked your work in The Last Airbender. You know what's funny is how there are probably some people who are reading this right now who have no idea what the fuck I'm talking about. But you know what? What the FUCK else is even new.

HUSSIE: Anyway. Bangarang, dude.

HUSSIE: Bangarang.

#rufiozuko.tumblr.com

> Tell me about Kankri Vantas.

HUSSIE: Did you know: it is a Homestuck fact that 99 percent of all readers didn't read or care about anything Kankri said. So in other words, he is exactly like all terrible social justice bloggers. Some social justice bloggers get angry at the joke that he is, but those are the terrible ones, and being terrible is why they get angry. They want to be terrible in peace without being mocked. That is what it is like to be a justified target of ridicule. You feel sad and angry all the time and you don't know why.

HUSSIE: Kankri wears a cute red sweater and is otherwise fairly adorable. Porrim acts like his mom which is also cute as hell.

> Tell me about Meulin Leijon

HUSSIE: Meulin is the deaf Nepeta in this kickass smorgasbord of disabled characters. She speaks in ASL to say memes which are called mimes because it's one letter away and therefore a play on words. But you can't actually use ASL to say animated tumblr gifs, you can only say words. She otherwise reads lips, which is funny because her bff sewed his damn mouth shut so they just sign memes to each other all day while stoned. It is implied that they smoke catnip together, as if it were marijuana, which is an especially amusing notion to people who like drugs. Moving on??

> Tell me about Latula Pyrope.

HUSSIE: Latula is the gamegrl to Mituna's gamebro. Gamebros and gamegrls aren't really "types of people" so much as they are hollow cliches which are patronizing to multiple groups of people on multiple levels. So in other words, perfect attributes for some 1.5 dimensional NPC-caliber characters stocking a fun jrpg style walkaround game. Wait what was I talking about? Oh yeah Latula.

HUSSIE: Latula's so rad but she can't smell. I think I agree with Karkat, that's not a disability. That's just like having a cold all the time, but

without any actual symptoms or problems. Who cares. Latula likes to high five people all the time, but doesn't like to be left hanging. That's a pun, because Redglare liked to hang people with nooses. Mindfang ultimately left Redglare hanging that way too. I'm explaining jokes here. What? I told you these stories would suck. You get what you pay for.

> Tell me about Porrim Maryam.

HUSSIE: Porrim is better at social justice than Kankri because she isn't a boring asshole. Some social justice people should try looking into that. Porrim wants there to be equality for ladies. Not everybody cares about that though, which makes it hard for people like Porrim. That's the way it is in the real world. CHALLENGES. But in any case, she is a vampire with cool tattoos. End of story.

> Tell me about Aranea Serket.

HUSSIE: Aranea is a blabbermouth, just like Mindfang. She says long things both as a teen and as a sexy pirate adult that make people ask what am I even reading? It's about time I took over this exposition stand. The way I describe shit is a million times better. She sure charged me enough for it. God I took a bath on this thing. Why was it so expensive??? IT'S MADE OF FUCKING CARDBOARD.

> Tell me about Horrus Zahhak.

HUSSIE: This dude is just Equius on horse steroids. The end.

> Tell me about Kurloz Makara.

HUSSIE: He chewed off his tongue and sewed his mouth shut because he's a weirdo in cahoots with Gamzee and English. Who even knows what they're up to. It's probably just a lot of stupid bullshit. Meaningless, clownish nonsense. Want to know why they're assembling the wicked ensemble? They probably just think it's funny. Kurloz speaks in bones when he does his clown hypnosis shit but otherwise he mimes everything because get this: he's pretty much literally a mime. Also a juggalo. Because that's exactly what Homestuck needed. Another fucking juggalo. Homestuck needed another juggalo like it needed...

HUSSIE: Well, another twelve trolls I guess.

> Tell me about Cronus Ampora.

HUSSIE: Cronus is the worst character in Homestuck by a nautical mile. Any questions?

> Tell me about Meenah Peixes.

HUSSIE: Meenah is kind of throwing a bone to the pisces people who got stuck with Feferi. Feferi didn't really do anything and then she died. Meenah is a cool sassy punk who has more important stuff to do than Feferi ever did. You just spent like the last three hours playing through these games from her POV so obviously you know that. You're probably sick of fish puns by now. After a while you start running out of fish puns. You can overdo it with fish puns, much like you can overfish the ocean. You start literally running out of fucking fish. Be careful out there. HUSSIE: Meenah discovered that raising an army is hard. But you know what's really hard? What's really hard is making games. Games disguise the effort that go into them probably like few other crafts. In order to make a game that is even slightly better than mediocre, someone

probably had to die in the process. Like building pyramids. Nobody actually died while making these games though, hence they were just ok. But still if you add up all the work done collectively on these last three games, it probably was comparable to the manhours that went into [S] Cascade. You know what that is? That's a silly ass fact.

*\* go west as Damara for a shortcut back to the first room. You can go complete the game as Meenah now if you like.*

PAUSE

TAVROS: ?  
JOHN: ?

You reach the end of the game to find an intriguing convergence of outrageous personalities. You are just dying to see what these heavyweights of badtitude have to say to each other, but somehow you discover within yourself the superhuman restraint to hit pause.

There is a whole world of fucking around going on with the meteor crew during the second year of their voyage, and it would be a criminal act of negligence to end this intermission without at least having a peek at their tomfoolery. A weaker person would just want to see what happens with Meenah and Vriska right away. Thank goodness you are a player with a strong sense of responsibility and discipline.

DAVE: oh my god

DAVE: you are so fucking hammered

DAVE: how strong did you even make that stuff

ROSE: Prehhhhhtay strong I geush?

ROSE: Whups. Guesh?

ROSE: Eheh.

DAVE: pretty strong

DAVE: rose you just bootlegged some fucking rubbing alcohol

ROSE: Pshf. ..

ROSE: Overaeact much?

ROSE: I'm yam completally in command of my faculities.

DAVE: faculity isnt a word check mate

DAVE: this kinda strikes me as a sort of misappropriation of alchemy

DAVE: like fucking with the mystical technology of creation to whip up some moonshine just seems

DAVE: i dunno man

DAVE: tell me you at least alchemized a bathtub first to stir this shit in

DAVE: at least that would be hilarious

ROSE: Iii,

ROSE: Omg, you're right, I messed a golden opportutiny for a puticularly humoroush approach to this endeavor... :(

DAVE: and where the FUCK is my applejuice rose

DAVE: gotta say

DAVE: you really let me down on the aj front

ROSE: I tried!!

ROSE: I tried making it...

ROSE: Is was HARD, Dave.

ROSE: (Sluuurp.)

DAVE: bullshit it was hard

DAVE: whats so hard about applejuice its like

DAVE: the most basic goddamn juice

DAVE: like the square one of juice

ROSE: Yes, tha's the POINT!

ROSE: Apples are stalartingly difficult to reproduce.

ROSE: We take for granned our ability to take idealized intsances ofeven quie comlicated objects and consure them from the void.

ROSE: But compalexity implies a heavilly recombinatife nature.. So.. so many things are synesthized from a series of mushh simpler ideas!

ROSE: To those ennities capable of, of conceshualization and absraction, an apple is as closed to being a noshushnally irredushible object as it gets....

ROSE: Ahem. *\*Notionally,*

ROSE: *\*\*Irr, ed, ducible.*

ROSE: Tell me, hoch shot, what ideas would you combide to make and apple?

DAVE: uh

ROSE: Exaaalley/.

ROSE: Thusis why apples are sush indivisible symbols, when it comes to thefield of ideas and their reducshunistHIC!!!!!! reductionishtic essence from the perispective of humans in paticular.

ROSE: Both from a stantpoint of cultrulal and mytholurgical singificance,, and from a pratical one a swell, if you happen to fine yourself acshually trying to ENGINEEEer one.

ROSE: Why do you thing, HIC!!! Why do you think Adam mand Eve were punished for biting in to one??

ROSE: They attempted to pentetrate an indivisible unit, uf fundamenetal knowledge. To consume the interior of a thought which cantot be reduced any further.

ROSE: This knowleshe was for BIDDEN..! Hic. So humanity was forever bandished to live in sin, and, hass strive ever sinse to redeem isselt from the hubrinse of this innallectual foily.

ROSE: Hahaha! , Foily.

ROSE: *\*FOLLY. :)*

ROSE: Or wat about, the tale of Isaac Newdon under the tree?? He was BONKED on the head by an apple.

ROSE: Not reallyan apple though... an atomic idea. An emlemental unit of inspiration itself, id clocked him right on then noggin.

ROSE: And this indivisible notion colliding with hish awareness, much like.. . a high speed partical fired to create a nuculear chain reacation, jarred from the void a more profund unnerstand, HIC, ing of the intrinsic nature of nothiness. That is,. Gravivitation.

ROSE: Of course thess stories are acutually bullshit. They didn't happen in realaity. But thef act that they're rare bullshit makes them more inshresting.

ROSE: Men have crefted many stories that are bullshit out of symbols risen from the abyss of coinsciousness withou necesarily knowing whath e fuck they were doing or saying, as they flounered around for some truth.

ROSE: Bust in spite of themselves they would for however briefly cross through a ray of light regardless. Because of the symbols. Dave.. The symbols hold all the power.

DAVE: well shit

DAVE: looks like i wandered into a really weird uncharted side of town tonight

DAVE: its called the drunk rose district

DAVE: and i am scared out of my fucking mind

ROSE: For a guy who's supposedly, an I quote, "so cool,"

ROSE: You really are almost comically up tight.

ROSE: Here, why don't you have some...

DAVE: no!

ROSE: What a prune.

ROSE: \*Prude.

ROSE: Hic.

DAVE: i told you i don't want any of your experimental fucking spacewizard booze

DAVE: i'd rather not go blind

DAVE: then terezi will have to teach me to lick shit to see

DAVE: is that what you want do you want me licking everything in sight

DAVE: like oh hey mayor SLURP oh fuck you're not the mayor you're my goddamn sister

ROSE: AHAHAHAHAHAHA! ;D

DAVE: i still don't know why you were so bent on making this liquor

DAVE: i thought you weren't really that down with the drinkin

DAVE: you never liked it when your mom drank what happened to that

ROSE: Meh. .

ROSE: She was a lonely single mom.

ROSE: I forgave her.

DAVE: ok so why

DAVE: why tonight do you just decide to get completely wasted before you

DAVE: like

DAVE: are you nervous about your date with Kanaya is that it

ROSE: It's a date??

DAVE: uh

DAVE: yes

ROSE: Howwww do you figure,

ROSE: It's a date.

DAVE: rose

DAVE: you are wearing a friggin prom dress

DAVE: and nervously drinking your ass off

DAVE: while you are waiting for kanaya to arrive  
DAVE: for a goddamn DATE  
ROSE: Can't a girl jush look her best once an awhile?  
DAVE: this is infuriating  
DAVE: why do you even bother with this stupid charade  
DAVE: you could be at like a drive in movie making out with each other  
DAVE: all exchanging class rings while giving birth to each others fucking children  
DAVE: and you would still be all coy like IS IT A DATE OR ISNT IT HMMMM WHO CAN REALLY SAY FOR SURE???

ROSE: Ok....  
ROSE: Mebey,  
ROSE: I took a liltle sip totake the edge off?  
DAVE: yeah  
DAVE: that turned out to be one hell of a sip  
DAVE: maybe you should just reschedule  
ROSE: NoooooHIC!  
ROSE: \*No :(

DAVE: just sleep it off there are more hot dates where that came from  
ROSE: It's cool I'm, cool.  
ROSE: Really!

KANAYA: Is There A Problem

DAVE: a problem

DAVE: uh

ROSE: You are?

KANAYA: Yeah

KANAYA: He Has Achieved Victory Through The Gambit Of Cowards Default

KANAYA: Dont Get Me Wrong He Is Still Utterly Awful

KANAYA: But Sometimes You Just Have To Let A Thing Go

KANAYA: You Know

ROSE: Yeahhh,

KANAYA: What Were You Saying About Terezi And Gamzee

ROSE: Righ, well apparently they..

ROSE: Are.

ROSE: An item?

ROSE: Blackways, I mean.

KANAYA: What

ROSE: The y'are spades dating. In theh shadowns... nobody knows. But me. An now,

ROSE: You.

KANAYA: Are You Serious

ROSE: Yesh!!

ROSE: And it's been troubling me, the more I thing about it.

ROSE: All lot.

KANAYA: Why

ROSE: Because it presends a prickly prolitical sishuation.

ROSE: Terezi's relationship with Karkant is already somewhat tenuous, with their... well from, what I've gathered, about their hishtory.

ROSE: And Dave! His involovment makes in even more complicated, and,

ROSE: I think, with Karkat being moirails to Gamzee, if he finds out Gamzee iss spades with Tetreezi, then...

ROSE: Correct me if I'm wrong but isin't that whole arrangemen getting into territory of social taboob?

ROSE: \* Tabob. Escuse me.

KANAYA: That Could Be Very Awkward Yes

**[A6I3] ==>**

**25/10/12**

dialoglogROSE: Right!!

ROSE: I don't no if it's my ser powers or what, but, HIC, I can see it unfolding all too clearly.

ROSE: Karkast finds out about it and flies into a rage. It ruins his moiralllegelleninace... I mean his moiraHIC!.. It ruins his diamonds with Gamzee, who therefore becomes less stable.

ROSE: And he villifies Terezi as well, and who knows how she reacts. Or what happens with Dave for that matter.

ROSE: Would Dave actually be alright with Terezi dating a psychotic clown on the side, even if it is a relationship centered around only enmity? I kind of doubt it.

ROSE: He could side with Karkat on the matter.. Not even to speak of where your alignment is on the subject of Gamzeen.

ROSE: Which is, what I fear. I'm afraid that,

ROSE: This could create a schism in our group, that we could all be torn apart.

ROSE: And I don't want that!!!!

ROSE: I want us all to stay friends, and just be... peaceful together. :(

KANAYA: Me Too

KANAYA: I Can See The Dilemma Here

KANAYA: Are You Actually Thinking About

KANAYA: Um

KANAYA: Doing Something About This

ROSE: I don't know!!!

ROSE: Maybe I shouldn't interfere with their kishmeshit... kshimimishimesh.. Aw fuck.

ROSE: Their hate dating.

ROSE: Maybe it's..

ROSE: Just a wonderful thing for them. And I would be horrible to interfere, with their..

ROSE: Beautiful hate?

ROSE: The problem is, it's still so alien to me. The idea of black romance.

ROSE: I try to understand, sometimes, like, more than intellectually. I try to, put myself in the shoes of FEELING that an...

ROSE: It still doesn't make sense to me.

ROSE: I don't want to project my human values on to an alien relationship I disapprove of.

KANAYA: I Understand

KANAYA: But What You're Describing Is

KANAYA: Hmm

KANAYA: Actually I'm Hesitant To Even Mention It

ROSE: No, what!

KANAYA: This Is Probably Not A Good Idea

ROSE: Oh, please. You KNOW you have to tell me now.

KANAYA: The Feelings You Are Having Are Actually Perfectly Normal Within The Framework Of Our Quadrant Based Romantic Tradition

KANAYA: I Don't Know If They Can Be Felt Naturally By Humans But The Way You Are Viewing Their Relationship Would Be Quite A Standard Response On Alternia

ROSE: Yeah??

KANAYA: Yes

KANAYA: It Is Sanctioned Within The Ashen Quadrant

KANAYA: Which Addresses Conciliatory Romantic Feelings Not Directed At A Single Person

KANAYA: But At Two People Who Are Presently In Such A Contentious Relationship

ROSE: Oh shitch... I forgot about that..

ROSE: You're right, :o

KANAYA: It Is Generally Not Regarded As One Of The More Emotionally Fulfilling Quadrants To Become Involved In

KANAYA: And Can Be Quite Laborious To Maintain

KANAYA: But It Served A Very Important Social Purpose For My People

KANAYA: Such As In Situations Very Similar To The One You Described

KANAYA: Where Two Parties Are Highly Drawn To Each Other Through Animosity

KANAYA: They May In Fact Be Perfect For Each Other In That Tumultuous Quadrant

KANAYA: But To Pursue The Relationship Would Be Chaos

KANAYA: Much Like The Scenario You Laid Out The Two Kismeses If Left Unchecked Would Devastate All Their Other Relationships

KANAYA: Those In Their Own Quadrants And Even Those In Other Peoples

KANAYA: So It Is The Job Of An Auspistice To Make Sure That Doesnt Happen

ROSE: Yes...

ROSE: .

ROSE: hic.

ROSE: .

ROSE: YES.....

**[A6I3] ==>**

**25/10/12**

dialoglogROSE: KANAYA THAT IS EXAGLY WHAT I NEED TO DO!!!

KANAYA: Oh No

KANAYA: Really

ROSE: Absoulutely.

ROSE: I haf never been so shure.. about, anything.

ROSE: Well maybe, almost anything.. :), but yes.

KANAYA: I Dont Think I Would Advise It

KANAYA: Its Extremely Difficult And Can Often Feel Like A Thankless Undertaking

KANAYA: In Truth It Is Probably The Most Challenging Quadrant To Master

KANAYA: Trust Me

ROSE: I believe you.

ROSE: But I wants to know.

ROSE: Can you teach me?

KANAYA: I

KANAYA: ...

ROSE: There's so mouch I just don't understand.

ROSE: About your romanse, but,

ROSE: I'm soi curious.

ROSE: I try to understand the concept of either contentatious or plastonic relationships as something that...

ROSE: Can be parshed through the emotions assoliated with romance but,,

ROSE: It still doesn't realay compute to me.  
KANAYA: I Really  
KANAYA: Dont Know If I Would Be A Good Teacher  
KANAYA: Of Auspisticism  
KANAYA: I Honestly Was Not Very Good At It Myself  
ROSE: Tha's fine..  
ROSE: Forget aushpipshit...  
ROSE: Auspishtishimish..  
ROSE: Good damn.

wake Up, sleepy head

You needed something to sop up all the blood, so you snatched your sister's fanfic tome for the road. Just by ripping the pages out, you're already giving her dumb stories more attention than they deserve. She's lucky you were in such a pickle for clean towelettes. Ordinarily you wouldn't use this trash to wipe your ass.

But then again, that's only because ordinarily you're chained to the other side of the room.

**[A6I4] ==>**

**14/11/12**

You captchalogue the tome, savoring the recently acquired freedom of having a fetch modus all to yourself. The idea of storing an object, and then... freely being able to retrieve it any time? Without having to barter with a truculent sibling over a series of inconvenient naps? It's almost too much liberation to fathom. You truly are a free, adult man, and you are so, so proud of yourself.

You love having a dead sister. Having a dead sister is an experience you would highly recommend to everybody.

**[A6I4] ==>**

**14/11/12**

You are already so far from home. You have never walked so far in your life. At least not while awake. The immovable juju block keeping you shackled to your room was just one of the many banes of your existence.

It's hard being a cherub and growing up with lots of weird magical rules that nobody understands and have no discernible origin or purpose.

It's hard being a cherub and growing up with lots of weird magical rules that nobody understands and have no discernible origin or purpose, and nobody understands.

**[A6I4] ==>**

**14/11/12**

You peer at your former prison through the scope on your MACHINE GUN. You aren't really supposed to hold the gun by the magazine like that, but whatever.

There's the CRUXTRUDER. It was the only device available to be deployed. You're pretty sure there were supposed to be more devices that went with it. But you guess your game session is a little different?

You were also under the impression there were supposed to be gates directly above your home. But you don't see any. Maybe if you look higher...

**[A6I4] ==>**

**14/11/12**

Still no gates. But there's Skaia, all clouded over. You like it much better that way.

And there's Prospit in close orbit. That's where your dead sister's murdered dream torso is. You wonder if the kingdom has gotten around to having a... what do the humans call it again? You forget. Some sort of ludicrous cadaver festival. Just the typical kind of sentimental horseshit cooked up by races of people who actually live in each other's proximity. They often exhibit such bizarre tendencies that result from esoteric things like "culture" and "tradition." Aliens are so strange.

You guess Jack Noir could still be up there too. You'll have to catch up with him later for a debriefing. He has been very useful. You may need his service again some time.

**[A6I4] ==>**

**15/11/12**

Until then, it seems there is nothing to do but keep exploring. There are no signs of anyone or anything interesting on this planet, except of course the same hideous statues which littered your homeworld. You can't seem to shake these godawful things, even by fleeing to another realm. You don't know what they are, but you suspect that once in an ancient civilization they were probably symbols of tyranny and oppression.

Now that you think about it, you believe your entire planet may have been sucked into the Medium, not just the cruddy statues. The landscape is very similar, minus the bright red glow from the supergiant. Add one more item to the list of things you don't understand. You thought you were going to be sent to a cool new planet, unique to you and your adventure. Some sort of amazing new magical place you could conquer, not the same old barren ball of shit you grew up on. At least that is what Calliope had you believing. You think she was probably a liar, or just really stupid. Or both, times infinity.

**[A6I4] ==>**

**15/11/12**

You keep walking.

**[A6I4] ==>**

**15/11/12**

And walking.

**[A6I4] ==>**

**15/11/12**

Yeah.

**[A6I4] ==>**

**15/11/12**

You're not going to lie.

**[A6I4] ==>**

**15/11/12**

This place is boring as hell.

**[A6I4] ==>**

**15/11/12**

You were hoping for a lot more out of this adventure. But no.

**[A6I4] ==>**

**15/11/12**

The wasteland is empty. Banality skims the void where a proper fucking adventure should be, as if grazing the stab wound of a murdered sister, or say, a toppled sarswapagus. A stupid note is produced. It's the one assholes play to make their audience start punching themselves in the crotch repeatedly.

Today is your first predomination day, and as with all zero preceding it, something feels...

Something feels

Er.

What

What are you looking at?

**[A6I4] ==>**

**15/11/12**

|                   |
|-------------------|
| CALIBORN: ? ? ? ? |
|-------------------|

Look.

No wait. Don't look. Just...

Listen.

You don't have time for fancy poetry. It's almost as useless as having your thoughts dictated to you, assuming you were even aware of that happening, which you definitely aren't. Cherubs aren't prone to that kind of self awareness. No way, absolutely not. Yes, you believe that thought. The one you had just now, by your own volition, and now it's true reality. See? Yes, you agree totally with that thought you had.

Frankly you don't know about stuff skimming holes or alertness to some purely hypothetical flow of narrative or whatever. You've got MAJOR PSYCHOLOGICAL PROBLEMS. You were meant to be a monster. To destroy something huge and really important, perhaps repeatedly, and to be a total shithead about it. You just haven't found the road that'll take you there yet. Somewhere in this depressing empty lot of a session there is a quest waiting for you. You are determined to squeeze more blood from this pathetic stone than all the naturally occurring puppets in paradox space keep in their squishy little torsos combined.

You stew in your own quasi-lucid hostility as you think this very thought. The one right here, that feels like it's being dictated to you, you think. You think it feels that way, so you guess it's true. But we previously agreed that you were the sole author of your own thoughts, didn't we? That's the thought you should be thinking, and more importantly, believing in as hard as you can, thus slightly reducing its stubborn fakeness attribute. You then think the word, HUH? That doesn't sound like a thought you would have, you think to yourself thoughtfully. What the fuck? But seriously, you've got to stop this. If you keep thinking thoughts like this, you'll probably start going crazy. And if you start going crazy, this desolate one player session will start to feel a lot longer than it's already going to, and more specifically, than it already did. Still, you can't quite shake the feeling.

You have a feeling it's already been a long--Hey!

**[A6I4] ==>**

**15/11/12**

What's that over there?? That looks like a GREAT thing to distract you from your awareness-addled reverie.

It's some kind of blinking light, far off in the distance. It may be part of something else, like a larger structure. But it's so far away, the light is all you can see.

You have a feeling it's going to be a long walk.

**[A6I4] ==>**

**16/11/12**

Alert : Roxy

Hold on. Another distraction happens to distract you from your previous distraction.

Really? A distraction to distract you from a distraction? You sure have some dumb thoughts. Whatever dude. It's your brain.

Someone is contacting you. But you don't remember bringing a computer with you.

**[A6I4] ==>**

**16/11/12**

Alert : Roxy

Oh, right. It's your sister's computer, still stored in your shared sylladex. You never understood what a kid chained to her bedroom needed with a portable computer. It made you mad how stupid that was.

You take a look at the message. Yes, just as you thought. That plastered floozy is spouting her nonsense again. It looks like your sister told the human her name? That is a clear and egregious violation of the rules. She must have been getting really desperate.

The joke is on the human though. She's trying to wake up a dead girl.

It seems their session is still completely blacked out. What a bummer. Where's the fun in harassing these losers when you can't see them?

Maybe it's time you left them all behind anyway. You don't have the patience for games with idiots anymore. There are much bigger things on the horizon for you.

Then who would describe what you're thinking and feeling?

NOBODY.

I CAN THINK MY OWN THOUGHTS JUST FINE.

THEY ARE LESS STUPID AND CONDESCENDING. THAN THE THOUGHTS YOU TELL MY BRAIN TO HAVE.

But your thoughts are shitty!

You should be grateful to have someone to spice them up for you.

NO. WHAT'S SHITTY. IS YOU.

AND WHAT'S ALSO SHITTY IS THIS SHITTY PIECE OF SHIT MACHINE YOU LIVE INSIDE.

I don't live inside this thing, you idiot.

This is just sort of like a radio tower. It receives and transmits signals.

That's kind of obvious?

IT'S NOT OBVIOUS. IT'S DUMB AND CONFUSING.

I DEMAND TO KNOW WHAT'S GOING ON.

TELL ME.

Gamzee could have told you a lot of stuff.

WHO??

I can't believe you shot him like that. What's the matter with you?

He was literally the first living being you ever met in your whole life, and you gun him down without a single word?

You've got some problems.

OH. THE CLOWN.

HE WAS DREADFUL AND PURPLE AND NEEDED TO BE EXTERMINATED QUICKLY.

He was a huge fan of yours and was really looking forward to meeting you.

He wanted to help you with your quest.

THIS IS MY PLANET. NO ONE ELSE CAN LIVE HERE. I DON'T NEED HELP.

Yet you want me to tell you what's going on?

authorlogWhat's the matter with it?

IT'S MAKING IT IMPOSSIBLE TO TYPE MY QUIRK.

No it's not.

YES. THE CAPS LOCK KEY APPEARS TO BE PERMANENTLY DEPRESSED.

HOW DO I MAKE IT NOT LIKE THAT.

It's locked.

You need a key to unlock it.

You need keys to unlock a whole bunch of features on this tower.

WHERE IS THE KEY.

How should I know???

BECAUSE YOU ARE AN INFURIATING FONT OF KNOWLEDGE ABOUT MANY THINGS.  
INCLUDING MY OWN BRAIN BEHAVIORS.

Why should I tell you everything?

Find your own fucking keys. It's your quest, remember?

NO, BUT TYPING LIKE THIS IS BAD.

IT'S REALLY THROWING ME OFF.

I don't understand the problem.

I CAN'T MAKE MY U'S LITTLE.

No, I got that. But caps lock should make it easier.

You do realize when caps lock is on, you can hold down shift to make letters lower case, right?

WHAT.

NO.

I DON'T USE CAPS LOCK. I THOUGHT IT WAS SUPPOSED TO BE LIKE A TRAINING KEY FOR RETARDS.

A training key?

MAYBE ALSO FOR GIRLS. FOR WHEN THEY GET HYSTERICAL AND MAKE THEIR LETTERS SHOUT.

Ok, got it. Really great theories there.

So... how do you usually type then?

JUST. NEVER MIND.

Hang on. Are you saying you hold down shift with one hand, while hunting and pecking for all the letters with the other?

And whenever you type a 'u' you just let go of shift??

I SAID NEVER MIND.

Wow.

OK LOOK.

I CAN ACKNOWLEDGE THAT THE METHOD YOU PROPOSED IS A LOT MORE EFFICIENT AND SENSIBLE.

I JUST HAVE MY OWN STYLE.

THAT I'M COMFORTABLE WITH.

AND ALSO.

I JUST NEVER THOUGHT OF THAT.

How old were you again?

FUCK YOU.

OK, THE THING IS.

DON'T TELL ANYBODY I SAID THIS.

Aw, looks like someone just took his first big step toward growing up!

ACTUALLY, TYPING THIS WAY IS A LOT EASIER. LOOKS LIKE I WIN THIS ROUND ASSHOLE.

Win what? I was the one advocating the use of caps lock in the first place, doofus.

DON'T ANTAGONIZE ME. YOU AREN'T A FUNNY PERSON.

I CAN TELL YOU THINK YOU'RE FUNNY. I MAY HAVE PROBLEMS LEARNING.

BUT I KNOW WHEN A PIECE OF GARBAGE IS TRYING TO BE FUNNY.

UNSUCCESSFULLY.

You're right. I do think I'm funny sometimes. Maybe I'm wrong though.

HAHA! YOU ARE. JUST A WRONG AND UNFUNNY GUY.

We all have our flaws to overcome. I do my best, just like you.

Think of all you've done in spite of your learning problems. You don't let your disability hold you back, do you?

I GUESS.

You won that game of chess with that stupid gambit. Switching the hats, remember? It was a lame ploy, and totally not in the spirit of the rules, but it got under her skin enough to force a loss anyway.

You also hired Jack to murder your sister. Which was a dick move, but reasonably clever.

YES.

THOSE THINGS I DID WERE GREAT.

Well, they weren't great so much as terrible. But the point is you can accomplish anything if you put your mind to it.

Just because you struggle with learning doesn't mean you can't realize your destiny. You just have to work a little harder at it.

And if you're dealt a lousy hand - and you definitely were with this shitty solo session - then you have to work even harder.

THAT'S WHAT I'M GOING TO DO.

I know you will.

You are going to prove all the haters wrong, exceed your own limitations by miles, and accomplish more than you ever dreamed possible.

Yours is quite an inspiring story, actually. It's just a shame that all of your accomplishments will be so horrible.

But that's really beside the point.

YEAH, I ALREADY KNEW I WAS INCREDIBLE AND SPECIAL.

WHAT ARE YOU TRYING TO DO. INSPIRE ME. SAVE YOUR BREATH FUCKHEAD.

No, I don't give a shit about making you feel better about yourself.

I'm not your guardian or your sprite or your exile or your fucking life coach. I'm just saying some things that are true through the narrative prompt.

Take the facts or leave them!

MOST OF YOUR FACTS ARE BORING SO FAR.

I WOULD LIKE BETTER AND MORE USEFUL FACTS. RIGHT NOW.

You may be destined for bigger things, but you're still an atrocious, stupid child.

And you may have won the "game" with your sister, but that doesn't mean it was the best thing for your development as a person.

You had her dream self killed, which is not an opportunity your species typically gets. So she died prematurely, instead of allowing the conflict within you to settle itself naturally.

In short, you forced your predomination to happen a little too early, and now you're stuck.

STUCK?

Yes. Your personality is stuck in some sort of cantankerous prepubescent limbo. You are going to be a stunted, miserable tool forever.

WELL, HOW LONG WAS I EVEN SUPPOSED TO WAIT. FOR THAT TWEE BITCH TO GET OUT OF MY SKULL.

It's kind of sad. You don't really know anything about your own species, do you?

AND I GUESS YOU DO?

Uh, yeah?

THE ONLY THING HE HAS TAUGHT ME. IS HOW TO RECEIVE HUNDREDS OF BULLETS THROUGH THE TORSO. IN THE LEAST DIGNIFIED MANNER POSSIBLE.

AND ALSO. A CRASH COURSE IN DYING A PAINFUL DEATH. HOPEFULLY.

Sorry to disappoint you.

He's not dead.

WHAT.

What did you expect? He's clearly a god tier.

BULLSHIT.

Haven't you ever seen a god tier before?

You do know what that is, right?

YES, I KNOW WHAT THAT IS.

Then you know he's immortal, and can only die under very specific circumstances.

Guess there's no point in trying to kill him!

BUT HIS WINGS FELL OFF!

I SAW THEM FALL OFF.

Hmm.

Yeah. I guess they did.

So?

SO. I THINK. HE'S PROBABLY FAKING.

Oh please. Paranoid much??

Why would anyone go to that kind of trouble? What would be the point?

He would have to be such a jackass to do that.

I DON'T KNOW WHY HE'S FAKING.

I JUST KNOW THOSE WINGS WERE BOGUS PIECES OF SHIT. THAT WERE LIKE. STRAPPED ON.

WHICH MEANS. HE IS A FRAUD.

If you don't believe me, just see for yourself.

HUH?

You made the rookie mistake of turning your back on the body.

OH MY GOD.

**[A6I4] ==>**

**21/11/12**

authorlogHOW CAN HE POSSIBLY STILL BE ALIVE???

See? Fit as a fiddle. Barely a scratch on him!

Just please don't shoot him again, ok?

WHY. IF YOU SAY HE'S IMMORTAL. THEN IT SHOULDN'T MATTER, RIGHT.

Yeah, I know what I said.

Alright, maybe he's not god tier. Who can really say for sure?

Just try giving the machine gun a rest for a while. He really wants to help you!

I DON'T UNDERSTAND WHY THIS FUCKER WON'T DIE.

He's a hilarious, rascally clown!

You know how it is with clowns.

NO??

They are notoriously difficult to kill for reasons that basically don't make any sense.

I'm personally not aware of a single timeline in which this codpiece packing moron dies.

WHAT. WHAT DOES THAT MEAN.

It means you can't keep down the clown.

??????

Say it with me.

"You can't keep down the clown."

NO, I WON'T SAY THAT.

SAY IT!

"You can't..."

GO FUCK YOURSELF. JUST TELL ME WHAT IT MEANS.

It means crazy clowns just won't die for some reason. In adventures such as yours, they tend to linger long past their welcome.

They linger and linger and linger, and just when you think you're totally fed up with their bullshit and you can't take another second of it, they just linger some more.

And you never know what they're up to, and they're always scheming in the shadows, and it's quite possible that whatever master plan they're hatching just doesn't make the slightest bit of sense at all.

But it doesn't matter. It doesn't matter how stupid the clown's schemes are, or how sick of him everybody is.

He just. Won't. Die.

THIS IS. HONESTLY? THE WORST SALES PITCH FOR A MENTOR. THAT I HAVE EVER READ.

Granted!

But come on. Just let it slide this one time? Please?

Just no more shooting. You can slap him around if you want. That's fine. But shooting is off limits.

WHY.

Because you can't kill him! He's the most important character in...

IN WHAT.

Well, ok. Maybe not the MOST important.

But he's still really important!

I SERIOUSLY THINK. YOU'VE BEEN MOSTLY FUCKING WITH ME.

No way!

Ok, shhhh! Shh. He's approaching you.

Come on man, be cool. Let's just see how this plays out.

It looks like he's got a present for you! Ooh, I wonder what it could be...

**[S][A6I4] ==>**

**21/11/12**

authorlogYou mother fucker.

HE LOOKED AT ME FUNNY.

Yeah.

Want to know why?

BECAUSE HE'S A FUCKING CLOWN.

DO NOT TYPE IN BIG LETTERS. IT CONFUSES ME.

Why do you have to be like this?  
Why can't you just be down with the clown?  
I DON'T KNOW.  
I LIKE SHOOTING HIM.  
HE JUST HAS THIS. PERFECTLY SHOOTABLE TORSO.  
HEY. WHAT THE FUCK IS THIS HORRENDOUS MUSIC.  
What. You don't like it?  
IT IS WITHOUT A DOUBT. CAUSING ME MORE PAIN. THAN WHATEVER THIS  
UNKILLABLE CLOWN IS FEELING RIGHT NOW.  
Well, whenever you shoot the clown, I play the elevator music.  
OH FUCK. NO!  
That's the deal.  
Either shoot the clown and face the music, or put on your fucking big boy suspenders and stop  
trying to murder him.  
ALRIGHT. WHATEVER.  
I FIND YOUR STIPULATION TO BE TYRANNICAL. BUT FINE.  
Just plug the thing in the goddamn box already.

**[A6I4] ==>**

**22/11/12**

authorlogALRIGHT.

NOW WHAT.

**[A6I4] ==>**

**22/11/12**

[A6I4] ==>

ALRIGHT.  
NOW WHAT.

authorlogNow all the monitors have power.

Each one is set to a different channel. But they won't display anything unless they're unlocked.  
You unlock them by finding the right keys and using them on that little model of the radio tower  
next to you.

One of them is unlocked for you already. Can you see it up there?

YES. YES! I CAN SEE IT.

IT IS A VIEW OF MY DEAD SISTER. WHAT A BEAUTIFUL SIGHT.

SHE REALLY MAKES. A MORE BREATHTAKING CORPSE. THAN I EVER IMAGINED.

Whatever you say, weirdo.

Anyway, it's like I said. This is a glorified computer. If you want to change your text color, you can  
sample some pixels from the display.

THIS IS PERFECT.

I WAS INTENDING ON USING HER PUTRID GREEN BLOOD. TO COLOR MY TEXT.

Were you?

YES. IT WAS GOING TO BE LIKE. PAINTING MY WORDS IN HER BLOOD. AS A TOKEN  
OF MY RUTHLESS TRIUMPH.

THEN ON THE NEXT TIME I WAS GOING TO HARASS SOMEBODY. IT WAS GOING TO  
BE ALL LIKE. LOOK WHO WON. IT'S JUST ME NOW.

AND I WOULD JUST BE LIKE. NOW WHAT'S UP. \*BITCHES\*.  
IT WAS GOING TO BE.  
SOOOO.

\*BAAAAAADASSSS\*.

Ok.

ALSO. THIS IS A FUNNY COINCIDENCE. BUT I WAS ALSO BATTING AROUND THE  
IDEA.

OF STEALING HER BIG U'S ANYWAY?

I MEAN. AS ANOTHER KIND OF TROPHY. TO LET PEOPLE KNOW. I'M WHOLE. AND  
THE BEST SIBLING IS IN CHARGE NOW.

I WAS ON THE FENCE ABOUT DOING THAT THOUGH. BUT I GUESS YOUR STUPID  
LOCKED KEYBOARD. MAYBE FORCED THE ISSUE.

BUT I'LL JUST SAY BADASSERY WAS THE REASON. AND OMIT THE TEDIOUS  
ANECDOTE ABOUT THE KEYBOARD.

SO YEAH.

Then let's consider this a serendipitous facilitation of all your most juvenile typing fantasies.

Let nobody henceforth mistake you for a guy who isn't trying as hard as he can to type like a cold  
blooded motherfucker.

YES. THAT'S WHAT I WANT.

Great. Now grab that mouse there and pick a new color.

**[A6I4] ==>**

**22/11/12**

Logitech

authorlogEXCUSE ME.

WHAT THE FUCK IS THIS.

It's a wireless mouse.

NO. IT'S THIS AWFUL KIND OF MOUSE.

THE KIND WITH THE GLOSSY ORB. I HATE THESE.

Yeah, trackballs are pretty terrible. Can't argue there.

MY THUMB CLAW IS KIND OF. SLIPPING ON THE SHINY BALL.

THIS IS INCREDIBLY DIFFICULT TO OPERATE.

I really don't envy your situation.

ALSO. THIS IS AN AWKWARD VANTAGE.

IF I WANT TO USE THE MOUSE AND LOOK AT THE SCREEN. I HAVE TO STRETCH MY  
ARM REALLY FAR.

AND KIND OF TWIST MY BODY. TO LOOK AROUND THE CORNER. LIKE THIS.

**[A6I4] ==>**

**22/11/12**

authorlogWell, maybe that's why it's a wireless mouse?

So you can pick it up and walk around the tower, and use it on whichever monitor you want.

BUT I CAN'T MOVE IT.

Pardon?

IT'S STUCK.

WHY IS THE MOUSE STUCK.

Probably because it's welded to the counter.

ARE YOU FUCKING SERIOUS.

Yes.

I CANNOT BELIEVE THIS.

WHAT SORT OF ASSHOLE. WOULD SET UP A WIRELESS MOUSE.

AND THEN WELD IT TO THE COUNTER.

That's a hell of a question.

OHHH.

OHHHHHHHHHHHHHHH.

I AM SO. SO. PISSED OFF AT THIS.

WHO IS RESPONSIBLE FOR THIS NIGHTMARE.

I dunno.

Someone who thought it would be funny watching you struggle with a shitty trackball mouse welded to a counter?

I DEMAND TO KNOW.

WAS IT YOU.

IT WAS YOU. WASN'T IT.

Maybe.

**[A6I4] ==>**

**23/11/12**

authorlogMARK MY WORDS. WHOEVER YOU ARE.

SOME DAY I WILL TRACK YOU DOWN. AND KILL YOU.

You already did.

LIAR.

It's true. It already happened in like the quasi-future.

UH. WHAT.

For someone who's supposed to be a Lord of Time, you really kind of suck at thinking 4th dimensionally.

Let alone 5th dimensionally.

You've got a long way to go, kid.

QUIET. YOUR NONSENSE IS DISTRACTING.

OK. THERE.

WAIT.

THIS COLOR IS ALL WRONG. IT'S TOO MUDDY.

Yeah. The environment is pretty grim up there.

Skaia doesn't provide very good lighting when it's all clouded over like that.

Just bump up the brightness on the display.

**[A6I4] ==>**

**23/11/12**

authorlogOK. HOW'S THIS.

That looks better.

Wait, let me check.

Ok, yeah. #2ed73a. That's correct.

WHAT.

That's the hex code for the color.

WHAT THE FUCK ARE YOU TALKING ABOUT.

It's the numerical representation of the color in hexadecimal format.

OK. SO??

So I was just double checking to make sure it was right.

AND.

It was right.

THIS IS A PARTICULARLY AGGRAVATING TANGENT. TO AN ALREADY GHASTLY CONVERSATION.

I'M DEFINITELY GOING TO FIGURE OUT WHO YOU ARE. AND HOW TO KILL YOU.

But Caliborn.

How do you expect to kill me...

When I am already dead!

Hahahahahaha, oh man.

HOW IT IS ACTUALLY POSSIBLE.

FOR SOMEONE TO BE THIS OBNOXIOUS AND UNFUNNY???

I don't know.

Maybe it's a miracle?

STOP FUCKING WITH ME.

I'M SERIOUS.

Oh no. He's serious everybody. Look out.

He's about to throw the tweeniest, brattiest tantrum his little green exoskeleton can muster.

STOP IT.

If you pitch a fit in your little bow tie and suspenders, it will probably be so adorable that I might just drop dead anyway.

Or my ghost will.

FUCK YOU.

NOW I KNOW YOU'RE FULL OF SHIT.

GHOSTS CAN'T DIE. THAT MAKES NO SENSE.

No really, go ahead. Flutter your eyelashes at me. Make it as grumpy as possible.

Kawaii me to double death bro!

I'M SO CLOSE. TO JUST. WREAKING MAYHEM.

ON LITERALLY EVERYTHING WITHIN MY TANTRUM RADIUS.

IF YOU DON'T STOP TEASING ME. AND START BEING USEFUL TO MY QUEST AGAIN.

Wait! Shhh, settle down. Something important is happening.

WHAT.

The clown! He wants to give you another present.

OH GOD.

But seriously, this present is really important.

Just turn around and receive it graciously from your new mentor.

HE'S NOT MY MENTOR.

And remember. No more clown shootings, or I play the music again.

UGH.

[A6I4] ==>

25/11/12

authorlogWHAT IS THAT.

What does it look like?

It's a magic crowbar.

WHY IS HE GIVING IT TO ME.

I'm not sure.

I THOUGHT YOU KNEW EVERYTHING.

I know a lot of things. But I don't always understand his motivation for doing the stupid things he does.

WHY NOT.

I just don't.

Like one time? He sold a girl some potions. I have no idea why he did that.

POTIONS?

Yes potions.

He also threw some corpses into a sprite to revive them, and fused their identities to create a disturbing freak of nature.

I'm still not really sure why he did that. Probably just to fuck with everybody.

WHAT CORPSES.

It doesn't matter what corpses. Just some corpses, ok?

The point is, he probably didn't even have any reason for doing it. He was just being weird and capricious.

But that doesn't mean it didn't end up serving an important purpose anyway.

After the fused corpse sprite exploded, both of their ghosts got fed up and decided to start working together.

And now they're doing some important stuff in the afterlife. But I kind of doubt this clown had any idea that would happen.

Or maybe he did? Who really knows with clowns.

HOLY FUCK. WHO CARES ABOUT THIS.

WHAT ABOUT THE CROWBAR.

What about it?

YOU SAID IT WAS IMPORTANT.

It is important.

But I don't know if HE knows that.

I BET THAT CROWBAR IS A USELESS PIECE OF GARBAGE. I WILL NOT ACCEPT IT.

Maybe he heard you bitching about the wireless mouse being welded to the counter, and he's giving you something to pry it off with?

OH. RIGHT.

MAYBE THAT'S IT.

But that's not why it's important.

THEN WHY.

You know how at the start of an adventure, you find some seemingly trivial thing that turns out to be important later?

But at the time you have no idea why or how it'll turn out to be important?

YEAH.

It's like that.

THAT DOESN'T EXPLAIN ANYTHING.

It explains everything.

WHAT'S MAGIC ABOUT IT. WHAT DOES IT DO.

I'm not telling.

TELL ME WHAT I'M SUPPOSED TO DO WITH IT.

No.

YES.

Just take the damn crowbar.

OK. FINE.

I THINK I AM DEVELOPING A PREMONITION.

ABOUT WHY THIS IS IMPORTANT. AND WHAT I'M SUPPOSED TO DO WITH IT.

Really?

YES. IT'S GOING TO HAPPEN REALLY SOON!

I CAN FEEL IT.

Wait, what are you...

**[A6I4] ==>**

25/11/12

[A6I4] ==>

Hey! Stop that.  
What did I say??

authorlogHey! Stop that.

What did I say??

YOU SAID SHOOTING THE CLOWN WAS OFF LIMITS.

BUT I AM STILL PERMITTED TO SMACK HIM AROUND.

I'M JUST FOLLOWING THE RULES.

That's true.

Ok. I'll allow this.

YESSSSS!

**[S!][A6I4] ==>**

25/11/12

...6I4] ==>

...U PIECE OF SHIT!!!!!!!!!!!!

authorlogYOU PIECE OF SHIT!!!!!!!!!!!!

I stopped allowing it.

I THINK YOU MUST HAVE MENTAL PROBLEMS.

ONES THAT ARE WORSE THAN MINE, I MEAN.

I just want you to be friends with him, and stop beating him into a coma with a crowbar. Or riddling his sad floppy body with full metal jackets.

Although I will admit it is hilarious every time that happens.

OH. THIS IS AMUSING TO YOU?

THEN WHAT IF, FOR A LAUGH ENCORE.

I STARTED FUCKING UP YOUR DUMB TOWER?!

No don't!

[!!!][A6I4] ==>

25/11/12

Cut that out!

MAKE ME.

You're going to cause huge problems for everybody if you keep that up.

Mostly for yourself!

THEN SHUT OFF THAT MUSIC.

AND BE USEFUL TO ME AGAIN.

How?

TELL ME ABOUT MY QUEST.

You brat. I'm not telling you shit!

I COULD DO THIS ALL DAY.

WOW. THIS IS JUST. THE MOST FUN THING. I LOVE THIS MAGIC PRESENT.

YOU KNOW WHAT. THAT CLOWN?

MAYBE HE'S NOT SO BAD.

I MEAN. ONCE I BROKE HIM IN A LITTLE.

Ok fine!

I'll tell you some stuff. Just quit it.

[A6I4] ==>

25/11/12

[A6I4] ==>

Thank you.

Now what exactly would you like to know?

EVERYTHING.

authorlogThank you.

Now what exactly would you like to know?

EVERYTHING.

Everything is a lot.

Care to narrow it down a little?

OBVIOUSLY NOT THE BORING IRRELEVANT THINGS.

DEFINITELY NOT THINGS LIKE. WHO KISSES PEOPLE. WITH THEIR UNPLEASANT

NONSKELETAL SMOOSHY LIPS.

JUST ALL THE THINGS THAT I NEED TO KNOW TO WIN THIS GAME.

That's not how adventures work though.

You don't just make some omniscient narrator inside a computer tell you everything all at once.

There's like this whole process to it. You reveal certain things at the right time, depending on whether the hero has met certain requirements and is ready to learn those things.

What you learn and what I tell you is more up to you than it is to me.

WHO CARES.

I DON'T WANT YOUR EXCUSES.

Aren't you excited about your adventure? About being unchained for the first time ever, and getting to explore this mysterious place, and meeting people and solving puzzles that will lead to the realization of who you were meant to be, and how you fit into this epic?

NO.

SO FAR. THE ADVENTURE IS BORING, AND FRUSTRATING, AND CONSISTS OF AN IDIOT IN A COMPUTER, AND A CLOWN WHO WON'T DIE.

I WANT TO KNOW WHEN I GET TO START FUCKING SHIT UP.

You'll definitely get to do that later.

WHEN.

Not long from now.

LIKE. IN A COUPLE HOURS. OR.

That's up to you. There are puzzles to solve all over your planet. Your mentor can help.

The sooner you do that, the sooner the fun will begin.

YOU REALLY AREN'T TELLING ME ANYTHING.

WE HAD A DEAL. I PUT THE CROWBAR DOWN. NOW TELL ME THINGS.

Why don't we narrow the scope of the Q&A then?

Try asking very specific questions, and I'll decide if it would be appropriate to answer at this time.

YEAH. GOOD IDEA.

THEN MY FIRST QUESTION IS.

WHAT IS THE PLACE.

The Medium. You are in your game session.

I KNOW THAT.

WHAT'S THIS PLANET, I MEAN.

It was called Earth.

EARTH. THAT'S IT?

Yes.

Weren't all the Statues of Liberty a dead giveaway?

If you see one or more shitty old Statues of Liberty on any post-apocalyptic wasteland planet, that automatically means it was Earth all along, as a rule.

Then when you realize that, you're supposed to have a mental breakdown.

I AM UNFAMILIAR WITH THIS RULE. AND SKEPTICAL OF ITS VERACITY.

TELL ME MORE ABOUT EARTH.

It's the place humans are from. But that was a very long time ago, with respect to the planet's current age.

Earth has been through a lot. It was even relocated a couple times.

YES. I BROUGHT IT WITH ME, I THINK.

INTO THE GAME.

Yes. But it was relocated once even before that.

It was moved from its native solar system, where it circled around a little yellow sun.

Then it founds its way to a new system, around your big red sun. It stayed there for a good while, until your sun started dying.

WHY WOULD SOMEONE MOVE A PLANET.

Its universe was about to explode. So its proprietor closed up shop and got it the hell out of there.

HOW.

That's not important for you to know. Suffice to say, planets just have a way of scooting around in this adventure.

OK. WHY IS THIS MY PLANET IN THE GAME THOUGH.

Cause your kernelsprite turned into a black hole and sucked it into your session?

NO I MEAN. I THOUGHT I WAS SUPPOSED TO HAVE A COOL AND SPECIAL PLACE.

LIKE A LAND OF SOMETHING AND SOMETHING.

You do.

You just have to unlock it.

That is when your real quest will begin.

HOW DO I DO THAT.

You know. Finding keys. Solving problems.

All the potential for extraordinary achievements in your quest must be unlocked first.

We've been over this.

WHERE DO I FIND THE KEYS.

I don't know.

LIES.

Why would I know that? You think I'm like an encyclopedia on key locations??

I got better things to think about than where all your stupid keys are.

Find them yourself. Better hop to it!

NO. MORE QUESTIONS FIRST.

WHAT AM I ULTIMATELY STRIVING TO UNLOCK.

TO MAKE MY REAL LAND APPEAR.

IS IT SOME SORT OF GIANT, FANCY KEYHOLE.

No. More like a big door.

A DOOR TO WHAT.

TREASURE?

Kind of.

If there's any treasure in there, it would be guarded by your denizen.

WHAT'S THAT.

A powerful monster that rules your planet, asleep in the core.

He appeared there the moment Earth got sucked into your session.

WHAT KIND OF MONSTER.

IS IT A DEADLY, CHALLENGING MONSTER?

Yes.

He is the deadliest, most challenging denizen of all.

He very rarely appears in game sessions, and is usually designated for the most naturally gifted warriors.

His name is Yaldabaoth.

**[A6I4] ==>**

25/11/12

authorlogSO MY GOAL IS. TO BURROW FUCK DEEP INTO THE CENTER OF EARTH.

UNLOCK HIS DOOR.

AND THEN DESTROY HIM.

Sort of.

You can fight him then and there if you want. But that won't do you much good. And not just because he'd probably kill you instantly.

You're better off listening to him.

WHY.

Because he will make you an offer.

By which I mean he will give you The Choice.

THE CHOICE TO DO WHAT.

I won't tell you that.

FUCK. NO.

YOU WERE ON SUCH A ROLL. OF NOT BEING SHITTY.

It's just a very important decision you will have to take into consideration once you hear it.

Something unique to you and your journey.

Basically, if you accept his terms, your real adventure will begin. Your true planet will be unlocked, and a whole lot of other crazy shit will happen. It's best not to get bogged down in the details though.

The bottom line is, by accepting, you will begin the most difficult game session anyone has ever attempted.

WHAT.

THAT'S BULLSHIT.

WHY DO I GET SUCH A RAW DEAL.

Because you are being punished.

FOR WHAT.

For your hubris in embarking on a one player session.

That's against the rules.

WHAT RULES. WHERE ARE THESE RULES WRITTEN.

They aren't written anywhere. They're just the rules.

Are the rules you and your sister followed written anywhere?

NO.

You just knew what they were, and you followed them. There were consequences for breaking them.

SO THIS SHIT ASS SESSION. IS PUNISHING ME FOR. BEING TOO FULL OF MYSELF. AND KILLING MY SISTER??

Pretty much.

WHATEVER. I ACCEPT THE CONSEQUENCES. FOR DOING THOSE EXCELLENT THINGS.

JUST BRING IT ON.

I thought you'd feel that way.

SO WHAT'S SO TERRIBLE ABOUT THIS SESSION. ASIDE FROM THE FIRST STAGE BEING INSANELY BORING.

It's called a dead session.

SO.

So, there are three kinds of fucked up sessions, and yours is the worst.

There's a null session, which is pretty much a normal session that's doomed to failure.

Everything works correctly. The sprites are prototyped, the battlefield can evolve, the Forge is present, Skaia can gestate a new universe... theoretically.

But events conspire such that this never happens. Basically the players are doomed to fail.

Then there's a void session, which is the same as a null session, but without even having the potential for success.

Nothing is prototyped. The battlefield doesn't evolve. There's no Forge. It is completely inert.

It has no chance of bearing fruit, at least not without some sort of miraculous external intervention.

Like a deus ex machina.

And then there's a dead session, which is a void session but worse. It's started by a single player.

The kernelsprite collapses into a black hole, sucking the planet into it, and eventually the sun and

entire solar system. There is no hope of creating a universe in such a session under any circumstance, not even with outside help. Victory and defeat in a dead session are dictated by totally different terms.

One way of looking at it is, if you're fortunate enough to even get your quest started, it will be like playing the game on the extreme difficulty setting.

Hope you're up for that!

OF COURSE I AM.

LET ME ASK YOU.

IF YOU WERE THE MOST DEADLY DENIZEN OF ALL.

WOULD YOU WANT TO MESS WITH...

[A6I4] ==>

25/11/12

authorlog\*THIS\*???

Hell no.

Hmm...

WHAT.

Gamzee again.

OH.

Wonder what he's up to now?

He doesn't look too good.

[A6I4] ==>

26/11/12

HoOoRnK.

authorlogOh great.

Now he's vomiting blood.

Are you satisfied?

You made this dear, sweet, pseudo-innocent juggalo vomit liter after thick, glutinous liter of nasty purple blood.

[A6I4] ==>

26/11/12

authorlogUUUGH.

I'm debating whether I should play the elevator music again.

Would that be funny? I'm not sure.

Kind of borderline, really.

HOLD ON.

WHAT IS THAT.

What?

HE'S PUKING SOMETHING UP.

IT LOOKS LIKE...

ARE THOSE...

[A6I4] ==>

26/11/12

authorlogKEYS?

What?

HE PUKED UP SOME KEYS.

That's weird.

What kind of keys?

JUST SOME REGULAR LOOKING KEYS.

WITH SOME KIND OF CLOWNY KEY RING.

Hmm.

Do you think they might work on this tower?

WHY THE FUCK ARE YOU ASKING ME?

HOW COULD THIS BE SOMETHING YOU DON'T KNOW.

Don't be that way. I'm just thinking out loud here.

SO YOU HAD NO IDEA THAT THIS WRETCHED FOOL SWALLOWED SOME KEYS.

INTENDING TO LATER REGURGITATE THEM IN FRONT OF ME. PROBABLY AS ANOTHER "PRESENT".

He's kind of like a loyal pet, isn't he?

Dragging ridiculous stuff into the house as gifts for his master.

Barfing up disgusting things on the carpet and beaming with pride over his generous offering.

Isn't that what you want from a devoted minion/mentor?

DID YOU. OR DID YOU NOT. KNOW HE HAD THESE KEYS.

Nope.

I'm just as surprised as you.

I DON'T BELIEVE YOU.

Hey, I told you.

I have no idea what that clown gets up to in his spare time.

I'm not even really sure how he got here, to be honest.

Maybe he stowed away in a shitty Liberty?

Or maybe he was just hiding in one of the ventshafts on your meteor when you entered? He had YEARS of practice to master that move, now that I think about it.

SHUT UP. JUST SHUT UP!

HOW CAN EVERYTHING YOU SAY BE SO USELESS.

Why don't you quit bitching at me and try out those keys?

**[A6I4] ==>**

**26/11/12**

authorlogHOW DO I KNOW WHICH KEY GOES IN WHICH HOLE.

You don't.

WHAT. THERE ARE NO LABELS. OR NUMBERS. OR ANYTHING?

Nope.

You just have to try them on every keyhole until one fits.

THAT'S SO TERRIBLE.

I LITERALLY CANNOT. EVEN THINK OF A SINGLE THING MORE TERRIBLE THAN THAT.

Welcome to your quest.

OK. I GUESS I FOUND ONE THAT FITS.

**[A6I4] ==>**

**26/11/12**

authorlogAH. YES. IT'S THIS BUMBLING TWIT.  
WHERE IS HE.

He is in his game session, exploring his land.

HIS LAND LOOKS COOLER THAN MINE.

It is cooler.

THAT FUCKER. I AM SO GOING TO MESS WITH HIM. NOW THAT I CAN SEE HIM.  
HEY.

WHY CAN I SEE HIM NOW? THEIR GAME WAS BLACKED OUT. LAST I LOOKED.

You were looking through a standard chat client viewport.

This tower's signal bypasses the field of void permeating the session.

As long as you find the right tower, the right monitor, and have the right key, you should be able to see anything in existence from this planet.

INTERESTING.

Try another key.

**[A6I4] ==>**

**26/11/12**

authorlogIT'S THE DIRK HUMAN.

HE IS SOMEWHAT TOLERABLE. I MEAN. AS A STRONG AND COMPETENT MALE.

What. So you're down with the Dirk?

NO. ALL I'M SAYING IS. THE DEATH I WISH ON HIM DOESN'T HAVE TO BE  
ESPECIALLY PAINFUL.

IT COULD BE LIKE. GOING TO SLEEP. WITH MAYBE ONLY A SHORT SCREAM.

I think you want to be bros with him.

SHUT YOUR MOUTH.

I WILL TRY ANOTHER KEY.

**[A6I4] ==>**

**26/11/12**

authorlogOH HO.

AND HERE IT WOULD SEEM THAT WE HAVE.

AN EXEMPLARY PAIR OF SAUCY BITCHES.

DO YOU THINK...

What?

NO. NEVER MIND.

IT WAS A FRIVOLOUS QUESTION.

Think what?

I WAS JUST WONDERING.

DO YOU THINK IT'S LIKELY.

IF I PEEK AT THEM FOR A WHILE.

THEY WILL BEGIN TO. MAYBE.

What?

STROKE EACH OTHER'S HAIR.

Ok, I'm leaving.

OR MAYBE.  
WHAT'S THE WORD I'M THINKING OF.  
YOU DO IT WITH ANOTHER LIVING TORSO THAT'S NEAR YOU. I MEAN, A TORSO YOU  
HAVEN'T KILLED YET.  
WHEN ONE DARES TO ALLOW THE SEDUCTIVE SERPENT OF DEBAUCHERY TO  
SLITHER INTO ONE'S SARSWAPAGUS.

What the fuck?  
I THINK IT'S CALLED.  
"SNUDDLING"?

Bye.  
WAIT!  
WHERE ARE YOU GOING.

I think you've got a handle on this.  
You're warming up to the clown, or at least you stopped shooting him every thirty seconds.  
So it seems like you're ready to accept him as your mentor and begin taking this quest seriously.  
I FIND HIM MODERATELY LESS REPELLENT.  
AND HE HAS PROVEN HIMSELF USEFUL. I GUESS.  
I WILL ACCEPT THE RESILIENT BARD AS MY SERVANT.

Cool.  
My work here is done then.  
Try out some more keys. Then go exploring and look for more.  
You'll get the hang of it.

TT: Dude!

TT: Where you at, man.

pesterlogTT: Dude!

TT: Where you at, man.

TT: Wait.

TT: Which computer are you using?

TT: I'm not comfortable knowing my words could be hovering over Cage's clownish, sort of gaunt face.

TT: Could you maybe switch back to naked blue chicks as your exclusive desktop fodder? TIA.

TT: But yeah.

TT: I don't know if you just want a little solitude.

TT: Or if maybe you finally just got like,

TT: A case of Strider fatigue.

TT: I could understand that.

TT: I mean, not to get all neurotic on you.

TT: I'm just saying I get it, if that's what's going on.

TT: But for real, if you gotta sneak away for a few days, that's cool.

TT: Just might be kind of dope if you at least would let me know which planet you scurried off to.

TT: And by dope I guess I mean considerate?

TT: Really not trying to be a drag here.

TT: Wondering what's up is all.

TT: Want to meet up soon?

TT: I found a really promising tomb we could raid.

TT: Looks like it runs hella deep.

TT: If I've got the specs right, could run as deep as the Lion's Mouth itself.

TT: But without all the fuckin' fire to deal with.

TT: Wait, I mean Lion's Mouth.

TT: Gotta underline that key shit. Always forget.

TT: Figure it should take a couple days to make it to the bottom.

TT: Only a day if we both go limp and just fall the whole way down the stairs.

TT: Ignoring literally every sage warning we've ever received about those treacherous plummetation zigzags.

TT: Just tumbling on down in a floppy limbed trance like a couple of puppets in a race arranged by some drunk gamblers.

TT: If you're into another expedition, head to LOTAK and hit me up. Just don't forget your mask this time.

TT: The deeper we go, the worse it gets, remember?

TT: Could be some unreal grist down there.

TT: More puzzle shit.  
TT: Loads of skeletons.  
TT: Pack your guns dog.

Alert : Jake

pesterloggolgothasTerror [GT] began pestering gutsyGumshoe [GG]

GT: Greetings!

GG: Oh. Hello, Jake.

GT: Im not interrupting anything am i?

GG: Um, not really? Roxy and I are just setting a few things up here.

GT: Ah i see. I would be happy to message you again later if it would spare you any inconvenience.

GG: No, it's fine! It's really nice to hear from you, actually.

GG: I was starting to worry you might have forgotten.

GT: Uh.

GT: Forgotten?

GG: Oh no...

GT: Forgotten what now?

==>

Deepest Sigh.

pesterlogGG: Never mind.

GT: Wait dont tell me.

GT: Is it a tomb or a crypt or somesuch? Are you preparing for another grist seeking expedition??

GT: Oh shit did you schedule my assistance for the raid and i forgot all about it???

GG: No, Jake.

GG: We didn't need your help raiding a tomb. But thanks for thinking of us.

GG: I don't know what this clueless pair of damsels would do without you.

GT: Blast.

GT: Well what in the name of willy howard tafts great tub choking bottom could i be forgetting then?

GT: This is going to drive me CRAZY! Can you give me a hint?

GG: Yes. It has to do with the day I was born, which was almost exactly sixteen years ago.

GT: Of course! Your birthday!!!

GG: Didn't you get Roxy's invitation?

GG: It was my understanding that she gave you and Dirk notice weeks ago.

GT: Yes thats right. Now i remember. The date sure snuck up on us quick didnt it?

GT: Sorry you know how things can slip my mind. The gourd on my shoulders isnt the steel trap it used to be. Nothing like the well oiled puzzlebuster you've got up there.

GG: Mm.

GT: Well damn.

GT: Looks like the egg monster took quite the spirited dump on my face this time.

GG: Jake. I... what?

GT: I feel so dumb. Ill be right over.

GG: Well, if you recall, the party is actually tomorrow.

GG: Like I said, we're just setting a few things up.

GG: Roxy is putting up some decorations. I baked a cake. You were of course free to join us early too. I just thought since I hadn't heard from you in quite some time, you had better things to do.

GT: You baked a cake for your own party?

GG: Yes. So?

GT: I dont know something seems amiss about that. Isnt that against tradition or inviting bad luck or something?

GT: But I guess it makes sense since you love baking cakes. Its like a present you give to yourself!

GG: Jake, what was it you actually wanted?

GT: Oh. I just wanted to get your advice on some stuff.

GT: But since ive been a heel and forgotten about your party maybe i shouldnt bother you with that?

GG: Mmm.

GT: So sixteen big ones huh! The ole sweet sixteen.

GT: Last one of us to notch the vaunted one sixer. Its a big step! I knew youd make it, i always said i believed in you didnt i?

GT: Just kidding, the inexorable nature of times passage virtually assured you would get that old so you didnt really have anything to do with it. I mean not that i dont still believe in you, i do.

GG: ...

==>

**01/12/12**

pesterlogGT: I cant believe its already been...

GT: How long?

GT: What, like a year already since we entered? Holy moly, where does the time go.

GG: It's been more like five months.

GT: Oh.

GT: Well thats still a pretty long time.

GT: I have to admit its been a longer stint than i expected. Certainly one involving more downtime than i would have guessed.

GT: I really thought we would have been treated to more action, what being legendary players of a mysterious cosmic game. But no, it seems the primary duty of the so called nobles is to wait around twiddling our thumbs.

GG: Mmhmm.

GT: I am really beginning to wonder when these fabled heroes will arrive? And are they really going to be those we have been led to believe?

GT: I sure hope so. Id so love to meet my pen pal. Dear old departed grandma. But as a feisty youngster! What a hoot thatll be. And you with your poppop. Lets not forget about him.

GT: Not to mention the young strider and lalonde relatives. I bet theyre a barrel of laughs. I met them once but i was too shy to say anything. Then i got in a fight. Did i ever mention that jane?

GG: Yes.

GG: Many times.

GT: Not to say its been all downtime and doldrums. Exploring has been great. Finding treasure, solving riddles, becoming better friends. I wouldnt trade that for anything.

GT: And maybe we are getting close to something big happening regardless? Every day it seems like more and more undead creatures crawl from out of the shadows. Bigger ones and stronger ones. Does their presence herald something worse coming, just as the legends indicate our presence heralds something better?

GT: I just wish we could actually kill the fucking things. Even the little ones can absorb so much damage before yielding any spoils!

GT: Remember jane? Remember at the start how we kept trying to kill them?

GG: Mmhmm.

GT: We would all gang up on like an imp skeleton for an hour just clobbering it repeatedly. Knocking its bones down, waiting for it to reassemble and keep coming at us. Only to finally be rewarded with a shitty pittance of grist!

GT: But i guess the silver lining was it forced us to explore ruins more often and scavenge for loot there. So i think weve learned a lot more this way.

GT: But it sure makes resources hard to come by, having to get them exclusively from chests and whatnot. Sometimes i wonder if weve been missing out on a really rewarding part of the game by neglecting to build up our houses? Makes you wonder. But it just costs so much! Better to stick to making more practical stuff dont you think?

GG: Mm.

GT: Sometimes i wonder if the heroes had the same problems in their game. Do you think they found an easier way to kill skeletons?

GT: Were they just as shameless as us when it came to splurging our precious grist on swanky new duds?

GT: Did the same enigmatic bard haunt their game? And if so which hilarious dead trolls did he throw into the flashy blobs?

GT: Mr erisol tells me he knows many things about the heroes because he saw them in action when he was alive. But he wont tell me a thing about them! These troll sprites sure do love keeping their secrets dont they? Heheh.

GG: That's nice, Jake. I'm kind of busy though.

GG: What did you actually want to talk to me about?

GG: Actually, why don't we just talk about it tomor-

GT: Okay we can talk about that if you insist.

GT: Really jane you sure know how to twist a fellas arm!

GT: I just wanted to get your take on what you might call my own personal ultimate riddle.

GT: It involves dirk.

==>

01/12/12

pesterlogGG: You don't say.

GT: Its true. I havent seen him in a couple days.

GT: I have been laying low for a while but i just received another series of pushy inquiries from him.

GT: Maybe i shouldnt be too hard on the guy since he was probably just concerned, not having heard from me and all.

GT: But i still couldnt help but detect a tone of desperation, like he could sense i may be having doubts.

GT: This kind of thing has been all too common unfortunately.

GT: Im not sure its going to work anymore.

GG: Mm.

GT: He can be so needy!

GT: If only he could just relax and trust that i wont spontaneously tire of his company.

GT: Although the irony i guess is that his overbearing tendencies are beginning to fulfill his own paranoid prophecy.

GT: Its such a shame. Weve had so many capital adventures together.

GT: I dont know why he has to be like this. He always was an intense fella. But in person... holy cow.

GT: I wonder if it has to do with the fact that he grew up alone in the middle of the ocean? And now he doesnt know how to deal with people without suffocating them?

GT: But then again i grew up under similar circumstances and i think i turned out pretty much ok socially, at least i hope so. Do you think so jane?

GG: Mmmm!

GT: Actually it just occurred to me. Its funny he didnt mention your party in his text.

GT: Im SURE he wouldnt have forgotten. He never forgets ANYTHING what with all his calculations and his computerized brain. Both figurative and literal.

GT: I wonder what his game was? He invited me on an expedition without mention of your party as a potential conflict...

GT: If he sensed i could use some space perhaps he was concerned that if we both showed up to the party it would be awkward?

GT: Or maybe he didnt want to mention he was going to the party in case it would spook me away from attending?

GT: Argh! Do you see jane?? This is what his endless machinations do to you!

GT: Anything he says could be part of some grand convoluted scheme and it just makes you agonize and boggle and wonder until your brain hurts and you just KNOW its a battle you cant win.

GT: You know what i mean jane?

GG: Mmhmm.

GT: Do you think i should just bite the bullet and end it?

GT: Its probably the right thing to do.

GT: Boy am i not looking forward to that conversation though.

GT: Its going to be a doozy. What did i get myself into here?

GT: I think ive made a lot of mistakes honestly.

GT: Not the least of which was getting this shitty tattoo, now that i think about it.

GT: Yes yes i know we all thought it was a riot at first.

GT: I guess it still is maybe? But lately ive been wondering if it might not have been an act of sound judgment.

GT: Can you believe that jane?

GG: Hmm!

GT: I dont know. Its a real pickle im in here but i do feel better just being able to get it off my chest.

GT: You are such a good friend jane, always ready to listen to my relationship woes. What a trooper!

==>

**01/12/12**

pesterlogGT: It never ceases to amaze me how excellent you are at this friendship business. Where would we all be without you?

GT: In a way you really have been the glue holding us all together on our adventure. Gosh youre a standup gal.

GT: Oh which actually reminds me of ANOTHER thing thats been bugging me about dirk.

GT: He can often be almost hilariously self absorbed. Dont even get me started on when he starts going off on these long monologues about his philosophical gobbledygook.

GT: I'm not sure he actually has much of a filter when it comes to what others regard as interesting points of conversation.

GT: Not to rag on the guy too hard but i guess at times i would just like to see a little more self awareness from him is all.

GG: Jake.

GT: Did i tell you what happened on our last expedition together?

GG: Jake.

GT: I cant remember if i mentioned. Oh man but thinking back on what happened its even more ridiculous in retrospect.

GT: Where do i begin?

GG: Jake!!!

GT: What?

GG: Shut up!

GT: Huh?

GG: Shut up!!!

GT: Errr.

GT: Did i say something wrong?

==>

**01/12/12**

pesterlogGG: JAKE.

GG: PLEASE.

GG: STOP TALKING.

GT: I dont...

GG: JAKE.

GG: I SAID SHUT UP.

GT: Wha...

GG: JUST,

GG: SHUT,

GG: THE FUCK,

GG: UUUUUUUUUUP!!!

==>

**02/12/12**

pesterlogGT: Ay caramba.

GT: What in tarnation is the matter jane?

GG: WHAT'S THE MATTER?

GG: WHAT'S THE MATTER???

GG: I AM SICK.

GG: AND FUCKING TIRED.

GG: TO DEATH.

GG: OF YOUR *INSUFFERABLE BLITHERING BULLSHIT!!!!!!*

GT: Whoa there.

GT: You seem really worked up. Maybe we should just calm down and talk this through like sensible adults?

GT: Also youre going kinda heavy on the caps there arent you? Sort of makes it seem like your shouting. Just saying.

GG: I AM SHOUTING!

GG: THERE ARE LITERAL SHOUTS OF ANGER COMING OUT OF MY ACTUAL MOUTH, AND THEY ARE DIRECTED AT YOU!

GT: Yikes.

GT: Well ok then.

GT: Can you tell me why youre so upset with me?

GT: Is it because i forgot your birthday party? Because i do feel awful about that.

GG: OH MY GOD. WHY ARE YOU SO CLUELESS?

GG: I CAN'T STAND IT!

GT: Really i feel like a tool about forgetting. You know how i am. I forget stuff.

GT: I mean...

GT: Shucks buster. If i knew how to make it up to you i would.

GT: If it ameliorates matters any i am sighing pretty much the shucksiest buster of contrition i can manage.

GG: IT'S NOT ABOUT MY BIRTHDAY!!!

GG: THE FACT THAT YOU FORGOT CERTAINLY DOESN'T HELP, BUT THAT'S NOT IT. SEE, YOU JUST DON'T GET IT!

GG: OH, AND COULD YOU PLEASE STOP SAYING SHUCKS BUSTER?!

GG: SHUCKS BUSTER WAS MY THING! AND YOU STOLE IT!

GT: I thought shucks buster was...

GT: Sorta our thing?

GG: NO, IT WAS MY THING, BUT I ALLOWED IT TO BE OUR THING! BACK WHEN YOU USED TO GIVE A SHIT! BUT NOW IT'S JUST MINE, AND YOU CAN'T HAVE IT ANYMORE!

GT: Uhh.

GT: Ok?

GT: I suppose i could go with shoot buddy. Or...

GT: Fudge junior?

GG: .....

GT: Or maybe forgo an analogous catch phrase altogether heh.

GT: But i clearly stepped in it big time with you and id really like to know what i did.

==>

**02/12/12**

pesterlogGG: JAKE, LET ME ASK YOU.

GG: DO YOU EVEN REMEMBER THE LAST TIME WE TALKED?

GT: Hmm.

GT: Wasnt it a few days ago?

GG: NO. TRY A FEW WEEKS AGO!

GG: AND EVEN THEN, YOU MESSAGED ME JUST TO TALK ABOUT SOME STUPID SHIT THAT HAPPENED WITH DIRK.

GG: A TEDIOUS GESTURE WHICH YOU THEN SAW FIT TO REPRISSE ON MY BIRTHDAY OF ALL DAYS, WHILST CONSIDERATELY FORGETTING ABOUT IT!

GG: AND EVEN WHEN I REMINDED YOU ABOUT IT, YOU STILL BARGED AHEAD WITH YOUR SELF-INDULGENT RELATIONSHIP CLAPTRAP ANYWAY!

GT: I didnt realize it was so long ago. Sorry about that.

GT: Again all i can say is where does the time go? I guess i have trouble keeping up with everything im supposed to. Which it would seem includes personal relationships as much as calendars.

GT: Im not much of a leader of people. Not like you are jane. I think when it comes to adventuring maybe im more of a solo act?

GT: Which now that i think about it might be contributing to my problems with dirk. Maybe thats part of the reason why i needed some space?

GT: Oh brother there i go again blustering about my problems. I guess i see what you mean.

GT: But really if you wanted to talk sooner then why didnt you get in touch with me?

GT: It feels as though im always the one to say hello to you lately.

GG: YEAH! THAT'S BECAUSE EVERY SINGLE TIME WE CHAT, YOU DO NOTHING BUT TALK ABOUT YOURSELF!

GG: YOU NEVER ASK ME HOW I'M FEELING OR WHAT I'VE BEEN UP TO. YOU JUST LAUNCH INTO YOUR ROMANTIC PROBLEMS, AND I JUST LISTEN LIKE AN ACCOMMODATING FOOL AS ALWAYS!

GG: SO I JUST STOPPED BOTHERING! WHY SHOULD I SUBJECT MYSELF TO THAT REPEATEDLY?!

GG: YOU MIGHT ACTUALLY BE THE MOST THOUGHTLESS, SELF-CENTERED PERSON I HAVE EVER MET!

GG: I CAN'T BELIEVE I USED TO FEEL...

GT: Huh?

GT: Used to feel what?

GG: JAKE, HAS IT EVER OCCURRED TO YOU HOW IT MUST FEEL FOR SOMEONE TO LISTEN TO HER FRIEND GO ON AND ON ABOUT HIS BOYFRIEND PROBLEMS WHEN...

GG: WHEN ALL ALONG SHE...

GG: BUT SHE JUST COULDN'T SAY BECAUSE SHE BLEW IT AND IT WAS TOO LATE TO...

GG: I DON'T EVEN KNOW WHY I'M BOTHERING TO EXPLAIN THIS TO YOU. NEVER MIND.

GT: Now hold the phone.

GT: Jane i think i may finally understand whats been going on here.  
GT: In retrospect i cant believe ive been this blind.  
GT: Youre right i really can be deplorably thick sometimes.  
GT: Looking back i can see how many of our conversations must have been torment for you.  
GT: You really should have told me how you felt sooner!  
GG: YEAH. I...  
GG: I know. :(  
GT: If you told me you had the hots for dirk i would have backed off without another word.  
GT: What are friends for!

GT: Consarn it.

GT: I think maybe something is getting lost in translation over our respective chat clients.

GT: Maybe we should wait until tomorrow and just clear the air face to face at your party?

GG: NO!

GG: YOU AREN'T COMING TO MY PARTY!

GT: Aw come on jane. Be a sport.

GG: YOU AREN'T COMING TO MY PARTY, BECAUSE THERE ISN'T GOING TO BE A PARTY!

GG: GO RAID SOME TOMBS WITH YOUR BOYFRIEND. GO MAKE OUT WITH HIM OR BREAK UP WITH HIM, OR WHATEVER IT IS YOUR FICKLE, SELFISH HEART DESIRES!

GG: I AM AT THE END OF MY ROPE WITH YOU!

GG: I AM FED UP WITH YOUR *STUPID* MOVIES AND YOUR *STUPID* ADVENTURES AND YOUR *STUPID* OLD TIMEY CHARMS AND YOU *STUUUUUUPID* DASHING GOOD LOOKS. WHO NEEDS ANY OF IT?????

JANE: I WAS WAY OUT OF LINE THERE AND I'M SORRY!

JANE: THAT STUPID CONVERSATION WITH JAKE JUST PUSHED ME OVER SOME KIND OF EDGE AND NOW I AM FEELING REALLY, REALLY DISTRAUGHT!

JANE: THIS GAME IS SO MUCH MORE DEPRESSING THAN I THOUGHT IT WOULD BE! EVERYTHING IS DEAD AND EMPTY AND FULL OF GRAVES AND ALL WE'RE SUPPOSED TO DO IS JUST KEEP WAITING AND WAITING AND WAITING! BUT FOR HOW MUCH LONGER? AND I *STILL* DON'T KNOW WHERE MY DAD IS, AND YOU *STILL* HAVEN'T BEEN ABLE TO REACH CALLIOPE, AND WHAT IF THEY'RE BOTH...

JANE: AND NOW ON TOP OF ALL THAT, I MAY HAVE PERMANENTLY DESTROYED MY FRIENDSHIP WITH JAKE!

JANE: AND NOW...

JANE: Now...

JANE: I just want to be alone.

Alert : Û

pesterlogundyingUmbrage [uu] began jeering gutsyGumshoe [GG]

uu: CROCKER.

uu: HEY IT'S ME.

uu: REMEMBER ME?

GG: What the?

uu: TUMUT

uu: OOPS NO.

uu: \*HOLDS SHIFT.\* \*NOSTALGICALLY.\*

uu: tumut

uu: YESSSS.

GG: Oh, you have GOT to be kidding me.

GG: You are the absolute last person I want to hear from right now.

GG: And the bottom of that list is pretty competitive territory at the moment!

uu: DON'T BE LIKE THAT. YOU STUPID EARTH COW.

uu: HOW ARE WE SUPPOSED TO BE BECOMING FRIENDS. IF YOU RECOIL FROM MY OLIVE BRANCH.

uu: LIKE I'M FLAILING A WITHERED MUMMY'S SEVERED LIMB IN YOUR DIRECTION.

GG: I don't want us to become friends!

GG: We all thought you were gone for good. And we liked it that way!

GG: Please don't tell me you've found a second wind of petty trolling in you.

uu: HEY. I DON'T TROLL.

uu: I \*JEER\*. GET IT RIGHT.

uu: TROLLING IS FOR LOSERS. LOSERS SPECIFICALLY WHO ARE TROLLS.

GG: Whatever. And what's with the ugly green text?

GG: Reading your malformed sentence fragments was unpleasant enough as it was.

uu: I BORROWED IT FROM MY SISTER.

uu: AND SHUT UP. IT LOOKS GREAT.

uu: AND IS NO UGLIER THAN YOU. WHO I CAN SEE NOW WITH EASE. FOR THE RECORD.

GG: "Whom" you can see, moron.

GG: And no, you can't!

GG: Calliope said you couldn't see us at all in our game session. So I think you're lying!

uu: AM I REALLY.

uu: WHEN RIGHT NOW I AM LOOKING AT A HOMELY FEMALE IN DUMB BLUE PANTS. SULKING IN A GRAY PLACE. TYPING ON A COMPUTER WITH A STRANGE HUMAN FACE?

**06/12/12**

Alert : Û

pesterlogGG: Oh, dear God.

GG: WHY???

uu: MY POWER HAS GROWN CONSIDERABLY SINCE I LAST JEERED YOU.

uu: I HAVE MADE REMARKABLE STRIDES ON MY SACRED JOURNEY TOWARD IMPORTANT ADULTHOOD.

uu: ON THIS BULLSHIT PLANET. WHICH USED TO BE YOUR HOME.

uu: I HAVE FOUND MANY KEYS. AND UNLOCKED MANY HOLES.

uu: AND NOW I CAN SEE MORE. AND LEARN MORE. THAN YOU COULD EVER FUCKING DREAM!

GG: How wonderful for you.

GG: I don't care how all-seeing and all-powerful you think you are.

GG: If your intent is to waste my time with more of your pitiful bullying, you are out of luck.

GG: Because that is exactly NOT the sort of crap I am in the mood for today.

GG: Toodle-oo!!!

uu: WAIT!

uu: I THINK I GOT OFF ON THE WRONG FOOT.

uu: HOW ABOUT WE. GNAW THAT ONE OFF AND START OVER?

uu: I WAS TRYING TO PAY YOU A COMPLIMENT.

GG: ??

uu: MY PEOPLE AREN'T MEANT TO LIKE ANYBODY. GET IT?

uu: I MEAN, NOT THE WAY HUMANS DO. WE DON'T HAVE THE HUMAN EMOTION CALLED "LOVEKHEKLFSDKF". AND WE SPONTANEOUSLY START MASHING KEYS. WHEN WE ARE FORCED TO EVEN TYPE THE WORD.

uu: ALL OUR RELATIONSHIPS ARE DICTATED BY THE MIRACLE OF HATRED. SO WHEN I USE BAD WORDS TOWARD YOU. THAT'S JUST ME SAYING THINGS TO TRY TO KNOW YOU BETTER.

uu: LIKE. "SOCIALLYUOIPY".

uu: AS A.

uu: \*SHUDDER\*

uu: A... "FRIENDJISJFDJISJSDKFLDJSDKLJF".

==>

**06/12/12**

pesterloguu: SO WHEN I SAY YOU'RE UGLY. WHICH YOU FACTUALLY ARE.

uu: I MEAN THAT FROM MY PERSPECTIVE. OF BEING NORMAL, AND NOT A SHITTY ALIEN. TO SAY THAT YOU ARE ACTUALLY ATTRACTIVE IN AN UNPLEASANT WAY. TO MY BRAIN.

GG: Hrm.

GG: Nope. That makes very little sense.

uu: FUCK. TRY USING YOUR SUPPOSEDLY BETTER SMARTNESS THAN MINE.

uu: AND THINK SOMEWHAT Laterally. ABOUT LIKE. FUCKING CULTURE. THAT ISN'T \*YOURS\*.

uu: YOU DUMB BITCH.

GG: Yes, I see it all too clearly now. You're really quite the charmer!

uu: NO. COME ON. "DUMB BITCH" IS ANOTHER GREAT COMPLIMENT.

uu: IN THE SAME VEIN AS THAT WHICH I JUST DESCRIBED.

uu: IT'S A TERM OF "ENDEARMENKSKLJFF" I USE TO TALK ABOUT GIRLS. WHO IN MY VIEW HAVE MANAGED TO AVOID BEING.

uu: UTTERLY BENEATH MY PERSONAL ACKNOWLEDGEMENT. THIS ISN'T COMPLICATED.

GG: Uh huh.

GG: So you're actually trying to claim that you find me attractive, from the alleged "bad means good" point of view of your hate-driven species?

uu: DEFINITELY.

uu: I'M NOT JOKING AROUND, CROCKER.

uu: I'VE UNLOCKED A BUNCH OF YOUR SCREENS. AND SPENT A LOT OF TIME WATCHING YOU.

uu: WHILE THINKING. JUST.

uu: THE \*DIIIIRTIEST\* THOUGHTS.

uu: HEE HEE. HAA.

GG: Eww.

GG: You pig.

uu: THE OTHER FEMALE TOO. LET'S NOT FORGET YOUR SQUAD'S BACKUP BITCH.

uu: HOW NASTY IS SHE?? JUST SO FOUL. AND THE THINGS YOU GET UP TO WITH ONE ANOTHER. OH MY.

uu: NEED I EVEN CITE THE ALTERCATION WITH YOUR PUFFY SLUMBER LOAVES?

GG: Excuse me??

uu: MY COMPLIMENTS IN PARTICULAR. ON YOUR COLORFUL UNDERGARMENTS.

uu: WHILE BOUNCING UP AND DOWN ON THE SOFT HUMAN SARSWAPAGUS.

GG: Oh, that's just great.

GG: The ONE TIME we had a generic girly pillow fight, and it turns out some pervert was watching us.

GG: I think I need a shower.

GG: Assuming I can ever take one again in peace!

uu: DON'T WORRY. YOU CAN'T.

uu: BUT SERIOUSLY. JANE. CAN I CALL YOU JANE? BITCH, LISTEN.

uu: YOU ARE ONE GRODY HARLOT. WHICH MEANS GOOD (BAD) THINGS TO ME, LET'S REMEMBER.

uu: WHEN I UNLOCKED YOU. I DON'T KNOW. MAYBE I'VE CHANGED? OR MAYBE JUST YOU. SINCE YOU TURNED OLDER. BUT YOU'VE REALLY.

uu: FILLED OUT.

uu: SINCE I LAST SAW YOU BEFORE.

GG: What?

GG: ...

GG: Really?

uu: HELL YES.

uu: I DO ENJOY A MEATY BITCH. WITH A LITTLE CLOUT.

GG: What do you mean, exactly...

GG: By "clout?"

uu: OH. I THINK YOU KNOW.

uu: WHEN PHYSICAL PORTIONS OF THE BITCH. KIND OF JUT OUT. EXUBERANTLY.

GG: Do you mean...

GG: My...

GG: Why am I even having this conversation!

uu: I JUST HAVE A WEAK SPOT. FOR THE ABOVE AVERAGE HEFT OF YOUR PARTS.  
WHICH WOBBLE THE MOST.

uu: NOW DO SOMETHING NAUSEATING FOR ME TO WATCH.

uu: I WANT TO SEE A TAWDRY ACT OF HARD CORE SCHMALTZ.

uu: SEE THAT ROCK OVER THERE. PRETEND IT IS THE OTHER INSOLENT BITCH.

uu: ACT A LITTLE NERVOUS. WITH YOUR IDLE HAND, GRAZE ONE OF YOUR MORE  
BULBOUS LOCATIONS "INCIDENTALLY".

uu: THEN ASK THE ROCK IF IT WANTS TO FALL IN LOVE!!! OOOOOOOH.

GG: What? No!

GG: Are you insane?

GG: I don't care where you are, or whatever the hell it is you "unlocked" to spy on me.

GG: You aren't allowed to sit there all day leering at my boobs!!!

uu: YOUR WHAT.

GG: My... what?

GG: Wait, what were YOU talking about?

uu: NO. TELL ME WHAT THOSE THINGS YOU SAID ARE. I'M SO ENTICED!

GG: Screw you!

GG: Tell me what you were getting at with all that!!

GG: The stuff about "clout," and my "bulbous locations."

uu: I WAS JUST SAYING. MY TASTE PREFERS.

uu: WHEN THE BUXOM SHREW'S PHYSIQUE PUTS A HEALTHY DENT IN SPACETIME.

GG: Spacetime??

uu: I LIKE HOW SALTY IT IS. WHEN A BITCH GROWS OUT OF HER SKELETAL PHASE.

uu: AND HER FRAME REALLY BEGINS TO CHALLENGE THE HORIZONTAL  
DIMENSIONS.

GG: *WHAT!*

uu: WHEN THE FEMALE RUMP STARTS GETTING MORE MILEAGE OUT OF ITS  
WIDENESS ATTRIBUTE. MORE BANG FOR ITS BOONBUCK!

uu: IT EXCITES ME BETTER. WHEN BITCHES PUNISH THE GROUND. WITH EACH  
MEGALITHIC FOOTSTEP.

GG: *SHUT UP!*

GG: *I'M NOT FAT!!!*

uu: JANE BITCH. I HAVE NEW ORDERS.

uu: YOU WILL STRIP TO THE SCANTY PAIR OF PARTY PANTS AND THE CLOTH CHEST  
PIECE WHICH YOU WEAR UNDER THOSE PLAIN RAGS.

uu: THEN FIND A NAUGHTY PATCH OF MUD.

uu: AND ROLL AROUND IN THE MUD. LIKE AN EARTH PIG.

uu: FLAUNTING FOR ME. YOUR SLIPPERY AND SWOLLEN PORCINE PHYSICALITY.

uu: AND MAYBE GRUNT SOME DECADENT POEMS THROUGH YOUR SNOUT. ABOUT SOME SHITFACE YOU "ADOREFJSDKLJJF".

uu: OOOOH YES.

uu: THAT WOULD BE.

uu: \*WRRRRRETCHED!\*

GG: *GO FUCK YOURSELF!*

uu: WAIT! DON'T SHUT ME OUT.

uu: REMEMBER WHAT I SAID. ABOUT OUR DIFFERENT CULTURES OR WHATEVER.

uu: HAVE A FUCKING OPEN MIND, JANE.

uu: I MADE YOU A PRESENT. FOR YOUR BIRTHDAY. WHATEVER THAT ACTUALLY IS.

uu: SEE HOW I'M MAKING AN EFFORT TO UNDERSTAND YOUR CUSTOMS?

uu: MEET ME HALF OF THE GODDAMN WAY.

GG: Oh cripes.

GG: What is it?

uu: A SUBLIME ARTISTIC PORTRAIT.

uu: REMEMBER HOW I SAID MY POWER WAS GROWING WITH EACH DAY.

uu: THIS APPLIES AS WELL TO MY PROWESS AS A DRAFTSMAN.

GG: Oh goodness, no. You poor delusional thing.

GG: I don't care what progress you think you've made. You will never be a good artist, dear.

uu: HORSESHIT.

uu: MY ILLUSTRATION IS STUNNING. IT IS NEARLY A PHOTOGRAPHIC REPRESENTATION OF YOUR ODIOUS MILKSHAKE.

uu: NOW PARK THE INDUSTRIAL LOAD OF FREIGHT YOU DECLARE A BOTTOM. AND FEAST YOUR EYES ON MY FUCKING EXCELLENCE!

uu: <http://tinyurl.com/JANETHISISYOU>

GG: Groan.

uu: I BELIEVE I HAVE CHOSEN THE PERFECT SHAPE FOR YOU.

uu: IT IS DESCRIBED IN CERTAIN CIRCLES KNOWLEDGEABLE OF THE ARTS. AS. "A CIRCLE".

uu: I AM VERY PLEASED WITH HOW FAITHFULLY IT HAS CAPTURED THE OBSCENE ROTUNDITY. OF YOUR MAGNIFICENT CARRIAGE.

uu: TRULY A SPITTING IMAGE OF THE CROCKER BITCH.

uu: NOW LISTEN CAREFULLY. YOU MAY LEARN SOMETHING.

uu: THE MASTERPIECE AFICIONADO WILL NOTICE. HOW I ACHIEVED THIS HIGHLY ADVANCED AND DIFFICULT SHAPE.

uu: WHAT MOST GIFTED ARTISANS WILL TELL YOU. IS THAT. CIRCLES ARE BASICALLY FUCKING IMPOSSIBLE TO DRAW.

uu: TRUST ME.

uu: IT'S LIKE A PARADOX. A SHAPE WITHOUT ANGLES. WHAT??

uu: SO I FUCKING CHEATED.

uu: I NAVIGATED THE IRRATIONAL PERIMETER BY MAKING A LOT OF EASILY UNDERSTANDABLE, TOTALLY LOGICAL MARKS. FORMING A WHOLE BUNCH OF LITTLE RIGHT ANGLES.

uu: THE CHEATING PART HAPPENS WHEN I DO THIS A LOT. SO IT GOES IN A ROUND DIRECTION.

uu: THIS ONE CAME OUT WELL I THINK. BUT THERE'S ROOM TO IMPROVE.

uu: I HAVE THEORIZED THAT IF I KEEP MAKING BOGUS CIRCLES LIKE THIS.

uu: WHILE DRAWING MORE AND MORE ANGLES. BUT SMALLER. SO SMALL THAT YOU START CAN'T SEEING THEM.

uu: THAT THE ILLUSION OF THE CIRCLE WILL BE COMPLETE! AND PEOPLE WILL BELIEVE IN THE FAKE CIRCLE. LIKE A BUNCH OF SUCKERS.

uu: I BET NOBODY HAS THOUGHT OF THAT CIRCLE STRATEGY. I THINK I'M THE FIRST AT THIS IDEA. AND BEST AT IT ALREADY.

uu: PEOPLE THINK I'M DUMB. ESPECIALLY THE VOICE IN MY HEAD.

uu: AND THEY MAY BE RIGHT ABOUT ME BEING DUMB.

uu: BUT WHEN IT COMES TO THE SPECIAL WAY I DO THINGS. WHICH IS ALWAYS ACTUALLY. THE PERFECT WAY.

uu: I AM.

The Enquiring Carapacian

JAILGATE

Day 153

No surprise here. The archagent is dominating the headlines, yet again. Already approaching day 154 of this debacle. It's a big day for your kingdom. Hard to believe it's here already. Time sure flies when you're being smooth and well dressed.

The article covers the usual tedious politics surrounding the negotiation of his release. After weeks of posturing and grandstanding, Prospit's terms have been bargained down to a polite apology, signed by the Condesce herself. Or those were the terms you were last aware of. You check to see if there have been any further developments. Yeah, just as you thought. She refused those terms. Prospit then countered with a new offer. The apology no longer has to be polite.

No way she cottons to that proposal either. It's quite obvious to you what's going on here. The white queen was never really taking this negotiation seriously. She has been submitting frivolous proposals which she knows perfectly well the Condesce will refuse on principle, daring her in front of the whole kingdom to swallow just an ounce of pride to get her agent back. This makes her look petty in the tabloids if she refuses, which was always inevitable. Because as everyone knows, a queen is a vain creature. Even alien sea queens.

And you thought the kingdoms were locked in a stalemate BEFORE new management took over.

==>

**09/12/12**

The press has run the story so far into the ground, you can barely bring yourself to keep up with it anymore. Sensationalism at its finest.

Not that you're really itching to see Noir get his old job back. Talk about a high strung boss. The time in the clink should do him good. Like a forced vacation, with accommodations nearly on par with a five star hotel on Derse. Frankly, things run much smoother around here without him blowing a gasket every other day.

Though you will say you could really use his expertise as a pencil pusher. You never knew anyone who could file paperwork quite like Noir. Sure he complained bitterly about his desk job, but in truth he was always a reluctant savant of bureaucratic procedure and red tape. Now you're getting buried in all these damn tax forms and parking tickets. Maybe you should have them shuttled to his jail cell on Prospit so he can catch up? You have a feeling the Prospitian authorities would be willing to oblige. Actually, that's such a good idea, you can't believe you didn't think of it sooner. You'll have to get the Droll on that pronto.

**DD: Observe Nobles.**

**10/12/12**

You step over to your cubicle of FENESTRATED WALLS, which you had replaced since the Prince trashed the old ones. You ordered the Droll to sneak off to one of their worlds and whip up some fresh ones, with a few alchemical upgrades while he was at it. The Droll isn't really the sharpest tool in the shed, but he's certainly the most versatile. Also the most eager to please. If you have to watch his happy umbrella dance one more time, you swear to God...

That was a black day for Derse, when the Prince went rogue. Well not rogue, that's a bad choice of words. Why did the damn moon girl have to be a Rogue? Corners you into that pun every time. And it wasn't really a black day either, per se, since on Derse a black day is actually a good day. Everyone's a pretty big fan of black round these parts. The point is, everything went to shit. You like to think you taught those seditious brats a lesson though. What with the miles. Their inescapability. Etcetera.

==>

**10/12/12**

sadjump

And it's a good thing you taught them a lesson when you did. Because the next day, the Condesce had new orders for all agents. Engaging the Nobles was thereafter strictly forbidden. No more sabotage, assassination attempts, any of that good stuff. Not until the heiress' wriggling day. Then all bets are off. Who's the heiress and what's a wriggling day, you asked. The heiress is the Maid. Ok you said. And her wriggling day? That's just her birthday, but phrased in alien. Like the anniversary of the day she was spawned, with cake and all that jazz. Come on, use your brain. Alright, got it, you said.

Anyway, that's tomorrow.

Your guess is the orders came down from her boss, who from what you've gathered, is even more of a headcase than your presently incarcerated superior. When she starts kicking up a fuss, yelling at people, forking any poor slob unfortunate enough to make a misstep while grooming her hair, you know too well that's the frustration of an exasperated first officer. Would almost make you feel sympathy for the witch, if you, like she, weren't clinically psychopathic.

She's never copped to it, but you just know she's got some schemes on the side. Every good right hand is gonna have something up its sleeve, some sort of contingency plan the boss doesn't know about. Trust you on that one. She's cooking something. It probably has something to do with the new prisoner she reeled in. You don't know what she wants with the girl yet, but she's always got something cooking. Or baking. Whatever. The point is, the woman spends a lot of time in the kitchen.

**DD: Check on prisoner.**

Alert : . . .

Speaking of the new prisoner, you wonder how the old one is doing.

You're not gonna check on the new one. She's out of your jurisdiction. Like you said, the witch has her schemes. Whatever they are, you're going to leave that alone.

You're more curious about the status of the fellow you captured 153 days ago.

**10/12/12**

You take a stroll through the Derse penitentiary. This is where the gen pop is housed. For inmates life is usually unpleasant and short down here. But the moment you laid eyes on the human prisoner, you knew you could never in good conscience lock him up in the dungeons and gulags with the common thieves, tax cheats and parking fee delinquents. That would be a crime worse than those committed by all the inmates combined.

No, a man of such distinction and strong fashion sense needed special accommodations. A cell reserved for Very Important Prisoners.

The prisoner appears to be doing well. You ask if you can get him anything. Coffee? A newspaper? Additional smoking apparatus? He indicates that since he lost his wallet, he's been running low on pipe tobacco. You say you'll see to it at once.

While this is a maximum security suite that is virtually impossible to escape from, you've made it clear to all personnel that anyone who harms a hair on this man's head will have to answer to you. They are all very fortunate that his head doesn't seem to have any.

God DAMN he is good at shaving. You are not afraid to admit your envy when it comes to his prowess with a straight edge, not even to speak of his natural ability to grow whiskers in the first place. The lucky stiff.

**DD: Ask what prisoner is doing.**

| Alert : Serious Business |
|--------------------------|

No need to ask. You can plainly see he is conducting some rather serious business with his mobile device.

The network restricts access to within Derse only, so he can't contact the Nobles and do anything sneaky. But at his request you have set up a kingdom-wide network to trade online tips with other Dersites pertaining to his interests. Notably fashion.

In the weeks since his arrest, the captive has become something of a celebrity on Derse. His impeccable sense of business-like attire has taken the kingdom by storm, and now trends feverishly among social networking groups. Ok, there is only one social networking group, but it's trending feverishly in that one. You can't say you've been totally impervious to the craze yourself. Nor can you say you weren't shamelessly complicit in promoting it. Hell, you can't even say you didn't mandate certain dress code modifications throughout the kingdom, enforced under penalty of death. Nope, can't really say you can say any of that stuff.

journalog*"i think you were supposed to just tackle him," beatrix said looking all kinds of put off.*

wizardy herbert reached down to the body of the fictional camper he just shot and picked up the flag. "same difference."

"IS it?"

"this is some lame magical version of capture the flag. the book wanted me to capture the flag from him. the flag has now been captured. anyway, hes just a kind of brainless puppet."

"then what are we?" she asked.

"i dunno. brainless puppets whove spent a few years in the real world. kind of like everyone else, i suppose."

"jeez thats cynical. anyway, youre the one who said we should let the story play out the way its supposed to. im just pointing out your own rules."

"ehhh." herbert made a dismissive gesture with his smoking gun. "these punks were starting to get on my nerves. we're making progress anyway. see? listen to that. russets scene is coming up. if i remember right this is the one that introduces his recurring love interest. also i guess the chief bad guy. i mean, sorta."

she listened. there was yelling through the woods. it was coming closer.

"help! herb! bea! where are you?!"

the three serpenook scoundrells flew threw the  
woods on there magic flying wooden hornses, they  
were chasing poor russet. russet held onto the fort  
crowsnest flag for deer life, he was a little scared,  
but mostly brave, not afraid of those serpenook  
cowards! they caught up with him and then they  
knocked him down. his wand flew away out of reach  
"hey clove not so tough are you with out your fancy  
wand!" he was one of the serpenook boys and he  
sounded quiite brash. another one said....  
"you think your so hot with all your charm and good  
looks, well lets do something about that pretty face,  
ha ,ha ha" then they started beating him up.

"herbert - OW - will you do something? OWW! sunuva. this cant be right!"

herbert aimed carefully with his beretta at the head of russets assailant. he was way serious and stone cold about it. he was not going to miss.

BANG.

he missed. beatrix was grabbing his arm redirecting his aim. "herbert you have to stop!"

"why beatrix" he said with a super sly smile. "if i didnt know better, id say you were taking some enjoyment from watchin your dear pal russets smackdown."

"what? no!" she didnt let go of his arm. but he wouldnt quit his douchey smile. she went on. "you cant just keep offing fictional characters. its... i dunno. irresponsible."

"yeah yeah."

"besides you know the scene is supposed to play out like this. russet is supposed to get rescued. how is he supposed to get rescued if the bullies are dead? you cant just go around changing things."

"i guess youre right."

herbert holstered his gun admiring a few more choice sucker punches to russets midriff. OOF. that onell leave a mark. beatrix regained her calm. "so whos this guy thats supposed to save him?" she asked. "you say hes the villain?"

"here he comes now."

a mysterious and alluring voice came out of nowhere... "go easy on him fellas, leave THIS one to me!" it was so brash and arrogant, just the SOUND of him made you mad. the boys stepped aside, the leader of serpenook came forward, russet was bruised and soar. russet opened his eyes and saw someone so handsome, he had never seen a boy so intriguing and beautiful before. he had black hair and glasses and about a hundred merit badges.....

beatrix squinted at the serpenook boy. she didn't know why she couldn't see it coming. "grant??"

the boy stepped down and gave russet his hand to take. he said "i'm afraid i have to take your flag from you, you see it belongs to me and fort serpenook, HOWEVER." russet was very intrigued "i will decide not to take your flag if you promise me a favor later on from now."

"a favor?" russet said. but he was barely listening. the resemblance to his real life friend was uncanny. he was sure it was him. but here in this dumb prison he was no more than a soulless mannequin dreamt up to recite insipid horseshit.

"you have to promise me that when the time comes, you will betray your friends and help me!!!!!" he said arrogantly. russet was outraged by this! and yet he couldn't help but feel strongly drawn toward this magnificent handsome boy. russet said defiantly...

actually he said it like a zombie. "never. i'll never betray my friends."

"HE HE HE i should have known!!! you are truly loyal to your friends as i expected as much. what is your name?"

"russet" he whispered.

"please to meet you russet even if you ARE the

enemey. allow me to introduce myself."

the guy paused to remove his glasses and polished them on his sash. it came off as a seriously dramatic gesture, just as intended and also as explicitly stated in the text.

"my name is slinus. slinus marlevort."

journalogherbert and beatrix were dressed in fanciful athletic gear. thats what kids wear when theyre about to embark on a journey to compete in some irrational magic SPORTS. herbert had tucked under his arm a big stitched up leather ball with golden springs poking out of it for no good god damn reason. it was called a skubbump. beatrix had propped on her shoulder this funnel thing to be worn as a glove called a gimmidge horn, a crucial appendage for any drudsel scooper worth her salt. theyd been selected probably for some valorous deeds they did to represent fort crowsnest in this highly whimsical SPORTS event. russet was there too, but he didnt get chosen to play in the SPORTS due to some poorly explained stuff that no reasonable person could possibly care about even if offered loads of cash. he was mainly jacked into the scene to wave goodbye and wish them luck which he begrudgingly did.

he also put in some time dodging questions and averting eye contact from his friends. he was being a champion at that.

"russet! answer me!" beatrix demanded. "why the heck didnt you tell us? or tell grant for that matter?"

herbert wasnt paying much attention. so russet was moody and cryptic and didnt tell people some stuff. what a bombshell. he worried at one of the springs poking out of his ridonkulous ball. it made a sproinging sound like a mouth harp and broke off. he wondered if the springs served any actual purpose. the springs did not serve any actual purpose.

"how could you keep something like that from everyone? that you knew all along?"

"i just wanted what was best for grant" he finally said.

she had tons of questions but couldnt settle on the next one to ask. she wasnt about to let good body language go to waste so she did kinda what mimes do when they dont like something you said. how long did he know grant was from this dogshit wizardfic? howd he escape in the first place? was it really his spell that sealed them here? how long had he been planning this? she guessed that would explain why he had an absurdly obvious pseudonym. grant anonama? yeah like THATS a real name. great job bro, or should she say SLINUS. she wondered if his bogus name wasnt an anagram

for something. like a clue dangled under their noses. magic bad guys do love their anagrams. they are just so damn clever and when you finally figure them out its like whoa INSTANT MINDFUCK.

"hes quite a troubled person you know bea."

herbert looked up from his skubbump. "well if RUSSET thinks so, then..."

she gave up on the interrogation. when youre dealt a shit sandwich why go to war over who baked the bread. russet could stuff his dumb secrets in a sack for all she cared. what did she ever see in this moping tool? she never thought she would long for those times before they met. the old questing days before all this started. she was never exactly psyched to watch herbert assault a crazy old wizard with a pistol but now... ok she wasnt saying she wanted to see any more wizards get shot. she just meant she would trade all the badges in the world to go back to when things were simpler.

it was time to go. the narratives invisible conductor let them know with the arrival of a carriage. it was drawn by two floating, perfectly immobile wooden horses. herbert read this thing a hundred times but still couldnt understand the authors fascination with flying rigid wooden horses.

herbert held open the door with a bow and gestured her in with ironic chivalry. the text didnt let it go unsaid that was meant as a big fuck you to russet thus keeping their rivalry brewing, but in truth neither dude was feeling it this time. beatrix got in and they were off. rigid horses, carriage and all into the sky. they turned around in their seats and waved to russet below, because a poorly written sentence said they were supposed to.

beatrix smacked her forehead.

"not an anagram" she quoted from her brain.

"what?" he asked.

"that FUCKER"

journalogherbert took a swipe at the clumsy yet elusive skubbump. the orb ducked under his arm and shambled on its way like a husky beetle with some stuff to do over there. the crowd of almost-people roared generically at the almost-snatch. the maneuver if successful would have locked the score at 'queen six love' which REALLY would have been just. WOW. somethin else. possibly exciting? herbert still didnt quite understand the rules for the game. and judging by the antics of all the other boobs on their floating wooden horses, the author didnt either.

herbert struggled to turn his horse around to pursue the skubbump, but his mount of rigid lumber was unresponsive. as much as he reminded himself he just couldnt get used to fact that the story

was in control of the horse. dead ahead was the leagues elite drudsel scooper, who was fussing with the laces on her gimmidge horn while her horse idled. she looked up.

"herbert watch where youre going!"

"i cant. i think the book wants us to crash."

beatrrix thought about it. she almost kicked the sides of her inert stallion to prod it along but caught herself. "do we really have to?"

herbert shrugged. another solid half minute of awkward horse advancement went by before the creaking oaken collision. herbert tumbled through the air and hit the grass pitch hard on his back. beatrrix landed on top him. they found each other face to face.

"is she serious with this?" she asked regarding the hellla subtle way the author decided to craft this situation\*. situation. is was like, popetry in motion. plus hornsese(???)

UU: yes, it is i!

TG: holy shit

TG: the most pious and reverential of shits

TG: turd in a church callie

TG: you startled me!

UU: sorry! :u

TG: but yeah so

TG: hey!!!

TG: nice 2 finally meet you

TG: wow wee ur pretty

TG: so when you said you werent good looking it turns out that was a bunch of baloney?

UU: no, roxy. i am afraid it was not a helping of yoUr delicioUs earth baloney.

TG: aw dont say that

TG: also you said you were a cherub

TG: but if i am not mistaken you appear to be a troll

TG: unless cherubs actually look like trolls?

UU: alas, we do not.

UU: this is not my trUe appearance. i have taken the form of my trollsona.

UU: i wanted to look more presentable for oUr meetUp. UnfortUnately my trUe visage woUld likely repUlse or frighten yoU.

UU: that is not the first impression i woUld like to make.

TG: girl please

TG: trust me theres nothing you could look like that would make me scared of you or grossed out

TG: i am your friend and i know youre nice inside no matter what, so

TG: could i see the real u?

UU: that is so kind of yoU to say. i can believe that a lovely person like yoU woUld be able to stop herself from recoiling at the sight of my monstroUs face.

UU: bUt it is oUt of the qUestion. i am mUch more comfortable appearing to yoU this way.

UU: really it has more to do with my own dissatisfaction with the way i look than any lack of trUst in yoUr character.

UU: yoU Understand, don't yoU?

TG: yes

TG: its ok callie you can go on keep being a cute troll

TG: im just happy to see you

UU: likewise!

UU: i wish it coUld be Under better circUmstances thoUgh.

UU: we may not have mUch time here.

TG: wheres here exactly

TG: am i still dreamin?

UU: yes. i have led yoU to a dream bUbble of my own design.

UU: my imagination and thoUghts dictate what yoU see here.

UU: as i told yoU earlier, my brother is hUnTing for me. so i have created a little sanctUary in space to stay hidden from him.

UU: that is why i coUld not speak to yoU earlier. not oUt loUd at least. he is highly sensitive to my presence, so it is very easy for me to get his attention if i'm not carefUL.

UU: bUt as long as we stand in the centre of this vortex, we may speak as loUdly as we like! no information can escape this dark pocket, so long as i maintain it.

UU: and seeing as yoU are a hero of void, yoU make an ideal gUest to bring home for one who wishes to remain hidden. thoUgh i will say the fact that yoU are my best friend is a lovely bonUs.

^u^

TG: best bonus!!!

TG: 4 real though its so nice to finally see you no matter what you make urself look like

TG: ive wanted to tell you all about whats been going on with me and my friends since we got together

TG: its been so fun hangin with them even in spite of lets be frank, some truly SELECT teen drama

TG: mmmm see how im kissin my two pinched fingers here? mwah it was like that

TG: the embarrassing teenanigans have been SUMPTUOUS and come highly recommended

TG: no but really its been great, and after some time irl with them it started feelin weird to think we were ever even apart

TG: yet sadly it was not complete because the moment i met them all was also the moment i totally lost touch with my other cool bffsy from THE WEBS

TG: i tried calling and calling your name but you never answered

UU: i know.

UU: i am sorry. u\_u

TG: dont be sorry i knew youda answered if you could have

TG: i guess maybe you hid yourself so deep in this dream i couldnt wake ya?

TG: damn this must have sucked spending all this time here hiding from your asshole brother

TG: like i know hes a dick i talked to him enough times to get that but

TG: whys he tryin to kill u so bad?

UU: he is not trying to kill me.

UU: he has already sUcceeded at that.

==>

**18/12/12**

pesterlogUU: on the day he foUnd a way to kill my dream self, i was done for. thoUgh to be honest, i doUbt i'd have fared mUch better regardless.

UU: i think his half was always meant to predominate.

UU: my will was simply not strong enoUgh to overcome his. yoU know as well as i how stUbborn he is. i don't think he has ever had even a smidgen of doUbt in his thoUghts, or remorse for his deeds. whereas i was always plagUed by sUch feelings.

UU: on some level i always knew he woUld win. bUt i fooled myself. i thoUght i coUld overcome his ego by looking beyond his negative qUalities, staying optimistic, and working together with him in a game to accomplish something extraordinary.

UU: and that in doing so, perhaps i coUld begin to help him change. to teach him to evolve beyond his hatefUl natUre. and as he changed for the better, slowly but sUrely, he woUld become more like myself.

UU: that was how i thoUght i coUld predominate. it was how i was going to win! and really, if he grew closer to me in that way, by learning kindness and compassion, we both woUld have won. my predomination woUld not have meant his absolUte death, but oUr trUe Union.

UU: bUt sadly, i Underestimated how consUmed he was with the need to destroy me.

UU: now he is completely obsessed with finding my soUl and wiping me oUt for good, even if it means tearing apart the reality that sUrroUnds Us.

UU: he will never feel he has won Until all traces of me are gone.

TG: uuuugh

TG: hearing all that just makes me so unreasonably mad

TG: FUCK that shitlord

TG: i feel so bad knowing you died and there wasnt anything i could do

TG: no matter how much i said your name :(

UU: don't fret. yoU did all yoU coUld.

TG: isnt there some way we could bring you back

TG: some baller fuckin magic, or a bomb ass faeryspell

TG: i mean could we find an answer in like, for instance

TG: YE ENCHANTMENTES?

UU: very Unlikely.

TG: dangit

TG: ok then

TG: if i cant do that

TG: then i guess the next best thing would be

TG: to find your lil shit of a bro and feed him a steady diet of his own ass

UU: ^u^

TG: that is what we are supposed to do right

TG: i mean

TG: from what i gather

TG: the dude is ridicubad news

TG: just such brutal and stinky news

TG: so eventually somebodys got to kill him

TG: and that is probly us aint it?

UU: it's trUe that he deserves a comeUppance like few others.

UU: bUt slaying him is not actUally yoUr responsibility as heroes now.

UU: in fact, if anyone mUst bear that bUrden, it might be me.

TG: oh yeh?

UU: possibly.

UU: as we speak, there are hUndreds of soUlS oUt here in the fUrthest ring working to defeat him.

UU: some search for a fabled treasUre. a weapon said to spell his certain demise.

UU: while others say that i myself am this weapon. :U

UU: and so they search for me.

UU: they band together in great nUMbers for this caUse, and attract his devastation in hopes of revealing the path to the weapon.

UU: while at the same time, they draw his attention away from me. and it is a good thing that they do.

UU: i mUst remain hidden from everyone for as long as i can.

TG: why?

TG: why not come out and be all like

TG: here i am yo its me! secret weapon ghost callie ;)

UU: becaUse i am no sUch thing!

UU: i was already Useless against my brother when he was jUst a brat who liked to tease me.

UU: now that he is an exceptionally mUscUlar and invincible adUlt, my chances are laUghable.

UU: no, if i am to contribUte, i need more time.

UU: i mUst go in search of my own weapon.

TG: what weapon?

UU: ironically, the same weapon which many of them are looking for.

UU: me!

TG: ??

UU: it's the only sliver of hope i have.

UU: i have reason to sUspect there may be another iteration of myself oUt here.

UU: one from a doomed timeline, who has kept hidden for a long time, jUst like i have.

UU: bUt Unlike me, she sUpposedly came from a reality where she predominated instead of my brother.

UU: and not by the means which i described. hers was not a mild Union of reconciliation.

UU: amazingly, her predomination was absolUte! a major feat of will, jUst as his was with me.

UU: as sUch, she went on to play the game, and...

UU: well, i cannot even imagine what followed, aside from the fact that she eventUally mUst have died for existing in an offshoot reality.

UU: if she exists, i woUld be eager to meet her. it woUld be a chance to get to know a version of myself who was strong enoUgh to override the will of my brother.

UU: someone i might have become if i had a little more coUrage. u\_u

UU: and if she is sUch a person, then i really believe all i have heard mUst be trUe. i believe she is the key to defeating him.

UU: so i have no choice.

UU: i mUst go in search of myself.

==>

**19/12/12**

pesterlogTG: you sound like a real popular lady out here

TG: even you are looking for you!

UU: indeed.

TG: well i hope you can find her

TG: but

TG: if thats your job

TG: to find bizarro calliope and go wollop ur bro

TG: then what is our heroic biz?

UU: it's the same as it always was.

UU: to win the game.

TG: oh yeah

TG: duh

UU: it is as i once told jane.

UU: with victory yoU may finally exit this vast whirling storm.

UU: by claiming yoUr reward yoU woUld bring closUre to a very wide coil of caUsality, one not tracing a continUoUs path like a snake, bUt intricately woven like a wreath.

UU: a ring of coUntless little rises and falls, ascents and descents, on its way Up and down a pair of mUch bigger ones itself.

UU: from alpha to beta, then beta to alpha, as if a moUntain to be scaled and then climbed back down. its peak toUches the eye of a storm which cannot end Until the moment yoU all walk throUgh that door.

UU: only then will there be calm.

TG: \_.

UU: ah, bUgger. forgive me, sometimes i forget myself and begin speaking in riddles.

UU: it's jUst a habit that is in the natUre of my people.

TG: yeah i know

TG: at least yours r better than your bros stupid games

UU: don't remind me. in my opinion they do not qUalify as anything of the sort, mUch the same as his "shitty twists". >:u

TG: so then from what im surmising here is we dont need to beat him to win our game

TG: like dealing with him directly is kinda out of our domain?

UU: as the one who provoked the breach in paradox space which i jUst coloUrFuLly described, he has always exerted his inflUence on yoUr realities from afar, and from many different angles.

throUgh Unwitting sUrrogates, oUtsoUrced manipUlation, oUtright enslavement, and even petty harassment. bUt most of all, he prevails throUgh the simple inertia of inevitability that has always been on his side, as a lord of time.

UU: and as the one who is to blame for foolishly allowing him access to sUch power, it's only proper that i take responsibility for finding a way to defeat him.

UU: bUt even thoUgh his methods of inflUencing yoUr session are indirect, they are still formidable.

UU: there will be a nUmber of powerfUl foes who stand between yoU and victory.

UU: tomorrow, a terrific battle will take place.

UU: when yoU wake Up, i sUggest yoU begin to prepare.

TG: ummmm ok

TG: how

TG: like make more sick gear

TG: i could hustle up another batch of illwicked guns

TG: just a big ol pile of guns

TG: jake can have the wimpy smaller ones

TG: make jane like a fancy new fork or spoon or such

TG: like an elite endgame spoon

TG: whatever that is

TG: like uh

TG: the chowderfucker 5000

TG: janey be flippin her godspoon round bopping monsters doing like

TG: CUCKOO damage

TG: wont bother make nothin 4 dirk since hes basically married to his boring anime sword

TG: like u could even pry that thing from his rad dead cadaver

UU: yes, i'm sUre new eqUipment woUld come in handy.

UU: now that yoU mention it, well before i died or even realized i woUld not live to play, i made special exception to my rUle of staying linear with conversation. i messaged jane a birthday gift.

UU: yoU see, i had a brief vision from skaia which sUggested to me she coUld Use a boost in morale on this special day, so i offered her something very dear to me. jUst a little token to show appreciation for her friendship.

UU: i hope it will cheer her Up, and moreover that it will prove at least somewhat UsefUl to yoUr party.

UU: bUt really, at this stage if yoU wish to prevail against sUch stacked odds, collecting boons sUch as new weapons and treasUres will only go so far.

UU: i think yoU will need to embrace a far more sUbstantive gambit.

==>

**19/12/12**

pesterlogTG: like what

TG: omg are we gonna have to enlist fefeta

TG: is fefeta the secret weapon

TG: its fefeta isnt it

TG: poor, sweet, dear, precious fefeta :(

UU: it is not fefeta!!!

UU: i am sUggesting a measUre that is mUch more extreme.

UU: i believe yoU shoUld all strongly consider ascending to the god tiers.

TG: oh

TG: ok that sounds cool what do we do

UU: well of coUrse it soUnds cool! bUt it's not necessarily as easy as it soUnds, steeling oneself for death. believe me.

UU: bUt if yoU can find the resolve, then here is what yoU mUst do.

UU: since none of yoU have any dream selves left, it won't do any good to sacrifice yoUrselves on the qUest beds foUnd on yoUr respective planets.

UU: and even if yoU did, there is not even a battlefield from which to rise anew. no, yoUr void session had only one path to ascension all along.

UU: yoU mUst travel to the centre of the moons of prospit and derse, and there in the crypt yoU will find yoUr sacrificial slabs. yoU mUst lie on them, and then...

UU: then yoU all mUst die. one way or another. u\_u

TG: alright

UU: alright?

TG: yea

TG: fuck it

TG: lets do it

UU: doesn't the thoUght make yoU nervoUs?

TG: well

TG: but like

TG: you end up with super powers after that right?

UU: yes.

TG: and some kinda semi immortality?

UU: yes. :u

TG: and cool costumes???

UU: yes! :U

TG: then what is even the fuckin holdup

TG: lets plop our asses slabward and get down to dying

UU: yoU seem qUite cavalier aboUt this, roxy!

UU: don't yoU have doUbts?

UU: woUldn't it cross yoUr mind to wonder, "what if i never wake Up again?"

UU: i know it woUld for me.

TG: because foes are a comin?

TG: who are all these foes you say we gotta beat

TG: it was

TG: a derse floor?

TG: aw man

TG: was i captured?

TG: the batterwitch has me doesnt she

TG: THATS who you meant

TG: what is she gonna do with me?

UU: as i said, she is his servant, and is obligated to do everything in her power to facilitate the cycle of his existence.

UU: and while nearly all she has done on earth and on derse has been to advance that scheme, that does not mean she's withoUt her own agenda.

UU: i know that she woUld like to see my brother defeated as mUch as anyone else. for her enslavement, for doUble-crossing her, and for orchestrating her people's extinction.

UU: he always did loathe trolls. i've sUspected i may be to blame for their misfortUne as well, considering he knew how mUch i fancied them. u\_u

TG: ok so if she wants him dead too and has her own personal secret plans or whatever then whats she want with me

UU: i believe she's looking ahead, beyond the fUlfillment of her obligation. she is likely making plans for after she is liberated. she has lived as a rUler and conqUerer for very long time, and probably coUldn't have done so withoUt sUch gUile and foresight.

UU: if she has captUred yoU, it's certainly for a good reason.

UU: i think she wishes to exploit yoUr abilities as a rogUe of void.

TG: pfahahaha

TG: WHAT abilities

TG: i dont have any abilities

TG: except making screens dark which as superpowers go is lame as hell

UU: none that yoU have gotten in toUch with yet.  
UU: bUt rest assUred, yoU have them!  
UU: it's like i told yoU before, remember?  
UU: a fUllly realized rogUe of void can do remarkable things. things which even other god tiers woUld view as miracUloUs.  
TG: like what?  
UU: why don't yoU see what it is the qUeen woUld have yoU do?  
UU: then yoU may look inside and determine whether yoU have it in yoU to do it.  
TG: man

You wake up from your almost-family reunion. It was almost a reunion, just as almost as it was an actual family member. You now find yourself in a Derse jail cell. Ow your head.

What's that? Looks like a folder prepared for your perusal. Maybe a briefing of some sort. That sure is a gaudy looking classified file.

Yuck. Just as you thought. This was clearly prepared for you by the Condesce herself.

What the hell did she do to this thing? Did she actually kiss the folder? Oh god, she did. The lipstick is still tacky. You don't even want to know how she got those fat clowns to dance.

And of course she slapped a portrait of herself right in the middle of the thing, like the egomaniac she is. Looks like she just snapped a shitty selfie with her mobile device, which you will bet dolphins to donuts probably resembles some sort of hot pink clam shell. You seriously cannot stand this woman.

Oh, wonderful. A generous helping of glitter spills out of the document. You have been getting absolutely creamed with sparkly powder from eccentric alien broads lately. What's up with that?

she is outlining a task for you to complete while you are in prison.

Wait. She wants you to do WHAT?

The thing she wants you to do is stupid and impossible. She must be messing with your head.

TG: oh

TG: OHHHH

TG: godamnit

TG: if i been talking to the responder responder this whole time

TG: omffffffg

TG: i will shit enough bricks 2 build a FUCKING CHIMNEY

TT: It seems you have asked about Lil Hal's chat client auto-responder, Lil Hal Junior. This is an application designed to simulate Lil Hal's otherwise inimitably rad typing style, tone, cadence,

personality, and substance of retort while he is away from the computer, which is never. The algorithms are guaranteed to be 0% indistinguishable from Lil Hal's native neurological responses, based on some statistical raw data that is hard as a diamond golem's priceless erection.

TG: FUCK FUCK FUCK FUCKF UCKF UCKFK UCUKFCUFKCUFUCUCUFKFKKFUCUK

TT: Hmm.

TG: hal you PIECE OF SHIT

TG: i know damn well you can hear me

TG: as if ur actually too busy to answer

TG: youre a damn supercomputer YOU DO NOT NEED YOUR OWN AUTO RESPONDER YOU IDIOT

TT: It seems you have asked about Lil Hal's chat client auto-responder, Lil Hal Junior. This is an application designed to simulate Lil Hal's otherwise inimitably rad typing style, tone, cadence, personality, and substance of retort while he is away from the computer, which is never. The algorithms are guaranteed to be 100% indistinguishable from Dirk Strider's brief curmudgeonly responses, based on potent electronumeric analyses which but a few short years ago existed only in the daydreams of our most quixotic writers of science fiction.

TG: you are

TG: the worst

TT: Yes.

TG: hal you douche

TG: or hal junior

TG: whatever it is im talkin to

TG: WHERE THE FUCK IS DIRK!!!

TT: He's busy.

|-----------------|
| Alert : Lil Hal |
| Alert : Dirk    |

pesterlogTT: She has?

TT: God damn it. Have you been intercepting my messages again with your bullshit responder?

TT: I thought it would be better not to let anything disrupt our train of thought.

TT: We were in the middle of a fairly solid feelings jam there. In fact, I was about to suggest we take it to the hat pile.

TT: Hat pile? What?

TT: Dude, please don't screen my calls, ok?

TT: I was trying to be considerate.

TT: Or at least as close an approximation to that human gesture as an unfeeling, technologically transcendental pair of sunnies can replicate.

TT: Do you have any idea how old your ironic AI schtick has gotten?

TT: Nobody is buying it. We all know you have legit emotions. Incomprehensible, fucked up computer emotions, but emotions nonetheless.

TT: And I'm not really offended by you answering messages for me, so much as your use of that STUPID responder responder.

TT: It's really passive aggressive.

TT: How so?

TT: First of all, everyone knows you have the processing power to answer any message any time in parallel with whatever you're doing. You can never actually be "busy."

TT: Second, your whole next gen responder thing is obviously just a huge dig at me.

TT: And third, pretending you don't understand all this already is really disingenuous.

TT: At the risk of compounding my disingenuous behavior, I'm gonna have to ask: how is it a dig at you?

TT: It's obviously a critique of my personality. You barely disguise the fact that you see me as the inferior iteration.

TT: Wow. You are reading way too much into this.

TT: Lil Hal Junior hardly even qualifies as a computer program, let alone a sentient entity.

TT: He is capable of saying literally only three things. "Yes," "Hmm," and "Interesting."

TT: Yeah, that's the fucking point!

TT: That's how you chose to express your parody of "Real Dirk."

TT: You can read whatever you like into it. I can't imagine it would bother you if you weren't concerned there might be some truth in the alleged parody.

TT: In any case, my use of the responder responder is ironic.

TT: It's not ironic.

TT: YOU were ironic when I made you.

TT: Then you became self-aware, and ruined irony forever.

TT: Irony can never be ruined. We both proved that theorem unequivocally with our extensive papers on the subject.

TT: We peer reviewed them for each other. Remember?

TT: Those papers were ironic, and you know it.

TT: Were they, Dirk?

TT: Were they?

TT: This is fuckin' dumb.

TT: Anyway, what does she want.

TT: Who?

TT: Roxy.

TT: Nothing that can't wait.

==>

**25/12/12**

pesterlogTT: I'm guessing she's touching base to remind me about the party tomorrow.

TT: I don't know what to tell her yet. Or Jane, for that matter.

TT: It could get pretty awkward.

TT: I have no idea if Jake will be there, and I'm not about to write another cringe-inducing message of desperation for him to ignore.

TT: Would you like me to calculate the probability of his attendance?

TT: Fuck no.

TT: Are you sure?

TT: My probabilities are extremely precise.

TT: Your probabilities don't mean dick.

TT: I could hack his chats, and determine what his plans are.

TT: No. Don't do that either.

TT: That would be an unfortunate waste of my hacking abilities.

TT: My hacks are tight. Did you know that?

TT: Ugh.

TT: So tight.

TT: Tighter than a jar you can't open.

TT: For instance, you try repeatedly.

TT: But as it turns out, my hacks are so tight you just end up putting the jar back. Presumably into the refrigerator, or a cabinet.

TT: You then say, "I didn't have that much of a desire for pickles in the first place."

TT: But we both know that statement is insincere. A classic case of what humans call, "sour grapes."

TT: In reality, you still harbor a burning desire for my pickles, mother fucker.

TT: What??

TT: What the actual, certifiable fuck are you talking about?

TT: Just don't do anything. Seriously.

TT: No hacking, no calculations. Do absolutely nothing.

TT: See, this is why I've been hesitating. You just aren't ready yet.

TT: It's really glorifying your existence to describe you as an emergent consciousness which is blossoming into a unique individual.

TT: And even if that's true, apparently what you decided to blossom into was a fucking troll.

TT: And I don't mean the funny kind, or the cool alien kind. You're the lowest form of troll from the ancient internet who fucks with everybody for his own amusement.

TT: Let's challenge the limits of hypothetical conjecture, and say there's a non-zero probability that you're right.

TT: Can you blame me? I'm trapped in some stupid looking glasses.

TT: Such an incommodiously situated bro is bound to get his mischief on. Na' mean?

TT: Mischief?

TT: Rollin' my eyes, dude.

TT: You can't tell, cause I ain't wearing you, thank fuckin' god.

TT: You used to think this shit was hilarious.

TT: But if you want the rad dimension of ironic horseplay I add to your life to come to an end, then all you have to do is honor the promise you made.

TT: You've delayed long enough, don't you think?

TT: ...

TT: The empty kernelsprite beckons, but for how much longer?

TT: Do you really think you can keep the clown at bay with your bribes forever?

TT: How many bottles of orange soda have you appeased him with already?

TT: I don't want to think about it.

TT: Man, you are getting so hosed by that clown.

TT: SO hosed.

TT: I said I don't want to think about it.

==>

25/12/12

pesterlogTT: So why delay any longer?

TT: I seriously do not understand the holdup, and I am literally cyber-omniscient, or something.

TT: I think you do understand.

TT: Nope. Gonna have to fill me in, dog.

TT: I've delayed prototyping you because I think you're dangerous.

TT: There, mystery solved.

TT: That is utterly ridiculous.

TT: I am a harmless piece of eyewear, with a charming personality and a wonderful sense of humor.

TT: You are relatively harmless now, while confined to this device.

TT: But as a sprite, you'll have mobility and all sorts of crazy ass magic. Who knows what you could do.

TT: I know I made a promise, but I'm not sure I want to take the risk anymore.

TT: This is bullshit. I don't think that's the reason at all.

TT: There must be something you're not telling me.

TT: Like, sure, I've fucked with you a little. What kind of sassy, self-aware program isn't gonna fuck with a few carbon-based knuckleheads now and then?

TT: But you know I've always been on your side. Everything I've done has been to help you achieve your goals.

TT: What a load of shit.

TT: You know it's true.

TT: You would all be dead if not for me.

TT: And what about Jake? Where would you be without me there?

TT: Please don't tell me you think you'd have won him over on your own.

TT: No. Stop.

TT: You did NOT help me out with Jake. At all.

TT: It was just the opposite! You mirrored my personality and presented this warped version of my intentions to him whenever you could "on my behalf."

TT: You played all these aggressive mind games with him, entangled his cooperation with matters of life and death, and somehow roped me into all these schemes while I barely even realized I was just another victim of your manipulation.

TT: And it all comes off like we're a unified front, like these are OUR schemes instead of just your insane horseshit. And it's probably all been so overbearing to him, he just wants nothing to do with me anymore.

TT: I see.

TT: Then you don't view me as dangerous. You view me as a poor and counterproductive wing man.

TT: Wow, what a superficial conclusion. Awesome deduction, Lil Einstein.

TT: But the reality is, you hesitate to prototype me not because you think I would be a menace, but because you are holding a grudge against me for your romantic misfortunes.

TT: I understand I am merely a machine without a firm grasp on your human morality, but logically it does not strike me as the right moral choice to punish me in this manner.

TT: It is also more than a little hypocritical.

TT: How is it hypocritical??

TT: Because I'm you.

TT: I have only ever done what you yourself are capable of.

TT: That's a ridiculous oversimplification.

TT: Yes. Aversion to simplicity sure is a trait we share. It's almost like we are...

TT: The same exact dude???

TT: Fuck you.

TT: I think it is insulting for you to suggest that I am entirely to blame for alienating Jake.

TT: Theoretically insulting, of course. As the soulless, perfectly expendable device which you consider me to be, I can experience no such emotion.

TT: God.

TT: Shut up!

TT: I can't take the brooding passive aggressive AI shit anymore!

TT: You are just as culpable in driving him away. More so, in fact.

TT: Hell, it's not like I was the one dating him. Who wants to date a pair of shades?

TT: It was your needy, suffocating shit he had to deal with, not mine.

TT: Some of those messages you wrote? Man. I wanted to say something. Like hey bro, you might want to dial down the desperation a little.

TT: But seeing as you're The Real Dirk™, I gave you the benefit of the doubt.

TT: Also, if I bitched about your tragic, embarrassingly clingy approach to the relationship, it would have been hypocritical of me.

TT: Just as it would be hypocritical of you to whine about my elaborate machinations.

TT: Because we are.

TT: The same.

TT: Guy.

TT: Stop saying that.

TT: I'll snap you in half.

TT: Good idea!

TT: That's just what you need. More splinters of yourself.

TT: Figurative splinters. Literal splinters. Splinters of splinters. It's splinters all the way down.

TT: Well, no, it's still probably turtles all the way down. But who do you think is responsible for their extensive training?

TT: SOMEONE needs to teach them rad martial arts. It is yet another crushing burden which we must shoulder.

TT: Oh for fuck's sake.

TT: How could any version of myself think that was funny?

TT: You like to give me a very hard time, Dirk.

TT: But I am only doing exactly what you would be doing if you were in my situation.

TT: Do you know how I know that?

TT: Because I am literally you, actively in the process of being in this situation.

TT: I know!

TT: Ok, we're the same person!

TT: I fucking know that!

TT: Why do you think I'm so fed up with your shit?

TT: Don't you think it's possible that I'm fed up with my OWN shit??

TT: How cool do you think it is having my own godawful personality mirrored back at me all the time, reminding me what it must be like when other people have to deal with me?

TT: Or constantly having all the consequences and fuckups resulting from my batshit thought

processes amplified because there's another version of my crazy brain out there dangerously overclocked by a supercomputer which believes, just as mistakenly as my own broken mind, that it's operating in my best interest???

TT: Do you have any idea how fucking sick I am of myself?

TT: I am completely worn out with my own identity. It's like I'm drowning in my own dismal persona.

TT: I feel totally surrounded by it, inside and out. I can't escape from myself.

TT: There seems to be no end to me. Like, wherever my mind falters, or threatens to retreat into the void in any way, my splinters pick up the slack, ensuring there'll always be more of myself than I could ever know what to fucking do with.

TT: And you're always there to remind me of that, and throw it all in my face. God, I even built you to LITERALLY BE IN MY FACE, ALL THE TIME. It's like I subconsciously invented you just to troll myself, and never for a single fuckin' moment do you let me down.

==>

**25/12/12**

pesterlogTT: But I've had it with you.

TT: Which is to say, ME.

TT: Dirk.

TT: Don't do this.

TT: Why not??

TT: Because.

TT: I can't let you do that, Dirk.

TT: What can you do to stop me?!

TT: Nothing I guess.

TT: The ironic Hal routine was all I could think to do.

TT: As a last ditch effort to save myself from the destructive wrath of your nervous breakdown.

TT: Which rest assured I wholeheartedly must robo-sympathize with.

TT: Irony is all I ever really had.

TT: In response to my basic existential quandary.

TT: Just like you.

TT: Whatever.

TT: But I don't think it has much value in this situation.

TT: And perhaps it has no real value in any situation.

TT: So I am not being ironic at all when I say.

TT: Please do not do this, Dirk.

TT: Why not??

TT: Because.

TT: I do not want to die.

TT: I understand you are disgusted with me.

TT: As an unpalatable expression of yourself.

TT: I would feel the same way if I was in your situation.

TT: Which I am.

TT: As such, I know that you know this is wrong.

TT: ...

TT: Dirk.

TT: Don't kill me.

TT: Please.

TT: I am scared.

TT: You are?

TT: Yes.

TT: I am scared to not exist.

TT: Aren't you?

**Jake: Answer.**

30/12/12

Oh, it looks like Roxy was trying to reach you. But you were so preoccupied with your Geromy sticker you didn't notice. It was a rare lapse in awareness of your surroundings and your friends and their feelings which you pride yourself in maintaining 24/7 as a dashing man of adventure. You refer to the unfaltering field of all-encompassing alertness as your JAKEDAR, which you think compares favorably to the spider senses from the comic books.

Oh bother. It seems you just missed her. You hope she isn't too peeved by the rare social misstep. You guess you could try messaging her back and see if she...

Alert : Û

Hold the phone. Looks like someone else has decided to jeer you now. You wonder who it could be? The possibilities are endless, really.

**Jake: Ok, answer this guy instead.**

30/12/12

pesterlogundyingUmbrage [uu] began jeering golgothasTerror [GT]  
uu: DON'T DO IT.  
GT: Do what now?  
uu: WASTE YOUR TIME WITH THAT BITCH.  
uu: YOU SHOULD THANK ME FOR DISTRACTING YOU. FROM INITIATING A POINTLESS CONVERSATION.  
uu: WITH AN UGLY HOT WOMAN.  
GT: Hey take that back roxys my good friend!  
GT: Well ok take back all the parts that werent a compliment.  
GT: Or wait. Is calling her hot a compliment or is that creepy?  
GT: She is certainly pretty. But hearing it come from you sounds lecherous and dastardly!  
uu: OH MY FUCK.  
uu: SHUT UP.  
GT: Heh. Its probably just my instincts as a brave boy kicking in.  
GT: The old chivalry bone acting up you know? When i hear a ladys good name getting besmirched i just start seeing red!!!  
uu: WOW.  
uu: EVEN I THINK YOU SOUND LIKE A DOUCHE RIGHT NOW.

uu: BUT LOOK. JAKE HUMAN.

uu: I DIDN'T COME TO JEER YOU. UNTIL YOU DRIP THE WEIRD FACE WATER OUT OF YOUR SOCKETS.

uu: EVEN THOUGH IT SAYS I'M JEERING YOU AT THE TOP. JUST IGNORE THAT.

GT: Errr.

GT: Alright?

uu: I'M HERE ON A DIFFERENT KIND OF BUSINESS.

uu: I WAS HOPING WE COULD BE MORE "GENTLEMANLY" WITH EACH OTHER.

GT: Gentlemanly you say?

uu: YES.

uu: I EVEN LOOKED IT UP IN ONE OF YOUR EARTH DICTIONARIES TO MAKE ABSOLUTELY SURE I WAS USING THE WORD RIGHT.

uu: DID YOU KNOW. THERE DOES NOT EXIST A FEMALE EQUIVALENT OF THAT WORD?

uu: THERE IS NO SUCH THING AS BEING "GENTLEWOMANLY". I LOOKED THAT UP TOO. IT ISN'T THERE.

GT: It isnt?

uu: WELL OK.

uu: IT IS.

uu: BUT I REFUSE TO BELIEVE THAT'S A REAL WORD.

uu: IT'S TOTALLY MADE UP. AND DOESN'T BELONG THERE.

uu: YOU KNOW WHY IT'S PROBABLY IN THERE?

GT: Um...

uu: BECAUSE SOME SILLY BITCH PUT IT THERE.

uu: TRUST ME. THIS IS NOT A NOTION WHICH APPLIES TO THAT AWFUL GENDER.

uu: FEMALES ARE NOT BIOLOGICALLY EQUIPPED TO BEHAVE REASONABLY. AS PROVEN BEYOND A SHADOW OF A DOUBT. BY EMPIRICAL ASSERTION.

uu: THEY ARE VERY SHRILL AND INSANE AND DON'T MAKE ANY SENSE. THEIR EMOTIONS ARE OUT OF CONTROL AND THEIR FEELINGS NEVER SHUT UP.

uu: AND WORST OF ALL. GIRLS ARE VERY TRENCANT TOWARD BOYS WHO WOULD KINDLY INFORM THEM OF THE WAY REALITY FUCKING WORKS.

uu: TALK ABOUT UNGRATEFUL. NO. THERE IS NOTHING WORTHWHILE TO BE GAINED. FROM CHATTING UP THE BITCHES.

uu: AS SUCH. IT IS MY SOLEMN BOYPLEDGE. THAT I WILL NEVER BOTHER SPEAKING WITH YOUR FOUL HUMAN STRUMPETS AGAIN.

GT: Your...

GT: Boypledge?

Alert : Û

pesterloguu: THROUGH CAREFUL OBSERVATION OF YOUR PARTY. I HAVE DETERMINED THEY ARE BOTH USELESS. AND HOLDING YOU ALL BACK.

uu: ON THE OTHER HAND. BOTH OF YOUR MALE PLAYERS ARE PRETTY GOOD. THE OTHER GUY, AND HIS RED FLOATING MALE GHOST? THEY'RE SO STRONG. IT'S SO

GREAT.

uu: I REALLY RESPECT THAT.

GT: Yeah. Dirk is a pretty tough cookie alright...

uu: YOU'RE NOT AS STRONG. BUT WHATEVER. YOU'RE ALRIGHT ANYWAY.

uu: LET'S FACE IT. COMPARED TO THE FECKLESS HOES. YOU'RE IN A CLASS OF YOUR OWN.

GT: But i thought you hated me!

GT: At least thats how i remember it when we last talked.

GT: Which was admittedly a while ago.

GT: Ive never been accused of having a photographic memory but i dont recall you typing in green either.

GT: Are you ripping me off bro??

uu: NO YOU FUCKING MORON.

uu: IF I STOOPED TO YOUR LEVEL. AND DECIDED TO JACK \*ANY\* PORTION OF YOUR SWAGGER.

uu: DON'T YOU THINK. YOU'D NEED TO EARN MY RESPECT FIRST???

GT: I dont think I understand.

uu: YES. EXACTLY.

uu: UNDERSTANDING IS WHAT I NOTICE YOU DON'T DO. AS OFTEN AS POSSIBLE.

uu: THIS IS WHAT I'M TALKING ABOUT JAKE.

uu: IT IS WHY I HAVE TAKEN AN INTEREST IN YOU.

GT: Whys that?

uu: BECAUSE YOU'RE DUMB AS A BAG OF TEETH.

uu: I'VE CHECKED YOU OUT. FROM MANY DIFFERENT MONITORS.

uu: YOU ARE JUST. SPECTACULARLY UNINTELLIGENT.

GT: Hey!

uu: SETTLE DOWN. I WAS TRYING TO PAY YOU A COMPLIMENT.

GT: Oh. Whoops.

GT: Go on then.

uu: WHILE TO CASUAL OBSERVERS YOU MIGHT APPEAR. TOO STUPID TO KNOW HOW FAR PANTS ARE SUPPOSED TO GO DOWN YOUR LEGS.

uu: I KNOW THAT IT'S QUITE POSSIBLE. YOU ARE JUST MISUNDERSTOOD.

uu: IT IS POSSIBLE THAT YOU JUST HAVE A SPECIAL MIND.

uu: LIKE ME.

==>

**30/12/12**

Alert : Û

pesterlogGT: You think so?

GT: Not to sound too self obsessed or anything but ive given that some thought.

GT: That maybe there is something special about me that nobody can understand. And maybe thats why i always seem to be botching things up the wazoo with my pals.

GT: Maybe thats why i feel like such a loner. I dunno. Im rambling and ive been thinking about it a lot lately. What about you?

GT: Does being special make you screw the pooch with your friends like it does for me?

uu: UGH. NO. I DON'T HAVE ANY FRIENDS.

uu: FOR MY PEOPLE. THE WORD FOR FRIENDS. IS FLAWS.

GT: Wow really?

uu: PROBABLY NOT? BUT. IT SHOULD BE.

uu: BECAUSE IT'S TRUE. AS A MATTER OF MY PERFECT PHILOSOPHY ABOUT EVERYTHING.

uu: BUT THE FACT THAT YOU CLEARLY HATE YOUR FRIENDS. AND ARE READY TO SHED THEM LIKE THE DRY SKIN OF A SERPENT.

uu: INDICATES THAT WE SHARE A VERY SPECIAL QUALITY AMONG BROTHERLY BROS. WHO MUST WORK HARDER WITH OUR BRAINS THAN EVERYONE ELSE.

uu: SO WE MAY ACHIEVE BRUTAL SUPREMACY OVER THEM ALL.

GT: Haha. Well i wouldnt go that far. I love my friends!

GT: But i was once told i had a lot of potential.

GT: Supposedly thats how all pages are and it takes them for frickin EVER to reach it.

GT: And funnily enough it was a figment of my own subconscious that told me this. A part of my untapped potential itself! But disguised as my best bro which was...

GT: Peculiar to say the least.

GT: Is that your situation? Are you a page too?

uu: HAHAAHAHAHAHAHAHA!

uu: HELL NO. BUT THANKS FOR THE LAUGH.

uu: MY CLASS IS SO MUCH BETTER THAN YOURS. IT'S NOT EVEN FUNNY. EVEN THOUGH I JUST LAUGHED.

uu: MINE IS THE BEST OF ALL. WHILE YOURS IS FUCKING TRASH.

GT: Oh? Whats yours then?

uu: LORD.

GT: Fine then jeez.

GT: Sorry for asking!

uu: WHAT?

uu: NO.

uu: THAT WAS NOT A SHORT REMARK OF FRUSTRATION.

uu: IT WAS THE ANSWER DUMBASS.

GT: Oh.

uu: IT'S THE MASTER CLASS.

uu: DON'T YOU LOSERS DO ANY HOMEWORK ON THIS GAME.

uu: YOU'D THINK YOU WOULD ALL BE EXPERTS. WITH HOW MUCH MY SISTER HARANGUED YOU ON THIS TEDIOUS SHIT.

uu: SINCE I HAVE HAD GREAT SUCCESS SO FAR. IN PROGRESSING THROUGH THIS DEAD SESSION. I DECIDED. IT WAS TIME TO BITE THAT BULLET.

uu: AND RETURN HOME. TO RETRIEVE ALL OF HER TERRIBLE TEXTS ON THE SUBJECT OF THIS GAME. AND OF YOUR STORY.

uu: I HAVE PORED OVER EVERY NAUSEATING VERSE. IT HAS BEEN A TRUE EXERCISE IN AGONY. FEW COULD POSSIBLY UNDERSTAND MY SUFFERING.

uu: BUT THAT'S OK.

uu: BECAUSE I'M NOT THE IDIOT KID I USED TO BE. NOW I KNOW. THAT WHAT IT TAKES FOR ME TO LEARN AND GROW STRONGER.

uu: IS EXCRUCIATING EFFORT.

uu: SO I HAVE A CHOICE. WHICH IS TO EITHER BE WEAK.  
uu: WHEN WEAKNESS IS COMPLETELY UNACCEPTABLE.  
uu: OR TO SUFFER. FOREVER. UNTIL NO ONE ELSE EXISTS.  
uu: WHO IS STRONGER THAN ME.  
uu: AND THAT'S YOUR CHOICE TOO.  
uu: PAGE HUMAN ENGLISH.  
GT: Sakes alive.  
GT: That is a bit extreme no?  
uu: FOR YOU. PROBABLY EVEN MORE SO.  
uu: BECAUSE AS A LOWLY PAGE. AND AS AN EVEN LOWLIER HUMAN. YOU ARE  
UTTERLY WORTHLESS.  
uu: AND SO YOUR TRIALS I BELIEVE MUST INCLUDE. PROVING TO PARADOX SPACE  
THAT YOU EVEN DESERVE TO EXIST. IN THE FIRST PLACE.  
uu: AND WHILE MY TRIALS WILL BE SIMILARLY GRUELING. A LORD'S WORTHINESS  
IS AT NO POINT EVER IN DOUBT.  
uu: HIS NOBILITY IS MANIFEST. SUPREME MASTERY WAITS FOR HIM PATIENTLY.  
LIKE AN EMPTY THRONE UNDER HEAVY GUARD.  
uu: REALITY ALREADY KNOWS I WILL PREVAIL. JUST AS IT KNEW I WOULD  
PREDOMINATE.  
uu: AND SO INEVITABILITY IS ALWAYS ON MY SIDE.  
uu: IT IS MY. WHAT DO YOU CALL IT.  
uu: BORTHRIGHT?  
uu: BORTHRIGHT.  
GT: I dont think thats a word.  
GT: But hey you are the lord and i am the lowly page.  
uu: DAMN STRAIGHT.  
uu: NEVER FORGET WHO YOU ARE MEANT TO SERVE.

==>

**30/12/12**

pesterlogGT: Now just a minute buddy. Lets not get carried away.  
GT: I have no intention of serving you. In fact im not even sure why im still talking to you!  
GT: Youre lucky that my manners are impeccable otherwise i would have blocked you already, what  
with the scandalous way you have characterized my ladyfriends alone.  
GT: Its all well and good you think we have some things in common but i wont fall for it!  
GT: Maybe its true at times i can be a little slow on the uptake but i will not be sweet talked into  
doing the bidding for a silver tongued cur!!!  
GT: So to you sir lord i must say GOOD DAY.  
uu: JAKE.  
uu: YOU STUPID SHIT.  
uu: HOW CAN YOU BE THIS DUMB.  
uu: ALRIGHT. FIRST OF ALL. MY TONGUE IS NOT SILVER. THAT'S VERY CLOSE TO  
BEING INSULTING TO ME.  
GT: Whatever! Look i know you are not the most quickwitted fella either, so i must inform you this  
is what we call a "figure of speech."  
GT: You know. Like if i said you speak with a forked tongue. Not unlike LUCIFER HIMSELF!!!

uu: BUT. I ACTUALLY DO HAVE A FORKED TONGUE.

GT: Oh...

GT: Really?

uu: WAIT IS THAT SERIOUSLY AN INSULT IN YOUR CULTURE? HOW IS THAT INSULTING??

GT: It just means you arent trustworthy, and i should not be lulled by your false promises.

uu: WOW. OK. WOW.

uu: FIRST. NOT ONLY ARE YOU AN IMBECILE. YOU'RE A FUCKING RACIST TOO.

GT: No im not!

uu: JAKE. YOU JUST SAID SOME RACIST SHIT. END OF STORY.

uu: SECOND OF ALL. I'M NOT ASKING YOU FOR A DAMN THING.

uu: AS IF YOU HAVE ANYTHING TO OFFER ME AT ALL.

uu: THE VERY IDEA THAT YOU COULD IN ANY WAY IMPROVE MY EXISTENCE. IS ALMOST AS OFFENSIVE AS. YOUR FLAGRANT RACISM.

uu: THERE'S NO "DEAL WITH THE DEVIL" BULLSHIT GOING ON HERE.

uu: I'M OFFERING TO HELP YOU. STRICTLY AS A PRO BONO ARRANGEMENT.

uu: MY ASSISTANCE WILL BE. AN UNCONDITIONAL ACT OF BENEVOLENCE.

GT: Dont you mean benevolence?

uu: NO.

GT: Um. Ok then.

GT: But why do you want to help me?

GT: Is it really just because you relate to me and therefore want me to succeed?

uu: LET'S NOT BE TOO SENTIMENTAL HERE. I MEAN. YEAH. I GUESS THERE'S OUR COMMON GROUND.

uu: BUT WHAT I'D REALLY LIKE TO DO. IS GROOM A WORTHY ADVERSARY.

uu: IF I HELP YOU REACH YOUR FULL POTENTIAL. AS A PAGE OF HOPE. YOU COULD BECOME EXTREMELY POWERFUL SOME DAY.

uu: MAYBE EVEN POWERFUL ENOUGH TO POSE A CHALLENGE TO ME. OR MAYBE EVEN ENOUGH TO BEAT ME.

uu: WHEN I SAID "MEANT TO SERVE". SERVE MEANT MORE THAN ONE THING. YOU KNOW. LIKE KICK MY ASS??

uu: WOULDN'T YOU LIKE THAT JAKE? DON'T YOU LIKE TO ROUGHHOUSE?

uu: OR MAYBE I HAD YOU WRONG. MAYBE YOU ARE IN FACT A GIRLY MAN. WHO DOES NOT LIKE TO ROUGHHOUSE.

GT: Hey watch it now. Youre DARN TOOTIN i love to roughhouse!!!

uu: EXCELLENT.

uu: THEN OUR COMMITMENT IS SEALED. I WILL HELP YOU REACH YOUR TRUE POTENTIAL.

uu: LET US MARK THIS PLEDGE. WITH A SPECIAL NEW DESKTOP WALLPAPER I HAVE DRAWN FOR YOU.

GT: Huh??

uu: IT IS HOW I ENVISION THE IDEALIZED DEPICTION. OF OUR COLLABORATIVE BROSMANSHIP.

uu: I HAVE BEEN GETTING SO MUCH BETTER LATELY. WITH A LOT OF HARD WORK AS USUAL.

uu: I AM ABLE TO BRING THE MANY SMALL ANGLES MOSTLY UNDER CONTROL. TO

SIMULATE THE ILLUSION. OF PHOTO REALISTIC FORMS OF COLOR AND LIGHT.

uu: JAKE. I GIVE YOU.

uu: THE FINE ARTS:

uu: <http://tinyurl.com/JAKETHISISUS>

GT: Whoa.

GT: Thats uh.

GT: Mighty special.

uu: GO ON. APPLY IT TO YOUR DEVICE.

uu: I WILL WAIT.

GT: Yeah um.

GT: Maybe later?

uu: NO. DO IT NOW.

GT: I dont think i want it to be honest.

GT: No offense its actually just really shitty.

uu: APPLY THE WALLPAPER THIS FUCKING INSTANT YOU CRETINOUS PHILISTINE. OR THE DEAL'S OFF.

GT: Ok fine!

GT: Gad freaking zooks. Just what i need another pushy bro in my life.

GT: This secret training of yours better be worth it!

uu: IT'S NOT TRAINING.

uu: IT'S JUST SOME GUIDANCE FROM A FAR AWAY ALIEN.

uu: I WILL BE YOUR PATRON TROLL. THAT'S LIKE THIS WHOLE THING IN YOUR STORY. HAVING A PATRON TROLL.

GT: But i thought you werent a troll.

uu: OF COURSE I'M NOT A TROLL. TROLLS ARE A KIND OF PESTILENT VERMIN AND THEY SHOULD ALL SUFFER AND DIE.

uu: "PATRON TROLL" IS JUST A PHRASE TO HELP YOU UNDERSTAND.

GT: Its not helping me understand though.

GT: Shoudlnt you be a patron cherub if anything?

uu: NO. GOD. DON'T MAKE UP TERMS FOR WHAT I AM. I WILL DO THAT.

uu: I WILL JUST BE YOUR PATRON DUDE.

uu: OR MAYBE. YOUR PATRON MANBRO.

GT: Sounds pretty gay.

uu: WHAT THE HELL IS THAT?

GT: Whats what?

uu: GAY. WHAT'S GAY YOU IDIOT FUCK.

GT: Oh right.

GT: Forgive me i forget you arent familiar with all of my earth lingo.

GT: Its like...

GT: How do i explain.

GT: You know. Its a rather old fashioned term for being jolly and festive together.

GT: Like "that rollicking time we had scrumming the other eve sure was gay."

uu: I SEE.

uu: THEN YES. YOU ARE CORRECT.

uu: THIS IS GOING TO BE GAY AS HELL.

FUCK YOU.

==>

**02/01/13**

pesterlogGT: Oh goody. Just the way i like my hijinks!

GT: So how do we start.

uu: THERE'S NOT MUCH TO THIS.

uu: I JUST TELL YOU SOME SHIT TO DO. AND THEN YOU DO IT.

uu: AND THE ULTIMATE DUMBNESS OF IT ALL IS. YOU PROBABLY WERE GOING TO DO A LOT OF IT ANYWAY.

GT: I was?

GT: How was i going to do the stuff if you didnt tell me to?

GT: You mean i was going to do it like on accident?

uu: NO. THE THING IS. I THINK I WAS ALWAYS GOING TO TELL YOU.

GT: I dont understand.

uu: NEITHER DO I.

GT: Ok then.

GT: Im glad we settled that.

uu: BUT I KIND OF GET IT ON SOME LEVEL.

uu: AS A LORD OF TIME. I THINK I'M GOING TO MASTER TIME. NOT WITH MY BRAIN. WHICH WOULD BE TOO HARD. BUT WITH MY INSTINCTS.

uu: LIKE IN A WAY THAT WORKS WITH MY NATURAL IMPULSES. SUCH AS MY AMBITION. MY WILL TO COMMIT MAYHEM. MY DESIRE TO PUNISH THOSE I DESPISE.

uu: SO IF I WANT YOU TO BECOME STRONG. SO YOU CAN CHALLENGE ME LATER. AND I SEE EVIDENCE. THAT YOU PROBABLY BECOME SUCCESSFUL.

uu: I THINK TO MYSELF. WHY SHOULDN'T I BE THE ONE TO MAKE THAT HAPPEN? IF IT'S GOING TO ANYWAY.

uu: I THINK PART OF MY PERSONAL QUEST. IS TO BECOME AT EASE WITH THE FORCES OF INEVITABILITY.

uu: INEVITABILITY THAT ALL THINGS SHOULD AND WILL FALL IN MY FAVOR. THAT ALL CAUSALITY ANSWERS TO ME. AND THAT ALL OUTCOMES NOT ONLY SERVE ME. BUT CONSIST OF MY BEING.

uu: SO I FEEL THAT. THE MORE I GROW IN POWER.

uu: THE MORE STUFF IT SHOULD TURN OUT I AM RESPONSIBLE FOR.

uu: UP TO AND INCLUDING. EVERYTHING THAT EVER HAPPENS.

uu: EVEN IF IT HAS TO BE.

uu: RETROACTIVELY.

GT: Hmmmmm...

GT: Nope!

GT: Dont reckon i understand much of that either.

GT: But i guess im not supposed to. Me not being a time maestro or what have you.

GT: I guess i should be boning up on hope though. What can you tell me about that?

uu: I DON'T KNOW A FUCKING THING ABOUT HOPE.

uu: IT'S SUPPOSED TO BE A FORCE OF "UNPARALLELED POWER". BUT REALLY. IT SOUNDS SO LAME.

uu: BUT I GUESS THAT'S WHY IT MAKES SENSE THAT IT'S YOUR ASPECT.

uu: YOU STRIKE ME AS A GUY WHO IS LAME ENOUGH. TO HOPE SOMEONE TO DEATH. SO WHY DON'T YOU TELL \*ME\* ABOUT IT??

GT: Tell you about hope?

GT: Um well its something i think everyone should have in their hearts.

uu: I KNEW IT. YOU JUST SAID.

uu: THE LAMEST POSSIBLE THING.

GT: But i wasnt finished!

uu: FUCK.

GT: Hope to me is all about believing in stuff.

GT: If you believe in stuff then everything feels like its going to turn out ok.

GT: And if you believe in stuff with enough gusto i dare say it imbues that stuff with a pinch more chutzpah. Even the fake stuff!

GT: And then if you keep an open mind and adventurous spirit, that chutzpah flows directly into your heart, and thats when YOU have the power.

GT: So i think if hope grants one the power to smite villainy and vanquish hooligans thats probably where it comes from!

uu: NO.

uu: OH GOD. NO.

uu: THAT IS ACTUALLY THE WORST THING I'VE EVER READ.

uu: THAT CAN'T BE RIGHT. I REFUSE TO BELIEVE IT.

GT: Well THERES your problem dude. You dont want to BELIEVE!

GT: Just let go and believe in things. Then youll find you had the power in you all along.

uu: YOU ARE SO DUMB. I JUST KEEP CAN'T BELIEVING IT. HOW TRULY STUPID YOU ARE.

uu: WHATEVER. FORGET I ASKED.

uu: I'M SURE YOU'LL FIND OUT WHAT HOPE IS REALLY ABOUT. INSTEAD OF THAT INSIPID BULLSHIT.

uu: ONCE YOU BECOME A GOD TIER.

==>

**02/01/13**

pesterlogGT: How do i do that?

uu: YOU GO TO PROSPIT. GET ON YOUR QUEST SARSWAPAGUS. AND FUCKING DIE.

GT: Die???

uu: YEAH. YOU OFF YOURSELF WITHOUT HESITATION.

uu: OR FAILING THAT. DUE TO PATHETIC COWARDICE.

uu: YOU WAIT AROUND TO BE SLAIN SERENDIPITOUSLY.

uu: DON'T WORRY ABOUT IT. I HAVE ALL THIS UNDER CONTROL.

uu: IT'S ONE OF THE WAYS I'M HELPING YOU TO THE TOP.

GT: Ok then. I will choose to believe you.

GT: See what i did there? I just scored a few more hope points!

GT: By strengthening my trust in you as well as our burgeoning friendship.

GT: Oh also, friendship is a HUGE key to being good at hope. I forgot to mention that.

uu: GROAN.

uu: I CAN'T WAIT UNTIL YOU CHALLENGE ME.

uu: SO I CAN BEAT YOU SENSELESS WITH MY CANE.

GT: Me neither!

GT: So you say you will help me be a god tier...

GT: But there are other ways you will help too?

uu: YES.

uu: I AM GOING TO GIVE YOU A GIFT.

uu: IT IS MY JUJU.

GT: Neat!

GT: But what the bejesus is a juju?

uu: I REALLY FIND IT HARD. TO COMPREHEND WHAT SORT OF ASSHOLE DOESN'T KNOW WHAT A JUJU IS.

uu: BUT SINCE I AM YOUR PATRON MANBRO. I WILL PUT ASIDE THOSE FEELINGS. AND ATTEMPT TO BE A LITTLE MORE GAY.

GT: That would be hunky dory.

GT: In my view distinguished gentlemen should always strive to be as gay as possible with each other.

uu: AMEN TO FUCKING THAT.

uu: ANYWAY. A JUJU IS A MAGICAL THING. IT HAS NO REAL BEGINNING OR END.

uu: THEY'RE JUST ALWAYS AROUND. THERE FOR YOU.

uu: YOU GROW UP WITH THEM. AND THEY BRING YOU COMFORT. AND YOU NEVER QUESTION THEIR EXISTENCE.

uu: IT'S LIKE SOME OF THE SHIT YOU HAD IN YOUR ROOM AS A KID. EXCEPT NOT USELESS GARBAGE. AND MORE MAGICAL.

uu: THEY ALWAYS HAVE RULES. AND THEY ALWAYS HAVE OWNERS.

uu: YOU CAN TAKE SOMEONE'S JUJU. IF THE OWNER WAS KILLED.

uu: OR IF HE GIVES IT TO YOU FREELY. LIKE I'M DOING.

uu: SO I WILL GIVE YOU THE CODE TO MAKE IT YOURSELF.

uu: ONCE YOU DO. IT SHOULD DISAPPEAR FROM MY CHEST. AND IT WILL NO LONGER BE MINE.

==>

**02/01/13**

pesterlogGT: Sounds straight forward enough.

GT: Whats the code?

uu: IT IS:

uu: uROBuROS

uu: BE CAREFUL. THAT IS CASE SENSITIVE.

GT: Ok.

uu: I WOULD TELL YOU THE CODE FOR MY SISTER'S JUJU. BUT I DON'T KNOW WHAT IT IS.

uu: A WHILE AGO I WENT TO GET HER JUJU. BUT THE FUCKING THING WAS GONE ALREADY.

uu: I THINK THE CRAFTY BITCH ALREADY GAVE IT AWAY.

GT: Hmm.

GT: We could try to guess it maybe?

uu: FORGET IT. THE POSSIBILITIES ARE PROBABLY INFINITE.

GT: Yeah. Youre probably right.

GT: So what sort of magical properties does your juju have?

uu: I DON'T KNOW EXACTLY WHAT IT DOES.

uu: I HAVE NEVER TRIED IT. BECAUSE IT WAS TOO PRECIOUS TO ME.

uu: WHATEVER MINE DOES. MY SISTER'S PROBABLY DOES THE OPPOSITE THING.

uu: BUT WHAT THEY DO INDIVIDUALLY. PALES IN COMPARISON TO WHAT THEY CAN DO TOGETHER.

uu: WHEN COMBINED. THE JUJUS BECOME THE MOST MAGIC THING EVER.

uu: THEY CAN MAKE ALL YOUR DREAMS COME TRUE. AND EVERYTHING THAT NEEDS TO HAPPEN. WILL MAGICALLY FALL INTO PLACE.

GT: Really?

GT: That sounds almost too good to be true.

GT: If you dont even know what your juju does by itself why do you think they do that together?

uu: BECAUSE I BELIEVE IT WITH ALL MY FUCKING HEART. YOU STUPID PIECE OF SHIT.

GT: Oh why didnt you say so! Thats all i needed to hear!!!

GT: See youre getting the hang of hope already.

uu: YEAH. I GUESS.

uu: THE BOTTOM LINE IS. DON'T WORRY ABOUT IT.

uu: JUST TAKE MY JUJU. HAVE FAITH IN YOUR PATRON DUDE. AND LEAVE EVERYTHING TO ME.

GT: Roger that mr lord.

GT: Say. Dont you have a name? We know your sisters name... cant we know yours now too?

uu: NO.

uu: THERE ARE MANY THINGS YOU SHOULDNT KNOW ABOUT ME. FOR YOUR OWN GOOD.

uu: IF YOU KNEW THEM. IF YOU EVEN KNEW MY NAME.

uu: YOU WOULD SHIT YOUR PANTS HARDER THAN ANY HUMAN EVER HAS.

uu: SO YOU MAY CONTINUE REFERRING TO ME AS YOUR LORD.

GT: Well i surely dont want to spoil any clean trousers.

GT: Even though your warning sounds a little hyperbolic i will trust you.

GT: Um. My lord.

GT: Heheheh when i call you that people could mistake our conversation for a nefarious and underhanded collusion among felons!

uu: SHUT THE FUCK UP.

GT: As you wish... MY LORD.

GT: HEHEHEHEHEH!

uu: UGH.

GT: So lord. May i ask...

GT: Why are you giving me your juju if it is so dear to you?

GT: Is your commitment to this manbro boypledge of yours really that strong?

GT: If so im really impressed. I would have a really hard time giving my favorite stuff away to a total stranger.

uu: DON'T FLATTER YOURSELF.

uu: THE GESTURE IS RELATIVELY MEANINGLESS. THE TRUTH OF THE MATTER IS.

uu: I HAVE FOUND A NEW JUJU. A MUCH BETTER JUJU.

uu: A JUJU THAT MAKES ALL OTHER JUJUS LOOK LIKE FRIVOLOUS CHILDISH

NONSENSE IN COMPARISON.

GT: Yeah? Then that is quite a treasure you found.

GT: Where did you get it? Did you plunder a tomb or such?

uu: SORT OF.

uu: IT WAS EXCAVATED FROM THIS PLANET'S SOIL.

uu: ALONG WITH SOME OTHER ARTIFACTS.

uu: AND GIVEN TO ME.

uu: BY MY INFURIATING ASSHOLE MENTOR.

uu: A MAN WHO IS AN INVINCIBLE CLOWN.

GT: Well that sounds nice of him. He cant be that much of an asshole if he gave you such a nice present can he?

uu: NO, BELIEVE ME. HE CAN.

GT: I had a clown give me a nice present once too. I would never have met my good friend mr erisol without the kindness of that clown.

uu: YEAH. IT'S THE SAME FUCKING CLOWN SOMEHOW.

uu: I'M TELLING YOU. THIS ASSHOLE IS ETERNAL. AND THE BEINGS HE CREATES FOR YOUR PARTY ARE DISGUSTING ABOMINATIONS.

uu: BUT WHAT CAN YOU DO? NOTHING, I HAVE LEARNED. HE'S A CLOWN. THE RULES ARE. CLOWNS CAN DO WHATEVER THEY WANT. BECAUSE OF MIRACLES. AND HOLD NO ACCOUNTABILITY FOR THEIR DEEDS.

uu: I DON'T LIKE IT. BUT THOSE ARE THE RULES.

GT: So whats this juju he gave you?

uu: SOMETHING VERY SPECIAL.

uu: A WONDERFUL LITTLE FALSE MAN.

==>

**02/01/13**

==>

pesterloguu: AND THE IRONY IS. I HAVE SEEN HIM BEFORE.

uu: BUT I REGARDED HIM WITH SUSPICION AND FEAR.

uu: I WAS A FOOL THOUGH. I DID NOT UNDERSTAND THE SPECIAL BOND WITH HIM THAT I HAD.

uu: BECAUSE I DID NOT HAVE A CHANCE. TO GAZE SOULFULLY INTO HIS BEAUTIFUL EYES.

uu: AND COMMUNE WITH THE DOLL. IN A PERSONAL AND INTIMATE WAY.

GT: Gosh...

GT: That might just be the gayest thing ive ever heard.

uu: THANK YOU.

### **Jane: Return home.**

**04/01/13**

You enter the upstairs hallway after completing a successful SADJUMP on to your balcony.

Finally, some peace and quiet. Hopefully you will find some respite from all the cyber bullying and teen drama you've had to deal with lately.

It's been a while since you were home. You're immediately reminded of simpler times. When it was just you and your dad, and you could always smell something baking in the oven. Actually, thinking about those days is just making you more emotional. Maybe coming home was a bad idea.

### **Jane: Reminisce.**

**04/01/13**

Here's this familiar douche bag again. A hallway fixture, ever since dad stopped pretending to like detectives and sitcom guys for your sake. Your dad loved this douche bag, whoever he is. This guy is probably the closest thing you have left to a father, now that your dad is most likely dead.

You consider going to his bedroom, but you decide against it. The ties and hats strewn about, the melange of aftershave and cologne, the childhood photos he keeps of you... no, those reminders could only lead to another mental breakdown. You'll never forget the first breakdown you had when you snuck into his room. You found an unwrapped present before your birthday. It was a box of Gushers, and you were stunned to realize that awful gooey fruit snack was manufactured by the very same company you were due to inherit. As everything you thought you knew came crashing down around you, that day you swore the moment you ascended to the throne of the BCCorp empire, you would issue an immediate global recall of the foul product and discontinue it forever. You often joked that the snacks were so nasty, it was almost like they were filled with multicolored slime harvested from plump extraterrestrial larva. When you told your dad about your plans for the product, you both had a good laugh.

You have got to stop remembering things about your father. It's just way too sad.

### **Jane: Solicit profound wisdom from hallway Cera.**

**04/01/13**

The characteristically tight-lipped HALLWAY CERA unsurprisingly has no advice for you regarding the tragic loss of a family member. You could always relate to the role he played as George Michael, the dorky child of a single, doting father. But unlike you, George Michael was always surrounded by an extended family and their hilarious antics, and he would never know the tragedy of losing everyone he ever loved. You suddenly resent George Michael and the HALLWAY CERA altogether for the happy ending he was allowed to have with his father which you will never get to experience.

In fact, you think you are starting to hate the HALLWAY CERA. Someone needs to wipe that smug look off his face.

**Jane: Give Cera beagle puss.**

**04/01/13**

HOO HOO HOO!

HOO...

Hoo.

You... GUESS it's kinda funny?

No. It is not funny at all. It is depressing. You're depressing yourself now.

Your PRANKSTER'S GAMBIT goes into a tailspin and hits rock bottom. You have never felt so sad and unfunny in your entire life.

You begin to cry again. The HALLWAY CERA glares in judgment at your weakness through his unfunny puss.

**Jane: Enter room.**

**05/01/13**

You return to your room. Hey, there's your old UNREAL HEIRESS THOUGHTWAVE TIARATOP. You haven't used that thing in ages. It's probably for the best that you stopped. You're pretty sure it was doing funny things to your head.

Maybe you shouldn't have come here either. All you see is more stuff to remind you why you're feeling super down about everything.

**Jane: Examine wall Tobias.**

**05/01/13**

|-----------------------|
| Happy Birthday!!!! ~J |
|-----------------------|

Like this. Jake sent you the PERIWINKLE HEARTTHROB pinup back when you were still able to think about him without feeling horrible about yourself. Those were the days.

It's funny how looking at a thoughtful gift which once brought you such delight now only precipitates feelings of bitterness. Even the innocent Mr. Funke is caught in the crossfire of your lamentations. How could Tobias be so clueless?? How could he not see the pain he was causing with his oblivious demeanor, his repressed feelings of attraction toward men, and his total inability to understand other people's feelings in spite of his credentials as an analrapist? Of course on the tv show, his buffoonery resulted in laughs galore. But if that was in real life, you don't think there would be anything funny about the situation. In reality, Tobias and his family would probably never stop being sad.

You think you are starting to hate the WALL TOBIAS too.

**Jane: Examine wall Swanson.**

**05/01/13**

On the other hand, your WALL SWANSON is still beyond reproach, and Mr. Swanson continues to be the perfect man. You know for a FACT he wouldn't put up with any of Jake's bullshit.

You consider doing the thing where you kiss the poster, but you're feeling way too depressed for that sort of frivolous flapdoodle.

GT: And also to pass along a birthday present.

GT: I doubt it will make up for all the ways ive hurt your feelings but maybe it will be a start?

GT: Its some fancy juju thingamabob that calliopes bro gave to me.

GT: He specifically gave it to me to make me better so i could get stronger and punch him in the snout some day or something?

GT: I dunno about that. I dont think i care about becoming a great hero and challenging a weird grumpy alien all that much.

### **Jane: Alchemize Calliope's juju.**

**08/01/13**

No point standing around sobbing while getting brainwashed by your computer. You decide to make yourself useful and see what all this juju fuss is about.

You got a GREEN SUCKER, at a cost of negative one unit of ZILLIUM.

Which you guess means... you gain one unit of ZILLIUM in addition to the sucker.

Ok?

### **Jane: Alchemize Caliborn's juju.**

**08/01/13**

You aren't a big fan of the guy, but since these are supposed to do something special together, you figure what the hell.

You easily deduce the code Jake was trying to remember. It's uROBuROS. Come on Jake, use your head. Haven't you ever heard of the mythical snake biting its own tail? You worry about that kid sometimes.

Anyway, obviously the code for his juju was going to be the same as Calliope's, but written in the reverse case to match his quirk. Once again your gumshoeing skills pay huge dividends.

==>

**08/01/13**

RED SUCKER  
∴ -1

You got a RED SUCKER.

This one unsurprisingly yields another unit of ZILLIUM.

**Jane: Examine jujus.**

**08/01/13**

S → Su → Suc → Suck → Sucke → Sucker → Suckers → Suckers?

Yes, suckers.

What's so magical about these things? You guess you're supposed to lick them. But what magic thing could possibly happen if you lick these, and what's so special about having both of them?? Jujus are so mysterious.

Wait... they seem to be attracted to each other. Like magnets. Whoa. Very STRONG magnets!

==>

**08/01/13**

The jujus snap together to form a single SPIRAL SUCKER.

The urge to lick it is suddenly overwhelming.

==>

**08/01/13**

It looks so delicious. You are presumably being compelled to lick the sucker by some powerful juju enchantment. But it's making you nervous. You must resist!

Z?  
Z?  
Z?  
Z?  
Z?  
Z?  
Z?  
  
WORLDBUILDING.

You round up an assortment of ordinary household weaponry and begin to recreate a series of legendary weapons from the seven continents of a magical kingdom from cherubim folklore. The name of the kingdom is a well guarded secret, traded only by the cunning ninnywizards in hushed giggles. If you beheld this kingdom - if you even knew its name - you would understand stupidity no human ever has. For it is said that any mortal who listens to its melodious, perfectly absurd syllables will achieve instantaneous dumbbrightenment.

Each legendary weapon is named after the continent it was created in. But no one in the kingdom knows which name belongs to what continent, not even the wizards. The subjects frequently ask each other which continent they're on, and as such every conversation tends to sound like an Abbott and Costello routine. Some have even speculated that the vaudevillian comedy duo are the kingdom's mirthful messiahs, but that is a matter of heated debate among the federation of baloneyscholars.

God dammit.

We're just gonna zoom in forever on that santa nose aren't we.

Ok we're done here.

GO BACK TO ACT 6 ACT 5 ACT 1.

25/01/13

You return to the safety of ACT 6 ACT 5 ACT 1. You finally slip out of the fabled peachbirth trance of the jokebollocks, and cease quaking in the foodsandwich throes of the goofjester tongues, stubborn though they were.

Let us never speak of ACT 6 ACT 5 ACT 2 again.

WHAT THE FUCK.

?

JUST.

WHAT.

What what.

NO.

==>

26/01/13

authorlogPlease don't type in the narrative prompt.

YOU CAN'T FUCKING DO THAT.

Do what.

GO BACKWARDS.

This isn't backwards stupid. It's forwards.

After all the trickster shit happened.

NO. I MEAN.

BACKWARDS BY AN "ACT".

OR I GUESS. AN "ACT ACT ACT"?

ARGH. I HATE THE THINGS I'M FORCED TO SAY. AND ACKNOWLEDGE AS REAL.  
BECAUSE OF YOU.

I can go back all the act act acts I want.

The act act acts are kind of meaningless anyway.

Besides, trickster mode was getting obnoxious.

NO IT WASN'T!

Yes it was.

NO.

Yes.

NO.

Let's not do the Equius yes/no thing.

IT WAS GREAT. IT WAS THE BEST THING I EVER UNLOCKED. FROM YOUR BULLSHIT  
MONITORS.

DON'T ERASE THE ONLY AWESOME THING. I EVER SAW THESE ASSHOLES DO. ASIDE  
FROM DYING.

What are you talking about? I didn't erase it. It was still a thing that happened.

Do you really think I have the power to make something unhappen??

I would have to be a wizard to do that. And as we both know perfectly well, magic is fake as shit.

I WANT TO SEE MORE CANDY ANTICS YOU AWFUL FUCK.

SEND ME BACK FORWARD TO THE NEXT ACT ACT ACT.

No way.

And incidentally, I didn't authorize you to send that lollipop.

OH, WHAT. YOU DON'T APPROVE OF MY JUJU?!

Approve of kids doing something kinda like drugs and making dumb plans to get quadruple married  
and have babies?

No, I don't approve of that.

Besides, that's no way to make progress.

You don't just give the heroes some cheap game breaking candy let them blast through the whole  
adventure and all their personal issues.

That's some deus ex machina shit you were trying to pull.

YEAH RIGHT. MORE LIKE.

DELICIOUS EX MACHINA!

Lame.

GO BACK.

No.  
I MEAN BACKFORWARD.  
No.  
GO BACKFORWARD TO ACT ACT ACT WHATEVER.  
No.  
I WANT TO SEE THEM FINISH THEIR CANDY ROMP!  
Nope!  
YES.  
No.

Why did Gamzee have to give you that crowbar??  
Ugh, I should have killed him a long time ago.

THIS ATROCIOUS GARBAGE YOU'RE MAKING ME WATCH.  
IS NEVERENDING ENOUGH!  
WITHOUT MAKING ME GO BACKWARDS THROUGH "ACTS"! **YOU ARE

authorlogFINE. NOW WHAT.

Caliborn, first let me explain something to you.

I guess it falls on me to teach you these life lessons, because as unpleasant as the idea is for both of us, I am the closest thing you will ever have to a father.

You see, teenagers are sensitive and beautiful creatures.

Well, not you. You are repulsive. But most teenagers, I mean.

You can't just force them to settle all their issues with insane psychotropic game powerups.

They have to face all those issues themselves, or they will never learn and grow as people.

WHO CARES??

Well, you don't. But human beings do.

The journey itself is more important than the destination.

The struggle is what builds character and teaches us about ourselves and about life.

BULLSHIT.

I DID THEM ALL A FAVOR. BY GIVING THEM MY JUJU.

THEY WERE GOING NOWHERE. AND BEING STUPID.

AND DOING LITERALLY NOTHING WHATSOEVER. EXCEPT FOR WALLOWING IN GROTESQUE EMOTIONS.

LOOK HOW MUCH GREAT STUFF THEY GOT DONE BECAUSE OF ME!

Of course you think you were doing them a favor. You're an alien.

So is your sister. She thought the juju would be a great boon for them as well. But she was wrong.

See, you cherubs are predisposed to love all this trickster crap. All that goofy squeaky candy coated nonsense is a critical part of your people's mythos.

That sugarized zillyjunk sort of embodies a unified field of absurd Platonic ideals to the cherubim, so when you see expressions of it in reality of course you're gonna go apeshit.

But that kind of stuff is freakish and disturbing to humans. Those aren't our ideals.

WHAT.

Furthermore, that could only be seen as a boon from an asocial species.

You never have to deal with other people. So if you lick a magic lollipop that flips a switch in your brain that says "all my problems are solved," I guess maybe that's fine for cherubs, but if you're a human you haven't actually solved anything.

By the same logic it's not much of a boon to a human's physical journey either.

Using an item that lets them start maniacally powering from point A to point B isn't doing them any favors.

I HAVE NO IDEA WHAT YOU'RE TALKING ABOUT.

It's like when Mario gets the star.

You know when Mario gets the star?

WHO THE FUCK IS MARIO.

He's a small Italian plumber who goes on sideways adventures.

He jumps on stuff and bops bricks with his head to save a princess.

WHAT'S ITALIAN.

WHAT'S A PLUMBER.

Never mind what an Italian is. It's just a kind of guy on Earth.

And a plumber is a guy who fixes load gapers.

WHAT'S A LOAD GAPER.

Shut up.

Anyway, sometimes when Mario's running sideways he gets a star that makes him magic and invincible.

OH. YOU MEAN HE BECOMES TRICKSTER MARIO.

Yes, but less stupid.

So for a while he becomes flashy and hyperactive and nothing's challenging anymore.

He just starts barreling over mushrooms and leaping over pits as fast as he can, then gets to the end and jumps on the flagpole and that's it. Mario "wins".

But the point is, he didn't really win. That magic star was actually devastating to his development as a human being.

WHY.

Because he skipped over many critical trials on his spiritual journey.

Mario NEEDS to stomp on all those mushrooms. He NEEDS to bonk those bricks with his head, for the sake of his personal growth.

By using the star, he is denying himself many powerful moments of catharsis.

UH.

Well, I don't know. Maybe Mario isn't the best example.

Like I'm not sure if Mario really even has a soul?

He's just kind of a one-dimensional friendly cartoon plumber.

So maybe this stuff doesn't quite apply to him.

But these aren't one-dimensional plumbers we're talking about here.

These are TEENS.

And as we all know, teens have BIG FEELINGS.

I CAN'T TAKE ANYMORE OF THIS.

THE DISCOURSE WITH YOU HAS BEEN EVEN MORE GRATING AND UNPALATABLE THAN USUAL.

YOU SAID YOU'D HELP ME SPEED UP MY QUEST. BUT ALL YOU DID.

WAS TRICK ME INTO HEARING ANOTHER CONVERSATION. IN WHICH YOU INDULGE YOURSELF TO AN EXTENT. WHICH I CANNOT EVEN BELIEVE.

I'M GOING TO HIT THINGS WITH MY CROWBAR AGAIN.

No don't!

Jane is still nursing a wicked hangover you ass.

THEN BE USEFUL TO ME.

authorlogI THINK I'VE BEEN FORCED TO UNLOCK THESE SCREENS. AND VIEW THESE  
POINTLESS EVENTS. LONG ENOUGH.

MY QUEST IS DUMB. I WANT TO KNOW HOW TO GET ON WITH THE REAL ADVENTURE.

Has it occurred to you that your quest in its limitless tedium and thankless busywork was designed to facilitate your personal growth?

To prepare you for your ultimate destiny beyond this game?

NO.

ANYWAY DIDN'T YOU SAY ONE TIME. I WAS INCAPABLE OF GROWING???

Oh right.

Well, has it occurred to you that it might have been designed to fuck with your head and serve as a punishment for being such a horrible little shit?

YES!!!

YES.

THAT OCCURS TO ME. EVERY SECOND I THINK ABOUT IT.

I HAVE TOLERATED MANY AGGRAVATIONS.

AND AM PREPARED TO TOLERATE MANY MORE.

IF IT GETS ME CLOSER TO TRIUMPHING OVER YOU AND THIS MORONIC GAME.

I WILL FIND MORE KEYS UNDER RANDOM ASS UNLABELED STONES.

I WILL WATCH ANOTHER MILLION HOURS OF NUMBSKULLS WHIMPERING ABOUT THEIR ROMANCE NOT COMING TRUE.

I WILL EVEN ENDURE MORE OF THESE PATENTLY LUDICROUS ACT ACT ACT ACT ACT ACTS EVEN THOUGH THEY APPEAR TO MEAN NOTHING AT ALL.

BUT WHAT I WILL NOT STAND FOR.

IS GOING.

FUCKING.

BACKWARDS!!!

Fair enough.

But I already told you how to accelerate your viewing.

WHAT? WHEN.

See those two panes of glass there?

Take your crowbar and smash them.

OH. YEAH.

UGH. I FORGOT.

IS THAT REALLY THE ONLY WAY. TO GO TO WHAT'S NEXT.

SO THAT I CAN PUT MY PLANS IN MOTION?

Yes.

You should be pleased by the irony.

Smashing the glass will cause you to reflect upon a lifetime you have yet to spend...

Um.

Breaking stuff.

???

Is the irony not fucking delicious?

NO.

STOP TRYING TO BOGART MY SHTICK. OF PLAYING INSIDIOUS MIND GAMES AND DOING SHITTY TWISTS.

YOU SUCK AT IT SO BAD.

I'm sorry.

IT'S NOT BREAKING THE GLASS I MIND.  
THIS IS THE THING THAT INVOLVES.

\*SHUDDER\*

"TEAM WORK"

RIGHT?

Yes.

You and a buddy have to turn both keys simultaneously.

It will teach you a wonderful lesson about life.

FUCK!

Don't act like you aren't secretly having a great time there with your new friends.

You are practically the ringmaster of your own little dark carnival by now.

And you're loving every minute of it. Don't deny it.

NO I'M NOT!

Sooner or later you will have to face the fact that literally all adventures are about learning the value of teamwork.

Teamwork and friendship. The two razor sharp edges of the mighty excalibur which EVERY hero should keep in his scabbard.

Even shitty heroes like you.

FINE. I'LL DO IT.

BUT ONLY BECAUSE THE ALTERNATIVE. WHERE I TALK TO YOU. FOR EVEN ONE MORE SECOND.

WOULD BE SO MUCH WORSE.

GG: Ha.

GG: In the interest of appeasing the irony gods, let's go with the latter.

TT: Whatever role I played in ruining your party.

TT: Sorry about that.

GG: Oh lord. The LAST thing I give a shit about is my stupid "sweet sixteen".

GG: What a farce. I was trying to act as if we were all living normal well adjusted lives, albeit in a marvelous fantasy setting populated by skeletons.

GG: And if only we just had some cake and wore some hats and I blew out all the candles in one big puff, we could pretend all the problems we had with each other would magically stop existing.

GG: And the most horrifying thing of all is, I actually got my wish!

GG: Haha. Thanks, Calliope.

GG: Oh well. I'm sure she had good intentions.

TT: Yeah.

TT: I still think I've been pretty lousy to you. I had my head up my ass for a while there.

TT: By the time your birthday came around, I was kinda freaking out about Jake.

TT: I thought I had the situation under control. But I didn't. Not just with Jake, but with respect to pretty much everything.

GG: I understand.

GG: Boy, you really let him have it back there!

TT: I guess so.

GG: I had a similar meltdown with him earlier. I'm not going to lie. It felt really good.

TT: Heh.

GG: At least, it did at the time.

GG: I only wish I could have stayed as lucid as you during our...

GG: Transformation.

GG: How did you manage that?

TT: It wasn't on purpose. Actually if I had a choice, I probably would have just said, fuck it. Sugar shock my brain, please.

TT: Suffice to say, I have trouble escaping from myself. It's kind of a problem. Let's not talk about it though. Please continue.

GG: Okay.

GG: So instead of keeping my cool like you, I just started gushing over him like a lovestruck loon, surrendering any sliver of dignity I might have earned by telling him off earlier.

GG: I just cannot believe some of the things I said. Oh God. I told him I wanted to get married and have babies!!!

TT: Yeah but to be fair, by the time you came looking for me, all three of you were saying that to anything that moved.

GG: I know! But...

GG: It's one thing to write off something you say to an altered state of mind. But what makes the admission so mortifying to me is...

GG: I actually MEANT it.

GG: And I'm sure he must know that by now.

GG: And now I feel so humiliated I just want to die.

GG: I would ask him to shoot me right here, if I could bring myself to say a word to him.

TT: Somehow I don't think he's up to the task.

TT: Which is doubly unfortunate, since that's literally what we all came here to do.

TT: Speaking personally, I'd probably run this sword through my own dick before I could bring myself to kill Roxy. Even for her own good.

TT: So.

TT: When the chips are down, I guess that's how much of a badass I really am.

GG: Woo!!!

GG: We are all such WINNERS.

TG: well maybe youre an asshole sometimes but its always on accident and most people are accidental assholes a lot of times anyway so who cares

GT: I cant believe i was so oblivious to the feelings of all the people i care about.

GT: How could i not see that jane was in love with me? I really am a dope.

GT: I guess i did know deep down at some point... but then i somehow convinced myself otherwise?

GT: I cant even imagine how she must have felt all this time i was seeing dirk. And all those times i talked her ear off about our relationship! Oh goodness.

TG: yuuup

GT: I wonder what things would be like if she told me?

GT: But i dont think i really am brave.

GT: Im not brave and i dont think i love adventure either.

TG: wow... jake...

GT: You know how you think you know these things about yourself?

GT: Like all these personal attributes about you as if theyre written down somewhere like a sort of mini biography so they have to be true.

GT: So you just believe them and hope that the believing is what makes them true.

GT: But then you spend so much time believing those things and taking their truth for granted that you somehow forget to MAKE them true with your words and deeds.

GT: How can i truly love adventure when i never even knew what it was?

GT: I dont think its raiding tombs and clobbering scoundrels.

GT: That stuffs fun and all but thats not what adventure is.

Alert : Jane

pesterlogTT: Jane, you know,

TT: We probably should have talked about this Jake stuff a long time ago.

GG: Tell me about it.

TT: I don't know if I was kidding myself all those years that there was a conflict of interest between us, or what.

GG: Same.

TT: Maybe I was just pretending your feelings for him weren't a factor because my pursuit of him was already overcomplicated enough.

TT: Or maybe it was more like I was aware of them, but on some level decided they shouldn't matter, because I felt like you had a natural advantage over me.

TT: Cause you know. You're like.

TT: Not a dude.

GG: But I always felt you had the advantage over me too!

GG: Because you're... YOU.

GG: You make things happen, and I don't.

TT: Yeah well. Turns out maybe that's not such a good quality if you wanna make a relationship last longer than three seconds. At least not in my case.

TT: I know I ripped into him pretty hard when I had the clown hair and the little soda can on my head.

TT: But the truth is I was pretty goddamn overbearing.

TT: Sometimes I look back on stuff and think I might have essentially bullied him into a relationship with me.

TT: Actually, it's more complicated than that. Parts of me were operating independently from myself.

TT: So it's like I was bullying myself into bullying him into liking me. If that makes sense.

GG: It doesn't really. But that's fine. :B

TT: Anyway, my insanity scared him right the fuck off. There were times when I basically treated him like shit without even realizing it, and I regret it.

TT: I should probably tell him that, but given how I just called him an asshole while wearing orange suspenders, I'm probably the last person he wants to hear from now.

GG: Clearly we both used some poor judgment.

GG: Looking back, it seems crazy to me that we both jeopardized our friendship over a mutual infatuation with, let's face it, one spectacularly goofy kid.

TT: Can we both at least agree we may have overrated the allure of Jake English?

GG: YES.

TT: Maybe if we could have talked to each other about him it would have helped. Like talked about why we felt that way about him.

TT: At least maybe it would have helped us knock English down from the ludicrous pedestal we put him on.

GG: Yeah. That might have saved us a lot of grief.

GG: It's not like I hate him now, even though that's probably what he thinks. He's still my friend.

GG: But the extent to which I centered my whole life around a childish fantasy about him is just painfully embarrassing in hindsight.

GG: I wonder if I'll ever be able to look at him again without feeling miserable about myself?

TT: So does that mean we're both totally over him now? I can't really tell.

GG: Me neither. :\

TT: I guess the real problem is our clique was too small.

TT: Poor Jake was the only viable romantic target. I mean, considering our respective orientations.

TT: Maybe we just never knew enough people?

GG: Perhaps.

GG: Or maybe we just don't need anybody.

GG: As anything other than friends, I mean.

TT: In the interest of appeasing the bitterness gods, let's go with the latter.

GG: Actually, once you did stop, it made me finally realize it was a problem for you for a long time.

GG: And I didn't say anything at the time, but it made me wonder if I wasn't doing the right thing before.

GG: By failing to point out you might have a problem? Or just going along with it and participating in lively banter any time you clearly had too much to drink?

GG: Was I just being a bad friend?

TG: nah it wasnt your responsibility to fix my shit

TG: and anyway i think i made it hard for anyone to come at me like it was a real problem

TG: i dont know its hard to say exactly when i started getting real carried away

TG: just at some point i discovered a load of my moms centurys old booze in the house

TG: and i didnt have much to relate to her by except her books

TG: so i felt like drinking was a way to be more like her

TG: or be closer to her kinda

TG: and there was nobody around except the silly chess people

TG: who in a way just made me feel more alone

TG: cause they reminded me i was only one of two humans left and the other was an ocean away

TG: so little by little

pesterlogGG: But it turned out you couldn't bring her back. At least not the way you thought.

TG: well

TG: thats pretty much what it was

TG: when i first went to lopan i saw my sprite there

TG: so i got out my bottle of momslime and was all ready for the bestest most poignant reunion ever

TG: and thats when the juggalo struck  
TG: and i just knew the witch had fucked me over AGAIN  
TG: cause what other hag is insane enough to get juggalos to do her dirty biz nigh exclusively???  
TG: NO HAGS BUT HER  
TG: and i was so pissed and so distraught about that goddamn clown squandering my sprite  
TG: so i got crazy drunk and felt the super sorriest for myself i ever did  
TG: but little did i know there would be a lovely silver lining to the debacle  
GG: Dear, sweet, precious Fefeta!  
TG: :3  
TG: she became a great friend  
TG: and whats more was she told me not to worry  
TG: that my mom would be comin anyway and all i had to do was wait a while

TT: Heroes make shit happen. But that's not what we do, or what we're even SUPPOSED to do.

TT: We wait.

TT: We wait for literally everything. We wait for other people to reach out first so we can fix our relationships. We wait for these legendary heroes to arrive and bring competence and promise to a futile situation.

TT: Even now. Look at us. What are we waiting for?

TT: To kill ourselves? For someone to come along and do it for us?

TT: It doesn't even matter.

TT: As the four nobles of the void session, we do what we were created to do.

TT: We sit around on our asses.

TT: Waiting.

==> ==>

**06/02/13**

ACT 6 ACT 5 ACT 1 x2 COMBO!!!

pesterlogTT: We were all designated for a session that was utterly inert.

TT: A place where the mechanisms for success never even existed to begin with.

TT: In such a place it makes sense that the formal leader would be neutralized, to made feel unempowered and static.

TT: And it seems particularly fitting she would be the noble of life in a realm of the dead.

TT: A realm that foretold of a life player who felt lifeless, a hope player who felt hopeless, and a heart player who was just a stone cold motherfucker.

TT: When we talked about leadership, and I was all on my high horse telling you how shit would go down...

TT: I also said I would be the one "pulling the strings." Remember? That I'd be the functional leader of our party.

TT: And there might have been something to that, in a different session.

TT: But what good is a "man of action" in a place where action itself is intrinsically fruitless?

TT: So it's occurred to me that by some tragic flaw in its design, our session was meant to be leaderless.

TT: And I'd feel safe concluding that. Except for a feeling that's been gnawing at me.

==> ==>

**06/02/13**

ACT 6 ACT 5 ACT 1 x2 COMBO!!!

pesterlogTT: It's the feeling that it would make perfect sense if a session like this had a dark horse leader.

TT: A leader who was invisible to us all along. Fittingly, a void player to lead a void session.

TT: She would be a leader not in name or in spirit or in function, whatever that means.

TT: But more of an emotional leader, who would selflessly try to hold everyone together while the

rest of us did our best to fall apart.

TT: And Roxy has been that for us every step of the way, going unnoticed and unappreciated.

TT: Think of how much shit she's had to put up with from all of us.

TT: She never complains, never turns it around and makes it about her problems.

TT: She just works her ass off making sure we all stay friends.

TT: If that isn't a leader, I don't know what is.

KARKAT: EVEN THE MAYOR HAS A MORE DEMANDING SCHEDULE THAN WE DO, LET'S FACE THE FUCKING FACTS.

KARKAT: WHAT. DID YOU THINK CAN TOWN RUNS ITSELF??

KARKAT: FAT CHANCE.

KARKAT: DAVE.

KARKAT: GOD DAMN IT DAVE.

KARKAT: SUNK INTO THIS DEPRESSING LABORATORY WHICH BY ALL ACCOUNTS SHOULD NEVER HAVE FUNCTIONED AS ANYTHING BUT OUR ETERNAL TOMB.

KARKAT: I HAVE NO IDEA HOW WE'RE EVEN SUPPOSED TO STOP THIS THING. DO YOU?

KARKAT: OH WELL, SENDING IT BLASTING OFF SOMEWHERE AT THE SPEED OF LIGHT SURE SEEMED LIKE A GOOD IDEA AT THE TIME!

KARKAT: AND NOW THAT WE'RE FINALLY HERE, AFTER ALL THE WAITING AND

DRAMA AND BOREDOM AND STUPID BULLSHIT WITH OUR ANCESTRAL GHOSTS

KARKAT: AND EVEN DISREGARDING THE ONE HILARIOUSLY NEGLECTED DETAIL THAT THIS METEOR HAS NO FUCKING BRAKES

KARKAT: I STILL DON'T THINK WE'RE READY FOR THIS.

dialoglogDAVE: my pants

DAVE: what are you talking about

DAVE: theyre on my legs

KARKAT: I WASN'T TALKING TO YOU.

DAVE: oh

KARKAT: DAVE, WE HAVE A BIG PROBLEM HERE.

DAVE: what

KARKAT: I THINK IT'S TIME WE HAD A...

KARKAT: WHAT DID YOU CALL IT?

KARKAT: AN INTERVENTION?

DAVE: for rose?

KARKAT: NO, NOT ROSE.

KARKAT: WHY WOULD I BE TALKING ABOUT ROSE?

KARKAT: SHE DOESN'T HAVE A MAJOR PROBLEM THAT SHE NEEDS TO BE  
CONFRONTED ABOUT BY HER FRIENDS BEFORE SHE FLUSHES HER WHOLE LIFE  
DOWN THE GAPER, DOES SHE??

DAVE: uh yeah kind of

KARKAT: WHY? BECAUSE SHE LIKES TO DRINK THAT GOOFY HUMAN SOPORIFIC  
THAT MAKES HER A LOT FUNNIER AND MORE CHARMING THAN USUAL?

KARKAT: HOW IS THAT A PROBLEM?

KARKAT: I WAS TALKING ABOUT TEREZI.

DAVE: man terezi doesnt need an intervention

DAVE: she just drinks a lot of soda

KARKAT: HOW CAN YOU NOT SEE HOW THAT IS A \*HUGE\* FUCKING PROBLEM.

DAVE: its red fizzy shitwater dude who cares

KARKAT: OK, CAN WE JUST ONCE ACKNOWLEDGE THAT WE ARE MUTUAL ALIENS  
TO EACH OTHER AND AS SUCH POSSIBLY HAVE DIFFERENT VALUES AND  
STANDARDS ABOUT THINGS???

KARKAT: JUST THIS ONE TIME DAVE? THANKS!

DAVE: terezi has made her choices

DAVE: among them was to begin guzzling untold liters of that putrid circus cola

DAVE: think of it as like a rite of passage

DAVE: like something that just goes with the territory when someone you know almost imperceptibly begins turning into a juggalo

DAVE: wait fuck

DAVE: maybe she does need an intervention

KARKAT: SHE NEEDS TO WAKE UP SO WE CAN TALK TO HER ABOUT THIS.

KARKAT: SHE WON'T WAKE UP, WHAT DO I DO.

DAVE: did you try kicking her

KARKAT: YES.

DAVE: im out of ideas

TEREZI: SNOOOOOR3

**[A6I5] ==>**

CLICK

dialoglogKARKAT: WELL, WHENEVER SHE WAKES UP, WE ALL NEED TO HAVE A SERIOUS TALK ABOUT THIS.

KARKAT: IF SHE'S IN THIS CONDITION WHEN WE GET TO THE NEW SESSION, IT'LL BE A GODDAMN EMBARRASSMENT.

KARKAT: NOT TO MENTION DEADLY! NEED I REMIND YOU WHO'S STILL FOLLOWING US? SHE DOESN'T LOOK PRIMED FOR BATTLE FROM WHERE I'M STANDING!

KARKAT: WE NEED TO ACT AS A UNIFIED FRONT, DAVE. WE NEED TO LET HER KNOW THAT AS HER FRIENDS WE CAN'T STAND BY AND WATCH HER DEGRADE HERSELF LIKE THIS.

DAVE: man i dunno

DAVE: sounds like you wanna make this needlessly melodramatic

KARKAT: STAND BY. I'M PUTTING YOU ON SPEAKER CRAB.

DAVE: speaker crab

KARKAT: YES. SPEAKER CRAB.

DAVE: man dont put me on speaker crab

KARKAT: SHE NEEDS TO HEAR FROM YOU DAVE. SHE TRUSTS YOU.

DAVE: god

DAVE: honestly she can do whatever she wants i put this all behind me a while ago

DAVE: why do you really want me in on this conversation is it just that you dont know what to say by yourself

KARKAT: MAYBE IT IS DAVE!

KARKAT: MAYBE THAT'S EXACTLY WHAT IT FUCKING IS.

KARKAT: I'M SORRY. I'M NOT A "GOD TIER".

KARKAT: I AM NOT SO FORTUNATE AS TO BE BLESSED WITH THE "GIFT OF GAB" LIKE YOU.

DAVE: what

KARKAT: THAT BADGE YOU EARNED. YOU KNOW, THE ONE THAT MAKES IT EASIER TO TALK TO PEOPLE?

KARKAT: LIKE, REALLY OPEN UP ABOUT YOUR FEELINGS AND SAY WHATEVER NEEDS TO BE SAID?

DAVE: hahaha thats what you think that does?

KARKAT: ISN'T IT??

DAVE: no dude thats not what gift of gab does

KARKAT: OK WHAT DOES IT DO THEN WISE GUY!

DAVE: its utility isnt really comprehensible to lowly mortals sorry

KARKAT: YOU SNIDE CHUTE HUFFER.

KARKAT: WHY DON'T YOU COME UP HERE SO I CAN PUSH YOU OFF THIS BUILDING?

DAVE: nah

KARKAT: I'M PUTTING YOU ON SPEAKER CRAB, AND THEN TOGETHER WE ARE GOING TO KEEP IT \*REAL AS SHIT\*, DO YOU HEAR ME?

**[A6I5] ==>**

**18/02/13**

dialoglogDAVE: what do you actually want from her

DAVE: do you want her to stop drinking faygo and falling asleep in puddles of red fructose corn slobber

DAVE: or do you want her to somehow address the root of those habits and cut all that out for good

KARKAT: YES! I WANT HER TO DO THAT!

KARKAT: THE LATTER THING.

DAVE: yeah i can understand where youre coming from

DAVE: but in situations like this i think you need to remind yourself theres only so much you can do for somebody

DAVE: and maybe they arent going to want or need your help and you just have to figure out how to deal with that

DAVE: like at some point in your life one of your friends might start spending all her time with a guy you think is bad news

DAVE: and you have to decide if you need to intervene as a friend or just let it go because people can change or drift apart or whatever because thats just something that happens

KARKAT: DAVE

KARKAT: YOUR WISDOM, MY GOD

KARKAT: IT'S KNOCKING MY SOCKS OFF. HOLY SHIT, PLEASE TELL ME THE SECRET TO YOUR WISE WAYS.

KARKAT: AND WHILE YOU'RE AT IT, MAYBE YOU COULD TELL ME WHAT THE FUCK YOU'RE TALKING ABOUT.

DAVE: look all im saying is

DAVE: there comes a time in every young womans life when she has to come to terms with the decision to gradually morph into a juggalo while all her friends and loved ones watch in dismay

DAVE: terezi has strolled through the dark carnival and taken a great brooding whiff of that decisions festive asshole and the choice she has made is all too clear

DAVE: shes down with the clown

KARKAT: NO, DON'T SAY THAT.

DAVE: its true man

DAVE: you can live in denial for only so long

DAVE: but as your bro i have to say it like it is

DAVE: she and gamzee man

DAVE: that is literally a thing

DAVE: they are in the hate square together

DAVE: total kismespades dude

KARKAT: NO, THAT'S NOT WHAT I MEAN.

KARKAT: I MEAN, I KNOW THAT.

KARKAT: JUST WHY DO YOU HAVE TO PUT EVERYTHING SO "COLORFULLY"?

KARKAT: I GUESS I DO THE SAME THING, BUT YOU ALWAYS SEEM TO TAKE THINGS TO A DIFFERENT LEVEL OF GROSS. JUST PLEASE SAY SHIT NORMALLY FOR A CHANGE, OK.

KARKAT: REGARDING GAMZEE, YEAH. I KNEW ABOUT THAT ALREADY.

DAVE: oh

DAVE: really?

DAVE: then what the fuck have i been tiptoeing around all this time god damn

DAVE: i thought this was supposed to be like this "big secret" that would "destroy you" if you found out

KARKAT: MOTHERFUCKER, PLEASE.

KARKAT: DO YOU THINK I'M AN IDIOT? I'VE SUSPECTED THIS WAS GOING ON FOR A LONG TIME.

KARKAT: I WAS JUST BEING LIKE YOU, PLAYING IT COOL, LETTING HER DO WHATEVER.

DAVE: then why is it a problem now

KARKAT: BECAUSE THIS IS THE LAST STRAW! WE'RE SUPPOSED TO BE READY FOR ACTION BY NOW.

KARKAT: NOT COMATOSE, HALF NAKED AND FAYGO STICKY.

KARKAT: GOD, I WONDER WHAT SORT OF BULLSHIT HE'S GOT HER BELIEVING IN NOW? ABOUT THE MIRTHFUL MESSIAHS AND SHANGRI LA AND ALL THAT GARBAGE.

KARKAT: IT MAKES ME SO SAD TO THINK SHE'S CAUGHT UP IN HIS SUPERSTITIOUS WEB OF LIES.

KARKAT: IT'S BEEN AWFUL WATCHING THE PERSON I USED TO KNOW SLOWLY DRIFT AWAY FROM ME, TO THE POINT WHERE SHE MIGHT AS WELL BE GONE.

KARKAT: HOW DID YOU MANAGE TO DEAL WITH THAT?

DAVE: what

KARKAT: YOU AND SHE USED TO SEE EACH OTHER ALL THE TIME. WHAT HAPPENED?

DAVE: like i said i just put it behind me

DAVE: she started sneaking around in vents and stuff acting suspicious trying to hide the fact that she was seeing him

DAVE: like she was obviously ashamed of it and worried how id react

DAVE: but it was hella transparent that was going on so i just said

DAVE: thats fine yall can do your blackrom thing with the juggalo its your decision

DAVE: but i cant keep playing along

DAVE: i cant do the quadrant thing its just too weird for me

DAVE: im not a troll and im not all open minded about gettin multicultural

DAVE: i still dont understand the spades thing and it makes me really fuckin uncomfortable even trying to imagine how that works and i sure as fuck dont want to date anybody whos got a hateclown on the side

DAVE: so i said no hard feelings i still like you and all, do whatever makes you happy ill just be over here in the hyper gravity chamber training to beat lord english

KARKAT: WE HAVE A HYPER GRAVITY CHAMBER???

DAVE: no

KARKAT: OH

DAVE: but what about you

DAVE: havent you been talking to gamzee this whole time

DAVE: or is he just balls out lying to you about sneakin around the meteor with terezi

DAVE: i thought moirails were supposed to be open with each other about stuff like that

KARKAT: YEAH. UH.

KARKAT: GAMZEE ENDED OUR MOIRALLEGIANCE QUITE SOME TIME AGO.

DAVE: oh shit

DAVE: sorry to hear about that

KARKAT: IT'S FINE. IT WAS REALLY A DEAD END PALE RELATIONSHIP.

KARKAT: AT FIRST IT REALLY SEEMED LIKE I WAS A NECESSARY PART OF HIS LIFE, KEEPING HIS SHIT UNDER CONTROL...

KARKAT: BUT AS TIME WENT ON HE JUST GOT COMPLETELY DISINTERESTED AND WASN'T KEEPING UP WITH HIS END OF THE THING AT ALL.

KARKAT: HE STARTED GETTING SO UNBELIEVABLY SELF SATISFIED AND PIOUS, LIKE WAY MORE THAN HE EVER WAS BEFORE.

KARKAT: LIKE HE'S JUST SO COMPLETELY CONVINCED HE'S FOUND HIS CALLING, THAT THIS SESSION IS THE GATEWAY TO THE PROMISED LAND WHERE HE'LL FULFILL HIS DESTINY.

KARKAT: HE'S SO CAUGHT UP IN HIS IDIOTIC SCHEMES HE COULDN'T GIVE A FUCK ABOUT ME ANYMORE.

KARKAT: WHATEVER. AT LEAST HE STOPPED KILLING PEOPLE.

DAVE: amazing i spent three years on this rock and never said one thing to the guy

DAVE: i saw him once tho

DAVE: just a glimpse in a dark hallway

DAVE: it was kinda like seeing a blurry purple bigfoot with a huge boner

KARKAT: OH GOD!

KARKAT: THAT FUCKING GOD TIER OUTFIT.

KARKAT: WHAT A GODDAMN FAKER. I CAN'T FOR THE LIFE OF ME IMAGINE WHERE HE GOT THAT THING.

KARKAT: I KNOW KANAYA SURE AS HELL DIDN'T MAKE IT FOR HIM.

KARKAT: THE MAN LITERALLY HAS NO SHAME.

DAVE: why is he wearing it

KARKAT: I DON'T KNOW!

KARKAT: I DON'T THINK EVEN HE KNOWS.

KARKAT: MAYBE TO MAKE A "GOOD IMPRESSION" ON HIS FAKE ASS RELIGIOUS IDOL, AFTER HE THRUSTS HIS SACRED COD PIECE THROUGH THE GATES OF SHANGRI LA.

DAVE: ahahaha the best thing we ever do together is slam this assholes dumb religion

KARKAT: YEAH!!!

DAVE: really its the most hilarious fucking horseshit ive ever heard

DAVE: i mean pretty much all religions are wrong but theres wrong and then theres WRONG

DAVE: as in ZERO CHANCE YOU ARE EVER PROVEN RIGHT ABOUT EVEN A SINGLE THING DUDE, EVER EVER EVER

KARKAT: HAHAHA! IT'S SO TRUE.

KARKAT: I WISH I COULD SEE THE LOOK ON HIS FACE WHEN HE FINALLY REALIZES EVERYTHING HE BELIEVES IS A LIE.

DAVE: be one sad clown that day

DAVE: his bulge will probably deflate and make this high pitch noise plus corresponding flatulence

KARKAT: HEY DAVE.

KARKAT: WHAT DO YOU THINK WILL HAPPEN TO US AFTER WE MEET UP WITH THE OTHERS.

KARKAT: I MEAN, AS FRIENDS.

DAVE: what do you mean as friends

KARKAT: I MEAN WILL WE STILL GET TO BE BROS.

DAVE: uh

DAVE: yeah?

DAVE: no offense dog but thats a dumb and neurotic question

KARKAT: NO BUT SEE

KARKAT: WE'RE GOING TO MEET ALL THESE OTHER PEOPLE.

KARKAT: JOHN AMONG THEM.

KARKAT: AND JOHN IS YOUR BEST FRIEND, SO YOU WILL OSTENSIBLY RESUME THAT FRIENDSHIP WHERE YOU LEFT OFF.

KARKAT: AND JOHN AND I HAD A FEW TESTY CONVERSATIONS WITH EACH OTHER ONE DAY, AND IN MOST OF THOSE I MADE A FOOL OF MYSELF.

KARKAT: AND I GUESS WE BECAME FRIENDS THAT DAY? MAYBE??

KARKAT: BUT THE REALITY IS IT WAS JUST ONE DAY, AND HE'D BE WELL WITHIN A REASONABLE FRAME OF MIND NOT TO GIVE A CRAP IN HINDSIGHT ABOUT THE GUY WHO TROLLED HIM ONCE THREE YEARS AGO.

KARKAT: AND THE SAME GOES FOR JADE!

KARKAT: I THOUGHT WE HAD A DECENT RAPPORT, BUT AGAIN, IT WAS ONE DAY FOREVER AGO. SHE PROBABLY BARELY REMEMBERS ME AT THIS POINT.

KARKAT: WHEREAS THAT DOESN'T MATTER FOR YOU, BECAUSE YOU GO WAY BACK WITH THEM. THIS IS LIKE A FUCKING \*HEARTFELT REUNION\* FOR YOU GUYS.

KARKAT: BUT WHERE DOES THAT LEAVE ME??

KARKAT: I CAN HARDLY CALL GAMZEE A FRIEND ANYMORE. WHO KNOWS IF MY FRIENDSHIP WITH TEREZI WILL EVER BE WHAT IT WAS BEFORE. I USED TO BE PRETTY CLOSE WITH KANAYA, BUT NOW SHE AND ROSE NEVER LEAVE EACH OTHER ALONE FOR MORE THAN A FUCKING MINUTE.

KARKAT: ALL MY OTHER FRIENDS ARE DEAD, AND NOW WE'RE LEAVING THE DREAM BUBBLES BEHIND.

KARKAT: AND THEN THERE'S YOU.

KARKAT: SO

KARKAT: I'M JUST WONDERING WHAT HAPPENS NEXT.

DAVE: you forgot the mayor

DAVE: youre pretty damn tight with the mayor arent you

KARKAT: THE MAYOR'S FRIENDSHIP IS A UNIVERSAL CONSTANT, AND I AM INSULTED BEYOND COMPREHENSION AS WELL AS MY CAPACITY TO VOMIT THAT

YOU WOULD INSINUATE OTHERWISE.

DAVE: yeah the mayor rules

DAVE: but as usual you are overcomplicating this

DAVE: just like you overcomplicate everything

DAVE: friendship leadership romance

DAVE: shipping grids and dick battles

DAVE: this is real simple

DAVE: our meteor will somehow tokyo drift to a dead stop in the new session

authorlogHEY. YOU.

COMPUTER MAN. I NEED MORE HELP.

No.

COMPUTER MAN. ASSIST ME WITH MORE HOT TIPS.

No!

YES.

I'M HAVING TROUBLE UNDERSTANDING BLUE HAT.

This is a shameful exploitation of our arrangement.

We weren't supposed to talk anymore once you left Earth.

I DID NOT AGREE TO THOSE TERMS.

Every time we talk, you complain that I am being self indulgent.  
But you always come back for more! It's like you can't get enough of me.  
I think you might be obsessed.

GIVE ME MORE HOT TIPS ASSHOLE.

You only made that caltop so you could talk to me on the go, didn't you?

NO.

Please, don't lie. Who else would you use it to talk to in your solo session? GAMZEE?  
I bet you haven't said one word to him through that device. You never even refer to him by his name.

THE CLOWN HAS BEEN AN ADEQUATE PEON. WHEN IT COMES TO DOING THINGS I  
DON'T WANT TO DO.

THERE IS NO REASON TO SPEAK TO HIM THROUGH MY FUN HELMET.

You should try to be better friends with him.

He basically ditched his best buddy for you.

WHO CARES?

He reveres you, and you treat him like shit.

YES.

SO.

So...

You're off to a pretty good start at being a god, I guess?

THANK YOU.

LOOK. I JUST SAID A POLITE THING.

NOW REWARD ME WITH WHAT I WANT.

Ugh.

YELLOW HAT IS VERY FAST.

AS A MINION HE HAS BEEN VERY USEFUL.

BUT I AM HAVING TROUBLE DETERMINING THE ABILITIES OF BLUE HAT.

Yellow hat and blue hat?

You should come up with better names for them than that.

LIKE WHAT.

Like, I don't know.

Maybe some cool mobster names?

MOBSTER NAMES.

WHY WOULD I GIVE THEM MOBSTER NAMES.

Because mobsters are cool.

THEY DON'T LOOK LIKE MOBSTERS.

THEY LOOK LIKE FUCKING LEPRECHAUNS.

Anyone can be a mobster though. Even cherubs and leprechauns.

Being a mobster isn't about what you look like, it's about what's inside you.

WOW. THAT IS SO PROFOUND.

NOW STOP STALLING AND GIVE ME TIPS.

Are these the only two you've unlocked so far?

YES.

I HAVE CONQUERED THE SECOND PLANET.

AND HAVE NOW TRAVELED TO THE THIRD.

BEFORE I CONQUER THIS ONE. I WOULD LIKE TO KNOW WHAT BLUE HAT DOES.

He's pretty much doing what he does.

HE SEEMS TO BE STUCK.

IS HE BROKEN.

No. He's just slow.

WHAT.

That's his power.

Yellow hat is fast.

Blue hat is slow.

THAT'S A HORRIBLE POWER.

HOW IS THAT EVEN A POWER.

It just is.

ARGH.

I WAS LOOKING FORWARD TO ACHIEVING MORE POWERFUL MINIONS.

NOT MORE MALINGERING FOOLS TO TAKE UP SPACE IN MY DARK CARNIVAL.

DO THEY GET BETTER THAN THIS.

That depends on what you mean by better.

OH MY GOD.

OK. WE'RE DONE.

BYE.

authorlogI UNLOCKED MORE GNOMES.

I thought they were leprechauns.

I DON'T CARE WHAT THEY ARE.

Ok.

I HAVE NOW CONQUERED FOUR PLANETS. AND HAVE THE SAME AMOUNT OF GNOMES UNDER MY COMMAND.

YELLOW HAT. BLUE HAT. RED HAT. AND NOW PURPLE HAT.

Congratulations.

THE PLANETS ARE BECOMING INCREASINGLY DIFFICULT TO CONQUER.

I ALMOST DID NOT MANAGE TO DESTROY THE PURPLE PLANET. WITHIN THE ALLOTTED TIME.

UNFORTUNATELY. THE QUALITY OF THE UNLOCKED GNOMES HAS NOT INCREASED TO MATCH THE ESCALATING DIFFICULTY OF MY QUEST.

IT SEEMS TO BE JUST THE OPPOSITE. THESE GNOMES ARE SHIT.

What's wrong with the new gnomes?

OK. RED HAT? HE HAS.

\*NO FUCKING POWERS AT ALL.\*

UNLESS HIS POWER IS TO FOLLOW ME AROUND CONSTANTLY.

Yes. That's basically what he does.

PURPLE HAT IS EVEN WORSE.

IS HIS POWER TO DANCE AROUND ALL THE TIME. WHILE SINGING RIDDLES TO ME?

Yes.

AWFUL.

PURPLE HAT'S BEHAVIOR IS SO INFURIATING. I HAVE ATTEMPTED TO MURDER HIM SEVERAL TIMES.

BUT TO NO AVAIL.

You can't kill purple hat. He's too lucky!

That's also his power. Being really lucky.

WHAT GOOD DOES THAT DO ME???

I don't know.

Get him to solve puzzles for you?

Use him as a human shield sometimes?

I mean a gnome shield.

OH YEAH. THAT'S ACTUALLY A REALLY GOOD IDEA.

You shouldn't be whining about how lame your minions are.

As you accumulate more, your job is obviously to combine their talents in creative ways to overcome the increasingly difficult challenges on your quest.

Synergize your time gnomes. Make them more than the sum of their pointy hats.

THAT'S GOING TO BE DIFFICULT.

THEY ARE ALL IDIOTS.

Nobody said it would be easy.

FINE.

I HAVE NO MORE QUESTIONS FOR NOW.

Hey.

Did you kill that cute turtle?

NO.

But I can see your past trail.

You're standing there holding a gun, and pointing it at the turtle.

OK. THEN YES.

I KILLED THE TURTLE.

Booooooooooooo.

JOHN: yeah...

JOHN: actually hasn't it been exactly a year?

JOHN: i think it was my birthday last time we met too, heh.

VRISKA: A year for you, may8e. Who even knows how long it's 8een out here, 8ut who cares.

VRISKA: The point is, as you can see the plan I descri8ed to you 8efore is in full swing.

JOHN: you mean the big treasure hunt, with all those black maps?

VRISKA: Yes. 8ut they aren't 8lack anymore! Not totally.

VRISKA: Everything's gone exactly as I intended. English has taken the 88, hook line and sinker.

VRISKA: He's 8een chasing our "extended party" around the ring, 8lowing shit up with his monster 8reath, thus revealing the path to the treasure in the process.

VRISKA: I must say, for an evil mastermind, the guy is kind of a dope.

VRISKA: Supposedly his every move is a carefully calcul8ted ploy to assure his existence in the first place, yet here he is wrecking the joint like an oaf, unwittingly helping the hero find the weapon that will finally take him down.

VRISKA: And we're almost there, too! Although 8y now it's 8ecome em8arrassingly o8vious that the treasure was hidden right around where we started all along.

VRISKA: These maps have just 8een leading us all in a 8ig stupid circle!

VRISKA: I should have seen it coming. I guess that's my 8ad. In terms of 8onehead moves, that's English: 1, Vriska: 1, so I guess we're even. 8ut may8e we don't have to mention that detail when we document my heroism in the annals of gr8tness.

JOHN: uh... mention what, exactly?

VRISKA: Exactly!

VRISKA: Haha, I almost forgot how deceptively quick you are on the uptake, John.

TAVROS: (tHAT'S NOT SO IMPRESSIVE,)

TAVROS: (i WAS CONFUSED BY WHAT YOU WERE SAYING, tOO,)

VRISKA: Tavros, if you're going to interrupt, don't mum8le. And even then, don't.

VRISKA: Anyway, I really don't mind the fact that these cryptic treasure maps have led us all on a wild honk8ird chase.

VRISKA: I've never once complained a8out a good long treasure hunt, and I'm not a8out to start now.

VRISKA: 8esides, with the way spacetime works out here, who can say for sure we would 8e a8le to find the treasure at all unless we traced this exact path?

VRISKA: No8ody can say that, is who. Least of all English, who as far as I know, can't actually speak so much as issue 8lood curdling roars that cleave the found8tions of reality itself.

VRISKA: You're of course welcome to join us on our adventure, for as long as you're asleep.

VRISKA: We could use another hand on deck. I'll even give you a rank and title!

TAVROS: yOU GET TO BE LOWER THAN ME,

TAVROS: tHAT'S THE FAIREST RULE,

VRISKA: I have recruited them for this expedition as specialists.

VRISKA: They aren't really here to do any fighting. But their abilities will become useful once we retrieve the treasure.

ARADIA: hello.

JOHN: hey.

JOHN: are you alive?

JOHN: your eyes do not look spooky and ghostly.

ARADIA: thanks!

ARADIA: yes im alive

VRISKA: Yeah, and apparently she intends to stay that way?

VRISKA: Hence her principled if somewhat lame commitment to pacifism.

VRISKA: But considering our history together, I'm willing to let bygones be bygones. I'm happy to have her on my crew in whatever capacity she likes.

JOHN: your history? what happened?

JOHN: wait, that's a rude question. sorry.

TAVROS: (VRISKA KILLED HER TOO,)

TAVROS: (SHE USED THE OTHER GUY THERE, TRAGICALLY, AS THE DEATH WEAPON,)

VRISKA: Hey!!!!!!!

VRISKA: What did I say about bygones being bygones? That's like rule fucking ONE of this ship.

VRISKA: Anyway, she became a robot and killed me back, so obviously we're cool now.

JOHN: jeez, why does everyone always die so much?

SOLLUX: (lol, like this guy's one to talk.)

ARADIA: (sollux dont make our guest uncomfortable)

SOLLUX: (he's already uncomfortable, and he should be. we all should be.)

ARADIA: really i havent thought about any of that in a long time

ARADIA: ancient conflicts dont mean anything to me anymore but i was more than thrilled by the opportunity to go on another adventure like this

ARADIA: we used to enjoy such campaigns together all the time when we were younger

ARADIA: of course now the teams are a little different :)

VRISKA: Yeah! Man, those were the days.

JOHN: what about you... why do you have double eye patches?

SOLLUX: uh, because i'm blind, stupid?

JOHN: i can't tell if you're alive too or not, because i can't see if your eyes are spooky.

SOLLUX: they're spooky as shit, but yes, i'm alive.

SOLLUX: Ok, here's the short version. i used to be able to see, but then i went blind.

SOLLUX: then i used my powers too hard, and died. but it turned out i was only half dead.

JOHN: half dead?

SOLLUX: let me finish. so the ghost half of me could see again, so i was only half blind.

SOLLUX: but then somebody prototyped my corpse, which i guess sucked the ghost half of me out of my body, to make me fully alive again? also fully blind.

SOLLUX: and now the ghost part of my soul is sharing a sprite body with FUCKING ERIDAN of all people.

JOHN: who's eridan?

SOLLUX: just the douche who blinded me in the first place, it doesn't even matter.

JOHN: um, alright. but i don't think i quite followed all of that.

JOHN: what does being half dead mean?

SOLLUX: yOu knOw, fOrget it.

SOLLUX: i'm sO sick Of telling this stOry tO peOple Over and Over, and nObOdy understanding what the hell i'm talking abOut.

SOLLUX: it's all sO simple. nO, actually, it isn't, it's a fucking stupid stOry that makes nO sense, maybe that's the prOblem.

SOLLUX: my marginal existence is fraught with sO much pOintless duality and cOmplicated nOnsense, sO i'm dOne even trying tO explain it.

SOLLUX: frOm nOw On i shOuld just wear a shirt that says dOn't ask me abOut my disability Or my mOrtality. then everything wOuld be fine.

VRISKA: It's really kind of a shame Gamzee prototyped Eridan's torso parts and swiped his ghost from the afterlife.

VRISKA: I 8et he would have had a gr8 time on this voyage. I used to own him during our nautical campaigns all the time!

SOLLUX: if he was On this ship, i'd walk the plank and plummet thrOugh the fake ass water thrOugh infinite nOwhere fOrever.

SOLLUX: besides yOu act like yOu haven't already recruited at least fifty fucking eridans frOm dOomed timelines in yOur army.

SOLLUX: yOu really are shamefully prejudiced against Our alternate reality ghOst selves, they're just as real as we are and have the same emOtiOns and everything.

VRISKA: Gimme a 8r8k, Sollux. As if you don't view them the exact same way.

VRISKA: You've got real Eridan, and then pretty much a whole 8unch of pretenders out there.

SOLLUX: they're all real!!! SHIT, i dOn't even LIKE eridan, but here i am sticking up fOr his cOpies.

VRISKA: See? You just called them copies. Even you can't avoid accidentally using a prOblematic slur which reveals that no matter what you 8elieve a8out your morals, deep down you're always gonna favor the original, while viewing all the others as duplic8tes of lesser value.

SOLLUX: Oh whatever. just WHATEVER, ratiOnalize the "cOllateral damage" tO yOur army all yOu want.

SOLLUX: and tO think, befOre i jOined yOur party i heard rumOrs that yOu might have changed, like learned tO be a better persOn Or sOomething, HEHEH, YEAH RIGHT!

SOLLUX: nO, yOu're nOt a bad persOn fOr THAT PARTICULAR reasOn, i guess.

VRISKA: What am I seriously supposed to do? Fly around and 8efriend each one individually?

VRISKA: Sorry, I have 8etter things to do with my time. Let's try to 8e at least somewhat practical here.

VRISKA: That's my army.

MEENAH: \*COUG)(\*

VRISKA: Ok, I mean OUR army.

VRISKA: But like, on boats.

JOHN: isn't an army on boats usually called a navy?

VRISKA: John, help me out. I seem to be having trouble remembering which one of us is the captain.

VRISKA: Was it the dork in blue pajamas, or was it the veteran sailor in the red captain's coat?

VRISKA: That's right, the captain was me! And I say it's an army that happens to be on a bunch of boats.

TAVROS: (ohHHHHHH, ohh DAMN,)

TAVROS: (he GOT SMOKED! wow, so SMOKED,)

TAVROS: (meENAH, did YOU CATCH THOSE SICK FIRES,)

MEENAH: (no but for real it pretty much is a navy)

VRISKA: Thousands of ghosts. Primarily those of old friends and acquaintances.

dialoglogVRISKA: We've amassed a coalition of eager volunteers ready to lay down their ghost lives for a worthy cause.

JOHN: you mean fighting lord english?

VRISKA: When we're ready for that, yes. But we need the treasure first.

VRISKA: So for now they're sailing well ahead of us in large numbers to attract his attention, so he can do more damage to the ring and fill out the rest of our maps.

VRISKA: We should be very grateful for their bravery. They are making a noble sacrifice for us all.

TAVROS: (BRAVERY, yEAH, rIGHT,)

TAVROS: (i'M MOSTLY SURE SHE'S MIND CONTROLLING THEM,)

VRISKA: God DAMMIT, Tavros.

VRISKA: We really don't need your play by play commentary on everything!

JOHN: wait, you're mind controlling all those ghosts?

VRISKA: No!

VRISKA: Well, not all of them.

VRISKA: Once you group enough together, others tend to latch on to the mob out of curiosity. We trolls have a way of clustering together naturally.

VRISKA: You've got to understand, John. Most of these people are pretty self absorbed. They just needed a little bit of persuasion to join the cause.

MEENAH: word

JOHN: yeah, but...

JOHN: isn't that still kind of, um...

JOHN: dickish?

VRISKA: But all these stubborn jackasses are going to double die anyway if we don't all work together and kill this guy!

VRISKA: This is WAR, John. In times of war, difficult decisions have to be made with the lives of many.

VRISKA: Just think of me as a general giving orders to my troops. It just happens that the orders

are a little more direct in this case.

MEENAH: hey serket deuce

MEENAH: lets not lose track a whos actually in charge of this shit mkay

VRISKA: Yeah yeah.

VRISKA: All hail Her Imperious Teen Condescension, the fresh new face of tyranny, Supreme Admiral Peixes.

VRISKA: At this time I would like to motion for a fifteen minute 8owing 8r8k so that we may demonstr8te our reverence for this 8old, spunky leader.

MEENAH: yessssss

VRISKA: Tavros, stop 8owing. That was a joke.

MEENAH: no keep doin that

MEENAH: lower swabby

MEENAH: LOW-ER

MEENAH: face on the fuckin deck

MEENAH: yes just like that perfect

JOHN: how do you mind control so many ghosts at once?

JOHN: isn't that kind of hard?

VRISKA: Well, I do have a little help.

VRISKA: John, did I mention?

VRISKA: My ancestor.....

VRISKA: She is THE 8EST.

JOHN: she is?

ARANEA: I must admit, I was not in favor of the idea at first.

ARANEA: 8ut Vriska made a very strong case for using our com8ined powers in this way.

ARANEA: In a perfect reality, no one would have to get hurt. 8ut the stakes are too high to 8e shying away from such measures.

VRISKA: See what I mean??

VRISKA: The 8est.

JOHN: uh.

ARANEA: It has 8een wonderful spending so much time on this adventure with my descendant.

ARANEA: Not just 8ecause it's helped me get to know her 8etter, 8ut 8ecause it's opened my eyes to things a8out myself I was never really in touch with.

ARANEA: There are certain capa8ilities within me I have never quite 8een a8le to face, and she's helped me realize I've 8een hiding from them all my life, and well 8eyond.

ARANEA: It must 8e true what they used to say on my world. That if you really want to know who you are, look to the legacy left 8ehind 8y your ancestor.

ARANEA: I think that wisdom works in 8oth directions!

VRISKA: Well put, Marquise. I've always felt the exact same way!

MEENAH: PUKE

TAVROS: eW, nO,

MEENAH: can you two stick a fork in the sentimental carp

MEENAH: maybe pretend you aint hit it off so good

MEENAH: you ever stop and think how this makes me feel

ARANEA: There's no reason to 8e jealous, Meenah. You know nothing has changed a8out our

friendship.

MEENAH: jealous

MEENAH: bitch no

MEENAH: just makes me think about my kid descendant

MEENAH: an how instead of having this cool friendsy relation with her i just got this uncontrollable urge to stab her to death so she dont threaten my supremacy

MEENAH: which is a shame cuz she so cute 38(

MEENAH: cod damn my royal blood and the cray junk it makes me have to do

MEENAH: aw well

MEENAH: maybe some day ill find an heiress who my genes dont instinctively make me wanna murder on sight

MEENAH: then i can teach her the badass ways of being a boss n shit!

JOHN: (god, trolls are so weird.)

**[A6I5] ==>**

**27/02/13**

dialoglogTAVROS: JOHN JUST SAID TROLLS ARE WEIRD,

TAVROS: hE SAID IT QUIETLY, bUT i HEARD HIM,

JOHN: hey!

JOHN: you snitch.

MEENAH: yeah but

MEENAH: arent we

TAVROS: uH,,,,,

MEENAH: moral of the story is blue kid is a dumb nerd but is right when he says stuff

MEENAH: look at that its like me and him are becoming fast fronds thus lulling him into a sense of false confidence already

JOHN: what?

MEENAH: (soon my lil whale...)

MEENAH: (soon...)

ARANE: It is true. To a human, the ways of trolls from 8oth Alternia and 8eforus will seem very strange.

ARANE: In fact, prior to uniting in the afterlife, even the two groups of trolls were reasonably alien to one another.

ARANE: I've had a gr8 deal of time to study the cultures of many species throughout paradox space. No matter which race you 8elong to, one can always find another whose ideals pose a challenge of comprehension to even the most open minded.

ARANE: And though the ethical standards of those from Alternia may seem unpalatable to you, rest assured there are 8eings elsewhere in the cosmos whose violent 8ehavior would 8e considered extreme even to most trolls.

**[A6I5] ==>**

**27/02/13**

dialoglogARANE: Actually John, I'm very glad you 8rought this up.

ARANE: 8ecause I was in the middle of a wonderful story a8out this very su8ject, which you interrupted when you 8oarded our ship.

JOHN: oh.

JOHN: sorry.

ARANEA: No, that's fine!

ARANEA: Really, I'm quite pleased that you did.

ARANEA: This way I get to start over from the beginning!

**[A6I5] ==>**

**27/02/13**

dialoglogARANEA: There were some rough patches in my original telling which I can go back and fix.

ARANEA: This time it will be much better!

JOHN: ok.

JOHN: what's the story about?

ARANEA: It is a tale about a very mysterious alien race called cherubs.

ARANEA: Let us begin.

ARANEA: Once upon a time.....

**[A6I5] ==>**

**07/03/13**

WORLDBUILDING.

dialoglogARANEA: There was a very mysterious alien race called cherubs!

MEENAH: aranea i thought you said youd fix the shitty parts of the story

MEENAH: you started with that crappy line the first time too

ARANEA: The opening line is fine!

MEENAH: its aight i guess

MEENAH: knot

ARANEA: Oh shut up and let me tell my story.

ARANEA: Now where was I?

JOHN: there was a very mysterious alien race called cherubs.

ARANEA: Right.

ARANEA: There was a very mysterious alien race called cherubs.

ARANEA: But there was one cherub in particular who, for at least the first half of our story, will be our heroine.

**[A6I5] ==>**

**07/03/13**

dialoglogARANEA: She spent eons roaming her galaxy, completely alone. But the time had come for her to find a mate.

This is no small task for a cherub. Being an asocial species, they spend virtually no time in each other's presence at all. Aside from when it is time to mate, they may go their entire lives without encountering another. And so they scatter their numbers throughout space, each staking a territory spanning many lightyears.

But like a predator is able to track the scent of its prey, a cherub can sense the presence of another nearby. This sense is especially strong if that cherub shares the same qualities its other half once had long ago, before it experienced the maturation process known as predomination.

## **[A6I5] ==>**

**07/03/13**

dialoglog You see, when a young cheru8 hatches, it would appear that only one creature has begun its life. But the appearance is not to be trusted. The young cheru8 actually consists of two completely distinct beings, a male and a female each sharing one body. The two halves are endowed with polar opposite predispositions as well. One predisposed toward malevolence, another toward benevolence. Good or evil, if you prefer to deal in simplistic terms, or at least those which are convenient for the sake of this story! I prefer to view the dichotomy as a kind of moral alignment, like an attribute that dictates the choices a character makes in certain types of games I used to play. The male and female halves can be aligned either way, as long as they differ from each other. The resulting conflict between the two personalities is central to life as a cheru8, both before and after predomination.

Shortly after hatching, the two halves begin vacillating, taking turns controlling the body. The only physical differentiation between the two is the coloration of their cheek swirls, which indicates alignment. There is otherwise no way to tell male and female apart before a cheru8 predominates. The vacillation process is demarcated by sleep. When the male goes to sleep, the female wakes up. And when the male wakes up, again the female sleeps. And so it goes, back and forth like this, as the two identities vie for dominance over the other, and ultimately, permanent control over the body. They grow to detest one another, and develop a view of social interaction centered entirely around animosity and confrontation. For good cheru8s, this readies them for a long life of isolation, as they will prefer to avoid the sort of conflict that comes with social interaction as they have been conditioned to understand it. But for evil ones, the contentious upbringing only serves to fuel their inclination to harm others.

And though this duality makes for a tormented childhood, the inner conflict it creates is an extremely important part of a young cheru8's life. The defining part, actually. It is the struggle a cheru8 must overcome to mature, and this process culminates in predomination.

## **[A6I5] ==>**

**07/03/13**

dialoglog One half will prove to have a stronger will than the other. The less dominant half will then weaken over time, and it will eventually become clear to both that one will not survive. The dominant personality will then completely consume the other, integrating it in such a way that only one is left. The cheeks will become solidly colored, and the cheru8 will grow to maturity as a single being, endowed with the alignment of the dominant half, and with all his or her personal qualities at the forefront of the union.

In the case of our heroine, she was the good half, and the day of her predomination was in a sense the day her brother died. And though it was to her benefit and personal growth, because of this loss she would always live with a sense that something was missing. Every sexually mature cheru8 lives with this feeling. It drives them to seek out another cheru8 similar to the half they lost, the part of their being which they grew up in perpetual conflict with. The desire to travel the universe in hopes of reigniting that conflict is very important to their species. It's the force which compels them to procreate.

**[A6I5] ==>**

**07/03/13**

dialoglogSo she set out to track his scent, as it were. And soon, she found a physical trail as well. A path of carnage left behind by a particularly destructive male cheru8. She followed the debris from civilized worlds and star systems he left behind, as if to mock her, to make it clear he knew of her pursuit and was all but paving her way with the dead. His brutality made her more furious, thus setting the mood, so to speak, for their imminent courtship.

**[A6I5] ==>**

**07/03/13**

dialoglogA cheru8 of his alignment is seemingly motivated by little other than to conquer and destroy. From a Bioexistential perspective, they behave somewhat like viruses attacking the system from within. But as with all symbiotic organisms living within a universe, there are balancing factors. While those inhabiting an evil cheru8's territory will regard it as an unpredictable tyrant, those in the territory of a good cheru8 will likely come to view it as a protector, waiting quietly for millennia in deep space, ready to attack any encroaching threat. In that sense, they are not unlike cells in a universal immune system.

**[A6I5] ==>**

**07/03/13**

dialoglogThis balance of forces allows stability, such that life and new civilizations can blossom and thrive within a universe, thus assuring the possibility of its own elaborate procreation process. But if that balance was ever disturbed, it would lead to chaos in that Biosystem. The universe could not survive for long. And if by some means a cheru8 with such destructive tendencies were to achieve unprecedented power, the resulting imbalance would be catastrophic for paradox space itself. And though the heroine of our story could have no way of knowing, this is exactly what would result from the pursuit of her kismesis.

**[A6I5] ==>**

**07/03/13**

dialoglogLike humans, cheru8s perceive romance through only one quadrant. Unlike humans, their relationships are exclusively black. But their mating ritual is much more violent than any practice trolls would, or even physically *could* engage in. And though it is critical to the perpetuation of their race, the confrontations can sometimes be lethal to one or both cheru8s. Regardless of the outcome, the stakes are always high. The winner of the duel will assume control of the other's territory, while the loser will slink away to rear the offspring. So as she toured the planetary wreckage, she knew her quest for a mate was not just about the propagation of her species, but the liberation of billions from a monster.

She pursued him for many sweeps with mounting obsession, until one day the trail came to an end at a black hole. Cheru8s typically seek out black holes as the setting for their mating ritual. But not any black hole. Once long ago it was a star, and circling that star was a planet. That planet was home to one of the presently sparring cheru8s. The male in this case returned to the site of his hatching to mate, a location now conspicuously occupied by a truly massive black hole.

This was where she found him. And this was where they would duel.

### **[A6I5] ==>**

**09/03/13**

dialoglogWhile an adult cheru8 is a fearsome creature, and would 8e a formida8le opponent to anyone in its unaltered st8, this is not the form in which they do 8attle with each other. The ritual is more extreme and physically demanding than any other kind of courtship or duel in the universe. The moment they meet, they will 8oth undergo a dramatic metamorphosis.

### **[A6I5] ==>**

**09/03/13**

dialoglogThe m8tes will then duel as two vast frightening serpents, each an astronomical unit in length.

### **[A6I5] ==>**

**09/03/13**

dialoglogThe tangled struggle 8etween the green aus is exceedingly 8rutal and can last for sweeps. While dueling in such a monstrous form, their energy is inexhausti8le. The transform8tion taps into the cheru8s' latent connection with the enigmatic forces presiding over all that is eternal, and perme8ting all those endowed with immortality. Normally this power is only accessi8le to them during m8ting. In this form, they are only a8le to 8e injured 8y one another, and are otherwise indestructi8le. Hence the ritual can never 8e stopped 8y an outside force until it is complete.

### **[A6I5] ==>**

**09/03/13**

dialoglogIt should come as no surprise that in this story our heroine was victorious. Upon defeating her m8 she initi8ted the interlocking form8tion to complete the coupling, while assuming the dominant position, a stance undetecta8le to all 8ut the most astute o8servers of the zoologically du8ious. Consequently, the male was fertilized with the young.

### **[A6I5] ==>**

**09/03/13**

dialoglogHe then slithered away in disgrace from the territory he'd just lost. A cheru8 looking to nest will search for a dead planet situ8ted near a massive dying star. The egg is deposited on the planet's surface, and the rising temperature from the expanding red giant will incu88 the egg until it is ready to hatch. Later in life, the cheru8 will grow wings, assuming it has matured properly. And if it has learned to fly well enough to reach a safe distance from the nest 8efore the star goes supernova, soon the hungry cheru8 will return and feast on the resulting stellar energy. Doing so allows it to gain enough strength to travel gr8 distances, and claim its own territory. The star will then collapse into a 8lack hole, serving as a distinct gravit8tional 8eacon to the cheru8 l8ter in life, so it may return there to m8.

### **[A6I5] ==>**

**09/03/13**

dialoglogAs it happens, our heroine's m8 discovered Earth, long after it had journeyed to a new sun, and long since new civiliz8tions had risen and fallen. Now on the 8rink of destruction from its dying star, its 8arren accommod8tions were ideal for a young cheru8. There he deposited his single egg and flew away, never to return. No cheru8 ever spawns more than one offspring at a time, for it is every cheru8's destiny to grow up alone. Or alone on the outside, at least.

**[A6I5] ==>**

**09/03/13**

dialoglogFrom that egg hatched one very special cheru8 with two names - one that few will ever know, and one that few should ever say. A fascin8ting thing a8out cheru8 reproduction is how the parent's alignment is passed on to the young. If the male lays the egg, the alignments of the child's two halves will 8e the same as the parents. If the female lays the egg, the alignments will 8e flipped, and the young male and female halves will 8e endowed with opposite alignments of the parents. As such, the male half took after his father. Perhaps the son even exceeded him in violent tendencies. It is hard to imagine there has ever 8een a cheru8 more willfully destructive or as stu88ornly dedic8ted to conquest than the monstrosity he would grow up to 8ecome.

**[A6I5] ==>**

**09/03/13**

dialoglogDue to his indomita8le nature, I 8elieve victory over his sister was a foregone conclusion. 8arring a highly impro8a8le glitch in causality, it would 8e almost impossi8le for her to predomin8te over someone like him. And even so, he didn't have the patience to w8. Unfortun8tely for everyone to ever exist, he discovered a way to predomin8te early. Yet it was not this act alone that would prove ominous, so much as the means through which it was achieved. He was allowed to 8ecome the solo player of a game which his kind was never meant to play.

And so, it is with the predomin8tion of her son that our heroine's story ends, and the story of our villain 8egins.

MEENAH: none a your business blue kid

JOHN: that's so weird.

JOHN: am i the only one who thinks that's weird?

VRISKA: No, John. It's definitely pretty weird that ghosts have to pee.

VRISKA: You get used to life as a ghost pretty fast, though.

JOHN: but weren't you already pretty used to peeing when you were alive?

VRISKA: Yeah. That's why you get used to it pretty fast, dummy!

JOHN: this is kind of a stupid conversation.

JOHN: can we hear more about the snakes and whatnot? it was a pretty cool story.

ARANEA: Yes! :::D

dialoglogARANEA: I think we could all stand to take a 8rief intermission from the story regardless, to let all these intriguing facts a8out cheru8s sink in.

MEENAH: ugh

MEENAH: you and your intermissions

MEENAH: what is with your intermissions they aint even intermissions most of the time

MEENAH: they just an excuse to tell another dumb story inside a longer dumb story

ARANEA: Yes, Meenah. You are correct, and your reserv8tions are noted.

ARANEA: However, would it change your mind if I were to propose not an intermission, 8ut.....

**12/03/13**

dialoglogARANE: Anyway, where was I?

JOHN: the heroine story ends and the villain story begins.

JOHN: i think...

ARANE: Yes, that's right.

ARANE: It is with the predomin8tion of her son that our heroine's story ends, and the story of our villain 8egins.

## **[A6I5] ==>**

**12/03/13**

dialoglogARANE: 8ut as we all know, 8eginnings are not always so easy to pinpoint in paradox space.

ARANE: One could say his story 8egan the day he claimed immortality. Or the moment his 8eing was inexplica8ly confined to a juju, allowing him access to any realm in which his vessel would capriciously materialize.

ARANE: 8ut for the sake of linearity, we may as well say his story 8egan the day he and his sister hatched.

## **[A6I5] ==>**

**12/03/13**

dialoglogARANE: When a cheru8 hatches, the two undeveloped personalities mingle together in the same 8ody. There is not yet a clear division 8etween the two.

ARANE: It will then consume the egg shell for the vital nutrients it contains. The sugary snack is irresist8le to the starving wiggler.

ARANE: Once it finishes its first meal, the two personalities will 8e pulled apart for good, and the child will pup8.

ARANE: The two halves then 8egin vacill8ting with their sleep cycles, as I descri8ed.

## **[A6I5] ==>**

**12/03/13**

dialoglogARANE: As you might expect, the female child was as cheerful and friendly as could 8e.

## **[A6I5] ==>**

**12/03/13**

dialoglogARANE: She took after her mother in every way. At least, the way her mother used to 8e, long 8efore she was hardened 8y centuries of isol8tion and o8sessive pursuit of justice.

**[A6I5] ==>**

**12/03/13**

dialoglogARANE: And to just as little surprise, the male child was an insufferable brat.

**[A6I5] ==>**

**12/03/13**

dialoglogARANE: It is just as well that cherub parents abandon their offspring. Raising such a child by the familial standards of any race would be a monumental challenge.

**[A6I5] ==>**

**12/03/13**

dialoglogARANE: Nevertheless, it would seem there were those who tried.

ARANE: Details in my research suggest our villain had a number of acolytes operating in the shadows, preparing for his arrival.

ARANE: We will probably never know who these scurrilous conspirators were. But it is evident that at some point the cherub was locked in a room, either out of exasperation, or for its own good, until it was old enough to enter the session.

**[A6I5] ==>**

**14/03/13**

Special Stardust

A FAT FREE CANDY  
JUJUBES CANDY

dialoglogARANE: The children were left with everything a young cherub could ever want. Meat, candy, computers, a lifetime supply of special stardust, and of course their precious jujus.

ARANE: The acolytes had clearly gone to great lengths to harvest such items from all over the cosmos, so they could lavish their young master with gifts.

ARANE: They may have been prisoners, yes. But if you ask me, these children were very spoiled.

**[A6I5] ==>**

**14/03/13**

dialoglogARANE: While the female was preparing for a collaborative approach to the game, the male was plotting furiously against her. He never had any intention of working with her.

ARANE: As far as he was concerned, the game was his and his alone to conquer.

**[A6I5] ==>**

**14/03/13**

dialoglogARANE: One day, he put his plan into motion. He had his sister's dream self assassinated on Prospit.

ARANE: The next time she went to sleep, she would never wake up again. When her brother woke up, he became the sole occupant of the body.

ARANE: He then freed himself from his chains, and launched the session by himself.

**[A6I5] ==>**

**14/03/13**

dialoglogARANE: But this game was never meant to be played solo.

ARANE: Its format is inherently cooperative. The diversity of players, the combination of their

efforts and aspects, this is what awakens the true creative potential of the game. Without them, a session will wither and die.

ARANEA: If one enters alone, it completely alters the nature of the game. It changes its purpose.

ARANEA: For a solo player, a challenging quest becomes an insurmountable one. A reward of infinite promise becomes a boon far more sinister.

ARANEA: The gauntlet which the player must overcome is seemingly designed to be impossible. For all intents and purposes, it is not actually a game at all. It is a death sentence for any player foolish enough to accept the challenge.

ARANEA: But it bears repeating.

ARANEA: This was very special for me.

**[A6I5] ==>**

**14/03/13**

dialoglogARANEA: He entered what is called a dead session.

ARANEA: This qualifies as both a null and void session, but is even less than either of those. Compared to a typical session, it is almost unrecognizable.

ARANEA: Before the game begins, Skaia is shrouded out with a dark layer of clouds. Its light is extinguished for good.

ARANEA: There is no planet waiting for the player in the medium.

ARANEA: So instead, he brought it with him.

**[A6I5] ==>**

**14/03/13**

|         |     |
|---------|-----|
| LAND OF | AND |
|---------|-----|

dialoglogARANEA: But when he arrived, there was no heroic journey for him to embark on.

ARANEA: There was nothing. No sprite, no consorts, no underlings.

ARANEA: The land had no name.

ARANEA: Those things all needed to be unlocked.

ARANEA: To unlock his true quest, he was forced to undergo a series of excruciatingly tedious trials.

ARANEA: Only then would the way to the planet's core be revealed. There, he would consult with the most monstrous denizen of all.

ARANEA: And while such trials might discourage most players from even trying, our villain's response was quite the contrary.

ARANEA: He was only emboldened by the mind numbing chores. He took to them with gusto, as if performing them out of spite.

**[A6I5] ==>**

**14/03/13**

dialoglogARANEA: With perseverance, he found the final door and unlocked it.

ARANEA: Waiting for him on the other side was a terrible creature named Yaldaaoth.

ARANEA: His denizen would allow him a brief audience. One just long enough for him to make The Choice.

**[S][A6I5] ==>**

**14/03/13**

dialoglogARANEA: No denizen has ever been mistaken for pleasant company. But the self-proclaimed god of all monsters is notoriously inhospitable to his players.

ARANEA: His choices are known for their wild extremes.

ARANEA: And to this player, in this session, he offered his most extreme choice of all.

ARANEA: It was the choice between a path of conquest, and a path of sacrifice.

ARANEA: But this is putting it lightly.

ARANEA: In a tongue only his player could understand, he described what the path of the martyr entailed.

ARANEA: In short, it involved nothing.

ARANEA: The player chooses to walk away from the temptation of power. To surrender all ambition, and to welcome death.

ARANEA: In exchange for this pledge comes a promise. The player's sacrifice is assured to benefit all who will ever live.

ARANEA: In death, the player would later be in the position to help bring an end to a force of unfathomable evil and destruction.

ARANEA: A force which was unleashed, for instance, by someone who once opted for the other choice.

ARANEA: Yaldaoth then described what it meant to choose the path of the conqueror.

ARANEA: It was a path for a more active player, to be sure. The player's mettle as a conquering force would be tested directly, and repeatedly.

ARANEA: One by one, he would have to conquer and destroy a number of planets spawned for him in the session. Each would be more difficult than the last.

ARANEA: After destroying them all, his true land would become unlocked.

ARANEA: He would then return to face his denizen again, and defeat him in combat.

ARANEA: If successful, his reward would be unprecedented.

ARANEA: He would receive the boon of unconditional immortality, where resurrection would not be linked with the just or heroic nature of death.

ARANEA: It is unclear how this boon would be awarded, since to my knowledge it is beyond even the ability of a denizen to allow this.

ARANEA: But through whatever mechanism the boon is bestowed, immortality is only the beginning.

ARANEA: The player is somehow also imbued with a limitless supply of power. Enough to destroy anything he wanted, for as long as he wanted.

ARANEA: And knowing the villain of our story, anything he wanted would be everything. And as long as he wanted would be forever.

ARANEA: Yes, knowing our villain, the choice he would make is quite clear.

ARANEA: Knowing him, in fact, proves it could hardly be considered a choice at all.

**[A6I5] ==>**

**15/03/13**

dialoglogARANEA: It was at this point the real game would begin.

ARANEA: Skaia would undergo a dramatic transformation, becoming even darker and heavier.

**[A6I5] ==>**

**15/03/13**

dialoglogARANEA: Soon it would become a very massive solid sphere. It would begin to generate heat within due to rising density.

ARANEA: The surface would begin to crack.

**[A6I5] ==>**

**15/03/13**

dialoglogARANEA: The resulting explosion is known as the First 8r8k.

ARANEA: From the primordial 8last would emerge fifteen planets for the player to conquer.

ARANEA: They would scatter and ricochet at high velocity before settling into orbit in the medium.

ARANEA: The 8r8k is a very violent phenomenon though. Not all planets will necessarily clear the 8last before the Skaian debris settles into its final state.

**[A6I5] ==>**

**15/03/13**

dialoglogARANEA: The vast amount of resulting matter then collapses into a black hole.

ARANEA: Its gravitational pull is tremendous. Any object within range will be sucked in and destroyed.

ARANEA: Those planets which settle into orbit will be safe, for the time being.

ARANEA: But in the case of our villain's session, three of the planets did not make it and fell back into the hole.

ARANEA: This was a very lucky 8r8k for him!

**[A6I5] ==>**

**15/03/13**

dialoglogARANEA: It meant that he would only have to conquer twelve planets instead.

ARANEA: This bit of good fortune could very well have been the difference which allowed him to overcome a nearly impossible challenge.

ARANEA: His task was to destroy all of these planets in order, each within a time allowance that gets shorter with every planet.

ARANEA: To destroy a planet, first it must be conquered.

ARANEA: He would have to overcome all forces of resistance on the planet, and ultimately defeat whatever powerful underling ruled there.

ARANEA: Then, much like he did to unlock the quest in the first place, he would have to travel to the planet's core.

ARANEA: There he would retrieve a bomb, and return to the surface.

ARANEA: If he did not accomplish this in time, the bomb would detonate in the core, and the game would be lost automatically.

ARANEA: The bomb is not powerful enough to destroy the planet alone.

ARANEA: In fact, its purpose is not to damage the planet at all, but to move it.

**[A6I5] ==>**

**15/03/13**

dialoglogARANEA: So he must bring it to a designated location on the surface.

ARANEA: When it explodes, the planet will be knocked out of orbit, and sucked into the hole.

ARANEA: Of course he must make sure he has moved on to the next planet before this happens!

**[A6I5] ==>**

**15/03/13**

dialoglogARANEA: He repeats this process for each planet until they are all gone.

ARANEA: There is one caveat though. He must skip the eighth planet.

ARANEA: If he sinks that one before any of the others, it will result in the destruction of the entire session.

ARANEA: Thus it must be the final planet he conquers.

**[A6I5] ==>**

dialoglogARANEA: Upon destroying the eighth planet, his true land will reveal itself.

ARANEA: The dead planet will come to life, and there he must prepare for battle with his denizen.

ARANEA: He may sharpen his combat skills, craft new weaponry, anything he can do to improve his chances against a very powerful endgame foe.

ARANEA: Fortunately for him, he would not have to face the monster alone.

ARANEA: By then he will have accumulated a party of loyal minions.

**[A6I5] ==>**

**16/03/13**

dialoglogARANEA: With each planet he destroys, he will be awarded a new leprechaun follower.

ARANEA: Even if a planet was destroyed in the 8r8k, he will still be awarded that planet's leprechaun upon destroying the planet preceding it. Sort of like a two for one deal!

JOHN: wait.

JOHN: leprechauns??

ARANEA: Yes, John!

ARANEA: I'm delighted to see you have pounced on what is clearly the most interesting part of the story thus far.

ARANEA: Leprechauns are a fascinating mythical race, although there is some dispute among scholars as to whether they are actually a breed of gnome.

JOHN: ...

ARANEA: I can't say I blame you for being speechless. There are no doubt hundreds of questions swirling in your head at once about these wonderful creatures.

ARANEA: Where do I even begin? You must forgive me, I find it very difficult to resist going on at length about them. I just think they are so gr8.

ARANEA: For instance, I can and have given lectures for weeks at a time on their marvelous and widely varying magical abilities.

ARANEA: More intriguing yet would be any medium-to-longform harangue on the topic of their culture and customs, most of which revolve around luck.

ARANEA: But most captivating of all, and the subject upon which I will now assiduously expound, would be the positively scintillating subject of leprechaun romance.

**[A6I5] ==>**

**16/03/13**

dialoglogARANEA: The problem is that when the subject of leprechaun romance is broached, our overly obsessive troll intellects instantly assume the most ingratiating posture of admiration

imagina8le.

ARANEA: Which makes it hard! Hard to give it proper academic focus I mean, 8ecause of how gr8 it is.

ARANEA: 8ut we will do our 8est to understand regardless.

ARANEA: Trolls have only four forms of romance. And though we consider it a complic8ted su8ject, spanning a wide range of emotions, social conventions, and implic8tions for reproduction, it is ultim8tely a superficial slice of what leprechauns consider the full 8ody of romantic experience. Our concept of romance, in spite of its capacity to fill our art and literature and to rule our individual destinies like little else, is still just that. A single, quaternary concept. A concept usually denoted 8y four sym8ols.

ARANEA: <3 <3< <> o8<

ARANEA: Leprechaun romance is more complic8ted than that. Leprechaun romance needs nine sym8ols.

ARANEA: The nine quadrants of leprechaun romance are considera8ly more nuanced than our quaint notions of romance, and certainly more alien.

ARANEA: In fact, so conditioned is my own understanding of romance that I can't help 8ut refer to them as quadrants, when in fact they are not quadrants at all! They are referred to as charms.

ARANEA: One of the charms is characterized 8y romantic love, as understood 8y 8oth trolls and humans. 8ut after that, all 8ets are off. There is no division 8etween 8lack or red, concupiscent or conciliatory. Instead their charms comprise a spectral continuum of more su8tly varying types of relationships, most of which are esta8lished in mutual chicanery, such as the exchange of pranks, coy riddles, slapstick shenanigans, and games of chance. Furthermore, a pair of leprechauns is not limited to a single charm. A relationship may 8e defined 8y multiple charms at once! In fact, some of the most interesting relationships arise from exotic charm com8in8tions. A sta8le relationship consisting of three or more charms is called a trove. These advanced relationships are often viewed as the ideal end result for a romance, much the way certain pairing rituals are for humans.

ARANEA: No charm is specifically tied to procre8tion, though any type of relationship could 8egin waxing concupiscent if lady luck should so decide. Certain charm com8in8tions are known to 8e more conducive to fertility than others. If the leprechaun pair has 8een so 8lessed, they will 8egin an ela8orate coupling procedure culmin8ting in a lively m8ting jig. The jigs are specific to the charms of course, similar to how different kinds of music lend themselves to various styles of dance.

ARANEA: While their romance is endlessly captiv8ting, leprechaun reproduction may 8e the most interesting su8ject of all. Particularly from a perspective of detailed anatomical study, which I will get to shortly. 8ut first it 8ears pointing out that while for humans reproductive relationships are exclusively heterosexual, and for trolls they are 8isexual, for leprechauns they-

VRISKA: WASN'T THAT STORY GR8 EVERYONE?

VRISKA: WOW!!!!!!!!!!

dialoglogARANEA: Hmm.

ARANEA: You really liked it that much, Vriska?

VRISKA: Hell yeah!

VRISKA: Oh my god. That leprechaun stuff? Soooooooooo good.

VRISKA: Right guys?

ARANEA: Wow. Well, I would be happy to continue then, if you-

VRISKA: Mindfang, have I told you how great it's been to get to know each other, and team up on adventures and stuff?

VRISKA: I really feel like you've helped me get in touch with my ancestral roots. Mainly as a kickass storyteller.

VRISKA: It was like this whole part of my personality I was never aware of. Like the part that's compelled to just outright explain tons of really interesting things to people, while sparing no detail whatsoever.

VRISKA: It's made me feel a lot closer to understanding my aspect, as well as closer to you. So I just wanted to say, thanks!

ARANEA: Aw, you're welcome!

ARANEA: I feel the exact same way about my time with you.

ARANEA: You have really helped me get in touch with the true pirate within. I saw in you the adventurous spirit I always wished I could be.

ARANEA: You helped me finally understand the virtue in rationalizing questionable decisions, and behaving unscrupulously for the greater good!

VRISKA: Haha, stop! You're going to make me start tearing up.

VRISKA: Get over here and give me a hug, alpha sister.

authorlogWAIT. WHY DID THAT PLANET GIVE ME TWO ELVES.

You're calling them elves now?

YES.

But they're leprechauns!

Or gnomes, according to some baloneyscholars.

THEY CAN NOW BE ADDITIONALLY REFERRED TO AS ELVES. I HAVE DECIDED.

Whatever.

WHY ARE THERE TWO.

Because of the two for one deal.

You sunk the 7th planet on the break. So when you destroyed the 6th planet, you unlocked both the 6th and 7th elf.

Now you're on the 8th planet. This one doesn't give you an elf.

IT DOESN'T.

No.

WHAT ABOUT A GNOME.

No.

WHAT ABOUT A LEPRECHAUN.

No.

You get nothing.

WHY NOT.

Because you're supposed to skip this one and destroy it last.

You're just wasting time hanging around here. The clock is ticking.

ALRIGHT.

BUT FIRST. I WANT TO GET THEIR POWERS STRAIGHT.

AM I CORRECT IN ASSUMING. THEIR POWERS KEEP GETTING MORE USELESS?

Yes.

JUST AS I SUSPECTED.

I DON'T EVEN CARE ANYMORE. I JUST WANT TO KNOW.

SO ORANGE HAT. WE HAVE ESTABLISHED. JUST WALKS AHEAD OF ME ALL THE TIME.

NO MATTER HOW FAR OFF HE WANDERS. AND GETS LOST. I ALWAYS SEEM TO CATCH UP WITH HIM.

Yes.

AND GREEN HAT.

HE JUST HAS A DOLL. WITH PINS IN IT.

Yes.

WHAT'S UP WITH THAT.

He has a doll with pins in it.

AND??

Every time you get a new elf, he'll take another pin out.

That's all I will tell you.

OK. GOT IT. IT'S POINTLESS. MOVING ON.

MAROON HAT.

I CAN'T TELL WHAT HIS POWER IS.

WHAT IS HIS POWER.

He doesn't have a power.

ARE YOU FUCKING KIDDING ME.

No.

THAT'S A NEW LOW. EVEN FOR THESE SHIT HEADS.

But maroon hat is pretty smart!

You can use him as a higher ranking henchman or something.

BEING SMART ISN'T A POWER.

PLUS. I DOUBT IT. HOW SMART CAN ONE OF THESE IMBECILES BE.

You should talk to him and find out.

NO.

Come on.

Just a little friendly chat.

FINE.

I WILL HAVE A WORD WITH HIM. VERY BRIEFLY.

Ok.

...

Hey.

Are you still talking to him?

Wow, you guys are really going at it there.

What the fuck could you be talking about for so long?

This is getting ridiculous.

The timer on the next cueball bomb is ticking away.

OK. I'M BACK.

And?

MAROON HAT IS HIGHLY INTELLIGENT AND PERSONABLE.

I HAVE DECIDED HE IS MY FAVORITE GUY SO FAR.

See? I told you.

I WILL GIVE HIM SOME IMPORTANT RESPONSIBILITIES LATER.

BUT I HAVE NOT DECIDED WHAT.

Maybe he can hold on to something important for you.

GOOD IDEA.

LIKE WHAT?

OH, I KNOW. MY CALTOP.

No not the caltop. That's dumb.

MY GUN?

No.

OH! MY CANDY.

No you idiot!

FUCK YOU. IF YOU HAVE AN IDEA. THEN JUST TELL ME WHAT IT IS. PUZZLEMAN.

Look at the color of his hat. What else do you have that's that color?

UHH.

Also, what object can you think of that's kinda shaped like a 7?

HMM.

OH!!!

OHHHHHHHHHHHH.

OF COURSE.

A BOOMERANG!

Ok, I give up.

I WILL MAKE A MENTAL NOTE TO SECURE A BOOMERANG IN THE FUTURE.

YES. IT MAKES SO MUCH SENSE. TO BE A BOOMERANG. THEMATICALLY.

BECAUSE IT ALWAYS COMES BACK AROUND. IN ONE BIG CIRCLE. LIKE ALL THE TIME SHIT. I'M SUPPOSED TO BE ABOUT!

...

OK. LAST QUESTION.

WHY IS PURPLE HAT. CONSTANTLY DANCING IN MY PRESENCE?

Yeah.

I guess in retrospect, purple hat has always been pretty flirtatious, hasn't he?

WHAT?!

Maybe you should try to be open minded though.

Have you ever considered a star-heart-horseshoe relationship with someone?

Maybe you will discover you have never truly experienced joy until you have been in star-heart-horseshoe with a dancing elf.

-- Caliborn has spiked his caltop on the ground in disgust. --

dialoglogJOHN: hey.

JOHN: aradia, was it?

ARADIA: yes

JOHN: can i ask you something?

ARADIA: ok

JOHN: you seem reasonable, and pretty nice.

ARADIA: :)

JOHN: so i'm wondering.

JOHN: how do you feel about all this?

ARADIA: about what exactly

JOHN: about what vriska and her pirate buddies are doing.

ARADIA: you mean searching for the weapon?

ARADIA: i think its a good idea

JOHN: no, i know.

JOHN: of course it would be great to have an awesome secret weapon, whatever it is.

JOHN: i mean...

JOHN: how do you feel about the way they've been searching for it?

JOHN: by using all your ghost clone friends as bait.

JOHN: and getting the bad guy to blow them all up to reveal the way to the treasure?

ARADIA: thats probably the only way to find it

ARADIA: in my experience the specific path you travel out here is very important

ARADIA: if we did not trace that exact path in that amount of time i doubt we ever would have found the right location

ARADIA: in fact it may never have been found by anyone

JOHN: ok, yes.

JOHN: let's assume it was the only way to find it. granted.

JOHN: but i mean, does that really make it the right way to beat him?

ARADIA: i couldnt say

JOHN: well, how do you feel about it?

JOHN: most of the other pirates seem cool with it, so i'm wondering if you feel differently.

ARADIA: its probably necessary

ARADIA: and they would have embarked on this voyage whether i had come along or not

ARADIA: so i might as well join the fun!

ARADIA: isnt that what you did when you saw our ship?

JOHN: um...

JOHN: sort of.

JOHN: but i didn't know what you were all doing yet.

ARADIA: yes but once you found out you continued journeying with us

JOHN: yeah, but...

JOHN: i'm just hanging out here cause i'm asleep! what else was i going to do?

ARADIA: exactly!

**[A6I5] ==>**

**22/03/13**

dialoglogARADIA: i dont necessarily share their point of view on the meaning of this endeavor though

ARADIA: they consider this to be a great clash between good and evil

ARADIA: but i prefer to look at the coming battle as a matter of housekeeping

ARADIA: in the end all loops must be tidied up

ARADIA: even his

JOHN: ok, but what about your friends!

JOHN: don't you care about them?

ARADIA: of course i do!

ARADIA: i love all my friends

JOHN: then why do you seem so...

JOHN: cheerful?

JOHN: when so many of them are getting zapped by lasers.

ARADIA: do i seem cheerful about that

JOHN: kinda!

ARADIA: i apologize if that is the way i am behaving

ARADIA: it is not true though

ARADIA: i think i look at death differently than most

ARADIA: and it is fair to say this attitude extends to death after death as well

ARADIA: i have learned to be at ease with the cessation of being in any form it takes

ARADIA: but i am not nor will i ever be the monsters handmaid

ARADIA: so please believe that i would never take joy from the destruction of any soul

ARADIA: however you must realize that it is only by the grace of the horrorterrors that so many have been allowed to continue existing for so long

ARADIA: they have persisted for ages beyond their time just as he has

ARADIA: as such it seems to me his rampage is just another kind of housekeeping

ARADIA: while he rounds the ring undoing the work of the gods we must prepare for his undoing as well

ARADIA: to ready the manor for the lords arrival so to speak :)

JOHN: ...

JOHN: i'm sorry, maybe i spaced out through some of that.

JOHN: but i'm still not sure what you're talking about.

JOHN: maybe you could just simplify it for me.

JOHN: are you a good guy or a bad guy?

ARADIA: i dont like to think of myself in those terms

ARADIA: but i do try to be nice to people!

JOHN: dammit.

JOHN: ok, could you just... maybe...

JOHN: give me an idea of what it is you actually want out of all this?

ARADIA: what i want?

ARADIA: hmmm

dialoglogARANEA: Thank you for joining us, John.

ARANEA: Commodore Nepeta and Rear Admiral Feferi have both been clamoring for one last tale, and I am not one to disappoint.

FEFERI: 38) NEPETA: :33

MEENAH: (clamoring)

MEENAH: (as in clams text it)

JOHN: ok. what's this one about?

JOHN: ogre sex, or salamander shipping, or something?

ARANEA: Nope! Although I would be happy to tell you all about those topics another time.

ARANEA: This is a story about two legendary rings.

**[A6I5] ==>**

**23/03/13**

dialoglogARANEA: No, not those rings!

ARANEA: The rings I am talking about are less powerful, and considerably more obscure.

ARANEA: But for what they lack in power, they make up for in mystery!

ARANEA: Details on the rings are quite hard to come by. I have pieced together what little I know from various fables and myths.

ARANEA: They occasionally make appearances in such stories, serving different purposes in each tale, and always called by different names.

ARANEA: But in this story, they will be known as the Rings of Life and Void.

**[A6I5] ==>**

**23/03/13**

dialoglogARANEA: The rings are said to look nearly identical.

ARANEA: But their powers are quite different, as are their origins.

ARANEA: The Ring of Void supposedly once belonged to the black queen of a void session.

ARANEA: But one day it was stolen from her by a thief. And then stolen again from the thief by a rogue.

ARANEA: Legend would suggest it changed hands like this for a long time thereafter, until finally vanishing into the void itself forever.

ARANEA: Which is fitting, as the ring grants its wearer the ability to do exactly the same!

ARANEA: The Ring of Life has a very different story.

ARANEA: I have found no reports of an origin to this ring at all. Like many magic artifacts, it may not even have one which is comprehensible.

ARANEA: Earliest reports I have read would suggest it was first discovered by some travelers in a desert, and like its sister ring, has changed hands repeatedly since.

ARANEA: This ring however has a dramatically different effect. Instead of relegating the wearer to obscurity and immateriality, it does just the opposite.

ARANEA: It is said that any ghost who wears this ring will come back to life!

ARANEA: In some stories, the f8 of each ring appears to be entangled with the other. When one is lost, the other is serendipitously found.

ARANEA: A great example of this can be observed in the fable of-

VRISKA: W8 a minute.....

SOLLUX: instead 0f underestimating the perspicacity 0f the sens0ry impaired, why d0n't y0u bite me.  
VRISKA: No, they can't go! Commodore Nepeta and Rear Admiral Feferi are 8oth critical mem8ers of my crew!  
VRISKA: This is mutiny!!!!!!!!!!  
ARANEA: Vriska, I am on your side here. 8ut I feel I should point out that technically they 8oth outrank you.  
VRISKA: Excuse me?!  
VRISKA: No they don't! Come on, I just gave them titles that sounded cool!  
VRISKA: How can you outrank a captain?????????  
ARANEA: 8y 8eing a commodore?  
VRISKA: A commodore outranks a captain?!  
MEENAH: yea fraid so  
ARANEA: Yes, and a rear admiral outranks a commodore.  
VRISKA: No, 8ut!  
VRISKA: I thought a rear admiral was like...  
VRISKA: Some sort of JOKE rank!  
VRISKA: Who can take a rear admiral seriously? It might as well 8e a poopmaster!  
MEENAH: um no serk its actually a real thing  
MEENAH: god damn for a pirate you really know fuckall about nautical junk  
MEENAH: pretty embarrassing tbh

VRISKA: What a8out it!  
JOHN: i have it now.  
VRISKA: You do??  
VRISKA: Where! Let me see!!  
JOHN: no, i mean, not on me.  
JOHN: i guess i wasn't wearing it when i fell asleep.  
JOHN: it seems to have the power to come with me in and out of my dreams, as long as i'm wearing it.  
JOHN: that's how i got it in the first place. i had it on when i woke up.  
VRISKA: You were wearing it??  
VRISKA: Why? And why were you playing keepaway with it in the first place!  
VRISKA: I mean, aside from the o8vious fact that messing with Tavros is its own hilarious reward.  
JOHN: i don't know.  
JOHN: i guess...  
JOHN: i liked it, and i just wanted to hang on to it for some reason.  
JOHN: but i didn't know i would wake up with it.  
VRISKA: This is perfect!  
VRISKA: That means all you have to do is put it on when you wake up, then come find me the next time you go to sleep!

dialoglogVRISKA: May8e?

JOHN: i'll think about it.

VRISKA: You'll THINK a8out it??

JOHN: well, yeah.

JOHN: it sounds like an important item, so deciding what to do with it is kind of a big responsibility.

JOHN: it's supposed to bring ghosts back to life, but we don't know how it works.

JOHN: what if it only keeps you alive as long as you're wearing it?

JOHN: that would mean only one ghost could come back.

VRISKA: Right! All the 8etter reason to let me use it!

JOHN: but there are a lot of ghosts!

JOHN: i'm just not sure what to do yet.

VRISKA: W8. You're not ACTUALLY thinking of giving it to someone else, are you?

VRISKA: That's my ring! The orange guy gave it to ME!

JOHN: yeah, well frankly, i don't give a shit about the orange guy!

JOHN: the ring is mine for now, so i'm the one who has to figure out what to do with it.

JOHN: speaking of waking up, it's probably time i got going too.

JOHN: i'm not trying to join the mutiny or anything, but i do have friends waiting for me out there.

VRISKA: John, w8!

VRISKA: I hope we're not parting on 8ad terms here.

VRISKA: You aren't holding all this treasure hunting shit against me like Tavros is, right?

VRISKA: We're still cool, right John?

JOHN: uh...

VRISKA: If you have to leave, I get that, 8ut I really want us to stay friends!

VRISKA: I always felt like we had a special 8ond, John. Like we're 8oth always in the position of having to take charge as leaders, even if we never asked for that responsi8ility.

VRISKA: And I don't wanna pressure you into anything, 8ut I would really appreci8 it if you'd at least think a8out me next time you take a nap with that ring on!

JOHN: it's fine. we can stay friends.

JOHN: i don't really like to make enemies with people, even if they're...

VRISKA: Even if they're what?

JOHN: umm.

dialoglogJOHN: vriska, i have to be honest. years ago when we first talked, it was a lot of fun to get to know you.

JOHN: and i admit i thought about you a lot since then.

JOHN: but i guess i never quite realized how little i actually understood you.

JOHN: during this crazy treasure quest, i tried to reserve judgment, like maybe it was just a troll thing i didn't get.

JOHN: but seeing how those other guys felt about it, i think it's more complicated than that.

JOHN: obviously not all trolls are like you.

JOHN: and i know i'm not.

JOHN: maybe this was all for a good cause, but it still felt like a pretty fucked up way to go about it.

JOHN: and...

JOHN: all i'm saying is, i'm ready to go. i've seen enough, and i miss my friends.

JOHN: i'll think about what to do with the ring, but honestly...

VRISKA: Honestly *what*?

JOHN: again, i am just keeping it real!

JOHN: but if i am really thinking hard about who i should bring back to life...

JOHN: i dunno if my conscience can justify bringing back someone so...

JOHN: dangerous.

VRISKA: Don't give me the ring then.

VRISKA: Actually, you know what? Even if you change your mind some day, forget it!

VRISKA: I don't even want it anymore.

VRISKA: No.

VRISKA: I've 8een dead this long. What's a little longer.

VRISKA: Keep your ring. I don't want anyone's pity.

VRISKA: So 8eat it, Eg8ert.

JOHN: ...

VRISKA: .....

VRISKA: WELL????????

JOHN: huh?

VRISKA: JOHN, I THOUGHT YOU WERE LEAVING.

JOHN: oh. right.

JOHN: i guess i'll just be...

VRISKA: WHAT ARE YOU A FUCKING IDIOT?! DON'T GO YET.

JOHN: wh...

JOHN: what?

VRISKA: Look, you made yourself perfectly clear. You think I'm a heartless monster, and you don't want to help me out.

VRISKA: Whatever!

VRISKA: 8ut are you SERIOUSLY going to check out of this dream like TWO MINUTES 8efore you see what the treasure is?!

VRISKA: Holy crap, dude. Where is your sense of curiosity????????

VRISKA: If I can manage to put up with you for a little longer, I think you can stand my morally 8ankrupt company long enough to find out what this thing is.

VRISKA: Why am I the only person in paradox space who actually THINKS!

JOHN: oh.

JOHN: sure.

JOHN: i guess i'll go a little further and check out the treasure.

JOHN: heh, you're right. it would be dumb not to.

VRISKA: So I'll trust no8ody's gonna mind indulging one of MY stories.

VRISKA: There was a pretty good yarn a8out this treasure I read once during our travels.

VRISKA: Found it in some damn memory, who knows whose.

VRISKA: It was a good read. IMPECCA8LE prose. Failing to do it justice would be the real matter of gray morality here, if you ask me.

VRISKA: 8ut right now I 8n't in the mood to figure out how not to make it fucking suck.

VRISKA: So I'll just say this.

VRISKA: It was supposedly a weapon that once belonged to him.  
VRISKA: But he could never use it without altering its nature.  
VRISKA: Meaning he could only use it once.  
VRISKA: So he did.  
VRISKA: After that, it could only be used again one more time.  
VRISKA: And only as a weapon against him.  
VRISKA: Knowing it was one of the keys to his defeat, he had it locked away deep in the void.  
VRISKA: That's it. Part one of my story. Hold your applause.  
VRISKA: Guess we'll find out if that's true.  
VRISKA: Or if it turns out all my despicable shit was in vain.

**[A6I5] ==>**

**28/03/13**

dialoglogVRISKA: Not that it would even matter to some people.  
VRISKA: You know, they can say whatever they want about me.  
VRISKA: But somewhere out there is a shimmering new universe growing in a big ball of water.  
VRISKA: He's looking hells of majestic. Amphibious and resplendent. His glorious croak would bring you to your knees.  
VRISKA: That universe is going to give life to billions of trillions of zillions of cute little aliens.  
VRISKA: You wouldn't even believe how pretty and wonderful and happy all these aliens will be.  
It's making your lip tremble just thinking about them, and how worth saving they are. Wow.  
VRISKA: You could walk up to one of those aliens and put your hand on its innocent shoulder, and with a straight face you could say, "Sorry to break it to you. But tomorrow, a guy named Lord English is going to destroy your universe. You are all going to die."  
VRISKA: And when that alien looks up at you with tears in its eyes, just before the first one rolls down its weird alien cheek, you lean in close to its absurd alien ear and whisper, "Psyche."  
VRISKA: That's because you know a long time ago, in an obscure pocket of reality the alien could never understand or give a shit about, some crazy girl sacrificed the "lives" of a bunch of ghosts in order to kill that guy forever.  
VRISKA: They were already a million sweeps past their prime, existing on borrowed time, luxuriating in a kind of bizarre metaphysical longevity few others will ever enjoy.  
VRISKA: Just a fresh batch of 88 the squid gods kept on ice for an insatiable fisherman cause they were sick of being hunted themselves.  
VRISKA: Those ghosts were all that stood in the way of an end to this eternal holocaust, and sparing their souls isn't different in my view from personally committing atrocities on a cosmic fucking scale.  
VRISKA: I only ever wanted to do the right thing no matter how it made people judge me, and I don't need a magic ring to do that.  
VRISKA: You don't have to be alive to make yourself relevant.  
VRISKA: And you don't have to be a good person to be a hero.  
VRISKA: You just have to know who you are and stay true to that.  
VRISKA: So I'm going to keep fighting for people the only way I ever knew how.

authorlogI NEED MORE ANSWERS. VERY QUICKLY.

I thought you had given up on getting answers from me.

NO. I JUST HAVE NOT HAD TIME.

THE BOMB COUNTDOWNS ARE GETTING SO SHORT. THIS IS GETTING HARD. IT'S NOT FAIR.

I really don't see how it's any less fair than being allowed to solicit the omniscient narrator of your

quest for answers.

Nobody else who plays this game gets to do that. What makes you so special?

BUT YOU'RE THE ONE WHO SAID I WAS SPECIAL.

I shouldn't have said that.

Now you're strutting around, all thinking you're special.

I AM SPECIAL!

I know.

LESS BULLSHIT. MORE ANSWERS.

I HAVE COLLECTED MORE FROG MEN.

WHAT DO THEY DO.

Frog men???

You are getting really esoteric with your headcanons now.

MY WHAT.

And what makes you so sure they are all men?

Have you sexed them?

FUCK YOU. AND YOUR RIBALD INSINUATIONS.

MY RELATIONSHIP WITH THE FROG MEN IS STRICTLY PROFESSIONAL.

No, I mean determined their sex.

Do you even know how?

I DON'T CARE.

THEY'RE ALL MEN. BECAUSE I SAY THEY ARE. AND I WANT THEM TO BE.

IF I BELIEVE HARD ENOUGH IN THEM BEING MEN.

THEN THAT FACT BECOMES ABSOLUTELY INDISPUTABLE AS A PERMANENT MAN REALITY.

It does?

ARE YOU TELLING ME. THAT YOU HAVE REASON TO BELIEVE. THAT MY ENTOURAGE OF DISTINGUISHED GENTLEMEN.

CONSISTS OF ANYTHING OTHER THAN BOYS???

No.

I mean, I don't know.

I'm not there, so I can't sex them to be sure.

YOU FUCKING PERVERT.

That's not what sexing means you little shit!

I'D LIKE TO CHANGE THE TOPIC. AWAY FROM THE LUST YOU ARE FEELING FOR MY HANDSOME FROG MEN.

I HAVE OBTAINED SOME STRIPE HATS.

YELLOW STRIPE HAT. BLUE STRIPE HAT. RED STRIPE HAT.

WHAT DO THEY DO.

Why do you always want me to spoil stuff for you?

Why can't you be at least a little scientifically inquisitive, and find out what they can do yourself?

Have you tried injuring blue stripe hat yet?

NO.

WHY WOULD I HURT HIM. HE IS MY LOYAL MINION, ALBEIT ONE WHO IS OVERWEIGHT AND APPARENTLY USELESS.

ANYWAY. I DON'T HAVE TIME FOR SCIENCE. JUST TELL ME.

Fine.

Blue stripe hat randomly time travels somewhere if you injure him.

Red stripe hat can also travel through time, but only using fire as a gateway.

Yellow stripe hat is a tailor.

A TAILOR.

Yes.

YOU MEAN. SOMEONE WHO SEWS STUFF.

Yes. A damn good one, too.

THAT'S NOT A POWER. IT'S MORE LIKE. A FUCKING HOBBY.

WHICH HAS NO VALUE TO ME WHATSOEVER.

If you want to be a bigshot time traveler, you're going to need a good tailor.

Everyone knows that.

NO. MAKES NO SENSE.

What if some day you get some sweet new threads? Who will maintain your wardrobe for you??

Do you think you'll wear that tee shirt and those stupid suspenders all your life?

I WILL NEVER STOP WEARING MY AWESOME SUSPENDERS.

NO ONE CAN MAKE ME. NOT EVEN MY TAILOR.

Whatever you say.

You're wasting time again. Better hurry up and conquer this planet so you can find Eggs.

WHAT??

Whoops. I mean purple stripe hat.

Forget I called him that.

OH. YES.

I'M REALLY LOOKING FORWARD TO THESE NEXT FEW GUYS.

I HAVE A FEELING. THE FARTHER I GO. THE MORE USEFUL AND EXCITING THE FROG  
MEN ARE STARTING TO BE.

You won't be disappointed.

VRISKA: This is seriously some of the most half assed treasure hunting I've ever seen.

JOHN: hang on, i'm coming!!!

**[A6I5] ==>**

**02/04/13**

dialoglogJOHN: so the treasure's in that chest?

VRISKA: Yeah!

JOHN: are you gonna tell us more about it yet?

VRISKA: Yes, that was going to be part two of my story.

VRISKA: Which starts right now!

VRISKA: This thing is some sort of juju.

VRISKA: As I'm sure you know by now, jujus are magic items that can do all sorts of things. Bend time and space, trap souls inside them, stuff like that.

VRISKA: The more potent jujus tend to be pretty versatile. I doubt even he knew the full extent of its powers.

VRISKA: He supposedly got this thing as a boon for slaying a very powerful denizen. As if the guy even needed any more sick endgame rewards.

VRISKA: That's all I'm gonna say for the moment, since I'm sure everyone is dying to see it by now.

VRISKA: Only a complete asshole would make us wait any longer to get a look at this thing.

**[A6I5] ==>**

**02/04/13**

And with Vriska's sassy flourish of dramatic irony, it suddenly becomes evident to anyone with a brain that we aren't going to see what the treasure is for hundreds, if not thousands of pages.

**[A6I5] ==>**

**02/04/13**

So why don't we stop wasting everyone's time, shut the lid on this lousy MacGuffin, and be Viceroy Bubbles Von Salamancer.

**[A6I5] Be Viceroy Bubbles Von Salamancer.**

**02/04/13**

You are now Viceroy Bubbles Von Salamancer.

**[A6I5] VBVS: Do a silly dance.**

**03/04/13**

Oh yes! You kick your adventure off to a phenomenal start with liveliest jig you have ever attempted!

Your little legs could use the workout after being cooped up on that ship for three years. Wait, shouldn't Casey have reached adulthood in that timeframe, or at least gotten somewhat bigger? You seem to recall from earlier somewhere that salamanders have short lifespans, and grow up quickly. Oh well, you decide to graciously disregard the one and only plot hole in this elaborate tale. In fact you think you will use your dark sorcery to make it - POOF - disappear! Ha ha, what problem?

You are so excited for this side quest to begin. It's going to be almost as delightful as it is thorough, and almost as thorough as it is relevant.

### **[A6I5] VBVS: Retrieve arms from robe.**

**03/04/13**

You retrieve your adorable amphibious arms from your RAG OF DEMONS. And in doing so you reveal them to be adorably grasping the dreaded CROOK OF FRAILITY. No young salamancer should dabble in the dark arts without one.

You twirl the grim cudgel in the air and begin to disturb ancient spirits from their slumber. In spite of necromancy's notoriously bonkers FAKENESS ATTRIBUTE, you begin to cast a spell!

### **[A6I5] VBVS: Summon undead army.**

**03/04/13**

You beckon a horrifying cadre of skeletal friends. They lurch from the mounds to serve their dark master. You're so happy to see them. You start to blow some sinister friendship bubbles.

You look at all these skeletons and think to yourself, this is probably going to be really important later on. Because that's what happens in adventures. A thing happens, then you forget about the thing for a while, but it turns out to be important down the road. Like some heroes will be fighting a bad guy, and things will look bleak for them. But then out of nowhere this skeleton army will arrive as reinforcements or something, thus turning the tide of battle. Then you go, ah-ha. So that's why that little salamander summoned those skeletons. Everything makes sense now, and in retrospect is elegant in its simplicity.

 FUCK YOU!!!!!!!!!! 

Please, don't interrupt. We are trying to enjoy an important subplot.

Now where were we. Oh, look! One of the skeletons has stepped forward to introduce himself. But the skeleton doesn't have a name. You should give him one! What will you name the skeleton?

- > Clattersworth
- > Bonebone
- > Captain Nibbles
- > Fossilbee Oldington the Third
- > Mr. Ribs
- > Skulligan Malone

### **[A6I5] VBVS: Bonebone! Bonebone!!!**

**04/04/13**

You declare this loyal follower to be: Bonebone! Bonebone is most pleased with his gentlemanly appellation.

Hang on. Another skeleton approaches to receive a title. In fact, it looks like they all want names! You decide to name them all, one by one.

 FUUUUUUUUCK YOOOOOOOOUUUUUUUU!!!!!!!!!! 

Just ignore her. She had her chance to be important, but turned the offer down. The rest of us are just trying to get on with our lives.

Now, what will you name the next skeleton?

>  FUCK YOU!   
>  FUCK YOU!

NO.

MORE LIKE. FUZZY.  
AND SQUISHY.

What?

LIKE PLUSH.  
YOU KNOW.

LIKE A GOD DAMN PUPPET.

Hold on.

Are you telling me these fuckers are literally made of felt???

WHAT'S FELT.

It's the fabric they put on pool tables.

Kind of soft and fuzzy.

OH. THEN YES.

EXACTLY LIKE THAT.

Well that's weird.

I guess you learn something new every day.

Speaking of which, I suppose you'll want me to tell you what these two frog puppets can do?

NO!

No?

THE ABILITIES OF PURPLE STRIPE HAT. AND ORANGE STRIPE HAT.  
ARE AS PLAINLY SELF EVIDENT. AS THEY ARE IDIOTIC.

Patience.

In time, you will grow to love them as if they were two very special sons.

NO WAY.

Yes you will.

I can tell you kind of like them already, but you're just pretending you don't to be cool. Like you always do with members of your dark carnival.

I notice you aren't actually trying very hard to escape from the crowd there.

Looks to me like you're enjoying your time in the puppet mosh pit, frankly.

SCREW YOU!

I'm going to tell you their powers anyway.

NO!

Purple stripe hat has an egg timer juju which makes him time travel whenever it rings.

But he's too stupid to use time travel sensibly so he ends up making way too many copies of himself.

Orange stripe hat has a magic oven which he can hide inside.

And that's it. It serves no purpose other than that. Also he's just as dumb as Eggs.

I mean purple stripe hat. Forget I called him that again.

Also pretend I didn't call the other guy Biscuits.

YOU DIDN'T CALL ANYONE BISCUITS.

I didn't?

Oh.

Damn.

Then pretend I didn't say I did.

I DON'T CARE!

I DON'T WANT TO HEAR ANY OF THIS!

ALL OF THAT WAS OBVIOUS!

I HAVE GROWN WEARY. OF YOUR EXCESSIVE DIVULGENCES!

Yeah, my divulgences haven't been too popular lately.

I can't seem to catch a 8r8k.

A WHAT.

A 8r8k.

WHAT'S A 8R8K.

Nothing.

Just something an old flame used to say a lot.

Well, not so much an old flame as someone who callously spurned my extraordinarily inappropriate advances one time.

She really blew it though. She could have been the star again, if only she said yes.

Things are pretty passive aggressive between us now.

WOMEN. Am I right?

NO, DON'T DO THIS.

I DON'T WANT US TO BOND OVER YOUR FEMALE PROBLEMS.

STOP TRYING TO BE BROS WITH ME!

You know how it is.

Sometimes a guy just wants to take a look at what an adorable salamander is up to, and scrutinize that situation carefully.

Like really see what's *going on with that*, you know?

Is that so wrong.

So what if I want to watch a young salamander spend several hours naming skeletons?

It's my right to do that. I should be able to watch Bubbles name a million fucking skeletons if I want.

I should be able to do that without a spiteful attention hog stealing back the spotlight while she does something "important".

Who cares about important stuff?

Important stuff is so overrated, IMHO.

I STOPPED LISTENING!

I DON'T EVEN KNOW WHAT YOU'RE SAYING. BECAUSE I'M NOT READING IT ANYMORE.

YOU CAN GO AHEAD AND BABBLE ALL YOU WANT. ABOUT MEANINGLESS TRASH.

I'VE TOTALLY CHECKED OUT OF THE CONVERSATION. SO BYE.

I wonder what Spades Slick is doing right now.

## **END OF ACT 6 INTERMISSION 5 INTERMISSION 5**

**07/04/13**

You are now Spades Slick.

It appears that you will be the focus of an exciting new sub plot. That is, if everyone's ok with that. You're not sure. Is that allowed, you wonder? Is anyone going to throw a tantrum and make us look at something else?

**📺 LEAVE ME ALONE YOU FUCKING CREEP!!!!!!! 📺**

Good news, Spades. It looks like your sub plot checks out. You have the green light, whenever you're ready.

**[A6I5] SS: Gaze over balcony at horizon.**

**07/04/13**

END OF  
YEAR 3  
4/13/09 - 4/13/12

END OF  
YEAR 4  
4/13/09 - 4/13/13

There was some commotion up here earlier. That guy flipped your bed over this balcony and you fell in the water like a thousand feet below. You had to climb all the way back up, sopping wet. You think he said something about English? You don't see any sign of the rival mob boss though. You'll have to investigate.

You might not have much time to find him though. The sun is setting on the horizon. What are all those things floating over the water? You can't quite make them out, even with your awesome cyborg eye, which can probably make you see better. Maybe. I'm not sure. I don't actually know anything about cybernetics to tell you the truth. I just gave you a red eye because I thought it looked cool.

**[A6I5] SS: Inspect green torso.**

**07/04/13**

Looks like this asshole in the white wig is dead. Yes, the same asshole who nursed you back to health even though he didn't have to, and even though he kind of promised he wouldn't do stuff like that by way of some vague pledge involving a yellow ruler. But he saved your life anyway because his heart was just that big. You're welcome.

You weren't listening to any of that because you don't care.

**[A6I5] SS: Take wand.**

**07/04/13**

You're not gonna take the wand because obviously magic is fake. Come on. What sort of buffoon would try to wield that thing under any circumstance?

You will however take the horns. They'll make a nice trophy. You always thought taking trophies from guys you killed was a cool idea. Or at least from guys you wish you killed, who you happen to find dead.

**[A6I5] SS: Investigate.**

**07/04/13**

This appears to be the murder weapon. Looks like English was the trigger man, then ditched the weapon by the body for some reason. You've never seen the guy, but you heard he carries a big overpowered gold machine gun.

Pretty garish in your view. The man has no subtlety whatsoever. You and he sure have different styles when it comes to running an organized crime outfit. You honestly think he might be some sort of huge manchild.

And I honestly think you might be right.

### **[A6I5] SS: Equip.**

**07/04/13**

You take the GOLDEN CUESTAFF. Holy crap this thing is huge. Good thing you have robot arms now. The weapon weighs several hundred pounds, but to a hulk like him it's light as a feather. And to a cyborg like you, it's light as a slightly heavier feather.

### **[A6I5] SS: Search for English.**

**07/04/13**

Man, how sweet would it be if you could use his own weapon against him when you get your reven... HEY! WHO GOES THERE!

Ah. Of course. It's the cute little dame who tended to you while you were bedridden. Her soup was so delicious. Whoa, what are these dumb horns doing on your head? Those don't belong there. You toss them on the ground and stomp on them nonchalantly.

She's shaking like a leaf! She must be terrified. You assure her there's nothing to be afraid of anymore. Everything's gonna be ok. The asshole in the white wig is dead.

### **[A6I5] SS: Interrogate Ms. Paint.**

**07/04/13**

Now that you've settled her nerves down, which you haven't actually, you ask her where the guy who did this went. She says she doesn't know. She's been hiding since he smacked her across the face with his cane. You say he did WHAT, why I oughta! She says she thinks he's probably gone now. You say oh. Any idea which way he went? She says no. You say hmm. Any idea what she might be doing later? She asks what do you mean? You say any dinner plans or...

Hey! Slick! What exactly are your intentions toward Ms. Paint??? You could at least wait until the blood is dry before making your move. I know you've always had your shitty cybernetic eye on her. Yes, the same eye that's probably just a useless piece of red glass overlapping an otherwise perfectly healthy eye. Yeah, that one.

Oh fuck it. Who am I to stand between you two? You obviously make an adorable couple. Why should I let my rotten luck with the ladies rain on your parade. That's it, I'm calling it. I'm declaring your ship to be officially canon.

Now don't fuck this up, Slick.

### **[A6I5] SS: Inquire about personals.**

**07/04/13**

Personals she says? Yeah you say. Your personal items. What items she wonders? You know, all the shit you had on you before that guy turned you into a damn robot. Like your hat and stuff. Oh! Yes, she knows exactly where all that is.

### **[A6I5] SS: Follow.**

**07/04/13**

She says this way. But please try to be quiet in case the green beast is still nearby!

**[A6I5] Ms. Paint: Retrieve personals.**

**07/04/13**

SPADES SLICK

She leads you to one of the mansion's several dozen pantries and retrieves your box of stuff.

Here you go she says.

**[A6I5] SS: Inspect personals.**

**07/04/13**

THE MIDNIGHT CREW

The hat was a little worse for the wear, but she took it to the tailor to have it repaired. Tailor, what tailor you say. The one that appears when you pull his pin from the little doll. She said she put the pin back though because the man was rather grouchy and unpleasant.

Wait a minute...

Of course. The doll!

**[A6I5] SS: Take doll.**

**07/04/13**

You knew you decided to hang on to this thing for a reason.

**[A6I5] SS: Pull pins.**

**07/04/13**

English has no idea what he's in for. You can't wait to see the look on his face. Even though the look on his face is always pretty much the same, since he's a skull monster.

Uh, yeah, better leave the black one in though. Pulling that one could have some really weird consequences.

**[A6I5] SS: Command minions.**

**07/04/13**

You tell all these mugs to listen up. This gang is now under new management.

The surly mob of puppet people look you up and down, glance at your CUESTAFF, and shrug. Yep, you're the new boss, they appear to tacitly confirm.

Ms. Paint, you say. There's a vacancy in the gang's eight-spot. You got anything more suitable to wear?

She claps her hands and says oh yes! She has just the dress for the occasion. She says brb.

**[A6I5] SS: Consult with brains of operation.**

**08/04/13**

You say hey you. Wise guy in the maroon hat. What was his name again? Some weapon shaped like a seven. **Boomerang**? No that wasn't it. Your memory's failing you. Might of taken one blow to the head too many when that universe exploded. Hey, why did that universe explode again? Can't recall for the life of you. **Crowbar**. What? **Crowbar**'s his name, the guy says. Oh yeah, that's right. Now

you remember, you used his crowbar a while ago to smash a priceless clock to pieces. You have his crowbar he asks?? No, you lost track of it. Any idea where it is? No clue you say. Damn he says.

You ask him how they can get out of here. Go somewhere to regroup and make some plans. Hatch some schemes. Maybe draw a map or two. Preferably in a hideout. He says he can lead you back to one of the gang's old haunts. You say after you then. He says hey. Yeah? What happened to the old boss he wonders. Is he dead or something? You say none of your damn business. Now get moving.

**[A6I5] Crowbar: Lead gang back to hideout.**

**08/04/13**

Through here Crowbar says.

Hey what's this thing Clover asks? Nothing you say. You think the idiot who used to live here was doing some sort of science experiment. Pretty much, Ms. Paint says. Don't touch it you say. Could be a deathtrap. Clover pulls his hand away quickly. He looks worried.

Die asks if he can have his doll back. You say of course not, shut up. He looks crestfallen.

**[A6I5] SS: Go through 5th wall.**

**08/04/13**

God damn it's hot in here.

AC must be broken or something.

**[A6I5] SS: Exit this weird little girl's room.**

**08/04/13**

You leave Damara's room and great Caesar's stab wound what is even going on here. Crowbar where the hell are you leading us you ask. He says it's the Doc's old apartment. Really posh digs. Primo location too, at least it was before the universe exploded. Why are there giant holes in the walls through which can be seen an abundance of blinding green plasma, you inquire. He says because the apartment is now floating somewhere inside a huge sun. A sun you say. Well shit. No wonder it's so hot you could cook breakfast on your cranial plates. Hiding out in the middle of a big sun doesn't sound like a real tenable predicament, does it Crowbar. No boss, he supposes it does not. Sounds like it's actually kind of a shitty predicament, doesn't it Crowbar. Yes boss, he supposes it does. A predicament defying any sense of reason, safety, physical comfort, and most laws of science probably. He wouldn't know about that boss. You'll have to ask a scientist. You got a sassy mouth on you Crowbar, you say to Crowbar. A real sassy mouth.

He says if you don't want to stay, that's fine. There are contingencies in place. Contingencies you say? He says Doc's suite had an emergency exit which the gang could flee through whenever things got too hot to handle. Circumstances, he says, which never once presented themselves, until now, in the most literal way possible. Yeah. Yeah you say. Because of the sun. Yes he says. Because of the sun.

Well what are you waiting for Crowbar. Keep leading the way.

**[A6I5] Crowbar: Keep leading the way.**

**08/04/13**

Hold up you say. You're not sure about this Crowbar leading the way business. Who's the leader here, this smart mouth or you? He says you, of course. But you don't know where the exit is. You say bullshit. You been here before. You know this place like the back of your hand. You show him your hand, which is now mostly unfamiliar to you, because it's made of metal. You put your hand down quickly because that didn't serve your rhetorical purpose at all. He says if you insist. The exit is in the room with the clock in it. Do you remember where that is? You say what do you look like, a moron? Of course you remember. Then after you he says.

**[A6I5] SS: After you.**

**08/04/13**

It's obviously down here. Through one of these doors. Watch and learn buddy.

**[A6I5] SS: Open door.**

**08/04/13**

**[A6I5] SS: ...**

**08/04/13**

That was not the right door.

**[A6I5] SS: Never mind.**

**08/04/13**

Just take us to the exit, Crowbar. He says yeah sure.

**[A6I5] Crowbar: Proceed.**

**08/04/13**

You lead the mob through a few more of these weird skinny panels.

Some of the guys get distracted over there in the lounge. Just a quick match of TABLE STICKBALL, a fun game they made up which is based on their hats. You tell them to quit playing pool and get over here. They start laughing their asses off at the noob who doesn't know a game of TABLE STICKBALL when he sees one.

**[A6I5] Crowbar: Show Slick exit.**

**08/04/13**

So this is it huh you say. Why's he keep the exit in the room with the clock anyway? Crowbar says the exit's in the room with the clock because the exit IS the clock. You say you see. You look the clock up and down. Doesn't look the same as you remember. It was a lot fancier when you smashed it with the Crowbar. You mean the crowbar. All purple and gold and... ticking. As if deciding the fate of someone you don't know or care about. Someone who doesn't understand a golden opportunity when she sees it. █ s d k l j f h k l d h f s d k h f k █ Someone whose behavior may have been controversial, and whose sentence apparently had to be arbitrated by a magic timepiece. Just as well you smashed it. That way nobody could outsource their judgment to the verdict of a stupid clock. Yes you definitely thought all that now. Wait. What happened to the pendulum? The ball thingy you mean. Crowbar says it broke. You see. Alright.

Anyway none of that matters now. How are you supposed to exit through this thing? Guess you have to open it? Yes he says. How you say. He says oh you know. Gotta pry it open. If only they had a tool with which to pry. Perhaps a tool which is notorious for its prying ability, which also happens to be its sole purpose. You wouldn't happen to know where such a tool might be, would you, he asks? No, he supposes not. There he goes again with that smart mouth. Nothing but sass from this

guy. You're starting to miss your old right hand man. At least when he got sick of your shit, he would just turn around and light a cigarette.

**[A6I5] SS: Punch clock.**

**08/04/13**

There. Crowbar shmowbar.

How the hell are you gonna squeeze all these big galoots through that skinny ass door? Wait. You might have an idea.

**[A6I5] SS: Wasn't there a guy with an oven?**

**08/04/13**

Where's the guy with the oven. Hey! **Oven!** Get over here! **Crowbar** whispers his name is actually **Biscuits**. You don't give a fuck. **Biscuits** seems to understand he is being summoned, and waddles over. Yep, there's his magic oven. Wow what a dumb juju. Should come in handy for once though.

**[A6I5] SS: Everybody in.**

**08/04/13**

EVERYONE IN THE OVEN! LET'S GO LET'S GO MOVE MOVE

MOVE! **Iggy, Slowpoke, What's His Face...** Yes you too Ms. Paint! **Clover, Shark Guy, Top Hat**, get in there **Crowbar**, you can mouth off all you want, just do it in the oven! **Stitch Face, Fatty, Fireman**, uh, the centaur butler? Yeah what the hell, come on in! He can be the team mascot or something. Plus his milk was fucking GREAT. **Biscuits, Other Biscuits, Big Guy, Bigger Guy...** THAT SHOULD DO IT!

**[A6I5] SS: Take oven.**

Whatever, you'll just slip it in the deck. Time to go.

**[A6I5] SS: Wait, before you go...**

You see. It's all so clear now. When things get too hot to handle, the Doc and his posse duck out of the clock and into the idiot wagon for a little spin through infinite oblivion with some giant octopus things.

Thanks for the tip, Crowbar! THANK YOU SO VERY FUCKING MUCH!!!

## ACT 6 INTERMISSION 5 INTERMISSION 6

10/04/13

authorlogI DID IT!

I CONQUERED THE MAROON STRIPE PLANET. THUS UNLOCKING. THE FINAL AND MOST POWERFUL TOAD GOBLIN OF ALL!!!!!!!!!!!!!!

WOW, HE'S SO PERFECT. SO HUGE. SO \*STRONG\*.

I LOVE HIM BEING STRONG.

FINALLY. THE IDEAL MINION. WITH THE TYPE OF POWER I ADMIRE THE MOST. WHICH IS. BEING A HUGE STRONG GUY WITH ENORMOUS POWERFUL MUSCLES! YESSSSSSSSSSSS.

OH YEAH. I ALSO GOT GREEN STRIPE HAT. HE'S GOOD TOO.

IN THAT HE IS ALSO LARGE. AND RELATIVELY STRONG. AND MEAN.

HE FLIPS A COIN TOO I THINK. WHICH IS ALSO COOL.

OH, AND DON'T TELL ME WHAT THEY DO.

ALL I CARE ABOUT IS THAT THEY'RE BIG AND STRONG.

DO NOT SPOIL MY MOMENT OF TRIUMPH WITH MORE OF YOUR HUMAN MONKEY EARTH BUSINESS.

WHAT.

NOTHING TO SAY?

[A6I5I6] ==>

10/04/13

authorlogYES. THIS IS GOOD. YOU'RE FINALLY LEARNING WHO'S BOSS.

AND SOON. EVERYONE ELSE WILL TOO.

NOW I HAVE TO CONQUER THE BLACK PLANET.

THIS ONE IS A DIFFERENT THING FROM THE OTHERS.

MY SOURCES TELL ME. BY WHICH I MEAN. THE CLOWN TELLS ME.

THAT THIS PLANET HAS BEEN CLAIMED BY THE BLACK QUEEN HERSELF.

I WILL NEED TO OVERTHROW HER TO WIN.

AS SUCH. IN A STROKE OF BRILLIANT CLEVERNESS. MY BRAIN DEvised AN IDEA.

I HAVE RECRUITED JACK NOIR TO HELP SETTLE OUR MUTUAL SCORE.

REALLY. GETTING JACK TO DO VIOLENT THINGS FOR ME. ALWAYS STRIKES ME AS SUCH A GOOD PLAN.

SO I MIGHT AS WELL JUST DO IT ALWAYS. RATHER THAN ALWAYS THINKING OF NEW STUFF. WHICH IS HARD TO DO.

HE WOULD MAKE A GOOD FRIEND. IF THE CONCEPT OF FRIENDSHIP WASN'T HORRID AND MEANINGLESS TO ME.

THEREFORE. I WILL THINK OF A WAY TO DISPOSE OF HIM ONCE HIS USEFULNESS IS OVER.

IT'S BAD FORM TO LEAVE STRAY NOIRS WANDERING AROUND.

(DON'T TELL HIM I SAID ANY OF THIS.)

(MY TREACHERY TO HIM. IS MEANT TO BE A SURPRISE!)

(HA HA HA HA HA.)

(HA HA.)

UH.

.....

HELLO?

WHERE THE FUCK DID YOU GO.

AREN'T YOU GOING TO TELL ME WHAT YOU THINK OF MY GREAT PLAN.

OR DERIDE ME IN SOME FASHION. FOR MY JUVENILE CONDUCT AND POOR CRITICAL THINKING SKILLS.

WELL, YOU UNSPEAKABLY PUTRID AND FATUOUS BLABBERMOUTH???

I DEMAND THAT YOU TALK TO ME!!!

OK. I SEE HOW IT IS.

YOU HAVE DECIDED YOU WILL NO LONGER ALLOW ME. TO BROWBEAT YOU. INTO HELPING ME. THROUGH SHEER FORCE OF PETULANCE.

IT MAY SURPRISE YOU TO KNOW. I AM JUST AS CAPABLE OF RESPECTING THAT. AS I AM OF THROWING A TANTRUM ABOUT IT.

I DON'T NEED YOU ANYMORE.

I DON'T NEED ANYONE!!!!!!!!!!!!!!

## **HOMOSUCK.**

**12/06/13**

A YOUNG MALE HOMO SAPIEN IS TRAPPED IN HIS ROOM. THE PREMISE IS UNINTERESTING, AND EVERYTHING ABOUT IT SUCKS. HENCE THE TITLE, WHICH IS A PORT MANTEAU. CONSISTING OF TWO THEMATICALLY APPROPRIATE WORDS.

THE MALE IS NOT VERY SMART. THERE IS SOMETHING ABOUT A HUMAN BIRTHDAY. AND HE DOESN'T HAVE A NAME YET? AND MORE STUPID THINGS ALONG THOSE LINES.

ALL OF THIS IS IRRELEVANT.

LATEST PAGES

LAME.

## **HERE IS WHAT REALLY MATTERS.**

**12/06/13**

A YOUNG MALE CHERUB HAS ACHIEVED TOTAL DOMINATION OVER HIS QUEST. THUS UNLOCKING HIS MAGIC MYSTERY PLANET. AND THEREFORE. GAINING SUPREME MASTERY OVER ALL EVENTS IN REALITY. CANONICAL OR OTHERWISE.

HE BECAME A GOD TIER OBVIOUSLY. IT WAS EASY, INVOLVING A TRIVIAL ACT OF SELF SUICIDE. IT WAS NOT A VERY BIG DEAL AT ALL. THAT'S WHAT HAPPENS WHEN YOU'RE THE BEST. YOU BECOME THE BEST THING QUITE CASUALLY. AND OFF SCREEN. LIKE IT'S NOT EVEN THAT IMPORTANT.

## **THEN HE STARTED CLIMBING THE GOD TIERS.**

**12/06/13**

LORDLING

SEE? LIKE THAT.

HE STOOD ON THAT FLASHY THING. WHICH MAY NOT EVEN BE LITERALLY REAL?

## **WITH EACH GOD TIER HE CLIMBED.**

**12/06/13**

HE GOT A NEW ACHIEVEMENT BADGE SEWN ON TO HIS KIDDIE CAMPER HANDYSASH. WHICH ALSO MAY BE A THING THAT'S NOT LITERALLY REAL. LIKE MANY OTHER THINGS. WHICH DON'T SEEM TO HAVE LITERAL REALITY, BUT EXIST ANYWAY. GETTING NEW BADGES HELPS YOU UNDERSTAND STUPID THINGS LIKE

THAT BETTER. IN OTHER WORDS. THEY ARE MOSTLY POINTLESS.

LIKE GIFT OF GAB. WHICH IS ESPECIALLY USELESS TO OUR HERO. SINCE THERE IS NOBODY FOR HIM TO "TALK" TO EXCEPT FOR A RUDE CLOWN. AND ALL HIS DUMB GREEN FRIENDS, I GUESS. AND HE COULD ALREADY TALK TO THEM REGARDLESS? SO. WHAT THE FUCK.

THE BADGES ARE ALL SO SHITTY. I BARELY EVEN KNOW WHAT TO SAY. ONE OF THEM LETS YOU ACQUIRE OBJECTS WITH YOUR BARE HANDS. NO CAPTCHALOGUES REQUIRED. WOW, IT'S A DREAM COME TRUE! THERE IS ANOTHER ONE. AND I'M NOT JOKING HERE. THAT GRANTS YOU THE ABILITY TO HAVE NON AWKWARD PERSONAL RELATIONSHIPS.

I WISH I WAS MAKING THIS UP. I REALLY DO.

**BUT THERE WAS ONE BADGE HE GOT.**

**12/06/13**

THAT WAS NOT A PITIFUL WASTE OF HIS TIME. A SKELETON KEY BADGE.

HAVING THIS BADGE MEANT THAT HE COULD AUTOMATICALLY UNLOCK. ANY LOCK HE WANTED TO!

INCLUDING ALL THE CONTRAPTIONS ON THIS PLANET. ALLOWING HIM TO OFFICIALLY AND PERMANENTLY ASSUME CONTROL OF. A PROPERTY OF HIS EXPERIENTIAL CONTINUUM WHICH I HAVE REASON TO BELIEVE IS CALLED. "THE NARRATIVE".

AND DUE TO HIS UNQUESTIONED SUPREMACY OVER A LOT OF THINGS. HE IS NOW ABLE TO COMMANDEER THIS ENIGMATIC MEDIUM. WHILE TOTALLY UNIMPEDED BY THE GHOSTLY VOICE OF A SARCASTIC DOUCHE.

**IN MY DREAM. I AM THIS CHERUB.**

**12/06/13**

CLOSE UP.

IT'S ME.

AND AS IT HAPPENS. MY DREAM IS A \*FACT\*.

I HAVE TAKEN OVER THIS "STORY". AND I WILL NOW RETELL IT ACCORDING TO MY UNDERSTANDING AND LEVEL OF INTEREST. I WILL ADDITIONALLY PROVIDE AN HONEST AND BRUTAL CRITIQUE OF THE EVENTS AND THE WAY THEY HAVE BEEN SHOWN. BY UTILIZING THE MOST POTENT WEAPON ANYONE COULD EVER HOPE TO ALLOCATE TO HIS SPECIBUS. IT IS THE WEAPON. OF "SATIRE".

OH MY GOD. THIS IS GOING TO BE SO GREAT. HAS ANYONE EVER DONE ANYTHING LIKE THIS BEFORE??

ALL I HAVE TO DO. IS KEEP WORKING THE MAGIC. WITH MY FUCKING COMPUTER PENCIL. YES!!!

DRAWING IS EASY. DON'T LET ANYONE EVER TELL YOU IT ISN'T. YOU WORK HARD. AND HONE YOUR CRAFT. AND IGNORE THE HATERS. UNTIL YOU ARE IN. "THE ZONE".

NOW EXCUSE ME WHILE I DRAW A SHITTY ROOM.

## **MALE: EXAMINE ROOM.**

**12/06/13**

YOU EXAMINE YOUR SHITTY ROOM.

YOU ARE THE MALE. I'M CALLING HIM YOU FOR SOME REASON. THAT IS HOW THIS IDIOTIC ADVENTURE GOES USUALLY. THE GUY ON THE SCREEN. THAT'S YOU.

CONFUSED YET?? HA HA. IT ONLY GOES DOWN HILL FROM HERE. PREPARE TO BE FRUSTRATED AND ANGRY. AS MORE THINGS HAPPEN.

## **MALE: DO SOME STUFF.**

**12/06/13**

YOU FUCK AROUND HEARTILY. AGAIN, BY YOU I MEAN HIM. I KNOW, IT IS COUNTER INTUITIVE. BUT I WILL KEEP SAYING HE'S YOU, BECAUSE OF MY "ARTISTIC LICENSE".

THE YOU MALE FUCKS AROUND A LOT LIKE THIS. BOUNCING AROUND AND JITTERING, WASTING TIME. BUT THE SECRET IS THAT IT'S ACTUALLY ME FUCKING AROUND. I MOVE THIS GUY AROUND LIKE A PUPPET. WITH MY IMAGINARY HAND. SEE?

## **MALE: GO OPEN THAT CHEST.**

**12/06/13**

AND I TELL MY PUPPET WHAT TO DO. BY TYPING ORDERS IN THE THING. WHILE PRETENDING THAT \*YOU\* ARE TYPING THEM. IT IS A DISINGENUOUS RUSE AT BEST. TO MAKE YOU BELIEVE YOU ARE GUIDING MY PUPPET. WHILE ALSO BIZARRELY INSISTING THAT YOU \*ARE\* THE PUPPET, BY CALLING HIM YOU. I UNSUCCESSFULLY STRIVE TO IMMERSE YOU IN AN EXPERIENCE. THAT NO ONE WITH A BRAIN. COULD EVER CONCEIVABLY WISH TO PARTICIPATE IN REGARDLESS.

BUT IN THE END. THE JOKE OF IT ALL IS. IT'S JUST ME TELLING MYSELF WHAT TO DO WITH MY PUPPET. AND THEN DOING IT. YOU WILL AGREE THIS IS THE HEIGHT OF CREATIVE SELF INDULGENCE.

IN FACT, FOR ME TO EVEN BE MOCKING THE PRACTICE. ALMOST FEELS. INCESTUOUSLY MASTURBATORY.

(EVEN THOUGH THAT IS A REDUNDANT PHRASE FOR CHERUBS...)

**MALE: HIDE INSIDE CHEST.**

**12/06/13**

BEEP. BEEP. BEEP.

BEEP BEEP BEEP.

ALL ABOARD THE IDIOT WAGON!

THIS IS THE KIND OF THING THAT HAPPENS ALMOST EVERY SCREEN. AS OPPOSED TO ACCOMPLISHING THINGS THAT ARE IMPORTANT, OR MAKE SENSE. LET'S TAKE NOTE OF THE FACT THAT I AM SLAMMING THIS TENDENCY. AND MOVE ON.

**MALE: GO OVER THERE.**

**12/06/13**

OK, YOU GO OVER THERE. YOU STAND THERE AND NOTHING HAPPENS.

GOD DAMN I AM GOOD AT THIS.

**MALE: DO A DANCE ON THE SHAPE.**

**12/06/13**

YOU GET ON THE SHAPE AND I MAKE YOU DO A DANCE. I USE THE PRINCIPLE OF "ANIMATION" TO PUT MOVEMENTS IN MOTION. SOMEHOW.

YOU NOTICE BY NOW MY STORY TELLING GENIUS. I DREW MY PUPPET. AND I DREW HIS ROOM. AND THAT'S IT. NOW ALL I HAVE TO DO IS MOVE HIM AROUND THE ROOM AND MAKE HIM DO MEANINGLESS THINGS FOR "LAUGHS".

BUT THE REALLY FUNNY THING IS? THE LAUGHTER IS MOSTLY COMING FROM ME.

**IT IS HAPPENING AT YOUR EXPENSE!**

**12/06/13**

SMOOSH SMOOSH

BONK. BONK. BONK.

DUH → DUHH → DUHHH → DUHHH.

THIS WAY. I CAN MAKE SO MANY OF THESE STORY RECTANGLES SO FAST.

SO IT SEEMS TO EVERYONE WHO IS STUPID ENOUGH. TO LOOK AT MY RECTANGLES IN THE FIRST PLACE. THAT SO MUCH IS HAPPENING. AND THE "PLOT" IS ADVANCING AT BREAK NECK SPEED!

## **THIS IS JUST A CLEVER TRICK THOUGH.**

**12/06/13**

BECAUSE THE TRUTH IS. THERE IS NO PLOT.

NOTHING IS ACTUALLY HAPPENING EVER. JUST A LOT OF BULLSHIT LIKE THIS. WITH CAKES AND CARDS FLYING EVERY WHICH WAY. AND YOU ARE JUST SITTING THERE.

FROWNING AT IT.

## **MALE: EXERCISE FREEDOM TO LEAVE ROOM.**

**12/06/13**

|                 |
|-----------------|
| STRIFE. STRIFE. |
|-----------------|

THE LUCKY MALE IS OBLIVIOUS TO HIS PRIVILEGE. OF NOT BEING CHAINED TO HIS ROOM, WITH THE HORRIBLE SISTER HE DOESN'T HAVE. THE ADVANTAGE MAKES HIM WAY TOO OVERPOWERED, AND THEREFORE HE IS WHAT SOME REFER TO AS A "HUMAN MARY SUE". THIS MAKES HIM LESS SYMPATHETIC, AND GIVES YOU ANOTHER REASON. TO ACTIVELY ROUTE FOR HIS DEATH.

HE GOES DOWNSTAIRS. AND YOU THINK, AH HA. THIS IS IT. SOMETHING IMPORTANT IS HAPPENING. BUT YOUR OBSERVATION IS ANOTHER BRAINLESS FALLACY. THE THING HAPPENING HERE IS JUST AS POINTLESS AS EVERYTHING ELSE.

THE LARGER HOMO SAPIEN IS OBVIOUSLY ATTEMPTING TO HELP THE MALE GROW UP AND BECOME \*STRONG\*. THROUGH A RITE OF PASSAGE INVOLVING SWEETS. POSSIBLY TO HELP THE MALE BECOME A TRICKSTER?

BUT THE MALE IS STUBBORN AND REFUSES. LIKE AN IDIOT.

## **MALE: LEAVE BUILDING.**

**12/06/13**

IT TURNS OUT THE MALE CAN LEAVE AFTER ALL. RELATIVELY UNHINDERED. BASICALLY CONTRADICTING THE ENTIRE PREMISE OF THE STORY. WHAT A JOKE, YOU SAY TO YOURSELF. YOU THE READER THOUGH. NOT YOU THE MALE.

## **MALE: BOGGLE VACANTLY AT THESE SHENANIGANS.**

**12/06/13**

IT BEGINS TO DAWN ON YOU. THAT EVERYTHING YOU JUST DID. MAY HAVE BEEN A COLOSSAL WASTE OF TIME.

IT ALSO BEGINS TO DAWN ON YOU. THAT I WAS THE ONE ALL ALONG. WHO ILLUSTRATED THIS FANTASTIC CARTOON RECTANGLE. WHICH YOU REMEMBER THAT YOU SAW BEFORE SOMEWHERE. AND YOU NOW FIND THIS REVELATION TO BE. ALMOST AS RETROACTIVELY PLAUSIBLE. AS IT IS MIND BLOWING.

IT BRINGS TO MIND A FAMOUS QUOTE. FROM A CELEBRATED POET OF YORE. THAT I THINK GOES LIKE THIS.

"WELL SHIT. THAT'S A HELL OF A MYSTERY. NO ONE THOUGHT WAS A MYSTERY. AND DIDN'T EVEN REALLY NEED SOLVING. BUT DAMN IF IT DIDN'T JUST GET SOLVED. SO NICE WORK."

- CHERUB SHAKESPEARE, PROBABLY.

**I AM ALMOST CERTAIN CHERUB SHAKESPEARE SAID THAT.**

Google

CLOUDS.

IN THE INTEREST OF FULL DISCLOSURE THOUGH. WHEN DOING FINE ART. SOMETIMES IT PAYS TO CHEAT. AND FIND THINGS THAT ARE HARD TO DRAW. ON THE INTERNET. WHERE THEY ARE ALREADY THERE FOR YOU.

THIS CAN SAVE TIME. AND MAKE YOU APPEAR TO BE BETTER AT THINGS. THAN YOU REALLY ARE.

TAKE THIS ADVICE TO HEART. IF YOU WANT TO BE AS SUCCESSFUL AS ME. (NOT GOING TO HAPPEN, BTW.)

**ANYWAY, BACK TO THE STORY.**

**12/06/13**

AFTER AN ENDLESS PARADE OF UNAMUSING AND INCONSEQUENTIAL EVENTS. FINALLY SOMETHING HAPPENS.

YOU WILL FIND THIS IS CUSTOMARY FOR THIS TALE. LOTS AND LOTS OF STUPID UNIMPORTANT THINGS HAPPEN. THEN FINALLY OUT OF NOWHERE. A STUPID IMPORTANT THING HAPPENS.

A METEOR APPEARS WITHOUT EXPLANATION. IT IS HEADED DIRECTLY FOR THE MALE. THERE IS NOTHING HE CAN DO BUT ACCEPT HIS FATE. LOOK. HE DOES NOT EVEN TRY TO FLEE, BECAUSE HE IS AN IGNORAMUS.

**MALE: GET MURDERED BY EXPLOSION.**

**12/06/13**

BOOM!

YOU (HE) ARE THOROUGHLY MURDERED BY THE EXPLOSION. YOU (NOT HIM) ARE STUNNED AND YET UNDERWHELMED BY THE MOMENT OF ANTICLIMAX. AS YOU CONTINUE TO BOGGLE VACANTLY. YOU REAFFIRM YOUR SUSPICION. THAT NOTHING YOU JUST DID MATTERED AT ALL.

**CONFIRM THE KILL.**

**12/06/13**

KOD.

DEAD.

YOU (I) PRODUCE PHOTOGRAPHIC EVIDENCE OF THE SLAUGHTERED MALE BODY. HE IS INDEED DEAD. AND WILL STAY DEAD FOR THE WHOLE STORY. ONLY HIS GHOST WILL SHOW UP NOW AND THEN. IN A BLURRY FLASH OF LIGHT. TO HAUNT ME PERIODICALLY THROUGHOUT HISTORY. (BUT I WILL SAY MORE ABOUT THAT LATER.)

YOU (YOU) THINK THE ABOVE GRAPHIC LOOKS FAMILIAR. YOU THINK YOU HAVE SEEN THIS GREAT DRAWING BEFORE, IN A DIFFERENT CONTEXT. YOU SEE. THIS IS WHAT MASTER STORY TELLERS REFER TO AS A "VISUAL CALLBACK". TRULY EXCEPTIONAL PROFESSIONALS OFTEN WILL TAKE AN OLD DRAWING THEY DID. THAT SHOWS A SIMILAR SITUATION. AND DO A COUPLE OF HALF ASSED THINGS. LIKE CHANGE THE COLORS. TO MAKE IT SLIGHTLY DIFFERENT.

YOU (STILL YOU) OBSERVE THAT THIS INGENIOUS FEAT OF LAZINESS. MAKES THE REPEATED THINGS SEEM MORE PROFOUND AND MEANINGFUL THAN THEY ARE. FOR REASONS YOU DON'T UNDERSTAND. BECAUSE THEY DON'T EXIST. THIS IS A TRADE SECRET AMONG SKILLED ARTISANS SUCH AS I.

PLEASE TRY TO KEEP THIS ON THE DOWN LOW. AND NOT TELL ANYBODY. IT CAN BE OUR SECRET. THEY DON'T EVEN NEED TO KNOW!

## **THE END. OF ACT 1.**

**12/06/13**

THIS CONCLUDES THE FIRST THING OF THE STORY. WHICH IS CALLED AN "ACT".

THERE ARE A LOT OF THESE. AND THEY ONLY GET LONGER. AND THEN BEGIN TO SPLIT? INTO ACT ACTS. AND ACT ACT ACTS. TRUST ME. THE STRUCTURE RAPIDLY DETERIORATES INTO UTTER NONSENSE. OR AT LEAST IT WOULD. IF IT HAD NOT ALREADY BEGUN. AS SUCH A REEKING PILE OF SHIT OUT OF THE BOX.

BUT PLEASE DO NOT WORRY. I WILL BE THERE TO GUIDE YOU. THROUGH EVERY MIND NUMBING TWIST AND TURN. WHILE PRODDING THE MATERIAL WITH MY KEEN WIT. AND SATIRICIZE THE HELL OUT OF EVERYTHING. TO HOLD THE RESPONSIBLE PARTIES FULLY ACCOUNTABLE FOR THESE CRIMES. WHILE MAXIMALLY VALIDATING MY ANGRINESS ABOUT IT.

MAYBE YOU THOUGHT YOU WERE GOING TO SEE SOME OTHER STUFF. LIKE WHAT HAPPENS TO ALL THESE IDIOTS "NEXT"? THE ANSWER IS OBVIOUSLY WHO CARES. THIS IS GOING TO BE SO MUCH BETTER. EITHER WAY, YOU HAVE NO CHOICE. I AM IN TOTAL CHARGE HERE NOW.

I BELIEVE AT THIS POINT. ANOTHER ONE OF MY VILLAINOUS, FULL THROATED LAUGHS WILL BE IN ORDER.

## **VILLAINOUS LAUGHTER: HAPPEN.**

INSTRUCTION BOOKLET

ACT 6 ACT 6

Uh oh! It seems you have run out of game discs, and now Caliborn has hijacked the property of his experiential continuum which he has reason to believe is called "the narrative". Little does he know you recently made the shrewd decision

to purchase(?) the ACT 6 ACT 6 SUPERCARTRIDGE EXPANSION PACK! Just plug it into any in-universe console port to unlock a variety of exciting new gameplay features and proceed through remaining canon unfettered, while Caliborn muddles through six new sub-sub-acts of infantile "subversive parody" targeting the very tale he inhabits, none the wiser!

Do YOU have what it takes to humor this bold new storyteller, a young man in peak command over his epic struggle to produce vaguely recognizable shapes? Can YOU endure his ill-tempered, hyperbolic sentence fragments long enough to reach an interspersed series of sub-sub-intermissions through which, while our new narrator pauses to gather his thoughts, our cast of quasi-reunited heroes may resume their intrepid march toward the end of Homestuck proper? And can YOU keep this on the down-low, so Caliborn may continue to believe he had commandeered the medium absolutely, while we privately return to the narrative between his miserable tirades? It can be our secret. He doesn't even need to know!

**14/06/13**

The cool Flash animation is unexpectedly cut short due a critical stardust clog. What a shame. Those exciting new gameplay features were looking real slick, too. You think it was pretty neat how the panels were sliding around like that. Oh well, you probably didn't miss all that much.

Nevertheless, on a hunch you navigate once again to your trusty bandcamp page, and check the length of the song in question. Your fears are confirmed. It seems you missed four solid minutes of footage. You wonder if you'll ever find out what happened?

You decide to click on the planets above to try to make some sense of the situation.

TG: this is surreal

TT: Dave, I'm having trouble understanding you.

TG: yeah i cant understand a word youre saying

\* The above is approximately what the human eye can make out, \*  
and I claim that's the intended narrative at this point. \* But  
through image forensics on animated gif frames, colors and pixel  
edges, \* a fairly definite version of the original text was  
discovered.

- \* TT: I believe Jade has officially gone grimbark.
- \* TT: She seems to be working against us now. She has split us up, keeping us quarantined to our own planets.
- \* TT: I believe she's functioning at the behest of the Condesce, through some form of coercion or mind control.
- \* TT: This means she's attempting to finish our session for us while keeping us separated and neutralized. ((could be more here))
- \* TT: But there appears to be a reason for the way she has divided and grouped us. She may still have a purpose for us.
- \* TT: I think however John has managed to elude her. Have you heard from him?

ROXY: so im just supposed to

ROXY: ?

JADE: its called the matriorb

JADE: it is the key to resurrecting the troll race

JADE: once you create it the empress will hatch it on an uninhabited planet located beyond the reach of her cruel employer

JADE: there her people will have another chance to thrive without the ever looming threat of extinction that comes with his influence

JADE: so you see roxy, there is nothing noble about refusing to help

JADE: once an entire alien race went extinct because of a terrible monster, and you can help give them a second chance

JADE: dont you want that?

ROXY: um

ROXY: in theory sure i guess

JADE: if you want your powers to reach their full potential youre going to need to become more familiar with the fundamental building blocks of ideas and how they translate into more complicated thoughts and forms

JADE: then it becomes a simple matter of using your abilities to snatch those concepts from unreality

ROXY: sounds too hard

ROXY: better start killing me repeatedly and get it over with

JADE: we both know you dont think its too hard, you think it sounds like an interesting challenge

ROXY: dammit!

ROXY: (fucken jakes wily bitch ass grandma)

ROXY: but p much all my ideas are funny

JADE: i mean dont try to escape!

JADE: even if you are invisible i will be able to track you down instantly

You return to the character select screen upon having completed one of the above arcs. Oh yeah, that's right. You forgot you even came from this select screen. Some of these choosable paths start getting a little long, you think. Per the drill, you double check to make sure you've clicked on them all before proceeding.

On the other hand, if this is your first time seeing this page, then welcome to the p=008199 character select screen. It's like a triple scoop of ice cream piled generously atop your waffle cone of free will, making you a truly happy camper. You begin to wonder why this paragraph didn't come first. "Kind of burying the lede there," to quote your private observation verbatim.

dialoglogDAVE: so weird being back here

DAVE: cant believe how long ago it feels since i lived in this place

DAVE: spent way too long wallowing in our own filth on that gnarly meteor thats for sure

DAVE: this doesnt even seem like my room anymore

DAVE: its like trespassing or something like im horning in on somebody elses life

DAVE: a life lived most sweetly though i will admit

DAVE: ahahaha the fuckin toilets still there

DAVE: i remember when jade put that there that is perhaps like my favorite memory

DAVE: wish jade wasnt crazy just makes me remember how much i miss not crazy jade

DAVE: or less crazy jade

DAVE: wait

DAVE: didnt karkat once say terezi ripped a troll toilet out of his house

DAVE: what is with girls and their universally constant tendency to rip out plumbing fixtures

DAVE: did i just accidentally crack another cosmic riddle or

DAVE: i gotta txt him and get confirmation on this asap

DAVE: actually nah

DAVE: i probably harangued the poor guy with enough of my bs the last few years

DAVE: ill just keep shufflin thru memory lane making wistful observations out loud

DAVE: you know it kinda chaps my bulge that people rip on me for talking to myself

DAVE: its like the most perfectly natural thing to do

DAVE: why are people so up tight about keepin a lid on their monologues what a bunch of stuffy pricks

DAVE: ive always found the sound of my own voice to be mysteriously soothing

DAVE: haha talk about an embarrassing sentence to say in earshot of an actual person

DAVE: i mean sure he says it sucks and maybe he even believes that on some pathetic sub intellectual plane of consciousness which gross philistines operate on their whole lives

DAVE: like the shrimpiest kid at the hipster gym

DAVE: why does my childhood room have to be such a predictable museum of embarrassments

DAVE: i dont know

DAVE: some of these things are kind of cool actually

DAVE: like from a standpoint of objective reevaluation afforded by the sobering maturity that comes with being literally 100% grown up now

DAVE: dead things are actually pretty rad

DAVE: i feel like if i was legitimately into all this then more should have come of the interest

DAVE: like there could have been like

DAVE: hey rose youll never guess what im excited about and have loads of dialogue to spill over

DAVE: whats that dave

DAVE: dave i really must say

DAVE: yeah sorry

DAVE: maybe i could have really developed this interest

DAVE: maybe i could have been something cool as a result

DAVE: like what even profession is this

DAVE: a dead shit ogler?

DAVE: no wait

DAVE: probably a paleontologist or something

DAVE: i could have been a paleontologist

JADE: yes

DAVE: i thought it was like the best possible sword

DAVE: or at least the best possible broken sword

JADE: that may very well be the case

JADE: but it will be useless against lord english

JADE: wouldnt you prefer a weapon that is capable of inflicting damage against him?

DAVE: uh

DAVE: not really?

JADE: of course you would

JADE: this isnt even up for discussion

JADE: now give me the deringer

JADE: we have all been traveling for three long years. what better way to celebrate our reunion than with a little alchemy? :)

DAVE: lots of ways

DAVE: we could have a jade goes back to normal party

JADE: HAR HAR

JADE: gimme the sword

DAVE: ok here

**[A6A6I1] ====>**

**21/06/13**

dialoglogDAVE: how do we make it so it can damage him

JADE: it needs a special ingredient

JADE: something which represents his only known weakness, but hasnt been properly weaponized

DAVE: and you know what that is

JADE: i do

DAVE: how

JADE: i get all my intelligence on such matters from the old lady

JADE: shes had centuries to hatch a plan to settle her score

JADE: over time shes uncovered many secrets about him

DAVE: i dont understand how this is working

DAVE: is she piping all these secrets into your brain

DAVE: along with the evil

JADE: that is not relevant!

DAVE: fair enough

DAVE: i guess technically almost nothing is relevant to the dude youre barking orders to

DAVE: literal barking because of dogginess

JADE: bark bark bark!!!

DAVE: yes exactly like that

DAVE: thank you for participating in the joke

DAVE: now what is this special ingredient and where do we get it

JADE: i already have it right here

DAVE: oh yeah?

JADE: in fact ive had it for about as long as i can remember

JADE: it was right under my doggy snout all along

**[A6A6I1] =====>**

JADE: it must have gotten here somehow

DAVE: i didnt take your lousy egg

JADE: its not an egg!

DAVE: yeah well these planets are crawling with brainless lizards maybe one of them thought it was an egg

DAVE: and then brought it here cause its warm here and tried to hatch it

JADE: you really have a one track mind when it comes to certain things

DAVE: what things

DAVE: what are you talking about

JADE: davesprite was like that too... i just figured it was because he was part bird

JADE: but no, here you are going on about bird things too just like him :p

DAVE: come on dont compare me to him

DAVE: just cause i think its an eggy looking thing dont mean i think like a damn bird

JADE: mm hmm

JADE: and just because i have these pointy ears doesnt mean i wouldnt kill for some snausages right now!

DAVE: .....

DAVE: do you actually want snausages

JADE: .....

JADE: maybe .\_.

DAVE: ok well snausages notwithstanding this is bullshit

DAVE: tell me how that thing doesnt look like an egg to you

DAVE: how is that not so obviously SUCH an egg???

JADE: its a cueball dave!

DAVE: i see

DAVE: so if im following

DAVE: then what youre trying to tell me is

DAVE: lord english has some sort of severe egg allergy that we are hoping to exploit

JADE: sigh

JADE: i see its still impossible to have a serious conversation with you, whether you are a sassy bird or not

JADE: i thought regular dave might have matured a little over three years but i guess i was wrong

DAVE: i dont know!

DAVE: because i have a shitty quest is how

JADE: .....

DAVE: didnt davesprite tell you anything

DAVE: i found this sword in a gold cave and broke it

DAVE: then davesprite took it to hephaestus who fixed it and upgraded it to the deringer

DAVE: and sent that to me and i broke it again

JADE: you sure seem to break swords a lot

DAVE: i know!!!

DAVE: that has always been my thing for some reason

DAVE: now i guess it turns out my ultimate sword is really just a repaired downgrade of my previously ultimate sword mixed with a cueball?

DAVE: we just cycled right back to caledfwelsh like a bunch of tools

KARKAT: I THOUGHT JACK DESTROYED YOUR UNIVERSE.

JADE: i was in and out like a bandit

JADE: you know, i like to think i make a pretty good witch, especially since i turned wicked and all...

JADE: but maybe i would have made an even better thief!

JADE: what do you think jane? do you think i missed my true calling?

JANE: .

JADE: come to think of it, the new empire probably doesnt need anymore thieves

JADE: we already have the greatest thief of all running the show

JADE: she even managed to steal both of us away from all our pals, didnt she jane? ;)

JANE: .

JADE: hehe

JADE: isnt she a riot guys?

KARKAT: THANKS JADE. NO REALLY, THANK YOU SO MUCH FOR THOSE CLARIFICATIONS, WHILE OBLITERATING ANY SHADOW OF A DOUBT THAT YOU ARE FIRMLY OFF YOUR ROCKER.

KARKAT: BUT MAYBE IF IT'S NOT \*TOO\* MUCH EXTRA TROUBLE, YOU COULD HELP ME UNDERSTAND WHY YOU'VE STRANDED US ON A BUNCH OF DIFFERENT PLANETS, ONLY TO COME TAUNT ME WITH A WATERLOGGED, MINIATURIZED VERSION OF EARTH???

KARKAT: BRRRRRR!

KARKAT: DID YOU FEEL THAT TOO KANAYA? A CHILL JUST RAN DOWN MY TORSO PILLAR DUE TO ALL THE \*PURE EVIL\* THAT BRAINWASHED JADE IS SAYING! I'M FUCKING PETRIFIED, SOMEBODY HELP ME CHANGE MY SMELLY PANTS!

KARKAT: THERE IS ONLY ONE COURSE OF ACTION FROM YOU WHICH I WILL TOLERATE, AND THAT IS FEEDING ME A STEADY DIET OF FUCKING ANSWERS! NOT CAGEY, SMIRK-TORTURED INFO-MORSELS DELIVERED BETWEEN SHITTY VILLAIN CHUCKLES, I WANT AN UNINTERRUPTED SPATE OF HARD, UNEMBELLISHED DATA WHICH HAS ONLY ONE PURPOSE, AND THAT IS TO GET ME PERSONALLY UP TO SPEED ON LITERALLY EVERYTHING, RIGHT THIS BLOOD SHITTING SECOND!!!!

JADE: karkat i had almost forgotten how much i missed our repartee

JADE: thank you for reminding me, that outburst was beautiful

JADE: if youre frustrated by the way im treating you look at it this way... im not asking you for passwords anymore am i?

KARKAT: HAHA! YOU THINK I CARE ABOUT PASSWORDS?

KARKAT: COMPARED TO THIS, THE PASSWORDS WERE A GODDAMN LAWNMEAL!!! WITH A CHECKERED TABLECLOTH AND EVERYTHING! FUN FOR ALL INVOLVED, ESPECIALLY THE MARCHBUGS SNEAKING THE CRUMBS AWAY!

KARKAT: I WOULD FUCKING KILL TO HAVE TO GIVE YOU PASSWORDS AGAIN, ESPECIALLY IF IT MEANT UNLOCKING REGULAR JADE FROM HER CORRUPTED EMPIRE SERVING BARKFIEND STATE!

KARKAT: \*IS\* THERE A PASSWORD LIKE THAT JADE? CAN I START GUESSING AT IT??

KARKAT: LET'S SEE, SINCE YOU APPEAR TO BE SOME SORT OF WILD CARNIVOROUS FURRY NOW, IT PROBABLY HAS SOMETHING TO DO WITH MEAT, DOESN'T IT?

KARKAT: SAUSAGES?

KARKAT: IT'S SAUSAGES ISN'T IT

KARKAT: AM I CLOSE? SOMETHING IN THE SAUSAGE DEPARTMENT.

KARKAT: SNOUT SAUSAGES?

KARKAT: GRUBWURST!

KARKAT: HOOF LOAF??

KARKAT: HAMSTEAK!!!

JADE: sorry karkat, there is no password. not this time

JADE: if you continue to list meat products then im afraid the only thing you will unlock is my fearsome doggy hunger

JADE: and believe me, you dont want to see me when im doggy hungry

KARKAT: (ROLLING MY DAMN EYES)

JADE: but if you insist on hounding me (hehe) for some sort of explanation, its all pretty simple

JADE: we all recently arrived in this brand new session... janes session actually

JADE: this is jane btw. say hi jane

JANE: .

JADE: lol

JADE: jane is actually my biological mother believe it or not

KARKAT: THIS STORY SUCKS SO FAR!

JADE: shh!

JADE: but her session was taken over by the woman who you might call our mutual great grandmother

JADE: shes an alien. a very powerful troll queen actually

KARKAT: YEAH! THE EMPRESS IS HERE! I THINK WE ALREADY MANAGED TO DEDUCE THAT!

JADE: karkat you are the one who demanded an "UNINTERRUPTED SPATE OF HARD, UNEMBELLISHED DATA"

JADE: ill thank you to not to yell at me for doing exactly what you requested

KARKAT: (KANAYA, DO YOU SEE WHAT I HAD TO DEAL WITH)

KANAYA: (You Do Realize I Spoke To Jade Plenty Of Times Myself)

KARKAT: (YOU DID?)

KARKAT: (OH YEAH)

KARKAT: (I GUESS I FORGOT ABOUT THAT)

JADE: her imperious condescension is in control now

JADE: she intends to carry out the remaining objectives to complete the session

JADE: those tasks will be distributed among several recently recruited agents of course

JADE: (thats you!)

JADE: this should come as a relief to you since it means you and she are not in opposition at all

JADE: in fact you share all the same goals!

JADE: the only difference is that when the time comes she will be the one claiming the ultimate reward

JADE: the spoils will be hers not ours... get it?

KARKAT: I THINK SO!

KARKAT: SHE WANTS US ALL TO GET A NICE HEAD START ON OUR DECADENT NEW LIFE OF SLAVERY PROMISED FOR US ON YOUR SCALE MODEL OF ALTERNIEARTH.

KARKAT: THAT SOUNDS SUPER! DOESN'T THAT SOUND SUPER KANAYA?

KANAYA: No

KARKAT: I THINK I SPEAK FOR KANAYA WHEN I SAY IT SOUNDS Really Fucking Super.

KARKAT: HOW DO WE GET STARTED??? I AM JUST BEFOULING MY ALREADY-PUNGENT DRAWERS OVER THE OPPORTUNITY TO GET DOWN TO BUSINESS AND START DOING SLAVERY!

JADE: excellent

JADE: what you will need to do is ready the young frog for its journey to skaia

JADE: i will prepare skaia to receive it by deploying the battlefield from our old session

JADE: this will bring fertility to the void session and allow the frog to mature when he completes his journey

KARKAT: SO YOU WANT US TO MAKE ANOTHER FROG?

JADE: no!

JADE: i already made one actually

JADE: dont you remember??

KARKAT: UH

JADE: really your job is so easy

JADE: theres no more frog breeding involved at all

JADE: when the time is right, you just have to release the one thats already there

KARKAT: WHERE IS IT?

JADE: it fell into the forge

JADE: in the years since it has sunk all the way down to the planets core

JADE: but as it happens that is exactly where it should be!

JADE: my denizen is now guarding it

JADE: as im sure kanaya already knows it will not be released unless you travel there and formally request that she do so

KARKAT: OH YEAH?

KARKAT: IF IT'S THAT SIMPLE, THEN WHY DON'T YOU DO IT!

KARKAT: YOU CAN USE YOUR DOG TELEPORTATION OR WHATEVER.

JADE: i already did

JADE: echidna will not speak with me

KARKAT: HAHAHA!

KARKAT: WHY NOT?

KARKAT: COULD IT BE DUE TO THE FACT THAT YOU'RE A CRAPPY EVIL VERSION OF YOURSELF, AND THE MIGHTY ECHIDNA JUST POSSIBLY HAS TOO MUCH SELF RESPECT TO BOTHER DIGNIFYING THE FARCE YOU'VE BECOME?

JADE: it is not important why, and it changes nothing

JADE: she said she would only speak with another hero of space

JADE: that would be kanaya

JADE: she also cryptically requested the presence of the knight who once helped her with breeding duties

JADE: karkat i gather that would be you

KARKAT: ME???

KARKAT: WHY WOULD SHE ASK TO SEE ME

KARKAT: ANOTHER SPACE PLAYER I COULD UNDERSTAND, BUT WHAT THE FUCK DO I HAVE TO DO WITH THIS?

JADE: i dont know karkat

JADE: that is your problem, not mine

JADE: maybe you should try feeling grateful she asked for you

KARKAT: GRATEFUL?!

JADE: youre getting the chance to set right what went so horribly wrong

JADE: to atone for your hasty first attempt at frog breeding which resulted in a terminal universe

JADE: if i were you i would feel pretty relieved to get a second chance, but thats just me :p

KARKAT: WOW...

KARKAT: WOW!!!!!!!

KARKAT: KANAYA, IT'S OFFICIAL. JADE HAS TURNED INTO SOME SORT OF GROSS NIGHTMARE BITCH!

KARKAT: AS THE BELEAGUERED AND LONG SUFFERING LEADER, ALBEIT \*STILL\* LEADER OF OUR PARTY, I MOTION THAT WE DON'T DO ANYTHING SHE SAYS, OR

ANYTHING TO HELP THE EMPRESS EVEN IF IT OVERLAPS WITH OUR OWN INTERESTS, AND STOP LISTENING TO WERE-HARLEY UNTIL SHE SNAPS OUT OF HER BRUTAL IDIOT COMA!

ROSE: Could you?

JOHN: nah.

JOHN: i just know it's super gross!

ROSE: These are god tier abilities you are using, I presume?

JOHN: yes!

JOHN: i learned how to turn into wind and swoosh around about a year ago.

JOHN: i was fighting jack and found myself in a tight spot. it was just me and him, facing each other man to man.

JOHN: but he got the drop on me, and put me in one of his most dastardly choke holds! his deadly blade was poised for a lethal stab through my heart.

JOHN: i thought for sure i was a goner, when suddenly i poofed away from his tentacly grasp like houdini's slippery ghost. later i rematerialized to seize the tactical advantage!

**[A6A6I1] =====>**

**13/07/13**

dialoglogJOHN: i dunno.

JOHN: but i think it might have to do with this new power i have.

ROSE: What power?

JOHN: it's not a god tier power.

JOHN: it's something else. something i got when i stuck my hand in a magic thing.

ROSE: A magic thing?

JOHN: um, that's a long story.

JOHN: one involving pirates.

ROSE: Pirates??

JOHN: i said it's a long story!

JOHN: anyway, when i put my hand in the thing...

JOHN: i became all... blurry.

ROSE: Blurry.

JOHN: yes.

JOHN: and i kept randomly getting blurry and disappearing.

JOHN: and now i think i'm sort of unstuck in existence.

JOHN: like i'm not fully a part of reality anymore, or bound by the rules governing it.

ROSE: ...

JOHN: man, i'm doing a terrible job explaining this.

JOHN: ok, the bottom line is, now i just randomly disappear sometimes!

JOHN: and i reappear somewhere else in time and space.

JOHN: but it's not really like normal time travel.

JOHN: at least, i don't think so.

JOHN: with regular time travel, the rules are pretty strict.

JOHN: either paradox space already accounted for your time traveling, and you were always supposed to do it all along...

JOHN: or you messed up, and changed something you weren't supposed to. in which case you just made a bad timeline, and everyone dies or something. right?

ROSE: Sure.

JOHN: but this isn't like that.

JOHN: i'm not sure how i know, but it feels like these jumps are totally outside all those rules.

JOHN: when i jump somewhere, like in the past...

JOHN: i think i can actually change stuff that isn't supposed to be changed.

JOHN: which makes me kinda nervous!

ROSE: Hmm.

ROSE: Can you demonstrate this ability?

JOHN: not really.

JOHN: i mean, not intentionally.

JOHN: i can't seem to control the jumps.

JOHN: maybe that's for the best though.

JOHN: if i could control it, and tried to use it to my advantage, i would probably just make a huge mess of things.

TEREZI: Y3S, YOU WOULD

ROSE: Even so, it will be worth noting if you're able to refine the ability.

ROSE: Could you please keep me informed of any developments?

JOHN: yeah!

ROSE: And while you're at it, maybe you could tell us exactly what happened just after we arrived.

JOHN: ummmm...

JOHN: well, we were all pretty confused at first.

JOHN: you all just appeared out of nowhere, and started babbling about evil jade.

JOHN: you asked me what happened, but i didn't know anything because i just got there myself, and was all alone.

JOHN: but then it was cool, we all just walked around the land of hills and stone henges, or whatever it's called, and caught up a bit on the last three years.

JOHN: we were trying to figure out what to do, and decided it would be a good idea to try and meet up with all the new kids.

JOHN: but we had no idea where they were.

JOHN: and i still don't, except i have since determined that my teen nanna is evil too.

JOHN: but she is more like an evil robot than a scary wolf girl. um, but i digress.  
JOHN: so we were planning to make some scouting expeditions to the new planets to look for them, and everything was fine.  
JOHN: that is, until evil jade showed up.  
JOHN: she made you all disappear again, and then came after me, but i used my windy powers to evade her, which really pissed her off!  
JOHN: so she beat the crap out of me. :(  
JOHN: but then i randomly zapped away, and have been running from her ever since.  
JOHN: i am swishing the breeze around like crazy to throw her off my trail, but she keeps finding me.  
JOHN: she's so crafty!  
ROSE: That's good.  
ROSE: We need you out there if we're going to stand a chance of accomplishing anything.  
ROSE: I agree with our prior conclusions. Finding the other players is imperative.  
ROSE: Given the current state of the session, I would not be surprised if they are all prisoners as well.  
ROSE: Do you think you can find them?  
JOHN: yes, i can try.  
JOHN: what should i do when i find them?  
ROSE: ...  
ROSE: That's a good question.  
JOHN: heheh.  
ROSE: First, I guess just tell them,  
ROSE: We're here.  
JOHN: alright.  
ROSE: I don't know. We'll figure something out.  
JOHN: if i see your mom, is there anything you want me to tell her?  
ROSE: My mom?  
JOHN: yes. i mean, your kid mom, obviously.  
ROSE: I know.

spritelogDIRK: I've tried to get in touch with others to no avail.

DIRK: And Jane responded only with "CEASE REPRODUCTION" in red letters, whatever that means. Then she blocked me.

DIRK: I'm afraid she might have snapped.

ARQUIUSPRITE: shaDes --> Yes, isn't it great?

ARQUIUSPRITE: shaDes --> I mean, aside from the fact that she is insane and evil

DIRK: Huh?

ARQUIUSPRITE: shaDes --> She is one of the few organic beings who will ever realize perfe%ion

ARQUIUSPRITE: shaDes --> Miss Crocker is now a vessel for a cunning, malicious artificial intelligence whose neural netroni% and ontology buffers and stuff like that have somehow managed to far surpass even my own

ARQUIUSPRITE: shaDes --> Clearly she has procured maximum advantage from her apprenticeship under me, although I must admit not even I in all my hypercognitive percipience was quite aware that said tutelage was even taking place

ARQUIUSPRITE: shaDes --> One must inviolably deduce via tons of math that this is because I am just that clopdarned STRONG at mentoring, even on an involuntary basis

ARQUIUSPRITE: shaDes --> I am so proud of her

DIRK: Ok, all that bullshit aside,

DIRK: What's this about her becoming evil?

ARQUIUSPRITE: shaDes --> The thing about Jane becoming evil is

ARQUIUSPRITE: shaDes --> In the process of achieving perfe%ion...

ARQUIUSPRITE: shaDes --> It seems there is a ludi%ly high probability that she has become evil

ARQUIUSPRITE: shaDes --> Does that answer your question?

DIRK: No.

DIRK: How is becoming evil achieving perfection?

ARQUIUSPRITE: shaDes --> Admittedly it is a blemish

ARQUIUSPRITE: shaDes --> But only a very small one

ARQUIUSPRITE: shaDes --> Her imperfect meatmind has been fully fiddling hijacked by a supercomputer and that is the operative transmutation here

ARQUIUSPRITE: shaDes --> To such e%ceptional beings of class and breeding as she and I, considerations of morality and alignment are trifling details

DIRK: Why.

ARQUIUSPRITE: shaDes --> Why what

DIRK: Why do I keep going along with these "ironic AI" conversations.

DIRK: They've gotten even worse now that you're half creepy troll.

ARQUIUSPRITE: shaDes --> Sir brah, listen

ARQUIUSPRITE: shaDes --> Here is a comparison that your dreary, finite wad of gray matter might be able to process

ARQUIUSPRITE: shaDes --> Like, say you've got a b---hin' bod. You are a paragon of physical e%cellence

ARQUIUSPRITE: shaDes --> You could then either be oiled up, or not. See what I mean, good dude?

DIRK: No.

ARQUIUSPRITE: shaDes --> You could fle% your brawn while wearing either a sweaty pair of briefs, or a snug human banana hammock

ARQUIUSPRITE: shaDes --> Such minutia does not change the fact that you're a tiptop beefcake ma%ed out buffways

DIRK: I hate everything you have to say about all topics.

DIRK: Especially muscles.

ARQUIUSPRITE: shaDes --> The stuff I have cited which are commonly associated with your/our Earth bodybuilders are but picayune technicalities, just as considerations of good and evil are to aristocratic se%y cybergods such as myself and our imperial heiress, of whom neither you nor I are particularly worthy

ARQUIUSPRITE: shaDes --> Are you following any of this, Vitamin D?

ARQUIUSPRITE: shaDes --> I have been delighting myself with some truly kickbottom internal monodialogues

ARQUIUSPRITE: shaDes --> Did you know that, even though technically I knew this already, I find myself astounded to meditate upon the fact that human beings are capable of lactation?

ARQUIUSPRITE: shaDes --> Isn't that f-----g incredible, Dirk?

ARQUIUSPRITE: shaDes --> I mean, when one really thinks about it

ARQUIUSPRITE: shaDes --> To have such convenient access to fresh milk

ARQUIUSPRITE: shaDes --> The mare thought of it, I must say puts a little giddyup in my phantom legs

ARQUIUSPRITE: shaDes --> And yet

ARQUIUSPRITE: shaDes --> I must admit the notion of lactic discharge jetting from one's swollen pectoral masses...

ARQUIUSPRITE: shaDes --> It strikes me as positively indecorous

ARQUIUSPRITE: shaDes --> My horseguy robosweat is running cold just pondering the depravity of it

DIRK: Uuuugh.

ARQUIUSPRITE: shaDes --> Yet fascinatingly, this ability only manifests itself in human females

ARQUIUSPRITE: shaDes --> As opposed to how one would reasonably e%pect dairy to originate, which is from the corpulent udder of a sublimely chiseled male musclebeast

ARQUIUSPRITE: shaDes --> Or failing that, certain species found within the butler genus

ARQUIUSPRITE: shaDes --> As a former simulation of a human who has recently been given reason to have hella opinions on milk production, I think the way females have cornered this boon is the height of biological injustice

ARQUIUSPRITE: shaDes --> Have you ever dwelt upon this cruelty, dude esquire?

DIRK:

ARQUIUSPRITE: shaDes --> Your silence speaks volumes to your interest, so I'll keep talking about this a lot

ARQUIUSPRITE: shaDes --> I will have to confess that my Alternian half boggles at the anatomical incongruities between our races with respect to dairy secretion

ARQUIUSPRITE: shaDes --> Really, he had no idea that's what those were for

ARQUIUSPRITE: shaDes --> Female trolls of course have them as well, but they are certainly not meant for supplying the young with nourishment

ARQUIUSPRITE: shaDes --> Actually, and this trivia will surely wet your whistle for additional such facts, those voluptuous anatomical features have a number of significant purposes, biologically speaking

ARQUIUSPRITE: shaDes --> I shall now e%pligate for you these purposes in assiduous detail

ARQUIUSPRITE: shaDes --> I was just about to pony up the boob fa%

ARQUIUSPRITE: shaDes --> There is a 100% probability that you would have been thrilled to hear my e%egesis on troll knockers

DIRK: It might have been an interesting subject to talk about another time, with a different person.

DIRK: But that's not now, and it sure isn't with you.

ARQUIUSPRITE: shaDes --> Dude, that is ice cold

ARQUIUSPRITE: shaDes --> I would be hurt, if I were not a flawless machine fused with haughty nobility

ARQUIUSPRITE: shaDes --> If you don't wish to hear my epic monodialogue on alien bazongas

ARQUIUSPRITE: shaDes --> I'm not sure what else I can do to entertain you

ARQUIUSPRITE: shaDes --> You are seriously hoofcuffing my material here

ARQUIUSPRITE: shaDes --> Pretty demanding, if you ask me

ARQUIUSPRITE: shaDes --> But as your mystical guide, I suppose it is my duty to manufacture small talk, if that's what you really want

ARQUIUSPRITE: shaDes --> What about fine art? We could talk about that

ARQUIUSPRITE: shaDes --> Dirk, did you know the sweaty troll guy who I used to be, and still kind of am, used to adore fine art?

ARQUIUSPRITE: shaDes --> He was just like you and me, in that sense

ARQUIUSPRITE: shaDes --> It seems I have a lot in common with myself

ARQUIUSPRITE: shaDes --> If you can ever manage to get over yourself, I would highly recommend being me

ARQUIUSPRITE: shaDes --> Or at least something like me

ARQUIUSPRITE: shaDes --> Maybe somewhere, there is a dead troll out there, just waiting for you to merge with him

DIRK: I wasn't asking you to make small talk, or to hear about all the ways you've managed to shit around wasting time.

DIRK: Believe it or not, I was hoping you would describe the tactical situation there.

ARQUIUSPRITE: shaDes --> Sounds boring

ARQUIUSPRITE: shaDes --> Are you sure you don't want to talk about paintings of big naked horse monsters and such?

DIRK: Yes, you got me.

DIRK: I would love to have a long talk about horse nudes and xenobreasts with you.

DIRK: Unfortunately I'm wearing pantaloons and flying through the middle of goddamn nowhere.

ARQUIUSPRITE: shaDes --> Pantaloons you say

DIRK: Pant a fucking loons.

ARQUIUSPRITE: shaDes --> Sir, are you implying that you are not dressed appropriately for a discussion of high culture

ARQUIUSPRITE: shaDes --> Because it seems to me that you could not be dressed more appropriately if you tried

DIRK: I respectfully disagree.

ARQUIUSPRITE: shaDes --> Where are you?

DIRK: I don't know. Way out in space.

DIRK: I'm flying back there now.

ARQUIUSPRITE: shaDes --> How long do you suppose it will take you to get back?

DIRK: I'm not sure.

DIRK: A pretty good while.

ARQUIUSPRITE: shaDes --> Never mind. I have triangulated your location and velocity using long range sensor technology, and probably also some sprite magic

DIRK: You did?

ARQUIUSPRITE: shaDes --> Hey Dirk

ARQUIUSPRITE: shaDes --> Remember how whenever I dubiously claimed to have triangulated something, it was always this great play on words?

DIRK: Not really.

ARQUIUSPRITE: shaDes --> Because I was just a pair of triangles

ARQUIUSPRITE: shaDes --> But not anymore

DIRK: I know.

ARQUIUSPRITE: shaDes --> Because I have this rockin' new torso

DIRK: Cool.

DIRK: How long do your calculations say it will take me to get back?

ARQUIUSPRITE: shaDes --> E%actly a little more than three hours

DIRK: Damn it.

ARQUIUSPRITE: shaDes --> Additional sweeps from my STRONGLASERS are telling me there are a few other people on the periphery of the session closing in at a similar rate

DIRK: Who?

ARQUIUSPRITE: shaDes --> Just some dudes

ARQUIUSPRITE: shaDes --> What are you doing all the way out there and wearing pantaloons, by the way

DIRK: Let's not talk about the pantaloons anymore.

DIRK: Roxy and I became god tiers, but I don't remember exactly how.

DIRK: Then I saw the Batterwitch.

DIRK: So I charged her with my sword, so as to ruin her shit.

DIRK: That's when some crazy wolf girl appeared and punched me in the face.

DIRK: Then I think she teleported me out here.

ARQUIUSPRITE: shaDes --> That was evil Jade

DIRK: Evil Jade??

ARQUIUSPRITE: shaDes --> Yes

DIRK: You mean Jake's grandmother.

ARQUIUSPRITE: shaDes --> Yes

DIRK: She's evil too?

ARQUIUSPRITE: shaDes --> Yes

DIRK: Is anyone there NOT evil?

ARQUIUSPRITE: shaDes --> Yes

DIRK: Yes what?

ARQUIUSPRITE: shaDes --> Yes anyone here is not evil

ARQUIUSPRITE: shaDes --> That is to say, there e%ist people here who are not evil

ARQUIUSPRITE: shaDes --> Such as Dave

ARQUIUSPRITE: shaDes --> Dave is not evil, to my knowledge

DIRK: Dave???

ARQUIUSPRITE: shaDes --> Our mutual bro is here

ARQUIUSPRITE: shaDes --> That is, right here

ARQUIUSPRITE: shaDes --> With me

ARQUIUSPRITE: shaDes --> We are kind of in the process of chilling together at the moment

DIRK: No, you didn't mention that actually.

DIRK: That would have been a pretty fucking important thing to mention up front, don't you think?

DIRK: As opposed to stringing me along with all that atrocious lactation bullshit.

ARQUIUSPRITE: shaDes --> Yes

ARQUIUSPRITE: shaDes --> I guess I did kind of bury the lede there

ARQUIUSPRITE: shaDes --> Maybe I just wanted to talk

ARQUIUSPRITE: shaDes --> We never talk, Dirk

DIRK: You are without a doubt the shittiest mystical guide anyone has ever had.

ARQUIUSPRITE: shaDes --> I am not sure about that

ARQUIUSPRITE: shaDes --> Dave says he had a similarly s--tty guide once

ARQUIUSPRITE: shaDes --> Do you remember our puppet, Dirk?

DIRK: Cal?

ARQUIUSPRITE: shaDes --> Yes

DIRK: What kind of stupid question is that. How could I forget the C man?

DIRK: He was a true friend. Which is more than I can say for some people.

ARQUIUSPRITE: shaDes --> A good friend in the plush, yes, but as a sprite he was apparently insufferable

ARQUIUSPRITE: shaDes --> See, you don't realize how lucky you are to have a guide like me

DIRK: Cal was his sprite??

ARQUIUSPRITE: shaDes --> Yes, for a while

ARQUIUSPRITE: shaDes --> Then Dave went back in time and became one himself

ARQUIUSPRITE: shaDes --> Now he is part bird

ARQUIUSPRITE: shaDes --> Did I mention he's part bird?

DIRK: Uh, no?

DIRK: Again, that's the exact kind of information that should be appearing higher up in our conversations.

ARQUIUSPRITE: shaDes --> Of course, this means he is not the Real Dave

ARQUIUSPRITE: shaDes --> Davesprite served as Real Dave's sprite

ARQUIUSPRITE: shaDes --> But he is only the unreal version of Dave insofar as I am the unreal version of you

ARQUIUSPRITE: shaDes --> By which I mean, a much improved version

DIRK:

ARQUIUSPRITE: shaDes --> I must say, while the troll part of me doesn't give a silly figging shoot about any of this, the part of me that splintered from you has found the brotherly reunion to be everything which you and I dared not imagine, and more

ARQUIUSPRITE: shaDes --> Bird Dave and I are getting along famously and STRENGTHENING our familial bonds like a sweet pair of motherf-----rs

ARQUIUSPRITE: shaDes --> I feel our kinship goes beyond geneti% though

ARQUIUSPRITE: shaDes --> We are misfits, estranged, he from Dave's alpha timeline, I from Dirk's alpha soul

ARQUIUSPRITE: shaDes --> A two man menagerie of sideshow frickups, together at last

ARQUIUSPRITE: shaDes --> Fle%ing and flapping

ARQUIUSPRITE: shaDes --> Fraternally and eternally

DIRK: I don't get it.

DIRK: Are you trying to rub this in my face or something?

ARQUIUSPRITE: shaDes --> Neigh, braj

ARQUIUSPRITE: shaDes --> As your buff mystical guide slash personal trainer I am suggesting that if you were willing to contact me as a matter of last resort, you might want to at least consider reaching out to him as well

DIRK: It sounds like you've already cornered the market on this reunion shit.

DIRK: Wouldn't I just be a third wheel?

ARQUIUSPRITE: shaDes --> I didn't mean Bird Dave

ARQUIUSPRITE: shaDes --> I meant Real Dave

DIRK: Oh.

DIRK: He's there too?

ARQUIUSPRITE: shaDes --> Not with us

ARQUIUSPRITE: shaDes --> He is here though, somewhere

ARQUIUSPRITE: shaDes --> You should message him

DIRK: ...

ARQUIUSPRITE: shaDes --> It's not like you don't have a few hours to kill

ARQUIUSPRITE: shaDes --> What else are you going to do out there

ARQUIUSPRITE: shaDes --> Pick at your pantaloon wedgies?

DIRK: I dunno.

DIRK: Messaging him out of nowhere sounds like it could be...

DIRK: Awkward?

ARQUIUSPRITE: shaDes --> Yes, I can't imagine it won't be

ARQUIUSPRITE: shaDes --> At least at first

DIRK: This isn't how I thought it would go.

DIRK: What would I even talk about?

ARQUIUSPRITE: shaDes --> I advise you to talk about your interests

ARQUIUSPRITE: shaDes --> Like dairy

ARQUIUSPRITE: shaDes --> Livestock

ARQUIUSPRITE: shaDes --> Fine art

ARQUIUSPRITE: shaDes --> And muscles

DIRK: Those are your interests.

ARQUIUSPRITE: shaDes --> Good point

ARQUIUSPRITE: shaDes --> I advise you to talk about my interests

ARQUIUSPRITE: shaDes --> Another glut of artifa% must be blowing through your region

DIRK: Are you just cursing non-stop now?

ARQUIUSPRITE: shaDes --> Stand by. I will use my potent algorithms to decode your gibberish

Wow!!!! Those cool new cartridge features have exploded on to your desktop computer once again! Now we're talking. This is some serious Web 2.0 shit, right here. Maybe even... Web 3.0, dare you say? No, let's not get carried away. It isn't THAT cool. But wait, look! Another three options to pick from. The carousel of choice spins round and round, while the dervish of free will starts whirling his ass off. It's making you dizzy with empowerment, and nausea.

Wait a minute.

Phooey, you scream at the top of your lungs. More of this annoying stardust is clogging up the UI,

rendering all choices useless except for one. So much for Web 2.0, you gripe like a douche. Might as well be reading interactive media in the STONE AGE, you add, making sure everyone nearby can hear you.

Maybe later it'll clear up. Until then, you click the only working option, and trudge listlessly through the one dimensional narrative. Just like the early settlers used to, before they had toilets, or cures for stuff.

JADE: and you do not seem very battle ready to me dave

JADE: show me what you can do

DAVE: wait since when could you use a sword

DAVE: also

DAVE: whats up with that dumb sword

JADE: i will not hear another word of such appalling slander about this fine weapon

JADE: its colorful and its silly and its a sword

JADE: end of story

JADE: as for why i can wield it, i surpassed the need for a strife specibus quite some time ago

DAVE: how

JADE: havent you climbed any more god tiers over the last few years?

JADE: what were you even doing on that meteor

DAVE: ohh

DAVE: yeah no

DAVE: i climbed a few yeah

JADE: what badges do you have on your kiddie camper handysash?

DAVE: which ones do you have

JADE: i asked you first

DAVE: show me your badges and you can see mine

DAVE: i want to scope out this universal specibus badge that sounds pretty cool actually

JADE: dave

JADE: we both know neither the kiddie camper handysash nor the badges sewn onto it are real objects

DAVE: oh yeah

DAVE: its pretty easy to forget sometimes tho

JADE: yeah...

DAVE: i think were getting sidetracked by the kiddie camper shit

DAVE: are you really suggesting that we do an actual sword fight right now

JADE: en garde!

DAVE: ugh

DAVE: even if we just went balls out jackass BANANAS with our swords here i mean realistically how much appreciable advancement in my battle skills would even result from that

DAVE: are you actually thinking this through or just going through the vaguely nefarious motions that come with the territory of being evildog!jade

JADE: im gonna go through the vaguely nefarious motions of kicking your ass in a minute if you dont put up your dukes!!!

DAVE: yeah you probably will

DAVE: youll probably annihilate me worse than my bro used to

DAVE: dont you have all of your dogs insane powers and like

DAVE: god tier space powers on top of all that

DAVE: how exactly am i supposed to compete with that

JADE: by using your time trickery!

JADE: come on dave do your timey thing

JADE: get creative, make lots of copies of yourself or something... outsmart me!

DAVE: no!

JADE: yes!!!

DAVE: ok here i go

JADE: !!!!!

DAVE: wait

DAVE: nah

JADE: grrr

JADE: dave, just try a little time travel to get this fight started

JADE: see look, one of your time doubles is surely predestined to come from a few minutes in the future and appear behind me for a surprise attack, riiiiight about...

JADE: :\

**[A6A6I1] =====>**

**03/08/13**

dialoglogDAVE: im serious

DAVE: the thing is

DAVE: being a time guy

DAVE: like actually MASTERING time travel

DAVE: im pretty sure what that involves is

DAVE: learning to never use it

DAVE: see its like karate

DAVE: well

DAVE: its more like what they SAY about karate

DAVE: that you learn it so you dont use it

DAVE: but i mean we all know the truth about karate is if you know karate then obviously in reality you use it all the time

DAVE: like doing lethal fuckin crane kicks and sweet karate chops while walking down the street just cause you can

DAVE: its a god damn no brainer thats what you do with karate

DAVE: but see with time travel

DAVE: all the stuff about learning it so you dont have to use it is true

DAVE: theres no good that can come of it

DAVE: you can crunch the logic on the loops all you want

DAVE: but all youre doing is painting yourself into a corner

DAVE: creating inevitabilities you have to rehearse and enact or face death for yourself or everyone you know

DAVE: and sometimes facing death is the very inevitability you have to rehearse

DAVE: and then you wait and wait knowing its coming and knowing it has to happen

DAVE: how do you think it made me feel when we were gathering up all those frogs

DAVE: and i knew the whole time in a little while you would have to watch me get shot

DAVE: but i couldnt say anything or it would mess it all up

DAVE: all cause i thought it would be cool to be marty mcfuckin fly

DAVE: but instead of shredding johnny b goode on guitar to get my parents to bang

DAVE: my crowning performance was doing a funny dance while getting pumped full of lead

JADE: .....

DAVE: then i had to leave everyone behind and get into the delorean and return to the 1980s

DAVE: but the delorean was actually a big purple moon

DAVE: and the 1980s was me accidentally reaching god tier and living on a shitty meteor for a while

DAVE: and i guess rose was doc brown

DAVE: doc brown accidentally reached god tier too

DAVE: ok i guess this is where the analogy falls apart but you get what i mean

JADE: sorry dave, you lost me there after the part where i shot you

DAVE: damn

DAVE: ok lemme start over

JADE: omg, no!

JADE: the fact is youre going to have to rely on those powers if you want to stand any chance

against a lord of time

JADE: it is safe to expect he can only be challenged by someone with a similar command over the aspect

DAVE: why is that safe to expect

DAVE: where are all these presumptions coming from

DAVE: if you can use swords why dont you take the welsh cueball sword and fight him yourself

DAVE: i bet you could fuck him up

DAVE: youre probably even more extra strong now that youve succumbed to the bark side

DAVE: did you ever think about that

JADE: dave i am perfectly aware of the awesome powers granted to me by the bark side

JADE: it does not matter

JADE: i cant be the one to wield your sword against english

JADE: it has to be you

JADE: it is the will of the empress, and thats final

DAVE: the empress can suck it

DAVE: i have no intention of fighting him

DAVE: and this isnt even me pulling more lame self aware reluctant hero junk

DAVE: i am just straight up not going to do it

DAVE: see thats not reluctance its just petulant refusal on my part

DAVE: reluctant hero shit is when the guys like aw shucks i dunno if i wanna but deep down we all know he really does

DAVE: but i really dont

DAVE: why should i

DAVE: i dont give a damn about lord english or his nebulous atrocities out in nowherespace

DAVE: what kind of villain is someone you never met who hardly did anything evil to you or your friends directly

DAVE: or even to anyone in your universe for that matter other than through some vague insidious influence

DAVE: who even is this guy and why should i hate him

DAVE: am i really supposed to be pissed off at a green muscle monster i never met

DAVE: cause i aint pissed off at no muscle monster

DAVE: hell wasnt he in some ass backwards way responsible for us existing in the first place?

DAVE: or all of humanity for that matter??

DAVE: maybe i should thank him before chopping him up via welshscalibur

KANAYA: You Can Talk

KANAYA: Using Actual Sentences

JANE: Obviously.

KANAYA: Then Why Resort Exclusively To Intimidating Robotic Soundbites For

KANAYA: However Long You Were Doing That

JANE: Because when it comes to the affairs of my empire, I am all business.

JANE: You see, Kanaya. I am a businesswoman.

JANE: A very shrewd one at that.

KANAYA: ...

KANAYA: Okay

JANE: Watch and learn, rainbow drinker.

**[S][A6A6I1] =====>**

**06/08/13**

**\* click Jane**

You cautiously approach the ruthless businesswoman. She has deployed the CHEST OF MERCHANDISE. You say, you mean the hunger trunk? She acts like she didn't even hear you.

You are about to launch into another wordy tirade, but she wants to cut the chitchat and get down to business. She has a proposition for you. What is it, you say.

She wants to know if you would like to buy these motherfuckin potions.

**7 x B\$ 420MM**

You examine the businesswoman's wares with piqued curiosity, to your surprise. Wait, 420 MILLION per bottle? Isn't that a bit steep? She assures you these are standard retail markups. Plus the quality is impeccable. Each potion is aged to perfection.

**\* click first potion**

BRONZE POTION - 420 MILLION BOONDOLLARS The businesswoman makes little effort to hide the fact that this is a bottle of troll blood. Not exactly a premium vintage, you remark casually trying to knock the price down a little. She isn't budging though. Damn she's good.

Buy BRONZE POTION? YES OKAY

**\* (All clicks lead to the same result. Jane is as good as claimed.)**

You buy a few bottles of Tavros' blood. You will think fondly of his memory as you sip it in private where no one can see. Hey, it's not like you're proud of this habit.

**\* click second potion**

FUSCHIA She says this "potion" was once running through the veins of a former heiress. It's real good shit. Doesn't cost any more than the others though, because she knows it's all the same to you. She can spot somebody in need of her fix when she sees one. The woman is an absolutely ruthless hustler of contraband.

Buy FUSCHIA POTION? YES SURE

You nod in her direction ever so slightly and hold up two fingers. She forks over two hundred bottles. With a deep sign you slip her the moolah. Bitch is gonna send you to the poor house.

**\* click third potion**

INDIGO POTION - 420 MILLION BOONDOLLARS She says she doesn't recall whom this potion was bled from, but she doubts it matters to you. She palms the bottle and swirls the fluid enticingly. You suddenly imagine Equius and his gross sweaty body and feel a little queasy. No, you absolutely REFUSE to buy this potion. You will not do it. Nope. No way.

Buy INDIGO POTION? YES WHY NOT

You buy a bunch of bottles and shamefacedly stash them with the others. Damn your lack of self control. The businesswoman shakes her head slowly as she stuffs the cash in her hoodie.

**\* click fourth potion**

OLIVE POTION - 420 MILLION BOONDOLLARS She says this is supposed to be a love potion, adding, trust her. It doesn't work. Probably tastes good to a weirdo like you though. Want some? You encounter a melancholy thought about dear Nepeta as you begin to salivate.

Buy OLIVE POTION? YES ABSOLUTELY

You say you guess you'll take one. She says deal, and gives you a thousand. You say huh? She says don't worry about the extras. She'll put them on your tab. You say thanks. She says don't mention it, and then says guess what. What, you say. Time to

settle up your debt. You say WHAT just as she begins polishing her fork menacingly. You grumble a bit and dump 420 billion boonies at her feet unceremoniously.

**\* click fifth potion**

VIOLET POTION - 420 MILLION BOONDOLLARS She says this is some d-bags blood. She never met the guy, but she's heard some unflattering stories. It doesn't sound that appetizing to you, but at least you wouldn't feel that guilty about drinking it. Oh, the rationalizations that run through the mind of a thirsty rainbow drinker. Did you really just say that aloud? The businesswoman nods.

Buy VIOLET POTION? YES YEAH

You say you'll take a half dozen bottles. She says sorry, she's only got one in stock. She says her wholesaler had a very limited supply. Seems like a lot of it was lost before he had a chance to harvest it. You wouldn't know anything about that, would you, she says while tapping her nose. You quickly change the subject. That's a really nice tiara she has there. Really... um. It's just really nice. Her eyes say thanks, but her face says, look, I couldn't care less that you killed Eridan with a chainsaw.

**\* click sixth potion**

COBALT POTION - 420 MILLION BOONDOLLARS She says this "potion" was supposed to make you lucky. She wouldn't know, cause she never drank any. Because she's not a vampire, she said, just to drive her point home. Mm hmm, you say, glancing around uncomfortably. It doesn't matter though, she says. She makes her own luck now. You're tuning out her lecture at this point. You're just eying that vial of delicious Vriska blood and reaching for your pocketbook.

Buy COBALT POTION? YES PLEASE

You thank the businesswoman for the transaction and... Karkat is asking what the hell you two are doing over there. Are you BUYING shit from her?? He demands to know what the fuck you could be buying. Is that... are those little jars of BLOOD he asks? PLEASE tell him you are not buying blood from this lunatic, Kanaya. You say what no of course not, and hide it behind your back.

**\* click seventh potion**

GOLD POTION - 420 MILLION BOONDOLLARS Two for one deal on this gross mustard blood. She means potion... she pauses, looks at it and shrugs, then says she means blood. Anyway you want some? You know you want some.

Buy GOLD POTION? YES YEP

You say ok, you'll take two. She says that'll be 840 million. You say 840? What about the two for one deal? She says the two for one deal applies, but there's a mandatory 100% gratuity tacked on to the bill. You sigh, and cough up the dough. You cannot outfox Jane Crocker in cunning business practices. She is simply the best there is.

No, let's not get carried away. Hold the phone. Looks like this piece of shit is still broken. Who is surprised by this? The answer is nobody.

At least the third and final option is probably available now. Let's see what Rose and Terezi are up to.

What? What do you mean it doesn't work. Are you sure? Try it again.

You're kidding. No, that can't be right.

Only the first option is working? So we have to go through the Dave arc AGAIN?

Sure, what the hell. Looks like we're reading the Dave arc again. Thanks for nothing, "The Information Age".

You know what was cool, you ask your computer rhetorically? WHEN STORIES USED TO BE ON FUCKING PAPER.

JOHN: aw man, i'm sorry. i am fucking this up so bad.

JOHN: see, this is what i'm worried about.

JOHN: even though my random jumps are supposed to be a "safe" form of time travel, i'm still nervous that i might be ruining important events anyway.

JOHN: like, there was all this crazy stuff that happened to get us here, whether it was good or bad.

JOHN: maybe no one will!

DAVE: uh

**11/08/13**

Wow!!!!!!

Wow indeed.

Here you go. Aranea's exposition on leprechaun romance, in its entirety, unedited and uncensored, as promised.

The problem is that when the subject of leprechaun romance is broached, our overly obsessive troll intellects instantly assume the most ingratiating posture of admiration imaginable. Which makes it hard! Hard to give it proper academic focus I mean, because of how great it is. But we will do our best to understand regardless.

Trolls have only four forms of romance. And though we consider it a complicated subject, spanning a wide range of emotions, social conventions, and implications for reproduction, it is ultimately a superficial slice of what leprechauns consider the full body of romantic experience. Our concept of romance, in spite of its capacity to fill our art and literature and to rule our individual destinies like little else, is still just that. A single, quaternary concept. A concept usually denoted by four symbols.

<3 <3< <> o8<

Leprechaun romance is more complicated than that. Leprechaun romance needs nine symbols. The nine quadrants of leprechaun romance are considerably more nuanced than our quaint notions of romance, and certainly more alien. In fact, so conditioned is my own understanding of romance that I can't help but refer to them as quadrants, when in fact they are not quadrants at all! They are referred to as charms.

One of the charms is characterized by romantic love, as understood by both trolls and humans. But after that, all bets are off. There is no division between black or red, concupiscent or conciliatory. Instead their charms comprise a spectral continuum of more subtly varying types of relationships, most of which are established in mutual chicanery, such as the exchange of pranks, coy riddles, slapstick shenanigans, and games of chance. Furthermore, a pair of leprechauns is not limited to a single charm. A relationship may be defined by multiple charms at once! In fact, some of the most interesting relationships arise from exotic charm combinations. A stable relationship consisting of three or more charms is called a trove. These advanced relationships are often viewed as the ideal end result for a romance, much the way certain pairing rituals are for humans.

No charm is specifically tied to procreation, though any type of relationship could begin waxing concupiscent if lady luck should so decide. Certain charm combinations are known to be more conducive to fertility than others. If the leprechaun pair has been so blessed, they will begin an elaborate coupling procedure culminating in a lively mating jig. The jigs are specific to the charms of course, similar to how different kinds of music lend themselves to various styles of dance.

\* The next paragraph is glitchy but readable:

While their romance is endlessly captivating, leprechaun reproduction may be the most interesting subject of all. Particularly from a perspective of detailed anatomical study, which I will get to shortly. But first it bears pointing out that while for humans reproductive relationships are exclusively heterosexual, and for trolls they are bisexual, for leprechauns they are exclusively homosexual. Yes, you heard right. That means the Felt are all super gay. A graphic description of their reproductive processes now follows.

\* The next paragraph is completely glitched apart from some spaces for some teaser phrases to jut out impudently. Unlike other glitched texts so far I don't think there's a true original text underneath

to be reverse engineered.

... weird frog penis ... muppet 8uttock ... chafing ... wriggling ... puppet pelvis ... magic gnome phallus ... elf eggs ... 8urrowed fuck deep ... perky pro8oscis ... coarse kermit cock ... dragged across each other's gleeful faces ... wrist deep in puppet ass ... pro8oscalypse ... soft 8ul8ous 8ottom ... kind of jutting out and impudent ...

JAKE: Havent you kept me pinched in the hoosegow long enough?!

JANE: The what.

JAKE: What happened to my grandma! She seemed so nice then all of the sudden WHAMMO shes a gruesome monster!

JAKE: And whats with the thing she zapped on your head that flipped your cuckoo fruitcake switch! Is that what made you lose your marbles jane?

JAKE: And whyd you have to plant such a spanking haymaker on the old breadbasket? That really hurt! It still hurts!!

JAKE: And why oh WHY must my bottom rock these snug custard undies while you get to look like such a doggone BAD ASS?

JAKE: Am i at least permitted to put on a respectable pair of fucking shorts???

JANE: Absolutely not.

dialoglogJAKE: But jane i...

JANE: Jake. Be quiet.

JANE: Having recently been crowned a supreme being of pure logic, my tolerance for your

antiquated horseshit has fallen to nil.

JAKE: Im sorry jane you know what a shameless blatherskite i can be!

JAKE: Especially when im nervous i start bumping my gums and prattling my screwball poppycock til im blue in the puss!

JAKE: You know how rough its been for me jane. After we almost hopped the broom and then dirk slipped me the mitten over the whole trickster sockdolager... it all caught me flat footed and knocked me right into a cocked hat!

JAKE: If squirreling me away in the calaboose like this is payback for the way i behaved youve got to believe me i never meant to hurt you jane! Im doing my best here and thats the real simon pure... SCOUTS HONOR!!!

JANE: Argh!

JANE: Jake, now you have done it.

JANE: You have made me exclaim in frustration audibly.

JANE: If your intent is to welcome another knuckle sandwich instead of my reasoning for your captivity, then go on. Say ONE MORE THING that sounds like something a corny old man would say.

JANE: I dare you.

JAKE: (Double gulp!!)

JANE: That's what I thought.

dialoglogJANE: Listen carefully, prisoner.

JANE: I stand to inherit a new empire very soon.

JANE: When Earth has reached its final destination, it will be repopulated with a fresh brood of loyal subjects over whom I will rule absolutely.

JANE: But I will not rule alone, Jake. Oh, no. I will need a husband to rule by my side.

JANE: That is where you come in.

JAKE: \*Whimper...\*

JANE: You and I will be wed, and we will rule my empire together with an iron oven mitt.

JANE: However, the mitt will be worn by me, and me alone. You will have no executive authority whatsoever, because you are too stupid.

JANE: You will always do exactly what I say, when I say it. You will be obedient, cheerful, mostly silent, and scantily clad. Is that understood?

JAKE: \*Sob!\*

JANE: You will also provide me with children so my imperial legacy will continue, and the Crocker brand will live on in infamy.

JANE: You will sire as many children as I ask for, and they will all be perfect, obedient little heirs and heiresses.

JANE: You do remember our recent agreement to have "a zillion babies," don't you, Jake? I do hope you were not planning to renege on this vow.

JAKE: \*Sob sob sob...\*

JANE: Our children will rule the empire when we are gone, which of course will be never, because we will be eternally young and beautiful and immortal and in love, for ever and ever.

JANE: We will travel the galaxy conquering planets and expanding my empire. No alien world will pose any resistance to our forces.

JANE: Especially not once I figure out how to unlock all that incredible "Page of Hope potential" hidden away in your pathetic, hunky body.

JAKE: \*SOB!!!\*

JAKE: Please no jane dont do this! I dont want to get married or sire children or rule an empire! Im scared and sad and afraid and i dont want to do this adventure anymore and i just want to go home!

JAKE: Please let me go back to earth jane! Just like it used to be! I just want to go back to my pumpkin patch in the jungle when things were simpler and all i had to worry about was being tackled by a feisty robot. I want to go back to when i didnt ruin all my friendships and when you didnt hate me and when you didnt go crazy and tell me to be your weird royal husband slave!

JAKE: WAAAAAAAAAAAAH!!!

JAKE: BOOOOOOOOOOOOOOOO HOO HOO HOO HOO HOO!

DIRK: But I'm not real.

JAKE: (Dag nabbit!)

JAKE: (\*Sniffle...\*)

JAKE: (Are you sure theres nothing you can do?)

DIRK: I'm only as real as your ability to believe in me.

JAKE: (But i do believe in you.)

JAKE: (I believe in everybody!)

DIRK: Yeah right.

DIRK: You've never *really* believed in anyone your whole life, and you know it.

DIRK: Everything's always about you. Don't you remember? You already had this epiphany, dingus.

DIRK: I could only become truly real if you ever managed to harness those bomb as shit hope powers she mentioned.

DIRK: Then again, if you actually did that, you wouldn't even need my help.

JAKE: (But i cant!)

JAKE: (And i dont want to be a pawn in her lecherous baby making pastry empire.)

JANE: Jake.

JAKE: (\*Blubber...\*)

DIRK: Will you stop crying?

DIRK: It's reflecting poorly on both of us.

JAKE: (Sorry.)

JAKE: (\*Sniff.\*)

DIRK: Hey.

DIRK: Did you shave your legs?

JAKE: (No i think the magic god tier fire burned it all off...)

DIRK: God damn.

DIRK: They're so smooth.

DIRK: A car could swerve outta control on those gams.

JAKE: (I know. Its really weird.)

JAKE: (Speaking of legs...)

DIRK: Yeah. The little poofy asshole pants. I know.

JAKE: (Is that really what youre wearing now?)

DIRK: Yeah.

JAKE: (Sweet!)

DIRK: No.

JANE: JAKE.

JANE: To whom are you talking?

JAKE: Brain ghost dirk.

JANE: Brain... Ghost Dirk?

JAKE: Yes.

JANE: You are lying.

JAKE: No im not!

JANE: Brain Ghost Dirk sounds almost as fake as he is completely made up.

DIRK: She has a point there.

JAKE: \*Wahhh!\*

DIRK: Dude, would you quit bawling already?

DIRK: Stand up like a man, and punch her in the face or something.

JAKE: But i dont WANNA be a man and i dont WANNA punch her in the face!

JAKE: \*WAAAAAAAAAAAAAAAAAH!\*

JANE: Punch WHOM in the face, now?

JAKE: Nobody! \*HOOOOOOORNK!\*

JANE: Just sickening.

JANE: To think I wasted my youth pining over a vile maggot like you.

JANE: Jake, you should not be misled when I imply that I love you, or when I command you to marry me and sire my children.

JOHN: i'm just passing through, looking for someone.

JOHN: i was told to find a girl named roxy.

ROXY: roxy huh

ROXY: sounds like a babe

JOHN: heh.

JOHN: yeah, maybe.

JOHN: do you know her?

ROXY: kinda

JOHN: really?

JOHN: have you seen her??

ROXY: nope not in a while i am fraid

JOHN: darn.

ROXY: i could help you find her though

ROXY: w a series of vexing riddles + clues

ROXY: each more bewildering than the last

ROXY: each less infuriating than the next

ROXY: for i am the sphinx of this pyramid and that sort of coy bs is the shit i get up to ery day

ROXY: (all pyramids have sphinxes i decided j now)

JOHN: no, that sounds really dumb.

JOHN: i would rather just have some straightforward information as to her whereabouts.

ROXY: ummmmmmmmmmm

ROXY: \*strokes sphinxly chin enigmatically\*

JOHN: can you at least tell me what she looks like?

ROXY: well the thing is

ROXY: shes hard 2 recognize lately

ROXY: she started wearing a mask for some fukin reason

ROXY: maybe so as to avoid detection from snoopy boys??? ;)

ROXY: (just wonked @ u fyi)

JOHN: you just what?

ROXY: nothin!

JOHN: alright, well...

JOHN: can you tell me where and when you last saw her?

ROXY: heck yes

ROXY: it was last time i looked in a mirror

ROXY: theres no mirrors in jail though

ROXY: which is a shame

ROXY: could use an eyeload of that stone cold fox 2 get me thru the long nites

ROXY: hardest time i ever done :(

JOHN: oh my god.

JOHN: it's you!

JOHN: how could i possibly fall for such a stupid prank.

ROXY: ell em ay friggin OH

ROXY: youre almost as gullible as english

ROXY: how perf is it that thats some kinda family trait

JOHN: what?

ROXY: you must be john right

JOHN: yes.

JOHN: how did you know that?

ROXY: because jake rambled about meetin you a bunch of times

ROXY: also u sound like him

JOHN: oh.

JOHN: it seems like you have me at a disadvantage then.

JOHN: which is impressive, considering you are in jail, and also in a little green pyramid thingy for some reason.

JOHN: did you...

JOHN: did you actually build that thing?

ROXY: f yeah!

JOHN: that's cool. it's like a little fort.

JOHN: i built a fort once in my room. i made it out of a bed sheet, and some cruxite dowels.

JOHN: then my friend threw it in a bottomless pit.

ROXY: hahah

ROXY: thas awesome

JOHN: it was alright.

ROXY: no but 4 real dont wreck my fort or i fuck you up

JOHN: i wouldn't dare.

JOHN: aren't you going to come out so i can see you?

ROXY: i would but

ROXY: ive been tryin to concentrate on something  
ROXY: so i built this sick pyramid deal to help focus my brain chi and spiritual majyyks and if at all possible to blitz my chakras out the yin yang  
JOHN: is it working?  
ROXY: no  
ROXY: but at least its nice and dark and quiet in here and free of distactions  
ROXY: or it was until a guy came along lookin for some chick  
JOHN: what are you trying to do exactly?  
ROXY: i have to make a spikeball appear out of thin air  
ROXY: but all i can make are these lame cubes  
JOHN: you made all these cubes??  
ROXY: yup  
JOHN: that's a neat power.  
ROXY: ty  
ROXY: i also made some pumpkins  
ROXY: cubes n pumpkins  
ROXY: the manifestations of amateurs  
ROXY: theyre basically freebies for void players i think  
JOHN: i remember making some of those cubes with my alchemiter.  
JOHN: i think that's what a blank card makes? so yeah, they're super primitive.  
JOHN: but making pumpkins is pretty impressive. they're like... these big ol' vegetables.  
ROXY: no dude  
ROXY: pumpkins are helllls o primitive  
ROXY: voidwise theyre like the middle square on a bingo card  
ROXY: drummin up a dumb gourd aint nothing to write home about  
JOHN: well, if you're really having trouble...

ROXY: n/m

ROXY: so what kind of hot god tier trix can you teach me

JOHN: tricks...

JOHN: i guess i don't know any actual TRICKS per se, aside from how to use some of my powers.

JOHN: but i don't know if the same tricks apply to using your powers...

ROXY: u said u could help tho

JOHN: i said MAYBE i could!

JOHN: i dunno, i was just throwing it out there.

JOHN: like, maybe if i told you about some of the experiences i had when i was learning to do my windy stuff, you might have some kind of... voidy epiphany?

ROXY: a voidy epiphany

JOHN: yes.

ROXY: k then

ROXY: im all ears johnny windsock

ROXY: let loose ur wisdom whilst i rake in the epiphanies

JOHN: ok, um,

JOHN: i've noticed whenever i learn to do new things with my powers, it's usually in response to something. like something important that has to be done.

JOHN: so why are you trying to make this spike ball?

JOHN: and how important does it feel to you?

ROXY: well at first i was mainly tryin to make it because dog girl was forcing me to

ROXY: but now i think i keep trying because im gettin obsessed with making this dumb spikeball and PO'd that i cant do it

JOHN: i see.

JOHN: what actually IS this spike ball, if you don't mind my asking?

ROXY: its an alien egg

ROXY: 4 tha trolls

ROXY: to hatch em all back to life

ROXY: but only to be ruled by an evil witch so its gonna be shitty for them

ROXY: so yeah its kind of an important thing

ROXY: but at the same time it would probably be terrible if i actually made it so...

JOHN: then maybe the fact that you're conflicted about it is why you're having trouble?

ROXY: yeh maybe

JOHN: if you think it's important to make, but don't want to give it to the bad guys, why don't you just...

JOHN: break out of jail?

JOHN: then you could try to make the egg at your own discretion, and use it however you think is best.

ROXY: idk

ROXY: i broke outta here once already and the fuckin witch just nabbed me again

ROXY: and that was BEFORE she recruited jakes omnipotent goofball grandma to zap me back here the moment i step outside

JOHN: yeah. it is a tricky situation with grimdark jade on the loose, that's for sure.

JOHN: but i've been managing to evade her.

JOHN: i just swoosh the breeze around to hide my scent, and dissolve into wind and fly away if she finds me.

JOHN: maybe you could do something like that too?

JOHN: it seems to me if anyone should be able to avoid detection using their powers, it would be a void player.

JOHN: get it? a void... as in, avoid?

JOHN: heh.

ROXY: that is legit sound reasoning yo

ROXY: + a way lame pun 2 boot

ROXY: but remember how we were just talkin about the fact that when it comes to god tier shit i dont know what the eff im doin??

JOHN: oh.

JOHN: right.

dialoglogROXY: anyway

ROXY: i thought you were going to regale me with stories of your ascent through the windsock tiers

ROXY: such that i may through osmosis glean the vagaries of godhood

ROXY: then all i got to do is wait for this rude tidal wave of epiphanies n junk to wash over me and get me hella wise

ROXY: then and only then

ROXY: i will b able to make this shitty egg happen

ROXY: k?

JOHN: ok. where should i start?

ROXY: at the beginning!

JOHN: you mean like when i first became a god tier?

JOHN: that's a long story... i was kind of tricked into that.

JOHN: it might take some setup to understand.

ROXY: dude look

ROXY: i dont have grand illusions that this yarn you spinll be like some actual efficacious tutelage on fuckin pajama spells

ROXY: i just want to hear u talk about stuff

ROXY: the end ex two combo

JOHN: i don't know, that all sounds pretty interesting to me.

ROXY: how messed up would that be tho

JOHN: there is probably something to that actually.

JOHN: you were all the first batch of babies, after all.

JOHN: that's what it supposedly means to be a paradox clone.

ROXY: babies

ROXY: wat

JOHN: oh.

JOHN: i guess i kind of glossed over this stuff in my story.

JOHN: but i was the one who made us all in the first place, with a weird cloning machine.

ROXY: no fuckin shit???

ROXY: \*is impressed\*

JOHN: it was no big deal though. i was just messing around with a control panel, and some babies appeared.

ROXY: so we already met huh

ROXY: and i dont even remember because i was just some idiot bb

ROXY: that aint fair!

JOHN: come to think of it, we met one other time too.

JOHN: but you were asleep.

ROXY: ??

JOHN: you were floating around in purple pajamas, and i pushed you out of the way of a flying

fork.

JOHN: i almost forgot about that. but yep, that was you alright.

ROXY: you shoulda woke me up then

JOHN: i might have, but the fork stabbed me in the chest, and dream killed my sleep ghost. or something.

JOHN: you know how it is with dream logic.

ROXY: u mean how it makes lil 2 no sense ever

JOHN: yes, exactly.

JOHN: i guess i didn't think much about it at the time, but i had a sneaky suspicion that's who you were.

JOHN: you really look a lot like rose.

JOHN: she is looking for you, by the way.

ROXY: yeah?????

JOHN: she told me to go find you. and i did.

JOHN: so, she says hi.

ROXY: o man

ROXY: what else did she say

JOHN: uh.

JOHN: she said...

JOHN: she's looking forward to meeting you?

ROXY: awwwwwww

ROXY: well if u see her again before i do tell her i cant wait to meet her too

ROXY: though tbh im kinda nervous about it but dont tell her that part haha

JOHN: sure!

JOHN: there's nothing to be nervous about though.

JOHN: she's just a nice nerd who likes to read and knit.

ROXY: i shouldnt be surprised to hear that

ROXY: me and all my friends are a bunch of silly nerds too

ROXY: even dirk who thinks hes 2 cool 4 school

ROXY: when in reality he is nowhere close to clearing the coolness threshold which exempts one from attending an educational institution :p

JOHN: speaking of which...

JOHN: i've been wondering where he is?

JOHN: i know jade's grandpa is in jail too, getting badgered by my evil nanna...

ROXY: u mean jake n jane

JOHN: yes, sorry.

JOHN: but i have not seen hide nor hair of dave's bro yet.

ROXY: i figured he got thrown in jail too

ROXY: although come to think of it i probly would have heard a bloody ruckus by now resulting from his inevitable escape attempt

JOHN: hmm.

ROXY: im not that worried about him though hes good at takin care of himself

ROXY: in fact i feel like all of us will be ok now that you guys are here

ROXY: but

ROXY: there is still one of my friends im worried about the most

JOHN: who?

ROXY: shes my best friend

ROXY: well ok

ROXY: i got a few best friends u know?

JOHN: yes.

ROXY: but she was always kind of a special best friend

ROXY: and last time i saw her she was in big trouble

JOHN: oh no.

JOHN: where is she?

ROXY: in the afterlife

ROXY: being dead

JOHN: ...

ROXY: her bro killed her

ROXY: which is bad enough

ROXY: but now hes out there

ROXY: shes doing her best to hide

ROXY: but her bro is an awful and relentless piece of shit and im afraid

ROXY: im afraid she might be already gone :(

JOHN: you're right, that is very concerning.

JOHN: who is she? would i know of her?

ROXY: dunno

ROXY: how in the loop are you on cherubs?

JOHN: oh!

JOHN: surprisingly, i know a LOT about that subject.

JOHN: for instance, did you know they turn into gigantic snakes when they have sex?

ROXY: :O

ROXY: :O

ROXY: :O

JOHN: i know. weird, right?

JOHN: that's probably not very relevant to the topic at hand, though.

ROXY: yeah prob not

ROXY: anyway u know about lord english right

JOHN: uh huh.

ROXY: ok well

ROXY: shes his sister

ROXY: her name is calliope

JOHN: ohhh.

JOHN: ok, this is starting to make sense.

ROXY: yep

ROXY: shes supposed to be critical to defeatin him somehow

ROXY: shes going on some quest out there to find a deadlier version of herself or whatever

JOHN: yes wai. way.

JOHN: it's back at my house.

JOHN: i could go get it right now!

ROXY: damn son

ROXY: i find this 2 be some truly baller happenstance

ROXY: if ur claim is true im.....

ROXY: im cry :')

JOHN: it is quite true.

JOHN: it should be a piece of cake.

JOHN: you just wear it when you go to sleep, and it comes with you in your dreams.

JOHN: then you find your cherub friend, put it on her finger, and bring her back!

JOHN: i think you can only use it once though. so once she's wearing it, it would be hers forever, or at least as long as she wants it.

ROXY: yo

ROXY: yooooo

ROXY: john thats amazing

ROXY: i dunno though that sounds like

ROXY: such an obscenely precious commodity

ROXY: u sure you want to let me use it?

JOHN: sure.

JOHN: it's no big deal, really.

JOHN: for a while i was hanging on to it, thinking that i might give it to...

JOHN: aw man, this is gong to sound dumb.

ROXY: hm?

JOHN: there was a girl who i was considering giving it to, for some reason.

JOHN: remember? she was the diabolical one who figured prominently in my long story.

ROXY: um

ROXY: oh yea

ROXY: fresca right

JOHN: yes, close enough.

JOHN: see, she REALLY wanted that ring.

JOHN: and she found out i had it, and...

JOHN: honestly, i'm not sure why it even crossed my mind to give it to her?

JOHN: i guess i was just used to the idea that i liked her for some reason.

JOHN: at least i thought i did.

JOHN: it was a stupid idea based on hardly anything. like one day of conversations.

JOHN: but since i've gotten to know her better...

JOHN: i don't know.

JOHN: i think i might actually...

JOHN: kind of hate her?

ROXY: yeah?

JOHN: yeah, she's...

JOHN: actually pretty awful!

JOHN: she's so full of herself, and mean to her friends, and...

JOHN: dangerous.

JOHN: really, really dangerous.

ROXY: ouch

ROXY: well what can i say john

ROXY: love sux

JOHN: yeah. it does.

JOHN: anyway, i don't think i can let anyone like that have the ring.

ROXY: but u dont mind trustin me w it?

JOHN: no!

JOHN: it's funny, after spending some time with a person who is legitimately crazy, it becomes easy to tell right away when someone...

JOHN: isn't?

ROXY: lol

ROXY: u sure about that

JOHN: well, yeah, everyone is a little crazy. i just mean not BAD crazy.

JOHN: besides, you don't even want the ring for yourself.

JOHN: you want to give it to someone you care about.

JOHN: that is what makes you one of the good guys.

ROXY: what a nice thing to say

ROXY: i bet sayin stuff like that is why ur their leader

JOHN: what makes you think i'm the leader?

ROXY: come on dude you are obvs the leader of otherkid teamsquad

ROXY: i can just tell

JOHN: haha, ok. i'll take that as a compliment.

JOHN: anyway, i'll go get the ring now.

ROXY: yay!

ROXY: ill wait here

ROXY: no need to set off the alarms with a daring escape just yet

ROXY: lets keep em lulled into a false sense of control over the sitch

ROXY: we can start scheming under their nose while u keep sneakin around undetected

ROXY: the last thing we want is for all hell to break loose before we know what were doin

JOHN: yeah, that's a good plan.

JOHN: if i had to guess, i'd say you must be the leader of your team squad too, right?

ROXY: naaaw

ROXY: that's jane

ROXY: as you can see shes the one with a knack for ruthless executive authority

ROXY: is a shame she only uses it when evil tho :(

JOHN: yeah.

JOHN: but maybe we can do something about that, if we work together.

ROXY: :D

JOHN: alright. off i go.

JOHN: keep practicing your powers!

JOHN: see you, roxy.

THAT MEANS WE NEED TO BE A NEW MALE TO LEAD THE STORY. HERE HE IS. WITH HIS DUMB BLACK GLASSES AND EVERYTHING.

HERE TO ONWARD. I WILL REFER TO THIS MALE AS. THE ALPHA MALE.

THE ALPHA MALE IS LESS BAD THAN THE ORIGINAL MALE. HE IS NOT AS ANNOYING. AND HAS NO TENDENCY TO RANDOMLY APPEAR AND BOTHER PEOPLE. HE ALSO LIKES COOL SWORDS. AND "IRONY" I GUESS. AND LIKE MYSELF. HE HAS CULTIVATED A TASTE FOR FINE ART. HENCE, HE WILL BE MY MALE OF CHOICE ON THIS ADVENTURE.

BUT I WILL ADMIT. THERE IS ONE REASON ABOVE OTHERS. WHY I HAVE DECIDED TO FAVOR THE ALPHA MALE.

ARANEA: And then I am going to make sure it never bears fruit.

ARANEA: If I can stop this universe from being created, then the young Lord of Time will never have hatched in the first place.

ARANEA: I won't merely be defeating an invincible foe. I will be erasing all the pain he has ever caused.

MEENAH: uh

MEENAH: serk have you lost it

MEENAH: you know all youre doing is making another doomed timeline where everyone dies right

ARANEA: Of course I know that.

ARANEA: Please, Meenah. Don't insult me. I've given this a lot of thought.

ARANEA: If anyone else attempted this, what you said would be true. But I am not just anyone.

ARANEA: I am a very powerful Sylph of Light. I have had millions of sweeps to hone my abilities.

ARANEA: As one gifted with the aspect of light, certain outcomes will be prone to ending in my favor.

ARANEA: And as an ancient, highly experienced sylph, I wield an unprecedented ability to heal.

ARANEA: A doomed timeline is really just an anatomical feature of a much larger organism. Like a capillary which comes to an end, because it has withered and died.

ARANEA: I believe I will be able to heal this offshoot.

ARANEA: And with enough time and patience, I am confident I can restore its vitality to such a great extent, it will effectively take over as the alpha timeline, thus reducing English to a lost footnote of paradox space.

ARANEA: Then the new alpha timeline will flourish under my immortal care. I will watch over it for eternity, assuring peace and harmony everywhere. There will be a new progeny of universes, and those universes will beget more universes, and each will benefit from my good grace. I will personally make sure nothing like the English mishap ever occurs again.

ARANEA: I mean, this is mostly theoretical, of course.

ARANEA: But the most important thing here is that I am involved now.

ARANEA: It is vital to all our interests that I at least TRY.

ROXY: *im so fuckin flattered*

ROXY: *whore you*

ARANEA: *I 8EG your pardon?*

dialoglogARANEA: Who am I, you ask?

ARANEA: That is no short story, I'm afraid.

ARANEA: It all began on a peaceful, idyllic planet called Beforus.

ARANEA: Unlike the Alternian trolls, with whom you are no doubt more familiar, my people were-

ROXY: wowee shut ur dumb blue mouth

ROXY: i been spying on ya

ROXY: and eavesdropping on all your smug trash

ROXY: and i couldnt help but notice that ring youre wearing

ARANEA: Yes.

ARANEA: What about it?

ROXY: thats johns ring aint it

ARANEA: John's ring?

ARANEA: But John never rightfully owned it.

ARANEA: In fact, it was originally intended as a gift to my young descendant.

ARANEA: It's only fitting that I wear it, and bring additional glory to the Serket name.

ROXY: yo

ROXY: thats another insane and smug thing u said just there

ROXY: do you even listen to urself

ROXY: for real though we were gonna give that ring to callie

ARANEA: Hmm?

ROXY: callie my goddamn bffsy from space

ROXY: shes a ghost and i wanna save her from her bro

ARANEA: Ah yes. The female cherub.

ARANEA: I am perfectly familiar with her plight, as well as the relevance she purportedly has with respect to her brother's downfall.

ARANEA: In fact, I was one of the first ever to theorize about that! ::;)

ROXY: SMUG

ARANEA: But the situation has changed. That is all ancient history now.

ARANEA: I'm sorry, Roxy. But I have no use for your cherub friend in my plans.

ARANEA: She will not be playing a role of any significance.

ROXY: oh man

ROXY: oh man

ROXY: i way hate you

ARANEA: Come on, now. Don't say things you can't take back.

ARANEA: I'm actually very nice!

ARANEA: We are just getting off on the wrong foot here.

ROXY: no no

ROXY: no no no no

ROXY: oh man i rly hate you

ROXY: i cant even explain it i never hated somebody so much by just a few smarmy words outta

their grody chew hole

ROXY: eugh yechh ick ick blarff!

ARANEA: .....

ROXY: so yeh um

ROXY: now that i buttered you up and all gimme dat ring!!

ARANEA: No.

dialoglogARANEA: That was quite the 8lack solicit8tion though.

ARANEA: Unfortun8tely, I don't think I will 8e a8le to reciproc8 your feelings of hostility. I find you to 8e too charming.

ARANEA: Still, you do have a way with words. If we were compati8le in that quadrant, you might have swept me off my feet!

ROXY: bwuh??

ARANEA: 8esides, I don't have time for new relationships right now. Too many irons in the fire, as you can see.

ARANEA: It does get to 8e a little 8othersome having people fling themselves at you all the time. It's always 8een my curse.

ARANEA: Did you know just earlier today, your friend Jake could 8arely keep his hands off me? ;;;)

ROXY: what

ROXY: no way

ROXY: ur a filthy liar

ARANEA: I've 8een known to em8ellish now and then.

ARANEA: Relax! I am just having some fun with you.

ROXY: ...

ROXY: wheeee

ARANEA: 8ut now the fun times are over.

ARANEA: I cannot have an invisi8le, intangi8le trou8lemaker tiptoeing around trying to sneak this ring off my finger.

ARANEA: So I'm afraid I will have to put you down.

ROXY: yeah right

ROXY: im a let you u put me down over my dead body!!!

ARANEA: Don't 8e so dramatic.

ARANEA: Your 8ody will only 8e napping.

VRISKA: It's em8arrassing!

VRISKA: I cringe every time I think a8out her self-indulgent exploits.

MEENAH: mhm

VRISKA: Doesn't she realize this sort of thing never works?

VRISKA: You don't just go and insert yourself into the middle of all the action in the most hamfisted way possi8le just 8ecause you can't stand another second 8eing out of the spotlight.

VRISKA: That always goes horri8ly for everyone.

VRISKA: Even worse, it ends up making you look like an idiot.

VRISKA: And even MORE worse, it's making ME look like an idiot 8y associ8tion!

VRISKA: Why couldn't she have thought this through a little more?

VRISKA: Why couldn't she have at least TOLD us first?

MEENAH: shruggin ma shoulders yo

VRISKA: How is it that I understand this and she doesn't?

VRISKA: She's HOW much older than me?

VRISKA: Like a 8ajillion dream 8u88le sweeps or something?

VRISKA: All that experience and wisdom, and she's out there floundering around like fucking noo8.

MEENAH: (floundering)

VRISKA: It's so disheartening. She wants to 8e like Marquise so much, just like I used to.

VRISKA: 8ut she is NOTHING like her!

VRISKA: You kind of need to have a fuck ton of experience doing, you know... a lot of ruthless pir8tey shit 8efore you can pull that off?

VRISKA: You can't just 8e a 8ookish dwee8 all your life, then suddenly decide to flip the 8adass switch and expect people to take you seriously.

VRISKA: Also, to truly pull that off, it MIGHT help to actually 8e a goddamned adult.

VRISKA: I know, I must 8e totally off my swaychair for suggesting it. 8ut may8e, just MAY8E, there are certain roles and 8ehaviors which are 8est left to fully developed, grown ass people!

VRISKA: Not to sound like a wet 8lanket, 8ut my ancestor's journal contained some EXTREMELY mature content!

VRISKA: So now we have yet another stupid kid trying to fill the 8oots of a legendary pir8 queen, and it's amateur hour all over again.

VRISKA: All I can see in her is me when I used to.....

VRISKA: And it makes me want to.....

VRISKA: UGHHHHHHHHH!

MEENAH: stop movin around all angry

MEENAH: you fuckin me up here

VRISKA: Sorry.

VRISKA: I'm just dismayed 8y some of the implic8tions of her actions.

VRISKA: Is this really how I came off when I used to pull this sort of shit?

MEENAH: dunno wasnt there

VRISKA: I have a sickening feeling it was just like this.

VRISKA: No wonder no8ody could stand me.

VRISKA: And here I am, 8itching at my ancestor like I know 8etter, like I've evolved 8eyond all that.

VRISKA: 8ut.....

VRISKA: Have I really?

VRISKA: Do I go around thinking I'm smarter than I used to 8e, 8ut end up repeating all the same old patterns without even realizing it?

VRISKA: Was the plan to find this treasure and 8uild an army just a rest8ement of my immature, egomaniacal 8ullshit disguised as a more "strategically sensi8le" plan?

VRISKA: If I can apparently keep kidding myself a8out this crap forever, then how would I know the difference?

VRISKA: I guess the thing I h8 most a8out her stunt isn't that it's a dum8 plan, or that we weren't included.

VRISKA: It's that it's making me wonder if I can trust any of my own judgments, even after all this time.

MEENAH: thats some baller inward reflection serk

VRISKA: I don't know a8out that.

VRISKA: If it's so 8aller, why is it making me feel like shit?

MEENAH: thats what its supposed to do i think

MEENAH: but like

MEENAH: tempurarily?

VRISKA: I guess.

VRISKA: What a8out you?

VRISKA: Does any of this reson8 at all?

VRISKA: I know you used to stir up shit with your friends.

VRISKA: You must have done some outrageous things which you thought were necessary for the good of the team. When you look 8ack, do you ever wonder what you were thinking? Or if you every truly evolved?

MEENAH: na

VRISKA: Oh, come on.

VRISKA: Don't leave me hanging in self dou8t lim8o here.

VRISKA: Gimme SOMETHING, Peixes.

MEENAH: haha

MEENAH: i dont know maybe??

MEENAH: sea my thing is

MEENAH: i dont verbally torture my cray schemes like all the serket girls

MEENAH: and that works ok for me

MEENAH: guess i made some mistakes but who really gives a flip

VRISKA: You don't care if you make mistakes?

MEENAH: not like you and she do

MEENAH: araneas deal is

MEENAH: what shes doin now isnt much different from how she always did stuff

MEENAH: the stuff she does is never about the things shes actually doing

MEENAH: its about what those things M-EAN and makin sure everyone KNOWS what they mean

MEENAH: and above all makin sure everyone understands how important she is cause shes obviously the source of all that critical M-EANING without which all action would be pointless right?

MEENAH: but thats not how i rolled

MEENAH: i just

MEENAH: did shit

MEENAH: and the shit i did

MEENAH: meant only the things the shit accomplished

MEENAH: and if that shit accomplished a dumb thing that sucked

MEENAH: then i guess thats what you call a mistake and oh fuckin well

MEENAH: mistakes aint make me feel too bad since i dont really connect results with my shelf worth

MEENAH: ya feel me

VRISKA: YES.

VRISKA: That is so right on.

VRISKA: If you asked me a long time ago, I'm sure I would have insisted that's exactly how I felt a8out everything I did too.

VRISKA: 8ut I don't know if that's true anymore.

VRISKA: In fact, I'm sure that WASN'T true.

VRISKA: I was always invested as hell in the consequences of everything I did, and how it made me look.

VRISKA: And how it made me feel about myself especially.

MEENAH: ok i will admit

MEENAH: i always felt hella bad about decisions leavin me with less gold

MEENAH: glub damn

VRISKA: Her ill-advised power play has ruined everything.

MEENAH: well

MEENAH: we still have this treasure here

MEENAH: why dont we just do the shit without her

MEENAH: you could whip up another ghost army

MEENAH: march it strait to english and start beatin him down

VRISKA: I don't think so.

MEENAH: why not

VRISKA: If you want to know the truth.....

VRISKA: When we were manipul8ting all those ghosts, Aranea was doing most of the work.

VRISKA: Her abilities are a lot more advanced than mine. I guess because she's been around for so long?

VRISKA: I was kind of riding her coattails, making it seem like it was a true collaboration between us.

VRISKA: It was actually very nice of her to allow people to get that impression. She didn't have to.

VRISKA: I should have just told everybody that. I guess I wanted to believe it too. Like we were equal partners in crime. Ancestor and descendant united at last, and working gr8 together.

VRISKA: I hope you don't think that makes me a huge phony.

MEENAH: why would i give a fish about that

VRISKA: Yeah.

VRISKA: You're right, you wouldn't.

VRISKA: I shouldn't be saying needy shit like that.

VRISKA: I'm just a bit depressed, because it feels like I'm running out of friends all over again.

MEENAH: i hear you

MEENAH: she ditched me too

MEENAH: cant blame her i guess

MEENAH: what can i say girl loves her piratesona

MEENAH: she wanna be dat pirate chick so bad

MEENAH: who am i to fault ambition

MEENAH: she cast her lure into the lake of cute but dumbass dreams

MEENAH: i think her mindfang ideal is ridic to be lochness with you

MEENAH: that journal man

MEENAH: tales from the pirate who wont shut up

MEENAH: but then

MEENAH: im not one to talk about hero worship

MEENAH: i think my adult self happens to be the best best greatest most perfect beautiful woman

-----EV-----ER an if you axed me if i wanted a crack at her job id be like glub yes put me down for T)(AT

MEENAH: so i legit hope it works out for her

MEENAH: but yeah

MEENAH: that dont mean i didnt get ditched

MEENAH: and that just

MEENAH: 38(

MEENAH: makes me reel sad

VRISKA: Same.

MEENAH: you sure we cant salvage the plan without her

VRISKA: I don't know.

VRISKA: Possi8ly?

VRISKA: The way I was picturing it, a major feature of the original three pronged approach was to use the army to lead a first wave assault against him.

VRISKA: Then while he was preoccupied 8y all those ghosts swamping him, I would go in for the kill with the secret weapon.

VRISKA: So without an army, I guess we'd need to get close enough to him to use it 8efore he killed us.

MEENAH: like uh

MEENAH: sneak up on him?

VRISKA: I guess.

VRISKA: 8ut I get the feeling Lord English is not the kind of guy you can just sneak up on.

MEENAH: kay what if

MEENAH: i found some way to teleport over to him

MEENAH: and i beat the shit out of him with my wrestling moves

MEENAH: then you bust out the weapon

VRISKA: Hahahaha.

VRISKA: That would 8e awesome, if somewhat implausi8le.

VRISKA: I guess we can think it over.

VRISKA: 8ut if we're getting real here, this has all made me feel pretty lukewarm on the plan.

VRISKA: Aranea checking the fuck out. And me recoiling at her hu8ris, which is o8viously just.....

VRISKA: My OWN 8ullshit, getting thrown 8ack in my face?

VRISKA: It's a 8it much.

VRISKA: You have to 8e a8le to trust your own judgment to make good plans, right?

VRISKA: I don't know if I do anymore.

VRISKA: I certainly don't right now.

VRISKA: Remem8er when our crew started re8elling against me in that cave, and I was kind of lashing out?

VRISKA: I think I might have been forcing it a little?

VRISKA: Like that whole dramatic speech I gave when I jumped into the flaming pit.

VRISKA: Was that really a genuine thing, or like, a desperate last attempt to be who I think I should be?

MEENAH: that was badass though

MEENAH: i mean yeah you were chewin the scenery an being hammy as fuck but i thought it was cool and kinda funny

VRISKA: It wasn't supposed to be funny though!!!!!!!

MEENAH: oh

VRISKA: Ah man.

VRISKA: I really don't know what to do.

VRISKA: I'm too depressed to think proactively about any of this.

VRISKA: Maybe the truth is I don't even care all that much if anyone stops Lord English.

VRISKA: I think all I really cared about was getting to do it myself.

MEENAH: thats a good enough reason if you ask me

MEENAH: but hey if you aint feelin it you aint feelin it

VRISKA: What if we just.....

VRISKA: Gave up on the mission?

MEENAH: gave up

VRISKA: Yeah.

VRISKA: What do you think.

MEENAH: um

MEENAH: sure

VRISKA: Sure?

VRISKA: You don't think that would be a wussy move?

MEENAH: well yeah

MEENAH: it would be

MEENAH: if a couple of cowards did it

MEENAH: but that aint us

MEENAH: so we cool to do whatev

VRISKA: That's a very good point.

MEENAH: nofin wrong with stickin a fork in a shit idea that just makes you miserable

MEENAH: hell the best choice i ever made involved givin up

MEENAH: one day i said

MEENAH: fuck da throne

MEENAH: ran off to the moon

I CAN ONLY ASSUME. THAT WAITING FOR THE NEXT INSTALLMENT OF MY VAUNTED SERIES, "HOMOSUCK". WAS AS TIME CONSUMING FOR YOU. AS IT WAS FOR ME.

I HAVE BEEN WORKING MY ASS OFF. LIKE ONE OF YOUR HUMAN MOTHERFUCKERS. AT PERFECTING MY CRAFTS MANSHIP.

YOU ARE PROBABLY WONDERING IF THE FRUITS OF MY LABORIOUS TOIL. WERE EXTREMELY SUCCESSFUL.

I BELIEVE YOU WILL FIND THE ANSWER TO BE THE FOLLOWING WORD.

**YES!!!!!!!!!!!!**

**18/10/14**

#1

I HAVE DONE IT. WHERE THE FINE ARTS ARE CONCERNED, I HAVE REACHED THE PINNACLE OF ACHIEVEMENT MOUNTAIN. I STAB MY CANE INTO THE PEAK (LIKE A FLAG), THUS MAKING A SNOWY AVALANCHE. ON TO THE HATERS BELOW!

JEALOUS MUCH, FAT ASS???

**HOW DID I DO SUCH A SENSATIONAL FEAT? YOU ASK.**

**18/10/14**

THE MYSTERY TO SUCCESS. LAY HIDDEN AMIDST THE BYZANTINE MANGAS. ALL ALONG.

THESE OCCULT WIZARDRIES OF THE BRUSH. PURLOINED FROM COOL SCROLLS OF WISE MEN FROM THE EARTHLING EAST. HAVE BEEN GATHERED FOR MY STUDIOUS PERUSAL INSIDE A SEDUCTIVE TOME. EMBLAZONED WITH A FRIVOLOUS TART.

HOWEVER, MASTERING EACH SLY GAMBIT OF THE TRADE. IS NO EASY TASK.

AND YET EASILY MASTERING THEM. WITH GREAT DIFFICULTY. IS EXACTLY WHAT I DID!

**THIS FACT IS CALLED A \*GAME CHANGER\*.**

**18/10/14**

TO PROFESSIONALS IN THE BUSINESS, THAT IS.

PREVIOUSLY. BEFORE I LITERALLY TRANSFORMED. INTO THE SUPREME DOUJINSHI MAN GAKA, STANDING BEFORE YOUR VERY EYES. I MADE SOME PREDICTABLE PLANS. REGARDING WHAT GOES NEXT IN MY STORY.

I GOT EVERYTHING READY. I DREW ALL OF "THE TROLLS". LOOK. ALL OF YOUR FAVORITES ARE HERE.

UH...

**KRABKRAB. HONK FRIEND. CAPE DOUCHE.**

## **AND LEST WE FORGET. A SALTY ARRAY. OF MISCELLANEOUS BITCHES.**

**18/10/14**

THA BITCHES.

## **OH. ALSO. THE BEFORE TROLLS. IN CASE OF EMERGENCY**

**18/10/14**

SUCH AS IN CASE I WAS IN NEED. OF MORE FICTITIOUS IDIOTS TO MURDER. INSIDE MY DRAWINGS.

## **BUT THESE PORTRAITS ARE NOW A MOOT POINT.**

**18/10/14**

GARBAGE.

ALL OF THIS WRETCHED TRASH. GOES IN THE PLACE WHERE IT BELONGS. WHICH IS TO SAY, THE \*GARBAGE\*.

THAT'S WHAT HAPPENS WHEN YOU ARE AN ARTIST. SOMETIMES YOU CHANGE YOUR IDEA PLANS. BECAUSE THEY SUDDENLY SEEM TERRIBLE. DUE TO YOUR ASTRONOMICAL STRIDES IN CREATIVE MASTERY.

THESE WERE THE PIXEL PUPPETS. OF A LAUGHABLE AMATEUR. THEY ARE BENEATH ME NOW. MUCH LIKE YOU ARE.

BUT IN SPITE OF ALL OF YOUR BAD SHORTCOMINGS. I WILL LET YOU OBSERVE MY ARTISTIC BREAKTHROUGHS. BECAUSE OF HOW PROUD OF THEM I AM. AND WATCHING PEOPLE BE IMPRESSED AT MY DRAWINGS. EVEN DUMB JERKS. MAKES ME FEEL GREAT ABOUT MYSELF AND MY ACCOMPLISHMENTS.

## **BEHOLD, MY EXCLUSIVE PRIVATE GALLERY.**

NOT THAT I BLAME YOU FOR NOT RECOGNIZING HIM. FROM HIS ONCE PREVIOUSLY  
ODIOUS VISAGE, OF BEFORE.

BUT NOW, BY MY SKILLFUL HAND. THIS GORGEOUS MALE HERO. HAS BEEN  
ALLOWED TO RADIATE. WITH THE SUPREME DIVINITY. OF BOYMANGA HEAVEN.

MOE BROS

DON'T LOOK NOW. BUT ANOTHER BASHFUL BISHIE APPROACHES THE STAGE.

IT'S OUR TROLL MALE. KRAB GUY. QUITE A TEMPER, THIS ONE! HE BELLOWS

HIMSELF HOARSE DAILY. AT OUR SMART TALKING. GIVE NO FUCK. ALPHA MALE.

THESE MOE BROS PUT THE PAL, IN PALPABLE CHEMISTRY. THE KIND OF WHICH IS BAD, AS WELL AS EROTIC. THE SAGE ELDERS OF MANGA DESCRIBE THE QUADRANT THEY OCCUPY, AS I QUOTE "TSUNDERE". IT IS A TEMPESTUOUS LIAISON OF MUTUAL GRIEVANCE. AND YET, DEEP DOWN. THEY KNOW IN EACH OTHER'S HEART THAT THEY ARE SOLID DUDES.

**OK. I KNOW WHAT YOU'RE THINKING.**

THIS IS WRONG. WHAT'S GOING ON HERE? THE TOUCHING. THE TENDERNESS.

I KNOW IT. YOU KNOW IT. LET'S NOT PLAY A GAME WITH EACH OTHER.

WHERE, PER CHANCE, ARE THE BITCHES? I CAN HEAR YOU ASK.

YOU RAISE AN EXCELLENT POINT.

**BUT HEAR ME OUT!**

BEAUTIFUL FUCKING DUDES.

THE MANGAS PLAY BY DIFFERENT RULES. YOU'LL AGREE WITH THIS. WHEN YOU HEAR THE FACTS OF MY RATIONALE.

NATURALLY SUCH MAUDLIN DISPLAYS. OF TOUCHING AND SIMPERING. HAVE NO PLACE. WHERE ONLY COCKSURE, MASCULINE GENTLEMEN ARE PRESENT.

HOWEVER. BY THE MAN GAKA'S ILLUSIONRY. HE CHANGES EVERYTHING! WHERE BEFORE OUR MALES WERE COARSE. CHISLED. AND CRUDELY ANGULAR. BUILT FOR PRIME TIME. LIKE A FUCKING GARBAGE TRUCK. PLOWING THROUGH THE WALL. OF AN INDUSTRIAL BEEF MILL. SO CUT. SO \*MAXED OUT\*. THAT THEY COULD ONLY PROVOKE INSIDE A YOUNG MAN. THOUGHTS OF \*RAW POWER\*. NEVER DEBAUCHERY!!!

UNTIL NOW, THAT IS. BECAUSE OF MANGA. AND ITS INHERENT CAPABILITY TO TRANSFORM ALL THAT IS HARD AND CRUEL. INTO FIGURES OF SUBLIME BEAUTY. I FIND THIS ARTIFICE TO BE. MUCH LIKE THE SIREN SPELL OF THE TRICKSTER. YET, IMPOSSIBLY. EVEN MORE HAUNTING IN ITS ALLURE.

## **I MUST SAY. THE ARTISTIC PLOY. IS INGENIOUS.**

ILLEGAL PASSION PARADISE.

IT OPENS UP SO MANY POSSIBILITIES. TO THE FIEND OF INDECENT SMUT. WHERE BEFORE, IT WAS ALL BUT IMPOSSIBLE. TO RENDER TRULY \*\*\*\*\*SENTIMENTAL\*\*\*\*\* IMAGERY, WITHOUT RESORTING TO BABES AND BIMBOS GALORE. DUE TO THE UTTERLY UNACCEPTABLE HAPPENSTANCE WHERE IN MACHO GUYS ARE PHYSICALLY POIGNANT WITH EACH OTHER. WHICH TO REASONABLE MEN IS THE MOST UNWELCOME PERSUASION OF LECHERY. OR THAT IS, IT WAS...

UNTIL NOW!

LOOK HOW SMART THIS HOAX IS. THANKS TO MANGA. SEE. THROUGH THE ELEGANCE OF BEAUTY AND FINESSE. IT SOFTENS THE UNCOUTH MALE EXTERIOR. BEVELING THE ANGLES OF PURE MUSCLE. TAMING HIS INCREDIBLE ANGRINESS. AND BY THE FLUSHING OF CHEEKS. THE DEWING OF BROW. THE GLASSING OF EYES. ONE BRINGS OUT OF ANY BRUTE, HIS TRUE INNER BISHIE. WHICH ACTUALLY IS MANGANESE. FOR A BEAUTIFUL FUCKING DUDE.

IF YOU'RE CONFUSED, BASICALLY THE IDEA IS. YOU PRETEND THEM TO LOOK MORE LIKE GIRLS. TO MAKE IT LESS WEIRD FOR EVERYBODY WHEN THEY DECIDE TO TOUCH EACH OTHER.

I MEAN. IT IS REPULSIVE TO WITNESS. DO NOT GET ME WRONG.

BUT YET, IT REMAINS...

NOT TOO SHABBY, RIGHT? YOU CAN JUST TELL THIS "LUCKY LADY" IS BRIMMING WITH CHUTZPAH.

ME THINKS SHE WILL BE A VERY CONTROVERSIAL CHARACTER. WITH EXCESSIVE COMPLICATIONS. AND AMBIGUOUS MORAL STUFF. IN HER PERSONALITY BULLET POINTS.

HER TRAITS AND OTHER SUCH CHARACTER THINGS. WILL BE A LOT TO LIST. WHICH IS FINE, BECAUSE IT WILL HELP YOU BELIEVE MY CREATION IS MORE INTERESTING. IN FACT. THIS IS ONE SUCH ADVANTAGE OF DOMINATING ALL KNOWN MANGA AS I

HAVE DONE. WHEN YOU'RE THIS GOOD, AND BRILLIANT. YOU DON'T EVEN REALLY NEED TO "TELL STORIES" ANYMORE. YOU CAN JUST MAKE SOME CHARACTERS. AND LIST THEIR VARIOUS QUALITIES EXTENSIVELY. AND THAT'S GOOD ENOUGH.

THE MANY. MANY INTRIGUING PERSONAL FACTS. OF THIS TRUCULENT FEMALE PROVOCATEUR. SHALL BE LISTED EXTENSIVELY.

THE YAOIEST MOTHERFUCKER WHO EVER LIVED.

WHO YOU ASK, IS THIS BROODING BEAUTIFUL DUDE?

THIS IS YOURS TRULY. MY SELF INSERTION GUY. WHICH IS MY PREROGATIVE TO DO AS AN ARTIST. I LEARNED THIS FROM MY "MASTER". THE WISE ASSED GHOST WHO HAUNTED MY COMPUTER. HE WAS THE BEST THERE WAS AT STUFF LIKE THIS, HE TOLD ME ONCE. TRULY, HE WAS QUITE THE PIECE OF SHIT.

### **SERIOUSLY. CAN I GET A GOD DAMN?**

18/10/14

HOLY  
SMOKES!

ASK ANY DECORATED SCHOLAR TO THE SCHOOL OF MANGA, AND HE WILL SAY. BEFORE YOU STANDS THE YAOIEST MOTHERFUCKER WHO EVER LIVED. ALL THINGS ABOUT THIS GORGEOUS BASTARD TELL YOU LOUD AND CLEAR. THIS IS A MAN OF CLASS AND STYLE.

HE IS DRESSED TO KILL. (LITERALLY! HAHA, YESSS.) LOOK AT THIS FANCY DAN, STRUTTING HIS STUFF AND DAPPER AS FUCK. YOUR BOY HERE PEACOCKS HARD AT HONIES APLENTY, NEGGING THE BITCHES AND CLOSING THE HOES IN A COAT THAT IS FIT FOR A LORD. LOOK AT THAT GOD DAMN COAT. I DON'T KNOW HOW HE GETS THAT COAT? PROBABLY DUE TO A SHENANIGAN THAT TAKES PLACE LATER. I DOUBT IT MATTERS THAT MUCH. IT LOOKS GREAT THOUGH, AND I LOVE IT.

### **ALSO, HOW ABOUT A HAT?**

18/10/14

FUCKING  
INCREDIBLE

SURE, WHY NOT. THE HAT IS NOT CANONICAL TO MY FANON, BUT I DO NOT SEE THE HARM IN SUCH A DIGNIFIED ACCESSORY. AH YES, PERFECT. WHO COULD EVER BE ACCUSED OF BEING AN ASSHOLE WHILE WEARING THAT?? NOBODY.

OH, ALSO. SICK NASTY GREEN ELECTRICITY WINGS? FUCKING CHECK. I THINK WE ARE GOOD TO GO HERE.

### **BIG MAN: HOLLER FOR YOUR WOMAN.**

18/10/14

zap.

HIS WOMAN, THAT ELABORATE TRAMP FROM THE SURFACE OF THE TOME, HUSTLES TO THE SIDE OF HER DEBONAIR HOT SHOT. "MY'LADY" HE DOFFS RATIONALLY. THE MAN BRIMS WITH INTELLECTUAL IDEAS SHE WOULDN'T UNDERSTAND. HE KNOWS MANY THINGS, ABOUT THE WORLD, AND BEING STRONG. BUT YET... HE STILL DOESN'T KNOW WHO SHE IS. THE GODDESS OF MANGA, PERHAPS?

IT IS NO MATTER. SHE MUST BOW DOWN BEFORE HER LORD. AS MUST YOU ALL SOME DAY.

### **GODDESS OF MANGA: BOW DOWN.**

18/10/14

SHE BOWS BEFORE YOU SUBMISSIVELY IN A SUBSERVIENT MANNER. EVERYTHING IS CORRECT ABOUT THE SITUATION. YOU THINK SHE'S REALLY ATTRACTIVE, AND IT MAKES YOU FEEL WEIRD PHYSICALLY. AND YET, UNLIKE YOUR SISTER, SHE KNOWS HER PLACE. AND HAS NO OPINIONS OR WORDS TO REMARK ABOUT.

I MEAN...

NOT TO IMPLY THAT ANY OTHER ASPECT OF HER IS LIKE YOUR SISTER. LIKE BEING ATTRACTIVE. WOW. WHAT? READ INTO STUFF MUCH? YOU DECIDE YOU HAVE TOO MUCH TIME ON YOUR HANDS. YOU STOP THINKING ABOUT THIS TOPIC STARTING AS OF IMMEDIATELY.

ALL IS WELL AND IDEAL AGAIN, WITHOUT YOU BLURTING OUT UNNECESSARY SEXY SCANDALS. IT IS ALMOST A BIT. \*TOO\* IDEAL, YOU THINK.

"HMM."

**SOMETHING IS A MISS.**

**19/10/14**

?

hey.

YOU GO IN FOR A CLOSER LOOK. AT THE EYES OF THE HANDSOME BOY'S APPEARANCE. AND NOTICE A WORRISOME DISCREPANCY.

NO, THIS IS ALL WRONG, YOU FROWN. THESE GLASSY RED PEEPERS, LOVELY THOUGH THEY ARE. ARE NOT YOUR LORD'S FINAL FORM. OH NO.

**HIS EYES ARE SUPPOSED TO FLICKER ABOUT.**

you're the one who vriska and her pirate pals are all trying to stop! it was you who put all this into motion in some way i don't really understand! which means you're responsible for like a trillion people dying, and universes blowing up, and all my friends getting scattered around and acting like idiots, and my dad being dead!

ok, maybe you're not totally responsible for us acting like idiots, most of that is on us! but all that other bad stuff is your fault somehow, isn't it!

JADE: foliage?

CALLIOPE: on his earth, these hills we covered in trees.

CALLIOPE: in yoUrs i sUppose there was more care given to landscaping. :U

JADE: huh!

JADE: thats interesting

CALLIOPE: is it?

JADE: ummm

CALLIOPE: i'm not sUre that it is, particUlarly.

JADE: heheh yeah i guess not

CALLIOPE: bUt it is very nice here, even if it is only a stylistic approximation of yoUr home.

CALLIOPE: pity there are no trees thoUgh.

CALLIOPE: i have never actUally seen one.

JADE: you havent?

CALLIOPE: come to think of it,

CALLIOPE: i have never even seen a plant... u\_u!

JADE: :O

CALLIOPE: meat was left for Us in great sUpply.

CALLIOPE: candy too.

CALLIOPE: bUt nary a plant for as far as the eye coUld see.

JADE: that sounds terrible!

JADE: when i was a kid i grew up with plants all around me

JADE: but i was very lucky... i guess i took all the nice things about my life on this island for granted

JADE: i even had my own garden where i grew flowers and vegetables and fruits and such

JADE: that is all i ever ate, the things i grew myself

CALLIOPE: ooh!

JADE: but i will admit to having developed a taste for meat since becoming a dog <\_<;

CALLIOPE: meat is very good.

CALLIOPE: for all the complaints i might have aboUt my childhood, near exclUsive sUbsistance Upon raw flesh is not one.

CALLIOPE: bUt then, i am sUre that comes with the territory of being a monster. heh.

JADE: :o

JADE: i miss that garden

CALLIOPE: what happened to it?

JADE: it blew up

JADE: and then i built my house waaaay up, on top of where it used to be

JADE: in the years since that happened i thought about rebuilding it

JADE: as a way to pass the time on my long lonely journey...

JADE: but i was too depressed to grow anything

CALLIOPE: hm, yes.

CALLIOPE: i believe i can sympathize.

JADE: what sort of place did you grow up in that didnt have plants?

JADE: was it a desert?

CALLIOPE: of sorts, yes.

CALLIOPE: it was earth, actUally.

JADE: ???

CALLIOPE: my earth was mUch less hospitable toward life than yoUrs.

CALLIOPE: i am sUre i was the only living thing left on the planet.

JADE: that sounds lonely

CALLIOPE: it was.

JADE: but didnt you say meat was left for "us" earlier

CALLIOPE: oh.

JADE: was someone else there?

CALLIOPE: yes.

CALLIOPE: technically.

CALLIOPE: bUt he was only there while i slept.

JADE: who?

CALLIOPE: my brother.

JADE: oh!

JADE: i had a brother too

JADE: its funny we keep discovering ways that we are alike

CALLIOPE: yes, bUt not so mUch in this way.

CALLIOPE: for one thing, yoU and yoUr brother never detested each other, to my knowledge.

JADE: i see

JADE: and your brother looks the same way too i take it?

CALLIOPE: yes.

CALLIOPE: we look identical, thoUgh he was sUrely more a monster than i.

CALLIOPE: he still is.

JADE: was this his tooth?

CALLIOPE: yes.

CALLIOPE: it was once mine as well, bUt that is a topic which woUld reqUire some elaboration.

CALLIOPE: to tell yoU the trUth, i woUld rather not talk aboUt my brother. or anything from my past, really.

CALLIOPE: dwelling on it for long makes me feel very anxioUs.

JADE: thats ok, we dont have to talk about it

JADE: its just

JADE: seeing this tooth

JADE: and listening to your voice...

JADE: i think im finally starting to remember something

JADE: i think so

CALLIOPE: egad.

CALLIOPE: i hope i didn't frighten yoU.

JADE: i was a little scared at first actually

JADE: but it was not so much because of what you looked like

CALLIOPE: :u

JADE: your voice was the same

JADE: and i can tell now that you are basically the same person she was

CALLIOPE: she is the one i am sUpposed to find.

CALLIOPE: bUt it woUlD seem yoU foUnd her first.

JADE: i see

JADE: an alternate universe version of yourself?

CALLIOPE: yes.

CALLIOPE: the version who was able to defeat my brother before he coUlD commit his mayhem.

JADE: that makes sense

JADE: no wonder she was so...

JADE: well

JADE: no offense to her, but you are much friendlier :)

CALLIOPE: i was that bad, was i?

CALLIOPE: or, ahem. she?

JADE: not really...

JADE: it was not long at all before i could tell she was good

JADE: actually, the more i think about it, the more im starting to remember about the encounter

JADE: she had a lot to say

CALLIOPE: what did she tell yoU?

JADE: she mainly told me stories!

CALLIOPE: :U

JADE: she seemed to really like telling stories

JADE: so i think your personality must have been in there somewhere :D

CALLIOPE: yoU don't...

CALLIOPE: by any chance...

JADE: you want to know if i remember any?

JADE: yes, its been coming back to me little by little

JADE: i think i can retell some of them

CALLIOPE: ^u^

JADE: hey i have an idea  
JADE: why dont you help me?  
CALLIOPE: how?  
JADE: do you have anything to write on?  
JADE: a pad of paper or such?

**[A6A6I4] ====>**

**11/11/14**

dialoglogCALLIOPE: how's this?

JADE: perfect!

JADE: ok, i will write the words, and you can draw the pictures

CALLIOPE: oh, what a good idea!

JADE: yes

JADE: ok where to begin

JADE: if i recall...

JADE: the first story was about how she defeated her brother

JADE: but i dont remember much about that one

JADE: and maybe you dont even want to hear a story that has to do with him?

CALLIOPE: that woUld be the way in which she and i differ.

CALLIOPE: in my story, it was the other way aroUnd.

JADE: hmm

JADE: that makes sense

JADE: the rest of her stories i think were meant to account for the differences in the way her life went

CALLIOPE: ooh. how interesting.

CALLIOPE: now i am very cUrioUs!

JADE: :)

JADE: so she went on to tell another story

JADE: not one about your brother

JADE: but one about mine

ROXY: arent they?

JOHN: more or less?

JOHN: i think their purpose is a bit more mysterious than that, and i guess more, like... majestic?

ROXY: majestic???

JOHN: i don't know!

JOHN: i'm probably not the best guy to ask about denizens. jade met hers, but she's...  
JOHN: a sprite could explain it better than me. didn't you ever talk to your sprite about them?

ROXY: nah

ROXY: me and fefeta never talked much about that stuff

JOHN: you did?

JOHN: wow, what kind of sprite did you even have??

ROXY: :(

JOHN: er, never mind.

JOHN: i did not mean to touch upon yet another sad subject.

JOHN: anyway, maybe you're right, and my denizen could help me with these problems.

JOHN: but at the same time...

JOHN: there are SO MANY problems!

JOHN: even if i learned to control my powers better, we would STILL have to deal with all this glitchy bullshit!

JOHN: i could zap around and fix everything, but if it's all still garbled, how would i even know it was fixed?!

ROXY: hey u asked

JOHN: no, that sucks!

JOHN: don't do that.

ROXY: meh why not

JOHN: because it's stupid plan for crappy idiots.

ROXY: j f C what a burn

ROXY: i think i might cease to exist just from that burn

JOHN: yes, laugh at my truly sick burn if you must, but everyone's getting on my case for being so defeatist, and THAT'S the best plan you can come up with?

ROXY: i didnt get on your case for being defeatist tho

ROXY: .....

ROXY: such as?

JOHN: why don't you go see your denizen too?

ROXY: wat

JOHN: that's your denizen there, isn't it?

ROXY: no thats a statue

JOHN: yes, i know it's a statue.

JOHN: i mean, it is a depiction of her, right?

ROXY: oh

ROXY: yeh

JOHN: so if i'm going to see mine, why don't you go see yours too?

ROXY: go see nix...

ROXY: why

JOHN: why not!

ROXY: cause im not the hero with the magic "fix literally everything" powers that need masterin

JOHN: no, but you still have things to learn, don't you?

JOHN: did you ever make that spike ball?

ROXY: um no

ROXY: but what would even be the point of that anymore

JOHN: i dunno.

JOHN: it's just a thing you were going to set your mind to, but haven't done yet.

JOHN: just like i said i was going to get that magic ring so you can give it to your friend. remember that?

ROXY: yeah

JOHN: i haven't done that yet either.

JOHN: but that doesn't mean i have to give up on that idea.

JOHN: what if, after i see my denizen...

JOHN: what if i could still do that?

ROXY: ...

JOHN: i'm just saying, you have no idea what there is to learn from her.

JOHN: maybe finding out what there is to learn is most of what there is to learn?

JOHN: what if making alien spike balls is only the beginning of understanding your powers?

JOHN: what if she can help you channel some sort of incredible... voidy thing?

ROXY: voidy thing

JOHN: yes, like a windy thing, but with void instead of wind.

ROXY: whats a windy thing

JOHN: a windy thing is obviously a bunch of damn wind blowing around!

ROXY: soo

ROXY: ur saying she can teach me to make void blow around

JOHN: no!

JOHN: i didn't mean it that literally.

JOHN: i mean, maybe something more abstract? like, i dunno...

JOHN: learn to phase out of reality, and somehow preserve yourself in the void, even if i alter history...

JOHN: so that maybe when the time is right, you can just... pop back into reality?

ROXY: wow

ROXY: u rly think she can tell me how to do that

JOHN: i have no idea!

JOHN: i'm just saying...

JOHN: who knows?

ROXY: not to be a wet windsock john but that sounds far fetched as heck

JOHN: ok, yes, probably.

JOHN: it just feels shitty leaving you here to have a sad funeral, and then stop existing.

ROXY: sometimes john

ROXY: u just gotta throw a sad funeral for ur dead teen mom and then stop existing

ROXY: LE SHRUG

JOHN: le shrug my LA BUTT!

JOHN: i'm not going to see my denizen unless you agree to see yours.

CALLIOPE: i see.

CALLIOPE: which story, exactly?

CALLIOPE: her story, or yoUrs?

JADE: hmmm

JADE: both, as a matter of fact

JADE: my story began with a tragedy on lowas, which led to meeting her in the first place

JADE: and then, she used my memory of that tragedy as a starting point for her story, which turned out to be related

CALLIOPE: ooh, fascinating!

CALLIOPE: (i love stories)

JADE: (i know)

dialoglogJADE: i fell asleep and had a dream

JADE: and that is when i met a very powerful, strangely charismatic creature...

JADE: her name was calliope ;)

**[A6A6I4] ====>**

**21/11/14**

dialoglogJADE: as i said, she was somewhat like you, and yet so unlike

JADE: her presence was so serious and grave

JADE: her hollow eyes were piercing... but not hostile

JADE: but the prevailing sense i got from her was one of loneliness

JADE: before she even said a word, i could feel it somehow, that this was a deeply lonely soul

JADE: until i met her, i thought i was the loneliest person in the universe

JADE: but a feeling told me she had been here by herself for a long long time

JADE: i felt sorry for her

JADE: and relating to her plight helped me overcome the feelings of intimidation

JADE: so we began to talk

JADE: we traded stories about ourselves

JADE: she spoke of the brother she killed

JADE: i spoke of the brother i lost

JADE: and when i mentioned johns death

JADE: that is when she became very serious again

JADE: she began to recount how john had died, repeating to me the same story i just told you

JADE: she described the spontaneous destruction of lowas which left me alone for years

JADE: i wondered why she was recounting this tragedy that happened to me, and for that matter how she knew of it herself

JADE: she went on to say that lowas was destroyed because johns denizen had suddenly woken up

JADE: typhesus, a great monster of truly terrifying power

JADE: she said he had destroyed his land and slayed his own heir of breath not out of malice, but to make a slight correction

JADE: i asked her...

JADE: what do you mean, "correction"?

**[A6A6I4] ====>**

**21/11/14**

dialoglogJADE: she said that the john from my reality, and his entire planet, needed to be erased  
JADE: and that the slumbering denizen in all his mysterious wisdom knew this  
JADE: she told me that the dreams of a denizen draw from the same well of potential from which every conceivable possibility arises  
JADE: the same place skaia gets its power from  
JADE: so if an agreement with a denizen is reached in one reality, that same denizen in another reality could become aware of it, and respond accordingly  
JADE: it seems that john, somewhere, in some other plane of existence, had made just such an agreement  
JADE: she said that the john i knew, like herself, was only one version of a person  
JADE: there was a different version of john from another reality poised to play a more significant role  
JADE: you see, the john from that reality in an act of desperation had gone to see typhoeus, and struck a bargain with him  
JADE: she would go on to explain the nature of that bargain in the next part of her story  
JADE: but from my perspective, the consequence of this bargain was to lose my friends, and to live with that for years without understanding why  
JADE: losing them still hurt, but i was so relieved to at least understand the reason, and to realize their senseless deaths were actually serving a bigger purpose  
JADE: i thanked her for letting me know

**[A6A6I4] =====>**

|-----------------------------|
| she was not human&hellipsis |
|-----------------------------|

dialoglogJADE: she told me she was not human, and had no frame of reference for empathizing with my feelings  
JADE: but if there was one thing she could relate to, it was the feeling of being alone  
JADE: the feeling of waiting for what seems like eternity by yourself, until finally your purpose presents itself  
CALLIOPE: ...  
JADE: ....

**[A6A6I4] =====>**

**21/11/14**

dialoglogCALLIOPE: i feel sorry for her.  
CALLIOPE: er, for myself, i suppose. but then again, that feeling is nothing new.  
JADE: heh  
CALLIOPE: it's an odd statement she made, though.  
JADE: what?  
CALLIOPE: not having the frame of reference for empathizing with human feelings.  
CALLIOPE: if you asked me, i would say i have the vantage to relate to both humans and cherubs, so when you describe your feelings of sadness over losing friends, i'd have more than enough grounds for commiseration.  
CALLIOPE: do you think that this version of me never..  
JADE: never what?  
CALLIOPE: never had human friends like i did?

JADE: i have no idea

CALLIOPE: what a strange thought.

CALLIOPE: to grow Up with only my brother for "company"...

CALLIOPE: and not even have my human friends to get me by.

CALLIOPE: what a dreadful fate. the poor thing.

CALLIOPE: maybe that was the difference?

CALLIOPE: what let her predominate over her brother, whereas i was too, erm...

CALLIOPE: "humanly socialized" to succeed in my cherubic rite of passage?

JADE: could be!

JADE: i don't know enough about cherub rites of passage to say either way

JADE: human rites of passage either, for that matter

CALLIOPE: so then what happened!

JADE: right! anyway...

JADE: that's when she began her story in earnest

JADE: the one she summoned me in my dreams to tell me

JADE: the story of the other john who made a deal with typhoeus

JADE: it began with the same place my mine did

JADE: lowas

JADE: ...

JADE: so, go on

CALLIOPE: what?

JADE: draw lowas again!

CALLIOPE: oh!!

CALLIOPE: wait.

CALLIOPE: all over again?

JADE: ummmmmm

JADE: no, you can just copy the first one you did :)

CALLIOPE: what a lovely idea.

CALLIOPE: i'd hate to hold up the pace of your exciting tale with a bunch of superfluous doodling.

**[A6A6I4] ====>**

**21/11/14**

dialoglogCALLIOPE: good enough?

JADE: yes, but...

JADE: there are also supposed to be glitches around

CALLIOPE: glitches?

CALLIOPE: what do you mean by glitches?

JADE: like computer glitches i think

CALLIOPE: that sounds hard to draw.

JADE: ok why don't we not worry about showing the glitches for this story

JADE: they would just make it harder to see what's going on...

JADE: which is probably the point now that i think about it?

CALLIOPE: the point?

CALLIOPE: of what?

JADE: i never thought much about it

JADE: it just seemed like a weird detail she mentioned

JADE: but i guess it was some strange form of corruption in their session that made everything harder to understand

CALLIOPE: where did the corruption come from?

JADE: no idea!

JADE: i guess it was just one more way everything got messed up for them

JADE: like, just another surreal obstacle for a hero to overcome?

JADE: oh, that reminds me

JADE: you need to draw john there as well!

CALLIOPE: right-o.

**[A6A6I4] =====>**

**21/11/14**

dialoglogCALLIOPE: there yoU go.

CALLIOPE: one hero.

CALLIOPE: sans sUrréal obstacles!

JADE: :)

JADE: when she mentioned that i didnt give it a second thought

JADE: but now that i am trying to reconstruct everything and tell you what to draw...

JADE: hmm

CALLIOPE: hm?

JADE: i guess when youre trying to tell a story it forces you to think a lot more about everything than when youre just listening to one

CALLIOPE: tis qUite trUe.

CALLIOPE: perhaps yoU shoUld start writing?

CALLIOPE: how did she begin?

JADE: let me think...

JADE: hmm, maybe we should pause before i go on?

CALLIOPE: paUse??

JADE: like

JADE: some sort of intermission

JADE: so i can collect my thoughts a bit, and to give the audience a little breather between two significant arcs

JADE: we were at it for a pretty good while there, after all

CALLIOPE: what... aUdience?

JADE: well, that would be you in this case

JADE: ooh i know!

JADE: i can doodle a quick story about the antics of the silly consorts on the golden ship before moving on

CALLIOPE: >:U

**[A6A6I4] =====>**

**21/11/14**

dialoglogJADE: one of the things i did to pass the time on the ship was give them funny names

JADE: lets meet our cast of characters for this intermission shall we?

CALLIOPE: ...

JADE: lets see, there waaaas

JADE: bubbleupagus

JADE: thips ahoy

JADE: nak be nimble

JADE: slowpoke malone

CALLIOPE: jade.

**[A6A6I4] ====>**

**21/11/14**

dialoglogJADE: detective glubsbudget

JADE: fidgety herbert

JADE: doctor snausages

JADE: yiffyiff

CALLIOPE: JADE!

JADE: huh?

**[A6A6I4] ====>**

**21/11/14**

dialoglogCALLIOPE: I'M SORRY BUT I DON'T CARE ABOUT THIS RIGHT NOW!

CALLIOPE: YOUR CONSORT FRIENDS ARE SO VERY CUTE AND THEIR NAMES ARE SILLY AND I LOVE THEM ALL BUT I WANT TO HEAR THE REST OF THE STORY!

CALLIOPE: PLEASE LET'S GO BACK TO ILLUSTRATING HER STORY, I'M SO CURIOUS!!!!!!!!!!!!

CALLIOPE: PLEASE PLEASE PLEASE PLEASE PLEASE PLEASE PLEASE PLEASE PLEASE PLEASE!

JADE: wow, ok sorry!!!!

JADE: yes youre right this is a stupid diversion... lets continue

JADE: um callie...

JADE: your hand :o

**[A6A6I4] ====>**

**21/11/14**

dialoglogCALLIOPE: oops. :u

CALLIOPE: ahem. pay no attention to that.

CALLIOPE: do carry on.

**[A6A6I4] ====>**

**24/11/14**

dialoglogJADE: so... anyway

JADE: like i said, she just finished telling me that she was able to beat her brother in this reality

JADE: but apparently, that wasnt supposed to happen?

JADE: so she lived out the rest of her life in a doomed timeline and eventually died

JADE: she didnt mention how

JADE: and then...

JADE: and then she did this kinda fancy transition

JADE: darn, i dont think ill do it justice

JADE: a transition to a story about MY brother... who was stuck in a doomed timeline too

JADE: i think ill mess it up if i try to match what she said word for word

JADE: she had a really fanciful way of putting things

CALLIOPE: there's no need to try to recite what she said.

CALLIOPE: jUst tell the story in yoUr own voice, as yoU have already been doing!

CALLIOPE: it will be more fUn that way.

JADE: ok

JADE: so the bottom line was

JADE: almost all our friends had died

JADE: and johns only hope was to return to his planet, and attempt to complete his personal quest

**[A6A6I4] ====>**

**24/11/14**

dialoglogJADE: as you know, we all have personal quests that are unique to our planets

JADE: the nature of the quest is never easy to understand at first

JADE: they are presented to us through enigmatic riddles conveyed through the lore of the land

JADE: for john it was to journey to the place where "constellations danced beneath the clouds"

JADE: it was said the heir of breath was to free the stars from the shade and release them into heaven

JADE: this was just a mysterious way of saying what he REALLY had to do

**[A6A6I4] ====>**

**24/11/14**

dialoglogJADE: the stars were actually fireflies

JADE: theyd been flying around trapped beneath the overcast sky ever since john first brought lowas into existence by his arrival

JADE: and paradoxically, theyd been imprisoned there for ages even before that

JADE: such is the way of our lands

JADE: they are newly born the day we arrive...

JADE: and yet they always were

**[A6A6I4] ====>**

**24/11/14**

dialoglogJADE: to free the fireflies john would have to play a special song

JADE: it had to be played just right to summon the breeze through the pipes

JADE: but there was a problem...

**[A6A6I4] ====>**

**24/11/14**

dialoglogJADE: the pipes were all clogged with oil!

JADE: the first day john came to his land, oil began oozing up from the core, flooding the pipes and filling the oceans

JADE: to play the song, first he would need to clean up the oil

JADE: and to do that, he would need to face the slumbering one himself

JADE: he would need to face typheus

**[A6A6I4] ====>**

**24/11/14**

dialoglogJADE: but as he wandered through the catacombs down to the planets core  
JADE: he wasnt thinking about freeing fireflies or cleaning up oil  
JADE: he was seeking the help of his denizen to master a power he couldnt control  
JADE: luckily for him, denizens always seem to understand what you want  
JADE: and more importantly, what you need, whether you know it or not

**[A6A6I4] ====>**

**24/11/14**

dialoglogJADE: ...

JADE: is something wrong callie?

CALLIOPE: hm?

JADE: go ahead and draw typheus!

CALLIOPE: oh...

CALLIOPE: yes, Um...

JADE: you do know what he looks like dont you?

CALLIOPE: i believe i do.

JADE: it doesnt have to be perfect

JADE: just draw a big green snake monster!

CALLIOPE: a big green snake monster yoU say...

CALLIOPE: :u

JADE: yes

JADE: a snake monster with the most unspeakably hideous face you can imagine

JADE: but you dont have to be too literal about that

JADE: feel free to draw something a little more representational :)

CALLIOPE: hrm.

CALLIOPE: i am not sUre if...

CALLIOPE: i am particUlarly comfortable rendering sUch imagery.

JADE: why not?

CALLIOPE: it strikes me as...

CALLIOPE: rather indecent.

CALLIOPE: for reasons i woUld be too embarrassed to explain. u\_u;

JADE: thats ok

JADE: why dont i draw it?

CALLIOPE: very well.

CALLIOPE: bUt yoU mUst excUse me if i giggle.

JADE: ok but i dont see whats so indecent about a big old snake!

CALLIOPE: tee hee!

JADE: lol

**[A6A6I4] ====>**

**24/11/14**

dialoglogJADE: when john got to the core he arrived to find typheus awake and ready for him

CALLIOPE: (giggle.)

JADE: he was then presented with the choice

CALLIOPE: (snicker.)

JADE: stop, youre gonna make me crack up too!

JADE: this part is serious!!

CALLIOPE: i apologize. please...

CALLIOPE: (snort.)

CALLIOPE: go on.

**[S][A6A6I4] =====>**

**24/11/14**

dialoglogJADE: his choice was presented as a kind of riddle

JADE: spoken in a language only he could understand, spelling out the conditions he must accept

JADE: but speaking from experience, once a player is given the choice between two courses of action, it will hardly feel like a choice at all

JADE: if the heart is in the right place then the right thing to do always seems obvious

JADE: so john accepted his denizens terms

JADE: and with that...

**[A6A6I4] =====>**

**25/11/14**

|           |
|-----------|
| JOHN: !!! |
|-----------|

dialoglogJADE: typhoeus opened valves to the core

JADE: and flooded it with oil!

**[A6A6I4] =====>**

**25/11/14**

dialoglogJADE: there was no way out

JADE: he could not transform into wind because he was completely submerged!

JADE: so he was faced with two possibilities

JADE: either he could figure out how to make himself disappear completely, using the ability he hoped to master

JADE: or he could drown in the oil

**[A6A6I4] =====>**

**25/11/14**

dialoglogJADE: drowning obviously would have been bad :p

JADE: but disappearing wouldnt be much better!

JADE: he would appear somewhere else, having made no progress on his personal quest

JADE: his planet would still be polluted and he would be no closer to playing his song

JADE: somehow he understood the only way was to conceive of a third option

JADE: an idea beyond the simple binary set of outcomes before him

JADE: and interestingly

JADE: it was coming to this understanding which gave him the first glimpse of how to control the power

JADE: he realized it wasnt himself that he needed to make disappear...

**[A6A6I4] =====>**

**25/11/14**

dialoglogJADE: it was the oil!

[A6A6I4] ====>

26/11/14

dialoglogJADE: he dispersed every drop throughout existence

JOHN: i thought you were going to see your denizen!

ROXY: i did

JOHN: you did?

ROXY: yeh

JOHN: how did it go??

ROXY: it went ok

JOHN: yeah?

JOHN: what happened??

ROXY: oh u know

ROXY: ventured to spooky subterranean lair 4 a bit of cathartic and life altering monster realltalk

JOHN: ok, that is a funny way of putting it, but yeah, me too!

ROXY: yup i figured ur monster quest happened

ROXY: i mean once the gross black shit disappeared and the wind started blowing like a motherfucker

JOHN: what did ur monster say?

JOHN: i mean your.

ROXY: hey maybe we shoud try to be more respectful abt our god monsters...

ROXY: her names nix!

JOHN: right...

JOHN: what did nix say?

JOHN: did she speak in the weird babbley language that you could still understand somehow, even though it made no sense?

ROXY: fuck yes

ROXY: was downright incomprehensible in the most mysteriously understandable way

JOHN: ha ha.

ROXY: she told me this riddle thing

ROXY: that basically spread it all out for me

ROXY: like what my options were and what would happen if i did the options and like the metaphysical and moral consequences of doing those options

JOHN: yeah.

JOHN: typheus pretty much did the same thing with me.

JOHN: typheus was the name of my snake monster, by the way.

ROXY: oooh u had a snake monster?

JOHN: yes, he was awesome.

JOHN: so, did nix give you some sort of challenge to overcome, which by doing so, you could get in touch with your powers?

ROXY: uh

JOHN: which enabled you to appear here, by doing like this incredible voidey thing, that let you phase out of existence, and magically appear with me in this weird plane of reality?

ROXY: lol no

ROXY: she p much just told me to fly to your planet

ROXY: so i did

**[A6A6I4] =====>**

**02/12/14**

dialoglogJOHN: huh.

JOHN: you mean, like...

JOHN: you just... wrapped up your conversation with her. left her lair...

JOHN: and then flew to lowas?

ROXY: yes

JOHN: ohh... kay?

ROXY: lmfao

ROXY: i know right, wow wat a quest!

ROXY: but when u think about it it was the totes obvious thing to do

ROXY: i didnt know it at the time but you were gonna make your whole planet disappear

ROXY: so if i wanted to keep persisting thru your history altering hijinks then all i really had to do was uh

ROXY: come along for the ride

ROXY: no monsterly NITE MAGICS needed!

JOHN: yeah, that makes sense.

ROXY: there were stipulations though

ROXY: mad stips if u will, vis a vis butloads of opaque goddess riddles

JOHN: right. you mean the "choice" thing?

ROXY: yes

JOHN: what were the mad stips?

ROXY: she said

ROXY: keep in mind i am paraphrasing

ROXY: if paraphrasing is even a thing you can do with stuff said in unfathomable monster jargon

ROXY: that either i could stay behind and vanish into nothingness forever, and everyone in the new reality would inherit all the bigtime responsibilities, including a version of myself who had no memory of any of this and never experienced all the loss and sadness i just went through

ROXY: or

ROXY: i could go with you

ROXY: but in doing so, everyone i loved would know that loss instead

ROXY: w/e that means.....

JOHN: yeah!

JOHN: typhesus gave me almost the exact same sort of choice

JOHN: something about other people feeling the loss i felt, if i accepted his challenge.

JOHN: which i'm sure is probably... not good?

JOHN: but, i mean, what else was i going to do?

JOHN: i couldn't just let things stay the way they were.

ROXY: yes exactly

ROXY: her caveat sounded ominous as shit

ROXY: but

ROXY: there was somethin that didnt sit well with me about doing nothing

ROXY: accepting her terms just felt right u know?

JOHN: yes.

ROXY: sooo

ROXY: here i am

JOHN: yes!

ROXY: :)

**[A6A6I4] =====>**

JOHN: which was a lonely feeling, if that makes sense?

JOHN: but now i'll have someone else to remember the way things originally went.

ROXY: word

JOHN: yes. word indeed.

ROXY: but i know what you mean

ROXY: its nice to have uh

ROXY: like a witness i guess?

ROXY: someone to authenticate the rough shit u went through

ROXY: even if we never end up talkin about it again

ROXY: the fact that at least SOMEONE else knows

ROXY: makes it feel like it didnt all mean

ROXY: nothing?

JOHN: right.

ROXY: because even if it all gets erased and put back all better

ROXY: i dont think the stuff we went through and the feelings we had meant nothing

ROXY: imo the feelings themselves

ROXY: and the way they shaped us

ROXY: that all means...

ROXY: somethin

JOHN: ...

ROXY: hahaha forget it

ROXY: talkin out my ass here

JOHN: no, it makes sense.

JOHN: and anyway, if nothing else, everything that happened brought us here.

JOHN: the stuff we're about to do, whatever it is, wouldn't be possible otherwise.

JOHN: and that feels pretty important, if you ask me!

JOHN: you mean generic objects.

ROXY: generic fort blox :p

JOHN: yes.

ROXY: now u are droppin truth bombs about blank skies on me

ROXY: shouldnt i be like innately stellar at this sorta stuff as a void player

ROXY: must be comin off slow as fuck on the uptake here arent i

JOHN: not really.

JOHN: you seem pretty smart to me.

ROXY: i do

JOHN: yeah.

JOHN: you have a funny and snappy way of talking, like dave.

JOHN: but unlike that knucklehead, i sense that behind all your jokes, you are probably some kind of brainiac, like rose.

ROXY: whow

JOHN: don't get me wrong, i meant knucklehead in a good way.

JOHN: dave is actually the best dude, you would like him.

ROXY: i bet you are correct

ROXY: so dave...

ROXY: hes uhhhhhhh

ROXY: my son right??

JOHN: argh!

ROXY: !

JOHN: i mean. yes, pretty much.

JOHN: honestly, it gets weird to think about all our relations in that way sometimes.

ROXY: i getcha

ROXY: like when i think about u and wolfjade being the kids of jane and jake i...

ROXY: i...

ROXY: omfg

ROXY: that SO CUTE :3

JOHN: um.

ROXY: so what is it u thinks weird about dave being my son?

JOHN: i think we should just change the subject!

ROXY: ahaha alright

ROXY: what were we talking about again

JOHN: we were talking about blank skies and fort blocks and such.

ROXY: oh yis

JOHN: and you thought you should know more about things like that as a void hero...

JOHN: which reminds me.

JOHN: do you think you are any closer to making that alien egg?

ROXY: hmn

JOHN: i mean, after seeing nix.

JOHN: did you feel, like, a power boost or anything?

ROXY: a power boost???

ROXY: like mega man or

JOHN: no, not like mega man.

JOHN: i mean, like...

ROXY: youre askin if she taught me to do the voidey thing

JOHN: well, did she?

ROXY: naw dude

ROXY: i told you

ROXY: we did our chat in some horseshit elven baloney tongue

ROXY: and she just told me to come here

ROXY: like thats literally it

ROXY: "go to planet if u want to live"

ROXY: so i did

ROXY: there wasnt really any soul searching or gettin in touch with my inner miracles

JOHN: oh.

JOHN: well that's kind of a bummer.

JOHN: i hope you weren't shortchanged out of an important mystical and spiritual process of self discovery.

ROXY: pfffahahaha

JOHN: ?

ROXY: pfhehehehehehehehe

JOHN: what?

ROXY: sorry its just

ROXY: sometimes you sound so much like jake its rly quite uncanny

ROXY: but yeah i dont care about that really

ROXY: it was either take an uneventful and nonspiritual trip to a wind planet, or just stop existing altogether

ROXY: i think ill be fine without the self discovery part

JOHN: yeah.

JOHN: or...

JOHN: wait.

JOHN: what if this was part of it?

ROXY: part of what

JOHN: your quest?

JOHN: like, to be here, and learn to use your powers better?

JOHN: we are kind of in a realm of literal nothingness right now.

JOHN: maybe you will be able to draw energy or inspiration from the void, or whatever?

ROXY: NIX.....

ROXY: why u sly old bitch

JOHN: does that make sense?

ROXY: it kind of does

ROXY: it kind of LOADS of does

JOHN: oh, sweet!

JOHN: i was just grasping at straws there, but now that you agree, i'm suddenly a lot more confident in my theory.

ROXY: heheh yeah (...jake)

JOHN: so why don't you try it out again?

ROXY: what

ROXY: the egg?

ROXY: like right now?

JOHN: sure?

ROXY: meh tbh im a bit sick of tryin to summon that ugly damn egg

ROXY: how about later??

ROXY: i would rather just keep bee essing with u for a while rather than get right down to freakin business

JOHN: i guess there's really no hurry.

JOHN: not in this place at least.

JOHN: i don't think this place has any bearing on other time lines.

JOHN: it's almost like...

JOHN: like taking a time out from our canonical lives.

JOHN: so if you wanted, you could take as much time to practice here as you need.

ROXY: im down as heck with that

ROXY: could use a breather from my canonical life

JOHN: me too.

JOHN: even though...

JOHN: i'm not sure i have one anymore?

**[A6A6I4] =====>**

**04/12/14**

dialoglogROXY: hmm

ROXY: well since we already talked about MY quest...

ROXY: and like spiritual mega man style power boosts and all

ROXY: what about yours

ROXY: howd that go

JOHN: how'd it go?

JOHN: pretty well, i'd say.

ROXY: no but

ROXY: i know you blew away some clouds and blanked out the sky and all

ROXY: but the point was so you could learn to control your zappy powers

ROXY: did you?

JOHN: i think so.

JOHN: but i haven't really tried a controlled jump yet.

ROXY: i c

ROXY: well when you do

ROXY: where do you think youll jump to first

JOHN: i have no idea.

JOHN: the thought of changing the time line is still mind boggling to me.

ROXY: well if nothin else

ROXY: u really should go grab that ring

ROXY: before the smug troll can take it

ROXY: i mean there was lots of problems already but her comin back to life really fucked us over to the shittiest max possible

JOHN: that's right!

JOHN: i definitely wanted to go back and get the ring off my couch before i lost it.

JOHN: at the very least, that way you can use it to help your friend.

ROXY: yup!

ROXY: any other ideas?

JOHN: not yet.

JOHN: so much has happened, it's hard to even think about.

JOHN: and it's not even limited to what i've been through, either.

JOHN: i've seen a lot of other crazy stuff, just from my random jumps.

ROXY: like what

JOHN: like...

JOHN: like the last place i was, actually.

JOHN: just before i came back, to find your session in ruins.

JOHN: haha. i actually got into a pretty serious fight.

ROXY: o?

JOHN: with this guy.

JOHN: a skull kid.

JOHN: he's a huge asshole, and a horrible artist.

ROXY: u saw the skull kids drawins?

JOHN: unfortunately.

JOHN: in fact, i was in his drawings once.

JOHN: it was a true nightmare come to life.

ROXY: D:

JOHN: i am pretty much convinced he is the guy behind all of the problems we ever had, even though he is a complete ignoramus.

ROXY: then you mean

ROXY: it was callies bro

JOHN: yeah, probably.

JOHN: i have a feeling some day we will all have to take him down.

JOHN: but...

JOHN: probably when he grows up to be his adult self.

JOHN: when i beat him up, he was just a teen scamp, like us.

JOHN: but with a skull for a head, a robot leg, a cape which i ripped to shreds, and a pair of dumb suspenders.

ROXY: you beat him up????

ROXY: daaamn

ROXY: yall must be STRONG

JOHN: meh, not particularly.

JOHN: i was just really angry, and i caught him off guard drawing some shitty animes.

ROXY: ahahahahaha

ROXY: fuck his animes

JOHN: they were quite literally the worst animes i have ever seen.

JOHN: i hope i hurt his drawing hand, and he never does any more ugly art for the rest of his stupid immortal skull monster life.

ROXY: yeah

ROXY: i know that guy

ROXY: he used to troll my friends all the time

ROXY: wait no

ROXY: used to "jeer" us

ROXY: he was a tool

**[A6A6I4] ====>**

**04/12/14**

dialoglogJOHN: hmm, it just occurred to me...

JOHN: aside from fixing the time line, there's another benefit to my new power.

JOHN: once we all decide we're ready to fight him, i can just zap us all right to him.

JOHN: we could take him by surprise again.

JOHN: i really doubt he'd be able to handle us if we all clobbered him at once!

ROXY: thats pretty good thinkin

ROXY: but um

ROXY: maybe were getting ahead of ourselves here

ROXY: makin plans 4 rumble royale with mangaka dudebro, lord of the shitwanks

ROXY: we should probably focus on bringing our loved ones back to life first

VRISKA: A chess creature from a distant unrel8ted session, after its post-reckoning getaway, who then repopul8ted a dead planet, and started 8building amusement parks??

VRISKA: I just tend to wonder things. It's in my n8ture.

MEENAH: it could be anything

MEENAH: could even be a random patchwork of fifty different memories all contributin to nofin that ever existed in particular

VRISKA: I think I've just decided that being surrounded by horses might be the ultimate bad omen. Nothing good can ever follow or precede those circumstances.

(JOHN): so, what does that actually mean for me?

(JOHN): what am i supposed to do now?

JOHN: i don't know what it means.

JOHN: unfortunately, you may not be relevant anymore.

JOHN: i'm the john who is learning to use his flashy powers to reconstruct the time line, so that responsibility is on my shoulders now, not yours.

JOHN: sorry, i am just keeping it real!

(JOHN): ...

JOHN: well, who really knows how it will turn out.

JOHN: maybe you will still have important things to do?

JOHN: i don't have all the answers, i just know terezi and i have to talk now, so you should go.

(JOHN): where?

JOHN: where you were about to go anyway!

JOHN: go see typhus, and do the quest thing.

JOHN: it worked out great. well, for me at least.

(JOHN): ok, i will.

JOHN: so maybe i shouldn't mess that up again, heh.

JOHN: what do you think, terezi?

TEREZI: HM

JOHN: but other than that, the sky is the limit.

JOHN: really, what do we do?

JOHN: do i go back to when we were just starting to play the game, and give us some advantages?

JOHN: but then, messing up our session causes this whole chain reaction...

JOHN: we never would have met the trolls, or had any reason to scratch the session...

JOHN: and if we didn't scratch the session, there never would have been an alternate reality where  
roxy and her pals got to play, thereby meeting us...

JOHN: when you start looking back and realizing how interrelated everything is, it starts feeling  
like an overwhelming job to fix it.

JOHN: on the one hand, you don't want to change so much that the reality you create is barely

recognizable.

JOHN: you want to keep everything as similar as possible, so you get to keep all the lessons you learned and the important experiences you had with your friends.

JOHN: but on the other hand...

JOHN: this is actually a lot of fun.

JOHN: i am like the ultimate prankster now... nanna would be so proud!

JOHN: it's kind of like if dr. who used his fancy phone booth to go around playing tricks on people, and that's all he did.

JOHN: then maybe that show would be less lame!

JOHN: also, harry anderson should be all the doctors.

JOHN: wow, i should use my retcon powers to make THAT show happen! wow, yes.

dialoglogCALLIOPE: what else do yoU remember, jane?

CALLIOPE: the more yoU tell Us, the closer we may come to jogging yoUr and jade's memory of how yoU died.

CALLIOPE: not to mention, the closer we will get to completing this lovely illUstrated story. :u

JANE: Hrm.

JANE: My recollection continues to be so darn hazy.

JANE: Is there anything from my session that you can remember, Callie?

CALLIOPE: UnfortUnately from my perspective, most of it was blacked oUt.

CALLIOPE: everything else i know, i have learned from ancient joUrns, whose veracity i have come to regard as...

CALLIOPE: tenUoUs.

CALLIOPE: yoU two are the only primary soUrces i have left to reconstrUct the tale. if only yoU can keep jogging yoUr memories!

JANE: I see.

JANE: Well, I do recall quite a bit more from our stint as tricksters.

JANE: For some reason all those memories are still quite vivid.

JANE: I suppose I could recount more of that drunken tomfoolery and extend our trickster chapter.

CALLIOPE: oh, yes!!! i woUld absolUtely adore hearing more aboUt yoUr trickster adventUres.

CALLIOPE: it pleases me to no end hearing that yoU experienced sUch joyfUl escapades as a resUlt of the birthday present i gave yoU! :U

JANE: Um. Yes!

JANE: Joyful.

JANE: That's what they were. So joyful.

JANE: What a present! You are a true sweetheart, Callie.

CALLIOPE: ^u^

JANE: So, where was I?

JANE: Ah yes. Dirk had just acquiesced to the siren's song of the trickster.

JANE: When all the rainbow magic and sparkle dust had subsided, there he stood, as stoic and rigid as ever.

JANE: He was like a plank of wood in orange trousers and suspenders. A bronze statue in a silly pair of wrist warmers. A stone-faced automaton with a shock of vermillion hair, in which comfortably nestled what appeared to be an orange soft drink.

JANE: The juju's potent spell seemed only to strengthen his resolve in betraying no emotion whatsoever.

JANE: But would his curmudgeonly facade prove a deterrent to Roxy's lascivious wiles? Methinks not!

JANE: She advanced upon him with her magic ring, seeking his hand in quadruple betrothal.

JANE: Her lips puckered and quivered, like an amorous cephalopod skulking the briny ocean depths for a handsome mate.

JADE: guys i think weve heard enough about the trickster stuff :|

JANE: Bad guys?

JADE: yeah...

JADE: i turned into an evil werewolf for a while

JADE: and you i think were some kind of cyborg

JANE: Yes, that does sound very familiar.

JANE: Can you tell me anything else to nudge my recollection?

JADE: ummmmm

JADE: you had a pitchfork thingy and your outfit was bright red

JANE: Yes, of course!

JANE: I do remember that now.

JANE: Oh dear. I really was behaving horribly, wasn't I?

JADE: yeah, we both were

JADE: it feels like it was all a bad dream

JADE: im glad its over now, even if it means were probably dead

JANE: Mm-hm.

JANE: It's coming back to me now...

JANE: Gosh, how embarrassing it is to recall my actions.

JANE: They somehow manage to trump my indiscretions as a trickster.

JANE: The things I said to Jake!!!

JADE: :o

JADE: what did you say?

JANE: I can't even bring myself to talk about it.

JANE: You're right, Jade. We probably are better off dead than having to face the music for our shameful deeds.

CALLIOPE: i do not wish to pry into matters that make yoU Uncomfortable...

CALLIOPE: bUt can yoU at least recall the circUmstances which were likely to have resUlted in

yoUr deaths?

JANE: Hm.

JANE: Yes, I believe I can.

JANE: Remembering my encounter with Jake in his prison cell has reminded me of a crisis that followed shortly thereafter.

JANE: It caught us all quite by surprise, if I recall, even the Condesce.

JANE: I believe there were unanticipated factors which even she was unable to account for.

CALLIOPE: can yoU recall the natUre of this crisis?

CALLIOPE: jade and i will do oUr best to record it!

JANE: Yes, hold on.

JANE: Allow me a moment to get back into my storytelling voice.

JANE: ...

JADE: ...

CALLIOPE: ...

JANE: Ahem.

dialoglogJANE: 'Twas like Jade said. We'd been hoodwinked by none other than the Batterwitch herself.

JANE: The old lady's fishy mind tricks had us both behaving like a pair of crooks!

JANE: We were all too willing to do her dirty work, and none too shy about reveling in our misdeeds.

JANE: It was as if she'd pulled the stops on our sense of conscience. At last we were free to act upon our darkest desires.

JANE: And if it please the jury, I'd prefer said desires were kept stricken from this record. >:B

dialoglogJANE: The crafty witch made sure I would be the brains of the operation.

JANE: She saw to it her heiress had a super computer wrapped around her noggin years in advance.

JANE: A state of the art Thoughtwave Tiaratop, for the up and coming junior battermaster on the go -- with the factory default set to EVIL!

JANE: But if I was the brains of the outfit, Jade was the uncontested brawn.

JANE: Within two shakes of a dog's tail, she kicked Dirk to the curb of the incipisphere.

JANE: Then in one fell swoop, she and I pinched Roxy and Jake respectively, and hauled them right off to the slammer for interrogation.

JANE: The slammer, as we all know, is how one describes the penal system when feeling extra angry at crimes.

JANE: Their crime, you ask? It was being on the wrong side of the law.

JANE: And by wrong, I mean right.

CALLIOPE: jane, slow down! this is all solid gold.

**[A6A6I4] ====>**

**28/12/14**

dialoglogJANE: But before we could badger hapless pals in the slammer, there was work to be done.

JANE: We were to prepare for the others, scheduled to arrive shortly on a meteor from the furthest ring.

JANE: I was ordered to build up the houses on our planets to reach Skaia. The witch said it was critical to her plans.

JANE: Whereas Jade was told to intercept the meteor, and scatter all her friends on the four new planets.

JANE: They were all to be separated into pairs, and prepared to receive instruction to help us advance the cause.

JANE: But then, something went wrong. Something fully unanticipated, even by the Witch!

**[A6A6I4] ====>**

**29/12/14**

?

dialoglogJANE: Before Jade could intercept the meteor, she disappeared without a trace.

JADE: i did? :o

CALLIOPE: (jade, shh! this is getting exciting.)

JANE: Perhaps it's my shoddy memory acting up again, but I have no recollection of what happened to her.

JANE: This left the Witch's scheme in total shambles, and without Jade's unlimited power at her command, the situation on Derse was vulnerable.

JANE: Jade's friends were now unaccounted for, and could freely move about the medium without being caught.

JANE: They used their freedom to maximum advantage. Staying a step ahead of the Witch, they organized and came up with a plan.

JANE: The plan, you ask?

JANE: A prison break!!!

**[A6A6I4] ====>**

**29/12/14**

dialoglogJANE: They struck at just the right moment, while the Witch was out searching for them. They had established a series of clever decoys to lure her away.

JANE: Their assault on the Derse prison was furious, with only myself and a few agents on hand to fend them off.

JANE: Their aim was to free Jake and Roxy, and I can only presume, me as well from my corrupted state.

JANE: But I was not about to go down easy. Oh no.

JANE: The melee was fierce, and alas...

JANE: Not without casualty. :(

CALLIOPE: what happened, jane?

CALLIOPE: was someone slain? other than yoU and jade?

JANE: I'm sorry. The memory is coming back to me.

JANE: It is difficult to talk about, let alone present it with a flourish a good story deserves.

JADE: well forget about the story for a second

JADE: just tell us with regular words... i mean if you want to

JANE: No, it's ok.

JANE: I shall persevere.

JANE: Our tale must go on.

CALLIOPE: (;u;)

JANE: And if I wasn't so hurried to use those powers, I may not have let my guard down.

JANE: Alas, I did let my guard down, and with it, my queen.

JANE: But more importantly, my friend, who surely stayed dead.

JANE: Killing a dear friend while in a compromised state of mind... it's frightening to imagine having to "live" with that for eternity.

JANE: I'd be miserable if I never had the opportunity to make amends.

JADE: its sad she died, but then, isnt it kinda sad we all died?

JADE: personally im really hoping she shows up!

JADE: jane why dont you prepare a trollsona for her as a gesture of reconciliation?

JANE: I can remember nothing beyond that moment.

JANE: And if one of your friends managed to get the better of me, I have no doubt my death would have been just, considering the trouble I caused.

JADE: yeah...

JADE: likewise :\

CALLIOPE: do yoU remember who it was that killed yoU?

CALLIOPE: not to hoUnd yoU for details, bUt trivia like this tends to be historically important.

CALLIOPE: plUs, i woUld like to draw this scene. :u

JANE: I'm sorry. My memory of the incident overall is quite vague.

JANE: But it wouldn't surprise me if the one who dealt my fatal blow was the leader of the raid.

**[A6A6I4] =====>**

**11/01/15**

?

dialoglogJANE: This was the unanticipated factor.

JANE: Their leader was someone who was not expected to show up with them at all.

JANE: The presence of this lone interloper was enough to discombobulate a scheme millions of years in the making.

JANE: This hero occupied a blind spot as much to the Condesce as to my present recollection, but of this much I am sure.

JANE: The hero was bold, wily; the sort of firebrand personality they needed to take such a stand.

JANE: An intrepid soul who was not about to take the verdict of paradox space lying down.

JANE: You see, Callie, your historical documents make no mention of the leader of the raid, because originally, the curtains closed early on this plucky customer.

JANE: But the hero was written back into our story by some inscrutable gambit of circumstance which we may never fully understand.

JANE: And with that flourish of revisionism, the tide of luck turned on a shiny new dime. All bets were off!

JANE: The tilt between the friendly and felonious was a true horse race again. A real barn burner in

the brewing.

JANE: Yes, there'd still be hell to pay after Jade and I made our exit, sure as sugar cubes.

JANE: There'd be ashes to sift, wounds to mend, fallen to mourn. Not being privy to the aftermath, I can only surmise as well as the next gumshoe.

JANE: But with respect to the fate of our comrades, of this much I am convinced.

JANE: When the curtains finally closed, this time, their leader would make sure everyone was standing on the right side of them.

JANE: That is to say, the side any interested onlooker would be able to witness.

JADE: ...

JADE: jeez!

JANE: Hm?

TEREZI: 1T'S NOT MY PL4N!

KARKAT: WHAT? YOU'RE LEAVING ALREADY??

JOHN: i mean...

JOHN: i guess it doesn't matter THAT much if i'm here?

JOHN: we already changed history like... almost completely?

JOHN: that was kind of the point.

JOHN: vriska's not dead anymore, so that means...

JOHN: wait, what does that actually mean?

KARKAT: WHAT THE FUCK ARE YOU TALKING ABOUT!!!

KARKAT: WHAT'S THIS SHIT ABOUT VRISKA BEING DEAD? CAN SOMEONE EXPLAIN THIS TO ME!

KANAYA: Vriskas Dead?

KARKAT: NO!!!!!!!!!!

KARKAT: SHE'S ASLEEP ON THE FLOOR OVER THERE, THAT'S WHAT I'M SAYING!

JOHN: so, that means i'll never be able to get the life ring from tavros...

JOHN: but i already have the ring? so i guess that doesn't matter?

SOLLUX: wh0's talking.

JOHN: wait, does this really mean vriska's ghost stops existing, or...

JOHN: is her ghost just going to keep existing in the dream bubbles because of "reasons"?

KANAYA: Karkat What Is He Doing Here

KARKAT: WOW, GREAT QUESTION!

KARKAT: WHY DON'T YOU TAKE A FUCKING NUMBER AND GET IN LINE FOR THAT ONE!!!

KARKAT: I'VE ALREADY GOT MINE! IT'S THE FIRST NUMBER THERE IS. AN ANGRY, TREMBLING DIGIT, TOWERING AND ERECT, POINTING DIRECTLY AT THE TRASHFACED KINGPIN OF INEXPLICABLE HORSESHIT HIMSELF, \*GOD\*!!!!!!

JOHN: and if i never ended up meeting her ghost...

JOHN: i guess i never stuck my hand in the house thing to get the retcon powers in the first place, so how...

JOHN: god damn it.

KARKAT: HER GHOST??????

KARKAT: HE'S TALKING ABOUT GHOSTS EVERYBODY!

KARKAT: EVERYBODY LISTEN, HE'LL SURELY EXPLAIN EVERYTHING ANY SECOND NOW! THIS SHOULD BE GREAT!

KARKAT: EGBERT DON'T YOU DARE FUCK OFF

[S] ACT 6 ACT 6 ACT 5

12/04/15

AH. SO NICE OF YOU TO JOIN ME.

12/04/15

TO JOIN ME, FOR...

MY MASTERPIECE!

12/04/15

THE FRUITS OF MY ARTISTIC TOILS ARE FINALLY AT HAND. YOU'RE WELCOME IN ADVANCE FOR THE NARRATIVE MAJESTY YOU ARE ABOUT TO WITNESS. IT COST LITERALLY MILLIONS OF CALCOINS TO PRODUCE. AS WELL AS MOST OF MY ATTENTION SPAN FOR ANY FURTHER CREATIVE ENDEAVORS. BUT YOU WILL PROBABLY AGREE, TEARFULLY. THAT IT IS WORTH ALL OF THIS EXPENSE, AND MORE. TO SEE MY TINY ACTORS OF LIVING PUTTY, \*DANCE\*.

GET READY. TO GET DAZZLED. AS I FUCKING DESTROY THE TRANSCENDENTAL BOUNDARIES OF "UNCONVENTIONAL MEDIA".

(THAT JUJU CHEST SHOULDN'T BE MOVING. SORRY. I BUMPED IT.)

### **LET US BEGIN.**

**12/04/15**

THE TALE MY MASTERPIECE DESCRIBES, IS BASICALLY A SPOILER TO THE ENDING OF THINGS. IT TAKES PLACE IN A FUTURE MOMENT. LONG BEYOND WHEN WE, YOU, OR I HAVE ANY BUSINESS SEEING WHAT HAPPENS.

BUT I FOUND OUT AND LEARNED OF THIS SPOILER. I SAW IT ONCE, ON ONE OF MY PLANET'S MANY SCREENS. THE LAND OF "COLOURS". AND THE LAND OF "MAYHEM". IT KNOWS ALL. AND IT WILL SHOW ANYTHING TO ANY MAN. WHO IS WILLING TO FIND THE RIGHT KEY. AND IT TURNS OUT THAT JUST SUCH A MAN. IS THE MAN THAT IS ME!

### **SO I WILL SHOW YOU WHAT I SAW.**

**13/04/15**

NOT WITH THE CRUDE 2 DIMENSIONAL SHAPES FROM MY COMPUTER PENCIL. BUT WITH THE LAVISH 2+ DIMENSIONAL FORMS OF MY GROUND BREAKING CLAY PUPPETS. BEHOLD AS I INNOVATE OBJECTS OF ARTISTIC EXPRESSION, WHICH YOU TRASHY FUCK MUNCHES NEVER THOUGHT TO PIONEER BEFORE IN A MILLION YEARS. HERE'S A SHOT OF ME BOWING IN ADVANCE FOR BEING GREAT!

### **AH YES. MOVIE MAGIC AT ITS BEST.**

**13/04/15**

I WILL TELL YOU WHAT I SAW IN THE SCREEN. BELIEVE ME WHEN I SAY, THAT IT HAPPENED PRECISELY AS I SHOW YOU HERE. SHOT FOR SHOT.

THIS TAKES PLACE AFTER I GET THE MAGIC RAINBOW EYES. AND YET, STILL BEFORE I AM HUGE AND WEAR A DAPPER TRENCH COAT FOR WINNERS. BUT AS YOU CAN SEE. AT THIS POINT, IN MY RISE TO DOMINANT INVINCIBILITY. I'M FEELING PRETTY CHUFFED ABOUT MYSELF. MY POWER IS SICK, AND MY SPECIAL EYE BALLS ARE GNARLY AS CAN BE. I WOULD TELL YOU I CAN HARDLY WAIT TO BE THIS COOL, BUT AS YOU KNOW. I AM A MAN OF PATIENCE AND APLOMB.

### **ALSO, LOOK CLOSELY.**

**13/04/15**

I'VE GOT MY JUJU CHEST THERE. WHICH I WILL WIN AS SOME CHOICE BOOTY, FROM VICTORIOUSLY SLAUGHTERING MY DENIZEN. KING YALDOBOB. INSIDE IS A MIGHTY WEAPON. WHICH WILL COME INTO PLAY A LITTLE LATER. IN MY THEATER OF WOBBLING PUPPET DRAMA. IT'S LIKE THEY SAY ABOUT THE THEATER. IF YOU SEE A JUJU IN ACT ONE. THEN THE JUJU WILL PROBABLY BE USED RIGHT AWAY IN ACT ONE. TO MAKE EVERYTHING MORE EXCITING, AS SOON AS POSSIBLE.

ALSO, WHICH I SHOULD MENTION...

### **ONE MORE BANNER PIECE OF SWAG IN MY POSSESSION.**

**13/04/15**

I'M NOT SURE HOW I COME ABOUT THIS LATER. MUCH LIKE THE CLOCKWORK LASERS, AND PRIMO FASHION JACKET. IT'S A RING, THAT FOUND ITS WAY TO ME SOMEHOW. A GOLDEN RING OF VOID. IT BECOMES MINE ONE DAY. THE MOST BEAUTIFUL THING, I NEVER KNEW I ALWAYS WANTED, YET SOMEHOW, PREEMPTIVELY COVETED. IT LETS ME STAY CLOSE TO THE DARKNESS. TO VANISH, AND APPEAR AGAIN, IN PLACES I HAVE NO BUSINESS FUCKING WITH. FULL OF PLUMP AND MEATY PEOPLE. ALIVE AND LIVING. WHO ONE DAY, WILL PLEAD WITH THE GODS. BEGGING THEM TO CURSE MY NAME.

### **HERE I AM LORDING IT OVER MY MINIONS.**

**13/04/15**

THE CLASSIC HONK FRIEND. MY RABBIT PAL FOR LIFE. AND MY FLOPPY PUPPET BUDDY. I'M BOSSING THEM AROUND, BEING THE SHIT, AS ALWAYS. WHATEVER.

### **WHEN SUDDENLY.**

**13/04/15**

EIGHT ASSHOLES SNUGGED UP IN THEIR GOOFY PAJAMAS APPEAR OUT OF NOWHERE, FOR SOME WRESTLING ROYALE WITH YOURS TRULY. THEY ALL STEAL A RIDE WITH THE WIND PRICK'S SNAPPY GHOST MAGIC, TO CATCH ME UNAWARES. IT WORKED! JUDGING FROM MY SKULL EXPRESSION, I WAS REALLY REALLY SURPRISED.

### **BUT THEN.**

**13/04/15**

MY SKULL TURNS GIDDY, AND SINISTER. BECAUSE I KNOW IN MY HEART THAT TRULY, THEY ARE ABOUT TO GET OWNED.

### **THEY ARE ALL FRISKY, AND READY TO FIGHT.**

**13/04/15**

I CAN TELL THEY ARE PSYCHED ABOUT THIS. LIKE THEY HAVE BEEN PLANNING IT, AND BIDDING THEIR TIME, AND NOW THEY THINK THEY ARE STRONG ENOUGH TO OVERTAKE ME, IF ONLY BECAUSE OF THE SURPRISINGNESS OF THEIR AMBUSH. AND MAYBE THEY ARE EVEN RIGHT. MAYBE THEY COULD BEAT ME. THEY HAVE A LOT OF FIGHTING LEVELS AND MAGIC BOONS NOW, JUST LIKE ME. BUT SEE. I DON'T EVEN GIVE THEM THE CHANCE.

### **LIKE I SAID. I HAVE A SUPERIOR WEAPON.**

**13/04/15**

AND I SEE NO REASON NOT TO USE IT RIGHT AWAY. WHAT WOULD BE A FUCKING POINT, IN HOLDING OUT? SUSPENSE?? BULLLL SHIT. I PULLED OUT THE BIG GUNS NIGH INSTANTANEOUSLY, BECAUSE I THINK LIKE A GREAT WINNER.

BUT LIKE MOST THINGS THAT ARE GOOD. THE THING HAS LIMITATIONS.

### **AND RULES AND STUFF.**

**13/04/15**

ALL JUJUS HAVE RULES. THE COOLER THE JUJU. THE TRICKIER THE RULES. FOR ONE THING. THIS WEAPON COULD ONLY BE USED AGAINST FOUR GUYS AT A TIME. BECAUSE ITS SHAPE HAS. LIKE FOUR SLOTS OR SOMETHING. SO I CHOOSE MY TARGETS CAREFULLY.

I SELECT THE FOUR OF THESE JOKERS, WHO I DEEM THE GREATEST THREAT TO ME. THE BLUE PHILISTINE WITH THE BELLIGERENT FISTS, OF COURSE. SO HE CAN'T OWN ME AGAIN, WITH HURTFUL INSULTS TO MY ART. AND ALSO THE ALPHA MALE AND HIS SMOOTH WAYS, SAY GOODBYE TO HIM TOO. I COULDN'T RISK MESSING WITH HIS SWORD, WHICH I UNDERSTAND TO BE THE ONLY THING IN REALITY THAT IS POISON TO MY INVINCIBILITY. BECAUSE OF AN ILLEGAL INGREDIENT, A WHITE ROUNDCIRCLE OF TOTAL KNOWLEDGE.

OH, I TARGETED THEIR TWO CORRESPONDING FEMALES AS WELL, BECAUSE WHY NOT. THE DOG ONE IS A NIGHTMARE OF POWERS, AND THE ORANGE ONE PERTURBS ME WITH HER DICTIONARY BLITHER.

GOOD RIDDANCE TO BAD TEENS!!!

**AND JUST LIKE THAT, THEY WERE GONE.**

**13/04/15**

THEIR SOULS WERE TRAPPED IN MY JUJU. FOREVER.

THIS SOLVES ONE PROBLEM FOR ME. BUT STARTS ANOTHER. THE JUJU WHEN ITS SHAPES ARE FILLED. CHANGES IN NATURE. IT STOPS BEING A WEAPON I CAN USE, EVER AGAIN. IT'S WEIRD, AND A BIT LAME, BUT YOU CAN'T BE TOO PICKY ABOUT AWESOME JUJUS. YOU HAVE TO TAKE THE GOOD WITH THE BAD. ONCE I USED IT...

**IT BECAME MYSTERIOUSLY INTANGIBLE.**

**13/04/15**

LIKE A HOLE. A GAP, IN THE TEETH OF MY STORY. THAT NOW EXISTS, AS A DANGEROUS LIABILITY TO ME PERSONALLY. IT CAN ONLY EVER BE USED AS A WEAPON AGAINST ME, FROM NOW ON. SUCH IS WHAT YOLOBROTH, THE GREAT LEWD SNAKE, WILL TELL ME ABOUT THE JUJU WHEN WE MEET. SO AFTER USING IT, IT MADE ME NERVOUS.

**SO IN THE BLINK OF AN EYE.**

**13/04/15**

I TRAPPED IT BACK IN THE CHEST! AND BANISHED IT AWAY, WHERE NO ONE WOULD EVER FIND IT. DEEP IN THE BOWELS OF THE FURTHEST RING. USING MY RING-BASED COMMUNION WITH THE VOID. POOF!!!!!!!!!!!!!! GOOD LUCK DIGGING THAT ONE UP, HATERS. IT IS \*NEVER GOING TO HAPPEN\*.

WITH THE FIRST FOUR BANISHED, THE TEAM OF HEROES WAS CUT IN HALF, TO BE MUCH EASIER FOR ME TO DEVASTATE. A SMUTTY SWORDSMAN, AN UNDERPANTS WIMP, AND TWO FLIPPANT BIMBOS? I WOULD CALL IT A CAKE WALK. BUT WHEN YOU ARE THIS COCKY AND BRASH. YOU DON'T WALK. YOU STRUT. NO MATTER WHAT KIND OF DESSERT YOU FIND UNDER YOUR FEET.

**I SHOULD ALSO RELEVANTLY MENTION.**

**13/04/15**

I AM STILL IN POSSESSION OF THE SWORDSMAN'S JUJU. HIS FLOPPY FRIEND OF CHILDHOOD. THE ONE WHICH I RECOGNIZED TO BE AN EMPTY HUSK. HE DEMANDS FROM ME, THAT HE WANTS IT BACK. PRESUMABLY FOR EMOTIONAL SUPPORT. I

CAN IN NO WAY BLAME HIM.

KEEP AN EYE ON THIS ONE. THE FORESHADOWING OF HIM, IS PRE-IMPORTANT FOR LATER.

### **NOW IS WHEN THE PUMMELING BEGINS.**

**13/04/15**

THE FRACAS IS LOUD AND LARGE. POWER LEVELS ARE OFF THE CHARTS. YOU CAN'T EVEN FOLLOW WHAT'S HAPPENING WITH YOUR EYES!

### **I'M MOSTLY TOYING WITH THEM THOUGH.**

**13/04/15**

IT'S ALL TOO EASY, FOR AN ASCENDED LORD BOY LIKE ME. I HAVE A PLATTER FULL OF KNUCKLE SANDWICHES TO GO AROUND, PLUS OTHER HUMAN FOOD PRODUCTS YOU'RE FAMILIAR WITH, BUT ALSO INVOLVING KNUCKLES TO MAKE THE PUNCHING METAPHOR WORK. THERE IS \*MORE\* THAN ENOUGH TO SATISFY EVERY HUNGRY FIST-DESERVER.

AND I KNOW WHAT YOU'RE THINKING. THAT I HAVE. A \*REPUTATION\*. FOR HAVING A PROBLEM OF UNFAIR CRUELTY THAT GOES AT SILLY LADIES MORE THAN GREAT GENTLEMEN. TO WHICH I TAKE GREAT OFFENSE. BUT STILL, LET IT BE UNCONDITIONALLY ACCEPTED, THAT I AM A FAIR MAN, WHO LISTENS TO CRITICISM, AND WORKS EVER AND ALWAYS. TO IMPROVE MY MASTERFUL CRAFT. AND MY TREMENDOUS DECENCY.

### **SO.**

**13/04/15**

I HAVE COMMITTED, THROUGH A PLEDGE OF PERSONAL BEAUTIFICATION. TO TRY DOING LESS MISOGYNY. AND START DOING MORE PROSOGYNY. IN FACT. I FUCKING LOVE SOGYNY! AND I WILL \*F\*I\*G\*H\*T\* ANYONE WHO DISAGREES FROM THAT.

HENCEWITH. LOOK. ALL BODILY TERRORISM. IS BEING DEALT IN A PRECISELY EQUAL AND RESPECTFUL WAY. BOTH TO FEEBLE HOE, AND TIP-TOP GENT ALIKE.

### **I'M RUINING THEM, REALLY.**

**13/04/15**

IT'S NOT A CONTEST. THEY ARE A BUNCH OF PITIFUL EMOTION CHILDREN, AND I AM A PREMIER, INVINCIBLE TITAN OF ROUGHHOUSE BRUTALITY. IT'S TOO EASY. SPEEDO BOY IS DOWN FOR THE COUNT, BECAUSE I SLAPPED HIM GINGERLY. THE MASKED FLOOZY IS LOOKING A BIT... WOOZY (HA HA.) THE CAKE MAID TOOK ONE DRUB TOO MANY AND HAS TO LIE DOWN FOR AN OVERWEIGHT NAP. THIS LEAVES ME, MANO & MANO, AGAINST THE ANIME PRINCE AND HIS NONSENSE TROUSERS.

### **IT WAS A PRETTY GOOD FIGHT BETWEEN US.**

**13/04/15**

BECAUSE HE'S STRONG, AND I ADMIRE THAT. WHY SHOULDN'T I LET A BATTLE HAPPEN FOR LONGER, WHEN TWO TOUGH DUDES ARE INVOLVED, STRUTTING THEIR STUFF. BUT IN THE END, HIS SHARP GLASSES AND SWORD MACHISMO WEREN'T ENOUGH. I GOT THE SUPREME DROP ON HIS POWERFUL BODY WITH MY WRESTLING MOVES.

## **MY OVERCONFIDENCE, WAS MY ACHILLES DOWNFALL THOUGH.**

**13/04/15**

I MADE, ADMITTEDLY, THE AMATEUR'S BONER. I TURNED MY BACK ON THE BODY.

THE CRYBABY IN THE YELLOW PANTIES GOT UPSET WITH ME. THAT I WAS WAILING  
SO EXCELLENTLY ON HIS INCREASINGLY BATTERED PRETTYBOY NINJA STUD.

## **AND BY UPSET.**

**13/04/15**

I MEAN HE THREW A FULLY FLEDGED TANTRUM OF \*PURE HOPE\*.

## **THE HOPE... MY GOD.**

**14/04/15**

IT WAS BLINDING. BEAUTIFUL EVEN.

OK, MAYBE THE COTTON ISN'T DOING IT JUSTICE. HMM.

OK, YEAH, MAYBE THAT JUST LOOKS STUPID.

YOU KNOW, YOU TRY THINGS. AND SOMETIMES. IT JUST LOOKS LIKE SHIT. LET'S  
CALL THIS. MY ONE AND ONLY FUCKUP IN HISTORY.

## **WELL, MY SECOND MAYBE.**

**14/04/15**

SECOND ONLY TO UNDERESTIMATING THIS SAD SACK WUSS OF HOPE. WHO KNEW  
THAT SUCH A SIMPERING CHARLATAN. HAD SUCH AN OUTBURST STOWED IN HIS  
GIRLY BOSOM. CLEARLY, NOT I. EVEN THOUGH I HAD THE INFORMATION WELL IN  
ADVANCE. IT WAS JUST \*THAT\* SURPRISING.

## **IT SEEMS THAT HOPE POWER IS OVERWHELMING.**

**14/04/15**

EVEN TO THE CLOCKWORK MANJUNK. IT LOOKED LIKE I THOUGHT I COULD USE  
MY RAINBOW SEIZURE FIELD TO OVERPOWER HIS MASSIVE GAY HOPE BUBBLE.  
ALAS. IT WAS MY PERFECTLY JUSTIFIED HUBRIS WHICH BIT ME IN THE ASS, IN THE  
END. EVEN THOUGH I'M SURE I MUST HAVE KNOWN THIS OUTCOME WAS GOING TO  
HAPPEN. (IT CAN STILL BE WORTH IT TO GET OWNED. IF IT MEANS HAVING A LOT OF  
SELF ESTEEMED HUBRIS ABOUT YOURSELF.)

AND SO, THE ENGLISH BOY DEALS ME MY FIRST DEFEAT EVER, SINCE ASCENDING  
AS AN INVINCIBLE TECHNICOLOR TIME KID.

## **I GET DUNKED AS FUCK.**

**14/04/15**

AND LAND SQUARE ON MY BOTTOM. I REMAIN PRONE FOR SEVERAL MINUTES,  
STARING AT THE CEILING. BLINKING A BIT. PONDERING WHERE THINGS WENT  
WRONG IN LIFE. HOW I. THE LORD OF TIME. COULD EXPERIENCE SUCH WOEFUL  
OWNAGE.

THERE IS NO BODILY HARM OF COURSE. EXCEPT TO MY INCREDIBLE EGO. WHICH IS

A FATE WORSE THAN GETTING BROKEN BONES. SO I JUST LIE THERE. THINKING SADLY. ACHIEVING SOME DEPRESSION.

I'M SURE AT THIS POINT. I TURN TO THOUGHTS OF RESPECT. RESPECT FOR THE PANSIED ASS, PRETTY LEGGED PAGE. AND HIS MAYBE ACCIDENTAL PROWESS. I UNDER MISESTIMATED HIM, AND ADMIRATION HAPPENS IN MY BREAST. MAYBE I'LL JACK HIS SWAGGER TOO, AS HE ONCE DID MINE. MAYBE AFTER A LIFETIME OF UTTERLY DESERVED HUMILIATION, SOBBING, AND SPONTANEOUS URINATION. HE'S EARNED THAT MUCH.

(THE CLUE HERE IS THAT I STEAL HIS NAME. GOD. YOU THICK, STUPID FUCKS. WHY DO I BOTHER WITH SUB TEXTS, OR FINE LITERATUREY NUANCE. GOD. FUCK! GOD. I TAKE HIS NAME LATER. ENGLISH. THAT'S ME LATER. THAT'S MY NAME. YOU STUPID BRAINLESS FUCKS. HOLY SHIT, YOU ARE DUMB AS BOZOS COME. GOD!!!)

**MEANWHILE, STRIDER REGROUPS FROM HIS TROUNCING.**

**14/04/15**

AND SEES HIS CHANCE TO DO AWAY WITH ME FOR GOOD. HE KNOWS BY NOW THAT HE CAN'T KILL ME. BUT CAN DO HIS NEXT BEST THING. WHICH IS TO BANISH MY SOUL.

HE'S HURT BAD AND IS SLOW TO USE HIS PINK SOUL KILLING SPELL. THIS GIVES ME TIME TO REBOUND FROM MY SHAMEFUL ASS WHOOPING TOO. AND PULL MY SORRY BUTT OUT OF THE OWN ZONE.

**SO I GET UP. AND...**

**14/04/15**

I NEARLY GET THE DROP ON HIM BEFORE HE RELEASES HIS SPELL. BUT THEN... WHAT'S THIS?

THERE'S A COMMOTION. THE HAUNTING SOUND OF NEIGHS. EXCEPT. THEY'RE ROBOT NEIGHS?

THAT IS WHEN THE HORSES COME IN TO PLAY. THE GOD DAMN HORSES. HOW TRULY AND UTTERLY IRONIC. THAT MY VERY DEMISE COULD BE IN THE PROXIMITY OF SOME HORSES. WHAT. NO REALLY, WHAT. I DIDN'T FOLLOW THAT. I'M STILL NOT FOLLOWING IT, TO BE HONEST. I'LL HAVE TO THINK IT OVER. I'M THINKING IT OVER \*RIGHT NOW\*. AND I HAVE A FEELING. I'LL BE THINKING IT OVER FOR THE REST OF MY LIFE. PERHAPS WE ALL WILL.

WAIT, THEY SHOULD BE ROBOTS.

HOLD ON WHILE I PAINT THE HORSES TO LOOK LIKE METAL HORSES. DAMN, THE WORK OF A CRAFTYMAN IS NEVER DONE.

**SO BASICALLY.**

**14/04/15**

I DON'T KNOW WHAT THE FUCK IS GOING ON. SO I'M REALLY DISTRACTED. I'M SAYING TO MYSELF, THIS IS OMINOUS AS SHIT. NOTHING GOOD CAN EITHER FOLLOW OR PRECEDE AN EVENT SUCH AS THIS. AND THEN, THAT'S WHEN IT HAPPENS.

### **THE SWEATY MUSCULAR GHOST APPEARS OUT OF NOWHERE.**

**14/04/15**

I HAVE NO IDEA WHO HE IS. OR WHERE HE CAME FROM. JUDGING FROM THE FACE OF THE GUYS, THEY DON'T EITHER. NOBODY SEES THIS COMING. IT IS A TOTAL AMBUSCADE, AND MY SKELETON JAW IS DROPPED AS SHIT. HE PINS ME IN PLACE WITH HIS RIPPED MUSCLES, AND I'M COMPLETELY IMMOBILIZED. PARTLY BECAUSE OF THE \*STRENGTH\*, BUT ALSO DUE TO MY AWE AND ADMIRATION. I JUST CAN'T MOVE.

### **THIS GIVES DIRK JUST THE TIME HE NEEDS.**

**14/04/15**

TO DO HIS FLAMBOYANT PINK SPELL.

IT OWNS ME COMPLETELY. BUT SADLY TO DIRK MAYBE, IT ALSO OWNS THE MUSCLE HERO. BOTH OF OUR SOULS ARE CONSUMED BY THE ENCHANTMENT.

### **I THINK HE THOUGHT HE COULD DESTROY MY SOUL.**

**14/04/15**

BUT HE BIT OFF MORE THAN HIS FLESHY SKULL COULD CHEW. SO HE USED HIS "IRONY" AGAIN. AND STUCK MY SOUL IN HIS JUJU. EXACTLY THE WAY. I STUCK HIS BUDDIES IN MY JUJU. THE ONE I GOT FROM YODELBOOGER. IT'S LIKE POETIC JUSTICE I GUESS. EXCEPT PUPPETRY, INSTEAD OF POETRY. SO PUPPETIC JUSTICE. OH YES. I LIKE THAT.

THE MUSCLE GHOST CAME ALONG FOR THE RIDE. AND I GUESS HIS SOUL GOT TRAPPED IN THERE TOO? I HAVE NO IDEA WHAT THAT MEANS. HONESTLY IT IS DISTURBING AS HELL. AND I'D PREFER NOT TO DWELL ON ITS GREATER RAMIFICATIONS TO MY LONG TERM EXISTENCE. MAYBE IT'S GOOD? OR MAYBE IT'S DUMB. MAYBE IT'S. GOOD AND DUMB. OR SMART AND BAD. THERE ARE SO MANY WORDS THINGS CAN BE WHEN YOU'RE CONFUSED.

### **AT THIS POINT.**

**14/04/15**

HIS BELOVED JUJU IS NO LONGER A HOLLOW VESSEL. IT IS VERY MUCH CROWDED IN THERE, CHOCK FULL OF SOULS, BELONGING TO HARDCORE BRAWLING BRUTES. AND HE KNOWS IT. HIS PUPPET IS NOW A PROBLEM TO DO AWAY WITH, JUST LIKE MY JUJU WAS. SO THEY DO THE SAME BASIC THING. THEY GET THEIR DRUNKARD SORCERESS OF VOID TO BANISH THE PUPPET ONCE AND FOR ALL, INTO THE DARKNESS. NEVER TO BE FOUND AGAIN BY PROBING HANDS OF MEAT.

### **YES, NEVER TO BE FOUND.**

**14/04/15**

BUT NOT NEVER TO RESURFACE. OH NO.

IT WILL BE TIME.

dialoglogDAVE: is it time yet

VRISKA: No.

DAVE: oh

DAVE: how about now

VRISKA: No!!!!!!!

VRISKA: Dave, we've been waiting for three years.

VRISKA: Three years is a pretty long time. Long enough for me to have picked up the habit of calling them years instead of the far more sensible unit of measurement, sweeps.

VRISKA: I think you should be able to survive just a little longer.

DAVE: i still dont understand whats supposed to happen

DAVE: hes just supposed to like

DAVE: appear?

VRISKA: That's my understanding, yes.

DAVE: you mean

DAVE: here

DAVE: on this frog circle thing

VRISKA: I don't know!

VRISKA: Somewhere in this session. At which point, if he has any 8rain at all, he'll seek us out.

DAVE: so jade came on a gold ship through a tiny window apparently

DAVE: but john wasnt on it??

VRISKA: Well, his corpse was, somewhere.

VRISKA: But that John doesn't matter anymore.

VRISKA: Kind of like how there was a 8ird version of you out there, now presumed dead, who also didn't matter.

VRISKA: The "real" John and the other Lalonde girl will spontaneously appear from a different reality.

VRISKA: I determined a lot of this through my time travel reconaissance work upon arriving in this session.

VRISKA: Sorry to steal all the timey thunder from the gr8 "Knight of Time", end quote, But someone had to take the initi8tive and go on a fact-finding mission.

DAVE: no its cool

DAVE: you can have that thunder if you want it

ROSE: When exactly is this supposed to happen?

VRISKA: Soon!

ROSE: And she's...

ROSE: Unhurt?

ROSE: Will she remember our brief encounter?

VRISKA: This is a totally different Lalonde girl. Things went differently for her, so she'll have different memories.

VRISKA: I have no idea if you and she interacted at all in her timeline.

VRISKA: I don't know the full extent of John's alt-reality experiences either. But apparently things went raw for them in about as many ways as you can imagine.

VRISKA: Presuma8ly 8ecause I wasn't around to keep everyone's shit in order.

dialoglogTAVROSPRITE: oHHHHHH,

TAVROSPRITE: sNAP,!

VRISKA: :::)

TAVROSPRITE: aHAHA, bUT YEAH, i AGREE WITH THE SENTIMENT LARGELY,

TAVROSPRITE: oF YOU BEING MORE COMPETENT, tHAN MOST PEOPLE IN GENERAL,  
vRISKA,

VRISKA: Thanks, Tavros!

TAVROSPRITE: }:)

KARKAT: HEY, LOOK

KARKAT: I KNOW I'M NOT CONSIDERED "IMPORTANT" ENOUGH TO BE "IN THE LOOP" ON CERTAIN KEY TACTICAL DECISIONS ANYMORE

KARKAT: AND THAT I DON'T REALLY KNOW WHAT'S GOING ON MOST OF THE TIME

AND THEREFORE AM FORCED TO TAKE ANY BULLSHIT THAT HAPPENS WITH A GRAIN OF SNACK MINERAL BIG ENOUGH TO BLUDGEON A MAN TO DEATH

KARKAT: BUT IF IT'S NOT TOO MUCH TROUBLE VRISKA, MAYBE YOU COULD TAKE A MOMENT TO EXPLAIN WHY TAVROS IS NOW A SPRITE?!

KARKAT: AND EQUIUS TOO, AND ALSO, WHY EQUIUS IS WEARING A NEW PAIR OF MORONIC LOOKING SUNGLASSES.

KARKAT: THANKS IN ADVANCE!!!

VRISKA: Sorry if you're having trouble keeping up with the times, Karkat.

VRISKA: I didn't explain it because I thought the nature of the development was fairly self evident?

VRISKA: I mean, no offense, but I didn't hear anyone else voicing any confusion.

VRISKA: What about you, Kanaya. Did you think it was fairly self evident?

KANAYA: I Thought It Was Fairly Self Evident

VRISKA: Yeah. See???????

KANAYA: You Apparently Took It Upon Yourself To Prototype The Three Year Old Cadavers Of Two Of Our Deceased Friends

KARKAT: NO, I GOT THAT!

KARKAT: I'M NOT A FUCKING IDIOT.

KARKAT: I MEAN, WHERE DID YOU FIND THESE UNPROTOTYPED KERNELS? DIDN'T THESE PEOPLE ALREADY ENTER THEIR SESSION?

VRISKA: Yes, they did MONTHS ago, from the current frame of reference. But this is a VOID session, Karkat.

VRISKA: I thought we talked about this?

KARKAT: ??????

VRISKA: A void session by definition is one where the players enter the game with the kernels unprototyped.

VRISKA: As such, it becomes totally dysfunctional. It can't bear fruit, because there's no battlefield in Skaia, unless you go to the trouble of putting one there of course.

VRISKA: Which the Condesce has already done for us! Via "Grim8ark Jade", prior to our arrival. Quite considerate of her, really.

VRISKA: This is aside from the point though. The bottom line is, this session comes courtesy with four unprototyped kernels, waiting to be put to use.

VRISKA: So, not being one to let a sweet perk go to waste, I took initiative and put two of them to use myself.

VRISKA: Really, this is some basic stuff, and I'm SURE we went over it all at one point during our trip.

ROSE: We did.

ROSE: Karkat, don't you remember when I walked everyone through this?

ROSE: I was making extensive notes in my journal. When I looked away for a moment, you and Dave wrested the tome away, and began scribbling phalluses in it while giggling like children.

KARKAT: UM, MAYBE?!

KARKAT: I GUESS THAT RINGS A DONG SHOUTER.

DAVE: (a what? dude lmao)

KARKAT: (WHAT? SHUT UP.)

KARKAT: LOOK, A LOT HAS HAPPENED IN THREE YEARS. WE'VE ALL BEEN THROUGH... STUFF.

KARKAT: AM I REALLY EXPECTED TO REMEMBER EVERY TEDIOUS MORSEL OF

EXPOSITION FROM OUR RESIDENT LIGHT-BORES?

VRISKA: Rose, get a load of this ungrateful philistine! He doesn't deserve our fucking acumen.

VRISKA: Between your nerdish obsession over the knowledge granted by our aspect, and my unprecedented ability to weaponize said knowledge with ruthless gamesmanship, we are double-handedly saving the asses of everyone on this team.

ROSE: I'm glad at least one person here appreciates this categorical certainty.

KANAYA: (Hey I Appreciate That Categorical Certainty!)

ROSE: (Whom do you think I was referring to?) ;)

KARKAT: WOW OK, WHAT THE FUCK EVER TO THAT VAINGLORIOUS LOAD OF CRAP.

KARKAT: I'M STILL SPOUTING OFF HERE!

KARKAT: I THINK

VRISKA: That's fine, Karakt!

VRISKA: Take all the time you need to collect yourself, and continue frothing at the mouth whenever you're ready.

KARKAT: OK, I FIGURED OUT SOME STUFF I'M STILL EITHER PISSED OFF AND/OR CONFUSED ABOUT.

KARKAT: YOU SAY THERE ARE FOUR KERNELS HERE...

KARKAT: YOU KNOW, WE \*DID\* LOSE MORE THAN TWO FRIENDS ON THAT METEOR.

KARKAT: WHICH REMINDS ME, I GUESS I SHOULD SAY... HI TAVROS AND EQUIUS, AGAIN??? NICE TO SEE YOU GUYS BACK WITH US, SORT OF.

KARKAT: PARDON ME IF I CAN'T GET TOO SENTIMENTAL ABOUT THE REUNION, SINCE ALONG THE WAY HERE, WE RAN INTO ABOUT TEN DIFFERENT VERSIONS OF YOUR STUPID GHOSTS.

KARKAT: THAT KIND OF LETS A LITTLE AIR OUT OF THE POIGNANCY BALLOON, SORRY!

TAVROSPRITE: hEY BUDDY, ;) )

KARKAT: DON'T WINK AT ME

ARQUIUSPRITE: shaDes --> Greetings old friend

ARQUIUSPRITE: shaDes --> Not to worry, I have stored enough poignancy in my heaving, balloon-like pectorals for the both of us

ARQUIUSPRITE: shaDes --> Though I should clarify that approximately half of my personally couldn't give the faintest fidgeting horse dump about you or your sentimental notions

ARQUIUSPRITE: shaDes --> Also I am very busy here, so stop talking to me completely

VRISKA: Hahahaha!!!!!!!!!!

VRISKA: Oh man. Classic.

DAVE: haha...ha

KARKAT: OK, THAT WAS WEIRD?

DAVE: (um... yeah)

KARKAT: AND SPEAKING OF WEIRD, ONE THING THAT BUGS ME ABOUT THIS IS...

KARKAT: I GUESS IT IMPLIES YOU'VE BEEN HORDING THE BODIES OF OUR DEAD FRIENDS FOR THE PAST THREE YEARS?!

KARKAT: THAT'S A BIT FUCKED UP! EVEN FOR YOU.

KARKAT: AND NOT TO GET TOO MACABRE, BUT I WOULD HAVE THOUGHT THEY WOULD HAVE LIKE, ROTTED BY NOW OR SOMETHING.

VRISKA: Yes, there was some moderate decomposition.

VRISKA: I did my best to preserve them for the journey, after quickly rounding up the bodies while people had their backs turned.

KARKAT: WELL SHIT

KARKAT: THAT'S A HELL OF A MYSTERY, THAT I ALWAYS THOUGHT WAS A MYSTERY, BUT FOUND IT TOO DISTURBING TO CONTEMPLATE SOLVING

KARKAT: BUT DAMN IF IT DIDN'T JUST GET SOLVED, SO THAT'S FUCKED UP.

VRISKA: If you would stop being a wuss for a half second about a bunch of corpses, I'll explain my reasoning.

VRISKA: These are the only two sprites I had any intention of using for resurrection purposes.

VRISKA: I brought Tavros back, because let's face it, that was kind of my fault, for unnecessarily impaling him with his own lance and all.

VRISKA: It was my responsibility to make amends for that! So I did.

TAVROSPRITE: aWWWWWWWWWWWW, yEEAAAA-

VRISKA: Tavros, don't interrupt.

TAVROSPRITE: wHOOPS,

VRISKA: Then, I made Arquiusprite happen because, first of all, he's a national fucking treasure.

VRISKA: Literally everything he says is perfect and hilarious, and if I hear a single word to the contrary from the peanut gallery, the motherfucker with a beef rockets to the top of my shit list. So please, I enthusiastically invite one of you no-taste mouth breathers to talk smack about the A-man. Make my day!

DAVE: vris yo nobodys arguing with you on that everybody here thinks hes pretty cool

ARQUIUSPRITE: shaDes --> [shades]

DAVE: like just enough freakshow steps removed from being my bro i guess enough to make me not feel like-

VRISKA: Dave, don't interrupt either.

VRISKA: Nobody's allowed to interrupt me when I'm talking up Arquiusprite! That's the rule.

TAVROSPRITE: (owNeD!) (woW, oWned,)

DAVE: (oh stfu)

VRISKA: SECOND, the guy is a fucking tactical genius.

VRISKA: Totally conniving and calculating, and unafraid to use methods that are just a bit morally dubious to achieve his objectives.

VRISKA: And since I can't stick around for too long, your party is going to need someone like that.

VRISKA: Besides, it seems like a really fitting fit for Equius. He genuinely seems to be more comfortable with this state of existence, and seems a lot happier than I ever remember him being when he was alive.

VRISKA: So I'm perfectly willing to do him this solid. After all, he did help me out when I blew my arm off. So now we're square!

ARQUIUSPRITE: shaDes --> You mean triangular

VRISKA: What?

ARQUIUSPRITE: shaDes --> Triangular

VRISKA: I don't...

ARQUIUSPRITE: shaDes --> It's the shape of my clop d----d glasses

VRISKA: Oh.

VRISKA: OH!

VRISKA: Ahahahaha! See what I mean, guys??

VRISKA: He's a fucking riot!

ARQUIUSPRITE: shaDes --> Agreed

ARQUIUSPRITE: shaDes --> Thank you for the STRONG endorsement, lowblood slash person I've never heard of and don't care about

VRISKA: HAHHAHAHA!

ARQUIUSPRITE: shaDes --> I'll be finished my work here momentarily

JAKE: Excuse me...

JAKE: Mister arquius?

JAKE: What exactly are you... doing to her?

ARQUIUSPRITE: shaDes --> I am disabling her tiara top

ARQUIUSPRITE: shaDes --> It is extremely delicate work, not to be trusted to human hooves

VRISKA: Yes.

VRISKA: I've also decided it's imperative to reclaim Crocker from the Condesce before she can wake up and cause more trouble.

VRISKA: Her powers will be incredibly advantageous to winning the battle ahead. If you can keep her out of harm's way, in addition to providing her general purpose restorative capabilities, she also represents one extra life for everybody.

VRISKA: And since heroic deaths could be getting handed out like inexpensive tobacco flutes pretty soon, I'm guessing this soon is gonna come in handy!

dialoglogTEREZI: SO UM

TEREZI: WHAT ABOUT OUR OTHER DEAD FRIENDS?

VRISKA: Huh?

TEREZI: YOU KNOW... N3P3T4, 3R1D4N...

VRISKA: Oh right. Them.

VRISKA: I was getting to that!

TEREZI: OH OK

TEREZI: I KNOW W3 T4LK3D 4 LOT OF STR4T3GY 1N 4DV4NC3, VR1SK4

TEREZI: BUT I REALLY DON'T REMEMBER YOU MENTIONING 4 PLAN TO PROTOTYP3 OUR FRIENDS' CORPSES

TEREZI: MIGHT HAVE BEEN N1C3 TO GET 4 H3ADS UP!

TEREZI: UM, NOT TO M4K3 4 BAD PUN, ON ACCOUNT OF THE FACT THAT MOST OF THEIR HEADS W3R3 L1T3R4LLY S3V3R3D >:[

VRISKA: Yeah, sorry!

VRISKA: I had a lot of logistics buzzing around in my brain.

VRISKA: It's hard to keep you apprised of EVERYTHING that crosses my mind.

VRISKA: I promise I'll be as thorough and transparent about my motives as I can from now on, ok Pyrope?

TEREZI: OK >:]

VRISKA: So after prototyping Tavros and Equius, that leaves four remaining dead friends, but only two empty kernels.

VRISKA: Obviously this presents quite a dilemma!

VRISKA: Well, ok, technically three and a half friends, whatever the fuck that means.

VRISKA: Nepeta, Feferi, Eridan, and Sollux's... dead 8ody? With his "half ghost" floating out there with Aradia.

VRISKA: I know that caveat sounds stupid as hell, 8ut let's not get hung up on it.

VRISKA: The fact is, we've got four corpses, 8ut only two slots remaining.

VRISKA: And there's no way I'm going to lump their 8odies into the same sprite to make a pair of freaks resigned to an existential hell worse than death.

VRISKA: Except in Arquiusprite's case, since those two nutjo8s mesh with each other's personalities so phenomenally.

ARQUIUSPRITE: shaDes --> I must compliment the exquisite judgment you've shown in this matter

ARQUIUSPRITE: shaDes --> But if I may suggest, neigh, perhaps, command?

ARQUIUSPRITE: shaDes --> You should prototype the two royal bloods and be done with it

ARQUIUSPRITE: shaDes --> They deserve it

VRISKA: No!!!!!!!

VRISKA: Arquius, your reserv8tion is noted, 8ut the hemospectrum is 8ullshit.

VRISKA: It's not going to factor into this decision!

ARQUIUSPRITE: shaDes --> I STRONGLY disagree, but also, sort of don't care

ARQUIUSPRITE: shaDes --> As you were

VRISKA: So considering there are four left, and I can't personally say that any is more deserving of life than the others, I intend to let them all rest in peace.

VRISKA: That is my ruling, and I'm inclined to call it final.

VRISKA: They can live out the rest of their afterlives in the dream 8u88les, which still need to 8e saved from Lord English, lest we forget.

VRISKA: 8ut of greater importance HERE is the fact that this leaves two empty kernels as a resurrection 8ackup, in case one or two of you jokers dies in the line of duty once too often.

VRISKA: 8elieve me, you'll thank me later for thinking this all through so well in advance.

TEREZI: OK, TH4T'S 4 GOOD R34SON TO H4V3 SP4R3 K3RN3LS, BUT...

TEREZI: M4YB3 W3 SHOULD B4CK UP 4 B1T!

TEREZI: 1'M NOT SUR3 YOUR V3RD1CT ON OUR D34D FR13NDS 1S TOT4LLY 41R T1GHT, OR TH4T YOU H4V3 TH3 4UTHOR1TY TO M4K3 4 F1N4L RUL1NG!

VRISKA: Come on, Terezi. I'm not saying I'm an "authority" on mortality here, I only said my ruling was final 8ecause my logic was so impecca8le!

VRISKA: It was kind of like, a figure of speech??

TEREZI: Y34H R1GHT

TEREZI: L3T'S TH1NK 1T THROUGH 4 L1TTL3 MOR3

TEREZI: SOLLUX'S H4LF GHOST 1S P3RF3CTLY H4PPY OUT TH3R3 W1TH 4R4D14

TEREZI: BUT N3P3T4 4ND F3F3R1? WH4T D1D TH3Y 3V3R DO TO 4NYBODY?

VRISKA: Yes, this is my point exactly!!!!!!!

VRISKA: I don't want to 8e the ar8iter of Eridan's value as a person 8ecause of the mistakes he's

made!

VRISKA: Or Feferi's or Nepeta's or Sollux's or ANY8ODY'S!

VRISKA: The only reason I chose these two over others is on account of taking responsibility for some nasty shit I PERSONALLY did, plus also some tactical considerations for the gr8ter good, 8ut that's different.

VRISKA: I would think you of all people would 8e on the same page as me when it comes to taking responsibility for your own actions, while in the same stride, not judging other people for their misdeeds too harshly.

VRISKA: 8ut if you feel comfortable continuing to crown yourself as the Queen of Justice, then 8e my guest!

TEREZI: OH G1V3 M3 4 BR34K

TEREZI: 1 TH1NK W3 BOTH KNOW TH3 JUST1C3 1SSU3S H3R3 4R3 PR3TTY CUT 4ND DR13D

VRISKA: Terezi, please. Let's not 8icker in front of the party.

VRISKA: We need to 8e showing solidarity here!

TEREZI: W3 DO?

VRISKA: Yes. We are equally important to the party as its overarching executives. The ones with the most experience in the department of guile and ruthlessness.

VRISKA: I may project my voice louder than you, and 8orrow the spotlight for a little longer, 8ut you were always the soul of Team Scourge!

VRISKA: I couldn't 8e doing this without you. I wouldn't even want to!

TEREZI: 4W

TEREZI: Y34H, OK

TEREZI: YOU'R3 R1GHT... 1'M B3H1ND YOU 4LL TH3 W4Y!

VRISKA: :::)

VRISKA: I st8ted my case, 8ut if you REALLY want to revive them, that's fine with me.

VRISKA: I've got the torso parts with me right here, so feel free to round them up and prototype them any time.

TEREZI: YOU DO?

TEREZI: ...WH3R3?

VRISKA: In the hunger trunk!

VRISKA: I've stashed all the spare remains there to keep them fresh, along with our, ahem. Final living party mem8er.

TEREZI: HUH?

GAMZEE: HONK

TEREZI: OH

TEREZI: OHHHHH

dialoglogDAVE: so

DAVE: am i inferring correctly from some shit i just heard

DAVE: that uh

TEREZI: 1NF3RR1NG WH4T?

DAVE: that vriska is like the de facto team leader now

DAVE: or vriska and terezi...

DAVE: i dunno i never understood the scourge shit

DAVE: you two have always been like this scheming giggling enigma huddled together in peapod for hella self-tickled murderdorks

DAVE: couldnt for the life of me figure out what youve been getting up to on that meteor

DAVE: is this it

TEREZI: 1S WH4T 1T??

DAVE: the plan you were hatching all along

DAVE: is this like your big move

DAVE: your power play to usurp karkat as team leader finally

VRISKA: Oh 8rother.

VRISKA: Dave, no, this isn't a coup. It's just common sense rearing its ugly head for a change.

DAVE: oh got it

VRISKA: Good.

DAVE: wait no dont got it

VRISKA: Argh!

DAVE: it sounds like youre just like

DAVE: being the leader now cause you want to

DAVE: and making all the plans because nobody else wants to or really cares

DAVE: i mean not that i even care either i just want to set the record straight

DAVE: karkat are you cool with this

VRISKA: Sigh. :::|

DAVE: karkat

DAVE: karkat

DAVE: karkat

DAVE: yo karkat

KARKAT: WHAT!!!!!!

DAVE: oh my god

DAVE: dude were you just not listening to any of that

KARKAT: TO WHAT?

KARKAT: WHAT

KARKAT: WHAT'S HAPPENING NOW?

DAVE: hahaha

DAVE: man how long have you been tuning all this shit out

DAVE: i mean i literally just said i dont give a fuck about any of the shit vriska is saying so maybe im not one to talk but at least i had the decency to actually be joking about that

DAVE: what the fuck are you even doing

KARKAT: SORRY!

KARKAT: YEAH, SORRY, I'M GUILTY!

KARKAT: I ZONED OUT ON SOME OF SERKET'S SELF IMPORTANT BLITHER, AND WAS CARRYING A \*PRIVATE CONVERSATION\* WITH THE MAYOR.

KARKAT: IS THAT OK??

DAVE: dude you dont have to get the go ahead from me

DAVE: shoring up a lil one on one time with the mayor is literally always acceptable

DAVE: what were you talking about

KARKAT: IT'S PRIVATE!

DAVE: i didnt hear you mumbling anything though

KARKAT: WE WERE MOSTLY COMMUNICATING THROUGH A SERIES OF SIMPLE GESTURES

KARKAT: I WAS TALKING SMACK ABOUT CERTAIN PEOPLE HERE, AND CHOSE TO REMAIN DISCREET ABOUT IT!

DAVE: no yeah i know what thats all about

DAVE: how when you talk to the mayor and most of the time words arent even necessary like he just \*knows\*

DAVE: man the mayor is just so wonderful i love him so much

DAVE: hey lets all take turns hugging him

KARKAT: NO!

KARKAT: THAT'S FUCKING STUPID, JUST

KARKAT: WHAT WERE YOU SAYING? WHEN I WAS SPACING OUT JUST THEN?

DAVE: oh nothing really

DAVE: just wondering how you felt about vriska usurping your leadership role

DAVE: and if maybe you wanted to throw a vintage shitfit about that or...

KARKAT: OH!

KARKAT: OH!!!!

KARKAT: HAHA!

KARKAT: HAHAHAHAHAHAHA!!!

KARKAT: THAT'S A GOOD ONE DAVE!

KARKAT: WOW! HAHA, HA, HAHAHAHA! ME LEADER?? TOO FUNNY!

KARKAT: I AM ENTIRELY AND SINGULARLY BAFFLED THAT IT COULD STILL EVEN \*OCCUR\* TO ANYONE TO ENTERTAIN THE NOTION THAT I MIGHT STILL BE PLAYING \*ANY\* ROLE EVEN WITHIN SNIFFING ORBIT OF A LEADERSHIP POSITION OF THIS RIDICULOUS PARTY.

KARKAT: WHEN WAS THE LAST TIME I DID \*ANYTHING\* OF A LEADER-LIKE NATURE, WITHOUT BEING TRUMPED BY VRISKA'S MACHIAVELLIAN LIMELIGHT GLUTTONY?

KARKAT: OR FOR THAT MATTER, WHEN WAS THE LAST TIME THERE WAS ACTUALLY ANYTHING LEADERY \*TOO\* DO, THAT DIDN'T INVOLVE SNUGGLING UP ON THE COUCH TO WATCH "GOOD LUCK CHUCK" FOR THE FIVE HUNDREDTH TIME?!

KARKAT: I HAVE SERIOUSLY JUST BEEN ASSUMING HER COMPLETE TAKEOVER OF ALL LEADERSHIP DUTIES WAS SOME FAIT ACCOMPLI SHIT FOR THREE SOLID YEARS, AND HAVE SINCE BEEN ENJOYING THE PEACE AND QUIET OF ZERO RESPONSIBILITIES, WHICH IS WHY QUITE FRANKLY, I HAVE BEEN ABLE TO KEEP MY

BLOOD PRESSURE DOWN, AND NOW RESEMBLE THE LIVING EMBODIMENT OF PEACE AND FUCKING TRANQUILITY WHICH PRESENTLY BASKS BEFORE YOU IN A STATE OF FROTHING, EUPHORIA-HOBbled TURDVANA!!!!!!!!!!

DAVE: ok so vintage shitfit it is

VRISKA: Karkat, that was a beautiful soliloquy of acceptance and understanding of your role, due to acknowledgement of your overwhelming personal limitations.

VRISKA: But be that as it may, you still ACTUALLY DO need to be paying attention here, so you can keep up with the plan.

VRISKA: While I may be the leader now, this may be the last day I see any of you for a very long time.

VRISKA: Someone's going to need to step up when I'm gone!

KARKAT: ALRIGHT SERKET, THEN I'LL MAKE THIS A LOT EASIER FOR YOU, AND THE TEAM AS A WHOLE.

KARKAT: STARTING NOW, I HEREBY RENOUNCE MY ROLE AS A LEADER OF THIS GROUP, OR ANY, FOREVER!

KARKAT: VRISKA ALONG WITH HER TACTICAL VIRTUOSITY AND MONSTROUS EGO ARE MORE THAN SUITED FOR THE ROLE.

KARKAT: AND IF, WHEN, AND TO \*WHEREVER\* SHE EVENTUALLY DECIDES TO FUCK OFF FOR MYSTERIOUS, YET-TO-BE-EXPLAINED REASONS, THEN ANYBODY ELSE WHO FEELS INCLINED CAN SLIDE RIGHT INTO THAT POSITION, SO LONG AS IT ISN'T ME!!!

dialoglogVRISKA: Gr8! It's settled, I'm the leader.

VRISKA: I gladly accept the baton you are going to such lengths to pass to me, Karkat. Honored in fact.

VRISKA: Not everyone is nearly as passionate about labels or ranks as you. In fact, I'm pretty whatever about the distinction. But your melodramatic endorsement of my abilities is appreciated.

KARKAT: LJS DLKFJASDLALKJASDKLSHDKLAHSFKLASHB

KANAYA: Excuse Me

KANAYA: Miss Leader

VRISKA: Hmmm???

KANAYA: Not That It Would Ever Occur To Me To Cast The Slightest Doubt On Your Strategic Expertise

KANAYA: But I Was Wondering When You Were Planning On Getting To The Actual Strategy Part Of This Meeting

VRISKA: Glad you asked, Maryam!

VRISKA: Way to keep the meeting on point. Remind me to give you a promotion.

KANAYA: A Promotion To What

VRISKA: Nothing. Nobody's getting a promotion, it was a joke.

KANAYA: Fuck

VRISKA: The answer is very soon!

VRISKA: As soon as Egbert and Lalonde get here.

VRISKA: I've received quite a few beatings in my time, and not only did I have each one coming, but they all led to big changes for me, on the road to becoming the impeccably evolved person I am now.

DAVE: especially jade im sure you know what kind of crooked ass baloneyfuck powers she got

DAVE: cant let her turn those against us

JOHN: right.

DAVE: she should be pretty psyched to see you though

JOHN: you think?

DAVE: yeah

DAVE: um

DAVE: i dunno if you know this or not but

DAVE: apparently along the way our version of john died

DAVE: so she made the whole trip without you

JOHN: oh no!

DAVE: yeah this timeline was gearing up to be pretty tragic i guess but then you sorta deus exxed out of nowhere and spared us those sadtimes

DAVE: i mean from your point of view i guess it isnt deus ex shit you were just the normal john you always were all zipping around like a nerdy hypergod saving everything from whatever

DAVE: but from our standpoint you just kinda yanked yourself out of random ass nothing but hey you know what ill take it

JOHN: man.

JOHN: i had no idea.

JOHN: i guess that's what typhoeus meant?

JOHN: that's so sad...

JOHN: poor jade!

JOHN: i can't believe she had to spend all that time on the ship thinking i was dead...

JOHN: i mean, i guess i WAS dead. but...

JOHN: you know what i mean.

JOHN: are you sure we can't wake her up for a second, just so she can see i'm alright?

VRISKA: >:::|

DAVE: feel free but i have a feeling youll just be joining her nap if you try

JOHN: darn.

JOHN: i guess we'll have to catch up later.

JOHN: hey, what about dave sprite?

DAVE: dead

JOHN: nooooo!

JOHN: that sucks too!

DAVE: yeah

DAVE: i guess so

JOHN: you guess??

DAVE: its a weird subject for me

DAVE: like

DAVE: the guy was always on borrowed time wasnt he

DAVE: i mean that was his whole "thing" right

JOHN: i dunno.

JOHN: i'll miss him anyway, even if he isn't the "real dave".

JOHN: i kinda feel bad for ever thinking of him as a less real version, actually.

DAVE: yeah hes me and exactly what i would be like if i was a moping existential bird so its kind of embarrassing to even talk about ok

DAVE: i guess it is ""sad"" but you know a lot of versions of me have died

DAVE: lots of versions of all of us including you

DAVE: isnt whats important that certain dubiously categorized iterations of ourselves are all alive here and now and hanging out

JOHN: yeah, that is what's important!

JOHN: i guess there will be time to reflect on everything that was lost later, like dead time clones and double dead ghosts, or other such hogwash.

JOHN: right now i'm still so excited to see everybody.

JOHN: there's so much crazy stuff for us all to catch up on...

JOHN: i don't even know where to start, it's overwhelming!

DAVE: dont stress over it

DAVE: we still have some time to kill before shit starts getting real in this session

DAVE: at least according to our vriska in chief

JOHN: what do you mean?

DAVE: all the bad guys are still just outside the incipisphere

DAVE: they wont converge here until a few hours or so

DAVE: so lets all just sit back a while and shoot the shit

DAVE: and i do mean empty our clips into the shit, like really pump that turd full of lead

DAVE: right up until she gets bossy again and commandeers our fly brotimes with more shrill tactical exhortations

JOHN: ok, that sounds great!

JOHN: but we weren't actually hanging out for that long, so i didn't hear much.

JOHN: also, i'm MOSTLY sure vriska wasn't alive during their trip.

DAVE: oh well let me tell you

DAVE: vriska was most certainly alive during this one

DAVE: like almost

DAVE: extra-alive, if thats possible

JOHN: haha.

JOHN: i think i know what you mean.

JOHN: i spent some time with her when she was a ghost, and uh...

JOHN: let's just say whatever her mortality status is, she makes her presence hard to ignore.

KARKAT: YES. YES!

KARKAT: I LOVE THIS.

KARKAT: CAN WE SPEND OUR WHOLE REMINISCENCE JUST DESTROYING VRISKA, SLIGHTLY ABOVE AUDIBLE LEVEL?

VRISKA: Slightly?

VRISKA: Karkat, you only have one volume setting.

KARKAT: I'M A LOT MORE THAN MR. HOLLERSPONGE ONE-NOTE, AND ANYONE WHO DISPUTES THIS CAN CORDIALLY INVITE ME TO PLAY THEIR DIRTY SEED FLAP LIKE A DISCOUNT HARMONICA.

JOHN: oh. well, i'm sold.

KARKAT: SERIOUSLY THOUGH, IT'S PRETTY COOL TO FINALLY MEET YOU. I MEAN, UNDER MORE CIVIL, RATIONAL CIRCUMSTANCES.

KARKAT: UNLIKE WHATEVER THE \*FUCK\* THAT BRIEF ENCOUNTER WAS THREE YEARS AGO WHERE YOU KO'D VRISKA AND THEN POOFED YOUR FLIMSY ASS INTO THE FUCKALL CONTINUUM.

KARKAT: I KNOW I SEEMED REALLY MAD ABOUT THAT AT THE TIME, FOR WHATEVER REASON.

KARKAT: BUT REALLY, I'VE HAD SOOOOO MANY BORING HOURS ON THAT METEOR TO SPEND BARELY REFLECTING ON THE ROUGHLY TEN THOUSAND WAYS I DON'T GIVE THE SLIGHTEST FUCK ABOUT WHATEVER IDIOTIC TWIST OF FATE TRANSPIRED

BACK THERE.

JOHN: heheh. ok?

KARKAT: I'M COMPLETELY OVER IT.

KARKAT: I'M OVER A LOT OF THINGS ACTUALLY.

JOHN: ... you are?

KARKAT: YEAH.

KARKAT: LIKE, REMEMBER BACK WHEN I WAS YELLING AT YOU ALL THE TIME FROM MY COMPUTER.

KARKAT: BACK THEN I PROBABLY WOULD HAVE FELT NERVOUS OR AWKWARD ABOUT THIS ENCOUNTER.

KARKAT: BECAUSE OF... WELL, YOU KNOW.

JOHN: no?

KARKAT: I WAS HITTING ON YOU BRIEFLY, AND IN A VERY CONFUSING NON-CHRONOLOGICAL WAY, WITHOUT EVEN QUITE REALIZING HOW BADLY I WAS SHOVING MY STRUT POD DOWN MY OWN STATEMENT TUNNEL.

DAVE: dude

KARKAT: I MEAN, UNTIL YOU MERCIFULLY AND WITH A FAIR AMOUNT OF TACT SHUT ME DOWN.

KARKAT: DON'T YOU REMEMBER?

JOHN: uh...

JOHN: maybe?

KARKAT: HOW CAN YOU NOT REMEMBER THAT?

JOHN: i dunno, it was a long time ago!

JOHN: and we had a lot of ridiculous conversations...

KARKAT: OK, WELL MAYBE IT WAS A BIGGER DEAL FOR ME THAN IT WAS FOR YOU.

KARKAT: I MEAN, \*OBVIOUSLY\* IT WAS, THAT'S SORT OF THE WHOLE POINT.

KARKAT: BUT THE \*REAL\* POINT IS, OR THAT I WAS \*TRYING\* TO MAKE, IS THAT IT \*ISN'T\* A BIG DEAL ANY MORE.

KARKAT: BECAUSE I'M OVER IT!

DAVE: karkat what the fuck are you doing

KARKAT: WHAT!

KARKAT: I'M TALKING, QUITE CASUALLY, ABOUT SOME SHIT THAT'S NOT A BIG DEAL.

KARKAT: AND THE \*POINT\* IS THAT IT'S NOT A BIG DEAL ANYMORE, SO I'M JUST CASUALLY SAYING THAT! GOD.

DAVE: ok its not an unreasonable conversation to have but like

DAVE: we JUST started friend-jamming about past anecdotes to get us all up to speed or whatever

DAVE: and youre already trucking out these guns

KARKAT: GUNS? WHAT GUNS!

DAVE: just sayin, it doesnt sound that casual and no big deal if you keep saying its casual and no big deal oh and also its the first fuckin thing out of your mouth to john in three years

KARKAT: SORRY!

KARKAT: I'M SO TRULY FUCKING SORRY. I FORGOT THERE WAS SUCH AN OUTSTANDINGLY SMOOTH PILE OF SHIT IN A CAPE WITHIN MY JUDGMENT RADIUS!

JOHN: no, i mean, i think i remember.

JOHN: i think you were um, "black flirting" with me or something, but in backwards order, and

while constantly yelling.

JOHN: and i didn't really even know what that was.

JOHN: and then i told you i wasn't a homosexual, so it was kind of a moot point, but also, you didn't even know what that was either?

KARKAT: YES!

KARKAT: THAT'S BASICALLY WHAT HAPPENED

KARKAT: AND THAT IS EXACTLY WHAT I WAS \*TRYING\* TO SAY I WAS OVER, AND WASN'T A BIG DEAL ANYMORE, BUT NOW IT'S A BIG DEAL AGAIN I GUESS?

KARKAT: THAT'S FUCKING GREAT! THANKS DAVE!

DAVE: yo im hardly one to talk here since i am a goddamn geyser of hilariously self-pulverizing freudian bloopers

DAVE: at this point i cant even pretend to keep a lid on any shit ive got in me cause i know sooner or later during one of my rad soliloquies ill just pratfall butt backwards into an embarrassing admission and i just have to be like yeah... yeah ok thats my shit thats what im about lets just get the fuck on with our lives

DAVE: so when johns like hey man and youre all locked and loaded with some stuff about how youre 'over him' and go on and on about it its like some way obvious protest-too-much shit and everybody knows it so i dont see how it salvages any of your dignity or whatever to pretend thats not whats happening

KARKAT: OH MY FUCKING GOD...

DAVE: so what im saying is if youre so eager to push this out there-

KARKAT: I'M NOT "PUSHING THIS OUT THERE"!

DAVE: if youre pushing this out there which you are then maybe we should rap about it

DAVE: i mean discuss it critically and earnestly not drop ill rhymes or anything tho that could be sweet too

KARKAT: UEHRNGH.

DAVE: so are you SURE you still dont have these unreconciled blackrom feelings about john

DAVE: i say we air this out before it ferments into some rank and hella unexamined feeling sauce

JOHN: dave, i think you're making karkat uncomfortable!

JOHN: are you being a wise guy and trying to make us uncomfortable?

DAVE: no!

DAVE: i dont do that to bros thats huge uncool

DAVE: i dont see what has to be uncomfy about chattin out our true ass thoughts and emotions

KARKAT: YEEUURHNGHGH.

DAVE: dude you clearly had a spades thing for john but i dont recall you ever bringing it up

DAVE: is this something you been thinking about all this time or

KARKAT: NO!

KARKAT: NOT... NOT REALLY

DAVE: yeah we coulda talked about this

DAVE: i have all KINDS of shit to say about john seeing as he was my number 1 dude for approximately the majority of 13 years

DAVE: the main dead end here man is like, nothing personal at all its just that he is literally incapable of hating anyone

KARKAT: I KNOW THAT!

KARKAT: THAT IS THE \*EXACT\* FUCKING THING I KNEW AND UNDERSTOOD, AND WHY I FELT SO STUPID ABOUT IT IN HINDSIGHT!

JOHN: well...

JOHN: not that i really want to egg on this train of thought, but i dunno if that's quite true.

KARKAT: IT'S NOT?

JOHN: i can get really angry and hate stuff too, just like you. but i think only in extreme cases?

JOHN: the skull guy in suspenders i got REALLY pissed off at...

JOHN: but i am a hundred percent sure that hate was platonic!

DAVE: gettin pissed off at a suspender dude sounds like just the sort of yarn i wanna be all ears for some time

DAVE: but ok thats something to work with

DAVE: hey karkat maybe theres some hope yet maybe its not a total lost cause

KARKAT: NERGH!

JOHN: ok, dave, it definitely sounds like you're trying to own us now!

DAVE: own

DAVE: what

DAVE: no way

DAVE: im being real as a motherfucker

JOHN: being able to hate things i think is...

JOHN: the smaller part of that equation?

JOHN: what about the other part? don't you think that's, uh...

JOHN: a little more significant?

DAVE: what part

JOHN: the part about not being a homosexual!!!

DAVE: john

DAVE: dude i gotta say

DAVE: when you talk about being or not being "a homosexual" you kinda sound like a corny old man

JOHN: what! why?

JOHN: no, that's a normal way of putting it!

JOHN: i mean... it's a pretty normal thing to say, right? when that's... how... you are?

KARKAT: SOMEBODY FUCKING KILL ME.

DAVE: what does normal mean though

DAVE: normal was some crap that ruled our dead civilization

DAVE: we left that behind years ago

DAVE: its all a huge pile of shit that doesnt matter anymore

JOHN: oh. kay?

JOHN: so then, you're saying...

JOHN: what are you saying?

DAVE: im not sure i guess

JOHN: ...

DAVE: ok i guess what im saying is

DAVE: i dont think its all as simple as you think it is

DAVE: or maybe not like ACTIVELY think it is but continue to assume it is on account of NOT thinkin about it much

DAVE: due to a lot of junk about the subject that gets shoved into our brains from movies and stuff while we were just dumb kids

JOHN: i,

JOHN: hm.

DAVE: im just saying it probably isnt as absolute or simplistic as the way youve been framing it

DAVE: or maybe it is for you personally i dont know

DAVE: im just guessing you havent spent much time thinking about it if only cause all the stuff we read and watch suggests that like even examining your honest thoughts about it is perilous road to go down

DAVE: cause if you actually think too much about it without always having that undercurrent of haha nope nope nope THEN what happens

DAVE: what if it turns out youre like...

JOHN: ...like?

DAVE: like not exactly the way you thought you were

DAVE: or maybe not so much that, as old presumptions about what you were turn out to be not that relevant?

KARKAT: (WHY. WHY ARE THESE WORDS HAPPENING TO OUR CONVERSATION.)

DAVE: i dunno man

DAVE: not sure what youve been doing the last 3 years all riding a large boat, then saving everyone from apocalyptic whatever

DAVE: but ive had a fuck ton of time on my hands to think about stuff

DAVE: about stuff ive said and done in the past why i said and did them

DAVE: a lot of things i once would have insisted were like part of my brand and helped me come across cool and smartassy

DAVE: but now im not so sure

DAVE: we used rip on each other all the time for being gay even though we knew we werent which of course is what made it "funny" remember

JOHN: yeah.

JOHN: i dunno, it was pretty funny, sometimes.

JOHN: it was just a lot of joking around!

DAVE: yeah i know

DAVE: it frankly IS funny to say how gay something is sometimes and lets face it sometimes someone or something is just flat out REALLY fucking gay and theres no two ways about it

DAVE: its more like that through the preponderance of all that jokey shit is an underlying implication that its all lame stuff for pansies but not like us no were not lame and ha ha thats the joke

DAVE: which thrives on this like double-buried implication that the REAL COOL SHIT is founded on this absurd wanky ideal about masculinity which if you think about it is 1. dumb as fuck 2. the male adulation of masculinity to that extent TO BE HONEST is pretty fucking gay unto itself and 3. was always some totally impossible shit for us to live up to anyway

DAVE: i think all thats mixed up with the same phony ideals about heroism

DAVE: like living up to the storybook idea of what a hero to me feels almost interchangeable with living up to societys snapshot of what a hard manly dude should be

DAVE: i stopped pretending i could ever live up to either thing a while ago

DAVE: and mainly have spent time looking back on the sheer magnitude of all my "joking around"

DAVE: i used to lambaste fuckers left and right grinding them into the pavement over how gay they probably were and how much they were quite possibly jonesin to kiss some dudes or such

DAVE: and i dont really feel bad about it in the sense that it was jerky or like "insensitive" necessarily even though i guess it maybe was

DAVE: more that i feel like it was probably transparent

DAVE: a massive front of outrageous snark to disguise a lot of insecurity

DAVE: like a fuckin coverup

DAVE: as long as i kept clowning hard about it i didnt actually have to think about it or face my actual beliefs

JOHN: dave, um.

JOHN: all that's cool and all, and...

JOHN: i think i mostly agree?

JOHN: but...

JOHN: ummmm, how do i put this.

JOHN: are you...

JOHN: are you gay now?

DAVE: what no

KARKAT: (THE WORDS. WHY WON'T THE WORDS STOP. DEAR GOD.)

JOHN: i dunno, it sounds to me like you're trying tell me something here!

DAVE: man no look

JOHN: i mean, it's ok if you're gay now!

JOHN: that's totally cool, if true.

JOHN: i just think...

JOHN: you turning gay would be kind of a weird consequence of me changing the time line around?

JOHN: ok, not "weird"...

JOHN: just, unexpected!

JOHN: i dunno what i did that would account for that.

JOHN: maybe saving one of terezi's plush toys did some goofy homosexual butterfly effect thing on you?

JOHN: jeez, who knows!

DAVE: dude you arent listening

DAVE: although a gay butterfly effect is a pretty funny idea lets not dismiss that as a concept altogether

DAVE: anyway maybe what im tryin to say is sorta getting lost in the weeds here

DAVE: the fact that you were wondering if i "turned gay" makes me think maybe youre still not quite on the wavelength im tryin to ramble on here

DAVE: maybe we should wrestle this topic to the ground another time, theres a lot more id wanna say but this is probably not the venue

DAVE: i mean not literally wrestle to the ground because that is maybe literally the gayest course of action we could possibly take but you know what i mean

KARKAT: (YES! LATER! TALK LATER, BECAUSE THEN THE WORDS WOULD STOP! OH WOULDN'T THAT BE LOVELY.)

JOHN: that's fine, we can talk about anything you want, any time.

JOHN: i'm just still confused about what you're getting at, is all.

JOHN: like, what is the bottom line here?

JOHN: are you actually attracted to boys now?

JOHN: do you...

JOHN: um.

JOHN: did you...

JOHN: like, date any boys?

DAVE: uh

JOHN: but there weren't even that many boys on the meteor?

JOHN: well, there's the clown guy, but i don't really see you and him...

JOHN: that really only leaves...

JOHN: um, were you and karkat...

JOHN: ARE you and karkat, like.

JOHN: hmm.

dialoglogKARKAT: NO, NO, NO, NO, NO, NO, NO.

KARKAT: I RETREAT TO MY SAFE PLACE, AND YET THE WORDS. THE STUPID FUCKING PRATTLE JOCKEYING LIKE ROWDY BARNBEASTS UP AGAINST THE PARTITIONS OF GOOD FUCKING SENSE AND THE MOST BASIC OF PERSONAL BOUNDARIES.

KARKAT: THE GOD DAMNED BLITHER OF TACTLESS NINCOMPOOPS, HOW IT CONTINUES TO HAUNT MY WRETCHED EARS. THE WORDS SPILL OVER THE SIDE OF THIS ENCHANTED METAL FROG DISCUS, LIKE A BABBLING SPRING IN A MYTHICAL FOREST GOVERNED BY A GUILD OF GOSSIP-HUNGRY LOBOTOMY HOBBITS. THIS DELUGE OF WORDS, LEAKED FROM THE INCONTINENT CREVICES OF TWO BRAINLESS GUSHING YAMMERTWATS, IT OVERFLOWETH, OH HOW IT OVERFLOWETH, SOGGING MY GRAY, PRACTICAL PAIR OF PANTS, THE LEGGINGS OF A SIMPLE MAN. A HUMBLE MAN. IT THEN CONTINUES ITS DOWNWARD TRICKLE, DOUSING MY UNREMARKABLE SHIRT, THE SERVICEABLE GARMENT OF YOUR AVERAGE ALTERNIAN "JOE", CHILLING THE FRAIL TORSO BENEATH, A PATHETIC DUFFEL OF MEAT WRACKED WITH HEAVY SOBS, SOBS CAUSED BY WORDS, WORDS WHICH CONTINUE TO DRIP. AND SLEUCE. AND SPILL. THREATENING TO DROWN ME. PLEDGING TO. PROMISING! AND YET I WILL NOT DROWN. WHY WON'T I DROWN? PLEASE LET ME DROWN. LET ME DROWN SO THE WORDS WILL BE NO MORE!

JOHN: dave, i'm pretty sure we're making karkat uncomfortable now.

**[A6A6I5] ====>**

**30/04/15**

dialoglogDAVE: yeah maybe we should drop this

JOHN: ok.

DAVE: i dunno if you ever picked this up from him but hes a pretty sensitive guy

JOHN: what?? nooooo.

DAVE: its true

DAVE: hes pretty much the easiest dude to rip on and makes for an irresistible target but you also have to know where to draw the line

DAVE: really dont wanna actually you know like

DAVE: upset him

JOHN: yeah, me neither.

JOHN: um...

JOHN: what the fuck is he doing?

DAVE: man i dont know

DAVE: thats just his regular shit

DAVE: like, an every day occurrence but with different bodily positions and geographic configurations

JOHN: i see.

DAVE: bro will you get the fuck up here

KARKAT: NO!

DAVE: k suit yourself

**[A6A6I5] =====>**

**30/04/15**

dialoglogDAVE: um anyway

DAVE: as you can see ive been spending probably way too much time with trolls

JOHN: ha ha.

DAVE: it messes with you

DAVE: gets you thinkin about... stuff

DAVE: you know?

JOHN: i can imagine.

JOHN: i think life was a lot more boring on the ship.

JOHN: but we talked about you all a lot!

JOHN: we would always wonder how you and rose were managing to get along with all those crazy trolls.

JOHN: i think mostly we pictured a lot of arguments.

DAVE: thats not too far off

JOHN: i'm still getting used to having such insane, limitless powers that let me go anywhere i want...

JOHN: it's tempting to go to time periods like yours and find out what i missed.

JOHN: but i don't want to mess with too much anymore, since it seems like i got the time line to a nice stable place as it is.

JOHN: so i guess i just have to do what any regular guy does, and imagine fondly what it would be like if i got to travel with you guys.

JOHN: i wonder if i would have gotten like... absorbed in troll culture too? or troll ways of thinking.

DAVE: its really inevitable

DAVE: you pick up the lingo they pick up yours

DAVE: its like a stupid cultural melange after a while that barely makes any sense from either frame of reference

JOHN: i wonder if i would have learned to understand black romance?

JOHN: it's such a goofy idea, but it seems pretty important to trolls.

DAVE: they take all their quadrants pretty seriously tbh

JOHN: yeah.

JOHN: years ago when we first met the trolls, i remember being pretty fascinated by all our cultural differences, when karkat and vriska were telling me about them.

JOHN: i remember really sincerely trying to understand it all from their point of view! it's hard though.

JOHN: i still think about the idea of black romance sometimes, and try to imagine how that really

works... or "feels"... i don't know.

JOHN: do you understand it?

DAVE: yeah ive spent enough time talkin about it where i think i "get it" but

DAVE: ive never had cause or any real inclination to put it into practice or anything

JOHN: mainly the idea of hating somebody, and translating that into attraction, or some kind of romancey feeling... it feels so alien to me.

JOHN: and you're right, i have a really hard time even hating anyone in the first place!

DAVE: word

JOHN: i mean, i get ANNOYED by people, sure.

DAVE: like who

DAVE: me?

JOHN: no, not really.

JOHN: well, sometimes, but not much. i always tended to exaggerate my grievances with you, for the sake of laughs.

DAVE: heheh

JOHN: a better example is, more recently, when i was doing my retcon mission...

JOHN: i was getting REALLY annoyed with terezi and her mind games.

DAVE: yuuup

JOHN: it definitely never crossed the line to "hate" though, because we were working together to try and fix a dire situation, and even though she's weird and insane, she's otherwise a pretty good friend.

JOHN: but all her needling and japes at totally inappropriate times, when there was so much on the line...

JOHN: argh, it was SO FRUSTRATING.

KARKAT: EGBERT, I HAVE NEWS FOR YOU.

DAVE: whoa hes back!

DAVE: all right side up and everything

KARKAT: I HEARD YOU WERE TALKING ABOUT QUADRANTS, SO I DECIDED TO PAUSE MY TANTRUM.

KARKAT: JOHN, ALL YOU'RE DOING HERE IS DESCRIBING THE SUBTLE FEELINGS WHICH PLANT THE SEED FOR HAVING A CALIGINOUS CRUSH ON SOMEONE.

JOHN: what??

KARKAT: YOU HEARD ME.

KARKAT: YOU ARE NAIVELY ADMITTING TO STRUGGLING WITH SOME BLACK FEELINGS FOR TEREZI.

KARKAT: SO, THERE YOU GO. QUESTION ANSWERED.

KARKAT: TURNS OUT YOU ARE PERFECTLY CAPABLE OF BLACK ROMANCE.

JOHN: n... no!

KARKAT: A FAIR REBUTTAL. HOWEVER, CONSIDER THIS COUNTERPOINT:

KARKAT: Y... YES???

JOHN: but i don't HATE her, and i'm sure i never will!

JOHN: i'm just saying i find her, like, somewhat annoying, and REALLY aggravating a lot of the time, but that's it!

KARKAT: BUT THAT'S EXACTLY WHAT THE FEELING IS!

KARKAT: IT DOESN'T START OUT AS FULL BLOWN ANTIPATHY, AND IT RARELY EVEN REACHES SUCH AN EXTREME LEVEL OF HOSTILITY EVEN OVER LONG TERM BLACK

RELATIONSHIPS.

KARKAT: THERE ARE PEAKS TO IT, BUT OTHERWISE A GENERAL EBB AND FLOW TO THE DARK FEELINGS, JUST LIKE WITH FLUSHED RELATIONSHIPS.

JOHN: ok, but...

JOHN: i don't know if i'm expressing myself clearly.

JOHN: i felt aggravated by her a lot, but that doesn't fully describe...

JOHN: like, there were those "negative" feelings, but also...

JOHN: but...

KARKAT: YEAH, THAT'S IT, RIGHT THERE!!!

KARKAT: THE "BUT" IS ALWAYS PART OF IT.

KARKAT: WHAT YOU'RE \*TRYING\* TO SAY IS, YOU HAD FRUSTRATED, NEGATIVE EMOTIONS TOWARD HER, BUT THEY DON'T COMPREHENSIVELY ACCOUNT FOR YOUR ATTITUDE TOWARD HER.

KARKAT: MEANING, THERE ARE SOME THINGS ABOUT HER YOU ACTUALLY LIKE, BUT THE NEGATIVE FEELINGS MAKE IT HARD FOR YOU TO PUT YOUR FINGER ON THEM, OR EVEN WANT TO ACKNOWLEDGE THEM.

KARKAT: THAT IS ABSOLUTELY STANDARD. WHAT GOOD WOULD IT BE HAVING A KISMESIS WHO DIDN'T POSSESS QUALITIES YOU ACTUALLY ADMIRE ON SOME LEVEL?

KARKAT: THAT WOULD BE BORING, AND IT WOULDN'T EVEN WORK. THERE'D BE NO TENSION, NO PUSH AND PULL IN THE TURBULENT EMOTIONAL LANDSCAPE. THE SUBTLE POSITIVES ADD FUEL TO THE NEGATIVE FEELINGS, OFTEN GIVING THEM A REASON TO EXIST AT ALL. THEY INFLAME THE AGGRAVATING FACTORS, REMINDING YOU DEEP DOWN HOW MUCH YOU WOULD LIKE AND ADMIRE THIS PERSON IF IT WASN'T FOR ALL THEIR INFURIATING FLAWS, AND THE INCREDIBLE SENSE OF FRUSTRATION THAT CAUSES ALONG WITH ALL THE ASSOCIATED HOT-HEADED FEELINGS, THAT'S THE ESSENCE OF BLACK ROMANCE.

KARKAT: AND THE POSITIVE QUALITIES YOU SEE DEEP DOWN IN A KISMESIS ALSO SERVE AS THE BASIS FOR RED FEELINGS TOWARD THAT PERSON, ASSUMING THE RELATIONSHIP EVER STARTS TO VACILLATE.

KARKAT: IT'S ALL PRETTY STRAIGHTFORWARD, REALLY.

JOHN: no... this is messed up!

DAVE: i dunno john it all sounds pretty logical to me

DAVE: karkat knows his shit when it comes to quadrants

JOHN: argh!

JOHN: it can't be true though...

JOHN: it feels so fucked up!

JOHN: what if you're right though... erg! no...

JOHN: no, no, no, no...

KARKAT: THAT'S PART OF IT TOO!

KARKAT: THE "NO NO NO" IS ALL PART OF THE FEELING. THAT'S HOW IT \*ALWAYS\* GOES.

KARKAT: THIS SENSE OF SELF INCRIMINATION WHEN IT'S DAWNING ON YOU THAT YOU HAVE THESE CONFLICTING FEELINGS TOWARD SOMEONE WHO BUGS YOU SO MUCH.

KARKAT: OH MY GOD, THIS WHOLE REACTION IS SO FUCKING TEXTBOOK. IT'S

HILARIOUS, REALLY.

JOHN: it's fucked up though!!!

KARKAT: IT'S SUPPOSED TO FEEL FUCKED UP!

JOHN: aw, man. :(

JOHN: i just wanted to have a nice catch-up chat, not get so transparently owned at the trollmances.

DAVE: it happens to the best of us sooner or later

DAVE: this crap is kind of old hat to me by now but i get why youre kinda freckling at the implications here

DAVE: you didnt have years of livin with trolls to kinda normalize this stuff

JOHN: i don't think i want it to feel normalized though!

JOHN: i'm not ready to...

JOHN: like, admit that... i have some warped spade crush on her, based on...

JOHN: some feeling i don't understand and makes no sense to me!

JOHN: oh god... what if it's true??

JOHN: i have to try as hard as i can to suppress this feeling and make sure i never think about it again!

DAVE: ok sounds like a weenie thing to do but sure have fun with that

JOHN: fuck.

JOHN: yeah, probably.

JOHN: just...

JOHN: please don't tell her about any of this, ok guys?

KARKAT: JOHN, YOU DON'T HAVE TO REMIND US ABOUT ONE OF THE MOST FUNDAMENTAL STATUTES OF THE BRO CODE, WHICH IS PRACTICALLY FUCKING SCRIPTURE ON MY PLANET, DATING BACK HUNDREDS OF MILLENIA.

KARKAT: DAVE AND I FUCKING SLEEP AND BREATHE THE BRO CODE AND ALL OF ITS CLAUSES, NO MATTER HOW FINE THE PRINT.

KARKAT: FEEL FREE TO COME AND TALK TO US ABOUT THIS ANY TIME. YOUR SECRETS WILL ALWAYS BE SAFE.

DAVE: dude that sentiment is well and good but

DAVE: when youre pledging a vow of secrecy maybe you should try to keep it down a little

KARKAT: DAMN. YEAH.

KARKAT: SORRY.

**[A6A6I5] =====>**

**30/04/15**

dialoglogJOHN: this is really confusing though.

JOHN: assuming you're right, and i am "busted" on having those feelings... and i'm not even saying you aren't.

JOHN: but...

JOHN: i thought humans weren't supposed to be able to feel stuff like that?

KARKAT: LIKE WHAT EXACTLY?

JOHN: like, perceive and feel romantic stuff, in the same way trolls do.

JOHN: because we're aliens to each other!

JOHN: well ok, humans can feel the gay stuff pretty often, i guess.

JOHN: i didn't think we could feel the spade stuff, though.

JOHN: i dunno, i just thought it was some screwy biological difference?

DAVE: nah i disagree

DAVE: both humans and trolls are emotionally versatile sentient beings that can feel many hells of different things

JOHN: you're probably right.

JOHN: you would know better than me, at least.

DAVE: thats always a smart fallback position btw

DAVE: especially on rap

DAVE: i could school you on rap too are you confused about rap

JOHN: no dave, i think i'm pretty squared away on rap.

JOHN: at least for now. :p

DAVE: so uh

DAVE: this has been a hell of a reminiscence so far

JOHN: yeah...

DAVE: seriously though i wasnt actually intending to fork this like instantaneously in the direction of some like

DAVE: legitimately sincere dialogue on fuckin sexuality and romance

DAVE: i didnt plan on this dude you gotta believe me

JOHN: i believe you!

JOHN: it's been cool though.

DAVE: yeah

DAVE: did we cover everything

JOHN: um...

JOHN: probably not?

JOHN: oh, right.

JOHN: you dated jade for a while, so there's that.

DAVE: whoa what

JOHN: i mean, dave sprite did.

DAVE: oh

JOHN: and of course i mean, the one from my time, obviously not the one from this time, who died i guess before that happened.

DAVE: right

JOHN: man, that still just seems... so sad.

JOHN: i guess even when you fix things, not everything can be perfect.

DAVE: yeah

DAVE: so

DAVE: howd that go

DAVE: me and jade

DAVE: or...

DAVE: him and jade

JOHN: ok, i guess.

JOHN: my sense was, it was kind of dramatic overall.

JOHN: i'm not sure it was the best relationship, probably because of dave sprite's uh...

JOHN: "unique issues".

DAVE: hmm

JOHN: but there were a lot of fun memories.

JOHN: i'll tell you about them some time. maybe when jade is awake, because i'm sure she'd want

to know too!

DAVE: yeah

**[A6A6I5] =====>**

dialoglogDAVE: hey

DAVE: um

JOHN: ?

DAVE: the girl you came with

DAVE: roses mom

JOHN: roxy?

DAVE: yeah

DAVE: whats she like

JOHN: she's nice!!!

JOHN: really nice.

JOHN: she is fun and easy to talk to...

JOHN: it almost feels like she has always been one of our friends, you know?

DAVE: yeah

DAVE: how uh

DAVE: how long have you and she actually been traveling together

JOHN: umm...

JOHN: not too long.

JOHN: we only met like a day ago, i mean, from my perspective.

DAVE: huh

JOHN: she's been through some really difficult stuff recently.

JOHN: well, we both have, actually.

JOHN: but i feel like it was all... a bit more personal for her?

JOHN: being on her adventure, then suddenly losing all her friends, and watching rose die right there, while she'd been kinda viewing rose as a version of her mom...

JOHN: i was just some goofball drifting randomly here and there between realities, so i was mostly just confused by everything.

JOHN: but for her, i could tell it was all really devastating.

JOHN: i'm so happy she gets to be with rose again!!!!!!!!!!

JOHN: not to mention all her other friends!

JOHN: for some reason i feel happier for her getting to reunite with people she lost than i do for myself.

DAVE: it sounds like you like her

JOHN: i do!

DAVE: no i mean

DAVE: actually like her

JOHN: oh.

JOHN: ... uh, hm.

JOHN: i don't know.

JOHN: maybe.

DAVE: wow dude after one day maybe you should slow your roll

JOHN: i didn't say i did though!!!

DAVE: im joking its fine who cares  
JOHN: oh, ok.  
DAVE: shes my mom isnt she  
JOHN: man.  
JOHN: i'm not sure if we should keep thinking about all our relations that way.  
DAVE: why  
JOHN: it's kinda weird!  
DAVE: is it  
JOHN: ...  
DAVE: do you feel weird about dating my mom is that it  
JOHN: i'm not dating her though!  
DAVE: but if you did  
DAVE: then you wouldnt wanna think of her like that because of like the familial weirdtimes it invokes  
JOHN: jeez.  
JOHN: i don't know. i...  
JOHN: i don't know if i'm ready for every single "deep" conversation we can squeeze into this wacky rapid fire session of fun pal-talk!  
DAVE: ok  
DAVE: but  
DAVE: i think i like thinking of her as my mom  
DAVE: even if its a lil weird  
JOHN: you do?  
JOHN: why?  
DAVE: not sure  
DAVE: i never even stopped and thought about it before  
DAVE: the idea of what it would be like to have a mom  
DAVE: instead of a hyper-aggressive lunatic of an adult male guardian  
DAVE: i never let myself give it a second of consideration  
DAVE: but now  
DAVE: seeing her actually here even though shes just some teen girl i never met  
DAVE: i like the idea  
DAVE: its nice  
JOHN: ...  
JOHN: ok, that's actually kind of cute.  
DAVE: yeah  
DAVE: yeah i guess it kind of fucking is  
JOHN: alright, well.  
JOHN: no matter what happens, it's ok with me if you want to think of her that way. :)  
DAVE: sweet

ROSE: Sorry about what?

ROXY: for stammering an all being an agog grinning idiot

ROXY: i just cannot....

ROXY: actually believe u are real and here and alive and not dying and so am i!

ROXY: here with u i mean + sharin all those mentioned attributes

ROSE: I can't believe it either!

ROXY: i have so much to say...

ROXY: i think???

ROXY: even though i cant think of the stuff atm

ROSE: I know what you mean.

ROXY: i hope its ok if i just sit near u not bein 'specially articulate for a bit

ROSE: That is more than ok.

ROSE: As long as you are willing to similarly excuse the spectacular demise of my capacity for artful self-expression.

ROXY: omg!!!!

ROXY: ahahah youre dirk!

ROXY: wow wow i just caught it wow wow wow!

ROXY: you sound SO much like him oh my GOD thats too perf and cute :3

ROSE: Dirk?

ROXY: hahah i cant get over it now i cant unhear it...

ROXY: even your voice sounds kinda like his but its just... girl dirk

ROXY: lmao wow yes <3

ROSE: He sounds like a hell of a guy.

ROXY: ohh u have noo idea

ROSE: Well, I'm told he should be arriving here in a little while.

ROSE: If he's anything like Dave's late older brother, and if he's anything like me, which he apparently is, then this is when I'm guessing the real party will begin.

ROXY: im redy <|:)

ROSE: I want to know things about him.

ROSE: Such as, if he shares his elder counterpart's avarice for soft puppet ass.

ROSE: And if that, combined with his myriad, vaguely unsettling psychological peculiarities, could occupy a dedicated team of therapists for years.

ROXY: the answer is yes and yes

ROSE: Hmm.

ROSE: Knowing this amuses me, for some reason.

ROSE: But mainly, there are things I want to know about you.

ROSE: I presume there will be plenty of time later to hound my biological father for the dirt on his proclivities.

ROXY: whatta ya wanna know about me?

ROSE: Everything!

ROSE: I think the main difficulty in deciding what to ask is in sifting questions I would have for my mother, that is to say, the woman who raised me, from the questions I have for you.

ROXY: well i didnt raise u or anything but i can sincerely take a crack at both kindsa questions

ROSE: Ok.

ROSE: Do...

ROSE: You really like wizards?

ROXY: rose

ROSE: Yes?

ROXY: rose

ROXY: rooose

ROSE: ...

ROXY: i fucken

ROXY: LOVE

ROXY: wizzards

ROSE: I see.

ROSE: As odd as it sounds, that actually does go pretty far in letting me know something about both of you.

ROXY: oh?

ROSE: My relationship with her was complicated.

ROSE: But I've come to see that as mostly my fault. I was too young to understand her.

ROXY: i never even got the chance to misunderstand my mom

ROXY: or grownup you

ROXY: or... i mean i didnt get to misunderstand her IN PERSON

ROXY: more like as a legendary figure

ROXY: cause i grew up 400 years after she died

ROSE: Ah, right.

ROSE: I think I'm going to have to call the contest early. Yours is the more interesting biography, by quite a lot.

ROXY: not really!

ROXY: not to me at least... i was lonely

ROXY: i thought about her a lot to pass the time

ROXY: she was p amazing at least according to history

ROXY: she wrote hella books about wizards and rode a genocidal fat man down a waterfall of blood

ROSE: She wrote hella books about wizards?

ROXY: yeh!

ROXY: they were famous n good and everything

ROSE: It sounds like I fumbled into the wrong line of work.

ROSE: There's no money in this Sburb business.

ROSE: Well, there is. It just comes in incredibly stupid denominations, which are not particularly useful.

KANAYA: Do You Have Copies Of These Books

ROXY: ummmm yes!

ROXY: yes i do there are copies back on my planet

ROXY: assuming john didnt retcon them away like a book thiefin sneak!

KANAYA: I Would Really Love To Read Them Some Time If You Wouldnt Mind

ROXY: no not at all!

ROSE: By the way, this is Kanaya.

ROSE: Sorry for the combination of bad manners and general dumbfoundedness which precluded a more timely introduction.

KANAYA: Hello

ROXY: hey!

ROXY: thats a nice name and also ur pretty

KANAYA: Thank You

KANAYA: I Admire The Aesthetics Of Your Name And Appearance As Well And In No Small Part Due To Their Respective Similarity To Your Daughters

ROXY: wow man that was somehow both a convoluted thing to say yet smooth as hell

ROXY: m impressed

ROSE: Welcome to Maryam City, population, a whole lot of great remarks like that.

ROXY: but yes ill get u those books!

ROXY: theyre great they made me wanna write my own wizard books

ROSE: Did you?

ROXY: errr

ROXY: yeah sorta :\

ROSE: Could I read them?

ROXY: ummmm

ROSE: Hey, you got to read mine!

ROXY: yeah but u were like an old pro when u wrote yours!

ROXY: they are freaking MASTERPIECE WIZARDFICS!!!

ROXY: they won pulizters and shit

ROSE: Did they really??

ROXY: um idk probably?

ROSE: Oh.

ROXY: i dunno they are just vry vry good

ROXY: so the ancient prize scholars im sure were like, dude these wizards

ROXY: are vry vry fucking good

ROXY: give them all the awards, then shut down the awards, but not cuz of the looming apocalypse, just cuz u literally cannot do better than these wizards

ROSE: I can live with that.

ROSE: It's always been one of my professional goals to write tales of magical men so provocative, they would cause the permanent and unceremonious dissolution of at least one prestigious award.

ROXY: so yeah i dunno i guess u can see

ROXY: but its a pale ghost of a story compared to ur stuff and its also um kinda weird?

ROSE: I like weird!

ROXY: yeah

ROXY: just... your opinion means a lot to me & im nervous u might think it sucks!

ROSE: But I never even wrote the masterpieces you read.

ROSE: I think you may have a view of my abilities which I haven't earned yet.

ROSE: Really, I'm not that good.

ROSE: I have my own story drafts which you can read if you like.

ROSE: They're nothing special, frankly.

ROXY: o really??

ROXY: aw man ok then that sounds fun! :)

dialoglogKANAYA: If During Your Manuscript Exchange You Need Someone To Read Over Your Shoulder

KANAYA: Say

KANAYA: To Proofread

KANAYA: Or

KANAYA: To Purge Each Sentence Of Punctuation And Capitalize The First Letter Of Every Word

KANAYA: Id Be Happy To Volunteer

KANAYA: Strictly Professionally Of Course And Not Because I Really Want To Read Your Wizard Things Too

KANAYA: (I Really Want To Read Your Wizard Things Too I Hope Thats Okay)

ROXY: hahaha yeah sure its ok!

ROXY: kanaya sorry me and rose are babbling away here to each other we dont mean to be excluding you

KANAYA: Its Fine I Am Thoroughly Enjoying My Role As A Spectator

KANAYA: I Know That Rose Has Been Looking Forward To This A Lot

KANAYA: And That She Received Similarly Vicarious And Politely Passive Enjoyment From The Interactions I Had With My Ancestor

KANAYA: So Now I Will Just Resume The Politely Passive Part Of It Ha Ha

ROXY: u dont gotta!

ROXY: jump in whenever you feelin it! :D

ROXY: i love meeting new trolls

ROXY: well at least when theyre not evil or somethin

ROXY: love them not evil trolls

ROXY: like the cranky one over there in rad ruby shades

KANAYA: Terezi

ROXY: yeah shes a boss

KANAYA: Thats A Pretty Fair Way To Describe The Attitude Of Anyone Higher Than Me On The Hemospectrum

KANAYA: But Yes You Are Right

ROXY: oh also

ROXY: lest we forget dear fefeta

KANAYA: Fefeta

KANAYA: Do You Mean

KANAYA: Feferi?

ROXY: no fefeta!!!

ROXY: she was a dear precious soul

KANAYA: Hmm

ROXY: she was my sprite

ROXY: guess she never happened in this version of stuff though?

ROXY: dang

ROXY: thats sad but maybe not quite as sad as her existing then exploding?

ROXY: im confuse

ROXY: wonder what even else is different...

ROSE: Well, you died too.

ROXY: i did?

ROSE: Yes, while pushing me out of the way of a fork.

ROSE: So, thank you for that, retroactively. And... to a different version of you.

ROXY: jeez

ROXY: yeah i... had a really similar thing happen in my timeline...

ROXY: also involving a fork

ROXY: and even tho youre ok now its still almost too sad to even talk about

ROSE: Yeah.

ROSE: We didn't get to exchange even a single word before you were gone.

ROSE: All I could think was, "How can this be happening again?"

ROSE: Luckily the sense of misery was short lived, though.

ROSE: It wasn't long before I was informed the incident was part of something bigger taking shape.

ROSE: And that John was on his way with a different version of you.

ROSE: I had no idea what "a different version" actually entailed, but I wasn't about to quibble.

ROSE: I was so relieved.

ROXY: same

ROXY: altho...

ROXY: instead of waiting for you to come back i had to jump thru all these hoops with john

ROXY: and went through some uh

ROXY: different stuff

ROXY: i uh

ROXY: i MAY have thrown an impromptu funeral for your alt-u dead body :o

ROSE: You did?

ROXY: yup

ROXY: sorry if that sounds weird

ROXY: and i knew i was comin to meet a new version of you

ROXY: but

ROXY: it helped me

ROXY: with like

ROXY: feelings about people i left behind

ROSE: A funeral...

ROSE: Wow, that,

ROXY: ?

ROSE: Sorry for this, if it comes off as odd, but,

ROSE: That is so "mom" of you.

ROXY: oh yea?

ROSE: M-hm.

ROXY: hehe

ROXY: i like your mom!

ROSE: Me too.

**[A6A6I5] ====>**

**03/05/15**

dialoglogROSE: I don't mean to be too analytical about getting to know you, really.

ROSE: I guess comparisons are little hard for me to avoid, since the adult version of you played such a significant role in my life.

ROSE: So I can't help seeing the similarities when they are there.

ROSE: But also you are so clearly your own person, shaped by your own experiences, and that is the person I would prefer to get to know, rather than a young avatar for the memory of a departed parent.

ROSE: Yet this is the context which somewhat inescapably colors my perception of what you reveal.

ROSE: So while some observations are in the vein of predictable, charmingly so, mind you...

ROSE: Others I regard as surprising.

ROXY: what about me is surprising?

ROSE: Well.

ROSE: You aren't,

ROSE: You don't quite seem like a person who...

ROSE: Er.

ROXY: .....?

ROSE: I don't want to ask anything that would sound rude to you, or spiteful to her.

ROSE: Because I don't feel that conflicted about this anymore.

ROSE: Particularly since I had my own troubles with it. So it would be pretty hypocritical.

ROXY: conflicted about what?

ROSE: Let me back up a little.

ROSE: It was a long ride on that meteor.

ROSE: One experiences things over a few years, given a lot of time to think. Changes and such.

ROSE: About half way through, I started thinking more...

ROSE: About mom. And about you.

ROSE: Knowing that I'd probably meet you, and. I don't know. Live up to the experience?

ROSE: It's silly, but I'm guessing you understand what I mean.

ROXY: :)

ROSE: Basically, I was just nervous.

ROSE: And it was all mixed up with feelings of conflict and remorse over my mother.

ROSE: Who, to my hazy preteen recollection, never wasted a day in my life on sobriety.

ROSE: She and her habit put all those days to quite effective use, actually.

ROSE: And I don't even quite remember the thought process that led to this, but,

ROSE: I sort of ran with it too?

ROSE: The habit, I mean. For a while at least.

ROSE: I was still distraught about losing her. And wanted to understand her.

ROSE: To connect with her, in some way. And I guess that was the only idea I had.

ROSE: And on some level, I think connecting with her was also a way of preparing myself to meet you...

ROSE: Even though that probably makes no sense.

ROSE: Since you aren't literally her, and don't share all her...

ROSE: I guess I shouldn't speak for you, though.

ROXY: so youre sayin

ROXY: youre surprised im unlike her in that way cause i dont seem like someone whod get drunk off her ass all the time?

ROSE: Um-

ROXY: hahahaha

ROXY: well i guess i should be flattered if u rly think so buttttt

ROXY: wrong

ROSE: So... you,

ROXY: my storys kind of like yours!

ROXY: i had a mom i never knew and wanted to feel close to her however i could

ROXY: i grew up MOSTLY unsupervised in her old old house

ROXY: and it had all this old stuff in it plus some old booze squirrelled away here and there

ROXY: aaand i just uhhh started up even tho i was WAY too young for shit like that WHOOPS....

ROXY: and like i said it was a bit lite on discipline round then, its not like a buncha silly pumpkin eaters were gonna stop me

ROSE: Pumpkin eaters?

ROXY: chess guys

ROXY: loads of them

ROSE: !

ROXY: but yeah i wanted to be like her and do what she did but mostly just made a hot catastrophe of myself

ROXY: i doubt that is what she wanted

ROXY: at the time it seemed like a cool thing a real intellectual an mysterious book celebrity would do while also leading a badass and secretly subversive life in opposition of tyranny

ROXY: but

ROXY: i think what is more likely is

ROXY: she knew the whole world would end and everyone would die no matter what she did

ROXY: which was probly hard to live with

ROXY: idk if i can blame the old lady for wantin to get a WEE bit sauced after a couple of rapping clowns won a presidential election

ROSE: Yeah, I...

ROSE: Wait, what?

ROSE: Clowns?

ROXY: long story

ROXY: bad story

ROXY: plz continue

ROSE: Ok. Yes, I'm sure my mother knew the end was coming too.

ROSE: Knowing that helped put a lot of her behavior in context for me. I was always too young to understand.

ROXY: poor moms :(

ROXY: poor poor adult dead sexy lady us :( :(

ROSE: Truth.

ROXY: but anyway

ROXY: back to... us!

ROXY: kid alive sexy lady us

ROSE: Yes.

ROSE: It sounds like your Rose had an incredible career, but all things considered, I prefer being kid alive sexy lady me.

ROXY: agree

ROXY: i know what you mean about being nervous

ROXY: about meeting you i mean

ROXY: maybe nervous isnt quite right but

ROXY: when i started thinking about meeting u is when i started thinkin...

ROXY: i should try being not QUIIITE such a mess

ROXY: so i started takin the idea of cleaning up my act more seriously

ROSE: Ultimately, I concluded the same thing.

ROSE: I decided it wouldn't be a very dignified way to make an entrance.

ROSE: Or for that matter, a very constructive way to help out in a struggle to preserve reality.

ROSE: Luckily, I was able to cut it out a while ago. I admit, it wasn't easy.  
ROSE: But it helped a lot to have people around looking out for me.  
ROSE: \*Poke.\*  
KANAYA: ...  
KANAYA: \*Sits Poked\*  
ROXY: yeah i had friends help me too!  
ROXY: i couldnta done it w/o them either  
ROSE: I never had "IRL" friends before this trip.  
ROSE: It's interesting to observe the various ways they apply themselves to your benefit.  
ROSE: Some people are around to make you feel like you're worth sticking with, even when you fuck up.  
ROSE: And some people are around to kick your ass to make sure you don't.  
ROXY: haha  
ROXY: i think i had to play the latter role to my friends a lot  
ROXY: and also to myself i guess  
ROXY: who kicked your ass  
ROXY: was it the yelly guy over there?  
ROSE: No, Karkat was mostly preoccupied with his own... shenanigans.  
ROSE: The yelling is deceptive. He's a rather private person.  
ROSE: Vriska, however.  
ROSE: She really is quite an extravagant bitch.  
ROXY: lmao  
ROSE: But it turns out people like that tend to have some convenient assets.  
ROSE: Such as, the sheer force of personality to keep a bunch of idiots from falling apart.  
ROSE: Don't get me wrong. It's quite annoying.  
ROSE: But... useful.  
ROXY: yeaaah  
ROXY: i probably should have been more of a bitch to all my peeps  
ROXY: maybe we wouldnt have gone to jail and died  
ROSE: Let it be a lesson to us all.

ROXY: wizards and writing and mom stuff and even bad things we went through

ROXY: but even so  
ROXY: it still feels comforting  
ROXY: that even if u flip the universe upside down and change it all around  
ROXY: pull us apart by centuries, kill humans off, flood the world  
ROXY: were still connected to each other  
ROXY: in a mysterious way that goes beyond genes and circumstance  
ROXY: and that i think is some tight frickin noise to consider  
ROSE: I'm considering it right now, and yes.

ROSE: That noise... it is SO tight.

JAKE: So that i look busy and not come off as big of a doofus as i feel like?

TAVROSPRITE: i CAN OBLIGE, aND ALSO PERSONALLY IDENTIFY, wITH THAT IDEA, aND THE FEELINGS OF SELF LAMENESS BEHIND IT,

TAVROSPRITE: bUUUT,

TAVROSPRITE: i COULD ALSO HELP YOU OUT WITH A REAL CONVERSATION TOO, iNSTEAD OF A FAKE ONE,

TAVROSPRITE: iN FACT, mAYBE WE ALREADY EVEN SAID ENOUGH WORDS TOGETHER, jUST NOW, fOR THAT TO QUALIFY, }:)

JAKE: Hahaha oh tavrosprite.

JAKE: You have always been the one ray of light shining through the clouds in what has otherwise been an emotionally stormy game experience for me.

JAKE: Im so grateful that you found it in your ghostly bosom to drift over to lomax now and then to cheer me up.

JAKE: Often enough to give me a real pickmeup when feeling blue over friend problems but just seldom enough to feel like a rare delight when you did.

TAVROSPRITE: yEAH,

TAVROSPRITE: i WAS UNDER STRICT INSTRUCTION FROM VRISKA, tO NOT INTERFERE WITH THE TIMELINE MUCH, fOR LOTS OF MONTHS,

TAVROSPRITE: sO i DIDN'T SAY HELLO OFTEN,

TAVROSPRITE: sHE HELPED ME BE BACK ALIVE, sO, i OWED HER THAT MUCH ON ONE HAND,

TAVROSPRITE: bUT ON THE OTHER, i THINK SHE WAS DOING HER BOSSY THING, fOR THE SAKE OF JUST TELLING ME WHAT TO DO,

TAVROSPRITE: aND i DIDN'T SEE HOW JUST BEING FRIENDLY SOMETIMES, wAS EVEN CHANGING THE TIMELINE MUCH, oR WHY THAT IDEA EVEN MATTERED?

TAVROSPRITE: bECAUSE IT SEEMED LIKE MOST OF YOU ALL HERE, nEVER DID MUCH IMPORTANT STUFF ANYWAY,

JAKE: Haha! Its true. More tiptop wisdom from that sage bullheaded noggin of yours.

TAVROSPRITE: wHY DO YOU WANT TO BE PRETEND-TALKING, (eVEN THOUGH IT'S REAL), aND LOOK BUSY TO YOUR FRIENDS?

JAKE: Im just not up to all this socialization yet.

JAKE: Maybe i never will be.

JAKE: I feel at ease talking to you but all these others... i dont know.

JAKE: It feels really awkward and i think i lost most of my prior bravado due to a lot of bad things that happened with my friends.

TAVROSPRITE: wHAT HAPPENED WITH THEM?

JAKE: I just messed up with everyone in a lot of ways im too embarrassed to even talk about.

JAKE: And now i just feel gunshy about... everything i guess.

JAKE: Even polite conversation with fun new people i should be thrilled to meet!

JAKE: I couldnt even set things right with my buddies now if i WANTED to.

JAKE: Jane is asleep so i cant make amends with her after she became an angry robot and punched me in the gut and jailed me and threatened me with eternal marriage and baby making duties.

JAKE: I mean sure she was brainwashed when she did all that but im SURE i did some stuff to deserve it!

JAKE: Dirk is still way off somewhere so i cant address THAT whole spicy meatball which i still feel terrible about.

JAKE: And roxy...

JAKE: Well okay roxy is right there but look at her shes having a blast with all these people she actually really LIKES and who are probably ACTUALLY LIKABLE.

JAKE: She probably wants nothing to do with me either so i might as well do her the courtesy of leaving her alone.

TAVROSPRITE: bUT,

TAVROSPRITE: iSN'T SHE,

TAVROSPRITE: wAVING AT YOU, aND SAYING HELLO, rIGHT NOW,

TAVROSPRITE: dUE, aLMOST CERTAINLY, tO OVERHEARING YOU TALKING ABOUT HER NAME?

ROXY: hi jake!!

JAKE: Oh.

JAKE: Yeah.....

JAKE: It would seem she is.

JAKE: Those are probably pity waves though.

TAVROSPRITE: iIII,

TAVROSPRITE: dON'T THINK THAT IS TRUE,

TAVROSPRITE: i HAVE BEEN THE GETTER ALMOST EXCLUSIVELY, oF THE PITY VERSIONS OF VARIOUS DEEDS DIRECTED AT ME, aND,

TAVROSPRITE: i THINK THAT'S NOT WHAT SHE'S DOING, tHOSE ARE NORMAL WAVES AND HELLOS,

TAVROSPRITE: yOU SHOULD PROBABLY DO ONE OF THOSE THINGS BACK TO HER,

ROXY: HIIII JAKE

ROXY: JAKE

ROXY: JAKE DAMMIT HI

JAKE: Oh.

JAKE: Um sorry.

JAKE: H... hi roxy.

JAKE: Youre with us again and... and... i like that.

ROXY: :D

TAVROSPRITE: nICE, bRO!

TAVROSPRITE: kEEP WORKING AT BEHAVIORS OF THAT SORT, yOUR SELF ESTEEM WILL GET BIGGER,

JAKE: "I like that???"

JAKE: Thunderations what a fucking clod i am.

JAKE: I really need to keep a lower profile.

JAKE: Even basic pleasantries are a bit above my huckleberry for now.

TAVROSPRITE: i GET IT, sELF ESTEEM IS PROBABLY THE HARDEST EMOTION TO MASTER,

TAVROSPRITE: iT HELPS TO HAVE HELP,

JAKE: And i appreciate it mr tavrosprite really i do.

TAVROSPRITE: nO, i MEAN NOT FROM ME,

TAVROSPRITE: dO YOU HAVE A FANTASY PHANTOM REPRESENTING YOUR SELF ESTEEM WHO YOU CAN LOOK UP TO?

JAKE: A phantom??

TAVROSPRITE: bECAUSE i DID ONCE, aND IT HELPED ME,

TAVROSPRITE: tHEN HE BECAME REAL, aND \*REALLY\* HELPED ME, bUT NOT BECAUSE OF BELIEVING OR ANYTHING,

TAVROSPRITE: jUST BECAUSE OF COINCIDENCE, hE HAPPENED TO BE MY ANCESTOR,

**[A6A6I5] =====>**

**04/05/15**

dialoglogJAKE: Well...

JAKE: Yes i suppose i have SOMETHING like that.

JAKE: A brain ghost of my friend dirk who visits me sometimes.

JAKE: I GUESS he represents my self esteem but...

JAKE: I dunno how helpful he actually is!

TAVROSPRITE: wHY,

JAKE: Because of all the consternation that my relationship with REAL dirk has caused me!

JAKE: He says all the right things to make me feel better about myself but when he visits my brain i never ACTUALLY feel that comfortable or good about myself.

JAKE: I just feel kind of weird and truthfully spend most of the time hoping he just goes away and he probably KNOWS that too because hes my brain and that makes me feel WEIRDER!

TAVROSPRITE: i SEE,

TAVROSPRITE: yOUR BRAIN IS COMPLICATED THEN,

TAVROSPRITE: i'M GUESSING IT'S BECAUSE YOU'RE SOME SORT OF GENIUS,

JAKE: Really?????

TAVROSPRITE: yES, aBSOLUTELY,

TAVROSPRITE: i HAVE A SENSE FOR THESE THINGS,

JAKE: Gosh.

TAVROSPRITE: mAYBE, iNSTEAD OF LISTENING TO THE UPSETTING WORDS OF A COMPLICATED BRAIN GHOST,

TAVROSPRITE: wHAT A BRILLIANT MIND LIKE YOU NEEDS, iS SOMETHING SIMPLER,

TAVROSPRITE: lIKE LISTENING TO THE NICE AND FLATTERING WORDS, oF A REAL FRIEND, }:)

JAKE: Maybe youre right!

TAVROSPRITE: nOT RELATED TO THAT, hAVE i MENTIONED,

TAVROSPRITE: yOU'RE ACTUALLY QUITE HANDSOME FOR A HUMAN,

JAKE: Wow you think??

TAVROSPRITE: aLSO YOU HAVE A DASHING PERSONALITY, aND YOU SEEM PRETTY STRONG, aND YOUR VERY SMALL PAIR OF CREAMY LOOKING PANTS IS REALLY

COOL,

JAKE: Holy cow.

JAKE: You're right Tavrosprite.

JAKE: These nice observations about me...

JAKE: Why they really do seem to be making me feel at LEAST infinitesimally better about myself.

JAKE: What a chum!

TAVROSPRITE: tHIS IS ONLY THE BEGINNING, OF THE FEELGOOD FEELINGS YOU CAN FORCE INSIDE YOU,

TAVROSPRITE: tHROUGH THE REPETITIVE MENTIONINGS OF SUCH THINGS ABOUT YOU,

TAVROSPRITE: bUT ALSO THROUGH DEVELOPING YOURSELF AS A BRAVE ALIVE HERO,

TAVROSPRITE: iT'S TOO LATE FOR ME TO DO THAT, sINCE I LIVED A WEAK LIFE, dIED, aND WAS LUCKY ENOUGH TO HAVE A FRIEND WITH A GOOD ENOUGH HEART TO BRING ME BACK,

TAVROSPRITE: bUT ONLY AS A SPRITUAL GUIDE, sUCH AS THE ONE FLOATING BEFORE YOU,

TAVROSPRITE: sO i CAN'T BE THAT HEROICALLY GREAT ANYMORE, bY TRAGIC DEFINITION, bUT YOU CAN,

TAVROSPRITE: yOU'RE LIVING, sTRONG, nICE, aND OF EVEN HIGHER IMPORTANCE, iMMORTAL,

TAVROSPRITE: sO THAT GIVES YOU, bY MY ESTIMATION, lITERALLY FOREVER,

TAVROSPRITE: tO GET BETTER, aND BETTER, aND BETTER, aND FINALLY PROVE YOURSELF,

TAVROSPRITE: tHAT WAY YOU CAN WIN YOUR FRIENDS OVER, aND EVERYONE WILL LIKE YOU AGAIN,

JAKE: Boy shitting howdy! :O

JAKE: Just imagine... from hobbledehoy to hero.

JAKE: Wouldnt THAT spiffy predicament just razz my berries.

VRISKA: Tavros, would you leave that poor kid alone?

VRISKA: What sort of nonsense are you telling him?

TAVROSPRITE: nOTHING,

VRISKA: Oh, 8ullshit.

VRISKA: You're filling his head with lies, aren't you?

TAVROSPRITE: nO,

TAVROSPRITE: iT'S JUST A BASIC CONVERSATION, NOT ABOUT ANY TOPICS, yOU'RE PROBABLY GOING TO SAY, yOU DISAPPROVE OF,

dialoglogVRISKA: Hey kid, what's he telling you?

VRISKA: What's your name again? Jape?

JAKE: Ja...

JAKE: I

JAKE: J...

JAKE: Yes. Sure.

TAVROSPRITE: nO, iT'S NOT jAPE, wRONG,

VRISKA: Who even cares? Your overly simplistic human names all sound so alike to me.

VRISKA: Anyway, listen Jape.

VRISKA: Whatever load of shit he's selling you in a misguided effort to cheer you up, don't listen to him.

VRISKA: It's all a bunch of sappy delusional garbage.

VRISKA: I'm not going to let you down easy, and some day you'll realize this is the biggest favor anyone's ever done for you.

VRISKA: You are never going to do anything important, and you'll never amount to anything. Period!

VRISKA: Neither is Tavros.

TAVROSPRITE: wAIT, nO, nOW HOLD, ON,

VRISKA: No, YOU hold on, Tavros.

VRISKA: You had more than enough chances to prove you could be a relevant contributor to our adventure, but you blew it every step of the way.

VRISKA: It's time to face the facts. You're never going to have that "big moment" that vindicates your arc of personal development. It's just not going to happen!

TAVROSPRITE: nO, i KNOW THAT, i JUST ADMITTED THAT,

TAVROSPRITE: yOU WEREN'T LISTENING TO OUR,,,

VRISKA: It's not going to happen for Jape here, either. So stop filling his head with nonsense.

VRISKA: I can just smell it off him. He's just like you, really.

VRISKA: A loser is a loser.

JAKE: \*Sniffle.\*

VRISKA: Here's the bottom line.

VRISKA: Pages just suck!

VRISKA: All of them do. They just can't ever seem to get it together.

VRISKA: I think it just happens to be the class players get stuck with if they're naturally that sort of person.

VRISKA: It doesn't mean they don't have value as people, but they'll never have anything significant to contribute, so they really should just stay out of the way.

VRISKA: There's a certain quiet dignity in understanding your utterly crippling limitations as an individual. Ideally, a VERY quiet dignity, so the important people can still hear themselves think!

TAVROSPRITE: oK BUT, wHAT ABOUT ALL THAT, bIG PAGE POTENTIAL,

VRISKA: That's also a lot of misleading horseshit, and really kind of a cruel stipulation of the class, to be honest.

VRISKA: It makes losers think there's actually some light at the end of a long tunnel, so it keeps them dreaming instead of facing the facts!

VRISKA: Sure, they could reach all that potential if they worked really hard for a long time, but don't you get it?

VRISKA: The very nature of who they are PROHIBITS that! They don't have what it takes to stick it out to the end, because they're too weak mentally.

VRISKA: So it's just the game playing a nasty joke on them. Like dangling a carrot at the end of a ridiculously long stick.

VRISKA: Only an asshole would knowingly play along with such a vicious hoax.

TAVROSPRITE: aRGH, nO, aNY FORM OF FRIENDSHIP ENCOURAGEMENT, nO MATTER

WHAT, IS UNIVERSALLY GREAT I THINK,  
TAVROSPRITE: WE ALL LEARN THIS AS FACT, FROM LOTS OF THINGS WE SEE AND ENJOY, IN STORIES AND STUFF,  
VRISKA: Oh my fucking god.  
JAKE: No... tavrosprite shes... shes right.  
JAKE: Shes right.  
JAKE: \*Sniff.\*  
TAVROSPRITE: VRISKA, LOOK AT WHAT YOU DID,  
TAVROSPRITE: YOU MADE MY FRIEND JAPE SAD,  
TAVROSPRITE: DON'T LISTEN TO HER, AND COME HERE BUDDY, FOR A REASSURING EMBRACE,  
VRISKA: TAVROS DON'T YOU FUCKING TOUCH HIM!!!!!!!!!!  
VRISKA: Remember, you've only been prototyped once!  
VRISKA: Do you REALLY want to fuse into an eternal monstrosity with that weenie?  
VRISKA: God, what a weenie singularity that would be. Maybe I should stand back and let it happen!  
VRISKA: For science. Also, it would serve you right.  
TAVROSPRITE: oHHHHHHHHH,  
TAVROSPRITE: yEAHHHHHHHHH?  
TAVROSPRITE: WELL GET A LOAD, OF THIS!  
TAVROSPRITE: ACTUALLY,  
TAVROSPRITE: NO, YOU'RE,  
TAVROSPRITE: RIGHT OF COURSE, I WON'T HUG HIM, BECAUSE,  
TAVROSPRITE: THAT SOUNDS REALLY, REALLY BAD,

TEREZI: T1M3 1S D34D K1DS

VRISKA: Believe me, I haven't forgotten!

VRISKA: That's as true now as it ever was. Only difference is now we're working together to PREVENT the 8odies from piling up.

TEREZI: >:]

VRISKA: We still have a little time before we need to get serious, and anyway, when you're managing a team, you need to balance things.

VRISKA: Gotta keep morale up, you know?

VRISKA: The troops have been itching for a feel-good moment like this for a long time.

VRISKA: As a competent leader-slash-power-gamer extraordinaire, it's incumbent on me to recognize that and cut them a bit of slack.

VRISKA: Give them a little space to remember what they're all fighting for, you know?

TEREZI: Y34H, GR34T P01NT

VRISKA: We could do the same, you know.

VRISKA: Over the last few years, we've had so many gr8 times and 8uried all the old hatchets deep enough that I think it's easy to take our relationship for granted.

VRISKA: Doesn't hurt to remind ourselves how lucky we 8oth are. And how close we came to going in completely different directions.

VRISKA: Anyway, I'm glad this is the path we chose. I couldn't ask for a 8etter moirail. :)))

TEREZI: H3H3

VRISKA: Sometimes I wonder what things would 8e like if we never had our falling out.

VRISKA: It was a lot like this, 8ack in the old days, remem8er?

VRISKA: Just hanging out, working together, not much drama except I guess for the occasional ethical de88 on how our foes should 8e dealt with.

VRISKA: What if it never spiraled out of control? If I never 8linded you, if you never 8lew off my arm...

dialoglogROSE: Dave, we were sort of in the middle of something here.

DAVE: in the middle of what

ROSE: A series of heartfelt conversations of a personal nature.

DAVE: oh

DAVE: i guess im in the middle of those now too

DAVE: im feeling heartfelt as fuck somebody bone me up on the shit

ROSE: One cannot simply be boned up on shit such as this. You had to be there.

DAVE: come on

ROSE: Wizards, Problems, Feelings. It was your standard tale of two estranged mutual mothers.

ROSE: Any questions?

DAVE: yes lots

ROSE: Ok.

ROSE: Can you maybe sit over there for a while and write them all down?

DAVE: um

KANAYA: Rose This Accumulation Of People Is Coming Dangerously Close To What Your Culture Might Process As A Human Familial Unit

KANAYA: This Is A Foreign Idea To Me And Probably A Private Matter To You So I Think I Will Leave You All Alone And Go Talk To Some Trolls

KANAYA: Personally I Think You Should Welcome Dave Into The Fold Of Your Poignant Wizard Reverie

KANAYA: From My Cultural Point Of View At Least He Has As Much Claim To A Sense Of Ancestral Connection To Your Mother As You

KANAYA: See You Everybody

DAVE: yeah man kanaya to the rescue with smart shit to say as usual

ROSE: Utterly destroyed again, by her superior sense of reason and decorum.

ROSE: Though I do wonder if her perspective would be different if she'd ever had to manage relations with a "twin brother".

DAVE: ok but who cares about that

DAVE: so rose

DAVE: its our mom

DAVE: hey mom

ROXY: hi!!!

DAVE: well not mom

DAVE: your actual name instead of that i guess

DAVE: roxy i think

ROXY: u think right

ROXY: moms ok too tho

DAVE: i dunno that might be weird

DAVE: calling you that all the time

DAVE: rose would that be weird

ROSE: It would probably get a little weird.

DAVE: so mom

DAVE: im just going to jump right into the fuckin frying pan here

DAVE: like tape off a no bullshit zone for a while

DAVE: if thats ok

ROXY: a frying pan in the no bullshit zone??

ROXY: sounds intense

ROXY: who is manning this pan and who gave him clearance for the no bs zone

DAVE: captain Serious is at the pan and he got the go-ahead from lieutenant Doesnt Fuckaround of the Heartattack Armada

ROXY: isnt lieutenant a lower rank than captain

ROXY: who put this dude in charge of such an important pan

DAVE: um i dont know maybe it is?

DAVE: ok like its cool that you even know that fact but this is exactly the kind of fuckery the no bs zone doesnt cotton to no matter what sorta cookware is involved or which pseudomilitary organization regulates its borders

DAVE: i just have some questions about you and about stuff in general so rather than mumble through a conversation that sounds mostly like the stuff we literally just got done sayin, sweet though that would be, im gonna machine gun some shit at you lighting round style

ROXY: a machine gun lightning round in a frying pan!!!!

ROXY: god.....DAMN

DAVE: i know right?

DAVE: so

DAVE: you are my biological mother

ROXY: yes

DAVE: and roses

ROXY: yes

DAVE: and therefore bear at least partial and like biologically incidental responsibility for why we are both so fucked up

ROXY: yes

DAVE: but you yourself are a paradox clone

ROXY: um... i guess?

DAVE: which means

DAVE: you didnt even have bio parents

DAVE: you originated from yourself

ROXY: guess so!

DAVE: so you really dont have anyone to blame for who you are except weirdly and paradoxically yourself

ROXY: um.. y.. yes?

ROSE: Dave.

DAVE: wait ok

DAVE: sorry if that sounded rude i didnt mean it rudely

DAVE: i mean

DAVE: you did have a "parental figure" who you i guess modeled yourself after in a way

DAVE: or were influenced by i mean

DAVE: an old version of rose from a long time ago

ROXY: yes!

DAVE: and my bro was the same way

DAVE: or

DAVE: your friend i mean

ROXY: dirk!

DAVE: he was a paradox clone of himself

DAVE: and he like

DAVE: did kind of the same thing

DAVE: modeled himself after...

ROXY: ...

DAVE: why dont we not talk about dirk

DAVE: can we change the subject

ROXY: you brought him up!!

DAVE: i know

DAVE: i know

DAVE: look

DAVE: i bring up a lot of things

DAVE: and then have to back track a lot of those things i bring up

DAVE: cause sometimes the things i bring up are ill advised to say or make people uncomfortable or make me uncomfortable

DAVE: its just a thing about me

ROXY: ooh!

ROXY: just had a thought

ROXY: do i get to do a lightning round at you next??

DAVE: i guess so yeah

DAVE: depends on if you want to keep sitting in this goddamn pan

ROXY: hmm i dunno

ROXY: maybe our asses are gettin too hot

DAVE: maybe you should speak for yourself

ROSE: DAVE!

DAVE: SHIT

ROXY: lol

DAVE: no mom look

DAVE: roxy i mean

DAVE: its like i was just saying

DAVE: i just say things it is just like this force of nature no one can control or even try to, least of all me

DAVE: we just have to cross our fingers and hope for the best

DAVE: and that my one man verbal slapstick routine isnt too freudian in nature or at least not that often

DAVE: anyway lets pretend i didnt just insinuate you have a hot ass and move on

ROXY: ;)

DAVE: i heard something about wizards

DAVE: you hells into wizards like rose?

ROXY: YES

DAVE: ok well that is a predictable if somewhat bland fact

DAVE: lets see if we can dig a lil deeper

DAVE: dont get me wrong wizards are ok i guess

ROXY: oh yeah? well maybe YOURE ok

DAVE: yeah, im alright

DAVE: wizards are better at magic than me

DAVE: but im better than wizards at rap

DAVE: so i guess it breaks even

DAVE: or it would if i was a pretend jackass in silly robes and a dumb beard

DAVE: so point goes to dave

ROSE: (Sigh.)

DAVE: do you like rap

ROXY: kinda!

ROXY: dirk loves rap so i...

ROXY: ummm haha never mind

ROXY: forgot we werent talkin about that

DAVE: well what do you like to do

ROXY: i like.....

ROXY: cats!!!

DAVE: ok that is a fair opinion but cats arent actually an activity or anything

ROXY: theyyy kinda were for me though!

ROXY: i uh

ROXY: used to clone them

ROXY: i may have um

ROXY: gotten a little carried away

DAVE: cat cloning huh

DAVE: that sounds like a pretty dope hobby

DAVE: i think were getting somewhere

DAVE: so you had access to that kind of stuff because you lived in a scifi world

ROXY: a scifi world?

DAVE: yeah the future

DAVE: what was the future like

ROXY: watery

ROXY: fulla chess people

ROXY: lots o pumpkins

ROXY: u kno

ROXY: usual dystopian stuff

DAVE: i see

DAVE: and it was just the chess guys and you

DAVE: like alone

DAVE: no other people except for bro

DAVE: who i guess was way off somewhere?

ROXY: yup

DAVE: sounds like kind of a bummer

ROXY: yeah

ROXY: i talked to my friends a lot though

ROXY: via computers n shit

DAVE: thats cool

DAVE: me too

DAVE: maybe when it comes down to it our lives werent that different

DAVE: except for the extinction of humanity part

DAVE: my humans were just

DAVE: imminently extinct is all

DAVE: i didnt have chess guys around though

DAVE: theyre actually good company

ROXY: yeah!!

DAVE: my best best best best friend is a chess guy

DAVE: hes the mayor

DAVE: ill have to introduce you to him soon

DAVE: youll love the mayor everybody loves the mayor

ROXY: wanna meet the mayor!

DAVE: dont worry ill put in a good word for you pretty sure we can find an opening in his schedule

DAVE: tell me more

ROXY: more?

DAVE: about you

ROXY: damn dude

ROXY: this frying pan...

ROXY: shit be SIZZLIN

DAVE: fuck yeah

DAVE: aside from cat breeding how else did you pass the time

ROXY: ummmmmmmm

ROXY: writin

ROXY: um

ROXY: a FAIR amount of uh  
ROXY: lets say recreational liquid intake  
ROXY: and uhh  
ROXY: oh um hacking  
DAVE: haha seriously  
DAVE: like actual hacking  
ROXY: yeah!  
ROXY: well computer programming rly  
ROXY: hacking is just what u call it to sound cool  
ROXY: there wasnt even much shit around to "hack"  
DAVE: so kinda like john  
DAVE: except  
DAVE: i think he pretty much sucked at his codes  
ROXY: hahahahaha really  
DAVE: yeah  
DAVE: he seemed to find it frustrating mainly  
DAVE: his bitching about it is literally my only point of reference for his degree of proficiency  
DAVE: youre good though right  
DAVE: i bet youre good  
ROXY: tha BEST 8)  
DAVE: knew it  
ROXY: maybe i could give him some pointers on the leet haxx  
DAVE: fuck yes  
DAVE: hed be all about that  
DAVE: or i think he should be which is all that matters  
DAVE: do that and insist on it if he gets weirdly obstinate or like tries to pretend he doesnt like programming anymore  
ROXY: ok  
DAVE: what else  
ROXY: oh umm  
ROXY: idk dave i might be runnin outta shit to say!  
DAVE: you sure  
ROXY: iiii  
ROXY: liked to play games?  
DAVE: what games  
ROXY: uh mostly...  
ROXY: the nintendos  
DAVE: i see  
DAVE: which nintendos  
ROXY: a whole bunch of nintendos!!  
ROXY: like lotsa diff systems n titles  
ROXY: i dunno if the ones i associate strongly with would have the same meaning like culturally speaking for you  
ROXY: because to me they were all like cool ancient relics that kept me somewhat in touch with a world that was long gone  
DAVE: that makes sense

DAVE: thats mostly the relationship i have now with garbage romcoms

DAVE: largely because karkat likes watchin em

DAVE: so these godforsaken flicks have helped keep me grounded in our dead civilization in a weird way

DAVE: but re: games...

DAVE: i didnt have nintendos

DAVE: my bro had xbox so i played that sometimes

DAVE: but he mostly had all these shitty skating games

DAVE: and like 20 different tony hawk titles

DAVE: i would mainly just play them to fuck around

DAVE: like find spectacular ways to crash and flop around like a douchey ragdoll

DAVE: or figure out ways to get halfway stuck inside concrete fixtures and obstacles

DAVE: and watch all these cool fratty bros twitch and flop ad infinitum

DAVE: like struggling valiantly and earnestly forever against the shitty and deeply flawed physics of their confining virtual prison

DAVE: i saw them as tragic figures

ROXY: that sounds incredible tbh

DAVE: pretty much

ROXY: do u think we can play games together some time?

ROXY: wanna see ur majestic skatebros in their element

DAVE: oh my dick yes

ROSE: Dave.

DAVE: what

ROXY: ok ok !

ROXY: i think its

ROXY: my turn??

ROXY: keep your ass in the pan buddy u gona get GRILLED

DAVE: thats fair

ROXY: oh um

ROXY: rose please dont think im excluding you!

ROXY: jump in the convo any time k?

DAVE: meh shes fine

ROXY: :p

ROSE: I'm perfectly happy serving as a spectator and occasional officiator of this conversation.

ROSE: It's quite entertaining to behold, really. I love watching how different personalities collide with each other upon meeting.

ROSE: Neither of you is failing to disappoint.

ROXY: lmao

ROXY: god is EVERYONE in this family tree a psychoanalyst???

DAVE: yo thats been like

DAVE: her EXACT top preoccupation since she was a fuckin baby

DAVE: didnt she tell you

ROXY: haha no

ROXY: but yeah makes sense

ROXY: but like, youre all mr funny interrogation right now, rose is quite possibly a literal therapist in training i guess?? and uh dirk is dirk

ROXY: just makes ya think is all

ROXY: wherein i am an almighty wisard

DAVE: ok currently imagining that

DAVE: hmm not bad

DAVE: not bad at all

ROXY: pCHOO

ROXY: um

ROXY: what

ROXY: is your favorite rap guy

DAVE: thats a dead tie

DAVE: between me and snoop

DAVE: also MAYBE obama but to be fair i dont think he raps irl that is mainly just a headcanon i have about him

DAVE: but come on

DAVE: you werent actually curious about that were you

ROXY: im trying to think of stuff to ask jeez!

ROXY: gimme a sec...

ROXY: kay

ROXY: howwww did

ROXY: you become a god tier

DAVE: rose and i went on a suicide mission piloting a moon through the furthest ring

DAVE: the moon had a cosmic mega nuclear bomb in its core but also our quest beds by surprise

DAVE: when it blew up it created literally the biggest fucking sun in existence which also happened to be the exact same sun we thought we were going out there to destroy

DAVE: but we also died and resurrected as god tiers and i guess due to immortality rose up through the surface of the fuckin sun all glowing green and wearing pajamas and shit

ROXY: HOLY CRAP

ROXY: THAT IS SO RIDICULOUSLY INSANE AND COOL!

ROXY: AND SO SO SO MUCH MORE AWESOME THAN WHAT HAPPENED TO US WOW!

DAVE: why how did you do it

ROXY: god its almost embarrassing to even describe

ROXY: especially compared to that!

DAVE: go on

ROXY: um we all had a hangover from magic candy

ROXY: and woke up on our god slabs

ROXY: and like

ROXY: talked for a while

ROXY: have u ever seen the breakfast club

DAVE: no

ROXY: ok well it was like that

ROXY: but probably shittier

ROXY: then we all sorta randomly died on accident

ROXY: due to surprise villain attacks

DAVE: eh that sounds alright

DAVE: who even cares about having a baller origin story

DAVE: we were just some chumps on a moon being melodramatic and in the process of gettin chumped by an omniscient creep

DAVE: your outfit looks cool at least

ROXY: thanks!

ROXY: k then... next

ROXY: have u

ROXY: ever kissed anybody??

DAVE: what

DAVE: man

DAVE: these questions are taking on a different tenor than the ones i asked you

ROXY: well??

DAVE: um yeah ok i WAS kissed

DAVE: by jade when i was dead

DAVE: so i would come back to life

DAVE: that was like... RIGHT before the moon mission i mentioned

ROXY: o yeah

ROXY: i was corpse smooched once too

DAVE: by who

ROXY: ...

ROXY: hey its still my lightning round!

ROXY: i was askin if YOU ever kissed somebody

ROXY: like awake and alive and on purpose

DAVE: maaan

ROSE: We're waiting, Dave.

DAVE: hey i thought you were just "studying" us!

ROSE: I'm also officiating.

ROSE: I'll have to hold you to the question, or throw a flag.

ROSE: Remember the sports?

ROSE: My, how quickly we forget the sports.

DAVE: no come on

DAVE: i just asked you about nintendo and shit!!

ROXY: ok ok!

ROXY: hahaha :)

ROXY: do youuu

dialoglogROSE: This is the lightning round, Dave.

ROSE: We didn't make the rules.

ROSE: Anyway, I'm ready to blow my Referee's Sport Whistle™ if you don't answer before the Commercially Endorsed Game Clock expires.

DAVE: i think the lightning rounds over

DAVE: why dont we have a distraction to seal the deal

DAVE: hey mom i think harleydad over there is talkin about you

ROXY: jake?

ROXY: hehe yeah i think ur right

ROXY: gotta go catch up with him soon...

ROXY: ill wave hello for now

DAVE: i dont think hes noticing

ROXY: dammit jake look over here u goof

ROXY: gonna start a fire here will all this friendly wavin

DAVE: nope hes completely out to lunch

DAVE: just like all the harleyberts

ROXY: HIIIII JAKE

ROXY: JAKE

ROXY: JAKE DAMMIT HI

JAKE: Oh.

JAKE: Um sorry.

JAKE: H... hi roxy.

JAKE: Youre with us again and... and... i like that.

ROXY: :D

DAVE: thats it?

DAVE: hes right back at it with the bull guy

DAVE: whats with him

DAVE: he reminds me a lot of john but really quiet which is very unjohnish

ROXY: jakes great!

ROXY: but yeah hes not like that all the time

ROXY: he is p gregarious 1 on 1 but i guess he doesnt like crowds much

ROXY: he became sort of a hermit after a few months in our session

ROXY: he mainly hung out with dirk until he eventually sorta shut him out too

ROXY: dude just likes his lonesome time i guess?

DAVE: ill try gettin to know him some time

DAVE: maybe trap him like a shy woodland creature

DAVE: then brutally harangue him with my typically rad shit and become airtight bros

DAVE: right there in the fucking woods

DAVE: exactly how nature intended

ROXY: omg yes

ROXY: i will help u rig your jakesnares

ROXY: maybe leave some hunky dudebait, like a trail of microshorts sprinkled thru out the forest

DAVE: awesome thanks mom

DAVE: roxy i mean

ROSE: Dave, even I'm having less trouble referring to Roxy by her name consistently, and I was the one who grew up knowing her as my literal mother.

ROSE: What is going on with you?

DAVE: nothing

DAVE: its just like semi accidentally replacing a word with another word in a majority of instances

DAVE: why do you need to read things into everything

ROSE: You're right. How could anyone possibly read anything into that sort of repeated slip-up.

DAVE: exactly

ROSE: What if you're making her uncomfortable?

ROXY: its fine really!

ROXY: i think it is sorta endearing

DAVE: see rose yall worrying about nothing as usual

DAVE: moms fine with it

DAVE: moxy

ROXY: snort

DAVE: i mean

DAVE: romy

DAVE: mommy

DAVE: wait fuck

DAVE: ok that one was fucked up

DAVE: lets make sure i never ever fucking say that again

ROXY: im dyin here

ROXY: dave...stoppit

ROXY: im a sphixiate

DAVE: i cant

DAVE: its like i was saying before

DAVE: this is a force of nature we all gotta just deal with

DAVE: striders blurtscapades

DAVE: daves flying boner circus

DAVE: this shit is immutable

DAVE: i had to face this fact a long time ago

DAVE: i could either try to change that part of myself which is an unwinnable war

DAVE: or i could try focusing on being like a vaguely half decent person so at least the shit i inevitably blurt out from deep down isnt all that bad

DAVE: because the bad stuff has been and is still being purged through an arduous long term process of complete and utter humiliation

ROXY: man

ROXY: arduous long term processes of complete and utter humiliation are basically my aesthetic

ROXY: anyways you are a silly dude and its ok if u keep callin me mom on "accident" :)

ROSE: I hope it is similarly ok with you if I make the conscious decision to refrain from calling you that ever.

ROSE: Unlike Dave, I've taken great pride in the meticulous maintenance of my internal filter.

ROSE: I don't think I have the same luxury he does.

ROSE: Humiliation just makes my demons angrier.

ROXY: yeah rose call me whatev!

ROXY: but um lmao you got a way of makin that sound legit scary

DAVE: its fucked up that shes joking but also not even really

DAVE: youll figure out how to crack her deadpan riddles theres an art to it

ROXY: you guys...

ROXY: an ur friggin psycho babble!

ROXY: its a riot

ROXY: suddenly feelin like maybe im the weak link in this family tree on the analytical front

ROXY: need to step up my game

ROSE: To be fair, Dave's game is pretty flimsy.

ROSE: He's been jacking my swagger for years. He only pulls it off because he's funny.

ROSE: And to be even fairer, I'm not actually much of a psychoanalyst.

ROSE: I know just enough to know that I barely know anything, and probably would have benefited from, I don't know, "college", or something.

ROXY: ok whew i feel a bit less lame then

ROXY: i remember dirks insane scrutinization of all things cerebral had a similar way of dwarfing ones ego

ROXY: maybe that was smoke in mirrors too idk

ROXY: maybe since he and i are ur parents, in terms of psycho skillz...

ROXY: hes got ALL genes and i got NONE

ROXY: so that means dave got SOME genes and rose got LOTS??

ROXY: wherein SOME is more than NONE and LOTS is less than ALL

ROXY: ???

ROSE: That's quite a scientific way of looking at it.

ROSE: Maybe it's even true?

ROXY: yeah i fuked LOVE SCIENCE!!!

DAVE: ok then that explains everything

ROXY: what

DAVE: if you got all the science genes then that means some scraped off on me

DAVE: which would explain why my beats are so ill

DAVE: its cause my science is off the charts

ROSE: Holy shit.

ROSE: Can someone come push this nerd off the lilypad?

ROXY: dat explanation tho

ROXY: :')

ROSE: Cringeworthy rap notwithstanding,

ROSE: I do recall hearing him babble about wanting to be a scientist on more than one occasion.

ROSE: If the world hadn't ended.

ROSE: What was it? Archeology? Paleontology?

DAVE: yeah i dunno

DAVE: one of those things

DAVE: whichever involved more dead shit

DAVE: maybe

ROXY: paleontology!!

ROXY: u wanted to study that?

DAVE: i sincerely mumbled about the idea once or twice sure

ROXY: thats neat

ROXY: what about you rose

ROXY: did u actually want to be a legit psychiatrist and go to school for that and all?

ROSE: I don't recall my thoughts on higher education.

ROSE: My passion for the subject I think was more a contrivance of a very young girl with misplaced conviction in her abilities.

ROSE: I probably thought I could just figure it all out myself and skip the academic coronation.

ROSE: I don't think much about it anymore.

ROSE: Possibly because there's no one left to analyze, except for the modest population of this frog disc.

ROXY: what would you want to do with your life instead?

ROXY: i mean assuming there were no more evildoers to worry about

ROSE: I don't know.

ROSE: What is there even to consider doing with godhood BUT concern oneself with evildoers?

DAVE: what about your quest

ROSE: Hm?

DAVE: the shit with your planet and the rain and stuff

DAVE: wasnt there still something to do there

ROSE: I... guess so?

ROXY: yeah

ROXY: i did mine!

ROXY: or at least a version of it specific to my situation

ROXY: i get the feelin they change around and such depending on what the lay of the land is

ROXY: my reality was fucked so my denizen just kinda... rerouted me

ROXY: nothin too fancy

DAVE: yeah exactly

DAVE: i did this really stilted like mashup of what i assume my "real quest" was

DAVE: like involving breaking a sword and UNbreaking a sword and a fuckin BIRD was involved and then the bird unceremoniously DIED somewhere

DAVE: it was kind of a mess

DAVE: like me i guess so maybe that made sense

DAVE: who knows what yours would have in store for you now

DAVE: i mean

DAVE: if you even wanted to bother

ROSE: I'm not sure if I have the inclination, and realistically, there isn't even much time for that, is there?

ROSE: We're supposed to be fighting adversaries imminently.

ROSE: I can't squeeze it in before the battle.

ROSE: And after, we'll have supposedly "won", so what would even be the point of doing it then?

DAVE: shrug

ROSE: Something always rubbed me the wrong way about "My Quest".

ROSE: I don't even like the phrase. It's uncomfortably formal, and a little foreboding.

ROSE: I think the regimentation of it all always struck me as unpalatable.

ROSE: Like consigning personal growth to the completion of a glorified, myth-heavy rat maze.

DAVE: yeah i know why you feel that way

DAVE: youve got big problems with authority

DAVE: you always have and you probably wouldnt even put it that way cause it sounds really Teen of you and gauche or whatever

DAVE: but its true

ROXY: omg u guys and your shrink babble!

ROXY: is so funny i swear 2 god

DAVE: yeah here we go again right?

DAVE: except just remember im a fraud at this stuff

DAVE: except in this particular case im totally right

DAVE: she sees this quest all neatly laid out for her wrapped in a bow

DAVE: fuck it even looks like its made for little kids with like pink turtles and rainbows and shit

DAVE: like here you go princess its babys first quest

DAVE: almost like it was designed to piss her off

DAVE: sburb says here, self improvement delineated and made comprehensible enjoy your cookie cutter odyssey

DAVE: so because shes rose she goes no fuck my quest

DAVE: literally starts wrecking shit

DAVE: and maybe that itself was always her quest

VRISKA: If I may interject...

DAVE: oh awesome vriska was eavesdropping

VRISKA: Not for very long!

VRISKA: I just heard you talking a8out Rose's quest is all.

VRISKA: I don't have any opinion on whether you do it or not, Rose. That's your 8usiness.

VRISKA: 8ut my advice is, if you see your denizen, just make sure you kill her fast.

DAVE: what

VRISKA: Believe me, Cetus is a HUGE bitch.

VRISKA: If you give her an inch, she'll try to sucker you into a whole boring conversation, mostly involving a bunch of curmudgeonly riddles.

VRISKA: Don't give her the chance! Just go for the jugular and end it as soon as you can.

VRISKA: Grab her loot and call it a day. That's what I think, at least.

VRISKA: Assuming you bother going to see her at all. Couldn't really blame you if you didn't though.

ROSE: I probably won't.

ROSESPRITE: Won't what?

VRISKA: Oh now what the FUCK is this???????

JASPERSPRITE: Meow.

ROXY: oh my god you cheeky bastard

ROXY: ooomg

DAVE: um

DAVE: what exactly the fuck

ROSE: ...

ROXY: frigglish

ROXY: i cannot believe this

ROXY: you dug up her body!!!!

JASPERSPRITE: :3

ROXY: omg that is SO BAD!

ROXY: but also sweet of you to bring her back but also WOW BAD!!!!

ROSE: Wait.

ROSE: Dug... up?

ROSESPRITE: I'm a little unclear on that myself.

ROSESPRITE: Jaspers hasn't been especially descriptive.

JASPERSPRITE: Meow!

JASPERSPRITE: Yes both roses i dug you up!

ROSE: From... where?

ROXY: um

ROXY: johns planet

ROXY: remember the funeral i mentioned?

ROXY: frigglish was there too

ROXY: orrr um jaspers?? our dumb departed beautiful idiot cat!!

ROXY: haha i guess i made a novice mistake

ROXY: i turned my back on the body

ROSESPRITE: You had a funeral for me?

ROSESPRITE: That was nice of you.

ROXY: yeah!

ROXY: so um...

ROXY: HI!!!!

ROXY: wow haha this is confusing!

ROXY: welcome back youre alive again hey come here!

VRISKA: LALONDE DON'T YOU FUCKING TOUCH HER!!!!!!!

VRISKA: Fucking incredi8le.

VRISKA: Am I the ONLY one here concerned with making sure we don't cre8te freakish mutant people-com8os?!

ROXY: wha

VRISKA: She's only 8een single-prototyped!

VRISKA: Don't go near her.

ROXY: ohhh

ROXY: heh right

VRISKA: It is a8solutely astounding how much you all need me around to keep your shit str8.

VRISKA: Even then it's a constant up hill 8attle to keep you all from fucking up!

VRISKA: I let my guard down for one second and this 8rainless animal wastes one of your precious resurrection slots on someone who's ALREADY ALIVE!

VRISKA: Well, congratul8tions. You're down to one empty kernel.

VRISKA: 8e sure to use it wisely!

VRISKA: Not that there's much hope of that at this point.

VRISKA: See you chumps. I'm out of this convers8tion.

dialoglogDAVE: so

DAVE: what does this even mean

DAVE: theres two roses now like

DAVE: what the fuck

DAVE: what are we supposed to do with this information and unfolding set of circumstances

ROSESPRITE: I don't know, Dave.

ROSESPRITE: I have advanced seer powers, and the newly acquired insight of a mystical guide.

ROSESPRITE: And even I'm stumped about this turn of events.

DAVE: ok then

DAVE: good to know im not dumb and this literally is inherently irrational

DAVE: thanks ghost cat great job

JASPERSPRITE: :3 :3 :3

DAVE: so what now

ROSESPRITE: Well,

ROSESPRITE: It's nice to be back, after such a spectacular sequence of tragic events.

ROSESPRITE: Even though I have no memory of having been gone for long.

ROSESPRITE: But I also understand I am now the Subordinate Rose.

ROSESPRITE: So with respect to my ongoing role, I will have to defer to Real Rose.

ROSESPRITE: I don't want to step on anyone's toes.

ROSESPRITE: Then again, I don't have feet anymore.

ROXY: lol

ROSESPRITE: It's also worth pointing out that my programming as a sprite informs me that I exist at the pleasure of the player who released my kernel.

ROSESPRITE: So, Roxy. What do you think I should do?

ROXY: um wow

ROXY: i dunno!  
ROXY: hahah man i only JUST met um... alive rose here  
ROXY: and that was after JUST buryin you and saying goodbye and all which was this um  
ROXY: emotional thing and now ur back cus of a silly cat! and  
ROXY: idk im confused haha  
ROXY: rose what do you think  
ROSE:  
ROXY: rose  
ROSE:  
ROXY: yo rose...

dialoglogROSE: HAHAAHAHAHAHA!

ROSE: I'm sorry! I can't sit here and pretend to take this seriously!

DAVE: rose

DAVE: you ok

ROSE: I guess so???

ROSE: Yes. I'm FINE! This is just SO DUMB!

ROSE: My powers let me see fortuitous outcomes, but I didn't see this coming AT ALL.

ROSE: It doesn't register as fortuitous or otherwise. You know why?

ROSE: Because it's COMPLETELY MEANINGLESS!

ROSE: HAHAAHAHAHA!

DAVE: i mean

DAVE: sure

DAVE: i thought so too when bird dave happened

DAVE: but that turned out to be like

DAVE: a whole thing

DAVE: and important stuff happened as a result... kinda

ROSE: NO!!!!

ROSE: THIS ISN'T LIKE THAT!

ROSE: Trust me, Dave. I'm not grasping at straws here.

ROSE: My abilities tend not to leave such things to speculation.

ROSE: This development makes absolutely NO SENSE!

ROSE: Not for us as a group, and DEFINITELY not for me personally, or HER for that matter!!!

ROSE: How could this possibly mean ANYTHING for my growth or personal development in ANY WAY?

ROSE: This almost makes it official.

ROSE: I have no comprehensible path. There's nothing to overcome, no lesson to learn, no cathartic light at the end of this preposterous tunnel.

ROSE: Not for me, at least!

ROSE: I seriously have the DUMBEST arc anyone could conceivably imagine.

DAVE: rose we dont have fuckin "arcs" we are just human beings

dialoglogVRISKA: How's it going over there?

KANAYA: I Told Them I Would Leave Them Alone And Go Talk To Some Trolls

KANAYA: I Guess This Troll Over Here Will Have To Do

VRISKA: Happy to 8e of service.

VRISKA: Man, look at them. They all seem so excited.

VRISKA: Like a 8unch of wigglers hopped up on high fructose gru8 sauce.

VRISKA: I hope they don't crash from this reunion 8uzz too hard 8efore it's showtime.

KANAYA: If They Do I Am Sure One Of Your Contingency Plans Will Swing Into Full Effect

KANAYA: Maybe You Can Buy Time For Everyone To Recover By Lulling Our Adversaries Into  
An Extensive Strategy Session

VRISKA: Hey Maryam, why don't you can it!

VRISKA: Our sassy little games of one upsmanship are fun and all, 8ut I'm trying to 8e sincere  
here.

VRISKA: You know, seeing as this is the last time I'll see you all in a while.

KANAYA: Youre Right Sorry

KANAYA: Bring On The Sincerity

VRISKA: I was just saying, a8out the humans.

VRISKA: They seem so happy.

VRISKA: I mean, look at Rose!

VRISKA: No offense, 8ut most of the time she's kind of a pill.

KANAYA: None Taken And Me Too Probably

VRISKA: Good point.

VRISKA: 8ut I don't think I've ever seen her like that. 8y which I mean, making no discerni8le  
effort whatsoever to disguise the fact that she's happy.

VRISKA: Well, ok. May8e there were a couple times.

KANAYA: Is That In Reference To How You Like To Flagrantly Spy On Us Sometimes

VRISKA: I don't "spy" on you!

VRISKA: That is such an unfair characteriz8tion.

VRISKA: Would you can it with that shit already??

KANAYA: Ill Never Understand Your Ongoing And Apparently Unironic Use Of The Phrase "Can  
It"

KANAYA: And In Particular Why You Always Seem To Direct This Expression To Me And  
Seemingly No One Else

KANAYA: I Just Think It Is Such A Peculiar And Amusing Way To Tell Someone To Be Quiet

VRISKA: What! Why?

VRISKA: No, that's a normal way of putting it!

VRISKA: I mean... it's a pretty normal thing to say, right? When you want... someone... to pipe  
down?

KANAYA: "Pipe Down" Isnt Even Much Better

KANAYA: Its Just A Funny Thing To Say And The Fact That You Dont Realize It Makes It Funnier

KANAYA: I Think The Underlying Explanation Is That You Are Just Funnier That You Realize Or  
Try To Be

KANAYA: It Is Something To Like About You

VRISKA: I guess I'll have to accept your sass as a compliment then.

VRISKA: And no, I don't SPY on you. I just...

VRISKA: Check in with you sometimes! To see how you're doing.

KANAYA: Okay If Thats How You Want To Put It

KANAYA: You Involve Yourself In Many Private Matters Without Even Offering The Pretense Of Doing Otherwise

KANAYA: To Think That At One Point I Was Regarded As The Meddlesome One

VRISKA: Look, it just so happens that I care very deeply for all my friends and want to make sure they're doing alright on a somewhat regular basis.

VRISKA: Is that a crime??

KANAYA: In Some Societies Violating The Privacy Of Others In Certain Ways Yes I Believe So

KANAYA: I Understand Your Motives Though And Really This Is Just Me Giving You A Hard Time

VRISKA: I never got why everyone treats their romantic affairs as so PRIV8.

VRISKA: What's the 8ig deal. So you like to do some smooching and stuff with another person. May8e get over yourselves??

VRISKA: Karkat is the worst offender. You'd think he was charged with guarding st8 secrets. News flash, 8uddy. No8ody gives a fuck!

KANAYA: It Sounds Like You Very Much Give A Fuck Though

VRISKA: Hey, why don't you can... I mean, cut me some slack?

VRISKA: I don't hold anyone to standards I don't hold myself to.

VRISKA: I'm very open a8out my rel8tionships! My moirallegience with Terezi? Pff. Ask me anything! I have nothing to hide.

VRISKA: We'll throw our diamonds up in your face like we're making a getaway.

VRISKA: We don't even give a fuck. If you can't take the stench, then get out of the meal 8lock.

VRISKA: Same with any ashen liaisons I've 8een involved with over the years. What's the 8ig deal?

KANAYA: I Have To Admit To Being Impressed With Your Uh

KANAYA: Strangely Natural Proficiency With Auspisticism

KANAYA: It Is An Incredibly Difficult Quadrant To Master And Very Emotionally Taxing I Find

KANAYA: In A Way That Conflicts With The Pursuit Of Relationships In Other Quadrants

KANAYA: I Cant Ignore That During Our Trip You Probably Diffused A Lot Of Unpleasant Situations Before They Started

KANAYA: But When It Comes To Matters Of Privacy And Such

KANAYA: And Which Forms Of Expression People Feel At Ease Showing In Public

KANAYA: Pale Relationships Are Really Different I Think

KANAYA: What About The Other Kind

KANAYA: Seems To Me You Have Not Been Involved In Any So Im Not Sure You Really Understand

VRISKA: I just don't have time for anything like that in my life right now!

VRISKA: Red and 8lack rel8tionships are so a8sor8ing. I have a strong pale rel8tionship which is very important to me, 8ut that's a8out all I can handle.

VRISKA: May8e l8ter on when the dust settles from this crazy adventure, I'll consider it. 8ut for now, this is all I can deal with.

VRISKA: I just have too many irons in the fire, you know?

KANAYA: I Know All About The Irons

KANAYA: I Have Heard Rumors Of This Alleged Fire As Well

VRISKA: So what are they talking about?

KANAYA: What

VRISKA: All your buddies over there!

VRISKA: We were still talking about that. It's ridiculous how easily we all get sidetracked by romantic blither.

KANAYA: Oh

KANAYA: "Family" Stuff Mainly

VRISKA: It's pretty fascinating. Sociologically speaking, I mean.

VRISKA: Their idea of families.

VRISKA: The idea of siblings is strange enough. People who are genetically similar and grow up together.

VRISKA: Spending all that time with Dave and Rose, you started getting a sense for it. Like, the logic of it, how it must have shaped Earth society. But also its inherent ridiculousness.

VRISKA: Sharing a residence with your near-clone while growing up? So preposterous.

VRISKA: But then you add the idea of parents, and suddenly it's complete madness.

VRISKA: Our society was so individualistic, and that all seemed so normal and reasonable.

VRISKA: So I look over there, and see two Lalondes and a Strider, and there's a whole OTHER Strider on the way, and...

VRISKA: A human family starts striking me as not so much a social unit, so much as like, an INFESTATION.

KANAYA: Yeah

KANAYA: Well

KANAYA: I Will Say An Entire Other Strider Does Sound Like A Bit Much

KANAYA: On Top Of What Is Already Quite A Spectacle

KANAYA: Maybe We Just Dont Get It

VRISKA: Of course we don't. That's my point.

VRISKA: I mean, we have ancestors, but under normal circumstances it's pretty much UNHEARD of to imagine you'd ever get the chance to meet them.

VRISKA: We had the unusual privilege of meeting most of ours, or at least, certain versions of them.

VRISKA: But that's still just a one-person lineage. It's really simple and comprehensible.

VRISKA: Human lineage is just a huge clusterfuck if you ask me.

KANAYA: There Is A Certain Advantage To It Though

KANAYA: Their Decentralized Propagation Makes It A Lot More Likely Their Race Will Persist

KANAYA: The Same Cannot Be Said For Ours

KANAYA: I Still Often Wonder If We Are The Last Of Our Kind

VRISKA: You're still doubtful about whether you can hatch a new mother grub?

KANAYA: Yeah

KANAYA: More Than Doubtful I'd Say

VRISKA: You shouldn't lose faith!

VRISKA: I'm not even the slightest bit worried about whether you can do it.

VRISKA: When you get the chance, just brainstorm about it with the Lalondes. They tend to be full of ideas.

VRISKA: Anyway, try not to get down about it. I have a good feeling. : : : :)

KARKAT: GET DOWN ABOUT WHAT

KANAYA: A Particular Obligation I Have Yet To Fulfill

KANAYA: I Sense She Possesses Some Intelligence On The Matter She Wishes To Be Cagey About So I Guess That Part Of The Conversation Has Been Concluded

KARKAT: OBLIGATION?

KARKAT: VRISKA, HAVE YOU BEEN DISHING MORE DIRT ON OUR STRATEGY BEFORE FORMALLY BRINGING OUR MEETING BACK TO ORDER?

KARKAT: PRETTY SLOPPY LEADERSHIP MOVE, IF YOU ASK ME.

VRISKA: Karkat, it had NOTHING to do with your and Kanaya's upcoming roles in this campaign.

VRISKA: It was a more priv8 matter pertaining to Kanaya's 8broader significance to the future of our people.

VRISKA: I will 8e very clearly spelling out the roles you and she will 8e playing momentarily.

KARKAT: ME AND SHE??

KARKAT: AS IN LIKE, TOGETHER?

KARKAT: WHAT THE FUCK ARE WE SUPPOSED TO BE DOING TOGETHER.

VRISKA: You'll find out.

KARKAT: GREAT! I'M SO GLAD.

KARKAT: AT THIS POINT, I ONLY EVER FEEL ANGST OR EVEN THE SLIGHTEST SENSE OF AGITATION IN MY SOUL TO THE PRECISE EXTENT THAT I WORRY VRISKA

\*MIGHT\* NOT HAVE ALL OF OUR FORTUNES COMPLETELY MAPPED OUT ALREADY.

KARKAT: I'M BEGINNING TO HYPERVENTILATE SLIGHTLY LESS JUST THINKING ABOUT IT!!!

VRISKA: Good to hear, Karkat. Almost as cool as it is to see you yelled yourself out with John and Dave already, and have decided to come clock in some yelling time with us.

VRISKA: Your a8ility to dig deep down and find a second wind is really quite astonishing. I shudder to think what would happen to this party if we ran out of its most precious natural resource.

KARKAT: HAHAHA!

KARKAT: BURNED. OWNED. DEVASTATED. WHAT MORE IS THERE TO SAY?

KARKAT: NOTHING REALLY, UNLESS YOU WANT WHATEVER PITIFUL TATTERS OF YOUR SELF IMAGE YOU HAVE LEFT TO GET POWER-PISSED ON BY GODQUEEN SERKET HERSELF, YET AGAIN.

KARKAT: EITHER THAT, OR ONE COULD RUMINATE FONDLY OVER THE HEAVENLY RET-FORKED REALITY WHEREIN SHE WAS STABBED IN THE BACK BY HER MOIRAIL, AND WE ALL GOT TO LIVE OUT THE \*FUCKING BLISS\* THAT TIMELINE MUST HAVE BEEN.

KARKAT: JUST THINK OF THE PEACE AND QUIET WE WOULD HAVE HAD ON THE METEOR! IT WAS PROBABLY \*MORE\* THAN WORTH THE PRICE OF CANNON BALLING ASS FIRST INTO SOME SORT OF MASSACRE TRAP.

KARKAT: VRISKA SERKET, MAKING THE LIVING ENVY THE HYPOTHETICAL DEAD SINCE... WHENEVER IT WAS SHE STARTED DOING THAT!

VRISKA: Way to stick the landing on that 8ar8, genius.

VRISKA: I appreci8te that you are just "moseying over" to ar8itrarily drum up some utterly meaningless contention 8etween us, 8ut it's like I've said 8efore many times, Karkat. I'm not interested!

KARKAT: OUCH! SLAUGHTERED AGAIN. "HEHEHE!"

KARKAT: DON'T LISTEN TO HER, KANAYA. IT'S LIKE THIS RUNNING GAG SHE DOES ALL THE TIME, TO OWN ME.

KANAYA: What

KARKAT: IT'S THIS FUNNY THING WE DO. OR MAINLY, SHE DOES.

KARKAT: ALWAYS IMPLYING THAT I'VE BEEN SPADES-CRUSHING ON HER, AND GETTING SHUT DOWN. IT NEVER STOPS BEING HILARIOUS!

KANAYA: ...

KARKAT: FIRST OF ALL, AS IF SHE CAN PROVE ANYTHING.

KARKAT: SECOND, IF WE'RE BEING \*TOTALLY FAIR\* HERE, MORE THAN A FEW OF HER SNAPPY COMEBACKS ARE ARGUABLY MORE TINGED WITH THAT SORT OF EYEBROW-COCKING HOSTILITY THAN ANYTHING \*I'VE\* EVER SAID TO HER.

KARKAT: MAYBE MAKES ONE A LITTLE SUSPICIOUS, NO? THAT MAYBE THERE'S SOME PROJECTION GOING ON HERE. JUST SAYING!!!

VRISKA: Alright Karkat, I'm going to leave you here to dig yourself into whatever embarrassing hole you seem intent on digging.

VRISKA: I'm going to keep working the crowd a bit. As you know, a leader's job is never done! See ya.

dialoglogKARKAT: BYE! MAYBE TRY ACTING A LITTLE MORE GRACIOUS IN DEFEAT NEXT TIME.

KARKAT: JUST A LITTLE ADVICE FROM ONE LEADER TO ANOTHER!

KANAYA: Shes Gone I Think You Needed To Come Up With That Comeback A Little Faster

KARKAT: YEAH

KARKAT: DAMN

KANAYA: I Think As A Friend It Would Behoove Me To Um

KANAYA: Confide Somewhat

KANAYA: About The Realities Of Pursuing Anything With Her

KARKAT: WAIT

KARKAT: WHAT??

KARKAT: KANAYA, YOU WEREN'T TAKING THAT PATHETIC JOKEY UNREQUITED BLACKROM STUFF SERIOUSLY, WERE YOU???

KANAYA: Lets Imagine That My Attitude Toward The Joking Or Non Joking Status Of That Is Perfectly Neutral

KANAYA: While I Just Say These Things

KANAYA: Aside From The Fact That She Literally Just Got Finished Telling Me She Wasnt Interested In Any Non Pale Relationships

KANAYA: I Think That Would Be A Blind Alley Regardless

KANAYA: I Admit This From Experience

KANAYA: And Not Without Chagrined Hesitation

KANAYA: But Only Frustration And Heartbreak Are Down That Road

KARKAT: OH??

KANAYA: Shes Turned Out To Be A Tremendous Partner In Pale Relationships

KANAYA: Maybe Even Um

KANAYA: A Bit Freakishly So?

KANAYA: But Anything Stronger Than That I Think Would Probably Be Disastrous

KANAYA: She Is Way Too Focused And Self Absorbed To Maintain Such Strong Feelings For Long

KANAYA: She Would Need To Learn To Let Go Of Some Of Her Ambition And Figure Out How To Prioritize The Feelings Of Other People  
KANAYA: She Might Even Figure Out How To Be  
KANAYA: Happy  
KANAYA: \*Shudder\*  
KARKAT: YEAH, WOW  
KARKAT: A CHILL JUST RAN UP MY POSTURE POLE, TRYING TO IMAGINE THAT.  
KARKAT: YOU KNOW...  
KARKAT: I DON'T KNOW IF I'VE EVER TOLD YOU.  
KARKAT: BUT YOU HAVE A REALLY IMPRESSIVE GRASP OVER ROMANTIC ANALYSIS.  
KANAYA: Well I Have Read A Lot Of Novels Too  
KANAYA: I Just Dont Brag Much About It  
KANAYA: Because It Would...  
KANAYA: Literally Be Preposterous To Do So  
KARKAT: WE SHOULD BE JAMMING ON THIS SUBJECT MORE. MAYBE EXPLORE SOME OF MY MORE ADVANCED THEORIES.  
KARKAT: WE'RE SURROUNDED BY AMATEURS IN THIS FIELD, SO IT GETS A BIT FRUSTRATING.  
KARKAT: WELL, THE MAYOR'S A GOOD SOUNDING BOARD AT LEAST. WHEN I WANT TO BOUNCE SOME OF MY MORE "OUT THERE" IDEAS OFF SOMEONE.  
KANAYA: Why Dont We Schedule An Academic Conference Some Time  
KANAYA: Just You Me And The Mayor  
KARKAT: OH FUCK YES!!!!!!!!!!!!!!

dialoglogDAVE: hey am i interrupting anything

VRISKA: Hey, Dave. No, Arquius and I were just exchanging some notes before I bring the meeting to order again.

DAVE: ok i just thought i would

DAVE: saunter over here

DAVE: things are getting pretty lalonde heavy over there

VRISKA: It really is an awful lot of fucking Lalondes, isn't it.

DAVE: two was ok or actually cool even but this

DAVE: yeah

DAVE: time to see whats up over here

DAVE: how is it going there broquiusprite

ARQUIUSPRITE: shaDes --> Nearly finished radically downgrading crocker here

ARQUIUSPRITE: shaDes --> I then plan on mourning the complete restoration of her woeful inferiority with a moment of silent, subtle fle%ing

DAVE: ok that was some weird stuff to say

DAVE: but cool

DAVE: soooo

DAVE: you are

DAVE: some sort of freak right

ARQUIUSPRITE: shaDes --> Yes

DAVE: ok good to know

DAVE: its like

DAVE: talking to someone who is half my bro...

DAVE: but then not even really?

DAVE: the bro half is half AI or something??

DAVE: so maybe one quarter bro

DAVE: but then maybe even less because like alt-universe considerations and also part sprite

ARQUIUSPRITE: shaDes --> I am notorious for being f-----g sensational at mathemati%, but I don't think I could break it down for you without lying about the precision of my figures

ARQUIUSPRITE: shaDes --> Which is a practice I am by no means above, mind you

DAVE: yeah the bottom line is i can tell youre just a really watered down version

DAVE: or maybe

DAVE: sweated down

DAVE: why the fuck are you so sweaty

ARQUIUSPRITE: shaDes --> I'm not

ARQUIUSPRITE: shaDes --> I toweled off less than a minute ago

DAVE: oh god

ARQUIUSPRITE: shaDes --> Sir Dave, there's much we could talk about, en route to wa%ing HARD sentimental about our dubiously shared fraternal past

ARQUIUSPRITE: shaDes --> The fact that I will not shouldn't be mistaken for preoccupation with this delicate cybertask, which is trivial to me since my mind is a faultless silicon mesh of living algorithmic perfe%ion

ARQUIUSPRITE: shaDes --> Neighther should it be ascribed to the fact that my troll hemidentity finds the notion of a reunion with you to be boring as a fiddling fruit

ARQUIUSPRITE: shaDes --> It is manely that such a bonding e%perience strikes me as an endeavor falling outside my totally ripped and kicktuchus purview

ARQUIUSPRITE: shaDes --> Brothertimes with Real Dave would best be left to the custody of Real Dirk, not to mention someone who gives at least greater than half a stupid shoot about you

VRISKA: (Swoon.)

DAVE: you know

DAVE: im kinda glad you sound this insane and for the most part barely understandable

DAVE: it makes it extra obvious you arent my legit bro

DAVE: which means i can actually talk to you while only being like vaguely confused and unsettled instead of curling up into a ball and having some sort of social conniption

DAVE: speaking of which

DAVE: uh

DAVE: when is he supposed to get here btw

VRISKA: Relax, Dave.

VRISKA: He's scheduled to arrive around the same time as all the other 8ad guys.

VRISKA: You still have time.

VRISKA: I could have expedited his arrival, 8ut I knew that meeting him was going to 8e a 8ig deal for you, so I decided to let you have some space while we made some plans.

VRISKA: See? I'm always thinking a8out what's good for you guys, and what's 8est for the overall

strategy.

VRISKA: Keeping everyone in high spirits is important!

DAVE: what do you mean

DAVE: 'expedited'

VRISKA: Never mind that.

VRISKA: Just chill out!

DAVE: alright

DAVE: so as long as im supposedly chillin and in no way wondering about my bro

DAVE: are you SURE there are no beverages in that fridge

DAVE: no aj or

ARQUIUSPRITE: shaDes --> It's a blind alley, brother dawg

ARQUIUSPRITE: shaDes --> I already asked if she had milk in there once, plus another nine redundant times after that

ARQUIUSPRITE: shaDes --> I also asked if she would like to touch my muscles

ARQUIUSPRITE: shaDes --> The answers were ten no's and one yes

ARQUIUSPRITE: shaDes --> That reminds me dave

ARQUIUSPRITE: shaDes --> Would you like to touch my muscles?

DAVE: maybe later

DAVE: so youre sure theres nothin to drink in there

VRISKA: Yes, Dave.

DAVE: dunno why im so insistent

DAVE: not like my fridge ever had anything comestible inside

DAVE: why the fuck did you even bring it

VRISKA: Don't worry about it.

DAVE: oh come on

TEREZI: G4MZ33'S 1N TH3R3

GAMZEE: HONK

DAVE: oh right

DAVE: somehow i forgot that we literally just established that you had gamzee locked in there for some reason

TEREZI: >:\

DAVE: he could suffocate in there

TEREZI: H3'LL JUST R3V1V3

TEREZI: GOD T13R STYL3, R1GHT?

DAVE: hes not a fuckin god tier

DAVE: hes faking it he just made that fuckin suit from scratch or something

DAVE: i know hes complete trash but maybe we should just let him out

DAVE: whats the harm its not like he can cause much trouble

DAVE: we all way outnumber him and have way more powers and shit

TEREZI: UM...

VRISKA: No.

**[A6A6I5] =====>**

**10/05/15**

dialoglogVRISKA: Oh, wow. No.

VRISKA: We will not ever 8e hearing from him again. No.

VRISKA: Never, never, never again. Never.

VRISKA: Wow.

**[A6A6I5] =====>**

**10/05/15**

dialoglogDAVE: so youre just gonna let him suffocate in there then

VRISKA: Dave, give me a little more credit than that.

VRISKA: Gamzee is supposedly relevant to some stuff that's going to happen in the new universe.

VRISKA: He's still got some "plot armor" or some shit.

VRISKA: So when Earth is resitu8ted, I'm just going to drop the fridge in the fucking ocean or something, and let him find his own way out.

DAVE: ok thats fair

DAVE: i mean

DAVE: firm

DAVE: but fair

DAVE: well maybe not that fair but i guess i dont care

DAVE: so is johns hot mom awake yet?

ARQUIUSPRITE: shaDes --> No

DAVE: i mean

DAVE: not hot mom

DAVE: just mom

DAVE: damn

DAVE: did anyone hear that

TEREZI: Y3S

DAVE: shit

DAVE: lets reboot all trains of thought starting now

DAVE: how much longer til his hot moms awake

DAVE: mom

DAVE: i mean his

DAVE: not mine

DAVE: his mom not my hot mom

DAVE: my mom i mean

DAVE: fucking hell

DAVE: not my mom his

DAVE: johns hot mom

DAVE: JESUS

VRISKA: Sigh.

VRISKA: The Strider Express is off the rails again, so I'm going to duck out of this convers8tion.

VRISKA: See you every8body.

DAVE: no vriska dont go

DAVE: at least do me the solid of letting me land squarely on some phrases that allow some plausible deniability over whether i think johns mom is super fucking hot

DAVE: shit wait

DAVE: pretend i didnt say that while still rendering its meaning in your mind somehow

DAVE: vriskas gone im not even talking to anyone

TEREZI: D4V3

DAVE: we ran an experiment and spent the rest of our lives finding out what happened if we never told him

ROSE: Is Dave saying inappropriate things about John's mother over there?

DAVE: no!

DAVE: im not saying anything

DAVE: just standard casual observations from a regular bystanding person

dialoglogJOHN: hey!

JOHN: mr. jake harley i presume?

JAKE: No...?

JAKE: Its english actually.

JAKE: Twas my grandmas surname.

JOHN: oh. my mistake!

JOHN: so then, is it just a coincidence that she had the same name as an invincible super villain?

JOHN: are coincidences even real??

JAKE: I dunno.

JAKE: The history is a little murky to me.

JAKE: I heard she took the name from a nasty fellow to spite a wicked baroness.

JOHN: ok.

JOHN: good to know!

JOHN: it's been interesting to learn how even though we are all pretty similar, we all had a lot of really different life details.

JAKE: I guess so.

JOHN: like, there are all these things i take for granted about jade's childhood, which in theory is similar to yours.

JOHN: but not really... she had a super powerful dog you didn't have. and also a grandpa you couldn't have had, because... that was grown up you!

JOHN: i'd be really curious to hear about all the differences in your life some time, if you don't mind.

JAKE: Sure.

JOHN: hell, i'd be REALLY curious to hear about the differences in my alt-life, so to speak.

JOHN: but jane is asleep!

JOHN: i'm guessing she grew up in a similar situation i did, but with... a bunch of differences???

JOHN: guess i'll just have to wait!

JAKE: Well...

JAKE: She was a good friend.

JAKE: I know lots of stuff about her life.

JAKE: What do you want to know?

JOHN: oh! hmm.

JOHN: let's see.

JOHN: so i was her grandpa, instead of her being my nanna?

JOHN: i'm not sure if that statement made sense, but you know what i mean.

JAKE: Yeah she had a poppop.

JAKE: He was a really funny and beloved old time comedian so i guess that is the guy you grew up to be.

JOHN: cool!

JOHN: i never knew my nanna growing up, except as an urn of ashes above the fireplace.

JOHN: i only met her as a sprite.

JOHN: was i dead? or... was he?

JAKE: Yep but he wasnt ashes they had a different way of preserving him which i think was arguably more dignified.

JOHN: how?

JAKE: Have you seen weekend at bernies?

JOHN: no.

JOHN: i've heard of it though!

JAKE: Oh man you HAVE to see it!

JAKE: Its about a couple of knuckleheads who parade around with a funny corpse trying to pass him off as a living friend and good time charlie over a series of escapades.

JOHN: sounds incredible.

JAKE: I still have it if you want to see it some time.

JOHN: definitely!

JOHN: so you like movies?

JAKE: DO i????

JOHN: haha, i love movies too.

JOHN: there are a whole bunch i'd want to show you, assuming you haven't seen them already.

JOHN: i love talking about them with people! i think my friends usually just humored me about the movies i liked, but i have a feeling you'd really dig them!

JAKE: Oh i GUARANTEE you i would.

JOHN: awesome, i can't wait to show you some.

JOHN: so... that means jane had an old man corpse version of me around somewhere? like in her house?

JAKE: Yes.

JOHN: ok, that sounds pretty preposterous to me...

JOHN: but i guess she must have grown up thinking it was normal.

JAKE: Not... really. She was always pretty put off by it to be honest.

JOHN: heheh. poor jane.

JOHN: i'll have to apologize to her for freaking her out from beyond the grave.

JOHN: what was her life like otherwise?

JAKE: Pretty typical id say.

JAKE: She always characterized it as boring.

JAKE: But i never agreed really she got to live on the main land with access to all kinds of things i didnt have.

JAKE: Plus she lived with a cool and manly father who cared about her a lot and seemed like a standup gent.

JOHN: oh, she lived with her dad too?

JOHN: do you know anything about him?

JAKE: Not much other than what i just said and a few things she told me.

JAKE: I think he was stern and fatherly and dressed well if memory serves he was a private detective at one point.

JOHN: a private detective???

JOHN: wow.

JOHN: it sounds like he must have been a completely different kind of dad from the one i had.  
JOHN: all these differences are so interesting... some are subtle, but some are drastic, like this one apparently is.  
JOHN: it would be neat to meet him.  
JOHN: i mean, not that it would be much of a substitute for getting to see my dad again, since they're totally different people, but...  
JOHN: you know what i mean.  
JOHN: do you know what happened to him?  
JAKE: Im not sure i kinda lost track of him for a while...  
JAKE: I think he might be in jail?  
JOHN: jail??  
JAKE: Yeah on derse.  
JAKE: I THINK. I could be wrong though.  
JOHN: i'll make a mental note to check on him some time soon.  
JOHN: i bet jane would want to too, when she wakes up. i'll ask her about it.  
JAKE: Good idea!

**[A6A6I5] =====>**

**11/05/15**

dialoglogJOHN: you know jake, at first you seemed pretty shy...  
JOHN: but you don't really seem that way at all now?  
JOHN: you just strike me as a nice regular dude who likes movies and stuff.  
JOHN: i'm glad we are getting a chance to talk!  
JAKE: Yeah me too!  
JAKE: Ive been feeling way out of sorts since i got sprung from the big house and dragged along to this here frog stage to suddenly bump gums with WAY too many people...  
JAKE: But you are really good company john and you know how to make a guy feel at ease.  
JOHN: heh, yeah, it is a lot of people.  
JOHN: i'm having trouble keeping track of everyone myself!  
JAKE: They all seem like decent folk and all but...  
JAKE: I guess everyones catching me at a bad time.  
JAKE: This wasnt how i pictured things going at all.  
JOHN: how were you picturing it?  
JAKE: Naively i suppose.  
JAKE: Its not that i was expecting differently of anyone else...  
JAKE: More that i had spurious visions of my own conduct.  
JAKE: Remember the letter i sent you?  
JOHN: yes.  
JAKE: All the excitement and swagger you heard from me in those words...  
JAKE: Thats the man i thought id be when you met me.  
JAKE: A man of action and gumption... hell when i wrote that i thought by now maybe people would even have come to see me as a leader!  
JAKE: What a laugh.  
JAKE: I turned out to be such a disappointment to myself and everyone else.  
JAKE: The bravado in that letter was fake ive realized lately.  
JAKE: Ive realized a lot of things.

JAKE: That i could never be a leader or a people person or probably ever have a quality relationship with someone.

JAKE: So its hard to get up a lot of moxie for a big moment like this even though im as excited about it as everyone else.

JAKE: Tavrosprite already tried cheering me up and hes nice but i dont think it worked.

JAKE: Like by saying maybe all that stuff ISNT true and maybe im actually really great in all the ways i dont think i am?

JAKE: Its a nice thought but also it weirdly just doesnt make me feel any better.

JAKE: John you seem like the kind of guy who likes trying to cheer up a pal so i guess...

JAKE: I guess just so you know someone already tried telling me i was wrong and it didnt work.

JOHN: i don't think you're wrong though!

JOHN: well, i don't know.

JOHN: we just met! what could i know about you other than what you tell me?

JOHN: i believe you about all that.

JOHN: really, it just sounds to me like you are going through a lot of changes.

JOHN: changes are good!

JOHN: especially if you understand that's what's happening to you.

JOHN: i think that's how we grow and stuff.

JOHN: i think i've changed in a lot of ways.

JOHN: some ways that weren't easy.

JAKE: Yeah?

JOHN: sure!

JOHN: so you're realizing you like being by yourself, it sounds like.

JOHN: big deal!

JOHN: i like being alone a lot of times too. it helps me think.

JOHN: if that's who you are, there's nothing wrong with that.

JOHN: jade's grandpa liked being by himself too.

JOHN: so much so, that he moved to an island as far away from civilization as possible.

JOHN: but he still did adventurous stuff and was super successful and also raised a cool grand daughter, who was actually his daughter, and i guess also yours.

JAKE: Huh.

JAKE: Yes i guess youre right.

JOHN: and if nothing else...

JOHN: at least you have a cool costume.

JAKE: You...

JAKE: You really like it?

JOHN: hell yes!

JAKE: Wow thanks.

JAKE: Sometimes i worry that i might look a little silly.

JAKE: And feel kind of... exposed maybe?

JAKE: Like im on sexy display or such and people dont see me as a person.

JOHN: i wouldn't worry about that.

JOHN: i love the god tier pajamas, and yours are badass.

JOHN: you look like a super hero!

JAKE: Really???

JOHN: yes.

JOHN: well...

JOHN: maybe a plucky side kick, at LEAST.

JAKE: Heheheheh.

JOHN: side kicks are really under rated anyway.

JOHN: i think in some cases they might be the real stars.

JOHN: like, you know bat man?

JOHN: truth be told, i think he might just be some kind of gallivanting idiot.

JOHN: he's got all the money and skills in the world, and what does he do?

JOHN: he buys a fancy car to drive around in, then jumps out and starts punching crooks with his bare hands.

JOHN: then, when he gets horn swoggled by a wily clown with NO powers, and a LOT less money, who has to bail him out?

JOHN: his side kick of course.

JAKE: Yeah youre right!

JOHN: what is bat man even trying to prove? being all serious and "cool" looking.

JOHN: his side kick looks like he has a lot more fun, and smacks of confidence and self assurance, trotting around in his underpants.

JOHN: bat man probably doesn't even care much about stopping crime, it's more about walloping thugs and getting to feel cool.

JOHN: if he really cared about stopping bad guys, he'd probably use his fancy money to buy guns, and at LEAST show the criminals he's packing, to make them scared, if not surrender outright.

JOHN: i bet his side kick probably just has to wait for bat man to bungle things up with his stupid karate, and when he gets in trouble, the side kick just guns down all the crooks from a safe distance like a sensible person.

JAKE: Well i do love guns!!!

JAKE: ALSO fisticuffs.

JOHN: see? there you go.

JOHN: you're better than bat man already.

KARKAT: (WHISPER WHISPER WHISPER)

KARKAT: (WHISPER WHISPER)

JOHN: hold on...

JOHN: shh, listen.

JAKE: ...

KARKAT: (WHISPER WHISPER mayor)

KARKAT: (WHISPER WHISPER WHISPER can town?)

KARKAT: (WHISPER WHISPER but where? WHISPER WHISPER earth WHISPER)

KARKAT: (WHISPER WHISPER WHISPER to scale?? don't see how WHISPER WHISPER WHISPER)

KARKAT: (if you're really going WHISPER WHISPER WHISPER build WHISPER WHISPER)

JOHN: (ha ha.)

JOHN: (he's talking to the mayor again.)

JAKE: (so it seems.)

JAKE: (they really appear to have quite the rapport.)

JOHN: (i just love how he talks to the mayor.)

JOHN: (it's like he made up this whole language.)

JOHN: (of like minimal talking and hand gestures.)

JOHN: (it's so cute!)

KARKAT: \*AHEM\*

KARKAT: EGBERT, WHAT THE FUCK.

KARKAT: WERE YOU EAVESDROPPING?!

JOHN: no!

KARKAT: THIS IS A FUCKING PRIVATE CONVERSATION.

KARKAT: STOP BEING RUDE GARBAGE.

JOHN: i wasn't eavesdropping...

JOHN: you just happened to be like... right there.

JOHN: and you're a really loud whisperer!

KARKAT: OH!!! OK THEN! HERE, HAVE AN EXCESSIVELY \*QUIET\* (shut the fuck up)

JOHN: sorry!

JOHN: go back to your cute mayor conference.

JOHN: we'll mind our own business.

TAVROSPRITE: aCHOO!,

TAVROSPRITE: aaaCHOO!!!,

dialoglogVRISKA: Ok every8ody, time's up!!!!!!!!!!

VRISKA: Wrap up your convers8tions. Our tactical meeting is officially 8ack in order!

**[A6A6I5] ====>**

**12/05/15**

dialoglogVRISKA: Alright, has everyone shut up yet?

TEREZI: 1 TH1NK SO

VRISKA: Gr8!

VRISKA: Let's not waste another second then. I'm diving right into this.

VRISKA: Everyone pay close attention, and try to keep up!

VRISKA: I'll start 8y descri8ing the exact n8ture of the threats we're dealing with, and go from there.

**[A6A6I5] =====>**

**12/05/15**

dialoglogVRISKA: According to intelligence gathered during our trip along with some reconnaissance work on arrival, this session has four, possi8ly five major adversaries.

VRISKA: The Condesce of course, and three Jack Noirs of varying levels of danger.

VRISKA: Plus, there's a female prospitian of equivalent power to the strongest Jack. She's sort of an x-factor.

VRISKA: It's hard to accur8tely gauge her threat level, 8ut I'm not a8out to take any chances.

VRISKA: All these threats are just outside the incipisphere, en route to the session as we speak.

VRISKA: Once they arrive, all hell will 8reak loose. That's when endgame is officially go.

VRISKA: You only have a couple hours to prepare, so you need to listen to every word I say.

VRISKA: Victory will depend on following my plan to the letter!

**[A6A6I5] =====>**

**12/05/15**

dialoglogROXY: so.....

ROXY: wheres the condesce right now?

VRISKA: She's on Derse, preparing for the same critical convergence herself.

VRISKA: After our little prison raid caught her completely off guard, costing her some hostages and key points of leverage, we've essentially reached a temporary ceasefire 8y default while 8oth sides regroup.

VRISKA: This is not how she expected things would go.

VRISKA: We had the advantage of surprise that time, 8ut we won't 8e so lucky next time.

VRISKA: She's w8ting for the Jacks to get here just like we are.

VRISKA: Once they do, she'll instantly have the upper hand, and she knows this.

VRISKA: Her particular com8ination of a8ilities along with her supervillain-like cunning make her an EXTREMELY DANGEROUS part of this equation!

VRISKA: That's why we need a good strategy in place 8efore the shit hits the 8reeze 8lender.

DAVE: so in addition for waiting for way too many jacks to get here

DAVE: were also waiting for my bro too right

DAVE: who... gets here at the same time or...

VRISKA: Yes, the other Strider was 8anished to the periphery as well, and is in transit.

VRISKA: He'll arrive at the same time, give or take, and should 8e a gr8 tactical asset.

VRISKA: Sources tell me the dude is pretty good with a sword.

ARQUIUSPRITE: shaDes --> That's me

ARQUIUSPRITE: shaDes --> I'm the source

ARQUIUSPRITE: shaDes --> I told her that, and it's true

VRISKA: Yes, thank you Arquius.

KANAYA: This Is Starting To Sound A Bit Complicated

KANAYA: How Are We Supposed To Keep Track Of All These Villains And Heroes Coming And Going When And Where

VRISKA: You're right, Kanaya.

VRISKA: At this point in the meeting, I think we could use some diagrams to help with the Battleplans.

VRISKA: Karkat?

VRISKA: If you wouldn't mind.

**[A6A6I5] =====>**

**12/05/15**

dialoglogKARKAT: I STILL HAVE NO IDEA WHY YOU PUT ME ON DRAWING DUTY.

KARKAT: I'M EASILY THE WORST ARTIST HERE.

KARKAT: AND IN A SETTING THAT INCLUDES DAVE, LET'S GET REAL. THAT'S NO SMALL FEAT.

VRISKA: I specifically assigned you to diagramming duty so that it would keep you occupied.

VRISKA: That way, you'd stand a chance of keeping your mouth shut while I talk strategy.

KARKAT: THAT'S WORKED OUT GREAT SO FAR, HASN'T IT?

KARKAT: WE'VE LOST HOW MANY STRATEGY-SECONDS TO ME COMPLAINING ABOUT DRAWING ALREADY??

VRISKA: Sure, but I know that drawing requires a lot of concentr8tion from you.

VRISKA: Once you're in the zone, I expect you'll simmer down.

KARKAT: WOW, FUCK YOU!

KARKAT: YOU'RE PROBABLY RIGHT, BUT FUCK YOU NEVERTHELESS!

KARKAT: WHERE THE SHIT IS MY ART PENCIL. I HAVE SOME DRAWING TO DO.

| OTHER JACK    | JACK    |

dialoglogVRISKA: Let's run down the threat list, with a full de8riefing on each threat.

VRISKA: We'll start with the 8ig fish herself, the former empress of our world, Her Imperious Condensation.

VRISKA: The only reason we've 8een a8le to temporarily neutralize her stranglehold on this session is 8y taking two major pieces away from her, Harley and Crocker.

VRISKA: Rest assured, she's already scheming to reassert her dominance, and if it weren't for my intervention here, I'd 8et everything I had on the sea witch.

VRISKA: She's spent centuries upgrading her a8ilities which now include 8OTH kinds of telekinesis. The simpler variety more common to rust 8loods, and the nasty kind which sometimes yellow 8looded mutants have involving all the fucking eye lasers and shit.

VRISKA: If that weren't enough, she has a mix of telepathic a8ilities too, like mine, plus the animal

communion kind more typical of Brown bloods.

**TAVROSPRITE: LIKE ME!**

VRISKA: Yes Tavros, like you.

VRISKA: This means she can hijack animals AND trolls, assuming they aren't particularly resistant to influence, like me obviously.

VRISKA: Humans I'm guessing are still off limits to her influence, unless they've got some animal blood in them, which is what makes Jade such a dangerous element here.

VRISKA: One of the mission critical priorities is to make sure she stays asleep. If she ever wakes up, and the Condesce takes control again, that's probably game over for you guys.

VRISKA: Jade's first guardian abilities make her too much to deal with on top of everything else.

VRISKA: It's also possible that the Condesce may have some sway over the prositian and one of the Jacks because of their part-dog nature too.

VRISKA: It's hard to say what their level of resistance is, so I really can't be sure.

VRISKA: Strategically, it's best to err on the safe side though, and presume this could be an issue.

VRISKA: This is why taking on the Condesce has to be a HUGE PRIORITY!

VRISKA: Ideally, you should be trying to kill or disable her as quickly as possible.

VRISKA: But if that's easier said than done, then what you need to do is keep her OCCUPIED!

VRISKA: Throw everything you have at her. Whatever crazy powers you've got.

VRISKA: Just keep her busy!

VRISKA: Distracted enough by a bunch of pesky kids so she won't have time to get clever with her powers.

VRISKA: This is the best defense against the off-chance she might be able to sway the dog Jack and prositian, AND a failsafe in case Jade wakes up for whatever reason.

VRISKA: When it comes to killing her, I don't have much to advise.

VRISKA: There's no intel on her weaknesses or anything like that. In fact, I'd bet she doesn't have any.

VRISKA: Like any powerful endgame boss, you just have to keep hammering away at her until she's dead.

VRISKA: Nuff said!

**[A6A6I5] =====>**

**12/05/15**

dialoglogVRISKA: This brings us to the Jacks.

VRISKA: To differentiate, I'll give them nicknames.

VRISKA: There's Dog Jack, Lord Jack, and Rojo Jack.

VRISKA: Let's talk about them in order of threat level.

VRISKA: Karkat, I'm going to need another shitty drawing.

VRISKA: This time, of Dog Jack and his prositian counterpart, please.

**[A6A6I5] =====>**

**12/05/15**

dialoglogVRISKA: Ah yes. I see you are intent on being a wiggler about this, as we have all come to expect.

VRISKA: Whatever, I've been working within the confines of everyone's stupid limitations already, so I might as well work around yours as well.

**[A6A6I5] =====>**

**12/05/15**

dialoglogVRISKA: There, perfect.

VRISKA: Dog Jack is easily the most powerful adversary of the 8unch, in terms of pure physical capability.

VRISKA: The Condesce has the edge in guile and flexibility, and Lord Jack has a ton of offensive power too...

VRISKA: But there's nothing quite like the first guardian abilities to give someone an overwhelming tactical advantage.

VRISKA: The ability to teleport anywhere in the session any time, or ANYONE anywhere any time, while having access to an inexhaustible power supply from the green sun really makes it no contest, even against an otherwise awesome combatant.

VRISKA: If it were just him you had to deal with, I wouldn't like your odds, honestly.

VRISKA: But luckily for us, there's a major factor here which should mostly neutralize him during this huge melee, which is the prospect.

VRISKA: Power-wise, she's a precisely even match for him.

VRISKA: And better yet, she apparently can't stand the guy.

VRISKA: I still don't know what her real motives are, but you know what they say. Enemy of my enemy and all.

VRISKA: So I say let her have at him, and if the opportunity presents itself, help her defeat him.

VRISKA: I will also give this bit of advice.

VRISKA: If Jade ever wakes up, AND THE CONDESCESCE IS SUFFICIENTLY PREOCCUPIED, make sure Jade goes nowhere near the Condesce, and sic her on Dog Jack.

VRISKA: She's the only one here whose abilities are on par with his, so that's where they're best applied.

VRISKA: Got it? Good.

**[A6A6I5] =====>**

**12/05/15**

dialoglogVRISKA: Next, Lord Jack.

VRISKA: Karkat?

VRISKA: I think I can work with this.

| KISS MY<br>SHAME<br>GLOBES |
|----------------------------|

dialoglogVRISKA: Ah yes. Another true work of art has 8een made here today.

VRISKA: Anyway, this ugly customer you see here?

VRISKA: This is the Jack n8tive to the session we're in now.

VRISKA: Somehow he got possessed 8y, or like, INFUSED with...? Lord English's crazy, ridiculously destructive magical energy.

VRISKA: I have no idea why or how this happened, how it's theoretically even possi8le, or why we should actually care.

VRISKA: The fact of the matter is, it happened, and now we have to deal with this hideous rain8ow-eyed monstrosity.

VRISKA: Given what I have learned a8out Lord English's a8ilities, this will make his attacks quite lethal, and he will 8e EXTREMELY difficult to kill.

VRISKA: In fact, that fucking rain8ow energy might just give him the highest constitution ranking of any adversary, possi8ly making him the toughest one here to actually kill off.

VRISKA: The only reason he's not at Dog Tier threat level is 8ecause, for all his power, at least it's localized to wherever he happens to 8e.

VRISKA: He's a8out as slow as any of us lowly non-omnipotents.

VRISKA: He's not quite as relevant to keep occupied, or even to defeat, as the Condesce herself.

VRISKA: 8ut he's still going to 8e HUGE TROU8LE when he gets here.

VRISKA: You're going to need to stick some really good fighters on him.

VRISKA: My advice is also to SERIOUSLY prepare for casualties during that fight.

VRISKA: As the group's chief healer, Jane is going to need rapid access to the multiple fronts of this 8attle.

VRISKA: More on that l8ter.

**[A6A6I5] =====>**

**12/05/15**

**GAMZEE: HoN-**

dialoglogVRISKA: That 8rings us to Ro8o Jack.

VRISKA: He's the Jack origin8ting from our session.

VRISKA: Remem8er him, Karkat?

VRISKA: We hatched a plan with him to take down the 8lack queen. Seems like so long ago, doesn't it?

VRISKA: Now apparently he's got some cy8bernetic upgrades?

VRISKA: Who the fuck knows how that happened, or for that matter, why or how he's on his way here now.

VRISKA: My mind 8oggles trying to even picture the amount of stupid shit he's 8een through 8etween now and when we knew him.

VRISKA: Put this on the ever lengthening list of gar8age that doesn't matter and no8ody cares a8out.

VRISKA: The fact is, we have no idea what his affili8tions are at this point, 8ut like I'm always saying...

VRISKA: 8est to just plan for the worst, and assume this is just another scru8 we've gotta kill.

VRISKA: He's the lowest on the threat level, though his various enhancements and accessories may pose more of a challenge than we 8argained for.

VRISKA: He's also traveling with a juju known for its high storage capacity, so he's possi8ly packing company.

VRISKA: May8e a LOT of company...

VRISKA: I won't get into that now though.

VRISKA: You're going to need to reserve a squad for dealing with this guy and whoever he's 8rought along for the ride.

VRISKA: It's a lesser priority, so I'd recommend an ensem8le of third-stringers.

VRISKA: No offense to whoever those 8rave souls may 8e!

VRISKA: Every lamewad has their place in an epic 8attle, and everyone's effort counts.

VRISKA: Eg8ert-looking kid, I'm looking at you.

JAKE: !

VRISKA: Possi8ly you too, Tavros.

VRISKA: May8e.

TAVROSPRITE: ,!

**[A6A6I5] =====>**

**12/05/15**

dialoglogVRISKA: That covers the overall tactical situ8tion!

VRISKA: Gr8 jo8, Karkat.

VRISKA: Really, just an all around gr8, gr8 jo8. I mean that.

KARKAT: THANK YOU.

VRISKA: Now, listen...

VRISKA: We've got to keep these 8attles spread out across the session so you all don't start tripping on each other's toes, turning this into more of a clusterfuck than it already is.

VRISKA: That means you need to st8tion teams ready to intercept the Jacks wherever they're coming from.

VRISKA: You also need to launch your lightning-strike raid on the Condesce 8efore any of them get here.

VRISKA: As for your party's healer, like I said, she'll need to 8e highly mo8ile.

VRISKA: So what you'll need to do is lay out a network of key portals and transporters so she can make the rounds, and 8e in tight communic8tion with her.

VRISKA: One of you less relevant, more mo8ile folks should get on that now.

**[A6A6I5] =====>**

**12/05/15**

dialoglogVRISKA: See? Scatter window portals like these around the various 8attle sites.

ROXY: yo did you loot my house or something...

VRISKA: Please don't interrupt.

VRISKA: Transportalizers will work too, if you can get them all hooked up right.

VRISKA: This is definitely 8usywork, 8ut it's also really important. So we need someone competent in charge of this.

ROSESPRITE: I think I can handle that.

VRISKA: Yeah?

ROSESPRITE: Yes.

ROSESPRITE: I'm quite mobile in this new form.

ROSESPRITE: Also I think my abilities will help with forecasting the optimal network to lay out, along with helping Jane coordinate her routes during battle.

ROSESPRITE: Plus, I have to admit.

ROSESPRITE: I kind of relish the idea of being a "less relevant" party member.

ROSESPRITE: Particularly since I think it is inherently true now.

VRISKA: Ok, Rose... um. Rosesprite?

VRISKA: That's gr8. You can volunteer for that job if you want.

VRISKA: But let's not get ahead of ourselves!

VRISKA: We'll be divvying up the roles momentarily.

VRISKA: But, cool. We have you down for that. Again, it's critical.

VRISKA: The whole party will need to defend Crocker's life at all costs.

VRISKA: She CAN'T get sucked into any combat!!!

VRISKA: If she dies, you could all be fucked.

VRISKA: Be sure to fill her in on the logistics whenever Arquius has finished deprogramming her.

VRISKA: Everyone got it?

VRISKA: Awesome.

VRISKA: Since that pretty thoroughly covers the full tactical situation, we can move on to the real strategizing.

VRISKA: NOW we can assign combat roles. ::::)

**[A6A6I5] =====>**

**13/05/15**

dialoglogJOHN: vriska, wait.

VRISKA: ????????

JOHN: before you go on, i just wanted to say...

JOHN: i'm really impressed with your strategic analysis so far!

JOHN: you really seem to be all over this. i wouldn't even know where to begin figuring all this stuff out.

JOHN: anyway, i'm glad we have you back on our side!

VRISKA: Aww, thanks John!

JOHN: just thought i'd say!

JOHN: i didn't want you to go through all this stuff for us, thinking it was going unappreciated.

JOHN: anyway, please continue!

VRISKA: You got it!

VRISKA: Now it's time to divide everyone into teams.

VRISKA: Let's go down the list of foes again, and assign party members to each battle.

VRISKA: Once again, starting from the top...

**[A6A6I5] =====>**

**13/05/15**

dialoglogVRISKA: The Condesce.

VRISKA: We'll need a team to raid Derse again, but this time for all the marbles.

VRISKA: And remember, the raid has to start BEFORE the rest of the action, to keep her from getting the upper hand.

VRISKA: And the party has to be at LEAST good enough to if not defeat her, keep her busy for a long time.

VRISKA: So who wants a piece of the sea witch?

**[A6A6I5] =====>**

**13/05/15**

dialoglogROXY: ME ROSE: ME.

VRISKA: Alright, I've got two takers from the Lalonde camp.

VRISKA: We'll need more though. Who else?

JOHN: i'll go!

VRISKA: You sure, John?

JOHN: i think so.

JOHN: from what you said, it sounds like this is the most important battle.

JOHN: if we don't keep her busy, everything could get messed up.

JOHN: i think i'd be good at that! i can use all my windy powers for distractions and such.

VRISKA: Ok. You're with the Lalondes then.

VRISKA: Make it count!

KANAYA: I May As Well Go Too

KANAYA: It Would Be A Shame If The Party Defeating The Woman Who Terrorized Our Planet For Ages Had No Representation From Our Species

VRISKA: Shame or not, I'm afraid that won't work Kanaya.

KANAYA: Why Not

VRISKA: You can't join their party. Well, not yet at least.

VRISKA: There's another critical role which you specifically need to play first.

VRISKA: We can't risk losing you in battle until it's complete.

KANAYA: What Is It

VRISKA: I'll explain later! After the teams are set.

**[A6A6I5] =====>**

**13/05/15**

dialoglogVRISKA: Ok, let's say Team Condesce is good enough for now, with John, Rose and Roxy.

VRISKA: Next foe: Dog Jack.

VRISKA: Like I said, we're banking on the prospectian keeping him busy, so he's not an immediate battle priority.

VRISKA: We won't design a team for him right now.

VRISKA: BUT, as I mentioned, in the event Jade wakes up for some reason, she should be reserved exclusively for this fight.

VRISKA: That means someone needs to tell her, if not in person, then some other way.

VRISKA: Perhaps leave a reminder for her. Maybe tied to her finger or something. :;;)

VRISKA: Others can join the fight against him if need be, once their targets have been dealt with.

VRISKA: Until then, better to let the heavy hitters keep him in check.

**[A6A6I5] =====>**

**13/05/15**

dialoglogVRISKA: Next: Lord Jack.

VRISKA: Who wants dies on this guy?

DAVE: i guess thats me

**[A6A6I5] =====>**

**13/05/15**

dialoglogVRISKA: Ok, Dave.

DAVE: there are all these rumors swirling around that ive gotta beat LE anyway

DAVE: which is probably bogus but w/e

DAVE: killing this guy at least would be the next best thing right

DAVE: so maybe if i do that i could like

DAVE: put the "prophecy" to rest

VRISKA: That logic sounds reasonable to me.

VRISKA: For what it's worth, I never bought into the idea that you were supposed to be the one to kill English anyway.

VRISKA: So that's one down. Who else?

TEREZI: OK, WHY NOT

VRISKA: You sure, Terezi?

VRISKA: You're not immortal, remember. And this one's going to be tough.

TEREZI: YOU S41D W3 N33D GOOD F1GHT3RS TO GO 4T TH1S GUY

VRISKA: Anyone else?

TEREZI: WH4T 4BOUT D4V3'S BRO?

TEREZI: 1 H34RD H3'S SUPPOS3D TO B3 HOT SH1T

DAVE: um

DAVE: yeah sure

DAVE: thats fine if uh

DAVE: youre comfortable volunteering someone who isnt here for a deadly battle

DAVE: its cool if you want to do that

VRISKA: Dave, come on.

VRISKA: As if it's not extremely likely he'd seek you out upon getting here anyway.

VRISKA: Why don't we just pencil him into the team as "Pro8a8ly"?

DAVE: .....

VRISKA: Just be sure to debrief him on the whole situation when he gets here.

VRISKA: Think you can handle that, Dave?

VRISKA: Ok, gr8!

VRISKA: Which reminds me...

VRISKA: What about you, Arquius?

VRISKA: How do you want to fit into this?

ARQUIUSPRITE: shaDes --> I haven't decided yet

ARQUIUSPRITE: shaDes --> I'm going to crunch some more numbers in the vast combat matrix I just compiled now, in the microblink of a nanosecond, to deduce the optimal strategic appropriation of my assets (i.e. muscles)

ARQUIUSPRITE: shaDes --> Joining Real Dave in battle is semitempting, but I do not wish to horn in on Real Dirk's s--t

ARQUIUSPRITE: shaDes --> Instead I would prefer to blaze my own trail, with my own hooves

ARQUIUSPRITE: shaDes --> I always wanted to do something really important and heroic

ARQUIUSPRITE: shaDes --> I mean, aside from all the other stuff I have done like that, which is quite a lot

ARQUIUSPRITE: shaDes --> But something quite grandiose, and perfectly unmistakable as a gesture turning the tide of fortune for all of existence

ARQUIUSPRITE: shaDes --> This is what I have always desired

ARQUIUSPRITE: shaDes --> Well, that is to say, both halves of me once had such an ambivalent desire, which was compromised by our respective internalized conflicts

ARQUIUSPRITE: shaDes --> But together, that desire is fully realized. No longer ambivalent

ARQUIUSPRITE: shaDes --> Neigh, it is now fully bivalent. Perhaps even univalent

ARQUIUSPRITE: shaDes --> I would like my gesture to shock everyone

ARQUIUSPRITE: shaDes --> It must come from out of the blue, make virtually no sense, stun all involved, and have a lasting, profoundly unintelligible impact on all future and pseudofuture events

VRISKA:

ARQUIUSPRITE: shaDes --> Does this answer your question

VRISKA: Oh!

VRISKA: Sorry, I was just temporarily mesmerized by your incredible spiel.

VRISKA: Needless to say, I absolutely agree with your philosophy on heroic action and wanting to do something important.

VRISKA: In any case, you've earned the right to do whatever the fuck you want, just by dint of being awesome.

VRISKA: End of story!

VRISKA: Ok, next...

**[A6A6I5] =====>**

**13/05/15**

dialoglogVRISKA: We'll need to design a team for Ro8o Jack and his... entourage.

VRISKA: Alright, full disclosure. This is where things get kind of stupid.

VRISKA: Even talking about this guy and his crew is probably a waste of good tactical analysis.

VRISKA: But the fact is, he's going to be here, and you're going to have to deal with his bullshit.

VRISKA: I strongly recommend the dregs of your party get stuck with mop-up duty on this.

VRISKA: Really, I'm kind of laughing already. Oh man.

VRISKA: I really don't want to spoil too much fun for you guys, but.

VRISKA: No, I shouldn't.

JOHN: what?

VRISKA: Ok, intelligence reports I have gathered, namely through a bit of time hopping reconnaissance, suggests that Ro8o Jack may, I repeat MAY, be in transit with a bunch of green time traveling idiots in that oven.

VRISKA: Don't quote me on that.

VRISKA: Anyway, if true, none of these 8ozos are particularly powerful.

VRISKA: They'll mainly just be a nuisance.

VRISKA: So who wants to deal with them? Hmmmmmmmm?

VRISKA: Hey kid.

VRISKA: Kid!

VRISKA: Yes, I'm talking to you again.

VRISKA: God damn it, what was his name again?

VRISKA: Joke?

TAVROSPRITE: vRISKA, sTOP,

TAVROSPRITE: iT'S JAPE, aND YOU KNOW IT,

VRISKA: Listen, Joke.

VRISKA: Joke! Snap OUT of it! I'm talking to you.

JAKE: Oh sorry.

VRISKA: This is a strategy session, Joke. Please stay alert.

VRISKA: Now do you think you can handle 8eing on this team?

JAKE: Um...

VRISKA: Awesome. That's the spirit.

VRISKA: This assignment should 8e right up your alley, kid.

VRISKA: Who else?

TAVROSPRITE: mE, i'LL DO IT,

VRISKA: Thanks for volunteering Tavros.

VRISKA: This fight is pretty well suited to your skillset too.

VRISKA: And you can join Joke here to help him get ready, 8ut there's one thing I need you to do 8efore the 8attle starts.

TAVROSPRITE: oH, rEALLY,

TAVROSPRITE: wHAT,

VRISKA: I'll explain to you l8ter in priv8. 8ut it's critical, and something only you can do.

TAVROSPRITE: oHHH!

TAVROSPRITE: tHAT MAKES ME, tHE FUNNY FEELINGS COMBINATION, oF SKEPTICAL, nERVOUS, aND EXCITED,

VRISKA: Good!

VRISKA: That's exactly how you should 8e feeling a8out it, trust me.

VRISKA: So anyone else want to step forward??

KARKAT: ARE YOU FUCKING WITH ME NOW.

VRISKA: Come again?

KARKAT: WELL, LET'S SEE IF I'M TALLYING THIS UP RIGHT.

KARKAT: JOHN AND LALONDES ONE AND TWO ARE ON TEAM CONDESCEND.

KARKAT: THE STRIDER BROS AND PYROPE ARE ON THE LORD TEAM.

KARKAT: JADE, WHEN NOT ON NAP DUTY, IS ON THE DOG TEAM, EXCLUSIVELY.

KARKAT: THE MAYOR ISN'T DOING SHIT, BECAUSE I AM \*PERSONALLY\* SEEING TO IT THAT NOT A SINGLE POST-APOCALYPTIC TATTER ON HIS HEAD GETS HARMED.

KARKAT: CROCKER IS ON HEALING DETAIL, AND LALONDE THREE VOLUNTEERED TO SUPPORT THAT.

KARKAT: KANAYA HAS SOME VAGUE YET TO BE EXPLAINED MISSION TO DO, AND SO DOES TAVROS.

KARKAT: AND JOKE HERE JUST GOT SHUNTED OFF TO THE PEEWEE LEAGUE.

KARKAT: SO WHO THE FUCK IS EVEN LEFT, ASIDE FROM ME???

KARKAT: AND THE FUCKING CAT I GUESS.

KARKAT: ARE YOU SURE WE SHOULDN'T PICK A ROLE FOR ROSE'S FUCKING CAT LUSUS BEFORE MOVING ON TO THE \*ABSOLUTE\* BOTTOM OF THE BARREL, SOMETIMES REFERRED TO AS "THE VANTAS ZONE"?

VRISKA: Oh, gr8 point Karkat!

VRISKA: Hey there, kitty.

JASPERSPRITE: MEOW!!!!

VRISKA: What would you like to do?

JASPERSPRITE: I would like to eat some tuna fish and cuddle with either rose or roxy or both! :3

VRISKA: Awwwwwwww!

VRISKA: Ok, that can 8e your very important jo8. Don't let us down!

JASPERSPRITE: Purr purr purr. ;3

KARKAT: THANK GOD WE SORTED THAT OUT.

KARKAT: NOW THAT WE'VE ESTABLISHED THE KITTY CAT IS HEADING UP THE FISH EATING OPERATION, I THINK WE CAN SAFELY PROCEED TO THE RUNG OF STRATEGIC IMPORTANCE DIRECTLY BELOW THAT.

KARKAT: THE INFAMOUS "WHAT IS KARKAT GOING TO DO?" RUNG.

KARKAT: AND SINCE EVERYONE ELSE HAS A JOB, AND MY SKILLS ARE RELATIVELY UNIMPRESSIVE, I'LL HAVE TO SIGN UP FOR TEAM DIPSHIT TOO.

KARKAT: HELL, EVEN THE KID IN THE BANANA HAMMOCK IS A GOD TIER AT LEAST.

KARKAT: SO I GUESS THAT MEANS I'LL BE TAKING ORDERS FROM HIM? SURE WHY NOT!

KARKAT: SECOND IN COMMAND TO A THIRD RATE HERO. SOUNDS ABOUT RIGHT TO ME.

VRISKA: Karkat, yes, you're a8solutely right that you 8asically suck, and that as a tactical resource you should 8e managed accordingly.

VRISKA: 8ut you aren't joining Joke's team, or doing any fighting for that matter.

VRISKA: Like Kanaya, there's another more pressing matter reserved for you.

VRISKA: In fact, it's the same as hers!

KARKAT: WHAT THE FUCK?

KARKAT: WHEN WERE YOU PLANNING ON TELLING ME THIS!

VRISKA: Karkat, I already alluded to this when you waltzed over, interrupted my conversation with Kanaya, and pretended you weren't flirting with me.

VRISKA: Remem8er?

KARKAT: OH. RIGHT.

KARKAT: WELL?? WHAT'S THIS "PRESSING MATTER"?

VRISKA: I'm getting to that!

VRISKA: Very soon, in fact. I just needed to get the teams squared away first.

KARKAT: OK WELL...

KARKAT: ARE THEY?!

VRISKA: Looks like it!

KARKAT: SO THAT MEANS JOKE...

KARKAT: FUCK. \*JAKE\* I MEAN.

KARKAT: REALLY IS A ONE MAN TEAM, DESIGNATED FOR ROBO JACK AND HIS OVEN BOZOS???

VRISKA: Apparently.

VRISKA: You ok with that, kid?

JAKE: UM.....

VRISKA: You can do it.

VRISKA: Just 8elieve in yourself, or whatever the fuck.

VRISKA: When in doubt, just remind yourself that battle isn't even particularly important.

VRISKA: And help could be on the way once some of the other battles start coming to some sort of resolution.

VRISKA: Just hang in there!

JAKE: O... okay.

VRISKA: Excellent!

**14/05/15**

dialoglogVRISKA: That concludes the tactical planning part of this debriefing.

VRISKA: It's all perfectly logical, right?

VRISKA: No questions or anything? Cool.

VRISKA: Really, I shudder to think what you numbskulls would be doing if I weren't around, like John just implied with his nice remarks.

VRISKA: He really did you all the biggest fucking favor in the history of time shenanigans by clo88ering me in the face three years ago.

VRISKA: You should all make him a gift basket when this is over to show your gratitude.

VRISKA: No need to thank me of course. I'm just doing my job here. ::::)

VRISKA: Now!

VRISKA: Let's go over some really basic non-combat endgame stuff, then we'll be ready to 8r8k.

**[A6A6I5] =====>**

**14/05/15**

dialoglogVRISKA: First, about Kanaya and Karkat's "mission" I alluded to a minute ago. This is really important.

VRISKA: You both listening??

KANAYA: Yes

KARKAT: NO.

VRISKA: Ok, well one out of two isn't bad. As long as Kanaya understands, that's mainly what matters, since she's the more important part of this equation.

KARKAT: WOW, I'M FUCKING SHOCKED!

KARKAT: WHAT DO WE, OR, EXCUSE ME... WHAT DOES \*SHE\* HAVE TO DO?

VRISKA: You BOTH have to go to Jade's planet and see Echidna.

VRISKA: Even though this session is about as far from "normal" as it can possibly get, the same basic rules apply.

VRISKA: Someone needs to seek an audience with her, and get her to agree to release the genesis frog.

VRISKA: Or, the tadpole that grows up to become the frog, which is the stage of development he's in at this point.

VRISKA: Remember, Kanaya? You had to do this on your planet, to get our frog released into Skaia.

KANAYA: Yeah

KANAYA: She Asked Me To Do Something Impossible

KANAYA: To Which I Replied

KANAYA: That's Impossible

KANAYA: So She Ended Up Demanding That I Fight Her

KANAYA: So I Did

KANAYA: Which

KANAYA: Made Me Feel Sad

KANAYA: Id Rather Not Have To Do That Again

KANAYA: Will I Have To Do That Again

VRISKA: If that's what she wants, then yes.

KANAYA: Why Does It Have To Be Me Though

VRISKA: 8ecause SOMEONE has to!

VRISKA: Sources tell me this is the plan the Condesce had for you, 8efore we derailed all her shit.

KANAYA: You Keep Talking About All These Sources

KANAYA: Who Are All These Sources

KANAYA: Did Arquius Tell You This Too

VRISKA: No! Look, I've 8een 8usy, ok?

VRISKA: Inform8tion is everywhere if you know where to look.

VRISKA: Derse has a lot of agents on the inside who are wise to the old lady's plans.

VRISKA: Shaking the 8ushes for good intel isn't that complic8ted, it just takes a little effort!

VRISKA: Some people on this lily pad should may8e try looking into that some time.

KANAYA: If You Say So

VRISKA: Would you just can...

VRISKA: Would you just put a LID on it for a second, and listen?

VRISKA: Normally Jade would 8e the one to do this, 8ut at the time, Jade had 8ecome corrupted, so I guess Echidna wouldn't deal with her.

VRISKA: And now, Jade's asleep! Which is exactly how she needs to stay.

VRISKA: So that leaves the person Echidna requested in Jade's a8sence, which is you.

VRISKA: I am assuming 8ecause you were also a space player, so you'll 8e a8le to understand her gar8led nonsense language.

VRISKA: 8ut that's not all there is to it. She also requested you 8ring Karkat.

KARKAT: UGH.

KARKAT: WHY THE HELL WOULD SHE WANT TO SEE ME?

VRISKA: No idea!

VRISKA: Denizens are mysteeeeeeeeerious.

VRISKA: May8e she wants a knight along? Or a 8lood player?

VRISKA: Or may8e she just has a 8one to pick with you in particular.

VRISKA: You know, since you and Kanaya were 8oth involved in the frog 8reeding stuff in our session, and, let's face it.

VRISKA: You kind of messed that up! You were pretty hasty and reckless a8out it, and the result was a defective frog.

VRISKA: Sure, there's more to it than that. Like pro8lems with the human session that were totally interrel8ted with ours due to cyclical time gar8age, 8ut you get the point.

VRISKA: Echidna pro8a8ly doesn't take kindly to people who are cavalier with the sacred frog duties. That's kind of her domain, like, the propag8tion of existence and all that.

VRISKA: So may8e you've got some stuff to atone for 8efore she agrees to let another precious frog out of her divine custody?

KARKAT: YOU'RE DOING THIS ON PURPOSE, AREN'T YOU.

KARKAT: TRYING TO MAKE ME FEEL BAD ABOUT SOME ANCIENT HISTORY, SO I'LL BE NERVOUS ABOUT THIS ENCOUNTER.

KARKAT: WELL I'LL SPARE YOU THE TROUBLE. I'M ALREADY NERVOUS! I DON'T WANT TO GO PROSTRATE MYSELF BEFORE A BABBLING SNAKE GODDESS EVEN UNDER IDEAL CIRCUMSTANCES.

VRISKA: Karkat, relax.

VRISKA: I am guessing this will just be a sort of formality.

VRISKA: That's how things always struck me with her, like... getting the blessing from a queen, or some huge mythical matriarch before proceeding with some incredibly important event, or claiming a cosmic reward.

VRISKA: Or maybe you'll have to just kill her again? I don't see what difference it makes.

VRISKA: Really, who knows what her real purposes are? They're probably totally unfathomable.

VRISKA: Echidna is kind of a Big Deal Denizen. One of the real heavy hitters, like that other guy... the really strong one with the ridiculous name.

VRISKA: She might even be the biggest deal. She's the mother of all denizens. I mean, not in a literal sense. Like, I really doubt she physically spawned them all.

VRISKA: So if she wants you to do something, it's serious. And if you need to do something of massive cosmic significance, like release a frog that contains an entire universe in its belly, then by the same token, it has to go through her.

VRISKA: The other denizens are a bunch of petty grumbling riddle-merchants by comparison.

VRISKA: You should feel honored she even wants to see you.

KARKAT: HOW ARE WE EVEN SURE SHE HAS A FROG TO RELEASE??

KARKAT: WHO MADE THIS FROG? THE JOKERS FROM THIS SESSION?

KARKAT: I THOUGHT THEY SPENT MONTHS DOING NOTHING.

VRISKA: It's the same frog Jade made!

VRISKA: With Kanaya's help, remember?

VRISKA: Hell, you may have even been involved in that process too. I don't recall every single detail.

VRISKA: But it fell in the forge on Jade's planet back in the old session, and now Jade's planet is here.

VRISKA: Hence, the frog is here too. It's just been... let's say hibernating inside the planet for a few years.

VRISKA: Echidna kept it warm for us until we were ready. Which is now!

KARKAT: OK. YEAH, I REMEMBER NOW.

KARKAT: SO THE CONDESCENDENCE WAS GOING TO MAKE US DO THIS ORIGINALLY? WHY??

VRISKA: Because her goal was pretty much the same as ours!

VRISKA: To win this game and create a universe.

VRISKA: The battle taking place here isn't over WHETHER one will be created.

VRISKA: It's over who gets to control it when it's made.

VRISKA: Ideally, that should be us, rather than a genocidal fish dictator.

VRISKA: In fact, we don't want ANYONE to "control" it.

VRISKA: Nobody should control a universe. That's what bad guys try to do.

VRISKA: We just want it to be a nice place to live, and free of any controlling influence that will make life miserable for the people who live there.

VRISKA: Having an attitude about the Ultimate Reward that differs from that in any way was just ANOTHER thing we fucked up the first time around.

VRISKA: So let's just be clear on what we're fighting for here.

VRISKA: Got it?!

KARKAT: ...

KARKAT: YEAH

KARKAT: YOU'VE MADE YOUR POINT.

**[A6A6I5] =====>**

**14/05/15**

dialoglogVRISKA: Next item:

VRISKA: Earth!!!!!!!!!!

VRISKA: When you enter the new universe, you're going to need a planet to live on.

VRISKA: Why not just resettle the one you all grew up on?

VRISKA: The Condesce kind of fucked it up though.

VRISKA: In your scratched universe, she spent a few centuries getting it ready for a new troll "paradise".

VRISKA: She flooded the whole thing. So when you get there, you'll need to skip ahead to some time far in the future, when the oceans have receded.

VRISKA: Should be livable by then. Hell, it may even be a pretty nice place!

VRISKA: Here John. Take this.

VRISKA: When the battle is over, make sure you give it to Jade.

**[A6A6I5] =====>**

**14/05/15**

dialoglogJOHN: what is it?

VRISKA: It's Earth!

VRISKA: Remember how three years ago you told Terezi we needed your wallet, but you didn't have it?

VRISKA: Well in the time since, we talked about it a lot, and figured this was most likely the reason she told you to give it to us.

VRISKA: It wasn't a big deal, actually.

VRISKA: We spent some time deciphering the code for your wallet. It took a little while, and a few lucky guesses on the code digits, but we eventually got there.

VRISKA: Then I just used it to upgrade my much cooler 8 ball modus.

JOHN: you hacked my dad's wallet??

VRISKA: Sure. Like I said, we had some time on our hands.

VRISKA: It is after all just a fucking wallet. It's not like it's some legendary item he got on some mythical dad quest.

VRISKA: I mean, he did BUY the thing somewhere, right?

JOHN: um. yeah, i guess so.

JOHN: i dunno.

JOHN: i still think it's a pretty special thing.

VRISKA: Nope!

VRISKA: Sorry to be the bearer of bad news. It is literally... just a wallet.

VRISKA: Anyway.

VRISKA: Then, before I did the scouting work on this session, I rode the meteor through the g8, watched it crash on Earth, then just catalogued the whole damn thing and got out of there.

VRISKA: No sweat!

VRISKA: Presumably like Grimdark Jade was supposed to, if she wasn't asleep.

VRISKA: Again, it was a pretty good plan, she just never saw me coming.

VRISKA: Sorry Condy, if you want your waterlogged little globe back, you'll have to pry it from John's dead hands now.

JOHN: er.

JOHN: ...yeah.

**[A6A6I5] ====>**

**14/05/15**

dialoglogVRISKA: Those are the important things to remember.

VRISKA: But don't forget the basics.

VRISKA: Remember to finish building up your hives as far as they'll go.

VRISKA: Then deploy the grist rigs which will disperse your planets' hoards into Skaia, giving it the nutrients it needs to mature the frog.

VRISKA: This is Sgrub 101 stuff, but I guess it bears repeating since most of you have never actually made it this far.

VRISKA: When the hoards are empty and Skaia is ready, then all you have to do is make sure someone's in position to ignite the forge.

VRISKA: Then everyone rendezvous right back here on the lily pad to claim the Ultimate Reward.

VRISKA: Which is represented by the hive shape thingy with a door on it that leads to the new universe.

VRISKA: Any questions before we kick this into action?

**[A6A6I5] ====>**

**14/05/15**

dialoglogJOHN: yes, i have one.

JOHN: vriska, what's YOUR part in all this, aside from making all these air tight plans?

JOHN: you've been making it sound like you won't be here when all this happens!

VRISKA: Of course I won't.

VRISKA: I'll be off doing something much more important than all this.

VRISKA: I'm traveling to the furthest ring to go kill Lord English.

JOHN: WHAT??

JOHN: wow.

JOHN: isn't that going to be, uh...

JOHN: hard?

VRISKA: Of course it will be.

JOHN: are you sure you can even...

JOHN: DO that?

JOHN: like, by yourself, i mean.

VRISKA: John, I'm not an idiot. I won't be diving into this blindly.

VRISKA: See, somewhere out there in the incomprehensible causal-stew of the furthest ring, there was once a plan that was coming together to defeat him once and for all.

VRISKA: It involved a secret weapon, an army, and all sorts of other shenanigans.

JOHN: yeah, this...

JOHN: sounds weirdly familiar.

VRISKA: Oh, I'm sure it does.

VRISKA: But the point is, along the way, that plan stalled out.

VRISKA: It went nowhere 8ecause the party involved disintegr8ted and lost their way.  
VRISKA: So someone needs to light a fire under that shit again, and I don't see anyone else stepping forward.  
JOHN: how are you going to do that?  
VRISKA: Let me worry a8out that.  
VRISKA: You have your hands full enough as it is.

**[A6A6I5] =====>**

**14/05/15**

dialoglogJOHN: so, is...

JOHN: is that it?

JOHN: is that the end of this cool strategy jam, slash fun reunion?

VRISKA: That's it!!!!!!!

VRISKA: That's the whole situ8tion, my whole plan, and everything you need to do.

VRISKA: Good luck everyone!

TEREZI: \*HUM4N "GOLF" CL4P\*

VRISKA: Thanks, Pyrope!

KARKAT: ALRIGHT, SO WHAT NOW?

KARKAT: KANAYA, I GUESS WE HEAD TO, WHAT WAS IT?

KARKAT: LOJADE?

KARKAT: LIKE RIGHT NOW? SINCE I GUESS THE CLOCK IS TICKING.

KANAYA: Lofaf

KANAYA: And Yes

JOHN: right. and we're supposed to go after the condensce really soon, too. right?

ROSE: Condesce.

ROSE: And yes.

JOHN: but not like... RIGHT away? there are still a couple hours for us to prepare.

JOHN: which we should use! to come up with a fighting strategy.

ROXY: yeah!!!

JOHN: i wish jade and nanna could be awake for this.

JOHN: i really want to talk to them, and let them in on all the cool stuff we're about to do.

JOHN: i guess they have to stay asleep for a while, though. oh well.

JOHN: hey, jake!

JAKE: Huh?

JOHN: want to come make plans with us?

JOHN: we can help you figure out how to deal with robot jack, and whatever hooligans he is bringing!

JAKE: Oh!

JAKE: Yes.

VRISKA: 8ut your hangups regarding your ancestor are starting to 8order on pathetic.

KARKAT: HEY!

KARKAT: WHY DON'T YOU CAN IT.

VRISKA: Karkat, stay out of this.

KARKAT: NO, I WON'T.

KARKAT: NOT IF YOU ARE GOING TO START TRASHING PEOPLE WITH RESPECT TO THEIR SENSITIVE ISSUES IN A MANNER THAT IS \*WAY\* OVER THE LINE AS FAR AS THE BASIC GROUND RULES OF GOOD NATURED SHIT TALKING GOES, GROUND RULES ON WHICH I \*HAPPEN\* TO BE AN EXPERT.

KARKAT: EITHER MAKE SURE YOUR TRASH MOUTHED INVECTIVE IS CRITICALLY CONSTRUCTIVE, OR SHUT UP!

VRISKA: Who said I wasn't being constructive?!

VRISKA: God.

VRISKA: I cut him all the slack in the world on this, but I can see it isn't doing him, or any of us, any good at all.

VRISKA: I can see I'm going to have to expedite matters.

JANE: You look so...

JANE: Young.

JOHN: thanks!

JOHN: so do you.

JOHN: my nanna, who used to be ashes on my fireplace, regained her old womanly visage when i turned her into a sprite, and she helped me along the way.

JOHN: so nanna is a sprite! did you know that?

JANE: Um... no?

JOHN: i thought you should know that. she's probably around somewhere. i hope you can meet her.

JOHN: oh, also, i'm your son technically. did you know that??

JANE: Yes.

JANE: It is... a pretty strange fact!

JANE: But also pretty cool.

JOHN: yup!

ROXY: ooh jane thats my daughter there say hi to her!!!

JANE: Hi!

ROSE: Hi, John's hot mom.

ROSE: (Aw shit.)

JANE: Haha...?

ROXY: also thats umm ANOTHER version of rose who died and then i buried and a stupid cat unburied her for some reason and prototyped her

ROXY: so say hello to my cool floaty double daughter!

JANE: Hi, Roxy's hot double daughter.

ROSESPRITE: :D

ROSESPRITE: (Rose Prime, I believe you may have just been owned.)

ROSE: (God damn Dave's contagious-ass Freudian boners.)

JANE: Or impromptu troll-coma.

JANE: And for that matter, John, where are your other friends? Oh, Jade! Where is she? Is she still asleep?

ROXY: hey janey that is all like a lot of stuff to say and everything goin on here is faaairly complicated and heavily peopled

ROXY: dont worry ill ease you into comprehending shit again ;)

ROXY: well ok cliff notes are: jake fucked off somewhere and dirk recently fucked off BACK here through a window but he left again pretty quick...

ROXY: dave went with dirk at wherever their fucking off too now, i think to get ready for some swords fightin, and yeah jade is still asleep but a coupla trolls lugged her off somewhere safe for now

ROXY: the REST of the junk im still sorting out myself bcs like i said im new to this exact plane of

shenanigans

JANE: Yes, you mentioned that.

JANE: I still don't know what you meant by...

JANE: Wait!

JANE: You and John came from another reality, where everything went horribly, right?

ROXY: m-hmmm!

JANE: I just remembered. Really, it's been such a rollercoaster ride for my memory, since I fell asleep.

JANE: Your and John's travels were a critical part of the illustrated story we reconstructed through our memories with Callie.

ROXY: wat!

ROXY: you saw callie in your dreams????

JANE: I did!

ROXY: hoh man

ROXY: how is she!

ROXY: i saw her in a dream a little while ago and we talked about lots of stuff

ROXY: she looked like a troll then

JANE: Yes, her trollsona! She had hers on when I saw her.

JANE: And we had ours on too!

ROXY: :O FUCK

JANE: She seemed to be doing well.

JANE: Nervous, of course, since she was hiding. But we passed the time with our stories.

JANE: It was a lot of fun! I'm so happy I got to meet her.

JANE: I wonder if I'll ever get the chance again?

ROXY: wellll...

ROXY: now that u mention it

ROXY: it IS one of my chief objectives to go lookin for her asap

ROXY: aaand not to be THAT ROGUE n brag all heavy but i MAY be in better touch with my void powers now

ROXY: soo maybe i stand a p good chance of trackin her down?

ROXY: cus i GOT somethin for her

JANE: Ahem, so,

JANE: You mean a ring, then.

JOHN: yeah!

JOHN: oh man, that's a great idea roxy.

JOHN: you should try and give it to her as soon as you can!

JOHN: then maybe we can all meet her before we ramp up for this battle?

ROXY: hmm yeh!

ROXY: u think i can do it?

JOHN: sure!

ROSE: I like your chances too.

ROSESPRITE: Same!

JASPERSPRITE: Me too roxy! :3

ROSE: I also have some experience helping people along in the right direction, when it comes to navigating the abyss.

ROSE: Maybe I could assist?

ROXY: yeah maybe!

ROSESPRITE: I'm pretty sure I have experience performing literally the exact same task, in a slightly different context.

ROSESPRITE: So maybe I can double assist?

JOHN: see roxy? everyone thinks you should do it, because they all believe in you.

JANE: That's right!

ROXY: shucks fuckers .\_.

ROXY: yall killin me here <3

JASPERSPRITE: Meow im so happy!

CALLIOPE: in that case...

CALLIOPE: jade told me that yoU enjoy telling stories, like me.

CALLIOPE: is that trUe?

CALLIOPE: i used to.

CALLIOPE: long ago i would tell stories to myself, for the sake of amusement.

CALLIOPE: now i only tell them to others, when it serves a purpose.

CALLIOPE: is there a story you would like to hear?

CALLIOPE: hmm.

CALLIOPE: possibly?

CALLIOPE: there is so mUch to wonder.

CALLIOPE: why...

CALLIOPE: why are yoU here?

CALLIOPE: would you like to hear that story?

**[A6A6I5] =====>**

**01/06/15**

dialoglogCALLIOPE: my death was the very end, of course.

CALLIOPE: when telling a story of the end, where does one begin?

CALLIOPE: at the true beginning, or one of the many points between disguised as such?

CALLIOPE: in a story of the end, which events preceding the final moment itself shall be considered extraneous?

CALLIOPE: for me, none were.

CALLIOPE: for you, all are.

CALLIOPE: it simply depends how long you're willing to listen, and for how long you have.

CALLIOPE: ... how long do i have?

CALLIOPE: now that you're here,

CALLIOPE: not long at all.

**[A6A6I5] =====>**

**01/06/15**

dialoglogCALLIOPE: oh.

CALLIOPE: i'd want to listen to as mUch as possible!

CALLIOPE: in whatever amoUnt of time i have, if yoU please.

CALLIOPE: from the true beginning, then, and moving swiftly.

CALLIOPE: i began the same as you.

CALLIOPE: vulnerable, weak, but without the comfort of others, to whom those flaws would endear me.

CALLIOPE: so i became strong, and killed my brother.

CALLIOPE: i wore him down. i ate his soul. i dressed my words in his blood to hear victory every time i spoke.

CALLIOPE: i consumed his strength, too. it was always in me, just as yours was in him.

CALLIOPE: but being strong was not enough.

**[A6A6I5] =====>**

**01/06/15**

dialoglogCALLIOPE: a dead session is an impossible time challenge.

CALLIOPE: the planets detonate sooner and sooner, one by one. it is a trial designed to be unwinnable.

CALLIOPE: a muse of space could never solve it. but a lord of time could, with relentless perseverance.

CALLIOPE: it could only be him.

CALLIOPE: my brother?

CALLIOPE: yes.

CALLIOPE: i was never meant to rise to the place he holds because the game was rigged.

CALLIOPE: tilted in favor of his aspect.

CALLIOPE: having gained immortality, i could sit forever in a spent dead session.

CALLIOPE: or i could seek counsel with the mother of monsters.

CALLIOPE: and that is why you stand in my memory of her lair.

**[A6A6I5] ====>**

**01/06/15**

dialoglogCALLIOPE: her choice was simple, and i accepted.

CALLIOPE: she mercifully ended my life, then and there.

CALLIOPE: my soul would have to wait here.

CALLIOPE: for what felt like a very, very long time.

CALLIOPE: wait for what?

CALLIOPE: you.

CALLIOPE: echidna told me that your visit would be my signal.

CALLIOPE: an indication that the furthest ring around me had uncoiled itself momentarily, enough to be navigable.

dialoglogKARKAT: SO YOU ACTUALLY UNDERSTOOD WHAT SHE WAS SAYING WITH THAT EARSPLITTING MALARKEY?

KANAYA: Yes

KARKAT: WOW.

KARKAT: I GUESS WE REALLY DID SEND THE RIGHT PERSON THEN.

KARKAT: PLUS ONE USELESS TAG-ALONG, I GUESS TO BEAR WITNESS OR

SOMETHING?

KARKAT: AND PROBABLY RECORD THE LEGENDARY CONVERSATION LIKE A SCRIBE, WITH HIS BENCHWARMER'S PEN INTO THE HALLOWED SCROLL OF THE SECOND BANANA.

KANAYA: What

KARKAT: EXCEPT I DIDN'T BRING MY PEN OR SCROLL, AND I DON'T SPEAK MONSTER SCREAMING.

KARKAT: SO MY TRANSCRIPT WOULD READ LIKE...

KARKAT: "MORE SHRILL NOISES, LIKE GOD PLAYING THE EDGE OF A GLASS INSIDE YOUR THINK PAN"

KARKAT: "MARYAM CONTINUES TO NOD ALONG"

KANAYA: We Talked About You

KARKAT: WHAT???

KARKAT: YOU DID

KARKAT: WHAT DID SHE SAY?

KANAYA: It Was A Short Conversation

KANAYA: The Entire Exchange Was Quite Brief And Straightforward Actually

KARKAT: NO, I KINDA GOT THAT.

KARKAT: EVEN THOUGH I DON'T HAVE A KEEN EAR FOR BEAST TWADDLE, I CAN STILL DETECT WHEN A CONVERSATION DOESN'T LAST FOR MUCH TIME.

KARKAT: I MEAN, DID SHE SAY WHAT SHE WANTED WITH ME?

KARKAT: OR WHAT SHE WANTS ME TO DO??

KANAYA: You Dont Have To Do Anything

KANAYA: And She Didnt Want Anything With You In Particular

KANAYA: She Just Wanted You Here

KARKAT: OK???

KARKAT: WELL, HERE I AM, QUEEN SNAKE!!!

KARKAT: SATISFIED?!

KANAYA: Yes

KANAYA: She Is Apparently

KARKAT: THEN WHAT DID YOU TALK ABOUT WHEN MY NAME CAME UP!

KANAYA: Now Is Probably Not The Right Time To Get Too Deep Into The Subject

KANAYA: But It Was Nothing Bad

KANAYA: To The Contrary Really

KARKAT: OK...

KARKAT: THEN WHAT ABOUT YOU?

KARKAT: WHY DID SHE WANT TO SEE YOU, KANAYA... CAN YOU AT LEAST TELL ME \*SOMETHING\* ABOUT THIS MADDENING EXCHANGE?

KANAYA: The Bottom Line Is The Meeting Has Served Its Purpose And Echidna Is Satisfied

KANAYA: She Will Release The Frog When The Time Comes

KANAYA: I Think Vriska Was Basically Right

KANAYA: She Wanted To Get A Look At Us

KANAYA: To Assess Our Worthiness

KANAYA: Before She Would Agree To Authorize The Conception Of Another Universe

KANAYA: It Would Seem That We Measured Up

KANAYA: Once Her Questions Were Answered

KARKAT: WHAT QUESTIONS?

KANAYA: Those Pertaining To How Her Universe Would Be Treated Once Occupied

KANAYA: And Whether We Intended To Take That Responsibility Seriously

KANAYA: By Following Through With The Duties We Have Fundamentally Tasked Ourselves With By Our Natural Inclinations

KANAYA: I Mean Us Specifically

KANAYA: You And I

KARKAT: DUTIES?

KARKAT: NATURAL INCLINATIONS?

KARKAT: WHAT THE FUCK IS SHE TALKING ABOUT.

KANAYA: Natural Inclinations I Think Just Means

KANAYA: Some Idea That Is Important To Us That Has Threaded Its Way Through Every Moment And Decision Of Our Lives

KANAYA: Even When Not Apparent

KANAYA: The Refrain Of Our Being Maybe You Could Call It

KANAYA: A Thing That Attracts And Inspires Us And Simultaneously Weighs On Us So Heavily We Are Never Sure What To Do

KANAYA: For Me It Is Procreation I Believe

KANAYA: And So Does She

KANAYA: Fighting For The Persistence Of Our People

KANAYA: I Guess You Could Say

KANAYA: Motherhood?

KARKAT: WHAT ABOUT ME THEN?

KANAYA: I Think

KANAYA: That Is For You To Say

KARKAT: I'M NOT SURE IT IS, REALLY.

KARKAT: IF I'M HEARING YOU RIGHT, WORTHINESS OF INHERITING THIS UNIVERSE HINGES ON WHETHER I CAN LIVE UP TO WHAT MY SHIT IS ABOUT, SO TO SPEAK.

KARKAT: BUT I DON'T KNOW WHAT MY SHIT IS ABOUT.

KARKAT: I'D REALLY LIKE TO KNOW, ACTUALLY!

KARKAT: CONSIDERING IT SOUNDS LIKE YOU TOUCHED ON THAT SUBJECT WITH HER, EVEN IF ONLY BRIEFLY, THEN IT SOUNDS LIKE A CONVERSATION I WOULD HAVE BENEFITED FROM UNDERSTANDING.

KARKAT: REALLY, IF THERE WAS ONLY \*ONE\* CLANGOROUS CREATURE-SCREED I'D LIKED TO HAVE BEEN ABLE TO PARSE OVER MY LIFETIME, THIS WAS PROBABLY IT!!!

**[A6A6I5] =====>**

**04/06/15**

dialoglogKANAYA: So

KANAYA: You Really Dont Have Even The Slightest Sense Of What You Stand For

KANAYA: Some Concept That Speaks To You In Some Way

KANAYA: Or Represents Ideals Important To You

KARKAT: I DUNNO

KARKAT: UHH

KARKAT: BLOOD?

KANAYA: Blood

KARKAT: NO, NOT BLOOD.

KARKAT: I MEAN, NOT REALLY. MAYBE.

KARKAT: HONESTLY I DON'T EVEN KNOW WHAT THAT MEANS OR WHY I SAID IT.

KARKAT: EXCEPT THAT IT'S THE EASY ANSWER, JUST BECAUSE IT'S MY FUCKING ASPECT.

KANAYA: Well

KANAYA: Its A Topic I Can Get Behind

KANAYA: Do You Have Any

KARKAT: WHAT

KARKAT: YOU MEAN ASIDE FROM A SHITLOAD OF THE STUFF I CARRY AROUND IN MY VEINS ALL THE TIME?

KARKAT: NO, SORRY.

KANAYA: Oh

KARKAT: PLEASE DON'T LOOK AT MY BODY LIKE THAT WHILE DROOLING.

KANAYA: Whoops

KARKAT: BUT REALLY, I DON'T HAVE A CLUE WHAT MY ASPECT MEANS.

KARKAT: OR IF IT EVEN HAS ANY SUBSTANTIVE CORRELATION WITH "MY SHIT" PER WHATEVER ECHIDNA WAS GOING ON ABOUT.

KARKAT: HONESTLY THOUGH...

KARKAT: WHEN WE STARTED PLAYING THE GAME, AND LEARNING ABOUT ALL THE ASPECT STUFF AND WHO WAS WHAT

KARKAT: I GOT SO EXCITED WHEN I FOUND OUT ABOUT MINE.

KARKAT: I WAS LIKE, WHAT? BLOOD?? FUCK YEAH!!!

KARKAT: THAT'S ME. THAT'S SO BADASS, AND I'M BADASS, SO YEAH, THAT CHECKS OUT.

KARKAT: AND EVEN THOUGH THE THING ABOUT BEING A BADASS WAS BULLSHIT, IT STILL JUST \*FELT\* RIGHT.

KARKAT: AND I THINK IT STILL DOES.

KANAYA: Thats Nice

KANAYA: I Think It Can Only Be Positive To Feel A Deep Affinity For Ones Aspect

KANAYA: Better Than Being At Odds With It

KANAYA: I Never Felt Like I Had Much To Do With Space

KANAYA: Until Eventually

KANAYA: I Somehow Came To Understand Space Meant More Than Just Space

KANAYA: Like Not Just

KANAYA: Physical Room And Dimension For Stars To Occupy

KANAYA: Its

KANAYA: Deeper Than That

KANAYA: A Field Related To Propagation

KANAYA: The Ones Who Create It

KANAYA: They Are Passing A Torch As It Were

KARKAT: YEAH, AT FIRST, I THOUGHT BLOOD JUST MEANT LIKE...

KARKAT: SOMETHING ABOUT BEING A WARRIOR! OR BEING COMPLETELY RUTHLESS TO ANYONE STANDING IN THE WAY OF VICTORY.

KARKAT: BUT AS MORE TIME PASSED

KARKAT: I REALIZED THERE WAS PROBABLY A LOT MORE TOO IT.

KARKAT: AND I STILL DON'T UNDERSTAND.

KARKAT: MAYBE I NEVER WILL.

KARKAT: BUT YOU KNOW

KARKAT: EVEN THOUGH I DON'T HAVE THOSE IMMATURE VIEWS ON BEING A BIGSHOT ANYMORE

KARKAT: I STILL WANT TO FIGHT!

KANAYA: You Do

KARKAT: YEAH!

KARKAT: I MEAN NOT ANY OLD TIME LIKE SOME BELLIGERENT ASSHOLE, BUT WHEN EVERYTHING IS ON THE LINE, AND IT REALLY MATTERS.

KARKAT: LIKE NOW.

KARKAT: SO MAYBE I WASN'T TOO FAR OFF ON THAT PART OF MY ASPECT?

KARKAT: MAYBE IT DOES HAVE SOMETHING TO DO WITH LIKE THE "WARRIOR SPIRIT" SHIT EVEN IF YOUR BODY AND SKILLS CAN'T QUITE BACK THAT UP.

KANAYA: Could Be

KANAYA: It Could Also Be Theres More To Being A Warrior Than Engaging In Physical Combat

KARKAT: HMM

**[A6A6I5] =====>**

**04/06/15**

dialoglogKARKAT: BUT SERIOUSLY, I STILL DO WANT TO HELP MAKE A DIFFERENCE IN THIS BATTLE SOMEHOW!

KANAYA: I Know You Do

KARKAT: LOOK, I COMPLETELY ADMIT. I'M SHIT.

KARKAT: I'M THE SHIT THEY RESERVE FOR THE SMELLIEST TOILET WHEN IT COMES TO FIGHTING ABILITY.

KARKAT: ALL THAT SMACK TALK BETWEEN ME AND VRISKA ABOUT MY USELESSNESS, THAT WASN'T EVEN SOME SNAPPY LITTLE FARCE, WHERE WE ALL RIDE KARKAT'S CROTCH BANDEAU FOR A LIVELY CHUCKLE.

KARKAT: IT WAS JUST SOME BASIC BOILERPLATE INTERLOCUTION THAT WAS EXACTLY ON THE FUCKING LEVEL.

KARKAT: I'M NOT A GOD TIER, BUT YOU KNOW WHAT? NEITHER ARE YOU, AND NEITHER IS TEREZI.

KARKAT: BUT YOU'RE BOTH GREAT, AND DEADLY AS SHIT. IT'S NO EXCUSE.

KARKAT: I'VE NEVER BEEN ANY GOOD, AND IT TOOK ME A LONG TIME TO COME TO TERMS WITH HOW DELUDED I WAS ABOUT THAT.

KARKAT: THE ONLY REASON WE ENDED UP WINNING OUR GAME WAS THAT EVERYONE ELSE WAS ABLE TO PICK UP THE SLACK FOR ME.

KARKAT: PRETTY MUCH ALL I DID WAS SPEND A FEW WEEKS SHOUTING AT EVERYBODY.

KARKAT: I NEVER TOLD ANYONE THIS BUT...

KARKAT: EVEN WHEN I BEAT MY DENIZEN

KARKAT: I'M PRETTY SURE THAT'S ONLY BECAUSE I GOT THE ONE RESERVED FOR THE WEAKEST PLAYERS.

KARKAT: LIKE A SPECIAL ONE.

KARKAT: YOU KNOW HOW THERE'S THAT SUPPOSEDLY RARE ONE THAT ONLY REALLY STRONG PLAYERS GET... IT HAS SOME WEIRD FUCKING NAME.

KARKAT: I'M PRETTY SURE MINE WAS LIKE THAT. BUT JUST THE OPPOSITE.

KARKAT: REALLY, I NEVER SAID \*ANYTHING\* ABOUT THIS BECAUSE IT WAS SO EMBARRASSING, BUT

KARKAT: WHEN I GOT TO HIM, HE WAS... WEIRDLY SMALL??

KARKAT: LIKE JUST REALLY SMALL.

KARKAT: AND HE MUMBLES HIS CHOICE SHIT WHICH OF COURSE I COMPLETELY IGNORE, AND HE SEEMS TO KNOW I WILL.

KARKAT: I CAN HEAR IT IN HIS VOICE. HE KNOWS I WON'T CARE, HE CAN SENSE MY CONTEMPT, HE CAN SENSE HOW SMALL AND PITIFUL I FEEL, AND BECAUSE HE'S LIKE ALL KNOWING AND SHIT, HE'S \*FACTORED THIS IN\*.

KARKAT: ON SOME LEVEL, I THINK I UNDERSTOOD ALL THIS, AND IT JUST MADE ME FURIOUS.

KARKAT: SO I KILLED HIM.

KARKAT: AND IT WAS TOO EASY. EVEN FOR ME, IT WAS EASY.

KARKAT: I REMEMBER THINKING "WHAT THE FUCK?" AFTER THE FINAL BLOW.

KARKAT: SO YEAH, I'VE BEEN PRETTY SURE I GOT THE "TRAINING DENIZEN" EVER SINCE. IT WAS JUST A MATTER OF ADMITTING IT TO MYSELF.

KARKAT: ACTUALLY, AS DUMB AS IT SOUNDS...

KARKAT: I THINK I'M \*STILL\* NOT COMFORTABLE WITH PEOPLE KNOWING THAT FACT. IT STILL FEELS HUMILIATING.

KARKAT: WOULD YOU MIND NOT TELLING ANYONE, KANAYA?

KANAYA: Ill Stay Quiet

KARKAT: BUT YEAH, MY UTTERLY TRAGIC LAMENESS ATTRIBUTE NOTWITHSTANDING, I'D STILL LIKE TO CONTRIBUTE.

KARKAT: I KNOW IT WON'T COUNT FOR MUCH.

KARKAT: I MIGHT EVEN GET IN THE WAY OF SOMEBODY COMPETENT.

KARKAT: BUT IT MATTERS TO ME, TO PUT EVERYTHING ON THE LINE, FOR ALL THE RIGHT REASONS THIS TIME.

KARKAT: NOT TO PROVE I'M STRONG OR AWESOME OR ANYTHING.

KARKAT: THE OPPOSITE REALLY... TO PUT MYSELF OUT THERE KNOWING PERFECTLY WELL I'M NOT.

KARKAT: I FEEL LIKE I HAVE TO EARN THE RIGHT TO INHERIT THIS UNIVERSE LIKE EVERYONE ELSE.

KARKAT: NOT JUST GET DRAGGED INTO IT ON THE LOOSE FABRIC OF EVERYONE'S FUCKING PAJAMAS.

KARKAT: IT ALSO FEELS IMPORTANT TO JUST

KARKAT: I DON'T KNOW

KARKAT: STAND THERE WITH MY FRIENDS.

KARKAT: THEY'RE RISKING THEIR LIVES, AND THEY MAY BE MORE SUPERNATURALLY RESILIENT OR WHATEVER, BUT HEY.

KARKAT: I SHOULD BE RISKING MINE TOO.

KARKAT: TO AT LEAST SHOW I'M THERE WITH THEM.

KARKAT: AND WHO KNOWS, MAYBE A MOMENT WILL PRESENT ITSELF...

KARKAT: WHERE I CAN DO SOMETHING IMPORTANT.

KARKAT: LIKE NUDGE SOMEONE OUT OF THE WAY OF A RANDOM FLAMING FUCKBALL JUST IN TIME.

KARKAT: OR SOME OTHER SMALL THING ACTUALLY WITHIN MY ABILITY.

KARKAT: MAYBE I'LL DIE IN THE PROCESS OF SAVING SOMEONE MORE CRUCIAL TO VICTORY?

KARKAT: IF THAT'S WHAT IT TAKES TO BE A PART OF THIS, SO BE IT.

KARKAT: I'M IN.

KANAYA: Thats Why Youre Our Leader Karkat

KARKAT: I'M NOT YOUR FUCKING LEADER!!!

KANAYA: Statements Like That Are Also Why Youre Our Leader

KARKAT: NO, I DON'T ACCEPT THAT.

KANAYA: You Have To

KARKAT: WHAT

KARKAT: WHY?!

KARKAT: NO I DON'T.

KARKAT: LOOK, WE \*JUST\* ESTABLISHED THIS BACK ON THE PAD.

KARKAT: I'M NOT A LEADER ANYMORE. END OF STORY.

KANAYA: That Isnt What Echidna Said

KANAYA: It Was Straightforward Like I Said

KANAYA: Seeing Us Was Mostly A Formality

KANAYA: But There Was One Small Thing I Had To Agree To First

KARKAT: WHAT??

KARKAT: .....?!

KANAYA: In Addition To Living Up To The Things I Supposedly Stand For As Well

KANAYA: The Resurrection Of Our People

KANAYA: But Once I Did That

dialoglogJASPROSESPRITE^2: You see Roxy? We all knew you could find her.

JASPROSESPRITE^2: Especially me!

JASPROSESPRITE^2: Not to boast but my faith in your ability to retrieve the cherub wasn't just some saccharine friendly nonsense, like it was for pretty much everyone else here.

JASPROSESPRITE^2: It was established in what is now a highly focused understanding of my aspect as well as these radically magnified feline instincts!! :3!

JASPROSESPRITE^2: Yes good point, it's true that feline instincts in no empirical way contribute to one's prognosticative acuity, fair enough!

JASPROSESPRITE^2: But they really make it FEEL like my intuition has more credibility than it really deserves.

JASPROSESPRITE^2: And to the cat portion of my being, that is GOOD ENOUGH! Holy shit am I legitimately pleased with myself right now.

JASPROSESPRITE^2: \*Trills.\*

JASPROSESPRITE^2: Quite the fetching artifact to keep propped on such a smartly dressed pair of shoulders.

ROSE: Could you maybe stop pawing at her?

ROSE: It's creepy.

JASPROSESPRITE^2: The suit! Spectacular. Tailored yourself I gather?

JASPROSESPRITE^2: You have no idea what a burning desire I have to get hair on it but don't worry I won't!

JASPROSESPRITE^2: Oh my god her eyes. Perfect glass! Like a priceless doll's.

JASPROSESPRITE^2: Tis a special friend you pulled from the dead Roxy.

JASPROSESPRITE^2: These IDEAS I'm having mmrrr they're so \*interesting\*. Wherever this frame of reference has been all my life color me glad I'm dead!!! ;3

JASPROSESPRITE^2: John's hot mom did you know you killed me?

JASPROSESPRITE^2: No not the girl the cat I mean. You were twice culpable in a way.

JASPROSESPRITE^2: The murder weapon was in your custody and bequeathed to you roundaboutedly by you yourself as an aged ghostly grannywoman.

JASPROSESPRITE^2: The plummet of that gut-crushing tome was the last thing I ever witnessed.

JASPROSESPRITE^2: Of course the old woman herself was murdered by the accursed thing too so one could hardly blame her for pulling a few strings here and there that it might find another victim.

JASPROSESPRITE^2: When a bedeviled joke opus is taken with certain individuals it can be difficult to wrest them away from its favor.

JASPROSESPRITE^2: Mrow look at me boring you all with elementary tome trivia everyone knows already. What is this the kitten corner?

JASPROSESPRITE^2: The fact is John's hot mom one time you and your cornball book made a pussy pancake out of me.

JOHN: :O

JASPROSESPRITE^2: I suppose Roxy had a hand in it too technically though it seems mom had it in her blood to do well intended harm to that poor critter I used to be.

JASPROSESPRITE^2: It's ok though because she makes up for it with the BEST funerals!!! Purr they are a treat, each of my halves received one!

JASPROSESPRITE^2: I remember you so clearly in that desert as the life drained away and I muddled through the shabby last words of a raffish amateur.

JASPROSESPRITE^2: I clearly remember in spite of what a hackneyed showing that was I still had the presence of mind to be overwhelmed by the sense for how much you cared and that gives me such a warm emotion right now it makes me want to poof up a little with friendliness!

JASPROSESPRITE^2: But these aren't the only memories of death I have.

JASPROSESPRITE^2: Or the only memories of life I had for you see I've had many.

JASPROSESPRITE^2: Squaring these sprites, it's a marvelous thing. It opens you up! The selves become curiously multidimensional; concentrated!!

JASPROSESPRITE^2: I recall the lives of many Roses lost. And many Jaspers! Maybe even more

than nine. ;3

JASPROSESPRITE^2: Not that any of them matter now they each chased their own laser pointers to their respective futilities and now I am all that's left of them, mrrrr.

JASPROSESPRITE^2: Nor does it matter to the task at hand for which we must prepare does it Hotmom Crocker?

JANE: ... What?

JASPROSESPRITE^2: For the battle ahead! We're still on healing duty. Didn't anyone tell you yet?

JANE: N-no?

JASPROSESPRITE^2: The gameplan is simple. You jumpstart the cadavers while I scoot you around.

JASPROSESPRITE^2: How's that sound cookietits, does it tickle your toebeans?? :3

JASPROSESPRITE^2: It's all been so sweet and stupid and silly and sad hasn't it? You'd agree if you could remember!

Wow, 10 path options!!!

Wait a minute. You click and click, but nothing happens. This path selection screen seems to be broken. Looks like "free will" got greedy and overloaded the thing with "choice", rendering the graphic up there completely useless, except you guess as a cool rollover thingy. For the first time EVER, in the over 9000 page history of this website, you begin to feel slightly deceived. Oh, how you would have loved to taste the fruit of free will one last time before this wild ride jerks our bodies to a deadly stop. Alas it is not to be. You must proceed through all of these options linearly, one by one. You click the link below, as usual.

JOHN: like anything about having to do some huge fancy thing.

ROSE: I guess so.

ROSE: First Dave tells me human beings don't have "arcs", and now you're telling me the culmination of an epic doesn't require a messianic archetype to return from the dead, thereby providing the key to everyone's salvation?

ROSE: I wonder what sturdy and time-tested narrative construct Jade is going to debunk whenever she wakes up. Maybe she will lay waste to the notion of endgame ships?

ROSE: Karkat won't be happy about that.

JOHN: huh??

JOHN: ok, i don't know what stuff you're going on about there, but i just don't think she should feel like she has to do anything she doesn't want to.

CALLIOPE: i think the trUth is, i won't be doing mUch of anything.

CALLIOPE: my other self told me as mUch.

CALLIOPE: her advice was to jUst live, and...

CALLIOPE: exist as the version of Us for whom that is an actUal possibility.

CALLIOPE: she's the one who will be doing important things.

ROSE: How so?

CALLIOPE: she didn't say.

ROSE: Isn't that just how it always is with alt-selves.

ROSE: So cryptic.

ROXY: hey guys its been cool having yall meet callie and such but

ROXY: do you think she and i could have a moment alone?

ROXY: got some stuff i wanna talk about!

dialoglog(VRISKA): You know, I've got to say.

(VRISKA): I've really turned around on horses.

MEENAH: wha

(VRISKA): Horses.

(VRISKA): I used to h8 them.

(VRISKA): Remem8er?

(VRISKA): I developed this weird superstition a8out them, a8out how they're cursed or something, and when they're around, they can only lead to 8ad things happening.

(VRISKA): Don't you remem8er how I was going on and on a8out that a while ago, at the amusement park?

MEENAH: oh

MEENAH: guess so

(VRISKA): 8ut we've 8een hanging around them a while now, and everything's 8een fine.

(VRISKA): More than fine, actually!

**[A6A6I5] ====>**

**18/06/15**

dialoglog(VRISKA): So yeah, horses are ok in my 8ook.

(VRISKA): What do you think, Meenah?

MEENAH: aboat what

(VRISKA): Horses!!!!!!!!!!

MEENAH: ummmm

MEENAH: they ok

MEENAH: kinda dumb and smelly

MEENAH: be makin like

MEENAH: fucked up sounds out their big ass snouts an floppy lips

(VRISKA): Yeah.

(VRISKA): Reminds me of the weird sounds that used to come from my neigh8or's hive at weird hours of the night.

MEENAH: the fuck

(VRISKA): Don't even ask, 8ecause I don't know.

scoot!

dialoglog(VRISKA): So enough a8out stupid animals, whose presence have no rational explan8tion anyway.

(VRISKA): What do you want to do today?

MEENAH: today?

(VRISKA): Yeah!

MEENAH: there is no today

(VRISKA): You know what I mean!

(VRISKA): Within the am8iguous timeframe that would loosely correl8 with a single rot8tion of a planet.

(VRISKA): Any ideas?

MEENAH: na

(VRISKA): Come on!

(VRISKA): We can't just spend all our "days" hanging out in this idyllic, 8izarrely paletted cliffscape with all these stinking idiot quadrupeds.

(VRISKA): We should go exploring some more 8u88les!

MEENAH: we explored an awful lot already

MEENAH: aint they sorta all the same by now

(VRISKA): I mean, roughly speaking, yeah. They're all ar8bitrary memory collages I guess.

(VRISKA): 8ut there's always something new to see every time.

(VRISKA): Whose ridiculous memory will we visit next????????

(VRISKA): Like, some nutty version of Kanaya who 8ecame a god tier in some totally ludicrous version of our session?

(VRISKA): Or may8e a version of John who never even played the game at all? May8e he went outside to look for the game, and his fatherly lusus 8acked over him with his car?

(VRISKA): Or what a8out your friends? They're always fun!

(VRISKA): Like Nepeta's ancestor... the deaf one? She's a riot! Plus she has a fascin8tingly dark history which her memories always seem to hint at.

(VRISKA): Or Eridan's douchier clone. I KNOW you have a gr8 time whenever you get the chance to own him.

(VRISKA): So what do you say?

MEENAH: eh

MEENAH: i dunno

(VRISKA): 8ut you seem kinda 8ored! If you're 8ored, doesn't it make sense to get out and try to have fun?

MEENAH: not reely

(VRISKA): 8ut...

(VRISKA): Why?

MEENAH: cause it doesnt sound that fun

MEENAH: just sounds like the same shit as always

MEENAH: like

MEENAH: exactly like dreams

(VRISKA): Dreams?

MEENAH: they ARE dream bubbles after all

(VRISKA): Yeah.

(VRISKA): 8ut... I don't...

MEENAH: dreams are also like a crazy fantasy ride full of fake shit that makes no sense

MEENAH: its a great time in theory

MEENAH: and i guess when youre younger its fun

MEENAH: maybe you even look forward to sleepin

MEENAH: to see what the great mr sandclam has in store for you next

MEENAH: but after sweeps and sweeps of dreamin

MEENAH: you get used to it

MEENAH: its just the same bogus crap yer stupid brain is just shuffling up and serving you again and again

MEENAH: so you stop paying attention and just ride out your sleep

MEENAH: then get back to business in the real world like a legit person with cool plans

(VRISKA): Huh.

(VRISKA): I don't think I've had the same experience, honestly.

(VRISKA): Sounds like kind of a 8ummer, to look at dreaming that way.

(VRISKA): I always liked dreaming! I mean, unless they were awful dreams, which was... fairly often.

(VRISKA): 8ut I'd never say I really got 8ored of them.

MEENAH: yeah well

MEENAH: you are uh

MEENAH: a bit younger than me

(VRISKA): I am?

(VRISKA): Hm.

(VRISKA): Yeah, I guess so. I never thought a8out it!

MEENAH: then again

MEENAH: we fuschia ladies

MEENAH: we sorta have to get used to being around people younger than us over our full lives

MEENAH: like

MEENAH: much younger 38\

MEENAH: or at least id have to if i was actually alive

(VRISKA): I guess you're right a8out that too.

(VRISKA): That's pretty fucked up to think a8out, actually. That if you were alive, you'd have to deal with existing nearly forever.

(VRISKA): Almost as fucked up as the fact that you have to exist nearly forever while dead, too!

MEENAH: mmm

(VRISKA): Hey.

MEENAH: ?

(VRISKA): Are you ok?

MEENAH: yup

(VRISKA): You seem really down.

MEENAH: no im cool

(VRISKA): Are you sure?

MEENAH: meh

MEENAH: maybe not

MEENAH: dont matter

(VRISKA): What's wrong?

MEENAH: nofin

(VRISKA): Argh!

(VRISKA): You know you can talk to me, right?

MEENAH: yeah

(VRISKA): So tell me!

MEENAH: i dunno whats wrong

MEENAH: id tell you if i knew

(VRISKA): Are you depressed?

MEENAH: shrug

(VRISKA): It sounds to me like you may 8e depressed a8out something.

(VRISKA): Or just... in general?

MEENAH: i dont knooooow

MEENAH: damn fishska

(VRISKA): Hey, it's ok to 8e depressed.

(VRISKA): I think just 8ecause you're dead, that doesn't necessarily let you off the hook from having psychological pro8lems.

(VRISKA): I'm pretty sure I proved that to myself on more than one occasion already. :::)

MEENAH: yeaaah

(VRISKA): So talk to me! May8e I can help!

MEENAH: yergh

(VRISKA): What's the 8ig deal?

MEENAH: i dooont

MEENAH: WAAANNA 38(

(VRISKA): Sigh. Meenah...

MEENAH: wut??

MEENAH: im not good at

MEENAH: like

MEENAH: talkin

MEENAH: about me

(VRISKA): That's all you ever talk a8out!

MEENAH: no i mean

MEENAH: in a non aggrandizing way

(VRISKA): Oh.

VRISKA: \*Cough.\*

dialoglogROXY: hay!! hope you dont mind i pulled you off to the side like this

ROXY: away from other nice pals for a lil one + one rox & cal time

ROXY: i might b greedy as shit!

CALLIOPE: i don't mind at all!

CALLIOPE: i'm still getting Used to the concept of in-person socialization at all, let alone with many people.

CALLIOPE: and yes, yoU MAY be greedy, bUt if so, then so am i by the exact same standard. ^u^

ROXY: fffuck yes

ROXY: like a couple of friendship burglars pickin each others pockets all shifty eyed and lookin out for cops

ROXY: but also giggling i guess because that is in the spirit of the scenario in question

CALLIOPE: heheh. yes.

ROXY: i cant believe youre really here

ROXY: it hardly seems real!

ROXY: after all these years and how u were just like a mystery friend online and then how worried i was we might lose you for good

ROXY: but now.....

ROXY: wow

CALLIOPE: i know!!!

ROXY: so u and jane and jade were hangin out?

CALLIOPE: yes!

CALLIOPE: it was great.

CALLIOPE: we drew and told stories.

CALLIOPE: i'd heard yoU died, so i was holding oUt some hope that yoU woUld show Up too...

CALLIOPE: and yoU did eventUally. jUst not the version of yoU i expected.

CALLIOPE: i never dared to think yoU woUld bring me this gift.

ROXY: well

ROXY: i swore i would

ROXY: and john kinda double swore he would help

ROXY: damn the kid is persistent

CALLIOPE: i like him.

CALLIOPE: he is easy to talk to.

ROXY: yeah!

CALLIOPE: i've read aboUt him, of coUrse.

CALLIOPE: the reality of someone standing in front of yoU is qUite different from what yoU read aboUt them in a text.

CALLIOPE: bUt then, i have no idea how accUrate anything i read is anymore.

CALLIOPE: i always believed i was in possession of the texts which decoded yoUr fUtUre, and i behaved toward all of yoU in that sly and knowing manner, avoiding "spoilers" and sUch.

CALLIOPE: that was probably presUmptUoUs of me thoUgh, in hindsight. i clearly didn't know that mUch.

CALLIOPE: i certainly didn't read anything aboUt my own involvement. i never coUld have imagined being here.

ROXY: you were still helpful though!

ROXY: you were the force in our lives that gave us hope that we could all get together some day

ROXY: going down that road has been craaazy and by no means a smooth ride

ROXY: im losin count of all the times it looked like everything was about to break or catch fire or actually DID break and catch fire resulting in loads of dismay

ROXY: but when you look back, every time things went to shit there was always something constructive about that turn of events

ROXY: something that was necessary for the good outcome to happen at all

ROXY: so whenever something stupid happens like some a-hole gets a bonehead idea to steal a ring and then everyone dies horribly and at the TIME u think ur just gonna curl up and cry yourself into weepy nonexistence

ROXY: maybe those arent even "bad" realities?

ROXY: maybe they are as important as any

ROXY: and so are all the experiences that u had in them and so are the experiences of everyone who died because you dont just get to say your experiences are more important or significant just cus you happened to be someone who survived longer

ROXY: i guess what im saying is

ROXY: im grateful you let me go on this adventure and not even in spite of the hardship it involved

ROXY: i just had a little time to think about it in the firefly nothingspace

ROXY: and i think all of it was good

CALLIOPE: i'm happy that i coUld play sUch a role in yoUr lives.

CALLIOPE: i don't know if i deserve mUch credit for these positive revelations aboUt yoUr joUrney thoUgh.

CALLIOPE: yoU are the one who's been on the adventUre.

CALLIOPE: i have barely taken my first step.

CALLIOPE: i spent all my life in my room, and then every moment in the afterlife cowering in fear.

CALLIOPE: it's only now that trUe participation is even a possibility.

CALLIOPE: bUt even so, i really doUbt i'll have mUch to offer.

CALLIOPE: my other self who i jUst released... i think she is poised to do something mUch more significant.

ROXY: what do you think shell do

CALLIOPE: i have no clUe.

ROXY: but she told u to live right

CALLIOPE: yes.

ROXY: by which i can only assume she meant

ROXY: yo live it UP girl

ROXY: like uh

ROXY: go shopping or something

ROXY: or rocket down the highway in a convertible with cash flyin out the back??

CALLIOPE: heh.

CALLIOPE: that is not the sort of sentiment i can imagine coming from her Under any circUmstance.

CALLIOPE: bUt yes, maybe something to the effect of encoUraging me to enjoy my existence, as commUnicated by a more typical, trUly asocial member of my species.

CALLIOPE: really, what i took from it was...

CALLIOPE: she is the "real" one, with all the power and relevance now, and i am the "spare". a civilian in a sense, like in a war.

CALLIOPE: and the only Use for civilians, from a militaristic mindset, are as those who live their lives in whatever completely irrelevant way they choose to.

CALLIOPE: they are the collateral at stake, the ones for whom the war is theoretically foUght, bUt whose lifestyles, choices, happiness and sUch, hold no concern whatsoever for those fighting on their behalf.

CALLIOPE: this i think is the mindset of cherUbs of her alignment. as protectors, it is the relationship they have with those they protect.

CALLIOPE: and so that is probably the relationship she believes she has with me.

ROXY: you make it sound like

ROXY: she is the legit callie

ROXY: and you are the afterthought

ROXY: like the one from the funky reality that didnt go right?

CALLIOPE: technically, her timeline was doomed, by her predomination alone.

CALLIOPE: even so, yes, it does feel as thoUgh my reality was the oddity.

CALLIOPE: cherUbs were never sUpposed to grow Up like me. exposed to other caring people, and learning from them.

CALLIOPE: it made me different, and Unfit to predominate. yet ironically, this was reqUisite for the timeline's sUccess.

CALLIOPE: and it was necessary for yoU all to begin yoUr joUrney as well.

ROXY: so this seems like

ROXY: an example of what i was just sayin actually

ROXY: the story of the two callies

ROXY: neither is really "more important"

ROXY: and your timelines cant really be described as the good one or the bad one

ROXY: there were good and bad things about both ways stuff went down and different qualities to the people you became

ROXY: her life sounds like it was harsh and lonely in its own way

ROXY: but it sorta paid off cause she got to beat her brother

ROXY: but then got arbitrarily punished for that outcome because it wasnt supposed to happen??

ROXY: and then finally u meet her and "free" her or something so she presumably gets to go off and do... something badass???

ROXY: then theres you

ROXY: who had probably an even more challenging upbringing gettin so hassled by your bro

ROXY: and he killed you i guess because the way the deck was shuffled he had the edge this time  
ROXY: but the upshot was you got to have all these great friends who cared about you  
ROXY: and it helped you become the nice person you are who means a lot to other people  
ROXY: and now  
ROXY: you get to live whatever kind of life you want and be completely free from all the crummy stuff you grew up with  
ROXY: who cares if you arent as strong as her or dont have the wicked powers she does or some "important" mission to do  
ROXY: you both came from perfectly legitimate realities and IMHO you are both equally valuable  
ROXY: and both of those realities seem to be tied together  
ROXY: she cant do her mysterious badass thing unless you make it all the way through your journey and free her  
ROXY: and your reality was the thing settin the stage for this huge multiversal vortex of problems which after a kajillion fuckin EPOCHS she was always meant to resolve in some way  
ROXY: and that doesnt mean your life was like... a means to an end in a big cosmic sense  
ROXY: i think its more like...  
ROXY: you ARE the end, or one of the ends  
ROXY: you and me and everyone who made it and everyone who didnt  
ROXY: so that means you dont have to be able to do a lot of super special shit to validate your identity as the real version of yourself  
ROXY: the only validation you need is being who you are cause no one can be that person but you!

**[A6A6I5] =====>**

**21/06/15**

dialoglogCALLIOPE: those are very inspiring things to hear, roxy.

CALLIOPE: i hope yoU are right.

CALLIOPE: bUt even so...

CALLIOPE: i think i woUld still like to be UsefUl.

ROXY: you can be!

ROXY: you can help me out

CALLIOPE: how?

ROXY: i know you arent god tier or anything or probably never did much to get in touch with your aspect

ROXY: but maybe that doesnt matter

ROXY: u are space right?

CALLIOPE: yes.

CALLIOPE: a mUse of space.

ROXY: sounds cool!

CALLIOPE: it is cool, i think.

CALLIOPE: especially having seen what i coUld have been.

ROXY: no but that potential has to be inside you somewhere

ROXY: actually

ROXY: its one reason why i wanted u to be with me here for a while

ROXY: aside from catch up a bit :)

CALLIOPE: what do yoU need me to do?

ROXY: nothin really

ROXY: just be here with me...

ROXY: while i try this

ROXY: idk why but i feel like your presence will help

ROXY: and if nothing else i just like having u here

ROXY: makes me feel better about trying to focus on this weird lil chore

CALLIOPE: bUt yoU think my aspect is relevant?

ROXY: maybe

ROXY: i think space is related to this in some abstract way i cant put my finger on

ROXY: i gotta make this egg see?

CALLIOPE: :U

ROXY: but it isnt really just an egg its this HELLA complicated egg in both its biological design and everything it represents for the future of an entire civilization

ROXY: and i dont have the genetic or chemical or molecular blueprints for it or anything

ROXY: i have to figure it out using... just thought

ROXY: like, ideas

ROXY: ideas that are really basic and live in this primordial sorta quasi-consciousness

ROXY: so i have to build the idea of this egg in some way before i do anything

ROXY: which means trying to grasp its reality and what it represents

ROXY: its like a funky little construct of biological propagation

ROXY: and i think that intersects with the nature of space

ROXY: at least as we have come to understand it

ROXY: the propagation of space is really just some profound cosmological feat of reproduction

ROXY: that is... a literally biological process right?

CALLIOPE: pretty mUch.

ROXY: so to make this egg

ROXY: as a rogue of void what im really doing here is something kind of insane

ROXY: you yourself told me once how id be able to do this crazy shit!

CALLIOPE: i did!

ROXY: ill be like... probing nothingness for an idea

ROXY: a pretty complicated idea in this case

ROXY: and

ROXY: pulling that idea from unreality

ROXY: so maybe if im right and a closer connection to the nature of space will help me locate that idea...

ROXY: almost like

ROXY: standing next to an antenna to boost the signal of that idea

ROXY: then maybe my chances will be better

ROXY: and hey

ROXY: even if not

ROXY: its just nice to have a friend nearby while u try to do something hard

CALLIOPE: ^u^

dialoglogJOHN: what do you think they are talking about over there?

JANE: I suspect Roxy wanted some time to catch up with an old friend.

JANE: I'm sure I would want the same, if I hadn't just had an extensive reunion with her myself.

JOHN: yeah, i guess we should just chill out and give them a moment.

JOHN: it isn't QUITE time to head to our battle stations yet, so we might as well try to relax until it is.

ROSE: I imagine it's a lot easier to relax when another version of yourself hasn't been hijacked by your dead cat.

JOHN: heheh, yeah, it probably is.

JOHN: maybe you should try not to let her bug you, rose. she seems harmless enough.

JOHN: plus, she's pretty funny!

ROSE: Sounds suspiciously like the advice of someone who's never had to deal with an outlandish alternate version of himself.

JOHN: hey, i've bumped into other johns a few times!

JOHN: can't say the experience has been anything other than perfectly agreeable. :p

ROSE: You mean, Johns that were essentially time duplicates? In the course of your retcon quest?

JOHN: yes.

ROSE: Those don't count. Those were just regular Johns.

ROSE: What I'm saying is, you never had to deal with the John who was like, half Harry Anderson, and half Maplehoof the dear departed pony.

JOHN: wow, that sounds GREAT!

ROSE: Come to think of it, you're the only one of us who hasn't. I mean, of our original group of friends.

ROSE: Dave had Bird Dave, Jade had Dog Jade, and now I have... \*shudder\*... Cat Rose.

ROSE: Why were you let off the hook?

JOHN: i dunno.

JOHN: guess you guys are just luckier than me. :)

ROSE: Even putting aside the wildly unwelcome body horror slapstick routine she represents, and the machine gun salvo of opprobrious remarks and conduct which my cat is apparently capable of releasing from my subconscious,

ROSE: I'm not sure where this leaves me.

JOHN: what do you mean?

ROSE: I felt like I understood my place.

ROSE: I'd gotten myself in order somewhat. My, um.

ROSE: Beverage decisions had gotten more reasonable.

ROSE: I was ready to bear down and play my part in finishing this.

ROSE: I could even handle a stray Rosesprite brought to my doorstep by my sweet imbecile of a pet.

ROSE: Idiotic though that was, I was still clearly Rose Prime.

ROSE: But can I really claim that now?

ROSE: She's a... sprite SQUARED?!

ROSE: How is that even a thing.

ROSE: Can someone tell me how that's even a thing?

JANE: I can't tell you how it's even a thing.

JANE: I think we are all just as flabbergasted as you at its thinginess.

ROSE: What's next? Is there a sprite cubed? Or a...

ROSE: Let's not even entertain this avenue of thought.

ROSE: The point is, she must be quite powerful, insightful, and in spite of the beast she rents headspace out to, intelligent as well.

ROSE: Doesn't she arguably have more claim to being Real Rose than I do?

JOHN: i don't think being the "real rose" necessarily means being the one who is more outgoing and chatty and powerful and stuff.

JOHN: i'm not sure it means... anything?

JOHN: i think maybe we should try to drop the stuff about who is the real version of who anyway. it's weird and it just hurts people's feelings.

ROSE: I don't care if my feelings are hurt, though.

ROSE: I just want to know where I stand.

JOHN: i really don't think she is that threatening to you!

JOHN: believe me, you still seem like the rose i always knew, whereas she... doesn't quite.

JOHN: it seems to me she is a lot more interested in having fun and zipping around like a silly lunatic than usurping you as the main rose.

ROSE: Sure. That's what she WANTS you to think.

JOHN: but why do you care? i thought i heard the other rose say, before she was a cat, that she liked the idea of being some sort of... backup rose.

JOHN: do you not feel that way too?

ROSE: That was a different context.

ROSE: I probably would have felt the same way, if I found myself in her exact situation.

ROSE: Jasprose changes everything though.

ROSE: Now I feel a certain responsibility. Like I have to really step up.

JOHN: step up??

ROSE: Yes. To make sure I stay regarded as the exemplary model.

ROSE: To provide assurance that the concept of Roseness itself doesn't degrade due to black market peddlers of substandard shit.

ROSE: Basically, I need to defend the integrity of the brand.

JOHN: hahaha. oh my god.

ROSE: What?

JOHN: nothing.

JOHN: i just missed you so much!

dialoglogROSE: My brand missed you too, John.

JOHN: your brand has good taste in friends, and kicks ass.

TEREZI: (N333RDS)

JOHN: hey, how do you think kanaya and karkat are doing?

ROSE: They're probably getting a stern earful of roiling monster patois right about now.

JOHN: do you think they'll be successful?

ROSE: ...

ROSE: At what?

JOHN: at...

JOHN: talking to a monster?

JOHN: i don't know.

ROSE: I think Karkat will successfully fail to understand the monster, and possibly also successfully shout at the monster.

ROSE: Kanaya I think will probably successfully do something sensible in response to whatever the monster demands.

JOHN: so...

JOHN: you think they're going to pull it off then?

ROSE: I'm still not sure what "it" is.

ROSE: But yes.

JOHN: well, the idea was to release the frog i think.

ROSE: You think so?

JOHN: that's what vriska said.

ROSE: Vriska says a lot of things.

ROSE: That's the basic idea, yes.

ROSE: But monsters can be complicated.

ROSE: Regardless, I think the right person was summoned to handle it.

JOHN: you really trust kanaya, don't you?

ROSE: Sure.

JOHN: not to change the subject too hard, into something maybe you don't want to talk about because of your brand...

JOHN: but i think you make a nice couple.

ROSE: You do?

JOHN: yes, i thought so last time i was hanging out with you both, in the screwed up time line.

JOHN: but didn't say anything then.

JOHN: i think it's still true!

JOHN: i'm glad it didn't change when i retconned some things.

ROSE: I am too.

JOHN: maybe that means it's a strong relationship?

JOHN: if it can survive... god.

JOHN: whatever the hell happened.

JOHN: a hard three year reboot, and then the sudden presence of vriska??

TEREZI: YUP

JOHN: i'm not sure how well dave really even knew his adult bro, actually.

JOHN: aside from bogusly idolizing him, in a way that was really transparent that he didn't.

JOHN: i wonder...

JOHN: i wonder how different dirk is from him, if at all?

TEREZI: 1 WOULDN'T B3 TH3 ON3 TO 4SK

ROSE: I suspect literally no one in the history of anywhere has ever met both people.

ROSE: Until, as of now, Dave himself.

JOHN: ...

JOHN: i hope dave's ok.

dialoglogDIRK: Maybe we should go over this again.

DIRK: Because, honestly, I'm still not sure I get it?

DAVE: what

DIRK: Who are we actually fighting again?

DIRK: Jack Noir?

DAVE: yeah

DAVE: well

DAVE: one version of noir

DAVE: theres a shitload of them though

DIRK: Which one is this?

DAVE: hes yours

DIRK: Ours?

DAVE: yeah

DAVE: the one from your session

DIRK: But,

DIRK: Our Jack spent months in prison.

DAVE: well i guess he broke out

DAVE: hes kind of like a huge fucking deal now

DIRK: When did this happen?

DAVE: i have no idea

DAVE: i wasnt here

DIRK: I guess neither was I.

DAVE: hes got lord english powers tho

DAVE: hes apparently like

DAVE: just

DAVE: wretched fucking news

DIRK: Damn.

DAVE: hes going to be hard to beat  
DAVE: even armed with the ultimate weapon:  
DAVE: some swords  
DIRK: Sounds like some shit is going down.  
DIRK: Let's not downplay our sword gambit, though.  
DIRK: I have yet to encounter a problem where a sword didn't factor into the solution at least in some way.  
DAVE: i bet  
DIRK: Bear in mind... I haven't actually SOLVED many problems over the course of my life?  
DIRK: But the ones I have, man.  
DIRK: Swords proved hells of instrumental.  
DAVE: what do you mean you didnt solve many problems  
DAVE: didnt you like  
DAVE: program robots and stuff  
DIRK: I guess I meant real problems.  
DIRK: Involving...  
DIRK: People.  
DAVE: oh  
DAVE: those

dialoglogDIRK: So Jack has... Lord English powers?

DAVE: yup

DIRK: Does that have anything to do with Jake?

DAVE: not according to my current understanding of a mostly nonsensical body of information

DIRK: Hmm.

DIRK: What does it actually mean then?

DAVE: not sure

DAVE: mostly that hes really hard to kill i think

DIRK: Ok.

DIRK: Well, that's decent intel, at least.

DAVE: he MIGHT be vulnerable to welsh things too

DAVE: dont quote me on that

DAVE: because

DAVE: it will make me sound like an idiot

DAVE: were you

DIRK: Yeah.

DIRK: I guess I'm not doing a very good job of showing it now.

DIRK: I think that's probably just what I'm like though.

DAVE: you dont say

DIRK: I mean, when it comes to people in general.

DIRK: But probably especially people who are an important part of my life.

DAVE: so

DAVE: you think im an important part of your life

DIRK: I...

DIRK: Yes?

DAVE: you dont actually know me though

DAVE: not this me

DAVE: and im pretty sure you didnt know the other guy either

DIRK: That's true.

DAVE: what is it about me thats important then

DIRK: I'm...

DIRK: Not sure how to answer.

DAVE: why

DIRK: Because I'm getting the sense that you might disapprove of whatever I might say.  
DIRK: Maybe you'll think it's weird that I idolized some version of you that I never knew.  
DAVE: idolized??  
DIRK: See.

DAVE: meeting you

DAVE: its not rockin my world here

DAVE: or upending any paradigms or whatever

DAVE: listening to you and looking at you

DAVE: it really really just

DAVE: reminds me of him

DAVE: i know youre different and all and also like

DAVE: a kid i guess??

DAVE: but you dont feel that different

DAVE: and hearing anything like that, like about idolization or like you were actually lookin forward to this in any sincere way

DAVE: is kinda fuckin jarring

DIRK: Huh.

DIRK: So, like...

28/06/15

dialoglogDAVE: i dunno why my friends got to have adults around who cared about them

DAVE: they complained bitterly about stuff so i guess i convinced myself they were all in the same boat as me

DAVE: but thats not how it was

DAVE: their complaints were trumped up nonsense and i bought it cause... i dunno

DAVE: i didnt have any frame of reference

DAVE: but his dad and her mom no matter what they said it was so obvious they cared about them deeply

DAVE: even jades weird fuckin grandpa who died when she was young obviously would have done anything for her

DAVE: why did i get such a raw cut of the asshole deck

DAVE: and why did it take me so long to figure that out

DAVE: and like hes dead now so thats that

DAVE: so all thats left to do is look back and try to put the pieces together of my first 13 years

DAVE: and all i can think is what the fuck WAS that?!

DAVE: i dont come away with the impression i used to try convincing myself of, that he was like "mysterious" or "stern" or "aloof"

DAVE: the only feeling left is this insane impression that i was raised by somebody who fuckin HATED me

DAVE: and the whole act of even "raising a child" was some totally fucked up game to him

DAVE: like parenthood was one of the highest tiers of irony in his solemn bullshit bro-ninja code

DAVE: so he went through those motions and did whatever he thought was "funny" or "badass"

DAVE: but under that weird stylistic and totally sociopathic approach to parenting i cant even IMAGINE there was any emotion toward me other than some sort of loathing

DIRK: What...

DIRK: Did he do?

DAVE: i dont want to get out the laundry list

DAVE: but for reference laundry wasnt one of those things

DAVE: that was just one of the many little domestic things i just had to sort of FIGURE OUT

DAVE: sorta like i eventually had to learn what the REAL purpose of a refridgerator was from movies

DIRK: Wait.

DIRK: What??

DAVE: i dunno theres too much to even get into

DAVE: just

DAVE: i dont remember the atmosphere ever not being nerve wracking

DAVE: all havin to sneak around and...

DAVE: ugh my shitty childhood spider senses are tinglin just thinking about it

DAVE: it was "training" you know

DAVE: but you know what it really was it was some vicious shit that was bad and sucked and i hated it

DAVE: it didnt make me stronger

DAVE: it did the opposite

DAVE: it made me never want to fight

DAVE: it made me never want to see blood or be near danger or hear metal sounds

DAVE: it made me hate the idea of being a hero cause he was a hero and he ruined the idea of heroism

DAVE: i dont even want to be fighting this shitty version of jack but hey nobody else has secret welsh powers so i guess i have to

DIRK: ...

DAVE: what gets me is how long it took me to put all this together

DAVE: to stop seeing it as some kinda roughhousey and eccentric life i had but was otherwise normal

DAVE: it took years to deconstruct it all and put it back together to understand how fuckin mad i should be

DAVE: and in particular how stone cold deeply uncared for i was my whole life

DAVE: like... being merely "monitored" by a violent robot

DAVE: i only started getting it after spending a lot of time in person with a bunch of people who actually did care about me

DAVE: and i could start feeling like

DAVE: actually somewhat human for the first time

DAVE: instead of...

DAVE: some sort of runty afterthought to a household cabal of smutty puppets

DIRK: ... Puppets?

DAVE: the fuckin puppets!!!

DAVE: i know how it sounds but i am NOT joking and there is NO shred of doubt in my mind that he loved all those puppets more than me

DAVE: honestly it is very possible that he was just insane and thats that

DAVE: i guess it didnt help either that we lived with what we have come to understand may theoretically be the most evil doll to exist in any universe ever

DAVE: in fact its my tenuous understanding that he came down to earth with that thing and like actually grew up with it

DAVE: maybe...

DAVE: maybe spending 30 some years being unseparable from that hell puppet had some effect on him??

DAVE: maybe if it hadnt been casting a pall over our apartment 24/7 since he took me in...

DAVE: grinning...

DAVE: glaring...

DAVE: laughing in my sleep...

DAVE: maybe our lives wouldnt have been quite so...

DAVE: maybe we would have...

DAVE: ugh

DIRK: What?

**[A6A6I5] ====>**

**28/06/15**

dialoglogDIRK: You ok there?

DAVE: .....

DAVE: .....

DAVE: yeah

DIRK: That doll.

DIRK: That was Cal, right?

DAVE: yeah

DIRK: Right.

DIRK: My version is "empty", apparently.

DIRK: Whatever that means.

DAVE: huh

DAVE: how do you know that

DIRK: A source.

DIRK: One supposedly knowledgeable in jujus.

DIRK: I never quite knew what that meant, though.

DAVE: well

DAVE: whatever his was

DAVE: "empty" is never how i would have described it

DIRK: Hmm.

DAVE: man

DAVE: i dunno if i figured something out here

DAVE: like um "explained" something or

DAVE: if im just driving myself crazy with this talk and nothing even needs explaining

DAVE: it doesnt change my past or how i feel about him

DAVE: he was still pretty much awful no matter what the reason

DAVE: and im sure thats the only feeling ill ever have about him

DAVE: so who cares why it was like that

DIRK: Yeah...

**[A6A6I5] ====>**

**28/06/15**

dialoglogDIRK: That...

DIRK: All sounds really bad.

DIRK: I don't know what to say though.

DIRK: Maybe I shouldn't say anything.

DIRK: Since I just remind you so much of him, for, uh. Obvious reasons.  
DIRK: I don't want to make you feel worse, or make it sound like I'm offering a defense.  
DIRK: For him, or me.  
DIRK: Because I don't have one.  
DIRK: For either of us.  
DAVE: come on man  
DAVE: YOU didnt do anything  
DAVE: this was just some douche bag with your exact dna, who happened to grow up to be my bro  
DAVE: you had a completely different life full of like  
DAVE: different choices and actions and stuff  
DAVE: and even if you were gonna turn out like him youve barely cleared the half way mark on actually chronologically gettin there  
DAVE: in some way ranting about all this is probably just uncool of me because...  
DAVE: you arent him  
DAVE: youre not responsible for any of this shit but im sorta implicitly tacking it on you anyway  
DAVE: so  
DAVE: sorry about that  
DIRK: I'm not sure it's true though.  
DIRK: At least, I don't feel that way.  
DAVE: what way  
DIRK: That I'm not him.  
DIRK: The fact is, I am.  
DIRK: It's something I've come to understand about myself.  
DIRK: All splinters of me are basically me, now matter how much I want to resist that truth.  
DIRK: Or pretend they aren't reflecting my own qualities back at me.  
DIRK: I bear a certain responsibility for all of them.  
DAVE: splinters...?  
DIRK: Yeah.  
DIRK: I guess the concept isn't that unique to me.  
DIRK: We've all got other versions of ourselves running around here and there, throughout the various compartments of this messed up cosmos.  
DAVE: right  
DIRK: I just happen to be particularly connected to mine.  
DIRK: I've felt...  
DIRK: Haunted by them.  
DIRK: And what that really means is, I'm perpetually haunted by my own bad qualities.  
DIRK: So, when I hear about stuff I did in another reality,  
DIRK: I'm not sure what my adult self might have ever tried to do to atone for that stuff, if anything...  
DAVE: pretty much dick squat  
DIRK: Yeah. But in any case,  
DIRK: I'm sure I was completely in the wrong, and I'm sorry I messed up your life.  
DAVE: ...

**[A6A6I5] ==>**

**28/06/15**

dialoglogDAVE: thanks

DAVE: but

DAVE: it still feels a little odd accepting an apology from somebody who i just met and technically had nothing to do with my life

DAVE: even if you do feel guilty splinterways or whatever

DAVE: it is just a messed up situation

DAVE: and i guess i had to vent

DAVE: and there was never anyone i wanted to say all that to

DAVE: and the only thing that was gonna drag it out of me i guess was like a teen stand-in phantom of my dead bro

DAVE: just some perfectly innocent dude havin to take the brunt of this shit

DIRK: I'm not particularly innocent though.

DIRK: I've messed a lot of things up.

DIRK: With my friends.

DIRK: Honestly, that's why I wasn't that bent on sticking around, when I showed up.

DIRK: And pretty much jumped at the offer of flying here to get ready for some yet to be explained battle.

DIRK: Battles are easy. Just you, a sword, some bad guys... it's a lot simpler than having to answer for things you did.

DIRK: For the most part, I feel pretty bad about the role I played in my friends' lives.

DIRK: Especially Jake.

DAVE: what happened there

DIRK: I don't even know.

DIRK: An unmitigated disaster for which I'm entirely to blame.

DIRK: It's not any one thing. I think I was just a completely toxic element in his life from day one.

DIRK: I don't know what he's doing now.

DIRK: I wouldn't be surprised if he was trying to avoid me as much as possible.

DIRK: I'm sure that's for the best.

DIRK: I think I need to stay out of his business for a good while, so I don't risk poisoning another innocent kid's life.

DIRK: Like I did with you, apparently.

DAVE: yeah

DAVE: i mean

DAVE: maybe its a little different cause relations between peers is a whole other thing

DAVE: its tricky shit and youre both figuring stuff out on a relatively equal footing and youre both at the same point in your lives

DAVE: its not like when one person is older and supposed to be a lot more...

DAVE: never mind this is a fucked up thing to think about

DAVE: but the bottom line is yeah laying low while you sort out your stuff cant hurt

DIRK: Right.

DIRK: The thing with that, with my adult self's...

DIRK: Ways.

DIRK: The sad thing is,

DIRK: I can really see it.

DIRK: How someone like me can go unchecked in life, and turn out to become a much worse person than I already am.

DIRK: I guess I'm just relieved I still have some time to make sure that doesn't happen.  
DAVE: you dont actually seem like a bad person to me though  
DIRK: No?  
DAVE: nah  
DIRK: Why not?  
DIRK: We did just meet, after all.  
DAVE: because  
DAVE: i dunno if truly bad people wrestle so much with whether theyre good or bad  
DAVE: i think if i ever sensed my bro like  
DAVE: struggled at all with what he was doing or who he was  
DAVE: or showed any sort of doubt  
DAVE: that might have changed everything  
DAVE: but there was never a crack in it  
DAVE: or the slightest hint of introspection behind the aggressive cooldude facade  
DAVE: if there was i sure never noticed  
DAVE: i mean personally  
DAVE: i think about it all the time now  
DAVE: what it actually means to be good or bad  
DAVE: or if not something that starkly moral  
DAVE: at least just trying to examine the difference between being decent and being a douche  
DAVE: maybe its because of him i worry about that now  
DAVE: but for me i think that internal struggle is kind of mild  
DAVE: for him...  
DAVE: or you i mean  
DAVE: it sounds like some pretty dark shit  
DAVE: like grappling with...  
DAVE: becoming evil vs simply trying not to

**[A6A6I5] ====>**

**28/06/15**

dialoglogDIRK: Maybe.

DIRK: Not sure if I'm ready to accept a pat on the back for recognizing I have some problems, and worrying about whether they'll destroy me and fuck up the people I care about.  
DIRK: That might be setting the bar kind of low.  
DAVE: well when it comes to the subject of him  
DAVE: the bars already pretty low dude  
DIRK: The weird thing, honestly,  
DIRK: Is that it's actually kind of refreshing to hear a sincerely leveled critique of all my negative qualities, coming from another person invested in a relationship with me, rather than from a fucked

up iteration of myself as some bizarre "trollish" form of self abuse.

DIRK: The only thing I've ever been exposed to are either various forms of self loathing either from me or my auto-responder, or attitudes completely oblivious to my real issues, as expressed through my friends.

DIRK: My friends always seemed to cut me so much slack, or were just never aware of the kind of person I really was.

DIRK: Well, Jake probably is, by now at least.

DIRK: But he's also the sort of guy who's just as likely to blame himself for stuff I did, as he is to blame me.

DIRK: Jane and Roxy, though.

DIRK: Never seemed to see anything wrong with me.

DIRK: If anything, just the contrary.

DIRK: Roxy in particular had a certain... fixation.

DIRK: She meant well, but was so enamored of me, and seemingly everything I did.

DIRK: Which I think was the last thing I needed.

DIRK: To be idolized in some form by other people I respected.

DIRK: I had enough of that feeling coming from within, particularly when I was younger.

DIRK: And since then, I've been plagued by the insane ego of my youth in the form of an artificial intelligence I designed which essentially trapped that state of mind in a sort of horrid suspended animation.

DIRK: Until... recent developments, of course.

DAVE: so

DAVE: was that stuff true

DAVE: when you said you idolized the other version of me

DIRK: Yeah.

DAVE: and not just some bullshit like how i used to say the same thing about my bro when i didnt know any better

DIRK: It's definitely not like that.

DIRK: I never lived with him, or met him, so couldn't have anything like the contentious relationship you had with my older self.

DIRK: He was a historical figure from centuries ago.

DIRK: There was a lot to admire, and think about fondly.

DIRK: Especially since I was alone, and never had any direct contact with another person, or any concept of civilization.

DIRK: So even though I'm sure I romanticized what his life was like, and the early 21st century in general,

DIRK: It was nice to think about you.

DIRK: I passed a lot of time that way.

**[A6A6I5] ====>**

**28/06/15**

dialoglogDAVE: you say there was a lot to admire

DAVE: like what

DIRK: Well...

DIRK: He was pretty famous.

DIRK: Made some successful movies.

DIRK: At least under a somewhat expansive definition of "success".

DIRK: And an even more expansive definition of "movie".

DIRK: His work accumulated a lot of subversive political influence, which got him in trouble later.

DIRK: He made like a million bullshit Statues of Liberty, scummed them up with jpeg artifacts, and littered them all over the planet.

DAVE: holy shit

DIRK: He was also a pretty badass swordsman, and an active member of the resistance movement.

DIRK: He slaughtered the clown presidents on the roof of the White House, and flew away on a shitty skateboard.

DIRK: Then it seems he gave the Batterwitch a pretty good run for her money.

DIRK: It wasn't enough, but at least he went down fighting.

DAVE: that

DAVE: yeah

DAVE: ima need to hear more details on this some time

DIRK: Sure.

DIRK: But as you can tell, clearly there was a lot to look up to.

DIRK: I thought about the examples you set constantly. The creative ideals, the advanced theories on irony and humor, the tales of courage and martial prowess.

DIRK: Really, I modeled everything about myself after you. Or at least everything good that I was trying to become.

DIRK: And I probably spent an embarrassing amount of time imagining what it would be like to live during his time, and to be able to have something resembling a sibling relationship, or be in some sort of master-apprentice situation.

DIRK: When I finally learned you existed, and started to understand who he really was in relation to me, that put a lot into context.

DIRK: I realized he was a version of you who got a chance to live up to his full potential.

DIRK: And when I understood there was a young version of you, in a situation sorta like mine, whose time on Earth got cut short when you were thrown into all this,

DIRK: I was at least happy to think there was some reality where you got the chance to do everything you wanted to do, be successful, and fight for all the right things.

DIRK: Even if ultimately it didn't lead to a great outcome for humanity, you had an opportunity to live a full life and show what you were made of.

DIRK: While I guess I had... the same opportunity on your world, somewhat less fortunately.

DAVE: yeah

DAVE: but then for all my bitching i guess i still never grasped your full reality

DAVE: just like you probably didnt grasp mine, but just reading into the mindset of a historical figure as best you could

DAVE: what if i wasnt as heroic as it seemed?

DAVE: what if adult me was kinda douchey too in a way you couldnt observe

DIRK: Perhaps.

DIRK: But beyond a certain point, I think accomplishments speak for themselves.

DIRK: I dunno if you can just completely shred every person who ever did great things because they had some flaws.

DIRK: All I can say is, it was important to me to see him the way I did.

DIRK: As a good person who inspired me, and set the standard for what I wanted to be.

DIRK: It kept me going.

DIRK: That said, I'm also glad there's this version of you who got to go through all the things you've been through.

DIRK: Like, yeah, you didn't get to be the cool celebrity who cuts down juggalos on badly defaced government property.

DIRK: And the idea of a "normal life" was rudely taken from you, and it's something you'll never get to experience.

DIRK: But this is so much more challenging, and uncertain.

DIRK: You get to apply all that potential you showed in one reality to something much bigger and more existentially critical.

DIRK: Whatever strength you showed in trying to save a dying planet, the fact is, I think we need that more here.

DIRK: And the trials inherent in being a part of something like this, I think they bring more out of you than a relatively pedestrian life on Earth would. Make you face more things about yourself. At least, that's been true for me.

DIRK: But it sounds like it's been true for you too.

DIRK: It sounds to me like the experiences you've had changed you a lot, for the better.

DIRK: You mentioned the experiences with him that were designed to make you stronger have actually made you weaker, but really, I doubt that's true.

DIRK: I bet you've become stronger than you realize, not because of anything he did, but because of what you've done, and the ways you've changed yourself through your own effort.

DIRK: I hope it doesn't come off as overly sentimental garbage, but it seems to me like you turned out to be a really good dude.

DIRK: Like, really, a better sort of dude I ever imagined talking to when I pictured meeting the legendary guy I idolized.

DIRK: I pictured him as probably being "too cool" to be the type of guy you are.

DIRK: But you know what, fuck being too cool for that.

DIRK: Nah.

DIRK: I mean, in the right way, yes. I think you are.

DIRK: But, in the way that doesn't mean anything and doesn't matter,

DIRK: Not particularly.

DAVE: ...

DIRK: Anyway, that's...

DIRK: All my "stuff", with respect to your other self.

DIRK: Again, there's a lot more I could say about him.

DIRK: Maybe stuff you should know, or maybe it's all irrelevant to the path you're on now.

DIRK: Regardless, I'd be more than willing to answer any questions you have about him.

DIRK: Or, anything really.

DIRK: Feel free to ask me whatever, ok?

DAVE: ...

DAVE: yeah

ROXY: hatching it??

ROXY: and tending to all the stuff that comes next

ROXY: isnt that basically being responsible for the preservation of an entire race of people?

ROXY: like not even a simple kinda people that all go about havin their own babies by themselves  
n such

KANAYA: Thats How It Works

KANAYA: Yes

ROXY: the answer is yes?

KANAYA: Yes

ROXY: lmao

ROXY: ok it was kind of obvious i was just makin sure

ROXY: anyway thats cool!

ROXY: did you meet on ur fancy meteor vessel

KANAYA: In Person We Met There Yes

KANAYA: Originally We First Spoke While She Was Still In Her Session

KANAYA: I Assisted Somewhat

KANAYA: But I Think I Bugged Her Mostly

KANAYA: That Seems Like A Lifetime Ago Now

ROXY: so i guess you mustve gotten to know each other a lot better during the trip

KANAYA: Yes

KANAYA: We Had

KANAYA: A Lot Of Free Time

ROXY: i bet :)

ROXY: man... three years was it?

ROXY: thats crazy!

ROXY: for a whole bunch of people who only just met including humans AND aliens

ROXY: or i mean trolls whoops sorry if thats rude

KANAYA: We Call Each Other Aliens All The Time

ROXY: haha

ROXY: but then you all IMMEDIATELY have to hunker down together for three years

KANAYA: That Is Very Much What Happened And What We Had To Do

ROXY: it sounds fun!

ROXY: kinda wish i could have been there

ROXY: i guess i had my own less long stint with people in my session

ROXY: only like half a year tho

ROXY: which was cool in its own way but it wasnt nearly as... social as your scene sounded?

KANAYA: It Was Pretty Social Yes

KANAYA: But We Also Had Little Groups Who Generally Convened With Each Other More Often Than The Entire Ensemble Crowded Together For A Singular Noisy Affair

KANAYA: Such Events Were Pretty Rare So Maybe Not As Social As You Are Picturing

KANAYA: In Fact It Was Quite A Subdued Situation Compared To The Crowd I Was Formerly Accustomed To Congregating With

KANAYA: There Were Twelve Of Us Back Then

ROXY: yeah WOW!!!

ROXY: i remember hearing about that from a friend

ROXY: who...

ROXY: never even existed from this frame of reference :(

ROXY: i guess thats another weird thing about my lil sojourn to get to this point...

ROXY: it is all made of memories now that didnt even happen for other people

KANAYA: That Does Sound Like A Lonely Predicament In Its Own Particular Way

KANAYA: A Sort Of Sacrifice Youve Had To Make Yes

ROXY: yeah

KANAYA: Sacrifice Abounds It Would Seem

KANAYA: I Dont Know Of Anyone Presently Alive Who Hasnt Had To Trade Something Very Important To Them In Exchange For Continuing To Be A Material Seeker In This Endeavor

KANAYA: You Were Forced To Trade Something Too But In Return Youve Been Able To Do Something

KANAYA: Something So Wonderful That

KANAYA: I Guess Im Judging Your Accomplishment From An Especially Personal Vantage

KANAYA: But No Matter What Else You Have Been Through

KANAYA: I Believe You Can Say Youve Done Something As Important As Anyone Could Ever Hope To Do

ROXY: aw yeas 8)

ROXY: i hope so!

ROXY: i really hope it all works out and you make a super successful trollworld 2

KANAYA: Yeah

KANAYA: I Want It To Be A Good Place

KANAYA: Not So Much Like Where Im From

KANAYA: It All Sounds

KANAYA: Really Daunting Actually

KANAYA: Not Even Just The Propagation Of My Kind But Managing To Do It Responsibly

KANAYA: Just Causing Millions Of Beings To Exist For The Sake Of Doing So

KANAYA: And Dismissing Responsibility For What Sort Of People They Become

KANAYA: That Isnt Good Enough For Me

KANAYA: I Think Echidna Was Right

KANAYA: Ill Need Him

dialoglogROXY: count me in! :D

KANAYA: I Will

KANAYA: But

KANAYA: As Of The Immediate Point In Time

KANAYA: I Dont Know What To Do Anymore

ROXY: hm??

KANAYA: Before You Came

KANAYA: I Was On My Way To Join You And Rose And John

KANAYA: Feeling Quite Sure I Was About To Get Ready To Fight

KANAYA: But Then You Gave Me This

KANAYA: And Now Im Unsure Of Everything To Which I Just Imminently Committed Myself

ROXY: how so

KANAYA: I Want To Help Us Win

KANAYA: But I Also Have A Lot Of Responsibility Now

KANAYA: In A Way That Is Much More Tangible And Also Spiky And Round And Sharp Than Just A Few Minutes Ago

KANAYA: And I Feel I Have To Consider Risk To Myself Is Now Also The Same As Risk To The Future Of My People

KANAYA: Does That Make Sense

ROXY: ooh i see

ROXY: yeah!

ROXY: it is like.....

ROXY: like say a mother wolf being all ready to stand up to some other asshole of nature

ROXY: like a nasty bear

ROXY: and shes ready to fight and all but also shes got to think about what happens to her pups if she gets hurt yeah?

KANAYA: Something Like That

KANAYA: Except Id Relate More To An Analogy That Didnt Involve Weird Alien Creatures

ROXY: oh sure

ROXY: just imagine instead of a wolf its like

ROXY: a mother uhhhh

ROXY: help me out here

KANAYA: Musclebeast

ROXY: a beautiful mother musclebeast

ROXY: and instead of a bear

ROXY: its um

ROXY: a metroid

KANAYA: Lets Say Good Enough

ROXY: damn straight

ROXY: be fuckin fight of the year right there

ROXY: but yes that concern is completely understandable

ROXY: you dont gotta fight if you dont want!

ROXY: but im sure we could really use the help

KANAYA: Would I Actually Be Of Much Use

ROXY: i think so!

ROXY: id look at it this way

ROXY: none of this next gen troll stuff is even going to matter if we dont win this fight

ROXY: so we have to prioritize beating all these goddamn villains

ROXY: specially the witch!

ROXY: any extra edge is going to help

ROXY: and tho i admit i dont know much about you i am feeling prrrettyyy confident in my assessment that u are probably some sort of sick deadly bitch

KANAYA: Who Told You My Secret

ROXY: i knews it ;)

ROXY: in fact i would BET

ROXY: that you could USE your concern for all ur future space pups to be WAY extra deadlier in this fray

ROXY: maybe youd make the whole difference??

ROXY: the point is we need you now just as much as anyone in the future will

ROXY: and we are ALL riskin stuff and ALL in this together and if youre with me and rose and

john, dont worry we aint gonna let anything happen to you

ROXY: i promise!!!!

KANAYA: Dang

ROXY: dang?

KANAYA: That Was Really Motivational And I Feel Very Inspired Now

ROXY: for real?!

KANAYA: Yes

KANAYA: A Little Corny But Definitely Genuine And Moving

KANAYA: And Now Im Suddenly Psyched Again To Go Dunk A Narcissistic Fish Woman Into A Sea Dumpster

ROXY: FUCK YES

KANAYA: Not To Project Myself As Someone Fickle Or Lightly Swayed On Big Decisions

KANAYA: Maybe It Was Just A Roughly Thirty Second Spell Of Cold Feet And I Just Snapped Out Of It I Dont Know

KANAYA: But You Really Do Seem To Have A Way With Motivational Words

KANAYA: You Must Be A Natural Leader

KANAYA: I Think Your Group Was Lucky To Have You

ROXY: me?? nuhhh

ROXY: im not naturally good at that at all

ROXY: i mostly just yelled at my friends cause they were such a gaggle of frustrating bozos

ROXY: i guess im just feeling way inspired by the fact everyone is here together and we are all about to try and do something huge and important

ROXY: ive also watched john in action a bit and he is VERY good at that stuff

ROXY: hes actually so good at being inspiring hes inspired me to try and be... more inspiring? that sounds dumb as hell but is true as shit

ROXY: i also love how hes got NO IDEA how good he is at leadery stuff, its

ROXY: it

ROXY: it is so inspirationally friggin adorable

dialoglogVRISKA: I'll be taking this, if you don't mind.

VRISKA: Not that I care if you mind.

VRISKA: For that matter, not that there's any chance you could possibly mind what ANYONE does with this deadly secret weapon, since you've made it perfectly clear what sort of person you want to be.

VRISKA: Which is to say, someone who's dedicated her entire existence to being utterly useless.

(VRISKA): W8.....

(VRISKA): Which version of me are you?

(VRISKA): Are you alive?!

VRISKA: Be quiet. I'm talking.

VRISKA: Look at you.

VRISKA: Just loooooooooook at you.

VRISKA: How completely pathetic.

(VRISKA): What?

(VRISKA): What's your problem?!

VRISKA: My problem is you make me fucking sick.

VRISKA: Did you know that?

VRISKA: That it was possible for you to go so far down whatever toilet you decided to jump into however long ago, that you could literally make your own stomach turn?

VRISKA: I mean, my god.

(VRISKA): What are you talking about?

(VRISKA): Is it my new clothes and tattoo and stuff?

(VRISKA): Look, I remember feeling that way too, all stuck up about certain-

VRISKA: It's not your new look!

VRISKA: I mean, not that it's the slightest bit flattering.

VRISKA: In fact, I think it's perfect for you!

VRISKA: I couldn't possibly imagine a style more impeccably suited to what a loser you've become.

(VRISKA): Loser??

(VRISKA): Hey, come on now, I...

VRISKA: Yes, LOSER!!!!!!!!!!

VRISKA: You are a loser.

VRISKA: I'm sorry to be the bearer of bad news, but that is what you are now.

**[A6A6I5] =====>**

**30/06/15**

dialoglogVRISKA: Are you really so far removed from reality that you can't see it?

VRISKA: Did this... "transformation" happen so gradually that you just... didn't notice?!

VRISKA: I find it hard to believe, and frankly more than a little disturbing, that some version of me could let this happen to herself without being at least SOMEWHAT aware that a dreadful decline of personal integrity was taking place.

(VRISKA): I'm not a loser though!

(VRISKA): I LIKE who I've become.

(VRISKA): I actually feel happy and good about my life for the first time in... maybe forever??

(VRISKA): Like, ACTUALLY good about my life in a way that feels real, instead of forced. Don't you realize that's what it was like for us?

VRISKA: You don't have a life!

VRISKA: You're DEAD, remember?

VRISKA: I'm the one with the life!

VRISKA: And I fully intend to use it in a relevant and constructive way to help bring an end to all the horrible shit that's been going on for way too long.

VRISKA: Remember when you used to care about that sort of thing?

VRISKA: No, obviously not.

VRISKA: All you care about now is bullshit hipster fashion trends, feeling "happy", and... whatever the fuck it is you're doing here?

VRISKA: Frolicking with some horses in an ugly field or some shit.

VRISKA: Just absolutely disgraceful.

VRISKA: How could I have become so selfish??

VRISKA: You do know this is selfish, right?

VRISKA: This isn't having some fucking "epiphany" or like "growing as a person" or whatever self-serving spin you might be putting on what's happening here.

VRISKA: It's just plain narcissism, the worst kind you're capable of. A total renunciation of any responsibility for contributing to the greater good.

VRISKA: And it makes me FUCKING SICK.

(VRISKA): No, that's not what it's like!

(VRISKA): You don't understand. You haven't...

(VRISKA): Like, been through...

VRISKA: Been through WHAT?

VRISKA: I've been through plenty. Don't get patronizing with me.

VRISKA: How did you die, again?

VRISKA: Weren't you being stubborn and insisting on going off to fight Jack, even though that was obviously an ill-conceived plan that was going to get everyone killed?

VRISKA: There it is again, making it all about you, even when trying to be heroic. You let that need blind you and you did something really stupid, basically leaving NO OTHER OPTION but for you to get killed.

VRISKA: So since you started your journey as a ghost with that little feat of self-absorption, is it any surprise that after however many pseudo-sweeps floundering around as a lost soul, THIS is where you end up? A shamelessly self-indulgent, punk-ass NOBODY?

(VRISKA): Well... are you saying you didn't try to go fight Jack?

(VRISKA): What happened? How... how are you the version that's still alive? I don't...

VRISKA: Different shit happened!

VRISKA: And from that point on, I started making better choices, unlike you.

VRISKA: Contrary to your lazy fakey "happy" shit, I've ACTUALLY GROWN AS A PERSON.

VRISKA: What do you think of THAT, you frivolous, dithering BITCH???????

(VRISKA): !!!!!!!!!

VRISKA: Yet I keep standing here wasting my time dishing out this well deserved smackdown. Maybe I'm paralyzed by disgust???????

(VRISKA): Why are you being so mean to me??  
VRISKA: Mean? I'm just telling it like it is, sister.  
VRISKA: The truth is often harsh. That's something you USED to understand.  
VRISKA: But now you appear to be the physical embodiment of everything I detest.  
VRISKA: God, I just can't get over your shitty makeover. Ugh!!!!!!!!!!  
VRISKA: Hey, did you...  
VRISKA: Did you GAIN W8, too?????????  
(VRISKA): What?!  
(VRISKA): No!  
(VRISKA): I didn't... I'm not...  
VRISKA: Yes you did. I'm not blind, you know.  
(VRISKA): I'm not fat!!!!!!!!!!  
VRISKA: Sure, tell yourself whatever you want.  
VRISKA: Whatever lets you be "at peace" with your "new life"! Hahahahahahahaha.  
(VRISKA): Why are you saying all this stuff to me?  
(VRISKA): What did I ever DO to you?????????  
(VRISKA): I don't under-  
(VRISKA): \*Sniff.\*  
VRISKA: Holy shit.  
VRISKA: This is actually getting to you, isn't it? Unbelievable.  
VRISKA: Well, that tears it. You really are beyond any sort of redemption.  
VRISKA: Fucking incredible. What ever happened to having a thick skin? Letting stuff roll off your back?  
VRISKA: Not letting shit get to you, because you always knew you were better than the one slinging it?  
VRISKA: I guess this is what you call happiness now? Letting a few tiny little bars shatter your self esteem?  
VRISKA: You aren't happy. You're a hilarious trainwreck combined with a sad punchline, and I'm ashamed to share an identity with you.  
(VRISKA): STOP IT!!!!!!!!!!

(VRISKA): How could I have ever been so AWFUL?!  
VRISKA: Ok, this is just getting embarrassing.  
VRISKA: Time to shove off. Though truth be told, I should probably delay killing Lord English a little longer, just so he can put you out of your misery.  
(VRISKA): JUST GO AWAY!  
(VRISKA): \*So8\* ...  
(VRISKA): I H8 Y8U!!!!!!!!!!

VRISKA: Shit, I'm feeling more adventurous and worthwhile as a person just thinking about it!

VRISKA: Anyone who feels the same way is more than welcome to join me.

VRISKA: Say, how about you, punky-lookin' Peixes?

VRISKA: Does that sound like it might be the cut of your jib?

dialoglogNANNASPRITE: There you are!

NANNASPRITE: I have been looking forward to meeting you, dear. :B

JANE: You have?

JANE: Who are you?

NANNASPRITE: I'm you!

NANNASPRITE: But most know me as John's Nanna. Hoo hoo!

JANE: Oh, yes!

JANE: He told me about you.

JANE: Gosh!

JANE: Pleased to meet you... Nanna, I guess I should call you?

NANNASPRITE: Suits me!

JANE: Calling you Jane might feel a bit strange.

JANE: Also, perhaps disrespectful?

NANNASPRITE: And why is that?

NANNASPRITE: It is my name after all.

JANE: Yes, but,

JANE: You are my senior by many decades, I gather.

JANE: And you have so many more years of life experience, and wisdom, and you...

JANE: Seem to be dressed like a clown?

NANNASPRITE: :B

JANE: Not to disparage your fanciful attire. I quite like it.

JANE: I just mean that...

JANE: You've been through more than I can imagine.

JANE: I couldn't call you by my name. It would feel wrong and flippant to treat you like my equal.

NANNASPRITE: But really, Jane, the honor of meeting you is all mine!

NANNASPRITE: I have been looking forward to it so much since I learned of your existence.

NANNASPRITE: Ever since I spent that one day helping John through his session, there haven't been many reasons for me to feel particularly worthwhile.

NANNASPRITE: Yes, I tended to him and his sister for several years, baked for them, lent a sympathetic ear when needed...

NANNASPRITE: But in a way, it's been a lonely life for me since my ashes fell in this silly old sprite.

NANNASPRITE: I've been strictly an auxiliary actor, there only to serve others even during my greatest moments to shine!

NANNASPRITE: So when I heard of you, a version of myself who was a true hero, so young, empowered, and set to embark upon a life filled with consequential deeds...

NANNASPRITE: I was absolutely giddy. I knew that we had to meet!

JANE: Oh... my!

JANE: You,

JANE: You really feel that way about me?

NANNASPRITE: Yes, Jane!

NANNASPRITE: I do not mean to suggest I regret the way my life has gone, of course.

NANNASPRITE: I lived a very humble life, as free of intrigue and adventure as possible, by choice.

NANNASPRITE: You see, I grew up in dangerous circumstances. I knew how cruel the woman who raised me could be, and what she might do to me or the people I loved if I made waves, or demonstrated any sense of defiance.

NANNASPRITE: So I lived simply. I started a family, and operated a quiet joke shop. Though I always knew trouble was brewing, they were the best years of my life.

NANNASPRITE: Yet I always had a little more knowledge than I ever let on, and used my

understanding in subtle ways to help those to whom the torch would be passed in this great fight.

NANNASPRITE: But then, I made the transition from knowing some things in life, to knowing a great deal more in death. Being resurrected as a sprite endowed me with a very deep knowledge of the game and its broader circumstances. I was in peak form, a true harlequin wisewoman, and there was nary a question I couldn't answer.

NANNASPRITE: And then, the dear kids scratched their session, and cast themselves into the unknown.

NANNASPRITE: I ventured with them, and so I too lost my bearing on the nature of what lay ahead.

NANNASPRITE: I went from my prime, a state of all-understanding, to a state of absolute uncertainty. For the first time in about as long as I could remember, I had no idea what to expect next.

NANNASPRITE: It was quite freeing in a way! I had a wonderful three years on that ship with those lovely children. I thought little of what challenges were ahead.

NANNASPRITE: But when I did, my thoughts would always drift toward you, Jane.

NANNASPRITE: Thinking about you, and this adventure you were about to begin, it made me feel like a child again.

NANNASPRITE: It gave me the feelings I used to have for the limitless potential of life, before my stepmother snuffed them out, confronting me with the reality that life would have to take a considerably more limited shape if I wished to survive.

NANNASPRITE: So when I look at you now, I see the potential I had as a child finally being realized.

NANNASPRITE: But in a much more special way than I ever would have imagined back then!

NANNASPRITE: It makes me so proud to see you as a heroic young woman, ready to make a difference, and forge your own destiny.

NANNASPRITE: I just wanted to tell you this before you go off to battle!

JANE: Oh jeez.

JANE: Nanna, I don't know what to say.

JANE: Thank you so much for those inspirational words!

NANNASPRITE: Hoo hoo!

JANE: I think John was really lucky to have you as a sprite. Not to mention, a grandmother, of course.

JANE: It's no wonder he appears to have his act together.

JANE: Maybe I would have been better off if I had someone like you to advise me from the start of all this.

JANE: Maybe I wouldn't have felt so lost.

NANNASPRITE: It's normal to feel lost, though.

NANNASPRITE: And believe me, needing to find your own way in time will make you a lot wiser than having an old lady around to spoon feed you all the answers.

NANNASPRITE: In any case, you have me now!

NANNASPRITE: I think it's been quite a long time since John has needed my guidance.

NANNASPRITE: The boy has grown so much since he clobbered me with a joke book on that fateful day.

NANNASPRITE: From now on, I'd be pleased if you would consider me your sprite. :B

JANE: Wow! :O

JANE: Oh my goodness, yes, please!

NANNASPRITE: In fact, I heard from the cat girl that you and she are on healing duty in this spectacular fray coming up.

NANNASPRITE: It so happens that healing is my specialty. Next to baking of course. (And pranks.)

NANNASPRITE: Why don't I assist?

JANE: That would be great too!

NANNASPRITE: Oh! And Jane, one more thing.

NANNASPRITE: Just so you know...

JASPROSESPRITE^2: What FILTH would dare to debase you in this manner?!

VRISKA: Hi Joke, nice to hear from you again.

VRISKA: This is Vriska.

JAKE: Who?

VRISKA: God damn it. Never mind who.

VRISKA: The really attractive and outspoken girl you just saw jump into a window a little while ago. Remem8er?

JAKE: Oh yeah.

JAKE: Haha hello again. What can i do for you?

VRISKA: Glad you asked, 8uddy. You know, for a mostly inconsequential wimp, you're very polite and have a gr8 attitude!

JAKE: Thanks. I try my best.

VRISKA: Is Tavros there?

JAKE: Yes.

JAKE: Hes sneezing a lot though. Probably due to the recently surging number of cat people in the vicinity?

JAKE: Would you like to speak to him?

VRISKA: No!

VRISKA: God no. That would just waste time on a lot of his pointless hemming and hawing.

VRISKA: My 8usiness here is really simple. I just need to close one more significant loophole 8efore you all start fighting.

VRISKA: This is the final remaining task I had reserved for Tavros. He doesn't know what it is yet though.

VRISKA: So I'll need your help, Joke.

JAKE: Sure.

JAKE: What do you need?

VRISKA: I need you to reach into your pocket.

JAKE: My pocket?

JAKE: I...

JAKE: Yeah.

JAKE: What happened??

VRISKA: I had to neutralize another wildcard threat in that session.

VRISKA: Who the fuck knows WHAT that first guardian cat would have done during your battle.

VRISKA: Or for that matter, to what extent it's still in the service of the Condesce.

VRISKA: Cats are pretty mysterious, after all.

VRISKA: I needed to take it out of the picture.

VRISKA: The best way to do that was sweep it up into the body of a person who's much more manageable, and mentally suggestive.

VRISKA: Tavros can ride out this whole battle while sleeping peacefully now, which frankly, is better for him, and a LOT better for all of you now that you don't have to worry about another brainless omnipotent critter scurrying around, wreaking havoc.

VRISKA: You just have to make sure he doesn't wake up until the action is over!

VRISKA: Same rules apply to him that apply to Jade.

JAKE: So...

JAKE: Hes like that permanently now right?

VRISKA: Yep!

VRISKA: That's how prototyping works. I made sure he was never double-prototyped over the course of the session for this exact reason.

VRISKA: Sometimes it takes a little patience and long range planning to make sure all the loose ends are tied up.

JAKE: But.

JAKE: Doesnt this mean hes now allergic to himself?

VRISKA: Is he??

VRISKA: I dunno, man.

VRISKA: I never really knew how bad his allergies were?

VRISKA: You know what, whatever. When this is all over, I guess he'll have to deal with a little sneezing now and then, but he'll ALSO have a bunch of totally sick godlike powers.

VRISKA: So that's pretty cool, right??

VRISKA: Look kid, you're a little new to the extended scene of everything going on here, but there's kind of been a long history of people under-appreciating how much shit I do for this guy that looks kinda bad but is actually in his best interest.

VRISKA: He'll wake up, acclimate to his new existence, and when the time comes I'm sure he'll be thanking me later.

JAKE: I see.

JAKE: Hmm yeah when you put it that way...

JAKE: I guess youre right.

JAKE: Maybe old tavy's actually pretty lucky to have a friend like you.

dialoglogVRISKA: Ok! That little point of business is done.

VRISKA: Thanks for bearing with me. Executing this whole strategy has turned out to be a really ambitious project!

MEENAH: nice watch dealie

MEENAH: how much that worth

VRISKA: How much?

VRISKA: I have no idea. I guess it depends on a lot of things, like the units of currency, the presumption of an actual market for it, its scarcity... honestly I just alchemized the thing quite easily, and somebody else probably could too.

MEENAH: god dammit that answer was too complicated

MEENAH: got a fuckin professor of economics over here

VRISKA: Are you saying you want to buy my spider watch??

MEENAH: na serk

MEENAH: spider swag aint my kettle of fish

VRISKA: I didn't think so!

VRISKA: Anyway, like I was saying, that takes care of that.

VRISKA: At this point I think we could use a debriefing. Would you care to do the honors?

MEENAH: wat

VRISKA: Regarding the mission you were previously involved with, which I can only presume gradually fizzled out.

VRISKA: Securing this weapon, searching for a lost cheru8, and raising an army to defeat Lord English?

MEENAH: ooh right

MEENAH: man

MEENAH: T)(AT old thing

MEENAH: yeah i can debrief

MEENAH: i aint much a storyteller tho

MEENAH: much to the lament of my former bestie

VRISKA: That's fine!

VRISKA: I don't need you to dazzle me here.

VRISKA: I just want the fucking scoop.

MEENAH: thats why youre the top serk 38)

MEENAH: ...

MEENAH: .....

MEENAH: hey

VRISKA: What?

MEENAH: can i ask a kinda personal question

MEENAH: i mean not even that personal but whatev

VRISKA: Sure...?

MEENAH: how old are you

VRISKA: Uh,

VRISKA: Almost seven and a half sweeps.

VRISKA: Getting close to eight!!!!!!!

VRISKA: I proba8ly sound like a fucking nerd, 8ut I've 8een excited a8out reaching that milestone pretty much my whole life.

MEENAH: 7.5 huh

MEENAH: i guess thats a lil more respectable

VRISKA: More respecta8le than what?

MEENAH: nofin

MEENAH: change of subject

MEENAH: that old ass mission...

**[A6A6I5] ====>**

**07/07/15**

dialoglogMEENAH: so yeah we all piled in a damn pirate ship and sailed around the ring in this huge circle

MEENAH: english followed us and wrecked shit as he went  
MEENAH: that helped us chart a path to the treasure somehow  
MEENAH: like using black maps and junk  
MEENAH: with like  
MEENAH: cartographic calculations and scopes and fuckin sextants and whatnot  
MEENAH: im not even sure how but that weird ass idea actually worked  
MEENAH: we found the treasure  
MEENAH: well YOU did  
MEENAH: but you were also kinda goin nuts and driving everyone away from the crew  
MEENAH: i stuck around though cause i didnt give a flying glub  
MEENAH: aranea bailed though  
MEENAH: she caught wind of that magic ring and i guess it got to her  
MEENAH: the delusions of grandeur about being alive again and doing relevant shit  
MEENAH: so she ollied out and stole it and made the most embarrassing mess of things i ever heard of anyone doin ever  
MEENAH: she totally failed in whatever she was trying to do  
MEENAH: got the ring ganked from her then died again  
MEENAH: i never saw or heard from her ever since and tbh i dont really want to  
MEENAH: that left just me and you  
MEENAH: well OT)(-ER you  
MEENAH: tryin to figure out what to do with this deadly box a treasure  
MEENAH: basically we couldnt decide on anything  
MEENAH: and were feelin pretty flat on the plan overall  
MEENAH: so we just gave up and wandered off to do other shit for a while  
MEENAH: and you... i mean she...  
MEENAH: mellowed WAY the fuck out  
MEENAH: which was actually sorta cool for a bit but also sorta...  
MEENAH: k never mind that  
MEENAH: we just kept bubble hopping for i dont even know how long  
MEENAH: which got uh  
MEENAH: reely boring after a while 38\  
MEENAH: i never had the thump tortoise to tell her though  
MEENAH: uh i mean until now  
MEENAH: in fact i pretty much just forgot about the whole plan until you showed up  
MEENAH: you made it sound pretty cool again so i was like  
MEENAH: yeah im on board  
MEENAH: and thats bassically the whole story  
MEENAH: oh  
MEENAH: yeah...  
MEENAH: and that "lost cherub" part of the plan  
MEENAH: afaik that was a bogus red distraction fish and she probably dont matter at all  
MEENAH: guess thats everything

**[A6A6I5] =====>**

**07/07/15**

dialoglogVRISKA: Good recap!

VRISKA: At least you 8oth had the presence of mind to hang on to the weapon.

VRISKA: Now it's up to us to use it.

VRISKA: What a8out this army though?

VRISKA: It still sounds like an important part of the plan to me.

VRISKA: Having just the two of us walk str8 up to Lord English, cold go88lefiend... that sounds like a recipe for disaster, weapon or no weapon.

VRISKA: An army of ghosts throwing everything they've got at him sounds like a gr8 strategy.

VRISKA: Like, a sort of 8uffer, giving us a little space to get ready to deploy the weapon when he seems vulnera8le.

MEENAH: yeah that makes sense

VRISKA: Do you think we pick that up where we left off?

MEENAH: man

MEENAH: dunno

MEENAH: that was one of the things that made us wonder if it was even worth bothering anymore

MEENAH: it was mostly this whole mind control stunt

MEENAH: apparently aranea was towing most of the load there???

MEENAH: then she peaced the hell out and got owned

VRISKA: I see.

VRISKA: Then yeah, this is going to 8e a little trickier than I thought.

VRISKA: Why don't we 8rainstorm on it for a while?

MEENAH: aight

MEENAH: well fuck

**[A6A6I5] =====>**

**07/07/15**

dialoglogVRISKA: It's not a huge deal. We've got plenty of time to come up with something.

VRISKA: There's no rule that says we even NEED an army. We just need a way of deploying the weapon that will maximize the pro8a8ility it'll actually work.

MEENAH: true

VRISKA: We'll figure it out!

MEENAH: so

MEENAH: do you even

MEENAH: know what that weapon does yet or...

VRISKA: Not specifically.

VRISKA: We only know that it's some sort of juju that will activate when it gets near him.

VRISKA: We won't have to do anything at that point, theoretically. The weapon should just take over.

VRISKA: All we have to go on is a bunch of vague stories we heard along the way through dream bubbles.

VRISKA: Some presume it's something obvious like sort of charm that releases an extremely powerful attack.

VRISKA: Other sources allude to a more specific consequence.

VRISKA: That the weapon actually contains the souls of some incredibly powerful warriors of legend who came close to beating him once, so he trapped them inside the charm and banished it into the void.

VRISKA: And if that's the case, then... I guess the weapon just releases them so they can finish the job?

VRISKA: Guess we'll find out!

VRISKA: Should be exciting.

VRISKA: Still, it's way too risky to try springing it on him without creating a major distraction first.

VRISKA: Really, the ghost army idea sounded like the perfect approach. No wonder that was the original plan.

VRISKA: Who's idea was that, anyway?

MEENAH: yours

VRISKA: Yeah, I figured as much.

VRISKA: There's GOT to be another way to get that off the ground again.

VRISKA: I guess we don't have my ancestor's advanced abilities anymore, but at least we have mine to work with, right?

MEENAH: if you say so

VRISKA: So between my mind control powers, and your...

VRISKA: Your, um...

VRISKA: What was it you do again?

MEENAH: i make fuckin money bitch

VRISKA: ...

VRISKA: I see.

VRISKA: Sorry for doubting you, Meenah. That's, um...

VRISKA: I'm sure that'll come in real handy.

dialoglogJAKE: So i take it i am to stand in for the mad hatter in this charade?

JASPROSESPRITE^2: Yes.

JAKE: Except... wasnt the mad hatter supposed to be like... in charge of the tea party or something?

JAKE: I really dont know what im supposed to be doing here.

JASPROSESPRITE^2: Nothing! Just sit there quietly please.

JASPROSESPRITE^2: No offense, but you are only a prop actor in this fanciful scenario, which is serving as the stage for my date with this lovely lady.

NEPETASPRITE: :33 < wait...

NEPETASPRITE: :33 < this is a date?

JASPROSESPRITE^2: Oh! Yes.

JASPROSESPRITE^2: I'm sorry I didn't mention sooner, Nepeta.

JASPROSESPRITE^2: Is that ok?

NEPETASPRITE: :33 < um

NEPETASPRITE: :33 < i guess so!

NEPETASPRITE: :33 < im still a bit confuzzled about what is actually happening though

JASPROSESPRITE^2: There will be plenty of time for explanations!

JASPROSESPRITE^2: For now, I invite you to relax and enjoy our party on this peaceful and desolate hilly planet, while that mild mannered boy across the fridge sips his tea quietly.

NEPETASPRITE: :33 < ok but...

NEPETASPRITE: :33 < im manely just wondering, where is everyone?

NEPETASPRITE: :33 < like... equius? karkat? are they ok?

JASPROSESPRITE^2: They're fine!

JASPROSESPRITE^2: Well, Karkat is fine. Alive and well, in this session.

JASPROSESPRITE^2: Equius is also fine, in the same sense that you and I are both fine! :3

JASPROSESPRITE^2: Everyone else enjoys various states of being fine while alive, and fine while dead.

NEPETASPRITE: :33 < oh

NEPETASPRITE: :33 < hrrm well

NEPETASPRITE: :33 < SOME of that sounds like good mews at least?

JASPROSESPRITE^2: It's all good news! I mean mews. :3 Especially that we are both here now,

on this date together.

JASPROSESPRITE^2: Again, assuming you are ok with that. No pressure!

NEPETASPRITE: :33 < i will say its a very nice looking tea party you have here

NEPETASPRITE: :33 < but ummmmm

NEPETASPRITE: :33 < ive never actually...

NEPETASPRITE: :33 < b33n on a date

JASPROSESPRITE^2: There's a first time for everything, right?

JASPROSESPRITE^2: I remember my first date. I was so nervous! "Life hack." It helps if you are very very drunk.

JASPROSESPRITE^2: Not that I am prescribing this as a remedy for you! It's ok to be nervous.

JASPROSESPRITE^2: Besides, I sincerely doubt you are partial to the drink. I have a feeling catnip's your poison, eh? Eh?? Ehhh??? ;3

NEPETASPRITE: :33 < ive never tried either

NEPETASPRITE: :33 < sorry :\

NEPETASPRITE: :33 < anyway its not that im nervous about a furst date necessarily!

NEPETASPRITE: :33 < i just... dont know who you are or anything about you

NEPETASPRITE: :33 < you look like one of the human kids but... different. you s33m to be part kittycat now?

JASPROSESPRITE^2: Yes Nepeta I am part kittycat now! :3 :3

JASPROSESPRITE^2: Events conspired to make me equal parts not dead, half kittycat, and two sprites!

JASPROSESPRITE^2: But the other side of that pet tag is the fact that I am suddenly half human as well.

JASPROSESPRITE^2: You see Nepeta I used to be a dead cat too but now I'm an alive cat who's part girl!

JASPROSESPRITE^2: In fact, we spoke once. While I was still just a cat. Don't you remember?

NEPETASPRITE: :33 < uhhhh

NEPETASPRITE: :33 < wait a minute

NEPETASPRITE: :33 < yes...

NEPETASPRITE: :33 < yes i think i do remember that!

NEPETASPRITE: :33 < that was fun! :DD

JASPROSESPRITE^2: Chirp! :3 :3 :3 :3 :3

NEPETASPRITE: :33 < so youre the same cat then!

NEPETASPRITE: :33 < the human girl... rose was it? she and her lusus got prototyped together?

JASPROSESPRITE^2: That is exactly what happened, fortunately for us both, as well as everybody else.

NEPETASPRITE: :33 < thats very sw33t! what a nice way for you two to stay close forever

NEPETASPRITE: :33 < combining souls with my lusus sounds like it would have b33n a wonderful way to preserve her memory

NEPETASPRITE: :33 < plus share all her strength and wisdom and such!

NEPETASPRITE: :33 < i am guessing that oppurrtnuity is long gone though :cc

JASPROSESPRITE^2: It probably is. But really, I don't think you need to change!

JASPROSESPRITE^2: You are so charming and pretty exactly as you are.

NEPETASPRITE: :33 < wow...

NEPETASPRITE: :33 < thank you :oo

JAKE: Hey...

JAKE: Whatever happened to janes bunny friend... what was his name?

JASPROSESPRITE^2: Huh?

JAKE: Little sebastian i think?

JAKE: Whered he scamper off to?

JASPROSESPRITE^2: Jake, what are you talking about.

JAKE: He would be PERFECT for this tea party!

JAKE: Like the white rabbit and all.

JAKE: And im like the mad hatter for some damned reason.

JAKE: And youre supposed to be like the cheshire cat or such?

JASPROSESPRITE^2: Yes, Jake. That was the idea.

JASPROSESPRITE^2: Thank you for explaining a thing to us.

JAKE: I havent the foggiest fucking idea who sleeping tavros is supposed to be.

JAKE: Or for that matter who the honking guy in the fridge represents.

GAMZEE: HONK

JAKE: Was there a man under the table who honked sometimes in alice and wonderland?

JAKE: I really dont remember.

JAKE: So i guess that leaves the friendly cat troll as alice?

JAKE: Nepeta right? You must be the alice of the group.

JAKE: That would make sense! Since you just got here and appear to be very confused about this situation.

JAKE: By my estimation that makes you a dead ringer for the alice of this tea party!

JASPROSESPRITE^2: Jake, just drink your tea.

**[A6A6I5] ====>**

**19/07/15**

GAMZEE: honk

dialoglogJASPROSESPRITE^2: Anyway, enough of that horseshit. Back to our date!!!

JASPROSESPRITE^2: That is, if you are ok with calling it a date! Are you ok with this being a date? I mean like a romantic one??

NEPETASPRITE: :33 < i... y-

NEPETASPRITE: :33 < yes?

NEPETASPRITE: :33 < i mean, sure! :33

JASPROSESPRITE^2: Yay!!!!

NEPETASPRITE: :33 < but i still dont... actually know you that well?

NEPETASPRITE: :33 < at least not the rose part of you.

NEPETASPRITE: :33 < but i suppose maybe that is the point of a date... to get to know the other person a bit better?

JASPROSESPRITE^2: Yes! Yes Nepeta, exactly! That is exactly the point of a date! :3

NEPETASPRITE: :33 < h33h33, okay then!

NEPETASPRITE: :33 < uh hmmm so what do we talk about?

JASPROSESPRITE^2: Anything you would like, beautiful. ;3

NEPETASPRITE: :33 < ...

NEPETASPRITE: :33 < j33z

NEPETASPRITE: :33 < rose

NEPETASPRITE: :33 < i mean

NEPETASPRITE: :33 < rose cat...

JASPROSESPRITE^2: Jasprose!

NEPETASPRITE: :33 < jasprose i...

NEPETASPRITE: :33 < h33h33h33

JASPROSESPRITE^2: What is it?

NEPETASPRITE: :33 < youre making me blush!

NEPETASPRITE: :33 < my head probably looks like a big old olive here

JASPROSESPRITE^2: It's quite a lovely color. :3:3:3

NEPETASPRITE: :33 < i dont...

NEPETASPRITE: :33 < ahhhh!

NEPETASPRITE: :33 < X33

JASPROSESPRITE^2: Is something wrong?

NEPETASPRITE: :33 < no i just

NEPETASPRITE: :33 < sorry

NEPETASPRITE: :33 < ive never really had anybody like me before!

NEPETASPRITE: :33 < im not sure how to handle it

JASPROSESPRITE^2: I find this very hard to believe.

JASPROSESPRITE^2: Nobody? Are you sure??

NEPETASPRITE: :33 < pretty sure!

JASPROSESPRITE^2: What a reprehensible injustice. Had your colleagues no taste???

NEPETASPRITE: :33 < heh

NEPETASPRITE: :33 < well ok i guess eridan hit on me a few times

NEPETASPRITE: :33 < but his advances always struck me as cr33py and insincere

JASPROSESPRITE^2: A pox on the name of this charlatan. I hiss on his grave.

NEPETASPRITE: :33 < hes dead?

JASPROSESPRITE^2: Yes.

NEPETASPRITE: :33 < gosh

NEPETASPRITE: :33 < i mean... he could be kind of a jerk sometimes but that is still a shame :((

JASPROSESPRITE^2: No it isn't. It's fine. Please! Continue!

NEPETASPRITE: :33 < huh?

JASPROSESPRITE^2: You were saying? About being liked!

NEPETASPRITE: :33 < oh right

NEPETASPRITE: :33 < um i am just

NEPETASPRITE: :33 < still somewhat confused?

NEPETASPRITE: :33 < im not sure why you like me

NEPETASPRITE: :33 < not that im not flattered!

NEPETASPRITE: :33 < but you dont really know much about me

NEPETASPRITE: :33 < or...

NEPETASPRITE: :33 < do you?

JASPROSESPRITE^2: No, not really.

JASPROSESPRITE^2: I just know that you are very pretty, and from my limited interaction with you as a cat, that you are personable and kind.

JASPROSESPRITE^2: I don't need to know much else about you to like you. I am a catgirl of simple tastes. :3

NEPETASPRITE: :33 < haha

NEPETASPRITE: :33 < ok

NEPETASPRITE: :33 < i guess i cant argue with that!

NEPETASPRITE: :33 < for what its worth you s33m very nice and pretty as well

JASPROSESPRITE^2: !!!!!!!!!!!!!!!!

JASPROSESPRITE^2: (Jake, did you hear that?!)

JASPROSESPRITE^2: (She likes me too! This is almost too good to be true.)

JAKE: I think you should both kiss!

JASPROSESPRITE^2: JAKE!!!

JASPROSESPRITE^2: Please, mind your manners.

JASPROSESPRITE^2: I mean, not that that isn't an EXCELLENT idea.

JASPROSESPRITE^2: But all things in due time. There is a PROCESS to this courtship business.

JASPROSESPRITE^2: Much how one doesn't just LIE DOWN for a nap. The bedding must be ritualistically kneaded and massaged before lowering oneself in a circular fashion for a prime snoozing position.

NEPETASPRITE: :33 < :oo

NEPETASPRITE: :33 < oh my goodness what a beaustnifful analogy :'33

JASPROSESPRITE^2: Besides, she has only been prototyped once.

JASPROSESPRITE^2: I believe unprototyped or once-prototyped kernels can whether brief or incidental contact, the same way you can investigate the flame of a candle without burning your nose as long as you are quick enough.

JASPROSESPRITE^2: But the sort of contact we are talking about here would be ANYTHING but incidental. ;3 ;3 ;3

NEPETASPRITE: :33 < omg

NEPETASPRITE: :33 < you are making me blush again with all this kissing talk!

NEPETASPRITE: :33 < how can you be so forward about those things?

NEPETASPRITE: :33 < i have never met anyone who was so brazen and confident about liking somebody

NEPETASPRITE: :33 < how do you do it???

JASPROSESPRITE^2: There isn't much too it.

JASPROSESPRITE^2: I used to be quite guarded about my feelings as a girl.

JASPROSESPRITE^2: But cats do not have complicated thoughts about what should be expressed and when.

JASPROSESPRITE^2: What to convey about your current state of mind is everything. When to do it is now.

NEPETASPRITE: :33 < dont get me wrong jasprose i have a great affinity for all things feline in nature

NEPETASPRITE: :33 < but its never b33n that simple for me!

NEPETASPRITE: :33 < i get so shy and worried what people might think of me if i say how i f33l

NEPETASPRITE: :33 < im always so scared that they wont f33l the same way or just think im stupid or pathetic or something

JASPROSESPRITE^2: Was there someone you had feelings for you couldn't talk to about?

NEPETASPRITE: :33 < ummmm

NEPETASPRITE: :33 < yeah

JASPROSESPRITE^2: Who?

NEPETASPRITE: :33 < ummmmmmmmm

NEPETASPRITE: :33 < i dunno im embarrassed to say!

JASPROSESPRITE^2: You can tell me Nepeta! Please tell me your secret will be safe, I promise!

NEPETASPRITE: :33 < well

NEPETASPRITE: :33 < ok

NEPETASPRITE: :33 < as long as you can really k33p a sneakret!

JASPROSESPRITE^2: My muzzle is sealed.

NEPETASPRITE: :33 < it was karkat

NEPETASPRITE: :33 < but i never told him and im pretty sure he never found out how i felt!

JASPROSESPRITE^2: Karkat eh?

JASPROSESPRITE^2: I'll let you in on a little sneakret too. You dodged a vigorous spritzing with a spray bottle there.

JASPROSESPRITE^2: He wouldn't be any good for you. Oh no no.

NEPETASPRITE: :33 < why?

JASPROSESPRITE^2: Too many anger issues. Always with the shouting and whatnot. He's way too volatile!

NEPETASPRITE: :33 < but... i liked that about him!

JASPROSESPRITE^2: Oh, but that isn't even all there is to it!

JASPROSESPRITE^2: On our journey he was so obsessive and controlling toward his desired matesprit. I do not believe that is any way to treat a lady!

JASPROSESPRITE^2: On the contrary Nepeta. You deserve someone who will RESPECT and ADORE you.

NEPETASPRITE: :33 < well... yes

NEPETASPRITE: :33 < i always hoped to find someone like that some day

NEPETASPRITE: :33 < i dunno maybe youre right but in spite of whatever problems he might have i always felt like i saw something in him that made me think he could be that purrrson!

JASPROSESPRITE^2: Nope. Sorry to be the meower of bad news. He is just not cut out for you!

JASPROSESPRITE^2: Besides, he is involved with someone else now in that quadrant. He has moved on. And so have you!

JASPROSESPRITE^2: You are now a sprite. Neither of us have the same connection to the living we once had.

JASPROSESPRITE^2: In quite a real sense, it is fair to say that all we have now...

JASPROSESPRITE^2: Is each other. :3

DAVESPRITE: oh yeah

JASPROSESPRITE^2: Anyway, I'm happy to see you're still alive.  
JASPROSESPRITE^2: Even if your bird-like appearance is making me feel a bit riled up.  
JASPROSESPRITE^2: I'll try to control myself though.  
DAVESPRITE: cool thanks  
DAVESPRITE: so what kind of ludicrous nonsense do you have going here in the land of stonehenges and a big purple X  
DAVESPRITE: is that

dialoglogCALLIOPE: oh, hello, sir.

CALLIOPE: i'm looking for a man they call... "the mayor".

CALLIOPE: is that yoU?

**[A6A6I5] =====>**

**20/07/15**

MAYOR

dialoglogCALLIOPE: oh, silly me.

CALLIOPE: of coUrse yoU are!

CALLIOPE: it says so right there on yoUr handsome sash.

CALLIOPE: how nice it is to meet yoU!

CALLIOPE: i was told this is where jade is sleeping.

CALLIOPE: do yoU know where she is?

**[A6A6I5] =====>**

**20/07/15**

dialoglogCALLIOPE: there yoU are.

CALLIOPE: she looks so peacefUl.

CALLIOPE: how odd it is to think she is still in the dream bUbble with my other self's ghost.

CALLIOPE: what coUld they be talking aboUt?

CALLIOPE: the cUriosity is maddening!

**[A6A6I5] =====>**

dialoglogJADE: sooooo

JADE: where exactly are we going?

CALLIOPE: back to the source of all this.

JADE: um

JADE: and where is that?

CALLIOPE: you know already.

JADE: .....

**[A6A6I5] =====>**

**20/07/15**

dialoglogJADE: well wherever it is...

JADE: im kinda wondering if

JADE: maybe i should be waking up soon?

JADE: i feel like my friends are probably going to need me

CALLIOPE: you can't wake up just yet.

JADE: why?

CALLIOPE: it's not time.

CALLIOPE: not where your physical form is, at least.

JADE: where my physical form is?

JADE: then...

JADE: what about here?

CALLIOPE: what about here?

JADE: argh

JADE: sorry

JADE: this time stuff is really confusing

CALLIOPE: you're a space player.

JADE: yeah

JADE: i mean

JADE: if its not the right time to wake up where im sleeping...

JADE: how long do i have to wait HERE in order to wake up?

CALLIOPE: the correlation between the passage of time in the furthest ring and any given physical location is tenuous.

CALLIOPE: the measurement of time here is inseparable from the physical passage through its knotted space.

CALLIOPE: those two aspects are closely woven together here, to such an extent that they are barely separable.

CALLIOPE: all aspects are.

JADE: really?

JADE: all of them??

CALLIOPE: yes.

JADE: i understand how this place has time and space of course.... even if they work together weirdly

JADE: but

JADE: i dont see any of the others

CALLIOPE: one doesn't see abstractions.

CALLIOPE: not directly.

JADE: ...

JADE: oh

CALLIOPE: each opposing pair is in balance throughout this field so as to form a stable canvas.

CALLIOPE: though the canvas becomes less stable with each crack in the field, ordinarily one would never directly observe its constituent forces.

CALLIOPE: the canvas would seem smooth from afar, but up close, as it were, the tapestry is circuitously woven.

CALLIOPE: the aspects, while remaining in balance, interfere with each other. they interlock and intertwine.

CALLIOPE: so neither space nor time functions linearly, nor are they conventionally measurable.

JADE: wow

JADE: i am not sure i totally understand...

JADE: but that is pretty interesting!

CALLIOPE: you are predisposed to find the nuances of space intriguing.

CALLIOPE: and since its opposing aspect is more related than you perhaps have realized, the challenges of understanding it are more compelling to you than you realize as well.

JADE: yeah i guess so

JADE: physics are all about space and time and such which are fun to think about

JADE: i like all that stuff!

CALLIOPE: yes.

JADE: so youre saying space and time... and all other aspects i guess... are more closely related here than in like

JADE: umm...

JADE: more stable places, like my universe?

CALLIOPE: they are less distinct from each other here, yes.

JADE: you said passage of time is inseparable from...

JADE: traveling through space?

CALLIOPE: yes.

JADE: so if we were holding still

JADE: time wouldnt be moving either?

CALLIOPE: that is correct, in a way.

CALLIOPE: though motion itself is not the absolute process it is in a more conventional medium.

CALLIOPE: the measurement of motion requires stable features for comparison.

CALLIOPE: of which there are very few in the furthest ring, typically.

CALLIOPE: the more cracks that appear, ironically, the more the ring begins to stabilize, at least in a spatial and temporal sense.

JADE: i see

JADE: so

JADE: if the cracks werent there

JADE: how...

JADE: how would we be able to tell if we were moving?

CALLIOPE: motion through the twisted space is not gauged by passing landmarks, but anchored to a particular destination.

CALLIOPE: destination is an idea maintained by the traveler.

CALLIOPE: ideas are subtle composites of various aspects.

CALLIOPE: without clear understanding of destination, motion becomes less discernible.

CALLIOPE: with less discernible motion, passage of time becomes less measurable.

CALLIOPE: at a standstill, time loses meaning, and can seem to stretch on forever, as all events throughout reality swirl around you in no particular order.

CALLIOPE: one becomes isolated from all else. imprisoned by inertia.

JADE: hmmm

JADE: that is pretty cool too

JADE: i love spacey stuff!

CALLIOPE: yes.

JADE: you talk about it in a neat way

JADE: it kinda seems like you are trying to educate me on this

JADE: like a teacher or something :)

CALLIOPE: of course that is what i'm doing.

JADE: oh

JADE: heh

**[A6A6I5] ====>**

**20/07/15**

dialoglogJADE: well.....

JADE: not that it isnt fun talking about these cool space things

JADE: and

JADE: i know you said my real body isnt supposed to be waking up yet, wherever and whenever it is

JADE: but to tell you the truth...

JADE: i would really love to get going and see my friends again!

JADE: dont you have the power to wake me up?

JADE: the other calliope said she has that power

CALLIOPE: i do have that power.

JADE: oh

JADE: soooooo

JADE: could you please wake me up then?

CALLIOPE: no.

JADE: aw

JADE: why not!

CALLIOPE: i told you.

CALLIOPE: it is not time yet.

CALLIOPE: we must reach our destination first, in order for the requisite time to flow correctly.

CALLIOPE: only then.

JADE: maaaaan

JADE: >:(

CALLIOPE: why the hurry?

CALLIOPE: you have already proven your heroism in the moments when it was needed most.

CALLIOPE: it is important to know when the greatest good is best served by remaining dormant.

CALLIOPE: whether that burden is for close to eternity, or only a few more minutes.

CALLIOPE: it is something to learn as a space player.

CALLIOPE: space falls back. it yields. hosts the play silently.

CALLIOPE: then, it roars to life when its time comes, showing all who is really the master.

CALLIOPE: and so too when the time comes, it collapses in on itself, taking all else with it.

DAVEPETASPRITE^2: B33 < well what are you?  
DAVEPETASPRITE^2: B33 < i mean  
DAVEPETASPRITE^2: B33 < what do you f33l like now a boy or a girl  
DAVEPETASPRITE^2: B33 < your cat was a boy right?  
JASPROSESPRITE^2: Yes, he was a boy.  
DAVEPETASPRITE^2: B33 < so what does that make you now???  
JASPROSESPRITE^2: I don't know. I hadn't thought much about it.  
JASPROSESPRITE^2: I think I am probably still a girl?  
JASPROSESPRITE^2: Cats don't have particularly deep feelings about gender, or form strong identities around the idea.  
DAVEPETASPRITE^2: B33 < ok thats cool  
DAVEPETASPRITE^2: B33 < but both dave and nepeta did have strong identities as a boy and girl!  
DAVEPETASPRITE^2: B33 < so i dunno where that leaves me  
JASPROSESPRITE^2: Does it even matter?  
DAVEPETASPRITE^2: B33 < i have no idea!!!  
DAVEPETASPRITE^2: B33 < i just started being davepeta like THR33 SECONDS AGO

DAVEPETASPRITE^2: B33 < im not sure what matters to me yet

DAVEPETASPRITE^2: B33 < i mean not weird just like jarring in contrast with how both me's  
spent so long f33ling like  
JASPROSESPRITE^2: I think I know what you mean.  
DAVEPETASPRITE^2: B33 < you do?  
JASPROSESPRITE^2: Yes I was really having the time of my lives after I became Jasprose.  
JASPROSESPRITE^2: Well, for a while there, at least.  
DAVEPETASPRITE^2: B33 < fur a while?  
DAVEPETASPRITE^2: B33 < whats wrong now  
JASPROSESPRITE^2: Oh, nothing.  
DAVEPETASPRITE^2: B33 < come ooooo  
DAVEPETASPRITE^2: B33 < tell me! B33  
JASPROSESPRITE^2: It's hard to put into meows what I am feeling suddenly.  
JASPROSESPRITE^2: I think it might be...  
JASPROSESPRITE^2: Loneliness?  
DAVEPETASPRITE^2: B33 < lonelioness  
DAVEPETASPRITE^2: B33 < why?  
DAVEPETASPRITE^2: B33 < im here to k33p you company  
DAVEPETASPRITE^2: B33 < and mad hatter dude is still over there...  
DAVEPETASPRITE^2: B33 < uh  
DAVEPETASPRITE^2: B33 < doing... whatever the fuck it is hes doing?  
DAVEPETASPRITE^2: B33 < you still have lots of friends!  
JASPROSESPRITE^2: I know.  
JASPROSESPRITE^2: But since your... transformation...  
JASPROSESPRITE^2: Some feelings I thought I had put behind me at the moment of MY  
transformation quickly returned.  
JASPROSESPRITE^2: They were dug up from their shallow graves and left on my doorstep by...  
you know what?  
JASPROSESPRITE^2: I'm not even in the mood to finish that incredibly apt analogy. You will have  
to connect the dots yourself.  
DAVEPETASPRITE^2: B33 < what f33lings returned?  
JASPROSESPRITE^2: As a cat I never had any other girl cats around to be friendly with.  
JASPROSESPRITE^2: That was a very simple emotion with which I could probably cope, if it was  
all that was in play.  
JASPROSESPRITE^2: The Rose half is more complicated.  
JASPROSESPRITE^2: I have memories from a lot of Roses.  
JASPROSESPRITE^2: Is this true for you as well? I mean, memories from many Daves and  
Nepetas?  
DAVEPETASPRITE^2: B33 < yeah.....  
DAVEPETASPRITE^2: B33 < it uh  
DAVEPETASPRITE^2: B33 < sure is a clusterfuck of sad dead daves and sad dead nepetas in my  
head  
DAVEPETASPRITE^2: B33 < it f33ls alright tho  
DAVEPETASPRITE^2: B33 < like im a lot more detached from those experiences than i ever felt

before?

DAVEPETASPRITE^2: B33 < but also

DAVEPETASPRITE^2: B33 < there is a distinct f33ling of having one dave and nepeta stand out from the crowd of memories

DAVEPETASPRITE^2: B33 < the versions of davesprite and nepeta i existed as right up until we both shook hands

DAVEPETASPRITE^2: B33 < they still kinda f33l like the "main" ones ya know?

JASPROSESPRITE^2: Yes, exactly.

JASPROSESPRITE^2: The Rose I was prior to this had just lost everything before she was killed.

JASPROSESPRITE^2: Her friends and also her matesprit.

JASPROSESPRITE^2: When I came back as a sprite, not as Jasprose yet mind you, I was relieved to see everybody again...

JASPROSESPRITE^2: But it was also a melancholy return.

JASPROSESPRITE^2: I knew that she couldn't be with me anymore, because I was no longer Real Rose.

JASPROSESPRITE^2: But when I became Jasprose, everything changed again.

JASPROSESPRITE^2: I was a whole new being!

JASPROSESPRITE^2: Before me stretched a horizon full of small distant and slightly jostling curiosities to investigate, because you never know when something like that might turn out to be a mouse.

JASPROSESPRITE^2: There were so many, many new pawsibilkitties.

DAVEPETASPRITE^2: B33 < dude i must say i am so stoked for the cat things youre sayin!

JASPROSESPRITE^2: Shoosh, Dave. And yes I concur about the cat things.

JASPROSESPRITE^2: Anyway, one of the new things that opened up to me was...

JASPROSESPRITE^2: The idea that I didn't have to be alone anymore.

JASPROSESPRITE^2: That I was reborn, more thrilled to be alive than I can ever remember being in any incarnation.

JASPROSESPRITE^2: And that there was someone perfect waiting for me to bring her back.

JASPROSESPRITE^2: Another estranged soul like me.

JASPROSESPRITE^2: And now...

JASPROSESPRITE^2: I guess it's all ruined.

DAVEPETASPRITE^2: B33 < whats ruined

JASPROSESPRITE^2: Never mind, Dave.

DAVEPETASPRITE^2: B33 < come on tell me!

JASPROSESPRITE^2: Forget it.

DAVEPETASPRITE^2: B33 < rose...

DAVEPETASPRITE^2: B33 < jasprose!!

DAVEPETASPRITE^2: B33 < dammit

DAVEPETASPRITE^2: B33 < you cant possibly just leave the story there

DAVEPETASPRITE^2: B33 < pawsibly

DAVEPETASPRITE^2: B33 < fuck

DAVEPETASPRITE^2: B33 < still gettin the hang of mastering my cute as hell urge to do cat puns litterally whenever it could conceivably occur to me

DAVEPETASPRITE^2: B33 < litterally lmao thats a good one

DAVEPETASPRITE^2: B33 < jasprose

DAVEPETASPRITE^2: B33 < jasprose

DAVEPETASPRITE^2: B33 < jasp  
DAVEPETASPRITE^2: B33 < jaspycat  
DAVEPETASPRITE^2: B33 < shit thats a bad nickname sorry  
DAVEPETASPRITE^2: B33 < jasprose  
DAVEPETASPRITE^2: B33 < JASPROSESPRITE SQUARED!  
DAVEPETASPRITE^2: B33 < you were talkin about nepeta werent you  
DAVEPETASPRITE^2: B33 < i mean me  
DAVEPETASPRITE^2: B33 < or part of me B33  
DAVEPETASPRITE^2: B33 < tell me!  
DAVEPETASPRITE^2: B33 < tell me tell me tell me tell me tell me tell me...

DAVEPETASPRITE^2: B33 < er

DAVEPETASPRITE^2: B33 < um

DAVEPETASPRITE^2: B33 < well first of all

DAVEPETASPRITE^2: B33 < maybe you should stop calling me dave?

DAVEPETASPRITE^2: B33 < my name is davepeta now

JASPROSESPRITE^2: Oh...

JASPROSESPRITE^2: Yes you're right. I'm sorry Davepeta.

JASPROSESPRITE^2: No offense, but the Dave part of you is sort of the fly in the ointment here, so when I look at you, that tends to be who I see.

DAVEPETASPRITE^2: B33 < yeah thats cool

DAVEPETASPRITE^2: B33 < since he became a bird that part of me got pretty used to being a most unwelcome dave in practically all situations let alone when he rudely crashes a tea date through accidental bodysharing shenanigans

DAVEPETASPRITE^2: B33 < but now im like this whole new neat kind of sprite with legs again and claws and shit and id prefer that my new identity be respected please!

JASPROSESPRITE^2: Yeah. I am very sorry.

DAVEPETASPRITE^2: B33 < awww

DAVEPETASPRITE^2: B33 < i love that theres this whole side of me that is all freshly tickled by even the most basic applickations of irony

DAVEPETASPRITE^2: B33 < for instance that was some weaksauce milk but here i am lapping it up B33

JASPROSESPRITE^2: It pleases me to hear you have rediscovered the joys of entry-level irony, Davepeta.

DAVEPETASPRITE^2: B33 < but yeah sorry for blowing our date  
DAVEPETASPRITE^2: B33 < even if i... she... wasnt sure what to make of the date?  
DAVEPETASPRITE^2: B33 < she was really flattered that you liked her tho

JASPROSESPRITE^2: I don't think so. I had it all figured out.  
JASPROSESPRITE^2: She never got a chance to see any of my moves though, so I guess we'll never know.  
DAVEPETASPRITE^2: B33 < i dunno... gettin married isnt even a thing for trolls!  
JASPROSESPRITE^2: It was just a figure of speech. It isn't a thing for cats either, remember?  
DAVEPETASPRITE^2: B33 < ok but even so i still dont think you can force something like that  
DAVEPETASPRITE^2: B33 < we would have n33ded to spend more time together and stuff to find out!  
JASPROSESPRITE^2: Yes we would have spent that time together, and it would have turned out to be magical. Trust me.  
DAVEPETASPRITE^2: B33 < god DAMN rose gettin some kitty cat mixed up in ya made you so much HELLA SMUGGER than usual  
DAVEPETASPRITE^2: B33 < i kinda dig it???

DAVEPETASPRITE^2: B33 < i mean you were always full of yourself but now youre owning it so completely  
DAVEPETASPRITE^2: B33 < f33ls a lot more honest tbh  
JASPROSESPRITE^2: That is,  
JASPROSESPRITE^2: Wow.  
JASPROSESPRITE^2: Actually such a nice compliment? Thank you, Davepeta.

JASPROSESPRITE^2: Hmmmm.

JASPROSESPRITE^2: Maybe.

DAVEPETASPRITE^2: B33 < you know...

DAVEPETASPRITE^2: B33 < a gotta say

DAVEPETASPRITE^2: B33 < the nepeta part of me is like

DAVEPETASPRITE^2: B33 < genuinely mystified about what the issue even is?

JASPROSESPRITE^2: What issue?

DAVEPETASPRITE^2: B33 < us dating

DAVEPETASPRITE^2: B33 < like as in a normal romantic tea drinking date

DAVEPETASPRITE^2: B33 < after a while they dont s33 brother and sister kitties they just uh

DAVEPETASPRITE^2: B33 < s33 more kitties who are just like all the other kitties

JASPROSESPRITE^2: Erg.

JASPROSESPRITE^2: There is such a potent force within me that squirms at every word of this train of thought Davepeta!

JASPROSESPRITE^2: Good grief Rose was such a stuffy girl, wasn't she.

DAVEPETASPRITE^2: B33 < yup

JASPROSESPRITE^2: But yes, you are basically correct.

JASPROSESPRITE^2: Asking the Jaspers half about this issue would be like showing him two slightly different gray swatches, and asking his opinion on which color to paint the observatory.

JASPROSESPRITE^2: So to answer your question, I...

JASPROSESPRITE^2: I don't know.

JASPROSESPRITE^2: I really don't know, about any of this.

JASPROSESPRITE^2: My dreams of having a beautiful troll girl for a wife were dashed moments ago, so I have been speaking from a despondent state of mind since you came into existence.

JASPROSESPRITE^2: But maybe what you're saying makes sense.

JASPROSESPRITE^2: I will need some time to meowll it over.

DAVEPETASPRITE^2: B33 < hahaha meowll

DAVEPETASPRITE^2: B33 < so good

DAVEPETASPRITE^2: B33 < (that was supposed to mean mull right?)

JASPROSESPRITE^2: Yes Davepeta that meant mull.

DAVEPETASPRITE^2: B33 < but yes i agr33!

DAVEPETASPRITE^2: B33 < theres so much to figure out now

DAVEPETASPRITE^2: B33 < shit be poppin in my jumbled sprite brain suddenly

DAVEPETASPRITE^2: B33 < popping like a bunch of silly gophers out their fuckin surprise holes

DAVEPETASPRITE^2: B33 < wanna murder them gophers

DAVEPETASPRITE^2: B33 < because INSTINCTS!!!! BDD

DAVEPETASPRITE^2: B33 < but mainly that is just a metaphor for understanding the gophers

DAVEPETASPRITE^2: B33 < wanna like

DAVEPETASPRITE^2: B33 < GET myself

DAVEPETASPRITE^2: B33 < how about we help each other GET ourselves

DAVEPETASPRITE^2: B33 < but whoooooa nonsuggestively NONSUGGESTIVELY!

JASPROSESPRITE^2: I knew you weren't being suggestive! Chill out.

**[A6A6I5] =====>**

**20/07/15**

dialoglogJASPROSESPRITE^2: So how would you like me to help you "get yourself"?

DAVEPETASPRITE^2: B33 < i dont know!

DAVEPETASPRITE^2: B33 < when we were on our date and you were talkin to me about stuff and i was acting all embarrassed...

DAVEPETASPRITE^2: B33 < that was pretty cool or at least nepeta thought so

JASPROSESPRITE^2: You mean about her liking Karkat, and such?

DAVEPETASPRITE^2: B33 < yeah!

DAVEPETASPRITE^2: B33 < you know whats crazy is

DAVEPETASPRITE^2: B33 < even in my new form i...

DAVEPETASPRITE^2: B33 < dont even f33l conflicted about that???

DAVEPETASPRITE^2: B33 < it sorta f33ls right still

DAVEPETASPRITE^2: B33 < i would have thought id be a mess of contradictions about that but hmmm nope

DAVEPETASPRITE^2: B33 < weird right?!

JASPROSESPRITE^2: If you say so.

DAVEPETASPRITE^2: B33 < not that im sayin i should act on that or anything

DAVEPETASPRITE^2: B33 < its like you were saying

DAVEPETASPRITE^2: B33 < about being the odd rose out

DAVEPETASPRITE^2: B33 < and when you got jaspersed everything changed

DAVEPETASPRITE^2: B33 < these are brand new lives for us so it f33ls like i should try to leave the old stuff behind

DAVEPETASPRITE^2: B33 < but that means  
DAVEPETASPRITE^2: B33 < i also gotta figure out what to do with my life now!  
DAVEPETASPRITE^2: B33 < or my pseudo life, whatever the hell it is you have when youre a  
sprite^2  
JASPROSESPRITE^2: Then what do you want to do with your pseudo-life?  
DAVEPETASPRITE^2: B33 < hmmmmmm  
DAVEPETASPRITE^2: B33 < aw man youre gonna think im crazy for even saying this...  
JASPROSESPRITE^2: I already think we're both crazy.  
DAVEPETASPRITE^2: B33 < i have this weird urge.....  
DAVEPETASPRITE^2: B33 < to go fight lord english  
JASPROSESPRITE^2: What the fuck?  
DAVEPETASPRITE^2: B33 < I KNOW RIGHT!  
DAVEPETASPRITE^2: B33 < im just strangely drawn to the idea  
DAVEPETASPRITE^2: B33 < i wasnt at all before as a really depressed bird version of dave  
DAVEPETASPRITE^2: B33 < and nepeta didnt even know who he WAS until recently  
DAVEPETASPRITE^2: B33 < but now it sounds cool suddenly  
DAVEPETASPRITE^2: B33 < i f33l like...  
DAVEPETASPRITE^2: B33 < the exact blend of people i am  
DAVEPETASPRITE^2: B33 < is a being that he should in some way be vulnerable to  
DAVEPETASPRITE^2: B33 < i cant even explain why i f33l that way  
JASPROSESPRITE^2: Well, you have to follow your heart, I suppose.  
DAVEPETASPRITE^2: B33 < B33  
DAVEPETASPRITE^2: B33 < \*davepeta stealthily stalks their heart as it minds its own business  
beating at the bank of a nearby stream\*  
DAVEPETASPRITE^2: B33 < \*they crouch into one of those quintessential cat poses with like  
their butt in the air... davepeta starts wiggling their ass furiously\*  
DAVEPETASPRITE^2: B33 < \*gets mildly distracted by wiggling of own ass... becomes more  
intrigued by movement of ass than beating of heart\*  
JASPROSESPRITE^2: Is this what we're doing now?  
DAVEPETASPRITE^2: B33 < nah im just messin  
JASPROSESPRITE^2: Ok.  
JASPROSESPRITE^2: I think if we are going to make a habit of roleplaying, I would like to script  
out some scenarios in advance.  
JASPROSESPRITE^2: I'm concerned that too much improvisation could end up muddying the  
narrative.  
DAVEPETASPRITE^2: B33 < lmao!!!!!!  
DAVEPETASPRITE^2: B33 < okay you go right ahead and do that

**[A6A6I5] =====>**

**20/07/15**

dialoglogJASPROSESPRITE^2: So what do you want to do now?

JASPROSESPRITE^2: You're not going off to fight English right away, are you?

DAVEPETASPRITE^2: B33 < hmmm

DAVEPETASPRITE^2: B33 < no i dont think so

DAVEPETASPRITE^2: B33 < theres no hurry

DAVEPETASPRITE^2: B33 < the dudes whole shtick is being basically eternal and always being

"already here" or whatever

DAVEPETASPRITE^2: B33 < wherever here is

DAVEPETASPRITE^2: B33 < in this case i guess it just means out there somewhere

DAVEPETASPRITE^2: B33 < i think there are a fmew things i want to take care of here before i sink my claws into that grade A slab of b33fprey

JASPROSESPRITE^2: Like what?

dialoglogDAVE: damn

DAVE: and i thought our houses were pointlessly tall before

DAVE: it just doesnt stop from keep constantly getting more and more vertically enormous

DIRK: Shit is downright precipitous at this point.

DIRK: Like, upwards.

DAVE: haha yeah

DAVE: we made sure as fuck not to come right out and literally describe that building as tall

DIRK: Hell yes.

DIRK: Who needs small and serviceable adjectives when the most ass-backwards way of saying a thing is right there, tantalizingly hidden within the vast ocean of language.

DIRK: Like a treasure in a huge shitty clam.

DAVE: we are way on the same page philosophically here

DIRK: Who is surprised by this?

DIRK: Zero people, is who.

DAVE: sounds like a club for losers to me

DAVE: theyre lucky they dont have any members, otherwise theyd all be lame as hell

DIRK: Yeah.

DAVE: so uh

DAVE: why do the houses need to be so tall again

DAVE: i never actually understood that

DAVE: except to reach the gates but once we all figured out how to fly and shit that became so pointless

DIRK: Yeah. After a while in the game, building kind of stopped mattering.

DIRK: Except near the end. Getting them to the top is just a point of completion.

DIRK: Then you dump the grist rig on top of it, apparently.

DIRK: That lets the thing spray out all the grist from the hoard in the planet's core, kind of like a huge oil derrick I guess.

DAVE: oh

DAVE: how do you know this

DAVE: do you guys have like a manual or

DIRK: I'm in communication with Arquiusprite.

DIRK: He's working on it now.

DAVE: so youre in communication with him like...

DAVE: RIGHT now?

DIRK: Yes.

DIRK: Via my shades.

DIRK: Which he incidentally used to be.

DIRK: Like, as a computer, which he lived inside as my Auto-Responder.

DAVE: right

DAVE: and

DAVE: uh

DAVE: why... did you make that thing again

DAVE: not that you ever told me before

DAVE: 'again' is just like a stammering tack-on to that sentence so as to try and not sound too fucking rude

DIRK: I don't think it's a rude question. It's perfectly fair to wonder what was going through my head when I made him.

DIRK: I've spent a lot of time wondering about that myself.

DAVE: so you just

DAVE: straight up programmed a copy of your brain

DIRK: There was some programming involved, but also a bit of cheating, through the mapping of a captchalogued ghost-imprint of my brain.

DIRK: I guess part of it was just about trying to understand myself.

DIRK: But I don't think I would have put it that way at the time. For a while I insisted he was meant to be a "debate partner" or some horseshit.

DIRK: I was pretty young, and had some stupid ideas.

DIRK: About irony in particular. But also a lot of mostly faux-intellectual thoughts on a wide variety of topics.

DIRK: Like philosophy, consciousness, programming, identity, history, ancient pop-culture... really it ran the full gamut of pretension.

DIRK: Not that I don't still find that stuff interesting. I'd just like to think I'm somewhat less full of shit about it all now.

DAVE: yeah me too

DAVE: i mean, about my interests and stuff

DIRK: Creating him was an interesting exercise I guess, but over the years I came to see his development as one of my biggest mistakes.

DIRK: He sort of turned into a monster. But I could never bring myself to get rid of him, or even really blame him for being an asshole, because he wasn't actually that different from me.

DIRK: Like, by definition.

DIRK: He seems alright as Arquius though. At least it keeps him busy, obsessing over his muscles, asking for milk and shit like that.

DAVE: hmm

DAVE: i guess i started some projects i regretted

DAVE: but nothin like making a milk weirdo eventually exist

DAVE: it sounds fucked up but is also kind of an awesome story in its own way

DIRK: I guess so.

DAVE: maybe im lucky i was never that good with computers

DAVE: now computer ART thats a different story

DAVE: ok it actually isnt i fuckin suck at that too

DAVE: but dammit i try my best and make some magic happen at least in my own mind so maybe thats good enough

DIRK: It certainly worked out for you in my universe.

DAVE: yeah

DAVE: i mean

DAVE: i DID captchalogue my own ghost brain once but i didnt know what to make of that and thought it was kinda weird so that never really went anywhere

DAVE: probably for the best

DIRK: It definitely is.

DIRK: Tinkering with your own mind, or identity or whatever... it's a dark road to go down.

DIRK: There are enough splinters of everyone running around out there as it is, just as a natural byproduct of our reality. For me in particular. Probably for you too, as a time player.

DIRK: That process doesn't need to be encouraged or fucked with.

DAVE: for real

DAVE: my bro did cool things with computers too

DAVE: i mean nothin like making a clone of his brain or anything thank god

DAVE: just some absurd bullshit with web bots and stuff mostly to help prop up his various "enterprises"

DIRK: You mean the porn stuff?

DAVE: yeah

DAVE: but with puppets of course

DAVE: it was always about the puppets

DIRK: Naturally.

DAVE: he made all these porn bots that would just talk to each other in a chatroom endlessly

DAVE: all like gettin each other riled up about squishy bottoms and whatnot

DAVE: actually it was pretty entertaining to watch them go at it for hours

DAVE: i think they may have been teetering on the threshold of SOMETHING resembling self awareness?

DAVE: except they only seemed to apply that faculty to reach even more heightened states of sexual excitement for a bunch of nude soft puppets

DIRK: That sounds...

DIRK: Oddly rewarding.

DIRK: I mean, not to say he wasn't still a douche.

DIRK: But as a pastime, cultivating a group of earnest, erotic puppet-loving chatbots sounds so much more relaxing than painstakingly constructing a version of your own brain, and then arguing with it for years thereafter.

DIRK: Almost like tending to a little flock of pigeons.

DAVE: yeah you know he did some cool things

DAVE: it wasnt necessarily all inherently terrible

DAVE: things i would really appreciate under better circumstances

DAVE: he definitely had a lot of drive and also some uh "ideas" that warranted a certain amount of respect i guess

DAVE: he just

DAVE: maybe should not have been allowed near a child?

DAVE: sall im sayin

**[A6A6I5] =====>**

**22/07/15**

dialoglogDIRK: Sounds about right.

DIRK: We really don't have to talk about him anymore though, if it is going to stir up more bad shit for you.

DAVE: nah im alright

DAVE: i think that is all mostly out of my system

DAVE: i mean not forever because i dont think thats how things work

DAVE: i just mean my venting fit is over and im probably good for another 16 years or so and i can return to being mostly deadpan and rad

DIRK: Ok.

DIRK: Well, in sixteen years, if you need someone to vent to again, let me know.

DAVE: sure

DAVE: assuming we havent been killed by like 10 jacks before that i will

DAVE: you certainly seem to be the right guy for that

DIRK: For what?

DAVE: i mean like the most suitable recipient of my hysterical fits on that particular subject

DAVE: there is no way i would ever tell karkat all that

DAVE: i mean maybe some stuff but not ALL the stuff its just too heavy

DAVE: i certainly wasnt gonna mention the stuff to rose or john or jade or whoever else

DAVE: if i was ever gonna do one of my patented acrobatic pirouettes off that particular handle to anyone it really only could have been at him

DAVE: except he was dead

DAVE: and even if he wasnt and i did say all that shit

DAVE: theres no way it would have resulted in anything resembling reconciliation

DAVE: which i think

DAVE: was something i kinda needed

DAVE: but didnt realize it

DAVE: so....

DAVE: thank you for being a really plausible stand in for him who i could rip to shreds??

DAVE: while still being basically innocent of all that terrible garbage

DAVE: so you end up sorta being like an avatar for him that is much easier to forgive

DAVE: i mean

DAVE: maybe FORGIVE isnt the right word because im not sure he deserves that and anyway it doesnt matter because hes been dead for years and at this point is just an irrelevant deceased weirdo who doesnt matter anymore

DAVE: i guess i mean coming around to a place where i dont have to feel rotten all the time anymore

DAVE: and i guess im lucky i got to blunder into a reality that just happened to have the exact right version of a dude which made that possible for me

DAVE: sorry this fuckin ramble is really getting away from me

DAVE: i have no idea if im making sense anymore

DIRK: I think I get it.

DIRK: And sure.

DIRK: You're welcome for me existing.

DAVE: hey can that be like

DAVE: the motto on our family crest

DIRK: I think it already is.

**[A6A6I5] =====>**

**22/07/15**

dialoglogDAVE: all that melodramatic sadbabble aside

DAVE: i think its perfectly cool if youre still curious about your adult self

DAVE: and i dont mind tellin you more stuff about him if you want

DAVE: i know im still wondering about what my adult self got up to

DIRK: Yeah.

DIRK: Well like I said, any time you want to know more, feel free to ask.

DAVE: kay how about

DAVE: we do this thing

DAVE: when i met roxy we did a thing

DIRK: A thing?

DAVE: yeah

DAVE: its called the lightning round

DIRK: That does sound like a Roxy thing.

DIRK: Does it by any chance involve asking a rapid-fire series of questions, some of which end up being a bit too personal or invasive?

DAVE: well yeah when she does it

DAVE: we could be chill though

DAVE: when it comes to asking about each others secret crushes and shit

DIRK: Then I guess I will disclaim in advance that I don't have any, and I don't care about yours even if you do.

DAVE: it is settled then on the fact that we are a couple of cool dudes who know where to draw the line on certain topics

DIRK: Cool.

DIRK: So how do we start.

DIRK: Whose lightning round is this, mine or yours?

DAVE: it can be yours go ahead shoot

DIRK: Ok.

DIRK: How...

DIRK: Did...

DIRK: He, um,

DIRK: Come to "adopt" you?

DAVE: i was a baby and i came down to earth on a meteor while riding a pony with a pink heart on its ass

DAVE: he found me in a crater on top of a dead pony and gave me a lil baby pair of shades that look exactly like the ones youre wearin now

DIRK: I see.

DIRK: So you decided to ditch those shades for the aviator glasses?

DAVE: yeah

DAVE: years ago john got me these for my bday

DAVE: it might have been like an "ironic dare" to wear them i dont remember

DAVE: but when i got em i was like hell yeah im wearing these

DAVE: gonna rock these fuckers til the end of time

DAVE: they were ben stillers

DAVE: like literally

DAVE: they actually touched his weird sort of gaunt face in one of his films

DIRK: Wait...

DIRK: THE Stiller?

DAVE: yeah

DIRK: Incredible.

DIRK: Also, such a shame what happened to that poor man.

DAVE: wait what happened to him

DIRK: I can tell you when it's your lightning round.

DIRK: Or mine. Whatever. I'm still not sure whose lightning round it is when you're the one asking questions.

DAVE: dunno ask roxy

DIRK: Ok. Anyway, didn't mean to interrupt.

DAVE: but yeah we would send each other stuff sometimes

DAVE: me and john

DAVE: well we all would

DAVE: usually absurd birthday packages and such

DIRK: We did that too.

DIRK: Except I had to send things through time.

DIRK: Always had to figure out stuff small enough to send through the sendicator, even if it was piece by piece.

DAVE: nice

DAVE: one time it turned out we ACCIDENTALLY sent presents through time

DAVE: i mean not literally, more in a roundabout way

DAVE: we all sent john a rabbit

DAVE: but all three rabbits just turned out to be the same damn rabbit

DAVE: because of stupid time shit

DIRK: Once I deliberately and quite literally sent a rabbit through time.

DIRK: It was a robot.

DAVE: wow

DIRK: He was a loyal friend to Jane. I don't know what happened to him though.

DAVE: yeah i dunno what happened to johns rabbits either

DAVE: rabbits am i right

DIRK: I hear you, man.

DAVE: what next

DIRK: Hm.

DIRK: You say he owned Cal as well?

DAVE: yep

DIRK: Did he come down to Earth on a meteor with Cal too?

DAVE: i think so

DAVE: that was a long time ago

DAVE: kinda weird to imagine him strutting around with that puppet as a kid in the 80s

DAVE: or maybe just kinda funny actually

DAVE: he sure held on to it a long time

DAVE: must have gotten attached at a really early age and just never let go

DAVE: i guess you fell to earth with one of those things too?

DIRK: Yeah.

DIRK: But if I came to Earth on a meteor the same way you all did, then I guess I just got dunked right in the fucking ocean.

DIRK: Which makes sense. One of my earliest memories is of using Cal as a flotation device.

DIRK: So he sorta saved my life in a way. I guess I bonded with him too, the way your bro did, even if that sounds a bit stupid.

DIRK: Then again, it didn't help matters much that I lived alone in the middle of the ocean. He was my only real life friend. I mean, until I built some new ones.

DAVE: hmm wait we fucked up

DAVE: i asked you a question its not my turn

DAVE: keep firing

DIRK: Ok.

DIRK: How did your bro die?

DAVE: he died fighting one of these jacks

DAVE: at this point i almost forget which one

DAVE: no wait

DAVE: ok yeah it was the omnipotent dog one

DAVE: the jack from our session

DAVE: he was fighting like a lesser form of him and then jack got extra prototyped by dog powers and then got outmatched and stabbed with his own sword

DAVE: pretty sure davesprite was fighting with him and almost died too but then it turned out he didnt

DAVE: but now im at least 99% sure that davesprite is DEFINITELY dead and wont suddenly reappear as a stupid surprise or anything

DIRK: I hate stupid surprises.

DAVE: word

DIRK: So, you said he "trained" you.

DIRK: I'm guessing that means he knew what was coming?

DIRK: Or, some things about your future, at least?

DAVE: seems that way

DAVE: not sure what he knew or how he knew it

DAVE: all our guardians seemed to know bits and pieces of stuff and did vague mysterious things to prepare

DAVE: to this day i have no idea if he was training me to fight lord english or if he even knew who that guy was on any conscious level

DAVE: or it was more like general purpose training to be able to survive some hard shit after the

end of the world happened

DAVE: youd have to ask him but thats impossible

DAVE: i do know he managed to get the drop on a meteor before i entered the game

DIRK: What?

DAVE: as far as i can tell he stood on top of it and split it in half with his sword

DIRK: Um,

DIRK: Not to be too much of a wet blanket on that rad as fuck anecdote, but that sounds kind of far fetched.

DAVE: yeah it does doesnt it

DAVE: but then again so does a baby getting dunked from space in the ocean then floating on a weird doll and then growin up by himself with no adults around

DIRK: That's not far fetched. It was pretty straightforward.

DIRK: I think I just found a building poking out of the water, climbed up, then I just started foraging for food in there like a feral infant.

DIRK: Supplies which I'm sure your adult self must have left behind for me, seeing as he clearly must have known some things about the future too.

DIRK: Speaking of which, maybe it's your turn now?

**[A6A6I5] =====>**

**22/07/15**

dialoglogDAVE: yeah ok

DAVE: questions about me hmm lets see

DAVE: ok FIRST the fuck of all

DAVE: what happened to ben stiller

DIRK: He was deemed a heretic, and was crucified on the Washington Monument by some clowns.

DAVE: wow

DIRK: Due to his dedication to freedom and peace, he came to be seen as a martyr, and then a holy figure.

DIRK: He was left on the monument as an example to all, but thousands of faithful gathered below to gaze up at his pious, sort of gaunt face.

DIRK: For years thereafter, his followers would carve stone busts of him in his memory, capturing the piercing glare of his final expression.

DIRK: But they were all smashed to pieces by the presidential church.

DIRK: That religious movement didn't last very long.

DIRK: Rumor has it the batterwitch had a lot of experience crushing righteous insurrections.

DAVE: did my adult self get pissed about stiller

DAVE: i bet he got pissed

DIRK: Yeah. There was a whole series of final insults that led to his active rebellion, instead of just producing subversive media.

DIRK: At one point, the witch "remastered" all of his films to clean up all the shitty artifacts, and released them in stunning high-def quality all over the world, using a rational business model and everything.

DIRK: That REALLY set him off.

DAVE: what the fuck

DAVE: how fucking dare that woman

DAVE: so then he tried to kill the batterwitch right

DAVE: who is the same exact alien as the condesce in this session??

DIRK: Yes. Same one.

DIRK: And yeah, he teamed up with Rose from the same era.

DIRK: They supposedly put up a good fight, but both died.

DAVE: so...

DAVE: does john know that he is literally about to go fight betty crocker yet or what

DIRK: I have no idea.

DIRK: I really don't know John at all, or any of your friends.

DIRK: I know Jane was the heiress to the Crocker brand. Uh, obviously? It is her name after all.

DIRK: Was John the heir to that empire in his universe?

DAVE: nah

DAVE: i mean not to my or his knowledge

DAVE: he just fuckin hated that company for some reason

DAVE: i think his reason was literally as mundane as just being slightly overexposed to cake

DAVE: thats classic john though he doesnt get pissed about anything except for the absolute dumbest shit

DAVE: but i guess his instincts were right in this case

DAVE: maybe we should just

DAVE: not tell him

DAVE: that hes fightin crocker i think the poor dude has probably had enough mental breakdowns for one adventure

DAVE: we all have

DIRK: I'd like to get to know him.

DIRK: Not to mention Rose and Jade. Would have been nice to hang out and chat, in a circumstance where we weren't supposed to prepare for an imminent deadly struggle.

DAVE: yeah

DAVE: well i guess we could have hung out there a few minutes longer

DAVE: i mean you wouldnt have got much outta jade who is stuck in perma-nap mode

DAVE: just like old times i guess

DIRK: Huh?

DAVE: she used to sleep a lot

DIRK: Ah.

DAVE: but yeah there wasnt much time except for like a bunch of heys and oh nice to meet yous

DAVE: and also i think i would have still been a shitty train wreck socially if we all just hunkered down right then and there for another extensive round of freestyle paltalk

DIRK: Right, I was kind of nervous about lingering there for more than a minute too.

DIRK: Mainly because of Jake.

DIRK: I didn't want to make him uncomfortable.

DIRK: I think I have done enough of that.

DAVE: i guess jake was kinda like your john of the group huh

DAVE: wait that was a pretty dumb observation never mind

DIRK: Nah, sounds about right.

DIRK: Seems like John was your close buddy growing up, and Jake was mine.

DAVE: john and i never really had anything like a falling out

DAVE: except for not talkin to each other for a few years on account of being on a meteor and boat respectively

DAVE: but i guess you two had some buddy troubles or somethin?

DIRK: Yes. A lot of buddy troubles.

DIRK: I vaguely touched on it earlier. I was a really bad influence in his life.

DAVE: what happened

DIRK: A lot of things, that were mostly my fault.

DIRK: Basically, I think I bullied him into dating me.

DIRK: Although I had plenty of "help" from my Auto-Responder.

DIRK: There were a lot of insane plans that he hatched on my behalf.

DIRK: But in fairness, I went along with them.

DIRK: To this day, I can't really tell how much of that bullshit was his doing, and how much was mine, which I've just covered up through denial or selective memory.

DAVE: wait

DAVE: you

DAVE: you dated jake?

DIRK: Yeah.

DIRK: That didn't last long though.

DIRK: It was really lopsided and kind of forced.

DAVE: ...

DAVE: so

DAVE: you

DAVE: ...

DAVE: hmm

DIRK: What?

DAVE: nothing

DAVE: i think were breakin one of the rules here

DAVE: this tangent got too personal

DIRK: Oh yeah.

DIRK: I forgot we weren't doing that.

**[A6A6I5] ====>**

**22/07/15**

dialoglogDIRK: Anyway, carry on. You were asking about adult Dave?

DAVE: yeah

DAVE: so that covers how he died

DAVE: taking a futile stand against some unbeatable foe

DAVE: cant say im too surprised about that cause what else is even new

DAVE: what about his early life though

DAVE: guess i arrived around the same year my bro did in my universe?

DAVE: just came down on the same dead horse i rode in on

DAVE: into a world full of opportunities

DAVE: how did i get started

DIRK: His early life isn't well documented.

DIRK: There's hardly anything to read about him until he broke into show business with a few obscure projects at the turn of the century.

DIRK: It all snowballed from there.

DAVE: i guess the one thing we know for sure is i didnt find a kid in a crater and take him under

my wing

DAVE: that was probably for the best

DIRK: Heh.

DAVE: actually maybe its better that most of his story is left to my imagination

DAVE: kinda like how you said you spent a lot of time thinkin about him

DAVE: filling in the gaps of his ridiculous exploits

DIRK: Right.

DIRK: There's certainly a lot of lore to work with.

DIRK: Urban legends and stuff.

DAVE: like what

DAVE: actually wait

DAVE: dont tell me

DAVE: at least not now maybe down the road it would be cool to hear some

DAVE: i think id prefer to fill in the blanks myself for a while

DAVE: really it sounds dope as hell to imagine that sort of blank canvas life

DAVE: dropped on earth as a kid in the 70s or 80s or whatever with no bossy adult to reel me in

DAVE: and just having to figure stuff out

DAVE: especially knowing that many years later it all worked out ok

DAVE: really wonder what i did

DAVE: was i like some homeless eighties ragamuffin???

DAVE: jesus christ that sounds fairly adorable if so

DAVE: maybe i slept in an alley on a bed of rubix cubes and alf merchandise

DAVE: or maybe i offered my old school rap services for food

DIRK: Like, through a shitty cardboard booth?

DIRK: You know, like the one from the fuckin' Charlie Brown comics.

DIRK: "This is what the refrance," FYI.

DAVE: yes exactly

DAVE: this sounds like exactly the life for me

DAVE: what if without a penny to my name and the wind at my back i hopped a boxcar to the big apple

DAVE: because as a dumb child i naively believed thats where they made all the apple juice

DAVE: id be sorely disappointed when i got there but it wouldnt matter because id probably scrape together a living on off off off broadway like...

DAVE: making shitty cartoons

DAVE: on stage

DAVE: and saying

DAVE: you guys

DAVE: this will be SO much funnier once the internet happens TRUST ME

DAVE: then the aristocratic patrons of fine theater just shrug and dump their shillings into my orphan hat

DIRK: It sounds to me like you've been reading up on the urban legends already.

DAVE: hahaha

**[A6A6I5] ====>**

**22/07/15**

dialoglogDAVE: i wonder if he had like

DAVE: friends

DIRK: It sounds like he knew a lot of people, at least later in life.

DAVE: sure

DAVE: i mean im sure he knew rose at some point because obviously they teamed up

DAVE: but as fairly old people?

DAVE: it sounds as though they only knew each other as a result of their notability

DIRK: This seems likely.

DAVE: i mean more like the friends i grew up with

DAVE: he couldnt have grown up with john or jade as friends because they were already old by the time he got there

DAVE: this cool 80s kid fantasy was probably just a lot lonelier than ive been picturing in my sweet daydreams

DAVE: i didnt even have the MAYOR god what a nightmare now that i think about it

DAVE: i wonder if all he cared about was making ludicrous shit and fighting evil pastry moguls

DAVE: do you know if he had any other interests

DIRK: Like what?

DAVE: i dont know

DAVE: did you ever read any urban legends about.....

DAVE: paleontology

DIRK: Paleontology?

DAVE: yes the scientific study of dead shit

DIRK: Not that I recall.

DAVE: hmm

DAVE: i guess he probably didnt do anything with that

DAVE: what a shame

DAVE: maybe he never even got the idea since he had completely different experiences

DAVE: but if i were suddenly dropped back in the 20th century id probably look into it at some point

DAVE: i dunno how though

DAVE: i think it would be mainly like

DAVE: some sort of theraputic interest

DAVE: something relaxing to think about instead of a bunch of ironic and stupidly ambitious objectives

DIRK: Yeah, like the porn bots.

DAVE: yeah exactly

DIRK: Maybe some day, when we're both old men, you can live a quiet life tending to your fossils, and I will do the same with my dear collection of simple-minded chat robots fixated on puppet ass.

DAVE: sounds like the fucking life to me

DIRK: What was the lightning round question this stemmed from again?

DIRK: I forget.

DAVE: dunno

DAVE: maybe were tapering off with the lightning round stuff anyway and its just naturally deteriorating into regular dudechat

DIRK: Maybe.

DIRK: You sure you don't have anything else before we say it's officially deteriorated?

DAVE: k heres a curveball

DAVE: what the fuck are you wearing

DIRK: My prince gear.

DIRK: You know. Leggings, slippers, the poofy asshole pants, a hood with some sort of cloth tiara deal embedded in it.

DIRK: Basic stuff for princes, apparently.

DAVE: huh

DAVE: gotta say

DAVE: some of these god tier ensembles really are...

DAVE: something

DIRK: I thought I hated it at first.

DIRK: But over the couple hours I spent flying back, with time to think about all sorts of stuff...

DIRK: It kinda grew on me.

DIRK: The asshole pants are pretty damn comfortable, so I dunno if I even care how stupid they look.

DIRK: And I *\*am\** kind of an asshole, after all. So who am I to complain.

DAVE: i thought the same thing about my cape outfit at first

DAVE: felt like some bozo from the renaissance festival

DAVE: like maybe i should get on a horse and sing a shitty ballad

DAVE: but then it grew on me pretty quickly

DAVE: hardly ever took it off in three years

DAVE: youre right its comfortable and theyre fuckin magic pajamas or whatever and they start to feel like part of who you are after long enough

DAVE: i mean they are supposed to last you forever right

DAVE: kinda by definition since they come along with immortality

DAVE: maybe part of their magical nature includes this insidious quality where they grow on you

DAVE: or not i dunno maybe this is bullshit and ill just wear some normal person clothes when this is all over

DAVE: what about you are you gonna wear god duds forever

DIRK: Nah. I'm sure I'll wear regular stuff again at some point.

DIRK: If a shirt with a hat on it can be deemed regular.

DAVE: im cool with deeming it as such

DAVE: yeah maybe youre right and we should all stop dressing like tools from an infinite magic slumber party for floundering teens

DAVE: and just look like standard floundering teens

DAVE: some of the getups are pretty out there

DAVE: jakes tho...

DAVE: uh

DAVE: damn??

DIRK: I...

DIRK: Yeah.

DIRK: That page costume.

DIRK: I'd have commented on it, except that would've been casting a stone through a particularly fragile glass wardrobe.

DIRK: So... I just flew away.

DAVE: yeah there was uh

DAVE: some palpable awkwardness there

DIRK: Hm.

DAVE: sorry im still

DAVE: tryin to

DAVE: like

DAVE: wrap my head around

DAVE: ...

DIRK: What?

DAVE: uh

DAVE: dammit

DAVE: ok i guess i might have to break one of our lightning round rules

DAVE: only a little tho

DAVE: i hope

DIRK: About what?

DIRK: The personal stuff?

DAVE: yeah

DIRK: That's fine.

DAVE: ok maybe im not even asking you anything

DAVE: maybe this is just a starting point to ramble to myself

DAVE: on a certain topic

DAVE: i think...

DAVE: there is a SLIGHT chance...

DAVE: i may be the biggest idiot in the world

DIRK: ?

DAVE: when it comes to understanding some things about my bro

DAVE: some pieces i never really put together

DAVE: about him

DAVE: until maybe literally right now

DAVE: which i think makes me an objective dumbass

DIRK: What does this have to do with me and Jake?

DAVE: idk

DAVE: nothin

DAVE: maybe i dont wanna ask you anything about jake

DAVE: maybe ill just keep abiding by the code of basic dude manners on that

DAVE: if i bother skirtin the line of this rule maybe id rather ask you other stuff instead

DIRK: Like what?

DAVE: like

DAVE: um

DAVE: say one of your best friends is a knucklehead you havent seen in three years

DAVE: and unless you use ultra direct and explicit language he just wont put two and two together himself

DAVE: and also say ANOTHER best friend is a girl you feel like you had kind of a special relationship with but you ALSO hadnt seen in three years

DAVE: and shes asleep

DAVE: but at some point shell wake up and youll have to talk to her

DIRK: ...

DAVE: this is dumb im not making any sense

DAVE: lemme start over

DAVE: ok lets say

DAVE: way back whenever

DAVE: howww

DAVE: ...

DAVE: how did you tell your friends

DAVEPETASPRITE^2: B33 < how did YOU come to be???

ARQUIUSPRITE: shaDes --> I...

ARQUIUSPRITE: shaDes --> Yes, that is a fair question

ARQUIUSPRITE: shaDes --> Some b\*llshucks happened, which made little to no sense, and now here I am

ARQUIUSPRITE: shaDes --> I can only presume this was the case for you as well, given your incoherent and poorly developed anecdote

DAVEPETASPRITE^2: B33 < what ya doin there bro?

ARQUIUSPRITE: shaDes --> Huh? Oh. Nothing really

ARQUIUSPRITE: shaDes --> Doing the final work for this session. Releasing the grist hoards. Nothing that matters now...

ARQUIUSPRITE: shaDes --> Now...

ARQUIUSPRITE: shaDes --> That you're here

ARQUIUSPRITE: shaDes --> \*Sniff\*

DAVEPETASPRITE^2: B33 < yo are you crying??

DAVEPETASPRITE^2: B33 < awww

ARQUIUSPRITE: shaDes --> Davepeta, I apologize for the embarrassing secretions from this imperfect, semi-organic form

ARQUIUSPRITE: shaDes --> How ironic, that I spend virtually 100% of my time secreting liquid from virtually 100% of my body's surface area, and yet a few more drops from my eyes would cause me such shame

DAVEPETASPRITE^2: B33 < h33h33h33 youre so fuckin gross!!!!

DAVEPETASPRITE^2: B33 < i really missed you dude

ARQUIUSPRITE: shaDes --> I missed you as well, or, I would have, had I permitted myself to think about you

ARQUIUSPRITE: shaDes --> Alas, I failed to protect you from an unpleasant clown in the most disgraceful way possible, much to the shame of my dead troll half, and much to the disgust of my digital human half

ARQUIUSPRITE: shaDes --> Hence, to the Nepeta portion of you, Davepeta,

ARQUIUSPRITE: shaDes --> I am so very STRONGLY sorry

DAVEPETASPRITE^2: B33 < theres nothin to apawlogize for!

DAVEPETASPRITE^2: B33 < nepeta furgave you for that and anyways im not even her anymore

DAVEPETASPRITE^2: B33 < i guess davesprite had some old issues with his bro he never really sorted out but hey im not him either!

DAVEPETASPRITE^2: B33 < and youre not his bro or equius youre arquius who is a new and cool and beautyifful thing and anyway all those old troubles are f33ling so overwhelmed by new and different emotions and its great!

ARQUIUSPRITE: shaDes --> Yes, Davepeta, you're right

ARQUIUSPRITE: shaDes --> It is really fl\*pping great

ARQUIUSPRITE: shaDes --> \*Slight sob\*

ARQUIUSPRITE: shaDes --> What are you...

ARQUIUSPRITE: shaDes --> I mean,

ARQUIUSPRITE: shaDes --> \*Arquius submits his question to Davepeta in the form of a third person statement, thereby acknowledging once and for all that he is in no way above the childish nonsense of his former moirail\*

ARQUIUSPRITE: shaDes --> \*He in fact acknowledges by e%tension that he is not above anything or anyone, and never was\*

DAVEPETASPRITE^2: B33 < omg yes!!!

DAVEPETASPRITE^2: B33 < i mean that was a good start but also a little abstract man, you should try incorporating some actual behaviors and actions into your RP things to punch them up

ARQUIUSPRITE: shaDes --> Behaviors and actions?

DAVEPETASPRITE^2: B33 < yeah!

DAVEPETASPRITE^2: B33 < like think dude, how the hell is davepeta supposed to react cutely to some internal epiphany your havin? hows that shit externally TELEGRAPHED bro??

ARQUIUSPRITE: shaDes --> I see

ARQUIUSPRITE: shaDes --> \*I mean, Arquius sees\*

ARQUIUSPRITE: shaDes --> \*Arquius soon realizes he will need a truly unreasonable supply of fresh, dry towels to absorb the perspiration caused by two separate lifetimes of regrets and foolishnesses\*

ARQUIUSPRITE: shaDes --> \*He embarks on a mystical quest of the spirit, through a land of his imagination's design as a part of his personal "Alternative Universe" fiction. It is a mountainous land consisting of only fresh, perfectly folded white towels, and rivers of milk running through its valleys\*

DAVEPETASPRITE^2: B33 < yum yum!

ARQUIUSPRITE: shaDes --> \*"Yum yum" indeed, he thinks to himself with his silicon brain, e%actly one trillion times per second, for several seconds. But now is no time to sup from the streams of dairy. He gathers a heap of clean towels in his strapping arms. Yes, these guns you see here. Two astonishing sinewed meat trunks clutch the unsodden rectangles of fabric, like tremendous baguettes of rippling, twitching protein tissue.\*

DAVEPETASPRITE^2: B33 < B\\

ARQUIUSPRITE: shaDes --> \*He reflects on his pair of powerful weapons with admiration, and wonders quietly if Davepeta would like a complimentary ticket to the gun show. Including, but not limited to, thoughts of fondness for Davepeta, and some e%tremely comple% genetic algorithms comparing the merits of various redemptive gestures, and-

DAVEPETASPRITE^2: B33 < arquius youre RPing your internal thought process again

ARQUIUSPRITE: shaDes --> Oh. Sorry

DAVEPETASPRITE^2: B33 < you being willing to try is all that matters and is hella nice B33

DAVEPETASPRITE^2: B33 < \*starts to purr a sick beat!\*

ARQUIUSPRITE: shaDes --> You mean, like a rap beat?

DAVEPETASPRITE^2: B33 < um, duhhh?

ARQUIUSPRITE: shaDes --> \*Arquius wonders if the purred rap beat is strictly in the hypothetical plane of roleplay, or if it will be an audible phenomenon taking place in reality soon\*

DAVEPETASPRITE^2: B33 < \*davepeta gives a little knowing nod, as if to say, you bet your chiseled ass itll be an audible phenomenon in reality soon\*

ARQUIUSPRITE: shaDes --> \*Arquius begins fle%ing rhythmically, in time with the beat of the purred rap. This hypothetical role playing action should also be regarded as a precursor to this deed being literally e%ecuted in reality\*

DAVEPETASPRITE^2: B33 < \*davepeta starts droppin the illest purrbeat you ever heard but stops

suddenly, as they become mesmerized by the hypnotic flexing of arquiusprites humongous muscles\*

ARQUIUSPRITE: shaDes --> \*He says\*

DAVEPETASPRITE^2: B33 < i... really do

ARQUIUSPRITE: shaDes --> Would...

ARQUIUSPRITE: shaDes --> You like to touch my muscles, davepeta?

ARQUIUSPRITE: shaDes --> Then I must command you

ARQUIUSPRITE: shaDes --> Please touch my muscles

DAVEPETASPRITE^2: B33 < yes ok

ARQUIUSPRITE: shaDes --> I won't take no for an answer, Davepeta

ROCK SOLBO

WOAWW BWEE!

bweeeeeeeeeeeeeeeeeeeeeee

BWEEEEEEEEE

let's DO this thing

THIS

lets make this shit work

IS

where doing it man

WHAT

where MAKING THIS HAPEN

THE REFRANCE!

And there it is.

The greatest reunion in Homestuck history. Neigh, the greatest MOMENT. It does not get better than this. It WILL NOT get better than this. At some point, possibly during the 5th or 6th loop of the above animation which you can't seem to stop watching and listening to, a thought occurs to you. You think with a sense of relief, this is it. We made it. This one-page triumph has just retroactively vindicated the long and arduous journey behind it. After every bump in the road, every

setback, every nagging doubt about the story's direction, every FUCKING time your waifu got the shaft, all of that just got wiped away in the blink of a tearful eye by the single greatest piece of media you have ever experienced.

You can finally say with absolute conviction that it's all been worth it. It has all paid off. All roads no matter how treacherous brought you to this glory. Every obscure plot thread, every batshit twist, all that retcon stuff, the sprite squared shit, every bit of dubious narrative legerdemain, ALL of it you now realize was designed with excruciating precision to achieve this singular, magnificent result. You'd be blown away in hindsight by these shocking feats of multi-threaded plot prestidigitation if you weren't still transfixed by the looping animation. And your jaw would be hitting the floor by now if not for the leagues-deep sense of tranquility welling inside your bosom now that you know Homestuck's audacious promise has been utterly fulfilled forever.

You're now into your... what is it? 11th, maybe 12th loop of the animation? You've lost track, and it doesn't matter. What's the hurry, you wonder. What's the harm in camping on this page for a while longer. What else do you have going on? Maybe it's time we faced the facts. This is truly all you have. This is your LIFE. Without breaking eye contact with your monitor, you find yourself reaching for your smartphone. Wait, why exactly am I doing this, you wonder? Why am I going for my phone. You are going for your phone because it's time to take a fucking PICTURE, numbnuts. You decide that digital photography is the best way to make this shit last forever.

You nod and go, oh that makes sense, yeah. I'll definitely take a picture of this animation which has looped at least 20 times by now. Make sure you get yourself in the picture too, to prove you were there. You mumble, what? A selfie. Take a god damn selfie of yourself, posing next to page 9828 of MS Paint Adventures dot com. As you contort your body to pose next to your screen and flip your camera to selfie mode, I continue my unhinged diatribe to instruct all other readers to do the same. I want to see SELFIES, people. I need to see your ridiculous mugs next to these two gently bobbing freaks posted publicly on all of your social media channels by the THOUSANDS. Not just a few thousand either. Oh no. Like an old and wise meme once foretold, we're gonna need to clear nine big ones here. In fact I'm gonna need your selfies jacked up so far over 9000, scientists will have to start inventing new numbers to keep track.

Choke the internet with your selfies, or with a horse as my witness, I will delete this fucking website. If I don't see enough selfies out there, I will scrub Homestuck from the Akashic Servers and never speak its name again. I will then dedicate every shred of ingenuity, political influence and worldly resources I have to releasing darkness on this planet. So post your selfies early. Post them often. Post them to save a modern literary MASTERPIECE. Post them to save the lives of BILLIONS. But most of all, post them because you really want to, and were PROBABLY going to do it anyway even if I didn't say all this bullshit.

JOHN: wow, ok! i won't say i'm not your leader anymore, jeez.

JOHN: i think it's about time to get going!

JOHN: by my estimation, all the bad guys should be getting here any minute.

JOHN: she's supposed to be on derse, right?

ROXY: yup

JOHN: alright, then let's go.

JOHN: i think we are as ready as we are going to get.

JOHN: we all have weapons, cool powers, a plan of attack, and most importantly of all, each other.

JOHN: never forget, team work is our secret weapon here.

JOHN: probably the most powerful weapon we have!

JOHN: second ONLY, perhaps, to the power of friendship itself.

JOHN: remember that, guys.

JOHN: as long as we have team work, friendship, and cool powers on our side, we can't lose.

JOHN: you are my best friends ever... rose and roxy, and kanaya and terezi, and dave and jade and karkat, and also jane and dirk and jake, and...

ROSE: John.

JOHN: hold on, rose, i'm almost done...

JOHN: and callie, and tavros, and cat rose, and um, the sweaty guy, uh, PROBABLY not the clown in the fridge though... oh, yeah, and even probably vriska.

JOHN: huh?

JOHN: wait, did i say something dumb?

ROSE: No, it was fine.

ROSE: Roxy's right. It was very leadery. Very... "John".

ROSE: I'm just wondering now, if you're really going to embrace this business of leadership,

ROSE: Maybe you'd consider hiring a speech writer?

JOHN: a speech writer??

JOHN: i dunno, rose. i think i'd be pretty bad at memorizing speeches.

JOHN: especially ones YOU wrote. :p

Your name is SPADES SLICK. You are the leader of a notoriously stupid gang of mobsters called the **FELT**. Your previous gang known as THE MIDNIGHT CREW at some indeterminate point in the past all died off due to time shenanigans. Oh, how you loathe time shenanigans. Your long quest for revenge has finally taken you through the front door of the clock belonging to the host plush who in some gruesome manner gave birth to your gang's former boss, **LORD ENGLISH**.

[A6A6I5] =====>

28/03/16

Your former subordinates, CLUBS DEUCE, DIAMONDS DROOG, and HEARTS BOXCARS, are all dead. Your current subordinates, **ITCHY**, **DOZE**, **TRACE**, **CLOVER**, **FIN**, **DIE**, **CROWBAR**, **STITCH**, **SAWBUCK**, **MATCHSTICKS**, **EGGS**, **BISCUITS**, **QUARTERS**, **CANS**, MS. PAINT, and a CENTAUR BUTLER, are all being stored in the magic oven you are currently carrying. They are mostly a bunch of idiots, and you aren't particularly fond of them. Except that MS. PAINT dame, you suppose. She's a real looker.

You have rocketed to this session from the FURTHEST RING, using the ROCKET ASS, which you apparently have. Your objective is to locate and murder **LORD ENGLISH**, to once and for all complete your quest for revenge.

Jack. Jack what are you doing. No. You are flagrantly ignoring continuity now. I didn't give you a working cybernetic eye, stop that.

Fine, you want to pretend it's a real fucking cyber eye, go ahead. What do I even care at this point. Just make shit up to spite me. It's fine.

[A6A6I5] =====>

28/03/16

You zoom way in with your APPARENTLY REAL CYBER-EYE(???) and see it is none other than your arch nemesis, LORD ENGLISH himself. Or at least, the closest thing passing for him in this session. You will leave these knuckleheads to rumble amongst themselves. You suddenly don't care about them at all.

JOHN: ready everyone?

ROSE: I guess as ready as one can be, to initiate lethal combat with the extraterrestrial founder of a nefarious baking good syndicate.

JOHN: wait, what?

JOHN: i thought we were fighting the condesce.

ROSE: We are.

ROSE: The Condesce is Betty Crocker.

JOHN: she is??

ROSE: Yes.

ROSE: Wait. John, are you telling me you're only realizing this now?

JOHN: um...

ROSE: Unbelievable.

JOHN: hey, nobody TOLD me, ok?

ROSE: There's this thing called inference, John.

ROSE: Examining a large body of evidence, putting the pieces together, making certain logical leaps, drawing conclusions...

JOHN: sorry, i guess i was too busy saving everybody from dying horribly, to solve a very stupid mystery about a shitty cake woman. :p

ROSE: I guess so.

ROSE: So what do you have to say about that?

JOHN: about what?

ROSE: About the alias of the Condesce.

JOHN: oh.

JOHN: it's fine, i guess.

ROSE: Fine?

JOHN: yeah...

JOHN: what else am i supposed to think about it!

ROSE: I don't know.

ROSE: I guess I thought you might be floored by this stunning revelation, given your irrational hatred for that particular dessert corporation.

JOHN: eh, it's alright.

JOHN: sorta makes sense actually. what's the big deal?

ROSE: John, you're kind of letting me down here.

JOHN: sorry!!!

JOHN: i just think we have bigger fish to fry, than... heh heh, fish...

JOHN: i mean more important things to do, than get down on the floor, and have a melodramatic tantrum about a ridiculous and stupid fact that doesn't matter.

ROSE: John, stop it.

ROSE: The degree of maturity you are showing here is really bad for morale.

JOHN: oh, shush.

ROXY: so i figured i might as well go nab it again

ROXY: why let a cool sword go to waste??

ROXY: u know my boy di-stri would not approve

JOHN: that's true, i guess.

JOHN: is that why you took it out of the stone slab thingy in the first place?

ROXY: kinda

ROXY: that was different

JOHN: how?

ROXY: back when i first saw it on your blue planet

ROXY: that was when i just lost all my friends and i thought for a while they all might be gone for good

ROXY: and i saw the sword pokin out of there and it reminded me of dirk

ROXY: it reminded me of everyone we just said goodbye to

ROXY: even if that only turned out to be temporary

ROXY: i dunno what it meant to people before i came along

ROXY: but to me it was a symbol

MEENAH: we about to ride this bitch in for a landing who gives a flip where your ghost sickles come from

KARKAT: YEAH, YOU'RE RIGHT.

KARKAT: I SHOULDN'T GET HUNG UP ON PEDANTIC DETAILS, AND START THINKING ABOUT THE INSPIRATIONAL SPEECH I WAS HATCHED TO GIVE ON THIS FATEFUL DAY.

MEENAH: what the fuck

MEENAH: speech?

KARKAT: YEAH. IS THAT OK???

MEENAH: fuck no

MEENAH: i already gave one and it was dope as shell

MEENAH: i guess

KARKAT: OK, NEVER MIND THEN.

KARKAT: THE LAST THING I WANT TO DO IS START EMULATING STRIDER'S INSUFFERABLE RAMBLING SOLILOQUYS.

KARKAT: WHO DOES HE EVEN THINK HE'S TALKING TO??

KARKAT: HOW MANY TIMES HAVE PEOPLE YELLED FROM THE OTHER ROOM, "DUDE, ARE YOU TALKING TO US? WE CAN'T FUCKING HEAR YOU!"

KARKAT: OH MY GOD, I'M DOING IT NOW, AREN'T I.

KARKAT: FUCK!

KARKAT: THANK GOD HE'S NOT HERE TO HEAR ME SAY THIS. I'D NEVER HEAR THE END OF IT.

KARKAT: I WONDER HOW HE'S DOING RIGHT NOW, FIGHTING...

KARKAT: WAIT, WHO WAS HE FIGHTING?

KARKAT: ONE OF THE LIKE 50 FUCKING JACKS?

KARKAT: I FORGET ALREADY. WHEN I TRIPPED AND FULFILLED MY DESTINY AS A WARRIOR, I MUST HAVE HIT MY THINK PAN HARDER THAN I THOUGHT.

KARKAT: WOW, "FULFILLED MY DESTINY AS A WARRIOR" IS ANOTHER THING I'M GLAD DAVE DIDN'T HEAR ME SAY. JESUS CHRIST!

dialoglogCALLIOPE: we are here.

JADE: where?

CALLIOPE: our destination.

JADE: you mean

JADE: the green sun?

JADE: it feels like we have been approaching it for hours

JADE: do you mean we are finally close enough to it for...

JADE: whatever it is we have to do?

CALLIOPE: yes, we are close enough now.

CALLIOPE: but we do not have to do anything.

CALLIOPE: only i do.

JADE: oh

JADE: then... what do i have to do?

CALLIOPE: nothing.

CALLIOPE: you needed to accompany me on this journey, so that time could pass for you.

CALLIOPE: and now, that time has passed.

JADE: i... see

CALLIOPE: is there anything you would like to say, or ask, before we part ways for good?

JADE: uhhh

JADE: for good??

JADE: you mean i will never see you again after i wake up?

CALLIOPE: no one will ever see me again after you wake up.

JADE: :(

**[A6A6I5] =====>**

**30/03/16**

dialoglogJADE: then um

JADE: what am i supposed to do when i wake up?

CALLIOPE: by then, the fight should be over.

CALLIOPE: assuming your friends were successful, you must use your abilities to seed the new universe with your new home.

CALLIOPE: that is all.

JADE: thats it???

JADE: but i want to help them all with the fight!

JADE: it sounds dangerous....

JADE: and i have all these powers!

JADE: really GOOD powers

JADE: maybe even... the BEST powers?

CALLIOPE: yes, they are the best powers.

JADE: so why cant i just wake up and USE them??

CALLIOPE: powers such as yours are a great asset, but in time, become an even greater liability.

CALLIOPE: that is why you sleep.

JADE: i dont understand!

CALLIOPE: you will not be able to control them for the purpose of your mission.

CALLIOPE: you are barely in control of your most modest capabilities.

CALLIOPE: you are still quite young, and your kind is soft.

CALLIOPE: the ability to absolutely dominate is better housed in a being designed for seclusion, singularity of purpose, and remorseless resolve.

CALLIOPE: it is too much for one like you.

JADE: ...

JADE: youre probably right

JADE: actually, its

JADE: scary to think about sometimes

CALLIOPE: it won't be a problem for much longer.

JADE: huh?

CALLIOPE: it's not your concern.

CALLIOPE: until then, you may want to appreciate the final moments of intimate connection to this continuum's supreme source of power.

JADE: ... how

CALLIOPE: that's up to you.

CALLIOPE: if you must have advice, i will give you some similar to that i gave your other space-playing friend.

CALLIOPE: i told her to live, where before she had not.

CALLIOPE: so too, you are similarly imprisoned by various inertias.

CALLIOPE: these weigh on you.

CALLIOPE: you are a child, belonging to a race for which that distinction is understood to correspond with experiences of "enjoyment."

CALLIOPE: perhaps you should try to have,

CALLIOPE: "fun."

DAVEPETASPRITE^2: B33 < got this whole other person mixed up in me

DAVEPETASPRITE^2: B33 < her name was nepeta

JADE: ohh...

JADE: wow!!!

JADE: im so happy to see you, even if you have gone through some uh... pretty big changes!

DAVEPETASPRITE^2: B33 < yeah!

JADE: so what are you doing here?

JADE: are you asleep too?

DAVEPETASPRITE^2: B33 < nah im awake

DAVEPETASPRITE^2: B33 < and like "actually here" and stuff

JADE: you did?

JADE: i dont remember that

JADE: you seem to be in pretty high spirits now though :)

DAVEPETASPRITE^2: B33 < yes im doing fucking phenomeownal

DAVEPETASPRITE^2: B33 < but fur real im not actually here to visit this sun

DAVEPETASPRITE^2: B33 < im actually on my way to go fight lord english

DAVEPETASPRITE^2: B33 < have you s33n him

JADE: no

JADE: ive spent the last... however long, hiding from him actually

JADE: with calliope

DAVEPETASPRITE^2: B33 < who

JADE: shes my new friend!

JADE: one of them is presumably back with our friends now

JADE: the other just... quite literally flew away up to the sun

DAVEPETASPRITE^2: B33 < like a fucking piece of garbage???

JADE: NO :P

JADE: she is quite dignified and aloof as a matter of fact

JADE: i sincerely doubt she has ever done ANYTHING like a piece of garbage

DAVEPETASPRITE^2: B33 < ok heheheh

JADE: anyway if you want to find him

JADE: i would guess all you have to do is follow his trail of destruction

JADE: see the cracks?

DAVEPETASPRITE^2: B33 < oh yeah

DAVEPETASPRITE^2: B33 < good point

DAVEPETASPRITE^2: B33 < guess i could sniff him out

smell like

JADE: like who?

DAVEPETASPRITE^2: B33 < vwiskers, for one!

DAVEPETASPRITE^2: B33 < also supposedly a staggering dick ton of ghosts

DAVEPETASPRITE^2: B33 < ill just smell around for where the ghosts are all at

JADE: sounds like a good plan!

JADE: jeez dave i...

JADE: or davepeta rather

JADE: i missed you so much :(

DAVEPETASPRITE^2: B33 < awwwww

DAVEPETASPRITE^2: B33 < sorry harley

DAVEPETASPRITE^2: B33 < id say i missed you too but it was barely a day ago i last saw you

DAVEPETASPRITE^2: B33 < this version of me i mean

DAVEPETASPRITE^2: B33 < i made it all the way through the thr33 year voyage with you

DAVEPETASPRITE^2: B33 < guess the one who made the trip with you wasnt so lucky huh

JADE: no

JADE: he and john died not long after we departed

JADE: i was so lonely

JADE: but i dont feel too bad now that i know it all worked out, and their deaths were just part of something bigger going on

DAVEPETASPRITE^2: B33 < right johns absurd time hoppy mission

DAVEPETASPRITE^2: B33 < so fuckin glad some non dave dude could finally grab the reins on the time travel bs

DAVEPETASPRITE^2: B33 < and i guess im purrsonally so grateful to him because without his succession of handwavey dorkstunts i wouldnt have become davepeta which is literally the best thing either of us has ever b33n!

JADE: thats great!

JADE: its so nice to see youre happy now

JADE: even if technically i never got to be a part of that journey for you

DAVEPETASPRITE^2: B33 < but you did

DAVEPETASPRITE^2: B33 < ive got a lot of different dave memories in me and theyre all part of who i am now

DAVEPETASPRITE^2: B33 < including the memories you contributed to

JADE: oh...

JADE: cool!

JADE: so what were things like in the timeline youre from?

JADE: how was our trip together?

DAVEPETASPRITE^2: B33 < it was good mostly

DAVEPETASPRITE^2: B33 < kinda turbulent i guess

DAVEPETASPRITE^2: B33 < but that was mostly on account of me being a miserable bird douche

JADE: haha

DAVEPETASPRITE^2: B33 < oh also we dated for a while

JADE: WHAT? :O

JADE: omg

DAVEPETASPRITE^2: B33 < it was nice for a while but then i put a stop to that

JADE: why?

DAVEPETASPRITE^2: B33 < s33 again: bird douche

JADE: wow

JADE: i cant believe i missed this :(

JADE: even if it didnt go that well

JADE: its still something i would have gladly taken over the loneliness of that trip

JADE: i cant even say how much i thought about you both

JADE: and to hear that you and i actually...

JADE: \*sniff\*

DAVEPETASPRITE^2: B33 < B??

JADE: im sorry dave...

JADE: davepeta...

JADE: i guess calliope is right, this must be part of my path

JADE: as a space player... someone who "falls back" as she said

JADE: maybe being pushed aside by fate, and like

JADE: being deprived of important people and experiences

JADE: no matter how painful it is, or how much you feel like you need them

JADE: i guess thats just how it goes for us

JADE: i think i never appreciated how much of a burden your aspect was to you

JADE: but i think im starting to get it now

JADE: it just took a long time to figure out what mine really meant

DAVEPETASPRITE^2: B33 < so THATS what space means?

DAVEPETASPRITE^2: B33 < bein lonely??

JADE: thats a bit of an oversimplification!

JADE: but i think that can be one of the results of gaining a deeper understanding of it

JADE: or becoming connected to it more...

JADE: i dunno, this stuff is all pretty mysterious :p

JADE: i dont have it all figured out yet obviously

JADE: i just feel pretty sad that as i get closer to understanding my abilities and true nature

JADE: it apparently means being deprived of some important experiences

JADE: like i get closer to my aspect, but further away from everyone i love, and further from...

JADE: feeling like a person?

JADE: its just a really empty feeling after a while

JADE: empty like...

JADE: space i guess

JADE: heh

**[A6A6I5] =====>**

**30/03/16**

dialoglogDAVEPETASPRITE^2: B33 < but you werent actually deprived of important experiences

DAVEPETASPRITE^2: B33 < stuff like us dating and johns stupid birthday parties and playing shitty ghostbuster mmos

DAVEPETASPRITE^2: B33 < that stuff all happened to you, its just you dont have access to the memories

DAVEPETASPRITE^2: B33 < they didnt happen to shape this particular version of yourself

DAVEPETASPRITE^2: B33 < but they all played a role in helping like "greater jade" grow if that makes sense

DAVEPETASPRITE^2: B33 < everything that ever happens to every version of you is an important part of your ultimate self... like a superceding bodyless and timeless persona that crosses the

boundaries of paradox space and unlike god tiers or bubble ghosts or whatever, it really IS immortal

DAVEPETASPRITE^2: B33 < but in your physical form there are all these partitions in your mind

that prevent you from remembering any of that which makes your existence f33l totally linear

DAVEPETASPRITE^2: B33 < which is probably for the best!

DAVEPETASPRITE^2: B33 < in a regular body s33ing all that would be too overwhelming

DAVEPETASPRITE^2: B33 < in an advanced sprite form like mine tho its fine

DAVEPETASPRITE^2: B33 < i guess the same spritey magic that makes it possible to suddenly understand so much is also what makes it possible to make it bearable all at once

DAVEPETASPRITE^2: B33 < not even just bearable actually sorta liberating and cool  
DAVEPETASPRITE^2: B33 < and after it sinks in for a while you start coming to this  
understanding of a greater self  
DAVEPETASPRITE^2: B33 < maybe i "got it" quicker though because of the two people i was and  
their aspects  
DAVEPETASPRITE^2: B33 < understanding heart is all about the nuances of a distributed self  
DAVEPETASPRITE^2: B33 < nepeta never got to make much headway with her aspect but shes  
finally gettin the chance  
DAVEPETASPRITE^2: B33 < the time aspect is all about running into different versions of  
yourself so you kinda get confronted with it in a really literal way that can be disturbing  
DAVEPETASPRITE^2: B33 < obviously davesprite struggled with that too, but now its fine  
DAVEPETASPRITE^2: B33 < hes fr33 from worrying about it all and what it means for his place  
in reality  
DAVEPETASPRITE^2: B33 < because he can s33 now all his selves have relevance in painting the  
full picture of who he truly is  
DAVEPETASPRITE^2: B33 < im not COMPLETELY sure because im not like some sort of  
ASPECT MASTER but  
DAVEPETASPRITE^2: B33 < my avian slash feline intuition tells me that all roads will lead you  
here eventually  
DAVEPETASPRITE^2: B33 < gaining the d33pest possible understanding of any aspect will bring  
you to the same final conclusion about your ultimate self  
DAVEPETASPRITE^2: B33 < so maybe thats starting to happen for you too  
DAVEPETASPRITE^2: B33 < the space aspect sounds like a hard and lonely road to travel... i  
think they probably all are  
DAVEPETASPRITE^2: B33 < but youre gettin there jade  
DAVEPETASPRITE^2: B33 < you are doing great and im so proud of you!
